Proposal 1. Board Nominees

The following table provides summary information about each of our directors, including our Class I director nominees. Each Class I director nominee is elected every two years by the two nominees receiving the highest number of votes cast. No Class I director nominee, all of whom are current directors, attended fewer than 75% of the Board meetings and committee meetings on which he sits.

Proposal 2. Amendment to the Restated Articles of Incorporation and an Amendment to the Amended and Restated Bylaws

We are asking shareholders to approve an Amendment to our Restated Articles of Incorporation and our Amended and Restated Bylaws that will increase the size of the range of the number of directors to a minimum of five directors and a maximum of nine directors.

Proposal 3. Executive Compensation Advisory Vote

We are asking shareholders to approve on an advisory basis our named executive officer compensation. Our Board recommends a FOR vote because it believes that our compensation program is currently adequate to retain, attract and incentivize our named executive officers on both a short-term and long-term basis in a manner beneficial to our shareholders. Further, our Board believes that our compensation program is reasonable in relation to comparable public and private companies in our industry.

Elements of Our Compensation Program

Element	Characteristics	Primary Objective
Base Salary	Cash	Attract and retain highly talented individuals
Short-Term Incentives	Cash bonus	Reward for individual and corporate performance
Long-Term Incentives	Restricted stock with multi-year vesting periods	Align the interests of our employees and shareholders by providing employees with incentive to perform technically and financially in a manner that promotes share price appreciation
Other Benefits	401(k) plans and employee benefit plans	Provide benefits that promote employee health and support employees in attaining financial security

Executive Compensation Discussion

Our Board of Directors, Compensation Committee and CEO believe that a reasonable compensation program in relation to our competitors is essential to profitable corporate growth and that our compensation program should be periodically reviewed and modified to retain and attract necessary executive and supporting personnel. Further, we believe our compensation program provides reasonable incentives to align the interests of our named executive officers with our shareholders. Our named executive officers (and the other members of management and key employees) are shareholders through direct investments and long-term incentive compensation awards.

Proposal 4. Ratification of Independent Registered Public Accounting Firm

We are asking shareholders to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for 2015.

OUR BOARD OF DIRECTORS

Our business and affairs are managed under the direction of our Board of Directors. Our Restated Articles of Incorporation specify that we shall not have less than four nor more than seven directors. Currently, our Board has six members and the Board resolved to reduce that number to five effective at the Annual Meeting as one of our directors, Mr. Richard W. Volk, has decided to retire from the Board and not seek reelection as a director. Under our Restated Articles of Incorporation, each director holds office until the annual shareholders' meeting at which such director's class is up for re-election and until such director's successor is duly elected and qualified, or until such director's earlier death, resignation or removal. Our Restated Articles of Incorporation provides that our Board is classified into two classes: Class I and Class II, each class having a two-year term of office.

On September 10, 2014, a wholly-owned subsidiary of the Company merged with and into Yuma Energy, Inc., a Delaware corporation ("Yuma Co."), in exchange for 66,336,701 shares of common stock and the Company changed its name to "Yuma Energy, Inc." (the "merger"). As a result of the merger, the former Yuma Co. shareholders received approximately 93% of the then outstanding common stock of the Company and thus acquired voting control. Although the Company was the legal acquirer, for financial reporting purposes the merger was accounted for as a reverse acquisition of the Company by Yuma Co. In connection with the closing of the merger, Sam L. Banks, our current Chairman, President and Chief

Simultaneously with the closing of the merger, each member of our Board at the time, Michael D. Herman, Rick D. Kasch and Gary L. Ronning resigned from their positions on our Board, and the current members of our Board, consisting of Sam L. Banks, James W. Christmas, Frank A. Lodzinski, Ben T. Morris, Richard K. Stoneburner and Richard W. Volk, were appointed as directors. Because our Board is divided into two classes, each director was appointed to one class. Messrs. Banks, Morris and Volk were appointed as Class I directors. Messrs. Christmas, Lodzinski and Stoneburner were appointed as Class II directors. As discussed more fully below under "Proposal I—Election of Directors," Messrs. Banks and Morris have been nominated for reelection at our 2015 Annual Meeting because of the expiration of the term of their class, Class I, on our classified board, and the vacancy by Mr. Volk's retirement will not be filled as the Board resolved to reduce the number of directors serving on the Board to five members.

Also simultaneously with the closing of the merger, our executive officers at the time, Michael D. Herman and Lee G. Christianson, each resigned as executive officers. Following the resignation of our former executive officers, our new Board appointed Sam L. Banks as Chief Executive Officer, Michael F. Conlon as President, and Kirk F. Sprunger as Chief Financial Officer, Treasurer and Corporate Secretary. On October 8, 2014, Mr. Conlon resigned from his position as President and Chief Operating Officer of the Company and Mr. Banks was appointed as President of the Company.

Executive Officer, acquired approximately 57.7% of our outstanding common stock as of the closing of the merger in exchange for his shares of Yuma Co.

Below is information about each our directors, including biographical data for at least the past five years and an assessment of the skills and qualifications of each director.

PROPOSAL 1 – ELECTION OF TWO CLASS I DIRECTORS

Our Board of Directors is divided into two classes, with each class serving staggered two-year terms. The term of office of the Class I directors expires at the 2015 Annual Meeting. Richard W. Volk, a current Class I director, previously advised the Board that he will not stand for reelection at the Annual Meeting. Mr. Volk has been a director since the closing of the merger and was previously a director of Yuma Co. As a result of Mr. Volk's retirement, the Board has reduced the number of directors serving on the Board to five and the number of Class I directors to two.

Our Board has nominated two directors for election at the Annual Meeting to hold office until the 2017 annual meeting and the election of their successors. Both of the nominees currently are directors. Each agreed to be named in this proxy statement and to serve if elected. Both of the nominees are expected to attend the Annual Meeting.

Subject to approval by our shareholders of Proposal 2, our Restated Articles of Incorporation provide that the number of directors shall not be less than four nor more than seven. In the election of directors, each proxy will be voted for each of the Class I director nominees unless the proxy withholds authority to vote for one or both of the Class I director nominees.

We have no reason to believe that either of the Class I director nominees will be unable or unwilling for good cause to serve if elected. If either nominee should become unable for any reason or unwilling for good cause to serve,

Additional information regarding Messrs. Banks and Morris and all of our other directors, can be found under the "Our Board of Directors" section, the "Security Ownership of Management and Certain Beneficial Owners" section, and the "Compensation of Directors" section of this proxy statement.

Directors are elected by a plurality vote of the shares present in person or represented by proxy at the Annual Meeting, meaning that the director nominee with the most affirmative votes for a particular slot is elected for that slot. Any shares not voted (whether by withholding the vote, broker non-vote or otherwise) have no impact in the election of the Class I directors. If you sign your proxy card but do not give instructions with respect to the voting of directors, your shares will be voted for Messrs. Banks and Morris. However, if you hold your shares in street name and do not instruct your broker how to vote in the election of Class I directors, your shares will constitute a broker non-vote and will not be voted for any of the Class I director nominees. See the section of this proxy statement entitled "General Information about the Annual Meeting – Voting Instructions and Information – Election of Directors."

proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of Class I directors.

In light of the individual skills and qualifications of each of our Class I director nominees, our Board has concluded that each of our Class I director nominees should be elected to our Board.

Our Board unanimously recommends that shareholders vote FOR all of our Class I director nominees.

CORPORATE GOVERNANCE

On September 10, 2014, following the consummation of the merger and as required by the merger agreement, the Company expanded the size of its Board from three to six members. Pursuant to the merger agreement, at the closing of the merger, our three directors, Michael D. Herman, Rick D. Kasch and Gary L. Ronning resigned from our Board and all of Yuma Co.'s directors were appointed as directors to serve on the Board until their successors are duly elected and qualified. Also, our former officers resigned from their positions as of the closing of the merger.

Our Restated Articles of Incorporation provide for the classification of the Board into two classes with staggered two-year terms.

We are committed to high quality corporate governance, which helps us compete more effectively, sustain our success and build long-term shareholder value. The Board reviews the Company's policies and business strategies, and advises and counsels the executive officers who manage the Company.

The full text of the charters of our Audit and Compensation Committees and our Business Conduct and Code of Ethics can be found at www.yumaenergyinc.com. Copies of these documents also may be obtained from our Corporate Secretary.

Governance is a continuing focus at the Company, starting with the Board and extending to management and all employees. In this section, we describe our key governance policies and

Director Independence

The current Board consists of six directors, one of whom is currently employed by the Company (Mr. Banks). In April 2015, the Board conducted an annual review and affirmatively determined that certain non-employee directors (Messrs. Christmas, Lodzinski, Morris and Stoneburner) are "independent" as that term is defined in the listing standards of the NYSE MKT. The Board made a subjective determination as to each independent director that no relationship exists; which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board reviewed and discussed information provided by the Board and the Company with regard to each director's business and personal activities as they may relate to the Company and its management. Further, the Board determined that Mr. Banks is not independent because he is the President and Chief Executive Officer of the Company and Mr. Volk is not independent because he received compensation in excess of \$120,000 within the past three years from the Company unrelated to his service as a director of the Company.

Board of Directors Diversity

The Board does not have a formal diversity policy. The Board considers candidates that will make the board as a whole reflective of a range of talents, skills, diversity and expertise.

Shareholder-Recommended Director Candidates

Our Board is responsible for identifying individuals qualified to become Board members and nominees for directorship are selected by the Board. Although the Board is willing to consider candidates

practices. The Company is governed by a Board of Directors and committees of the Board that meet throughout the year. Directors discharge their responsibilities at Board and committee meetings and also through telephone contact and other communications with management.

Director Attendance

During 2014, prior to the closing of the merger, our Board held eleven meetings and all of our directors at the time attended 100% of the meetings. After the closing of the merger, our Board held two meetings. Each of the directors attended 100% of the meetings of the full Board after the merger, and meetings of the committee(s) on which he served after the merger in 2014. In addition, the Board acts from time to time by unanimous written consent in lieu of holding a meeting. After the closing of the merger, the Board effected nine actions by unanimous written consent.

While we do not have a formal policy regarding our Board members' attendance at the annual meeting of shareholders, we encourage our directors to attend the annual meeting of shareholders. We expect each of directors will attend our 2015 Annual Meeting. In 2014, prior to the closing of the merger, Michael D. Herman was the only director that attended our special meeting of shareholders.

Controlled Company

Our Board has determined that we are a "controlled company" as defined under the corporate governance rules of the NYSE MKT since more than 50% of our issued and outstanding common stock is held by Sam L. Banks, our Chairman, President and Chief Executive Officer. As a "controlled company," we are exempted from certain rules otherwise applicable to companies whose securities are listed

recommended by our shareholders, it has not adopted a formal policy with regard to the consideration of any director candidates recommended by our shareholders. The Board believes that a formal policy is not necessary or appropriate because of the small size of the Board and because the current Board already has a diversity of business background and industry experience. Our Board will consider director candidates recommended by shareholders who are highly qualified in terms of business experience and be both willing and expressly interested in serving on the Board. Shareholders recommending candidates for consideration should send their recommendations, including the candidate's name, address, principal occupation, number of shares of common stock held by the proposed director candidate, and the recommending shareholder's name, address and number of shares of common stock held, and any other information about the candidate's qualifications to Yuma Energy, Inc., Attn: President, 1177 West Loop South, Suite 1825, Houston, Texas 77027. Submissions must include sufficient biographical information concerning the recommended individual, including age, educational background, employment history for at least the past five years indicating employer's names and description of the employer's business, and any other biographical information that would assist the Board in determining the qualifications of the individual. The Board will consider all candidates, whether recommended by shareholders or members of management. The Board will consider recommendations received by a date not later than 120 calendar days before the date our proxy statement was released to shareholders in connection with the prior year's annual meeting for nomination at that annual meeting. The Board will consider nominations received beyond that date at the annual meeting subsequent to the next annual meeting.

on the NYSE MKT, including: (a) the requirement that the Company have a majority of independent directors; (b) the requirement that nominations to the board be either selected or recommended by a nominating committee consisting solely of independent directors; and (c) the requirement that the Company's officers' compensation be either determined or recommended by a compensation committee consisting solely of independent directors.

Board Leadership

The Board is responsible for the control and direction of the Company. The Board represents the Company's shareholders and its primary purpose is to build long-term shareholder value. Mr. Banks serves as Chairman of the Board, President and Chief Executive Officer of the Company. The Board believes that Mr. Banks is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry and is also the person most capable of effectively identifying strategic priorities and leading the discussion and execution of corporate strategy. In this combined role, Mr. Banks is able to foster clear accountability and effective decision making. The Board believes that the combined role of Chairman and Chief Executive Officer strengthens the communication between the Board and management and provides a clear roadmap for shareholder communications. Further, as the individual with primary responsibility for managing day-to-day operations, Mr. Banks is best positioned to chair regular Board meetings and ensure that key business issues and risks are brought to the attention of our Board and Audit Committee. We therefore believe that the creation of a lead independent director position is not necessary at this time.

Board Risk Oversight

Our Board has ultimate responsibility for general oversight of risk management processes. The Board receives regular reports from Mr. Banks on areas of risk facing the Company. Our risk management processes are intended to identify, manage and control risks so that they are appropriate considering our scope, operations and business objectives. The full Board (or the appropriate Committee in the case of risks in areas for which responsibility has been delegated to a particular Committee) engages with the appropriate members of management to enable its members to understand and provide input to and oversight of our risk identification, risk management and risk mitigation strategies. The Audit Committee also meets without management present to, among other things, discuss the Company's risk management culture and processes. In the event, a Committee receives a report from a member of management regarding areas of risk, the Chairman of the relevant Committee will report on the discussion to the full Board to the extent necessary or appropriate. This enables the Board to coordinate risk oversight, particularly with respect to interrelated or cumulative

Board Committees

To assist it in carrying out its duties, the Board has delegated certain authority to an Audit Committee and a Compensation Committee as the functions of each are described below. Each member of the Audit and Compensation Committees has been determined by the Board to be "independent" for purposes of the listing standards of NYSE MKT and the rules of the Securities and Exchange Commission ("SEC"), including the heightened "independence" standard required for members of the Audit Committee. Additionally, our Board has determined that each member of the Compensation Committee is an "outside director" as defined for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and is a "Non-Employee Director" as defined in Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Audit Committee. The Audit Committee provides oversight of the Company's accounting policies, internal controls, financial reporting practices and legal and regulatory compliance. Among other things, the Audit Committee: appoints the independent auditor and evaluates its independence and performance; maintains a line of communication between the Board, the Company's financial management and the independent auditor; and oversees compliance with the Company's policies for conducting business, including ethical business standards. Our Board of Directors has determined that Mr. Morris qualifies as an "audit committee financial expert" as that term is defined in the listing standards of NYSE MKT and the applicable rules of the SEC.

The members of our Audit Committee prior to the closing of the merger were Rick D. Kasch and Gary L. Ronning. The Board determined that Mr. Kasch was an "audit committee financial expert" prior to the closing of the merger. In 2014, the Audit Committee held three meetings prior to the closing of the merger. The members of our Audit Committee as of the closing of the merger were Ben T. Morris (Chairperson), James W. Christmas and Frank A. Lodzinski. After the closing of the merger, the Audit Committee held one meeting.

Compensation Committee. The Compensation Committee oversees the development and administration of the Company's compensation policies and programs. The primary function of this Committee is to review and approve executive compensation and benefit

risks that may involve multiple areas for which more than one committee has responsibility.

The Corporate Secretary of the Company reviews communications to the independent directors and forwards the communications to the independent directors as appropriate. All such communications should identify the author as a shareholder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. Our Corporate Secretary will make copies of all such communications and circulate them to the appropriate director or directors. Communications involving substantive accounting or auditing matters will be immediately forwarded to the Chair of the Audit Committee. programs. Additionally, this Committee approves the compensation of our named executive officers, including the Chief Executive Officer. The Compensation Committee has retained a compensation consultant to assist the Committee in oversight and review of compensation policies of the Company. Our Chief Executive Officer is expected to recommend to the Compensation Committee the compensation for our other named executive officers.

The members of our Compensation Committee prior to the closing of the merger were Messrs. Kasch and Ronning. During 2014 and prior to the merger, the Compensation Committee did not hold any meetings. The members of our Compensation Committee as of the closing of the merger were Richard K. Stoneburner (Chairperson), James W. Christmas and Ben T. Morris. After the closing of the merger, the Compensation Committee did not hold any meetings.

Nominating Committee. Prior to the closing of the merger, we had a Nominating Committee for the purpose recommending prospective directors to fill vacancies that may arise from time to time and to propose individuals for election to the Board. Prior to the closing of the merger, Messrs. Kasch and Ronning served on the Nominating Committee. The Nominating Committee did not hold any meetings during 2014. After the closing of the merger, and as a result of being a "controlled company" as defined under the corporate governance rules of the NYSE MKT, our Board resolved to eliminate the Nominating Committee.

Corporate Code of Business Conduct and Ethics

Our Board adopted a Corporate Code of Business Conduct and Ethics (“Code of Ethics”), which provides general statements of our expectations regarding ethical standards that we expect our directors, officers and employees to adhere to while acting on our behalf. Among other things, the Code of Ethics provides that:

we will comply with all laws, rules and regulations;

our directors, officers, and employees are to avoid conflicts of interest and are prohibited from competing with the Company or personally exploiting our corporate opportunities;

our directors, officers, and employees are to protect our assets and maintain our confidentiality;

we are committed to promoting values of integrity and fair dealing; and

we are committed to accurately maintaining our accounting records under generally accepted accounting principles and timely filing our SEC periodic reports and tax returns

Our Code of Ethics also contains procedures for employees to report, anonymously or otherwise, violations of the Code of Ethics.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires the Company’s directors and certain executive officers, and persons who beneficially own more than ten percent of our common stock, to file initial reports of ownership and reports of changes in ownership of our common stock and our other equity securities with the SEC. As a practical matter, the Company assists its directors and officers by monitoring transactions and completing and filing Section 16 reports on their behalf. Based solely on a review of the copies of such forms in our possession and on written representations from reporting persons, we believe that during 2014 all of our named executive officers, directors and greater than ten percent holders filed the required reports on a timely basis under Section 16(a) of the Exchange Act, other than Form 4s for certain of our directors and executive officers that were required in

connection with the closing of the merger and were due on September 12, 2014. While not filed timely under Section 16(a), each of the Form 4s listed above was filed within a reasonable time following the deadline for timely filed reports.

PROPOSAL 2 –APPROVAL OF AN AMENDMENT TO OUR RESTATED ARTICLES OF INCORPORATION AND AN AMENDMENT TO OUR AMENDED AND RESTATED BYLAWS

General

Our Restated Articles of Incorporation and our Amended and Restated Bylaws currently authorize a board with a size in the range of four to seven directors. If approved, this proposal would amend (i) our Restated Articles of Incorporation and (ii) our Amended and Restated Bylaws to increase the size of this range to five to nine directors, thereby allowing us to have a Board of up to nine members.

On April 17, 2015, our Board adopted a resolution which authorizes, subject to shareholder approval, an amendment to our Restated Articles of Incorporation, whereby Article Fourth of our Restated Articles of Incorporation is amended and restated in its entirety to read as follows:

“FOURTH: The authorized number of directors of the Corporation shall be not less than five (5) nor more than nine (9), and the exact number of directors within those limits shall be determined from time to time by a resolution which is duly adopted by the Board of Directors of the Corporation in the manner provided in the Bylaws.”

Also, on April 17, 2015, our Board adopted a resolution which authorizes, subject to shareholder approval, an amendment to our Amended and Restated Bylaws, whereby Section C of Article II of our Amended and Restated Bylaws is amended and restated in its entirety to read as follows:

“Section C. Number of Directors.

The authorized number of directors of the Corporation shall be not less than

Background and Reasons for the Proposal

Under California law, a corporation may allow the directors to establish the exact size of the board within a stated range, provided that: (i) the shareholders approve the range; and (ii) the high-end of the range is no more than two times the low end, minus one. For example, if we had a low-end of the range of four directors, then the high end could be no more than seven directors (i.e., two times four, minus one).

No Appraisal Rights

No shareholder will be entitled to exercise appraisal rights or dissenter’s rights in connection with this Proposal 2.

Approval by the Shareholders of the Proposal

Because this proposal requires an amendment to the Company’s Restated Articles of Incorporation and the Amended and Restated Bylaws, an affirmative vote of the holders of a majority of the issued and outstanding shares of common stock as of the record date is required to approve this proposal. As a result, abstentions and broker non-votes will have the same effect as votes against this proposal.

five (5) nor more than nine (9), and the exact number of directors within those limits shall be five (5) unless and until the exact number of directors is changed from time to time, within such specified limits, by a resolution which is duly adopted by the Board.”

Our Board unanimously recommends that shareholders vote FOR an Amendment to our Restated Articles of Incorporation and an Amendment to our Amended and Restated Bylaws.

PROPOSAL 3 – ADVISORY VOTE ON EXECUTIVE COMPENSATION

Our Board is committed to high quality governance. As a part of that commitment, and in accordance with SEC rules, our shareholders are being asked to approve an advisory resolution on the compensation of our named executive officers, as reported in this proxy statement.

We seek to closely align the interests of our named executive officers with the interests of our shareholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder returns, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

This proposal, commonly known as a “say on pay” proposal, gives you the opportunity to endorse or not endorse our fiscal year 2014 executive compensation program and policies for the named executive officers through the following resolution:

Our Board unanimously recommends that shareholders vote FOR approval of the advisory vote on executive compensation.

Note: The Company is providing this advisory vote as required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (15 U.S.C. 78n-1). The shareholder vote will not be binding on the Company or the Board, and it will not be construed as overruling any decision by the Company or the Board or creating or implying any change to, or additional, fiduciary duties for the Company or the Board.

“RESOLVED, that shareholders of Yuma Energy, Inc. approve, on an advisory basis, the compensation of the Company’s named executive officers set forth in the Summary Compensation Table, the related compensation tables and the narrative in this proxy statement.”

This vote is not intended to address any specific item of compensation, but rather our overall compensation policies and procedures relating to our named executive officers. Accordingly, your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of our named executive officers. Because your vote is advisory, it will not be binding upon the Board and the Compensation Committee. Our Board, including the Compensation Committee, will, however, take into account the outcome of the “say on pay” vote when considering future compensation arrangements.

Narrative Disclosure to the Summary Compensation Table

The following discussion provides information about the compensation program for our named executive officers and is intended to place in perspective the information contained in the executive compensation tables.

Compensation Philosophy and Objectives. We operate in a highly competitive and challenging environment and must attract, motivate and retain highly talented individuals with the requisite technical and managerial skills to implement our business strategy. The objectives of our compensation program are to:

- help to attract and retain highly talented individuals to contribute to the Company's progress, growth and profitability by being competitive with compensation paid to persons having similar responsibilities and duties in other companies in the same industry;
- align the interests of the individual with those of our shareholders to encourage long-term value creation;
- be directly tied to the attainment of our annual performance targets and reflect individual contribution thereto; and
- reflect the unique qualifications, skills, experience and responsibilities of each individual.

Elements of Our Compensation Program – Base Salary. Base salary is the principal fixed component of our compensation program. It provides our named executive officers with a regular source of income to compensate them for their day-to-day efforts in managing the Company. Base salary is primarily used to attract and retain highly talented individuals. Base salary varies depending on the named executive officer's experience, responsibilities, education, professional standing in the industry, changes in the competitive marketplace and the importance of the position to the Company.

Short-Term Incentives. Short-term incentive compensation is the short-term variable portion of our compensation program and is based on the principle of pay-for-performance. The objective of short-term incentives is to reward our named executive officers based on the performance of the Company as a whole and the contributions of the individual named executive officer in relation to our success.

Long-Term Incentives. Long-term incentives are provided to our named executive officers under our 2014

Roles of our CEO and the Compensation Committee. Our Compensation Committee is comprised solely of independent directors and has overall responsibility for the compensation of our named executive officers. The Compensation Committee monitors our director and named executive officer compensation and benefit plans, policies and programs to insure that they are consistent with our compensation philosophy and objectives, along with our corporate governance guidelines. Our President and Chief Executive Officer, Mr. Banks, makes recommendations to the Compensation Committee regarding the base salary, short-term and long-term incentive compensation with respect to the named executive officers (other than himself) based on his analysis and assessment of their performance. Such officers are not present at the time of these deliberations. The Compensation Committee, in its discretion, may accept, modify or reject any or all such recommendations. The Compensation Committee independently determines the salary, short-term and long-term incentive compensation for our President and Chief Executive Officer with limited input from him. The Compensation Committee makes periodic awards to our named executive officers under our 2014 Plan.

Other Compensation Practices – Accounting and Tax Considerations. Our Compensation Committee reviews and takes into account current tax, accounting and securities regulations as they relate to the design of our compensation programs and related decisions. Section 162(m) of the Code, imposes a limit, with certain exceptions, on the amount that a publicly held corporation may deduct in any tax year for individual compensation to certain executives of such corporation exceeding \$1.0 million in any taxable year, unless the compensation is performance-based. We have no individuals with non-performance based compensation paid in excess of the Code Section 162(m) tax deduction limit.

Stock Ownership Guidelines and Hedging Prohibition. We do not currently have ownership requirements or a stock retention policy for our named executive officers or non-employee directors. Our Board has adopted a policy restricting all employees, including our named executive officers, and members of the Board from engaging in any hedging transactions with respect to our common stock held by them, which includes the purchase of any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds)

Long-Term Incentive Plan (the “2014 Plan”), which was approved by our shareholders in September 2014. These incentives are intended to align the interests of shareholders with employees by providing employees with incentive to perform technically and financially in a manner that promotes total shareholder return. Furthermore, we believe that long-term incentives create an incentive for future performance and create a retention incentive. In determining long-term incentives, the Compensation Committee considers a named executive officer’s potential for future successful performance and leadership as part of the executive management team, taking into account past performance and leadership as a key indicator.

Under our 2014 Plan, the Compensation Committee has the flexibility to choose between a number of forms of long-term incentive compensation, including stock options, stock appreciation rights, restricted stock awards, performance units, performance shares, or other incentive awards.

Other Benefits. All employees may participate in our 401(k) Retirement Savings Plan (“401(k) Plan”) established many years ago. Each employee may make before-tax contributions in accordance with the limits of the Internal Revenue Service. We provide the 401(k) Plan to help our employees attain financial security by providing them with a program to save a portion of their cash compensation for retirement in a tax efficient manner. Our matching contribution is an amount equal to 100% of the employee’s elective deferral contribution not to exceed 4.0% of the employee’s compensation; provided, however, that the matching contribution does not apply to our highly compensated employees, including our named executive officers.

All full time employees, including our named executive officers, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance.

designed to hedge or offset any decrease in the market value of such equity securities. The Board has also adopted a policy restricting our named executive officers and members of the Board from pledging, or using as collateral, our common stock in order to secure personal loans or other obligations, which includes holding shares of our common stock in a margin account.

We will continue to periodically review best practices and re-evaluate our position with respect to stock ownership guidelines and hedging prohibitions.

Clawback Provisions. Although we do not presently have any formal policies or practices that provide for the recovery of prior incentive compensation awards that were based on financial information later restated as a result of the Company’s material non-compliance with financial reporting requirements, in such event we reserve the right to seek all recoveries currently available under law. The Compensation Committee has included a provision into our equity grant agreements whereby the equity grants to named executive officers are subject to any clawback policies the Company may adopt which may result in the reduction, cancellation, forfeiture or recoupment of such grants if certain specified events occur, including, but not limited to, an accounting restatement due to any material noncompliance with financial reporting regulations by the Company.

Overriding Royalty Interest Plan. Our overriding royalty interest plan (the “royalty plan”) was established in 1983 with the formation of the predecessor of one of our subsidiaries for the issuance of a portion of certain overriding royalty interests developed and leased on our prospects from time to time by us to our employees and management. The purpose of the royalty plan is to provide an employee incentive plan to reward the successful generation and drilling of our prospects and provide for employee retention. The royalty plan is administered and interpreted by our Compensation Committee.

From time to time, we reserve approximately 3.5% of our net revenue interest (based on 100% of the net revenue interest) on our generated prospects as a pool to satisfy grants of overriding royalties under the royalty plan. This amount is subject to the approval of our partners in the applicable prospects via absorbing their proportionate share of the overriding royalty interests. The amount of each actual grant is typically subject to the terms of applicable employment agreements and the vesting

schedules included therein, unless otherwise determined.

Notwithstanding anything to the contrary, the royalty plan provides that nothing in it prohibits us from operating our business in the ordinary course. Also, we have no obligation to conduct any drilling operations or take any other action upon or with respect to any property subject to the royalty plan or to continue to operate any well or to operate or maintain in force any lease. In addition, we have the right at any time to surrender, abandon or otherwise terminate any such lease in whole or in part without any liability to any royalty plan participant.

Working Interest Incentive Plan. Our working interest incentive plan (the “working interest plan”) is intended to foster and promote the development and execution of our business by retaining and motivating our president and chief executive officer, Sam L. Banks, imposing on Mr. Banks the same risk incurred by us in our core operations, and providing for liquidity for Mr. Banks outside of the Company. The working interest plan was originally adopted in 1983 and most recently amended by the board of directors of our subsidiary, Yuma Co. on August 15, 2011 to limit the parameters of the working interest plan. Mr. Banks has participated in the working interest plan since 1983. The Board has the right to terminate the working interest plan at any time upon twelve months written notice of termination to Mr. Banks.

The working interest plan is administered and interpreted by the Board. The Board has the power to take any and all action the Board deems necessary or advisable for the proper operation or administration of the working interest plan. Subsequent to August 15, 2011, the Board has approved all property acquisitions under the working interest plan.

From time to time, we may acquire certain real property interests upon which we will generate one or several oil and gas prospects, or we may acquire a working interest in existing oil and gas prospects. Once we have generated a drillable prospect, or upon the acquisition of a working interest in an existing prospect from an unaffiliated third party, Mr. Banks has the option to acquire from us, or such unaffiliated third party directly, a working interest in such prospects in an amount up to 2.5% of our working interest. In lieu of acquiring a working interest in the prospects from us, Mr. Banks has the right, at his election, to participate with us on any production acquisitions in which we undertake in an amount up to 2.5% (previously 5.0%) of the working interest to be

acquired. The terms under which Mr. Banks acquires any interests will be on no better terms than the terms promoted to unaffiliated third parties who are drilling participants in our generated prospects.

The purchase price for any interests acquired from us will be determined using the same cost basis as we acquired such interest. The purchase price for any interests acquired from a third party in a transaction in which Mr. Banks participates will be determined in arm's length negotiations. The pricing and payment terms for any interests acquired will be no better than the terms promoted to unaffiliated third parties who are drilling participants in our generated prospects. Mr. Banks shall pay the purchase price for any interests acquired from us in cash at the closing of the acquisition, and he will be responsible for obtaining any financing required to purchase any interests. In no event will we advance the purchase price for any acquisition, assist Mr. Banks in obtaining financing, or otherwise arrange such financing or any other extension of credit for Mr. Banks in connection with the working interest plan, and will not provide any guarantee or other credit support to Mr. Banks.

Nothing in the working interest plan prohibits us from operating our business in the ordinary course. The working interest plan automatically terminates upon termination of Mr. Banks' employment or upon his death. Participating in the working interest plan does not give Mr. Banks any right to remain in the employ of or continue serving as a director of the Company or any of its subsidiaries.

Employment Contracts and Termination of Employment
Messrs. Banks, Sprunger and Hartman (collectively, the “officers”) entered into employment agreements with Yuma Co. on October 1, 2012, June 1, 2012, and June 15, 2014, respectively, and the Company assumed the obligations under such employment agreements in connection with the closing of the merger.

Under the terms of the employment agreements, Messrs. Banks, Sprunger and Hartman currently receive annual base salaries in the amount of \$425,000, \$292,500, and \$262,500, respectively, subject to any increase the Compensation Committee may deem appropriate from time to time. In addition, the officers are eligible to receive one or more annual cash bonuses and grants of stock options, restricted stock or other equity-related awards from our equity compensation plans, as determined by the Compensation Committee. Each of the employment agreements is on a month-to-month basis and may be terminated with 60 days’ notice.

The employment agreements include severance provisions that apply upon certain involuntary terminations of employment. As a condition to the payment of any severance benefit described below, we may require the officer to execute and not revoke a release of claims in favor of us. The employment agreements also contain certain restrictive covenants, including the obligation not to compete against the Company and a confidentiality requirement. In the event the officer violates these restrictive covenants, we may cease paying all severance benefits to the officer and may recover an amount equal to any severance benefits previously paid to the officer under the agreement.

The employment agreements provide that in the event of a termination of employment by the Company for cause or by the officer without good reason, the officer will be entitled to accrued but unpaid base salary and benefits through the date of termination but will forfeit any other compensation from the Company.

In the event the officer’s employment is terminated by such executive for good reason, then the officer will be entitled to receive (i) any earned but unpaid bonus, (ii) continued payments of base salary for a period of 12 months (or 24 months for Mr. Banks), assuming continued compliance with restrictive covenants and execution and non-revocation of a release of claims, and (iii) either the provision of continued participation in our health insurance plans or the payment of the officer’s premiums for continued health insurance pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”), in each case, for a period of 12 months (or 24 months for Mr. Banks).

The employment agreements also contain customary confidentiality and non-solicitation provisions. The non-solicitation provisions of the employment agreements prohibit the officers from soliciting for employment any employee of the Company or any person who was an employee of the Company. This prohibition applies during the officer’s employment with the Company and for two years following the termination of his employment and extends to offers of employment for his own account or benefit or for the account or benefit of any other person, firm or entity, directly or indirectly.

Please see the section titled “Potential Payments Triggered Upon a Change in Control.”

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee until September 10, 2014 were Messrs. Kasch and Ronning and the members since September 10, 2014 are Messrs. Stoneburner, Christmas and Morris. There are no members of our Compensation Committee who were officers or employees of the Company or any of our subsidiaries during fiscal year 2014. No members were formerly officers of the Company or had any relationship otherwise requiring disclosure hereunder. During fiscal year 2014, no interlocking relationships existed between any of our named executive officers or members of our Board or Compensation Committee, on the one hand, and the executive officers or members of the board of directors or compensation committee of any other entity, on the other hand.

Potential Payments Triggered Upon a Change in Control
The amounts shown in the following table reflect the potential value to our named executive officers, as of December 31, 2014, of cash payments under such named executive officer’s employment agreement and unvested restricted stock awards where the vesting may accelerate upon a change in control of the Company. The cash compensation in the table below assumes that the employment of the named executive is terminated by the named executive officer for good reason in accordance with the named executive officers’ employment agreement. Consistent with SEC requirements, these estimated amounts have been calculated as if the change in control had occurred as of December 31, 2014, the last business day of 2014, and using the closing market price of our common stock on December 31, 2014 (\$1.80 per share). The amounts below are estimates of the incremental amounts that would be received upon a change in control; the actual amount could be determined only at the time of any actual change in control.

INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee of the Board of Directors has retained Grant Thornton LLP (“Grant Thornton”) as our independent registered public accounting firm (our independent auditor). Grant Thornton audited our financial statements for the year ended December 31, 2014. A representative of Grant Thornton is expected to be present at the Annual Meeting and will respond to appropriate questions.

The audit reports of Grant Thornton on our consolidated financial statements as of and for the year ended December 31, 2014 did not contain an adverse opinion or disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope or accounting principles.

SingerLewak LLP (“SingerLewak”) served as the independent registered public accounting firm for the Company for the year ended December 31, 2013 and for the subsequent interim period through June 30, 2014. On September 11, 2014, the Company dismissed SingerLewak and engaged Grant Thornton to serve as the Company’s independent registered public accounting firm. The audit report of SingerLewak on the financial statements of the Company as of and for the years ended December 31, 2013 and 2012, did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles. A representative of SingerLewak is not expected to be present at the Annual Meeting but, if present, will respond to appropriate questions.

The decision to change accountants was recommended by the Audit Committee and approved by the Board.

During the fiscal years ended December 31, 2013 and 2012 and the subsequent interim period through June 30, 2014, Grant Thornton was not consulted as to the application of accounting principles, the type of audit opinion that might be rendered, or any matter that was the subject of a disagreement or a reportable event.

Audit Committee Pre-Approval Policies and Procedures
To help assure independence of the independent auditor, the Audit Committee has established a policy whereby all audit, review, attest and non-audit engagements of the principal auditor or other firms must be approved in advance by the Audit Committee; provided, however, that de minimis non-audit services may instead be approved in accordance with applicable SEC rules. This policy is set forth in our Audit Committee Charter. Of the fees shown in the table below, which were paid to our independent auditor, 100% were approved by the Audit Committee.

Fees Paid to Grant Thornton LLP and SingerLewak LLP
The following is a summary and description of fees for services provided by Grant Thornton in 2014, and SingerLewak in 2014 and 2013.

A copy of SingerLewak's letter, dated September 16, 2014, stating its agreement with the above statements, is attached as Exhibit 16 on our Current Report on Form 8-K filed with the SEC on September 16, 2014.

AUDIT COMMITTEE REPORT

Our Audit Committee reports to and acts on behalf of our Board by providing oversight of our financial management, independent auditor and financial reporting procedures. The Audit Committee operates under a written charter adopted by the Board. Our management is responsible for preparing our financial statements, and our independent auditor is responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by our management and the independent auditor. In this context, the Audit Committee has met and held discussions with management and the independent auditor. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditor prior to their release and filing.

The members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditor.

Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of our financial statements have been

The Audit Committee considered the fees and costs billed and expected to be billed by the independent auditor for our audit services. The Audit Committee has discussed with management the procedures for selection of consultants and the related competitive bidding practices and fully considered whether those services provided by the independent auditor are compatible with maintaining auditor independence.

In addition, the Audit Committee reviewed its Charter and received reports as required by its policy for the receipt, retention and treatment of financial reporting concerns received from external and internal sources.

The Audit Committee has discussed with the independent auditor, with and without management present, its evaluation of our internal accounting controls and the overall quality of our financial reporting.

Based on the reports and discussions described in this report and subject to the limitations on the roles and responsibilities of the Audit Committee referred to above and in its Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of Yuma Energy, Inc. be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC.

carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles, or that our independent auditor is in fact “independent.”

The Audit Committee has discussed with the independent auditor matters required to be discussed in the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380) as adopted by the Public Company Accounting Oversight Board (the “PCAOB”) in Rule 3200T, as may be modified or supplemented. In addition, the Audit Committee received from the independent auditor the written disclosures and the letter required by applicable requirements of the PCAOB, regarding the independent auditor’s communications with the Audit Committee concerning independence, and has discussed with the independent auditor the independent auditor’s independence.

(The foregoing Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing of Yuma Energy, Inc. under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Yuma Energy, Inc. specifically incorporates the Report by reference therein.)

PROPOSAL 4 – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has concluded that the continued retention of Grant Thornton LLP (“Grant Thornton”) is in the best interests of the Company and its shareholders and appointed Grant Thornton as the Company’s independent registered public accounting firm for 2015. Services provided to the Company and its subsidiaries by Grant Thornton during the year ended December 31, 2014 are described under the “Independent Public Accountants,” section above. Grant Thornton was appointed as the Company’s external auditor in September 2014. The Audit Committee evaluates the independent registered public accountant’s qualifications, performance, audit plan and independence each year. In addition to assuring the regular rotation of the lead audit partner every five years as required by SEC rules, one or more members of the Audit Committee also meets with candidates for the lead audit partner and the Committee discusses the appointment before rotation occurs.

We are asking our shareholders to ratify the selection of Grant Thornton as our independent registered public accounting firm. Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of Grant Thornton to our shareholders for ratification as a matter of good corporate practice.

Representatives of Grant Thornton will be present at the Annual Meeting to respond to appropriate questions and to make such statements as they may desire.

The affirmative vote of the holders of a majority of shares represented in person or by proxy and entitled to vote on this Proposal will be required for approval. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote.

The Board recommends that shareholders vote “FOR” ratification of the appointment of Grant Thornton as the Company’s independent registered public accountants for 2015.

In the event shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

Our Board unanimously recommends that shareholders vote FOR ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for 2015.

Our Code of Ethics states that a conflict of interest exists when an individual's private interest interferes in any way or even appears to interfere with our interests and sets forth a list of broad categories of the types of transactions that must be reported to our Board. Under our Code of Ethics, we reserve the right to determine when an actual or potential conflict of interest exists and then to take any action we deem appropriate to prevent the conflict of interest from occurring.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Voting Instructions and Information

Who Can Vote? You are entitled to vote your common stock if our records show that you held your shares as of the record date, April 24, 2015. At the close of business on that date, a total of 71,777,214 shares of common stock were outstanding and entitled to vote. Each share of common stock is entitled to one vote on the matters submitted for a vote at the Annual Meeting. Your voting instructions are confidential and will not be disclosed to persons other than those recording the vote, except if a shareholder makes a written comment on the proxy card, otherwise communicates his or her vote to management, as may be required in accordance with the appropriate legal process, or as authorized by you.

Of course, you can always come to the meeting and vote your shares in person.

Voting. You may either vote for, against or abstain on each of the proposals. Broker non-votes and abstentions will have no impact, as they are not counted as votes cast. Although the advisory vote in Proposal 3 is non-binding, as provided by law, our Board will review the results of the votes and, consistent with our commitment to shareholder engagement, will take them into account in making a determination concerning executive compensation. If you hold your shares in street name, and you do not submit voting instructions to your broker, bank or other nominee, such person will not be permitted to vote your shares in their discretion on the election of directors, the amendment to the Restated Articles of Incorporation and the amendment to our Amended and Restated Bylaws, or the advisory vote on executive compensation. However, if you hold your shares in street name, and you do not submit voting instructions to your broker, bank or other nominee, such person will be permitted to vote your shares in their discretion on the ratification of the appointment of the independent registered public accounting firm.

Matters to be Presented. We are not aware of any matters to be presented at the meeting, other than those described in this proxy statement. If any matters not described in the proxy statement are properly presented at the meeting, the proxies will use their own judgment to determine how to vote your shares. If the meeting is adjourned or postponed, the proxies can vote your shares at the adjournment or postponement as well.

Revoking Your Proxy. If you hold your shares in street name, you must follow the instructions of your broker, bank or other nominee to revoke your voting instructions. If you are a holder of record and wish to revoke your proxy instructions, you must advise our Corporate Secretary in writing before the proxies vote your shares at the meeting, deliver later-dated proxy instructions or attend the meeting and vote your shares in person. We will honor the proxy with the latest date.

How Votes Are Counted. A quorum is required to transact business at our Annual Meeting. A majority of the shares of common stock outstanding must be represented at the meeting in

the holders of a majority of the issued and outstanding shares of common stock.

Advisory Vote on Executive Compensation. Approval of the advisory vote on executive compensation requires the affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy at the Annual Meeting; provided that a quorum is present.

Ratification of Appointment of Grant Thornton LLP as Our Independent Registered Public Accounting Firm. Approval of the appointment of Grant Thornton LLP as our independent registered public accounting firm requires the affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy at the Annual Meeting; provided that a quorum is present.

Board Recommendations. THE BOARD RECOMMENDS THAT YOU VOTE FOR EACH OF THE DIRECTOR NOMINEES, FOR THE AMENDMENT TO THE RESTATED ARTICLES OF INCORPORATION AND THE AMENDMENT TO THE AMENDED AND RESTATED BYLAWS, FOR THE ADVISORY VOTE ON EXECUTIVE COMPENSATION, AND FOR RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Cost of Proxy Solicitation. We are providing these proxy materials in connection with the solicitation by the Board of Directors of proxies to be voted at the Annual Meeting. We will pay the cost of this proxy solicitation. We have retained Issuer Direct to aid in the solicitation of proxies, at an estimated cost of \$6,000 plus reimbursement of out of pocket expenses. In addition, we expect that a number of our employees will

person or by proxy to constitute a quorum. If you have returned valid proxy instructions or attend the meeting in person, your shares will be counted for the purpose of determining whether there is a quorum, even if you abstain from voting on some or all matters introduced at the meeting. In addition, broker non-votes will be treated as present for purposes of determining whether a quorum is present.

solicit shareholders personally, electronically and by telephone. None of these employees will receive any additional compensation for doing this. We will, on request, reimburse brokers, banks and other nominees for their expenses in sending proxy materials to their customers who are beneficial owners and obtaining their voting instructions.

Shareholder Proposals

In order to submit shareholder proposals for the 2016 Annual Meeting of Shareholders for inclusion in the Company's proxy statement pursuant to Exchange Act Rule 14a-8, materials must be received by our Corporate Secretary at the Company's principal executive office in Houston, Texas, no later than January 1, 2016. The proposals must comply with all of the requirements of Exchange Act Rule 14a-8. Proposals should be addressed to: Yuma Energy, Inc., Corporate Secretary, 1177 West Loop South, Suite 1825, Houston, Texas 77027. As the rules of the SEC make clear, simply submitting a proposal does not guarantee its inclusion.

The SEC also sets forth procedures under which shareholders may make proposals outside of the process described above in order for a shareholder to nominate persons for election as directors or to introduce an item of business at an annual meeting of shareholders. These procedures require that shareholders must submit nominations or items of business in writing to our Corporate Secretary at our office in Houston, Texas. We must receive the notice of your intention to introduce a nomination or to propose an item of business at our 2016 Annual Meeting no later than 45 days before the date on which the Company first sent proxy materials for the prior year's annual meeting if it is being held within 30 days preceding the anniversary date (June 9, 2015) of this year's meeting, which is a reasonable time before the Company will begin printing and sending its proxy materials.

For any other meeting, the nomination or item of business must be received by the tenth day following the date of public disclosure of the date of the meeting. These requirements are separate from and in addition to the SEC's requirements described in the first paragraph of this section relating to including a proposal in our proxy statements.

Assuming that our 2016 Annual Meeting is held on schedule, we must receive notice of your intention to introduce a nomination or other item of business at that meeting by March 16, 2016, which is a reasonable time before the Company will begin printing and sending its proxy materials. In order to curtail controversy as to the date on which a proposal was received by us, it is suggested that proponents submit their proposals by certified mail-return receipt requested.
