Item 7.01. Regulation FD Disclosure

On September 25, 2007, Ashland Inc. will include the information contained in exhibits 99.1-99.14, and graphic images thereof, on the “Investor Center” section of its website located at www.ashland.com, or in employee communications.

Ashland is furnishing the information pursuant to the Securities and Exchange Commission’s (“SEC”) Regulation FD. The information contained in exhibits 99.1-99.14 is summary information concerning key metrics for Ashland’s divisional operations and is intended to be considered in the context of Ashland’s SEC filings and other public announcements that Ashland may make from time to time. Included in the financial information are the effects of changes in Ashland’s accounting methodology as a result of the implementation of Ashland’s enterprise resource planning (“ERP”) system. The new ERP system allows Ashland to report income from certain foreign jurisdictions (which were previously on different computer systems) at the same time as United States operations. Previously this information was available only on a one-month lag. As a result of this change, operations in these non-United States jurisdictions will generate thirteen months of sales in fiscal 2007, and the change will have an effect on sales reported in both August and September 2007. The effect is as follows for the August 2007 results:

Exhibit 99.1	Ashland Distribution Sales/Shipping Day	+1.106
Exhibit 99.2	Ashland Distribution Revenue	+25
	Ashland Distribution Revenue – 12 Month Rolling Average	+2
