Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

At the Annual Meeting of Stockholders of National Fuel Gas Company (the "Company") held on March 8, 2012, stockholders approved the Company's 2012 Annual At Risk Compensation Incentive Plan (the "Plan") and 2012 Performance Incentive Program (the "Program"). Descriptions of the terms and conditions of the Plan and the Program were included in the Company's Proxy Statement filed with the Securities and Exchange Commission on January 20, 2012. Amounts payable under the Plan and the Program will depend upon the particular awards to be made thereunder.

Upon approval of the Program by the Company's stockholders, long-term performance incentives established by the Compensation Committee of the Board of Directors under the Program for a performance period of October 1, 2011 to September 30, 2014 (the "Performance Period") became effective. The Compensation Committee established levels of performance at which 50%, 100%, 150% and 200% of the target incentive will be payable, as described below. For performance levels between established levels, a portion of the target incentive will be payable as determined by mathematical interpolation.

The performance condition for the Performance Period is the Company's total return on capital as compared to the same metric for peer companies in the Natural Gas Distribution and Integrated Natural Gas Companies group as calculated and reported in the Monthly Utility Reports of AUS, Inc., a leading industry consultant ("AUS"). In determining the Company's total return on capital for purposes of this comparison, the Compensation Committee may adjust the AUS calculation of the Company's total return on capital so as to include any gains realized by the Company on the sale of operations that were reported under Generally Accepted Accounting Principles as discontinued operations.

The percentage of the target incentive to be paid to participants for the Performance Period depends upon the Company's performance relative to the peer group, and not upon a pre-established absolute level of return on capital achieved by the Company. The relative levels of performance (the Company's rank as a percentile of the peer companies) established by the Compensation Committee are as follows: (i) less than 45.01%, (ii) 45.01%, (iii) 60%, (iv) 75%, and (v) 100%. These relative levels of performance will result in payment of the target incentive at the following respective percentages: (i) 0%, (ii) 50%, (iii) 100%, (iv) 150%, and (v) 200%. Accordingly, for participants to earn 100% of the target incentive established, the Company must outperform 60% of the peer group with respect to total return on capital.

For the Performance Period, the Compensation Committee established the following target incentives for the principal executive officer, principal financial officer and other named executive officers of the Company: David F. Smith, \$800,000; David P. Bauer, \$140,000; Ronald J. Tanski, \$500,000; Matthew D. Cabell, \$450,000; and Anna Marie Cellino, \$240,000.

Item 5.07 Submission of Matters to a Vote of Security Holders.

The Annual Meeting of Stockholders of National Fuel Gas Company was held on March 8, 2012. At that meeting, the stockholders elected Philip C. Ackerman, R. Don Cash and Stephen E. Ewing as directors for three-year terms, ratified the appointment of an independent registered public accounting firm, provided a non-binding advisory vote with respect to the approval of executive compensation, and approved two incentive compensation plans.

The vote with respect to Mr. Ackerman was as follows: For, 50,445,160; Withheld, 10,326,647; Broker Non-Votes, 13,451,348.
