### Stock Appreciation Rights

On December 19, 2011, the Compensation Committee granted stock appreciation rights ("SARs") under the Company's 1997 Award and Option Plan (the "1997 Plan") to certain officers of the Company, including the following grants to the named executive officers of the Company: D. F. Smith, 40,000; R. J. Tanski, 25,000; D. P. Bauer, 5,000; M. D. Cabell, 22,500; A. M. Cellino, 15,000; and J. R. Pustulka, 15,000. A brief description of the principal terms and conditions of the SARs is provided below.

The base price of each SAR is the fair market value of the Company's common stock on the date of grant. "Fair market value," as defined in the 1997 Plan, means the average of the high and low reported sales prices of a share of the Company's common stock, which was \$55.09 per share on December 19, 2011. Absent a Change in Ownership or Change in Control as those terms are defined in the 1997 Plan, the SARs vest annually in one-third increments, commencing on December 19, 2012, and in accordance with and subject to the terms of the 1997 Plan, generally become exercisable on the third anniversary of the date of grant. In the event of a Change in Ownership or Change in Control, the SARs will become exercisable and the grantees will have certain other rights to protect the value of the SARs.

Upon the exercise of a SAR, the grantee will be entitled to receive from the Company a number of shares of common stock of the Company equal in value to the excess of the fair market value (on the date of exercise) of one share of stock over the base price, multiplied by the number of shares in respect of which the SAR is being exercised.

### Restricted Stock

On December 19, 2011, the Compensation Committee awarded restricted stock under the 1997 Plan to certain officers of the Company, including the following awards to the named executive officers of the Company: D. F. Smith, 10,000; R. J. Tanski, 6,250; D. P. Bauer, 1,250; M. D. Cabell, 5,625; A. M. Cellino, 3,750; and J. R. Pustulka, 3,750. A brief description of the principal terms and conditions of the restricted stock is provided below.

The restricted stock vests annually in one-third increments, commencing on December 19, 2012. In the event an officer's employment terminates due to death or disability, the portion of such officer's restricted stock that is then unvested will vest immediately. In the event of a Change in Ownership or Change in Control as those terms are defined in the 1997 Plan, the provisions of the 1997 Plan will control. In the event an officer's employment terminates prior to a vesting date for any other reason (including for cause or as a result of a voluntary resignation at any age, including retirement), then the portion of such officer's restricted stock associated with that vesting date and with all subsequent vesting dates will be automatically forfeited. The holders of the restricted stock have the right to vote such shares and to receive dividends with respect to such shares.
