the Securities Exchange Act of 1934.

Yes No

If "Yes" is marked, indicated below the file number assigned to the
registrant in connection with Rule 12g3-2(b):

Domestic load factor reaches 84.3% in July, a record on Company's history

São Paulo, August 13, 2015 - GOL Linhas Aéreas Inteligentes S.A. (BM&FBOVESPA: GOLL4 and NYSE: GOL), (S&P: B, Fitch: B-, Moody's: B3), the largest low-cost and best-fare airline in Latin America, hereby announces its **preliminary** air traffic figures for July and year to date (7M15). Comparisons refer to the same period in 2014.

GOL Highlights.

- **Domestic demand** in July increased by **10.7%**, leading to a **record load factor of 84.3%**, an increase of **4.4 p.p.** compared to July 2014.
- Year to date and in the last twelve months, **domestic demand** showed an increase of **5.7%** and **6.2%**, resulting in a load factor of **79.3%** and **79.2%**, up **2,4 p.p.** and **3.8 p.p.** respectively compared to the same periods of 2014.
- **Domestic supply** grew by **4.8%** in July. This increase also reflects the lower capacity in the same period of 2014, when the Company reduced capacity during the FIFA World Cup held in Brazil. In the LTM, capacity expanded **1.1%** over the same period of 2014.
- The **international market** increased capacity by **8.3%** and demand, improved **11.9%**, leading to a load factor of **76.5%**. The development in this indicator compared to June reflects seasonal factors such as school holidays in Brazil.
- In July, we reached a total of **3.7 million passengers transported**, an increase of **6.9%** compared to July 2014. Year to date and LTM, we transported **23.2 million** and **40.4 million passengers**, up **3.1%** and **5.3%** if compared to the same periods of 2014, respectively. With this result, GOL maintains its position as the airline that transports the largest number of passengers in the Brazilian market.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
