Commitment Partnership between Sabesp and the São Paulo Municipality sets example for Brazil

São Paulo, November 14, 2007 - Companhia de Saneamento Básico do Estado de São Paulo - SABESP (Bovespa: SBSP3; NYSE: SBS), one of the largest water and sewage service providers in the world based on the number of customers, a company affiliated to the State of São Paulo Sanitation and Energy Secretariat, and the municipality of São Paulo will sign today a partnership that, among other significant initiatives, may be considered the first step toward the preparation of the cooperation partnership and agreement for a program between the municipality of São Paulo and the company pursuant to Law 11,445/07, which regulates the concession of water and sewage services.

The agreement establishes:

- The implementation and continuation of the water and sewage services and environmental programs in several areas of the city such as *Programa Córrego Limpo* (Clean Creek Program), *Programa Mananciais* (Water spring Program), the construction of the *Parque da Integração* (Integration Park) and several environmental education initiatives;
- The adoption of the *Programa de Uso Racional da Água Pura* (Rational Water Use Program - Pure) by municipality buildings, enabling their insertion into the public tariff category regulated by contract;
- That public and mixed-economy companies may participate in Sabesp's Program for Pre-Defined Demand Agreement;
- The definition of agreements to settle financial liabilities between the municipality of São Paulo and Sabesp;
- A work schedule for the preparation of the Cooperation Partnership and the Program Agreement between the municipality of São Paulo and Sabesp.

By means of the partnership and joint work, the execution of this partnership aims to offer a solution for the issue of ownership of water and sewage services in metropolitan regions. The partnership may also set the example for similar resolutions, both in São Paulo and throughout Brazil.
