**Item 1.01. Entry into a Material Definitive Agreement.**

On January 28, 2005, the Compensation Committee of The Williams Companies, Inc. ("Williams") Board of Directors (the "Compensation Committee") approved an annual incentive program for the Company's executive officers. Funding under the 2005 annual incentive program will be based on Williams' 2005 improvement in Economic Value Added ("EVA"). The payout of incentive awards to Williams' executive officers under the 2005 annual incentive program will be based on the level of EVA attainment.

On February 5, 2004, the executive officers of Williams were granted certain performance-based deferred shares. One-third of the deferred shares granted were eligible to be earned annually upon attainment of performance targets established by the Compensation Committee each year in the first 90 days of each calendar year. The shares have a five-year term whereby there are five opportunities to earn the deferred shares granted. The shares that are earned during the five years will be issued no earlier than at the end of the five-year term. In February 2004, the Compensation Committee approved specific targets for the earning of the first one-third of the 2004 performance based deferred shares. The determination of attainment of those performance targets will be made by the Compensation Committee following Williams' year-end earnings release expected to occur on February 23. On January 28, 2005, the Compensation Committee approved a specific performance target for the earning of the second one-third of the 2004 performance based deferred shares. The performance target will be based on the level of EVA attainment in 2005.

EVA is a registered trademark of Stern, Stewart and Company.
