To the Shareholders

Dear Sir or Madam,

CONTINUING CONNECTED TRANSACTION¹.
INTRODUCTION

On 3 January 2008, the Board made an announcement (“Announcement”) regarding, among other things, the continuing connected transaction arising from the HEC Coal Framework Agreement. As stated in the Announcement, the Company shall issue a circular to the Shareholders containing further information of the continuing connected transaction as contemplated by the HEC Coal Framework Agreement and will convene a general meeting for obtaining the Independent Shareholders’ approvals for the conduct of the continuing connected transaction as contemplated by the HEC Coal Framework Agreement (and its proposed cap).

The letter from the Independent Board Committee to the Independent Shareholders is included in this circular. DBS has been appointed as the independent financial adviser to advise the Independent Board Committee and the Independent Shareholders on the fairness and reasonableness of the terms of the HEC Coal Framework Agreement (and the proposed cap) and whether the HEC Coal Framework Agreement is in the interests of the Company and its shareholders as a whole. The letter of advice from DBS to the Independent Board Committee and the Independent Shareholders is included in this circular.

The purposes of this circular are:

(i) to provide you with further information in relation to the transactions as contemplated by the HEC Coal Framework Agreement;

- (ii) to set out the letter of advice from DBS to the Independent Board Committee and the Independent Shareholders and the recommendation of the Independent Board Committee as advised by DBS; and
- (iii) to seek your approval of the ordinary resolution in relation to the transactions as contemplated by the HEC Coal Framework Agreement (together with its cap), which are set out in the notice of the EGM.

2. BACKGROUND

The Company and its subsidiaries develop, construct, operate and manage power plants in China nationwide, with a total generation capacity of 32,575MW on an equity basis as at the Latest Practicable Date. The Company wholly owns seventeen operating power plants, and has controlling interests in thirteen operating power companies and minority interests in five operating power companies. To date, it is one of the largest listed power producers in China.

Huaneng Group is principally engaged in the operation and management of industrial investments; the development, investments, construction, operation and management of power plants; organising the generation and sale of power (and heat); and the development, investment, construction, production and sale of products in relation to information, transportation, new energy and environmental protection industries.

Huaneng Energy Communication is a company incorporated in China. Its principal scope of business includes import and export businesses, international tendering and agency, and investment and management in infrastructure projects for coal/road/port/maritime transportation services.

Huaneng Group is the controlling shareholder of HIPDC, holding a 51.98% direct interest in HIPDC. In addition, Huaneng Group also holds a 5% indirect interest in HIPDC and directly holds approximately 8.75% of the total issued share capital of the Company. As of the Latest Practicable Date, HIPDC held approximately 42.03% of the total issued share capital of the Company. At the same time, Huaneng Energy Communication is a wholly owned subsidiary of Huaneng Group.

The relationships among the Company, Huaneng Group, HIPDC and Huaneng Energy Communication are as follows:

* Huaneng Group, through China Hua Neng Group Hong Kong Limited, its wholly-owned subsidiary, indirectly holds a 50% interest in Pro-Power Investment Limited while Pro-Power Investment Limited holds a 10% interest in HIPDC. Therefore, Huaneng Group holds a 5% indirect interest in HIPDC.

The transactions as contemplated by the HEC Coal Framework Agreement constitute continuing connected transaction to the Company. As the transaction scale of such transactions in aggregate exceeds 2.5% of the applicable percentage ratios as calculated pursuant to Rule 14.07 of the Listing Rules, the HEC Coal Framework Agreement (and its cap) shall be subject to the Independent Shareholders' approvals according to Rule 14A.18 of the Listing Rules. Huaneng Group, HIPDC and their respective associates and Shareholders who are involved in, or interested in the transactions contemplated by HEC Coal Framework Agreement will abstain from voting at the EGM in respect of the ordinary resolution to approve the HEC Coal Framework Agreement (and its cap).

3. HEC COAL FRAMEWORK AGREEMENT

As approved by the Board, the Company entered into the HEC Coal Framework Agreement with Huaneng Energy Communication on 3 January 2008, for a term commencing from 1 January 2008 expiring on 31st December 2008. As mentioned above, Huaneng Group is the ultimate controlling shareholder of the Company, holding approximately

51.98% direct interest and 5% indirect interest in HIPDC and approximately 8.75% of the total issued share capital of the Company. Currently, HIPDC holds approximately 42.03% of the total issued share capital of the Company. At the same time, Huaneng Energy Communication is a wholly owned subsidiary of Huaneng Group and a connected person of the Company under the Listing Rules. The transactions between Huaneng Energy Communication (including its subsidiaries and associates) and the Company constitute connected transactions under the Listing Rules and are required to comply with the applicable disclosure requirements and/or to obtain approval from the Independent Shareholders under the Listing Rules.

Coal is the major raw material of the Company for power generation. Pursuant to the HEC Coal Framework Agreement, the Company will purchase coal and coal transportation services from Huaneng Energy Communication and its subsidiaries and associates at prices and charges calculated by reference to RMB/ton and the actual weight of carriage, with arm's length terms taking into account the then market conditions, and in any event the coal prices and the transportation service fee shall be no less favorable than those offered by Huaneng Energy Communication and its subsidiaries and associates to independent third parties for the same or similar type of coal supply or transportation services.

For the eleven months ended 30 November 2007, the Company has purchased coal and coal transportation services from Huaneng Energy Communication and its subsidiaries and associates for an aggregate amount of approximately RMB2,575 million (unaudited) (the annual cap for 2007 is RMB4,200 million, please see the Company's announcement dated 15 January 2007 and the Company's circular dated 30 January 2007). The estimated annual aggregate amount for the purchase of coal and the coal transportation service fee paid to Huaneng Energy Communication and its subsidiaries and associates for the year ending 31 December 2008 shall not exceed RMB5,900 million, where the payment thereof will be settled in cash in arrears, or in accordance with the terms to be agreed by the relevant parties in the contracts to be entered into pursuant to the framework agreement. The estimated cap is based on the existing overall scale and operations of the power plants, as well as the anticipated development and growth of the Company, which the Company deems reasonable. For the first half of 2007, the Company purchased part of the coal and coal transportation services from other independent third parties at prices which were relatively lower than the prices offered by Huaneng Energy Communication and its subsidiaries and associates. However, as part of the measures to combat the increase in coal prices during the lower part of 2007, the Company increased the volume of coal purchase from Huaneng Energy Communication and its subsidiaries and associates so that the Company could obtain favorable prices for bulk purchase. In addition, in 2007, a total of nine new thermal generating units of the Company commenced operation. The total controlling generation capacity increased by 7,000 MW. As a result of the increase in operating generating units and generation capacity and taking into consideration the factor of maintaining stability in coal supply, the Company has been experiencing an increasing demand for coal and coal transportation services to meet its operational need. The transaction amount in relation to the connected transactions of purchasing coal and coal transportation services in 2008 will therefore increase.

Huaneng Energy Communication and its subsidiaries and associates have the advantage of quoting favorable prices for bulk purchase of coal. Taking into consideration their ability to offer to the Company favorable prices for coal, and owing to their close relationships with the Company, they are able to provide to the Company the coal in a timely and reliable manner, thereby minimizing the management and operational costs of the Company. In addition, Huaneng Energy Communication and its subsidiaries and associates operate a sizable fleet specializing in the provision of domestic maritime transportation services in China. Since the reliability and the relative high quality of management and transportation services provided by Huaneng Energy Communication and its subsidiaries and associates could reduce the operational risks and enhance the efficiency of the daily operation of the Company, the Directors (including the Independent Directors) are of the opinion that the transactions for the purchase of coal and coal transportation services from Huaneng Energy Communication and its subsidiaries and associates under the HEC Coal Framework Agreement were entered into (i) in the ordinary and usual course of business of the Company; (ii) on normal commercial terms (on arm's length basis or on terms no less favorable to the Company than terms available from

independent third parties); and (iii) on terms that are fair and reasonable and in the interests of the Company and its shareholders as a whole.

4. THE EGM

The transactions as contemplated by the HEC Coal Framework Agreement constitute continuing connected transaction to the Company. The aggregate of the transaction scale of the HEC Coal Framework Agreement exceeds 2.5% of the applicable percentage ratios as calculated pursuant to Rule 14.07 of the Listing Rules. Pursuant to Rule 14A.18 of the Listing Rules, the Company shall obtain the Independent Shareholders' approvals for the conduct of the transactions as contemplated by the HEC Coal Framework Agreement and the cap thereof. The EGM will be held for considering and approving the HEC Coal Framework Agreement and the cap thereof by the Independent Shareholders. Huaneng Group,

HIPDC and their respective associates and Shareholders who are involved in, or interested in the transactions contemplated by HEC Coal Framework Agreement (holding an aggregate of 6,121,786,667 shares in the Company, representing approximately 50.78% of the total issue shares of the Company as at the Latest Practicable Date) will abstain from voting at the EGM, at which the proposed resolution will be passed by way of ordinary resolution and voting will be taken by way of a poll in accordance with the requirements of the Listing Rules. The Notice of EGM is set out on pages 20 to 22 of this circular.

The Company has conducted a detailed survey in respect of its short-term and long-term operational demand for coal and coal transportation services. The Company is of the view that before the convening of the EGM, such transaction will not (and the Company will through its internal control system to ensure that such transaction will not) exceed the relevant threshold that requires independent shareholders' approval under the Listing Rules.

A reply slip and a form of proxy for use by the Independent Shareholders at the EGM are enclosed with this circular. Whether or not you intend to attend the meeting in person, you are requested to complete and return the reply slip in accordance with the instructions printed thereon to the registered office of the Company at West Wing, Building C, Tianyin Mansion, 2C, Fuxingmennan Street, Xicheng District, Beijing, PRC as soon as possible but in any event not later than 13 February 2008. The enclosed form of proxy should be completed and returned to the Company's H Share Registrar, Hong Kong Registrars Limited, at Room 1901-5, 19/F, Hopewell Centre, 183 Queen's Road East, Hong Kong or the registered office of the Company in accordance with the instructions printed thereon as soon as practicable and in any event by not later than 24 hours before the time appointed for the holding of the EGM. Completion and return of the form of proxy will not preclude you from attending and voting in person at the meeting should you so wish.

5. RECOMMENDATIONS

Your attention is drawn to the letter from the Independent Board Committee to the Independent Shareholders of the Company, which is set out on page 9 of this circular, and which contains their recommendation in respect of the HEC Coal Framework Agreement (and its cap).

The letter of advice from DBS to the Independent Board Committee and the Independent Shareholders on the fairness and reasonableness of the terms of the HEC Coal Framework Agreement (and its cap) and whether the HEC Coal Framework Agreement is in the interests of the Company and its shareholders as a whole is set out on pages 10 to 14 of this circular.

The Independent Board Committee, having taken into account the advice of DBS, considers that the terms of the HEC Coal Framework Agreement (and its cap) are fair and reasonable so far as the Independent Shareholders are concerned and that the HEC Coal Framework Agreement (and its cap) are in the interests of the Company and its shareholders as a whole. Accordingly, it recommends that the Independent Shareholders vote in favour of the resolution to approve the HEC Coal Framework Agreement and the transaction as contemplated thereby (together with its cap).

6. OTHER INFORMATION

Your attention is drawn to the general information set out in the appendices to this circular.

Yours faithfully
By order of the Board

To the Independent Shareholders

Dear Sir or Madam,

CONTINUING CONNECTED TRANSACTION

We, the Independent Board Committee of Huaneng Power International, Inc., are advising the Independent Shareholders in connection with the HEC Coal Framework Agreement (and its cap), details of which are set out in the letter from the Board contained in the circular ("Circular") of the Company to the Shareholders dated 17 January 2008, of which this letter forms a part. Terms defined in the Circular shall have the same meanings when used herein unless the context otherwise requires.

Under the Listing Rules, the transactions as contemplated by the HEC Coal Framework Agreement constitute continuing connected transaction to the Company. Accordingly, the conduct of transactions as contemplated by the HEC Coal Framework Agreement (and its cap) will require the approval of the Independent Shareholders at the EGM.

We wish to draw your attention to the letter of advice from DBS set out on pages 10 to 14 of the Circular. We have discussed the letter and the opinion contained therein with DBS.

Having considered, inter alia, the factors and reasons considered by, and the opinion of, DBS, as stated in its aforementioned letter, we consider the terms of the HEC Coal Framework Agreement (and its cap) to be fair and reasonable so far as the Independent Shareholders are concerned. We are of the view that the HEC Coal Framework Agreement (and its cap) are in the interests of the Company and its shareholders as a whole. Accordingly, we recommend that the Independent Shareholders vote in favour of the ordinary resolution in the Notice of EGM set out at the end of the Circular to be proposed at the EGM to be held on 4 March 2008 and thereby approve the HEC Coal Framework Agreement and the transaction contemplated thereby (and its cap).

Yours faithfully,

LETTER FROM DBS

The following is the text of the letter of advice from DBS, the independent financial adviser to the Independent Board Committee and Independent Shareholders, in relation to the continuing connected transaction, which has been

prepared for the purpose of inclusion in this circular.

17 January 2008

To the Independent Board Committee
and Independent Shareholders

Dear Sirs,

CONTINUING CONNECTED TRANSACTION INTRODUCTION

We refer to our engagement as the independent financial adviser to the Independent Board Committee and Independent Shareholders in relation to the transactions arising from the HEC Coal Framework Agreement (the “Continuing Connected Transaction”), details of which are set out in the letter from the Board (“Letter from the Board”) in the circular of the Company to its Shareholders dated 17 January 2008 (“Circular”), of which this letter forms part. Capitalised terms used in this letter shall have the same meanings as defined in the Circular unless the context otherwise requires.

On 3 January 2008, the Board made an announcement (“Announcement”) regarding, among other things, the Continuing Connected Transaction. As stated in the Announcement, the Company shall issue a circular to the Shareholders containing further information of the Continuing Connected Transaction and will convene a general meeting for obtaining the Independent Shareholders’ approvals for the conduct of the Continuing Connected Transaction (and its proposed cap).

Huaneng Group is the controlling shareholder of HIPDC, holding a 51.98% direct interest in HIPDC. In addition, Huaneng Group holds a 5% indirect interest in HIPDC and directly holds approximately 8.75% of the total issued share capital of the Company. As of the Latest Practicable Date, HIPDC held approximately 42.03% of the total issued share capital of the Company. At the same time, Huaneng Energy Communication is a wholly owned subsidiary of Huaneng Group.

A diagrammatical presentation of the relationships of the abovementioned entities is set out on page 5 of the Circular.

The transactions as contemplated by the HEC Coal Framework Agreement constitute continuing connected transactions to the Company. As the scale of such transactions in aggregate exceeds 2.5% of the applicable percentage ratios as calculated pursuant to Rule 14.07 of the Listing Rules, the HEC Coal Framework Agreement (and its cap) shall be subject to the Independent Shareholders’ approvals according to Rule 14A.18 of the Listing Rules. Huaneng Group, HIPDC and their respective associates, and Shareholders who are involved in or interested in the transactions contemplated by the HEC Coal Framework Agreement, will abstain from voting at the EGM in respect of the ordinary resolution to approve the HEC Coal Framework Agreement (and its cap).

Our scope of work under this engagement is to assess whether the terms of the Continuing Connected Transaction are fair and reasonable so far as the Independent Shareholders are concerned and are in the interests of the Company and the Shareholders as a whole, and to advise the Independent Shareholders on how to vote in respect of the Continuing Connected Transaction.

BASIS OF OUR OPINION

In arriving at our opinion, we have relied on the information, opinions and facts supplied, and representations made, to us by the Directors, advisers and representatives of the Company (including those contained or referred to in the Circular). We have also assumed that the information and representations contained or referred to in the Circular were true and accurate in all respects at the time they were made and continue to be so at the date of dispatch of the Circular. We have no reason to doubt the truth, accuracy and completeness of the information and representations provided to us by the Directors. We have also relied on certain information available to the public and have assumed such information to be accurate and reliable, and we have not independently verified the accuracy of such information. We have been advised by the Directors and believe that no material facts have been omitted from the Circular.

We consider that we have reviewed sufficient information to reach an informed view, to justify reliance on the accuracy of the information contained in the Circular and to provide a reasonable basis for our opinion. We have not, however, conducted an independent verification of the information nor have we conducted any form of in-depth investigation into the businesses and affairs or other prospects of the Company or any of its respective subsidiaries or associates.

PRINCIPAL FACTORS AND REASONS CONSIDERED

In arriving at our opinion with regard to the terms of the Continuing Connected Transaction, we have considered the following principal factors and reasons:

1. Background

Background of the Company and its subsidiaries

The Company and its subsidiaries develop, construct, operate and manage power plants in China nationwide, with a total generation capacity of 32,575MW on an equity basis as at the Latest Practicable Date. The Company wholly owns seventeen operating power plants, and has controlling interests in thirteen operating power companies and minority interests in five operating power companies. To date, it is one of the largest listed power producers in China.

Background of Huaneng Group

Huaneng Group is principally engaged in the operation and management of industrial investments; the development, investments, construction, operation and management of power plants; organising the generation and sale of power (and heat); and the development, investment, construction, production and sale of products in relation to information, transportation, new energy and environmental protection industries.

Background of Huaneng Energy Communication

Huaneng Energy Communication is a company incorporated in China. The principal scope of business of Huaneng Energy Communication includes import and export businesses, international tendering and agency, and investment and management in infrastructure projects for coal/road/port/maritime transportation services.

2. Reasons for the purchase of coal and related transportation services

As mentioned in the Circular in the section entitled “Letter from the Board”, Huaneng Energy Communication and its subsidiaries and associates have the advantage of quoting favorable prices for bulk purchase of coal. Furthermore, since coal is the major raw material of the Company for power generation, a reliable source of coal is important to the operations of the Company. According to the HEC Framework Agreement, the Company will only purchase coal and related transportation services from Huaneng Energy Communication and its subsidiaries and associates at no less favorable terms for coal and coal maritime transportation service that are available in the market. In addition, Huaneng Energy Communication and its subsidiaries and associates are able to supply coal to the Company in a timely and reliable manner, thereby minimizing the management and operational costs of the Company, and reducing operational risk. In addition, Huaneng Energy Communication and its subsidiaries and associates operate a sizable fleet specializing in the provision of domestic maritime transportation services in China. Since the reliability and the relative high quality of management and transportation services provided by Huaneng Energy Communication and its subsidiaries and associates could reduce the operational risks and enhance the efficiency of the daily operation of the Company, the Directors are of the opinion that the transactions for the purchase of coal and coal maritime transportation services from Huaneng Energy Communication and its subsidiaries and associates under the HEC Coal

Framework Agreement were entered into (i) in the ordinary and usual course of business of the Company; (ii) on normal commercial terms (on arm's length basis or on terms no less favorable to the Company than terms available from independent third parties); and (iii) on terms that are fair and reasonable and in the interests of the Company and its shareholders as a whole.

3. Terms of the Agreement

Pursuant to the HEC Coal Framework Agreement, the Company will purchase coal and coal maritime transportation services from Huaneng Energy Communication and its subsidiaries and associates at prices and charges calculated by reference to RMB/ton and the actual weight of carriage, with arm's length terms taking into account the then market condition, and in any event the coal prices and the transportation service fee shall be no less favorable than those offered by Huaneng Energy Communication and its subsidiaries and associates to independent third parties for the

same or similar type of coal supply or transportation services.

Having discussed with the management of the Company and reviewed records of certain past transactions, we noted that the past transactions, i.e., purchase of coal and coal related maritime transportation services, between the Company and Huaneng Energy Communication and its subsidiaries and associates were on normal commercial terms and on terms no less favorable to the Company than those available from independent third parties.

Taking into consideration of (i) the benefits of entering into the HEC Coal Framework Agreement as mentioned in the paragraph entitled “Reasons for the purchase of coal and related transportation services” above, (ii) the HEC Coal Framework Agreement was entered into in the ordinary and usual course of business of the Company; and on normal commercial terms (on arm’s length basis or on terms no less favorable to the Company than terms available from independent third parties); we concur with the Directors’ opinion and of the view that the terms of the HEC Coal Framework Agreement are fair and reasonable and the HEC Coal Framework Agreement is in the interests of the Company and its shareholders as a whole.

4. Proposed caps

For the eleven months ended 30 November 2007, the Company has purchased coal and coal transportation services from Huaneng Energy Communication and its subsidiaries and associates for an aggregate amount of approximately RMB2,575 million (unaudited), which represents approximately 8.9% of the total purchase of coal and coal maritime transportation services of the Company in the same period. The estimated cap amount for the purchase of coal and coal maritime transportation services from Huaneng Energy Communication and its subsidiaries and associates for the year ending 31 December 2008 shall not exceed RMB5,900 million which represents approximately 20.3% of the total purchase of coal and coal maritime transportation services of the Company and its subsidiaries in the eleven months ended 30 November 2007.

The cap mentioned above is estimated based on the existing overall scale and operations of the power plants, the anticipated development and growth of the Company as well as the estimated increase in prices of coal and coal transportation services in 2008. As stated in the Circular in the section entitled “Letter from the Board”, the Company and its subsidiaries own a total generation capacity of 32,575MW on an equity basis. We note that in 2007, a total of nine new thermal generating units of the Company commenced operation. The total controlling generation capacity increased by 7,000MW. As a result of the increase in the operating generating units and the scale of generation capacity, the total demand for coal is expected to increase by approximately 6 million tonnes to meet the operational need of the Company and its subsidiaries in 2008. In addition to the projected increase in demand for coal, the Company also estimated that prices for coal and coal related maritime transportation service will increase in 2008. The management of the Company further advises that after considering (i) the expected increase in demand for coal in 2008, (ii) the fact that the Company will purchase from Huaneng Energy Communication and its subsidiaries and associates at no less favorable terms than those available from independent suppliers in the market, (iii) the ability of Huaneng Energy Communication and its subsidiaries and associates to provide coal to the Company in a timely and reliable manner; and (iv) the supply capability of Huaneng Energy Communication and its subsidiaries and associates, the Company expects to increase the purchase of coal from Huaneng Energy Communication and its subsidiaries and associates from approximately 3.62 million tonnes for the eleven months ended 30 November 2007 to 8 million tonnes for the year ended 31 December 2008. Furthermore, when determining the cap for the coal related maritime transportation services, the Company has taken into consideration (i) the capacity of coal related maritime transportation services of Huaneng Energy Communication and its subsidiaries and associates, and (ii) the reliability and the relative high quality of management and transportation services provided by Huaneng Energy Communication and its subsidiaries and associates. Accordingly, the Company intends to purchase approximately 30 million tonnes of coal related maritime transportation services from Huaneng Energy Communication and its subsidiaries and associates.

Having considered the bases and reasons in determining the cap of the HEC Coal Framework Agreement discussed above, we consider the estimated cap amount of RMB 5,900 million in 2008 as fair and reasonable.

RECOMMENDATION

Taking into consideration the above principal factors and reasons, we are of the opinion that the Continuing Connected Transaction is in the interests of the Company and the Independent Shareholders as a whole and that the terms of the Continuing Connected Transaction are fair and reasonable in so far as the Independent Shareholders are concerned. Accordingly, we advise the Independent Directors to advise the Independent Shareholders to vote in favor of the Continuing Connected Transaction at the EGM.

Yours faithfully, For and on behalf of DBS George Hongchoy Managing Director
