**Costamare Inc. Announces the Acquisition and Charter of a Secondhand Vessel,
New Charter Arrangements for Certain Existing Vessels and
a Dividend Increase**

ATHENS, GREECE July 18, 2011 Costamare Inc. (the Company) (NYSE: CMRE) announced today that it has agreed to purchase and charter a secondhand containership and furthermore that it has concluded charter extensions for three existing vessels and new charter agreements for two existing vessels. The Company also announced that management intends to recommend a dividend increase beginning with the third quarter dividend.

Fleet Developments

The Company has reached an agreement to acquire a 5,000 TEU, 2003-built containership from Mediterranean Shipping Company S.A. (MSC) for a purchase price of approximately \$55 million. The acquisition is expected to be financed by cash from operations and the use of a currently committed undrawn credit line.

The vessel, *MSC Linzie* (to be renamed *MSC Romanos*), is expected to be delivered to the Company between August 15 and September 30, 2011. The Company has also agreed to the terms of a time charter agreement with MSC for the employment of the vessel, immediately upon delivery, for a duration of 63 months, at a daily rate of \$28,000.

The Company also has entered into agreements for charter extensions for the following three existing vessels and new charter agreements for the following two existing vessels.

1)

The time charter agreement with MSC for the 1988-built, 4,828 TEU *c/v MSC Mykonos*, has been extended as from July 14, 2011 until September 1, 2017, at a daily rate of \$20,000.

2)

The time charter agreement with MSC for the 1988-built, 4,828 TEU *c/v MSC Mandraki*, will be extended from November 2, 2011 until July 1, 2017, at a daily rate of \$20,000.

3)

The time charter agreement with Hapag-Lloyd for the 1987-built, 3,152 TEU *c/v Akritas*, will be extended from September 30, 2011 for 36 months, at a daily rate of \$12,500.

4)

On July 3, 2011, the 1990-built, 3,351 TEU *c/v Rena*, commenced a five-year time charter agreement with MSC at a daily rate of \$15,000.

5)

On July 19, 2011, the 1995-built, 1,162 TEU *c/v Zagora* will commence an eight month time charter agreement with MSC at a daily rate of \$7,000.

Increased Dividend Payment

Management of the Company announced that it will recommend to the Board of Directors that the Board approve an eight percent (8%) dividend increase, beginning with the third quarter 2011 dividend, raising the quarterly dividend from \$0.25 to \$0.27 per common share.

Management Commentary

Konstantinos V. Konstantakopoulos, Chairman and Chief Executive Officer of the Company said: We are pleased to announce the agreement to acquire a secondhand vessel backed by an attractive time charter to MSC that is accretive to both our earnings and cash flow per share. Concurrently, we have also reached agreements to extend the time charters for three existing vessels and commence a time charter for two existing vessels at attractive rates. In the aggregate, these chartering agreements amount to approximately \$181 million of contracted revenues with an average duration of approximately five years, which further enhances our financial stability, acquisition power and dividend distribution capacity.

Due to the flexibility of our business model, we can monetize our debt free vessels, as each is fixed forward with an attractive long-term time charter, and invest the proceeds in modern secondhand vessels with strong cash flow generation in anticipation of the delivery of our contracted newbuilding vessels. We currently have 18 vessels free of debt.

We now have fixed all but one of our vessels for 2011. Due to these business developments, we are pleased to recommend to the Board of Directors an increase of our third quarter 2011 dividend by 8% due to our increasing long-term cash flows.

Our balance sheet, together with cash flow from operations of our existing fleet provide us with the ability to increase the dividend without any impact on our growth plans.

We remain focused on our goal of creating shareholder value by strategically managing our fleet and increasing our dividend consistent with the company's cash flow generation and our dividend policy.

About Costamare Inc.
