MATERIAL FACT

Companhia de Saneamento Básico do Estado de São Paulo – Sabesp, pursuant to CVM Instruction 358 of January 3rd, 2002 and amendments thereto, hereby informs its shareholders and the market in general that, on March 18, 2015 the Company, the State of São Paulo and the Department of Water and Electricity - DAEE, with the intervention of the Department of Sanitation and Water Resources, executed a Term of Agreement, whose provisions are summarized below.

On November 17, 2008, the State of São Paulo and the Department of Water and Electricity, with the intervention of the Sanitation and Energy Secretariat, executed the **Third Amendment of the Term of Recognition and Consolidation of Obligations, Payment Commitment and Other Covenants** in order to settle the undisputed amount of the debts related to the retirement and pension supplementary benefits covered by São Paulo State Law N° 4,819 of August 26, 1958, paid by the Company and not reimbursed by the State.

In this document, the Taiapuêba, Jundiá, Biritiba, Paraitinga and Ponte Nova reservoirs were given in provisional payment as part of the total undisputed amount. However, until the present date, it has not been possible to transfer the reservoirs due to a not yet final and unappealable lawsuit. Therefore, the State, Sabesp and DAEE, through the Term of Agreement executed on March 18, 2015, agreed on the replacement of reservoirs for debt payment in installments.

The amount of the current agreement is R\$1,012,310,095.16, of which R\$696,283,465.49 refers to the principal ("Principal Amount") and R\$316,026,629.67 refers to the monetary adjustment of the principal until February 2015.

The Principal Amount will be paid in 180 installments, as follows:

- a) The 24 installments will be settled through the immediate transfer of 2,221,000 TRPL4 shares issued by Companhia de Transmissão de Energia Elétrica Paulista – CTEEP, in the total amount of R\$87,174,250.00 based on the share closing price in March 17, 2015.
- b) The balance of R\$609,109,215.49 will be adjusted by the IPCA consumer price index until the beginning of payments and will be paid in cash in 156 remaining monthly installments, beginning on April 5, 2017. As of the beginning of the payment period, the installments will be adjusted by the IPCA plus simple interest of 0.5% per month.

Considering that the lawsuit challenging the possibility of transfer of the reservoirs is not final and unappealable, the agreement also provides for the following situations:

- 1) If there is a possibility of transfer and the reservoirs are effectively transferred to Sabesp and duly notarized, Sabesp shall reimburse the State for the amounts already paid in replacement of the reservoirs (Principal Amount) through 60 monthly installments adjusted by the IPCA until the payment date of each installment; and
- 2) If the reservoirs are not transferred, the State will pay Sabesp, in addition to the Principal Amount, the monetary adjusted credit in 60 installments, with payment beginning as of the last installment of the Principal Amount. The value will be adjusted by the IPCA to the payment start date and, from that date, will be adjusted by the IPCA plus 0.5% simple interest per month, applicable to the value amount of each installment.

The full text of this new agreement is available in Portuguese on the Company's website: www.sabesp.com.br. The English version will be made available by Friday, March 20, 2015.
