Letter

Fellow Shareholders: July 2018

Pulled one way and then another in a tug of war between a strong domestic economy and fears over fallout from a global trade conflict, the equity market emerged from the battle with moderate gains in the second quarter. The S&P 500® Index returned 3.43 percent and the Dow Jones Industrial Average (DJIA) advanced 1.26 percent. Technology stocks were the period's standout, powering the NASDAQ Composite Average to a strong return of 6.61 percent. The NASDAQ Composite rose for the eighth consecutive quarter and posted record highs in June.

The NASDAQ Composite's results built on a 2.59 percent gain in the first quarter, leading to a first half return of 9.37 percent. The S&P 500® was mildly negative, at a return of -0.76 percent for the first quarter, but its positive performance in the second quarter left it with a first half advance of 2.66 percent. That was not the case for the DJIA, whose modest second quarter gain could not overcome its -1.96 percent first quarter return, leaving it with a -0.73 percent return for the first six months.

Employment data were strong throughout the quarter. The March jobs report was below expectations, but after that the data for April, May and June were all strong. In May, the unemployment rate fell to 3.8 percent, the lowest since April 2000. Wages, however, showed muted gains. The Commerce Department reported that the U.S. economy grew moderately in the first quarter—2.3 percent, later adjusted downward to 2.0 percent—as robust business investment helped to offset weak consumer spending. Consumers kept an eye on gas prices, which continued to rise during the quarter, with U.S. crude hitting its highest price since 2014 in late June. Data indicated that economic activity in the industrial sector continued its long-term upward trend, but investors shunned industrial stocks over trade war concerns. As expected, in June the Federal Reserve raised the federal funds rate by another 0.25 percent to a range of 1.75 to 2.00 percent and issued a hawkish statement saying it may pick up the pace of rate increases if unemployment continues to fall and inflation rises.

Behind periodic sell-offs over the quarter—as well as reversals in the DJIA that stretched for up to eight trading days at a time—was the headline story of the quarter: fears of an escalating global trade war. The Trump administration imposed steel and aluminum tariffs on the European Union, Mexico and Canada, all of which retaliated with tariffs of their own. The U.S. also announced tariffs on \$34 billion of Chinese imports to the U.S. The Chinese shot back, saying the U.S. had started “the biggest trade war in history” and retaliated with tariffs on \$34 billion of U.S. goods. Additional U.S. tariffs on more than \$500 billion of imported Chinese goods were in play as the quarter ended. Technology stocks, which powered the NASDAQ Composite to its strong quarter, are subject to the forces shaping global trade, but were viewed by investors as having growth characteristics strong enough to buffer them from the most consequential impacts of tariffs, should they fully materialize.

**Liberty All-Star® Equity Fund**

Liberty All-Star® Equity Fund outperformed its primary benchmark as well as key market indices for the second quarter. For the period, the Fund returned 3.28 percent with shares valued at net asset value (NAV) with dividends reinvested and 7.19 percent with shares valued at market price with dividends reinvested. The Fund's primary benchmark, the Lipper Large-Cap Core Mutual Fund Average, returned 2.76 percent for the quarter. The Fund's

performance for the quarter ranked it in the top one-third of peer funds in the Lipper Large-Cap Core universe.

Semi-Annual Report (Unaudited) | June 30, 2018 1

Liberty All-Star® Equity Fund      President's  
Letter

*(Unaudited)*

Fund performance was also strong for the first half, as the Fund returned 3.75 percent with shares valued at NAV with dividends reinvested and 7.27 percent with shares valued at market price with dividends reinvested. The Lipper Large-Cap Core Mutual Fund Average returned 1.65 percent for the period. The Fund's performance for the first half ranked it in the top 10 percent of peer funds in the Lipper Large-Cap Core universe.

The discount at which Fund shares trade relative to their underlying NAV continued to narrow during the quarter. For the period, Fund shares traded in a discount range of -4.1 percent to -8.4 percent versus -7.4 percent to -9.3 percent for the first quarter.

As mentioned in last quarter's report, there was a Special Meeting of Shareholders on May 31 to approve new fund management and portfolio management agreements with ALPS Advisors and each of the current portfolio managers, respectively. This was required as a result of the acquisition of ALPS Advisors' parent company, DST Systems, Inc., by SS&C Technologies Holdings, Inc. Each of the proposals was overwhelmingly approved, and we thank shareholders for their support. Details about the vote may be found in the Additional Information section in this report.

In accordance with the Fund's distribution policy, the Fund paid a distribution of \$0.17 per share in the second quarter. The Fund's distribution policy has been in place since 1988 and is a major component of the Fund's total return. These distributions add up to \$26.56 per share for a total of more than \$2.8 billion since 1987 (the Fund's first full calendar year of operations). We continue to emphasize that shareholders should include these distributions when determining the total return on their investment in the Fund.

We invite shareholders to read the interview, appearing in this report, with Howard Gleicher, CFA, CEO and Chief Investment Officer of Aristotle Capital Management. Aristotle is one of the Fund's three value managers, and this is our first standalone interview with the firm since it was retained two and a half years ago.

We are gratified by the Fund's performance in the second quarter and throughout the first half of 2018. Looking ahead, much remains unresolved—principally, the potential economic fallout if global trade tensions escalate. As the ultimate outcome cannot be anticipated, we will continue our commitment to superior Fund management. Indeed, the Fund's strong performance over the past few years—ranking it in the top one-third of the Lipper Large-Cap Core universe for the past three years and the top half for the past five years—serves to confirm the validity of the Fund's multi-manager structure, focus on long-term investment objectives and dedication to placing shareholder interests first and foremost.

Sincerely,

William R. Parmentier, Jr.

President and Chief Executive Officer

Sources of distributions to shareholders may include ordinary dividends, long-term capital gains and return of capital. The final determination of the source of all distributions in 2018 for tax reporting purposes will be made after year end. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during its fiscal year and may be subject to changes based on tax regulations. Pursuant to Section 852 of the Internal Revenue Code, the taxability of these distributions will be reported on Form 1099-DIV for 2018.

Performance returns for the Fund are total returns, which include dividends. Returns are net of management fees and other Fund expenses.

The returns shown for the Lipper Large-Cap Core Mutual Fund Average are based on open-end mutual funds' total returns, which include dividends, and are net of fund expenses. Returns for the unmanaged Dow Jones Industrial Average, NASDAQ Composite Index and the S&P 500® Index are total returns, including dividends. A description of the Lipper benchmark and the market indices can be found on page 38.

**Past performance cannot predict future results.** Performance will fluctuate with market conditions. Current performance may be lower or higher than the performance data shown. Performance information does not reflect the

deduction of taxes that shareholders would pay on Fund distributions or the sale of Fund shares. An investment in the Fund involves risk, including loss of principal.

Closed-end funds raise money in an initial public offering and shares are listed and traded on an exchange. Open-end mutual funds continuously issue and redeem shares at net asset value. Shares of closed-end funds frequently trade at a discount to net asset value. The price of the Fund's shares is determined by a number of factors, several of which are beyond the control of the Fund. Therefore, the Fund cannot predict whether its shares will trade at, below or above net asset value.

The Fund's net investment income and net realized capital gains exceeded the amount to be distributed under the Fund's distribution policy. In each case, the Fund elected to pay taxes on the undistributed income and passed through a proportionate tax credit to shareholders.

The number of shares offered was increased by an additional 25 percent to cover a portion of the over-subscription requests.

Effective with the second quarter distribution, the annual distribution rate was changed from 10 percent to 6 percent.

Effective with the second quarter distribution, the annual distribution rate was changed from 6 percent to 8 percent.

Effective with the fourth quarter distribution, the annual distribution rate was changed from 8 percent to 10 percent.

## **DISTRIBUTION POLICY**

The current policy is to pay distributions on its shares totaling approximately 10 percent of its net asset value per year, payable in four quarterly installments of 2.5 percent of the Fund's net asset value at the close of the New York Stock Exchange on the Friday prior to each quarterly declaration date. Sources of distributions to shareholders may include ordinary dividends, long-term capital gains and return of capital. The final determination of the source of all distributions in 2018 for tax reporting purposes will be made after year end. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during its fiscal year and may be subject to changes based on tax regulations. If a distribution includes anything other than net investment income, the Fund provides a Section 19(a) notice of the best estimate of its distribution sources at that time. These estimates may not match the final tax characterization (for the full year's distributions) contained in shareholders' 1099-DIV forms after the end of the year. If the Fund's ordinary dividends and long-term capital gains for any year exceed the amount distributed under the distribution policy, the Fund may, in its discretion, retain and not distribute capital gains and pay income tax thereon to the extent of such excess.

Liberty All-Star® Equity Fund Manager Interview

*(Unaudited)*

**Howard Gleicher, CFA**  
*CEO and Chief Investment Officer*  
*Aristotle Capital Management, LLC*

**ARISTOTLE BUILDS ON THE PHILOSOPHER'S BELIEF IN THE PURSUIT OF EXCELLENCE**

*Aristotle seeks to invest in high quality companies that it believes are selling at a significant discount to their intrinsic value and where a catalyst exists that will lead to a realization by the market of this true value. Aristotle practices a fundamental, bottom-up research-driven process and invests with a long-term perspective. We recently had the opportunity to talk with Howard Gleicher, CFA, Aristotle's CEO and Chief Investment Officer. The Fund's Investment Advisor, ALPS Advisors, Inc., conducted the interview.*

**Let's start with the name: Aristotle. What's behind the intriguing name?**

*"The name Aristotle means 'the best purpose,' which is derived from the words aristos (best) and telos (purpose). To us, 'best purpose' means doing our best for our clients, our employees, our community and our shareholders."*

Aristotle, the great philosopher, emphasized the importance of developing excellence, or virtue, of character. In his view, excellence of character is a state concerned with choice and can be achieved when one is able to take the right action, at the right time, with the right motive and in the right way. At Aristotle, we embrace this concept.

The name Aristotle (Greek name Aristotélēs) means "the best purpose," which is derived from the words aristos (best) and telos (purpose). To us, "best purpose" means that our purpose is to achieve excellence and to do so for our clients, our employees, our community and our shareholders. This philosophy is embodied in the following Aristotle Capital tenets:

Clients—Our first and primary responsibility is to our clients. This is the foundation for our success.

Employees—We are committed to fostering a setting that spurs intellectual growth and creating a culture of honesty, hard work and integrity.

Edgar Filing: LIBERTY ALL STAR EQUITY FUND - Form N-CSRS

Community—We commit time, talent and resources to give back to our local communities.

Shareholders—Through strong leadership and adherence to the Aristotle philosophy, we will strive to deliver an outstanding long-term return on investment to our shareholders.

**As this is your first standalone interview as a manager for Liberty All-Star Equity Fund, please highlight the philosophy driving your value style and your strategy and share with us the characteristics that make Aristotle unique.**

Liberty All-Star® Equity Fund Manager Interview

*(Unaudited)*

Value investing is often associated with lower quality, but our philosophy is different. At Aristotle, we look for high-quality companies whose current stock prices do not reflect the intrinsic value of the enterprises. They must be on a path to their full potential via identifiable catalysts.

A catalyst is an action or event that will propel a company to meet its potential. Unless you are a private equity or activist investor who can directly implement change to improve a business, buying a company without a catalyst is akin to an investment strategy based on hope. We target companies with room for improvement that are making the tough decisions today that act as a catalyst to better position them for the future. If our analysis of improving business prospects is accurate, we reduce the probability of falling into a value trap, as we believe that stock prices eventually follow fundamentals.

**Aristotle selects stocks and builds portfolios from the bottom up, independent of the economic cycle. Recently, macro factors have been having a major impact on stock market performance. The primary example is trade tensions and the threat of tariffs that could negatively impact some U.S. companies. Do macro factors, such as this, ever enter into your decision-making process and if so, how?**

Is economics an art or a science? There is no clear answer to this question. It is often perception versus reality. This is why, although we do not ignore economics, it plays only a secondary role in our individual company approach and, even then, we consider it only from a long-term perspective.

*“Decades of investment experience have proven to us that short-term events are unlikely to impact the long-term fundamentals and intrinsic values of the companies that meet our quality criteria.”*

While we don’t consider it prudent to ignore the current “trade war” headlines, we think it’s an equally unwise strategy to react to them. Decades of investment experience have proven to us that short-term events are unlikely to impact the long-term fundamentals and intrinsic values of the companies that meet our quality criteria. Rather than attempting to forecast an outcome that is completely outside of our control, such as current trade winds, we choose to spend our time studying businesses that can navigate uncertainty and improve their prospects regardless of the environment.

**Please tell us about a long-term holding in the portion of the Liberty All-Star Equity Fund portfolio that you manage that exemplifies Aristotle’s style and strategy, and why. Please do the same for a recent addition to the portfolio.**

As our approach is not formulaic, but instead dependent on company analysis, a compilation of many examples over time is a helpful way to convey the mosaic of our investment style, so thank you for asking. Two examples we would like to share with you are long-time holding The Home Depot Company and recent purchase East West Bank.

Semi-Annual Report (Unaudited) | June 30, 2018 9

Liberty All-Star® Equity Fund Manager Interview

*(Unaudited)*

Home Depot is the number one home improvement retailer with roughly 15 percent market share. The company created the retail category that many of us take for granted today. Despite offering the seemingly same goods and services as its competitor Lowe's, Home Depot has been able to earn a return on invested capital in the low 30 percent range while Lowe's is at a still respectable, yet far behind high-teens rate. In addition to over 2,000 stores with advantaged locations, Home Depot has a nearly impossible to replicate supply chain and logistics operation, providing meaningful barriers to entry. Operational excellence, particularly for the pro customer, which makes up 5 percent of the customer base and a stunning 45 percent of sales, has enabled and, we believe, will continue to enable, market share gains that will drive increased intrinsic value creation going forward.

East West Bank is a unique bank in an otherwise homogenous U.S. banking system. The company began operations in 1973 as a savings institution serving the ethnic Chinese community in Southern California. Over the years, East West has grown into a full-service commercial bank acting as the "bridge" connecting Greater China (East) and the U.S. (West). As one of only three U.S. banks with a banking license in China and decades of experience catering to its customers' distinct culture, geography and business practices, East West is uniquely positioned to build upon past successes and expand its presence outside of Southern California to areas such as Texas and the Southeast and Northeast regions of the U.S.

**Many thanks for informing Fund shareholders about Aristotle Capital Management.**

The Fund is considered an investment company under U.S. GAAP and follows the accounting and reporting guidance applicable to investment companies in the Financial Accounting Standards Board *Accounting Standards Codification* Topic 946.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates.

## Security Valuation

Equity securities are valued at the last sale price at the close of the principal exchange on which they trade, except for securities listed on the NASDAQ Stock Market LLC (“NASDAQ”), which are valued at the NASDAQ official closing price. Unlisted securities or listed securities for which there were no sales during the day are valued at the closing bid price on such exchanges or over-the-counter markets.

Cash collateral from securities lending activity is reinvested in the State Street Navigator Securities Lending Government Money Market Portfolio, a registered investment company under the 1940 Act, which operates as a money market fund in compliance with Rule 2a-7 under the 1940 Act. Shares of registered investment companies are valued daily at that investment company’s net asset value per share.

The Fund’s investments are valued at market value or, in the absence of market value with respect to any portfolio securities, at fair value according to procedures adopted by the Fund’s Board of Trustees (the “Board”). When market quotations are not readily available, or in management’s judgment they do not accurately reflect fair value of a security, or an event occurs after the market close but before the Fund is priced that materially affects the value of a security, the securities will be valued by the Fund’s Fair Valuation Committee using fair valuation procedures established by the Board. Examples of potentially significant events that could materially impact the value of a security include, but are not limited to: single issuer events such as corporate actions, reorganizations, mergers, spin-offs, liquidations, acquisitions and buyouts; corporate announcements on earnings or product offerings; regulatory news; and litigation and multiple issuer events such as governmental actions; natural disasters or armed conflicts that affect a country or a region; or significant market fluctuations. Potential significant events are monitored by the Advisor ALPS Advisors Inc. (the “Advisor”), Sub-Advisers and/or the Valuation Committee through independent reviews of market indicators, general news sources and communications from the Fund’s custodian. As of June 30, 2018, the Fund held no securities that were fair valued.

**Security Transactions**

Security transactions are recorded on trade date. Cost is determined and gains/(losses) are based upon the specific identification method for both financial statement and federal income tax purposes.

**Income Recognition**

Interest income is recorded on the accrual basis. Corporate actions and dividend income are recorded on the ex-date.

The Fund estimates components of distributions from real estate investment trusts ("REITs"). Distributions received in excess of income are recorded as a reduction of the cost of the related investments. Once the REIT reports annually the tax character of its distributions, the Fund revises its estimates. If the Fund no longer owns the applicable securities, any distributions received in excess of income are recorded as realized gains.

**Lending of Portfolio Securities**

The Fund may lend its portfolio securities only to borrowers that are approved by the Fund's securities lending agent, State Street Bank & Trust Co. ("SSB"). The Fund will limit such lending to not more than 30% of the value of its total assets. The borrower pledges and maintains with the Fund collateral consisting of cash (U.S. Dollar only), securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, or by irrevocable bank letters of credit issued by a person other than the Borrower or an affiliate of the Borrower. The initial collateral received by the Fund is required to have a value of no less than 102% of the market value of the loaned securities for securities traded on U.S. exchanges and a value of no less than 105% of the market value for all other securities. The collateral is maintained thereafter, at a market value equal to no less than 100% of the current value of the securities on loan. The market value of the loaned securities is determined at the close of each business day and any additional required collateral is delivered to the Fund on the next business day. During the term of the loan, the Fund is entitled to all distributions made on or in respect of the loaned securities. Loans of securities are terminable at any time and the borrower, after notice, is required to return borrowed securities within the standard time period for settlement of securities transactions.

Any cash collateral received is reinvested in a money market fund managed by SSB as disclosed in the Fund's Schedule of Investments and is reflected in the Statement of Assets and Liabilities as a payable for collateral upon return of securities loaned. Non-cash collateral, in the form of securities issued or guaranteed by the U.S. government

Edgar Filing: LIBERTY ALL STAR EQUITY FUND - Form N-CSRS

or its agencies or instrumentalities, is not disclosed in the Fund's Statements of Assets and Liabilities as it is held by the lending agent on behalf of the Fund and the Fund does not have the ability to re-hypothecate these securities. Income earned by the Fund from securities lending activity is disclosed in the Statement of Operations.

Semi-Annual Report (Unaudited) | June 30, 2018 25

Liberty All-Star® Equity Fund Notes to Financial Statements

*June 30, 2018 (Unaudited)*

The following is a summary of the Fund's securities lending positions and related cash and non-cash collateral received as of June 30, 2018:

Market Value of Securities on Loan	Cash Collateral Received	Non-Cash Collateral Received	Total Collateral Received
\$4,877,224	\$ —	\$4,959,891	\$4,959,891

The risks of securities lending include the risk that the borrower may not provide additional collateral when required or may not return the securities when due. To mitigate these risks, the Fund benefits from a borrower default indemnity provided by SSB. SSB's indemnity allows for full replacement of securities lent wherein SSB will purchase the unreturned loaned securities on the open market by applying the proceeds of the collateral, or to the extent such proceeds are insufficient or the collateral is unavailable, SSB will purchase the unreturned loan securities at SSB's expense. However, the Fund could suffer a loss if the value of the investments purchased with cash collateral falls below the value of the cash collateral received.

### **Fair Value Measurements**

The Fund discloses the classification of its fair value measurements following a three-tier hierarchy based on the inputs used to measure fair value. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability that are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability that are developed based on the best information available.

Valuation techniques used to value the Fund's investments by major category are as follows:

Equity securities that are valued based on unadjusted quoted prices in active markets are categorized as Level 1 in the hierarchy. In the event there were no sales during the day or closing prices are not available, securities are valued at the mean of the most recent quoted bid and ask prices on such day and are generally categorized as Level 2 in the

hierarchy. Investments in open-end mutual funds are valued at their closing NAV each business day and are categorized as Level 1 in the hierarchy.

Various inputs are used in determining the value of the Fund's investments as of the end of the reporting period. When inputs used fall into different levels of the fair value hierarchy, the level in the hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The designated input levels are not necessarily an indication of the risk or liquidity associated with these investments.

These inputs are categorized in the following hierarchy under applicable financial accounting standards:

**Level 1** Unadjusted quoted prices in active markets for identical investments, unrestricted assets or liabilities that a  
– Fund has the ability to access at the measurement date;

Liberty All-Star® Equity Fund Notes to Financial Statements

June 30, 2018 (Unaudited)

**Level 2 –** Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

**Level 3 –** Significant unobservable prices or inputs (including the Fund's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The following is a summary of the inputs used to value the Fund's investments as of June 30, 2018:

Investments in Securities at Value*	Valuation Inputs			Total
	Level 1	Level 2	Level 3	
Common Stocks	\$1,298,367,963	\$ —	\$ —	\$1,298,367,963
Short Term Investments	32,993,236	—	—	32,993,236
Total	\$1,331,361,199	\$ —	\$ —	\$1,331,361,199

\* See Schedule of Investments for industry classifications.

The Fund recognizes transfers between the levels as of the end of the period. For the six months ended June 30, 2018, the Fund did not have any transfers between Level 1 and Level 2 securities. The Fund did not have any securities that used significant unobservable inputs (Level 3) in determining fair value during the period.

### Distributions to Shareholders

The Fund currently has a policy of paying distributions on its shares of beneficial interest totaling approximately 10% of its net asset value per year. The distributions are payable in four quarterly distributions of 2.5% of the Fund's net asset value at the close of the New York Stock Exchange on the Friday prior to each quarterly declaration date. Distributions to shareholders are recorded on ex-date.

### NOTE 3. FEDERAL TAX INFORMATION AND TAX BASIS INFORMATION

The timing and character of income and capital gain distributions are determined in accordance with income tax regulations, which may differ from GAAP. Reclassifications are made to the Fund's capital accounts for permanent tax differences to reflect income and gains available for distribution (or available capital loss carryforwards) under income tax regulations. If, for any calendar year, the total distributions made under the distribution policy exceed the Fund's net investment income and net realized capital gains, the excess will generally be treated as a non-taxable return of capital, reducing the shareholder's adjusted basis in his or her shares. If the Fund's net investment income and net realized capital gains for any year exceed the amount distributed under the distribution policy, the Fund may, in its discretion, retain and not distribute net realized capital gains and pay income tax thereon to the extent of such excess.

Semi-Annual Report (Unaudited) | June 30, 2018 27

Liberty All-Star® Equity Fund Notes to Financial Statements

June 30, 2018 (Unaudited)

**Classification of Distributions to Shareholders**

Net investment income and net realized gain/(loss) may differ for financial statement and tax purposes. The character of distributions made during the year from net investment income or net realized gains may differ from its ultimate characterization for federal income tax purposes. The amounts and characteristics of tax basis distributions and composition of distributable earnings/(accumulated losses) are finalized at fiscal year-end. Also, due to the timing of dividend distributions, the fiscal year in which amounts are distributed may differ from the fiscal year in which the income or realized gain was recorded by the Fund. The amounts and characteristics of tax basis distributions and composition of distributable earnings/(accumulated losses) are finalized at fiscal year-end; accordingly, tax basis balances have not been determined as of June 30, 2018.

The tax character of distributions paid during the year ended December 31, 2017 were as follows:

Distributions Paid From:	12/31/2017
Ordinary Income	\$18,658,161
Long-term capital gains	75,633,423
Return of Capital	12,389,406
Total	\$106,680,990

As of June 30, 2018, the cost of investments for federal income tax purposes and accumulated net unrealized appreciation/(depreciation) on investments was as follows:

Cost of Investments	Gross unrealized Appreciation (excess of value over tax cost)	Gross unrealized Depreciation (excess of tax cost over value)	Net Unrealized Appreciation
\$1,061,809,204	\$310,081,076	\$(40,529,081)	\$269,551,995

The differences between book-basis and tax-basis are primarily due to deferral of losses from wash sales and the differing treatment of certain other investments.

### **Federal Income Tax Status**

For federal income tax purposes, the Fund currently qualifies, and intends to remain qualified, as a regulated investment company under the provisions of Subchapter M of the Internal Revenue Code of 1986, as amended, by distributing substantially all of its investment company taxable net income including realized gain, not offset by capital loss carryforwards, if any, to its shareholders. Accordingly, no provision for federal income or excise taxes has been made.

As of and during the six months ended June 30, 2018, the Fund did not have a liability for any unrecognized tax benefits. The Fund files U.S. federal, state, and local tax returns as required. The Fund's tax returns are subject to examination by the relevant tax authorities until expiration of the applicable statute of limitations, which is generally three years after the filing of the tax return. Tax returns for open years have incorporated no uncertain tax positions that require a provision for income taxes.

**NOTE 4. FEES AND COMPENSATION PAID TO AFFILIATES**

**Investment Advisory Fee**

ALPS Advisors, Inc. (“AAI”) serves as the investment advisor to the Fund. AAI receives a monthly investment advisory fee based on the Fund’s average daily net assets at the following annual rates:

Average Daily Net Assets	Annual Fee Rate
First \$400 million	0.800 %
Next \$400 million	0.720 %
Next \$400 million	0.648 %
Over \$1.2 billion	0.584 %

Investment Advisory Fees for the six months ended June 30, 2018 are reported on the Statement of Operations.

AAI retains multiple Portfolio Managers to manage the Fund’s investments in various asset classes. AAI pays each Portfolio Manager a portfolio management fee based on the assets of the investment portfolio that they manage. The portfolio management fee is paid from the investment advisory fees collected by AAI and is based on the Fund’s average daily net assets at the following annual rates:

Average Daily Net Assets	Annual Fee Rate
First \$400 million	0.400 %
Next \$400 million	0.360 %
Next \$400 million	0.324 %
Over \$1.2 billion	0.292 %

**Administration, Bookkeeping and Pricing Services**

ALPS Fund Services, Inc. (“ALPS”) serves as the administrator to the Fund and the Fund has agreed to pay expenses incurred in connection with this service. Pursuant to an Administrative, Bookkeeping and Pricing Services Agreement, ALPS provides operational services to the Fund including, but not limited to, fund accounting and fund administration and generally assists in the Fund’s operations. Officers of the Trust are employees of ALPS. The Fund’s administration fee is accrued on a daily basis and paid monthly. Administration, Pricing and Bookkeeping fees paid by the Fund for the six months ended June 30, 2018 are disclosed in the Statement of Operations.

The Fund also reimburses ALPS for out-of-pocket expenses and charges, including fees payable to third parties for pricing the Fund’s portfolio securities and direct internal costs incurred by ALPS in connection with providing fund accounting oversight and monitoring and certain other services.

### **Fees Paid to Officers**

All officers of the Fund, including the Fund’s Chief Compliance Officer, are employees of AAI or its affiliates, and receive no compensation from the Fund. The Board of Trustees has appointed a Chief Compliance Officer to the Fund in accordance with federal securities regulations.

**NOTE 5. PORTFOLIO INFORMATION**

**Purchases and Sales of Securities**

For the six months ended June 30, 2018, the cost of purchases and proceeds from sales of securities, excluding short-term obligations, were \$144,349,548 and \$192,167,999, respectively.

**NOTE 6. CAPITAL TRANSACTIONS**

During the six months ended June 30, 2018 and year ended December 31, 2017, distributions in the amounts of \$21,695,530 and \$24,205,291, respectively, were paid in newly issued shares valued at market value or net asset value, but not less than 95% of market value. Such distributions resulted in the issuance of 3,419,329 and of 4,143,441 shares, respectively.

Under the Fund's Automatic Dividend Reinvestment and Direct Purchase Plan (the "Plan"), shareholders automatically participate and have all their Fund dividends and distributions reinvested. Under the Plan, all dividends and distributions will be reinvested in additional shares of the Fund. Distributions declared payable in cash will be reinvested for the accounts of participants in the Plan in additional shares purchased by the Plan Agent on the open market at prevailing market prices, subject to certain limitations as described more fully in the Plan. Distributions declared payable in shares are paid to participants in the Plan entirely in newly issued full and fractional shares valued at the lower of market value or net asset value per share on the valuation date for the distribution (but not at a discount of more than 5 percent from market price). Dividends and distributions are subject to taxation, whether received in cash or in shares.

**NOTE 7. INDEMNIFICATION**

In the normal course of business, the Fund enters into contracts that contain a variety of representations and warranties and which provide general indemnities. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims against the Fund. Also, under the Fund's organizational documents and by contract, the Trustees and Officers of the Fund are indemnified against certain liabilities that may arise out of their duties to the Fund. However, based on experience, the Fund expects the risk of loss due to these warranties and indemnities to be minimal.

**NOTE 8. TRUSTEES FEES**

As of June 30, 2018, there were seven Trustees, six of whom are not “interested persons” of the Fund within the meaning of that term under the 1940 Act (each, an “Independent Trustee”). The Independent Chairman of the Board receives a quarterly retainer of \$8,250; the Independent Audit Committee Chairman receives a quarterly retainer of \$5,750; the Nominating and Governance Committee (“Nominating Committee”) Chairman receives a quarterly retainer of \$5,000; and all other Independent Trustees receive a quarterly retainer of \$4,500. Each Independent Trustee also receives a meeting fee of \$4,500 for attendance in person at a regular scheduled meeting or a special meeting; \$4,500 for attendance by telephone at a regular meeting; and \$1,000 for attendance by telephone for a special meeting. Each Audit Committee member receives \$4,500 for attendance at an in person Audit Committee meeting and \$1,000 for attendance at a telephonic Audit Committee meeting. Each Nominating Committee member receives \$1,000 for attendance at an in person or telephonic Nominating Committee meeting. If an Audit Committee or Nominating Committee meeting is held in conjunction with a regular or special board meeting, the Trustees are only compensated for the regular or special board meeting. Independent Trustees are also reimbursed for all reasonable out-of-pocket expenses relating to attendance at meetings. Trustees’ fees are allocated between the Fund and the Liberty All-Star® Growth Fund, Inc. One-third of the Trustees’ fees are equally shared and the remaining two-thirds are allocated based on each Fund’s proportionate share of total net assets. Trustees’ fees and expenses accrued by the Fund for the six months ended June 30, 2018 are reported on the Statement of Operations.

Board Consideration of the Renewal of the Fund  
Liberty All-Star® Equity Fund Management & Portfolio Management Agreements

*(Unaudited)*

The Investment Company Act of 1940 requires that the Board of Trustees (“Board”) of the Liberty All-Star Equity Fund (“Fund”), including all of the Trustees who are not “interested persons” of the Fund (“Independent Trustees”), consider on an initial basis and annually thereafter, at an in-person meeting called for such purpose, whether to approve the Fund’s investment advisory and portfolio management agreements. The 1940 act also requires approval of such agreements in the event of any change of control. Approval of new investment advisory and portfolio management agreements were required as a result of transactions whereby DST Systems, Inc. (“DST”) became a wholly owned subsidiary of SS&C Technologies Holdings, Inc. (“SS&C”) and Sustainable Growth Advisers, LP (“Sustainable”) entered into a partnership with Virtus Investment Partners (“Virtus”).

The Fund’s Board met in person on March 22, 2018 to evaluate, among other things: (1) the proposed transaction whereby DST will become a wholly owned subsidiary of SS&C. (The “Transaction”); (2) the transaction whereby Sustainable will enter into a partnership with Virtus (the “Sustainable Transaction”); (3) ALPS Advisors, Inc.; and, (4) the Portfolio Managers. The Board also met to determine whether approving the New Fund Management Agreement with ALPS Advisors, the New Portfolio Management Agreements and the New Agreement with Sustainable was in the best interests of the Fund’s Shareholders.

In consideration of the approval of the New Fund Management Agreement, New Portfolio Management Agreements and New Sustainable Agreement, the Board and its counsel reviewed materials furnished by ALPS Advisors, DST, SS&C and the Portfolio Managers, and communicated with senior representatives of ALPS Advisors, DST and the Portfolio Managers regarding their personnel, operations and financial condition. The Board also reviewed the terms of the Transaction and considered its possible effects on the Fund and the Shareholders. In this regard, the Board Members spoke with representatives of ALPS Advisors and DST during the Board meeting and in private sessions to discuss the anticipated effects of the Transaction. The Board also reviewed the terms of the Sustainable Transaction and considered its possible effects on the Fund and the Shareholders. In this regard, the Board Members spoke with representatives of ALPS Advisors and Sustainable during the Board meeting and in private sessions to discuss the anticipated effects of the Sustainable Transaction.

During these meetings, the representatives of ALPS Advisors and DST indicated their belief, based on discussions with DST and SS&C (and with respect to (iii) the Portfolio Managers), that the Transaction would not adversely affect (i) the continued operation of the Fund; (ii) the capabilities of the senior investment advisory personnel of ALPS Advisors who currently manage the Fund to continue to provide these and other services to the Fund at the current levels; or (iii) the capabilities of each Portfolio Manager to continue to provide the same level of portfolio management and other services to the Fund. In addition, during these meetings, the representatives of ALPS Advisors and Sustainable indicated their belief that the Transaction would not adversely affect (i) the continued operation of the Fund or (ii) the capabilities of Sustainable to continue to provide the same level of portfolio management and other services to the Fund.

Board Consideration of the Renewal of the Fund  
Liberty All-Star® Equity Fund Management & Portfolio Management Agreements

*(Unaudited)*

**Approval of New Fund Management Agreement and New Portfolio Management Agreements**

Information provided by DST and ALPS Advisors for the Board's consideration included responses by DST and ALPS Advisors relating to the terms of the Transaction, the effect of the Transaction on the Fund, their service providers or fee structure, and any significant changes (actual or anticipated) to the composition of the Board, officers, operations of the Fund, ALPS Advisors management personnel, or the fee schedule under the Existing Agreements. In addition, information is regularly provided to the Board. Information furnished at Board meetings throughout the year included ALPS Advisors' analysis of the Fund's investment performance, presentations given by the Fund's Portfolio Managers and various reports on compliance and other services provided by ALPS Advisors and its affiliates.

Based on their evaluation of the Transaction and the information presented, the Board concluded that the terms of the New Fund Management Agreement and the New Portfolio Management Agreements were reasonable and fair and that the approval of the New Fund Management Agreement and the New Portfolio Management Agreements was in the best interest of the Fund and the shareholders. Accordingly, the Board voted to approve the New Fund Management Agreement and the New Portfolio Management Agreements for the Fund and recommended that shareholders approve the New Fund Management Agreement and the New Portfolio Management Agreements with the Fund. The Board did not identify any single factor or group of factors as being of paramount importance in reaching its conclusions and determinations with respect to the approval of the New Fund Management Agreement and the New Portfolio Management Agreements for the Fund. Although not meant to be all-inclusive, set forth below is a description of certain of the factors that were considered by the Board in deciding to approve the New Fund Management Agreement and the New Portfolio Management Agreements for the Fund. In determining whether to approve the New Fund Management Agreement and New Portfolio Management Agreements for the Fund, and whether to recommend approval to Shareholders, the Board received information and made inquiries into all matters as it deemed appropriate. The Board reviewed and analyzed various factors it deemed relevant, including the following factors, among others, none of which by itself was considered dispositive:

the terms of the New Fund Management Agreement, including the fees payable to ALPS Advisors by the Fund, are the same as the Existing Fund Management Agreement but for the new commencement dates;

the terms of the New Portfolio Management Agreements, including the fees payable by ALPS Advisors to the Portfolio Managers, are the same as the Existing Portfolio Management Agreements but for the new commencement dates;

assurances from ALPS Advisors and SS&C that the manner in which the Fund's assets are managed will not change as a result of the Transaction, that the same people who currently manage the Fund's assets are expected to continue to do so after the Closing, and that ALPS Advisors and SS&C will seek to ensure that there is no diminution in the nature, quality and extent of the services provided to the Fund by ALPS Advisors and the Portfolio Managers;

that on September 7, 2017 the Board, including a majority of the Independent Board Members, had previously considered the annual continuance of the Existing Fund Management Agreement for the Fund and the annual continuance of the Existing Portfolio Management Agreements for the Fund as described in the Fund's annual report to shareholders for the period ended December 31, 2017 and had concluded that the terms of each agreement were

reasonable and fair and that the entry into or renewal of each agreement was in the best interests of the Fund and its shareholders;

(Unaudited)

that in light of the foregoing considerations regarding the lack of change in terms of the agreements, including fees payable, and services to be provided, the information considered by the Board in connection with the Annual Approvals and the factors upon which the Board based its determinations in connection with the Annual Approvals, also continued to support approval of the New Fund Management Agreement and New Portfolio Management Agreements, which factors included:

*Nature, Extent and Quality of the Services Provided*, including the nature, extent and quality of the portfolio manager selection, evaluation and monitoring services provided by ALPS Advisors, and the portfolio management services provided by each Portfolio Manager, in light of the investment objective of the Fund;

*Investment Performance*, including the long-term and short-term investment performance of the Fund over multiple periods, which generally included annual total returns both on an absolute basis and relative to an appropriate benchmark and/or Lipper peer groups, considering performance based on both net asset value and market price;

*Costs of the Services Provided to the Fund*, including the fees paid by the Fund to ALPS Advisors and the fees paid by ALPS Advisors to the Portfolio Managers as well as information provided by ALPS Advisors about the management fees, overall expense ratio and expense reimbursement by ALPS Advisors for selected closed-end funds and multi-manager open-end equity funds;

*Profitability and Costs of Services to ALPS Advisors*, including the level of profits realized by ALPS Advisors in connection with the operation of the Fund, considering profitability information setting forth recent overall profitability of the Fund to ALPS Advisors, as well as overall profitability information relating to certain prior calendar years;

*Extent of Economies of Scale as the Fund Grows and Whether Fee Levels Reflect Economics of Scale*, including whether economies of scale are realized by ALPS Advisors as the Fund grows larger and the extent to which this is reflected in the level of management fees charged taking into consideration the fee breakpoint schedules under the agreements; and

*Benefits to be Derived from the Relationship with the Fund*, including the potential “fall-out” benefits that ALPS Advisors or the Portfolio Managers might receive in connection with their association with the Fund;

the favorable history, reputation, qualification and background of SS&C;

ALPS Advisors’ and DST’s financial condition;

SS&C’s financial condition;

that while the operations of ALPS Advisors are expected to continue with minimal change following the Closing, ALPS Advisors expects to benefit indirectly from the financial strength and information technology infrastructure of the merged organization;

the potential adverse effects on the Fund, in the event the Transaction is completed and the New Fund Management Agreement and New Portfolio Management Agreements are not approved;

the fact that Shareholders of the Fund will not bear any costs in connection with the Transaction, inasmuch as DST and Sustainable have committed to pay the expenses of the Fund in connection with the Transaction, including all expenses in connection with the solicitation of proxies; and

that SS&C is aware of the terms of Section 15(f) of the 1940 Act, and that although the Transaction Agreement does not contain a specific covenant in that regard due to the small size of ALPS Advisors' business relative to the Transaction, SS&C does not intend to impose, and has committed to the Board to use commercially reasonable efforts not to impose, any unfair burden on the Fund as a result of the Transaction.

As a result of its review of the Transaction and the New Fund Management Agreement and New Portfolio Management Agreements and its consideration of the foregoing factors, the Board, including the Independent Board Members, approved the New Fund Management Agreement and New Portfolio Management Agreements for the Fund and recommended such agreements to Shareholders for their approval.

**Approval of New Sustainable Agreement**

At its meeting on March 22, 2018, the Board, including all of the Independent Board Members, approved the New Sustainable Agreement. Before approving the New Sustainable Agreement, the Board Members considered management's recommendations as to the approval of the New Sustainable Agreement. As part of the Board's approval process, legal counsel to the Independent Board Members requested certain information from Sustainable, and the Trustees received information from Sustainable and ALPS Advisors that addressed specific factors to be considered by the Board. The Board's counsel also provided the Board Members with a memorandum regarding their responsibilities in connection with the approval of the New Agreement.

The Board did not consider any single factor or particular information most relevant to its consideration to approve the New Sustainable Agreement and each Trustee may have afforded different weight to the various factors. In voting to approve the New Sustainable Agreement, the Board considered the overall fairness of the New Sustainable Agreement and the factors it deemed relevant with respect to the Fund including, but not limited to: (1) the nature, extent and quality of the services to be provided to the Fund under the New Sustainable Agreement; (2) Sustainable's investment performance; and, (3) the impact of the Sustainable transaction on the Sustainable organization and the Fund. The Board took into consideration information provided at prior Board meetings, as well as information provided at the March 22, 2018 Board meeting.

Board Consideration of the Renewal of the Fund  
Liberty All-Star® Equity Fund Management & Portfolio Management Agreements

*(Unaudited)*

**Approval of Interim Fund Management Agreement and Interim Portfolio**

**Management Agreements**

At its March 22, 2018 meeting, the Board Members, including the Independent Board Members, approved the Interim Fund Management Agreement and Interim Portfolio Management Agreements and an interim portfolio management agreement related to the Sustainable Transaction. If necessary to assure continuity of fund management and portfolio management services, the Interim Fund Management Agreement and Interim Portfolio Management Agreements will take effect upon the Closing of the Transaction (or the closing of the Sustainable Transaction) if Shareholders have not yet approved the New Fund Management Agreement and New Portfolio Management Agreements or New Sustainable Agreement. The terms of the Interim Fund Management Agreement are substantially identical to the Existing Fund Management Agreement and New Fund Management Agreement and the terms of each Interim Portfolio Management Agreement are substantially identical to those of the corresponding Existing Portfolio Management Agreement and New Portfolio Management Agreement, respectively, in each case except for certain term and fee escrow provisions. In light of the foregoing, the Board Members, including the Independent Board Members, determined that the scope and quality of services to be provided to the Fund under the Interim Fund Management Agreement and Interim Portfolio Management Agreements are at least equivalent to the scope and quality of services provided under the Existing Fund Management Agreement and Existing Portfolio Management Agreements.
