PROXY SUMMARY

This summary highlights selected information for PROS Holdings, Inc. (together with its consolidated subsidiaries, "PROS", "the Company", "we", "us", or "our") in this Proxy Statement to assist you in reviewing the proposals to be acted upon at the Annual Meeting of Stockholders. Please review our Annual Report on Form 10-K and the entire Proxy Statement before voting:

2014 Business Highlights

* Record 2014 non-GAAP revenue of \$193.6 million, a 34% increase over 2013.⁽¹⁾

* Added a record number of new customers and expanded relationships with a record number of existing customers.

* Completed the acquisition of Cameleon Software, SA.

* Increased total headcount almost 20%, to more than 1,000 people as of December 31, 2014.

* Introduced our Group Sales Optimizer (GSO) solution, and released new versions of our big data applications for pricing, revenue management and sales effectiveness.

(1) A reconciliation of non-GAAP revenue to the most directly comparable generally accepted accounting principles in the United States (GAAP) financial measure is provided on page 24.

2014 Compensation Highlights

Our stockholders overwhelmingly supported our executive compensation program in 2014, with over 99% of the total votes cast at our 2014 annual stockholder's meeting voted in favor of our executive compensation program.

We continued to emphasize performance-based pay for our named executive officers (NEOs) through the use of market stock unit (MSU) awards and performance based bonus incentives.

Approximately 90% of our NEOs compensation packages was "at risk" compensation, that was directly tied to the success of our business, our stock price, and the individual performance of our NEOs.

The relationship between our performance (based on our non-GAAP revenue and stock price), and our CEO's compensation was as follows:

(1) Represents non-GAAP revenue. See page 24 of this Proxy Statement above for a reconciliation of non-GAAP revenue and GAAP revenue.

(2) Represents Mr. Reiner's total compensation as reported in the Summary Compensation table on page 36.

PROXY STATEMENT
2015 ANNUAL MEETING OF STOCKHOLDERS
MAY 21, 2015

General

The enclosed proxy is solicited on behalf of the Board of Directors of PROS Holdings, Inc. (Board of Directors) for use at the Annual Meeting of Stockholders (Annual Meeting) to be held May 21, 2015 at 8:00 a.m., local time, at 3100 Main Street, 9th Floor, Houston, Texas 77002, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. Only stockholders of record at the close of business on April 2, 2015 (Record Date) are entitled to notice of and to vote at the Annual Meeting.

The Notice of Internet Availability of Proxy Materials (Notice) containing instructions on how to access our proxy solicitation materials and our Annual Report to Stockholders for the year ended December 31, 2014 (2014 Annual Report), including financial statements, was first mailed and those documents were first made available on or about April 13, 2015 to stockholders entitled to vote at the Annual Meeting. References in this Proxy Statement to the “Company,” “we,” “our,” and “us” refer to PROS Holdings, Inc. and its consolidated subsidiaries.

The purposes of the Annual Meeting are:

- 1 To elect three (3) Class II directors to the Board of Directors, each to serve for a three-year term until the Annual Meeting to be held in the year 2018;
- 2 To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015;
- 3 To conduct an advisory vote on executive compensation; and
- 4 To transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

Record date and shares outstanding

Stockholders of record at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, 29,494,401 shares of Common Stock were outstanding. Each stockholder of record as of the Record Date is entitled to one vote for each share of Common Stock held by such stockholder.

Vote required

If a quorum is present, a plurality vote of the holders of our Common Stock entitled to vote and present or represented by proxy at the Annual Meeting is required for the election of a director. This “plurality” standard means the nominees who receive the largest number of “for” votes cast are elected as directors. Thus, the number of shares not voted for the election of a nominee (and the number of “withhold” votes cast with respect to that nominee) will not affect the determination of whether that nominee has received the necessary votes for election under Delaware law. However, the number of “withhold” votes with respect to a nominee will affect whether our Director Resignation Policy will apply to that individual. Our Director Resignation Policy adopted by our Board of Directors in February 2015 provides that any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election is required to offer his or her resignation following certification of the stockholder vote. Our Nominating and Corporate Governance Committee of our Board of Directors would then consider the offer of resignation and make a recommendation to our independent directors as to the action to be taken with respect to the offer. This policy does not apply in contested elections. For more information about this policy, see “Corporate Governance - Director Resignation Policy.”

The affirmative vote of the holders of a majority of the shares of Common Stock present or represented by proxy and voting at the Annual Meeting is required to approve the ratification of the selection of our independent auditors and the advisory vote on executive compensation. We will not count abstentions as either for or against a director, so abstentions have no effect on the election of a director. A properly executed proxy marked “abstain” with respect to any matter is considered entitled to vote, and thus, will have the effect of a vote against a matter, except for the election of directors.

Our bylaws provide that a majority of the outstanding shares of our stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Votes for and against,

7

abstentions and “broker non-votes” (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter) will each be counted as present for purposes of determining the presence of a quorum.

Effect of not casting your vote

The New York Stock Exchange (NYSE) prohibits banks, brokers and other intermediaries from voting shares held in their clients’ accounts on elections of directors unless the client has provided voting instructions. Therefore, if you hold your shares in street name through a broker, it is important that you cast your vote if you want it to count in the election of directors (Proposal One of this Proxy Statement).

Attending the Annual Meeting

The Annual Meeting will be held at 8:00 a.m., local time, on Thursday, May 21, 2015, at 3100 Main Street, 9th Floor, Houston, Texas 77002. When you arrive, signs will direct you to the meeting room. Please note that the doors to the meeting room will not be open until 8:00 a.m. You do not need to attend the Annual Meeting to vote. Even if you plan to attend the Annual Meeting, please submit your vote in advance as instructed below.

Revocability of proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted at the Annual Meeting. Proxies may be revoked by:

• Filing with our Corporate Secretary, at or before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy;

• Duly executing a later-dated proxy relating to the same shares and delivering it to our Corporate Secretary at or before the taking of the vote at the Annual Meeting; or

• Attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy).

Any written notice of revocation or subsequent proxy should be delivered to PROS Holdings, Inc. at our headquarters located at 3100 Main Street, Suite 900, Houston, Texas 77002, Attention: Corporate Secretary, or hand-delivered to our Corporate Secretary before the taking of the vote at the Annual Meeting.

Electronic delivery of stockholder communications

We are pleased to take advantage of the U.S. Securities and Exchange Commission (SEC) rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to our stockholders the Notice, instead of a paper copy of this Proxy Statement and our 2014 Annual Report. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this Proxy Statement, our 2014 Annual Report and a form of proxy card or voting instruction card. As a result of the Notice, not all stockholders will receive a paper copy of our proxy materials.

Voting instructions

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting in person. Most stockholders have three options for submitting their votes: (1) via the Internet, (2) by telephone or (3) by mail using the paper proxy card. If you have Internet access, we encourage you to record your vote via the Internet. It is convenient and saves us significant postage and processing costs. In addition, when you vote via the Internet or by telephone prior to the meeting date, your vote is recorded immediately, and there is no risk that postal delays will cause your vote to arrive late and therefore not be counted. If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted, whether by Internet, telephone or mail, will be superseded by the vote that you cast at the Annual Meeting.

Vote by Internet. You can vote via the Internet. The website address for Internet voting is www.PROXYVOTE.com. Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form. You can use the Internet to transmit your voting instructions up until 11:59 P.M. Eastern Time on May 20, 2015. Internet voting is available 24 hours a day. If you vote via the Internet you do NOT need to vote by telephone or return a proxy card.

Vote by Telephone. You can vote by telephone by calling the toll-free telephone number provided on your proxy card. Have your proxy card in hand when you call and then follow the instructions. You may transmit your voting instructions from any touch-tone telephone up until 11:59 P.M. Eastern Time on May 20, 2015. Telephone voting is available 24 hours a day. If you vote by telephone you do NOT need to vote over the Internet or return a proxy card.

8

Vote by Mail. If you received a printed copy of the proxy card, you can vote by marking, dating and signing it, and returning it in the postage-paid envelope provided to PROS Holdings, Inc., c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Annual Meeting. If you vote by mail you do NOT need to vote over the Internet or vote by telephone.

If you are a beneficial owner, or you hold your shares in “street name,” please check your voting instruction card or contact your bank, broker or nominee to determine whether you will be able to vote by Internet or telephone.

Householding Matters

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of the Notice and Proxy Statement may have been sent to multiple stockholders in your household. If you would prefer to receive separate copies of a proxy statement either now or in the future, please contact our Corporate Secretary by writing to our principal office at 3100 Main Street, Suite 900, Houston, Texas 77002. Upon written request, we will provide separate copies of the Notice or this Proxy Statement to each stockholder at that address. In addition, stockholders sharing an address and receiving multiple copies can request delivery of a single copy of proxy statements upon written request to our Corporate Secretary at the address stated above.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

Our Board of Directors currently consists of seven members, which is divided into three classes, each of whose members serve for a staggered three-year term. For 2015, the Board of Directors has determined to expand the Board of Directors to include eight members. The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting for a full three-year term. Ellen Keszler, Leslie Rechan and William Russell have been nominated by the Board of Directors as Class II Directors, each to hold office until the Annual Meeting to be held in the year 2018 and until a successor has been duly elected and qualified or until the earlier of their death, resignation or removal.

The Board of Directors is also composed of two (2) Class III directors, whose terms expire upon the election and qualification of directors at the Annual Meeting to be held in 2016, and three (3) Class I directors, whose terms expire upon the election and qualification of directors at the Annual Meeting to be held in 2017.

The Board of Directors knows of no reason why any of the nominees would be unable or unwilling to serve, but if any nominee should for any reason be unable or unwilling to serve, the proxies will be voted for the election of such other person for the office of director as the Board of Directors may recommend in the place of such nominee. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below.

Vote required

Election of a director requires the plurality vote of the holders of our Common Stock entitled to vote and present or represented at the Annual Meeting. Accordingly, the three nominees who receive the highest number of properly executed “FOR” votes from the holders of Common Stock, will be elected as directors. We will not count abstentions as either for or against a director, so abstentions have no effect on the election of a director.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the Annual Meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal. The number of “withhold” votes with respect to a nominee will affect whether our Director Resignation Policy will apply to that individual. Our Director Resignation Policy provides that any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election is required to offer his or her resignation following certification of the stockholder vote. Our Nominating and Corporate Governance Committee of our Board of Directors would then consider the offer of resignation and make a recommendation to our independent directors as to the action to be taken with respect to the offer. This policy does not apply in contested elections. For more information about this policy, see “Corporate Governance - Director Resignation Policy.”

The NYSE broker discretionary rules prohibit banks, brokers and other intermediaries from voting shares held in their clients’ accounts on elections of directors unless the client has provided voting instructions. Therefore, if you hold your shares in street name, it is important that you cast your vote if you want it to count in the election of directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING “FOR” THE ELECTION OF EACH OF THE CLASS II NOMINEES LISTED BELOW.

The name of and certain information regarding each Class II director nominee is set forth below, together with information regarding our Class III and Class I directors remaining in office. The business address for each nominee for matters regarding PROS Holdings, Inc. is 3100 Main Street, Suite 900, Houston, TX 77002.

PROPOSAL TWO**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors (Audit Committee) has selected the independent registered public accounting firm of PricewaterhouseCoopers LLP to audit our consolidated financial statements for the fiscal year ending December 31, 2015 and recommends that stockholders vote for ratification of such appointment.

Notwithstanding the selection and ratification, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time, if it believes doing so would be in the best interests of us and our stockholders. In the event of a negative vote on ratification, the Audit Committee will reconsider, but might not change, its selection.

PricewaterhouseCoopers LLP has audited our financial statements annually since 2002. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Vote required

Approval of the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of the holders of at least a majority of the outstanding shares of our Common Stock entitled to vote and present or represented at the Annual Meeting. A properly executed proxy marked “ABSTAIN” with respect to this matter is considered entitled to vote and thus, will have the effect of a vote against this matter.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the Annual Meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal. **THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING “FOR” THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2015.**

PROPOSAL THREE**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

As required pursuant to Section 14A of the Securities Exchange Act of 1934, we are providing our stockholders with the opportunity to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers (NEOs) as disclosed in this Proxy Statement in accordance with SEC rules. We currently conduct this advisory vote on an annual basis and expect to conduct the next advisory vote at our Annual Meeting to be held in 2016.

As described in the “Compensation Discussion and Analysis” section of this Proxy Statement, our executive compensation program is designed to attract, retain, and motivate talented individuals with the executive experience and leadership skills necessary for us to manage our business and meet our long-term objectives. We seek to provide executive compensation that is competitive with companies that are similar to us. We also seek to provide near-term and long-term financial incentives that reward well-performing executives when strategic corporate objectives designed to increase long-term stockholder value are achieved. We believe that executive compensation should include base salary, cash incentives and equity awards. We also believe that our executive officers’ base salaries should be set at levels relative to comparable companies, and cash and equity incentives should generally be set at levels that give executives the opportunity to achieve above-average total compensation reflecting above-average Company performance. In particular, our executive compensation philosophy is to promote long-term value creation for our stockholders by rewarding improvement in selected financial metrics and by using equity incentives. Please see our “Compensation Discussion and Analysis” (beginning on page 24) and related compensation tables for detailed information about our executive compensation programs, including information about the fiscal year 2014 compensation of our NEOs.

This vote is advisory and therefore not binding. However, the Compensation Committee of our Board of Directors (Compensation Committee) values the opinions of our stockholders and to the extent there is any significant vote against the NEO compensation as disclosed in this Proxy Statement, we will consider those stockholders’ concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. Note that because the advisory vote on executive compensation occurs well after the beginning of the compensation year, in most cases it may not be feasible to change any executive compensation program in consideration of any one year’s advisory vote on executive compensation.

Vote required

The affirmative vote of a majority of the outstanding shares of our Common Stock entitled to vote and present in person or represented by proxy at the Annual Meeting is required for advisory approval of this proposal. A properly executed proxy marked “ABSTAIN” with respect to this matter is considered entitled to vote, and thus will have the effect of a vote against this matter.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the Annual Meeting and the total number of share represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal. **THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING “FOR” THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

In 2014, the Nominating and Corporate Governance Committee held four in-person meetings.

CORPORATE GOVERNANCE MATTERS

Independence

The Board of Directors has adopted categorical standards or guidelines to assist our Board of Directors in making its independence determinations with respect to each director. These standards are published in our Corporate Governance Guidelines and are available under the Corporate Governance – Investor Relations section of our website at www.PROS.com. The Board of Directors has determined that the following directors and director nominee are independent within the meaning of the NYSE listing standards and federal securities laws: Messrs. Petersen, Rechan, Russell, and Williams and Ms. Keszler. As part of such determination of independence, our Board of Directors has affirmatively determined that none of these four directors and one director nominee has a relationship with us that would interfere with the exercise of independent judgment in carrying out his or her responsibilities as a director. The majority of our Board of Directors is independent, and our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee is comprised of all independent directors.

Meeting Attendance

During 2014, our Board of Directors held six meetings, the Audit Committee held ten meetings, the Compensation Committee held eight meetings, and the Nominating and Corporate Governance Committee held four meetings. The incumbent directors attended each meeting of our Board of Directors and the committees on which he or she served during 2014. The Board of Directors encourages all directors to attend annual meetings of the stockholders. All incumbent directors attended the 2014 meeting of the stockholders.

Director Nomination

The Nominating and Corporate Governance Committee of our Board of Directors has the responsibility for establishing the criteria for recommending which directors should stand for reelection to our Board of Directors and the selection of new directors to serve on our Board of Directors. In addition, the Nominating and Corporate Governance Committee is responsible for establishing the procedures for our stockholders to nominate candidates to our Board of Directors. Although the Nominating and Corporate Governance Committee has not formulated any specific minimum qualifications for director candidates, it has determined that desirable characteristics include, but are not limited to, business experience, mature judgment, personal and professional ethics, and integrity. The Company does not have a formal policy with respect to consideration of diversity in identifying director nominees; however, in the process of selecting a director nominee, the Nominating and Corporate Governance Committee assesses backgrounds and expected contributions of the individuals to the Board of Directors. These and other standards are published in our Corporate Governance Guidelines. A printed copy of our Corporate Governance Guidelines may be obtained without charge by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Secretary. Our Corporate Governance Guidelines are also available under the Corporate Governance - Investor Relations section of our website at www.PROS.com.

Our bylaws permit any stockholder of record to nominate directors. Stockholders who wish to submit nominees for election at an annual or special meeting of stockholders should follow the procedure described on page 44. The Nominating and Corporate Governance Committee applies the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of the Board of Directors.

The Board of Directors is currently led by a non-executive chairman, who is an independent director. The Board of Directors' current preferred governance structure is to have an independent director serve as chairman. We believe the current structure provides strong leadership for our Board of Directors, while also positioning our Chief Executive Officer as the leader of the Company. We believe that our current structure helps ensure independent oversight over the Company, while allowing our Chief Executive Officer to focus his energies on management of the Company.

The Board of Directors recognizes that there is no single, generally accepted approach to providing board leadership, and the board leadership structure may vary in the future as circumstances warrant. If the Board of Directors determines it is in the best interests of our stockholders to combine the positions of chairman and Chief Executive Officer, the independent directors will designate a lead independent director.

Our non-executive chairman oversees the planning of the annual Board of Directors' calendar, and, with the Chief Executive Officer, in consultation with the other directors, schedules and sets the agenda for meetings of the Board of Directors and leads the discussion at such meetings. Our non-executive chairman also presides at executive sessions, serves as a liaison between the Chief Executive Officer and the independent directors, sees that directors receive appropriate and timely information, assists the chairmen of the committees of the Board of Directors in preparing agendas for the respective committee meetings, chairs our annual meetings of stockholders, is available in appropriate

circumstances to speak on behalf of the Board of Directors, and performs such other functions and responsibilities as set forth in our Corporate Governance Guidelines or as requested by the Board of Directors from time to time. Our non-executive chairman also encourages direct dialogue between all directors and management and provides leadership to the Board of Directors in its oversight function.

Executive Sessions

Executive sessions, which are meetings of the non-employee members of the Board of Directors, are regularly scheduled throughout the year. Non-employee directors meet by themselves, without management or employee-directors present, at every regularly scheduled in-person Board of Directors meeting. Non-employee directors and independent directors may hold other such sessions at the request of any non-employee director or independent director. Non-employee and independent directors may notify the non-executive chairman of the Board of Directors if they would like to hold such a session, and the non-executive chairman

of the Board of Directors will facilitate the scheduling of such a session. Executive sessions (whether of the non-employee directors or independent directors) are led by our non-executive chairman of the board of directors.

The Board's Role in Risk Oversight

The Board of Directors oversees our risk management process. Management reviews the process, including identification of key risks and steps taken to address them, with the full Board of Directors on a periodic basis. Although the full Board of Directors is responsible for this oversight function, the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee assist the Board of Directors in discharging its oversight duties.

The Compensation Committee reviews risks related to the subject matters enumerated in its charter, including risks associated with our compensation programs. The Nominating and Corporate Governance Committee considers risks related to the subject matters for which it is responsible as identified in its charter, including risks associated with corporate governance. Similarly, the Audit Committee considers risks related to the subject matters enumerated in its charter, including risks relating to internal controls, disclosure, and financial reporting.

Accordingly, while each of the three committees contributes to the risk management oversight function by assisting the Board of Directors in the manner outlined above, the Board of Directors itself remains responsible for the oversight of our risk management program.

Director Resignation Policy

In February 2015, our Board of Directors adopted a director resignation policy. Under this policy in an uncontested election of directors (an election at which the number of nominees is equal to the number of seats open) any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election must promptly tender his or her resignation to the Nominating and Corporate Governance Committee (following certification of the stockholders' vote) for consideration in accordance with the following procedures.

The Nominating and Corporate Governance Committee will promptly consider such resignation and recommend to the Qualified Independent Directors (as defined below) the action to be taken with respect to such offered resignation, which may include (1) accepting the resignation; (2) maintaining the director but addressing what the Qualified Independent Directors believe to be the underlying cause of the withheld votes; (3) determining that the director will not be renominated in the future for election; or (4) rejecting the resignation. The Nominating and Corporate Governance Committee will consider all relevant factors including, without limitation, (a) the stated reasons why votes were withheld from such director; (b) any alternatives for curing the underlying cause of the withheld votes; (c) the tenure and qualifications of the director; (d) the director's past and expected future contributions to the Company; (e) our director criteria; (f) our Corporate Governance Guidelines; and (g) the overall composition of the Board, including whether accepting the resignation would cause the Company to fail to meet any applicable SEC or NYSE requirement.

The Qualified Independent Directors will act on the Nominating and Corporate Governance Committee's recommendation no later than 90 days following the date of the stockholders' meeting at which the election occurred. In considering the Nominating and Corporate Governance Committee's recommendation, the Qualified Independent Directors will consider the factors considered by the Nominating and Corporate Governance Committee and such additional information and factors the Board of Directors believes to be relevant. Following the Qualified Independent Directors' decision, the Company will promptly disclose in a current report on Form 8-K the decision whether to accept the resignation as tendered (providing a full explanation of the process by which the decision was reached or, if applicable, the reasons for rejecting the tendered resignation).

To the extent that a resignation is accepted, the Nominating and Corporate Governance Committee will recommend to the Board of Directors whether to fill such vacancy or vacancies or to reduce the size of the Board of Directors.

Any Director who tenders his or her resignation pursuant to this provision will not participate in the Nominating and Corporate Governance Committee's recommendation or Qualified Independent Directors' consideration regarding whether to accept the tendered resignation. Prior to voting, the Qualified Independent Directors will afford the director an opportunity to provide any information or statement that he or she deems relevant. If a majority of the members of the Nominating and Corporate Governance Committee received a greater number of votes "withheld" from their election than votes "for" their election at the same election, then the remaining Qualified Independent Directors who are on the Board of Directors who did not receive a greater number of votes "withheld" from their election than votes "for" their election (or who were not standing for election) will consider the matter directly or may appoint a committee of the Board of Directors amongst themselves solely for the purpose of considering the tendered resignations that will make the recommendation to the Board of Directors whether to accept or reject them.

For purposes of this policy, the term “Qualified Independent Directors” means:

All Directors who (1) are independent Directors (as defined in accordance with the NYSE Corporate Governance Rules) and (2) are not required to offer their resignation in accordance with this policy.

If there are fewer than three independent Directors then serving on the Board who are not required to offer their resignations in accordance with this policy, then the Qualified Independent Directors shall mean all of the independent Directors and each independent Director who is required to offer his or her resignation in accordance with this Policy shall recuse himself or herself from the deliberations and voting only with respect to his or her individual offer to resign.

Stock Ownership Guidelines

As part of our overall corporate governance and compensation practices, our Board of Directors adopted stock ownership guidelines for our NEOs and directors. These guidelines are designed to align our NEOs’ interests with our stockholders’ long-term interests by promoting long-term share ownership, which reduces the incentive for excessive short-term risk taking and further increase our NEOs and directors alignment with stockholder interests.

In February 2014, our Board of Directors revisited these guidelines and increased these stock ownership guidelines to require our Chief Executive Officer to hold shares of our stock worth four times his annual salary and each other NEO is required to hold shares of our stock worth two times their annual salary. The revised guidelines also state that each non-employee director is required to hold shares of our stock worth four times the director’s annual retainer. Share units or unexercised options held by an NEO under any of our equity incentive plans are included, at 50% of their intrinsic value, in calculating the value of ownership to determine whether this minimum ownership requirement has been met. Shares held by an NEO or director under either of our equity incentive plans will continue to be included in calculating the value of ownership to determine whether this minimum ownership requirement has been met. Our NEOs and Directors have to attain this ownership threshold by the earlier of (i) December 31, 2018 and (ii) five years after joining our Board of Directors and/or being appointed as an NEO. As of December 31, 2014, each of our NEOs and directors were in compliance with the applicable guidelines.

Prohibition Against Hedging, Short-Sale, Pledging, and Repricing Underwater Stock Options; "Clawback Policy"

We have implemented both anti-hedging and anti-pledging policies, as well as prohibit our executives from participating in short sales of our stock, to ensure that our executives’ stock remains at-risk. In March 2015, our Compensation Committee adopted a policy related to our 2007 Equity Incentive Plan to prohibit repricing, repurchase or exchange of underwater stock options without stockholder approval. We also maintain a "clawback" policy designed to further link our executive compensation and our long-term performance. Our “clawback” policy permits our Board of Directors to consider and make a decision in its sole discretion to recover, under applicable law, any incentive bonuses awarded to NEOs whose fraud or intentional misconduct significantly contributed to a restatement of financial results that led to the awarding of incentive bonuses.

Corporate Governance Guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. Our Board of Directors adopted these Corporate Governance Guidelines in order to ensure that it has the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended

to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices our Board of Directors follows, including, but not limited to, the Board of Directors and committee composition and selection, director responsibilities, director access to officers and employees and Chief Executive Officer performance evaluation and succession planning. A printed copy of our Corporate Governance Guidelines may be obtained without charge by any stockholder upon sending a written request to PROS Holdings, Inc., 3100 Main Street, Suite 900, Houston, Texas 77002, Attn: Corporate Secretary. A copy of our Corporate Governance Guidelines is also available under the Corporate Governance – Investor Relations section of our website at www.PROS.com.

In addition, they must report any potential conflict of interest, including related party transactions, to their managers or our compliance officer who then reviews and summarizes the proposed transaction for our Audit Committee. Pursuant to its charter, our Audit Committee must then approve any related party transactions, including those transactions involving our directors. In approving or rejecting such proposed transactions, the Audit Committee considers the relevant facts and circumstances available and deemed relevant to the Audit Committee, including the material terms of the transactions, risks, benefits, costs, availability of other comparable services or products and, if applicable, the impact on a director's independence. COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers (NEOs) should be read together with the compensation tables and related disclosures set forth below.

Executive Summary

Background

In 2014, our NEOs again delivered strong results and continued to demonstrate excellent execution of our key strategic initiatives, including accelerating awareness and adoption, extending our product leadership position, and expanding our global reach and scale. The following highlights some of our accomplishments in 2014:

Record 2014 non-GAAP revenue of \$193.6 million, a 34% increase over 2013⁽¹⁾;

Added a record number of new customers and expanded relationships with a record number of existing customers;

Completed the acquisition of Cameleon Software, SA;

Increased total headcount almost 20%, to more than 1,000 people as of December 31, 2014, which reflects our continued investment and build out of our sales, marketing, and professional services teams in support of our long-term growth; and

Introduced our Group Sales Optimizer (GSO) solution, and released new versions of our big data applications for pricing, revenue management and sales effectiveness.

(1) A reconciliation of non-GAAP revenue to the most directly comparable generally accepted accounting principles in the United States (GAAP) financial measure, is provided below. Non-GAAP revenue is defined as GAAP revenue plus acquisition-related deferred revenue write-down.

(in millions)	For the Years Ended December 31	
	2014	2013
Revenue	\$185.8	\$144.8
Non-GAAP adjustment:		
Acquisition-related deferred revenue write-down	7.8	—
Non-GAAP revenue	\$193.6	\$144.8

2014 Compensation Highlights

Overwhelming stockholder support of our executive compensation program in 2014. At our 2014 annual stockholders' meeting, our stockholders had the opportunity to provide an advisory vote on the compensation paid to our NEOs, or a "say-on-pay" vote. Over 99% of the total votes cast at our 2014 annual stockholder's meeting voted in favor of our say-on-pay proposal. As a result, the Compensation Committee believes that the results of our say-on-pay vote clearly affirmed stockholder support of our approach to executive compensation.

Emphasis on performance-based pay. In 2014, our Compensation Committee again sought to motivate our NEOs with "performance-based" compensation through performance-based equity awards and performance-based cash bonus awards. Our equity awards include performance-based compensation, with the payouts of our market stock unit (MSU) awards to our NEOs varying based on the relative performance of our stock compared to the Russell 2000 Index over the applicable performance period. Similarly, our cash bonus plan incentivizes our NEOs to continuously improve our financial performance and to achieve our key strategic priorities with increased bonus opportunities

possible based on improved Company performance. For example, target equity awards to our NEOs in 2014 were positioned near the 75th percentile of our peer group in light of our strong relative performance. In 2014, the majority of our NEOs total compensation was “performance-based”—that is "at risk" and contingent upon the performance of our business, our stock price or individual performance. We believe this direct and significant link between pay and performance is an effective way to motivate our NEOs to achieve our financial and key strategic objectives and ultimately increase stockholder value.

At-Risk Compensation. As illustrated by the graph below, the majority of our NEOs' compensation is "at risk" compensation directly tied to the success of our business, our stock price, and the individual performance of our executives. Consistent with this pay-for-performance orientation, we believe that annual bonus and equity compensation should together represent a significant portion of total compensation. As a result, a large portion of our NEOs' total compensation is "at risk" relative to our other employees. We believe this allocation is appropriate because our NEOs bear the greatest responsibility for our results and can exert the greatest influence on our performance.

2014 NEO Compensation Mix

Relationship Between Company Performance, Stock Price and CEO Compensation.

The following illustrates the directional relationship between our performance, based on our non-GAAP revenue⁽¹⁾, our stock price, and the compensation of our CEO from 2012 to 2014. These metrics reflect our continued focus on long-term growth.

(1) Represents non-GAAP revenue. See page 24 of this Proxy Statement above for a reconciliation of non-GAAP revenue and GAAP revenue.

(2) Represents Mr. Reiner's total compensation as reported in the Summary Compensation table on page 36.

Compensation Philosophy and Objectives

Our Compensation Committee believes that an effective compensation program should reward achievement of specific corporate goals and align our executives' interests with those of our stockholders by rewarding performance that meets or exceeds established goals. Our compensation programs are designed to motivate our NEOs to achieve or exceed corporate goals that enhance stockholder value and enable us to attract and retain key employees. Our executive compensation program is designed to reward superior performance and to achieve the following overall objectives:

Objective	Rationale
Offer competitive compensation	Enable the Company to attract and retain high-caliber talent
Emphasize performance-based compensation	Provide a compensation package that is weighted heavily towards performance-based pay
Incentivize and reward the achievement of our financial objectives	Directly link rewards to the achievement of measurable financial objectives that build long-term stockholder value
Recognize individual performance	Encourage personal achievement by rewarding individual performance
Align the interests of our executives with those of our stockholders	Incentivize and reward the creation and preservation of stockholder value

Role of Our Compensation Committee

The responsibility for establishing, administering and interpreting our policies governing the compensation and benefits for our NEOs, lies with our Compensation Committee, which consists entirely of non-employee directors. Our Compensation Committee has taken the following steps to ensure that our executive compensation and benefit policies are consistent with both our compensation philosophy and our Corporate Governance Guidelines:

- solicited recommendations from an independent executive compensation consultant to evaluate our executive compensation practices and assisted in developing and implementing the executive compensation programs;
- established a practice, in accordance with the rules of the NYSE, of reviewing the performance and determining the compensation earned, paid or awarded to our Chief Executive Officer; and
- established a policy, in accordance with the rules of the NYSE, to review on an annual basis the performance of our other executive officers with assistance from our Chief Executive Officer and determined what we believe to be appropriate total compensation for these executive officers.

Our Compensation Committee considers a broad range of facts and circumstances in setting executive compensation. Among the factors considered for our executives generally, and for the NEOs in particular, are recommendations from our compensation consulting firm, Compensia, Inc. (Compensia), advice from our Chief Executive Officer, general economic and market conditions, our financial condition and operating results, our operating plan, our geographic location and the objectives of our executive compensation policies described above. The weight given each factor differs from year to year and may differ among individual NEOs in any given year.

Our Compensation Committee establishes executive compensation programs that the Compensation Committee believes, based on the members' experience, is the most appropriate to achieve the goals described above. Our Compensation Committee continues to evaluate our executive compensation programs on a quantitative and qualitative basis on at least a yearly basis or more frequently if circumstances dictate. Our Compensation Committee expects to make new awards and adjustments to our executive compensation programs as appropriate.

In making its decisions regarding executive compensation, the Committee meets outside the presence of executive officers when making final decisions about each executive officer. The Chief Executive Officer is periodically present during portions of these deliberations that relate to the compensation for other executive officers.

All SARs, RSUs, MSUs, and other share-based awards are approved by our Compensation Committee. For share-based grants to employees who are not NEOs, the Compensation Committee may delegate to the Chief Executive Officer the authority to make share-based awards within certain limitations on aggregate grants and specific award terms.

Role of Our Executive Compensation Consultant

The Compensation Committee engaged Compensia to advise the Compensation Committee on 2014 executive compensation matters due to the breadth and depth of Compensia's experience with executive compensation matters and its particular expertise in the software industry. Compensia provided the following services on behalf of the Compensation Committee during fiscal year 2014:

- reviewed and provided recommendations on the composition of our peer group of companies, and provided compensation data relating to executives at the companies in the peer group;
- conducted a comprehensive review of the total compensation arrangements for all of our NEOs;

provided recommendations to our Compensation Committee regarding our NEOs' compensation packages; assisted with executive equity program design, including an analysis of equity mix, aggregate share usage and target grant levels; and updated the Compensation Committee on emerging trends and best practices in the area of executive compensation. The Compensation Committee is satisfied with the qualifications, performance and independence of Compensia. Other than serving as an adviser to the Compensation Committee, Compensia does not provide any other services to us. We pay the cost for Compensia's services as negotiated by the Compensation Committee.

Peer Group

To assist the Compensation Committee in its deliberations on executive compensation, Compensia provided recommendations on the composition of our peer group. The criteria used to develop our peer group included:

- software industry;
- publicly-traded;
- headquarters in the United States;
- revenue of \$99 million to \$446 million; and
- market capitalization to revenue ratio in excess of 2.5x.

Based on the recommendations provided, the Compensation Committee established the following companies as our full peer group for 2014:

Accelrys	Aspen Technology
Bazaarvoice	comScore
Constant Contact	Cornerstone OnDemand
Demandware	LivePerson
LogMeIn	Perficient
Qlik Technologies	RealPage
Responsys	SolarWinds
SPS Commerce	Ultimate Software Group

Compensia then prepared a compensation analysis compiled from data gathered from publicly available information regarding the companies that the Compensation Committee had selected as members of our peer group. The Compensation Committee used this data to compare the compensation of our NEOs to similarly positioned persons within the peer group and to determine the relative compensation for each NEO position, based on direct, quantitative comparisons of pay levels. The Compensation Committee continues to review and update our peer group, as necessary, to ensure that the comparisons are meaningful.

Stockholder Say-On-Pay Votes

The Company provides its stockholders with the opportunity to cast an annual advisory vote on executive compensation. At the Company's annual meeting of stockholders held in May 2014, more than 99% of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. We believe this affirms our stockholders' overwhelming support of our approach to executive compensation. The Compensation Committee will continue to consider the outcome of our say-on-pay votes when making future compensation decisions for our NEOs.

Components of Executive Compensation

Base Salaries

We use base salaries primarily to compensate and retain our NEOs for their services. Base salaries for our NEOs are reviewed on an annual basis. In January 2014, the Compensation Committee reviewed the responsibilities and performance of Messrs. Reiner, Murphy and Woestemeyer, their tenure with us, their existing compensation packages and their expected contributions and responsibilities for 2014. Based on this review, the Compensation Committee set Mr. Reiner's base salary for 2014 at \$475,000, unchanged from his 2013 base salary. The Compensation Committee set Mr. Woestemeyer's base salary for 2014 at \$233,750, unchanged from his 2013 base salary after considering Mr. Woestemeyer's substantial equity position in the Company. In February 2014, the Compensation Committee reviewed Mr. Murphy's base salary for 2014 and in light of Mr. Murphy's tenure with us, his contributions to our performance in 2013 and to assist in the retention of Mr. Murphy through his planned retirement, the Compensation Committee increased Mr. Murphy's base salary to \$360,000. Also, the Compensation Committee set Mr. Crump's base salary at \$400,000 in connection with his joining us in February 2014, given Mr. Crump's experience as a public company executive and expected contributions and responsibilities for 2014. After the above adjustments, base salaries were positioned relative to our peer group for 2014 at the 50th percentile for each of Messrs. Reiner and Murphy, near the 75th percentile for Mr. Crump, and between the 25th and 50th percentile for Mr. Woestemeyer.

Executive compensation activities in 2015. In January 2015, the Compensation Committee reviewed the responsibilities and performance of Messrs. Reiner, Murphy, Crump and Woestemeyer, their tenure with us, and their existing compensation packages. Based on this review, the Compensation Committee set Mr. Reiner's base salary for 2015 at \$525,000 and Mr. Crump's base salary for 2015 at \$420,000, in light of their expected contributions and responsibilities for 2015. The Compensation Committee did not make any changes to Mr. Murphy's base salary for 2015 given his previously announced intent to retire from the Company. The Compensation Committee set Mr. Woestemeyer's base salary for 2015 at \$233,750, unchanged from his 2014 base salary after considering Mr. Woestemeyer's substantial equity position in the Company. In March 2015, Mr. Schulz joined us with a base salary set at \$350,000 given Mr. Schulz's experience as a public company Chief Financial Officer and expected contributions and responsibilities for 2015. After the above adjustments, base salaries were positioned relative to our peer group for 2015 at the 75th percentile for Mr. Reiner, above the 75th percentile for Mr. Crump, near the 50th percentile for Mr. Schulz, and between the 25th and 50th percentile for Mr. Woestemeyer.

Cash Incentives

We have a cash incentive plan for our NEOs under which cash incentive payments may be made after the end of each year based on our performance against our corporate objectives for the year. The cash incentive program is intended to reward our NEOs upon the achievement of fiscal year financial performance goals, with some limited discretion available for individual performance. Each component of this cash incentive plan is independent of the other components and has minimum target and maximum levels.

Cash incentive payments are generally paid in the first quarter following completion of a given year. Our Compensation Committee does not have the discretion to increase the performance component targets or decrease the incentive payment amounts to any of our NEOs. The Compensation Committee does have the discretion to lower the performance component targets and/or increase the incentive payment amounts under this cash incentive plan. The Compensation Committee traditionally has not exercised this discretion and did not do so in 2014.

The target incentive payment amounts are payable under this cash incentive plan if we hit our target levels for each component. Actual results between the minimum, target and the maximum goal levels are pro-rated. The discretionary component is determined by the Compensation Committee on an annual basis at the end of our fiscal year. We use our cash incentive plan to align our NEOs' performance with our financial results and to motivate our NEOs to achieve annual goals.

Executive compensation activities in 2014. In February 2014, our Compensation Committee approved our 2014 Named Executive Officer Plan (2014 NEO Plan). The 2014 NEO Plan set targets incentive payment amounts based upon several of the components from the 2013 NEO Plan (non-GAAP revenue, non-GAAP operating income, and discretionary). Our Compensation Committee elected to use non-GAAP revenue as a component of the 2014 NEO Plan in lieu of revenue to add back the write-down of deferred revenue required under GAAP as a result of our acquisitions of SignalDemand, Inc. and Cameleon Software, SA. The discretionary component of the 2014 NEO Plan includes non-numeric goals and objectives intended to position the Company for longer term growth. The weighting of the 2014 NEO Plan components is set forth in the following table:

Component	Weighting of component as a % of bonus payment
Non-GAAP revenue ⁽¹⁾	60%
Non-GAAP operating income ⁽²⁾	20%
Discretionary	20%

Non-GAAP revenue represents revenue calculated under GAAP, plus the appropriate portion of the deferred (1) revenue of acquirees written off pursuant to GAAP purchase accounting as a result of our acquisitions of SignalDemand, Inc. and Cameleon Software, SA.

(2) Non-GAAP operating income represents operating income calculated under GAAP, less share-based compensation expense calculated under GAAP, and such other items that are reported by the Company as non-GAAP items.

The revenue and non-GAAP operating income components of the 2014 NEO Plan were set by the Compensation Committee and those components were measured at the end of 2014 against actual financial results. The discretionary component was determined by the Compensation Committee after the end of the Company's fiscal year, and the Compensation Committee authorized the payments under the 2014 NEO Plan in 2015. The payouts under the 2014 NEO Plan were based on our performance as a company within a range of each component's target. No incentive payment could be earned for performance below the target minimum and the maximum bonus earned could not exceed the bonus amount at the target maximum. The range and target for each component are set forth in the following table:

Component	Target Minimum (in millions)	At Target (in millions)	At Target Maximum (in millions)
Non-GAAP revenue ⁽¹⁾	\$188.0	\$196.9	\$200.0
Non-GAAP operating income ⁽²⁾	\$18.8	\$19.7	\$20.0

Non-GAAP revenue represents revenue calculated under GAAP, plus the appropriate portion of the deferred (1) revenue of acquirees written off pursuant to GAAP purchase accounting as a result of our acquisitions of SignalDemand, Inc. and Cameleon Software, SA.

(2) Non-GAAP operating income represents operating income calculated under GAAP, less share-based compensation expense calculated under GAAP, and such other items that are reported by the Company as non-GAAP items.

The incentive payment as a percentage of the base salary of each 2014 NEO set by the Compensation Committee, as well as the actual payout for 2014 performance, are set forth in the following table:

Named Executive Officer	At Target Threshold	At Target	At Target Maximum	Actual Payout
Andres D. Reiner	55%	110%	220%	105%
D. Blair Crump	50%	100%	200%	100%
Charles H. Murphy	50%	100%	200%	100%
Ronald F. Woestemeyer	22.5%	45%	67.5%	45%

For 2014, the target total cash compensation (base salary plus target cash incentives) was positioned relative to our peer group for 2014 between the 50th and 75th percentiles for Messrs. Reiner and Murphy, above the 75th percentile for Mr. Crump, and between the 25th and 50th percentile for Mr. Woestemeyer.

Executive compensation activities in 2015. In February 2015, our Compensation Committee approved our 2015 Named Executive Officer Plan (2015 NEO Plan) for each of Messrs. Reiner, Crump, Woestemeyer and Schulz. The Compensation Committee determined that Mr. Murphy would not participate in the 2015 NEO Plan due to his retirement from his executive positions with the Company in March 2015. The 2015 NEO Plan set targets incentive payment amounts based upon the components from the 2014 NEO Plan (non-GAAP revenue, non-GAAP operating income, and discretionary). The discretionary component of the 2015 NEO Plan includes non-numeric goals and objectives intended to position the Company for longer term growth. The weighting of the 2015 NEO Plan components is set forth in the following table:

Component	Weighting of component as a % of bonus payment
Non-GAAP revenue ⁽¹⁾	60%
Non-GAAP operating income ⁽²⁾	20%
Discretionary	20%

(1) Non-GAAP revenue represents revenue calculated under GAAP, plus revenue deferred pursuant to GAAP purchase accounting as a result of our acquisitions of SignalDemand, Inc. and Cameleon Software, SA.

(2) Non-GAAP operating income represents operating income calculated under GAAP, less share-based compensation expense calculated under GAAP, and such other items that are reported by the Company as non-GAAP items.

For the 2015 NEO Plan, the Compensation Committee set the amount of each incentive payment as a percentage of the base salary of each of our NEOs, other than Mr. Murphy, as set forth in the following table:

Named Executive Officer	At Target Threshold	At Target	At Target Maximum
Andres D. Reiner	55%	110%	220%
D. Blair Crump	50%	100%	200%
Stefan Schulz ⁽¹⁾	40%	80%	160%
Ronald F. Woestemeyer	22.5%	45%	67.5%

(1) Mr. Schulz' target incentive opportunity for 2015 is prorated based on Mr. Schulz starting his employment with us in March 2015.

In setting these targets, the Compensation Committee believed that there was a reasonable likelihood that we could achieve the targets specified if we execute on our business plan. For 2015, the target total cash compensation (base salary plus target cash incentives) was positioned relative to our peer group for 2015 near the 75th percentile for Mr. Reiner, above the 75th percentile for Mr. Crump, near the 75th percentile for Mr. Schulz and between the 25th and 50th percentile for Mr. Woestemeyer.

Equity Awards

The Compensation Committee believes that equity compensation plans are an essential tool to link the long-term interests of stockholders and employees, especially the NEOs, and serve to motivate NEOs to make decisions that will, in the long run, deliver the best returns to stockholders.

In 2014, the Compensation Committee considered the equity mix for our NEOs and believed it was in our best interests to grant equity awards in an equal mix of MSUs and RSUs under our 2007 Equity Incentive Plan (2007 Plan) and, in the case of Mr. Crump, as inducement awards outside of our 2007 Plan. The awards to Mr. Crump were made in reliance on the exemption from shareholder approval for employment inducement awards under the NYSE rules in order to attract and retain an executive of his unique caliber and experience.

MSUs are performance-vested units under which the number of shares of Common Stock received following vesting is based on the Company's total stockholder return (TSR) in relation to the Russell 2000 Index (Index) over a specified period of time. The Compensation Committee believes that MSUs help more closely align our NEO compensation with our performance, motivate behavior consistent with long-term value creation, and better assist in retaining our NEOs.

RSUs are intended to assist in retaining our NEOs and to reward them for sustaining and increasing the share price of our common stock. RSUs granted in 2014 to each of Messrs. Reiner and Crump vest in four equal annual installments

on January 1st of each year. RSUs granted in 2014 to Mr. Murphy vest in two equal annual installments on January 1st of each subsequent year.

The Compensation Committee determines the size of awards following review of competitive market data from our peer group, as well as subjective factors such as relative job scope, individual performance, tenure and experience, expected future contributions to the growth and development of the Company, Company performance, historical equity compensation awarded to an NEO, and the unvested equity position held by each NEO. For 2014, the value of Mr. Reiner's target equity award was positioned somewhat above the peer group 75th percentile, reflecting the Company's continued strong performance under his leadership, and the relatively small equity position he held in the Company as a recently-promoted CEO. For 2014, Mr. Murphy's target equity award was positioned between the peer group 50th and 75th percentiles reflecting his experience as a public company CFO, the Compensation Committee's assessment that Mr. Murphy's responsibilities are broader in scope than that of many Chief Financial Officers, and to assist in the retention of Mr. Murphy through his retirement from serving as the Chief Financial Officer of the Company in March 2015 and for continued service as an adviser through March 2016. For 2014, Mr. Crump's target equity award

was positioned above the 75th percentile, reflecting his experience as a public company executive, that he held no equity in the Company as a recently hired executive, and his expected contribution to the Company in the future. Mr. Woestemeyer did not receive an equity award in 2014 due to his sizable equity stake in the Company as our founder.

The actual number of shares of our Common Stock issuable under MSUs is variable based on over-or under-performance of our stock price compared to the Index during the performance period. The MSUs awarded in 2014 (2014 MSUs) have a three year performance period beginning in January 2014. If we under-perform the Index, the percentage at which the MSUs convert into shares of our Common Stock will be reduced from 100%, at a rate of 4 to 1 (four-percentage-point reduction in the number of target units for each percentage point of under-performance), with a minimum percentage of 0%. If we outperform the Index, the percentage at which the MSUs convert to shares will be increased from 100%, at a rate of 4 to 1 (four percentage-point increase in the number of target units for each percentage point of over-performance), with a maximum percentage of 200%.

Executive compensation activities in 2015. In 2015, the Compensation Committee reconsidered the equity mix for our NEOs and believed it was in our best interests to again grant equity awards (a) in an equal mix of MSUs and RSUs to each of Messrs. Reiner and Crump, (b) in RSUs to Mr. Murphy and (c) in a higher percentage of RSUs relative to MSUs for Mr. Schulz. RSUs granted in 2015 to Messrs. Reiner and Crump vest in four equal annual installments on January 1st of each year. RSUs granted in 2015 to Mr. Schulz vest in four equal annual installments on March 2nd of each year. RSUs granted in 2015 to Mr. Murphy vest in February 2016. The MSUs awarded in 2015 (2015 MSUs) to (a) Messrs. Reiner and Crump have a three year performance period beginning in January 2015, and (b) Mr. Schulz have a three year performance period beginning in March 2015. If we under-perform the Index, the percentage at which the MSUs convert into shares of our Common Stock will be reduced from 100%, at a rate of 4 to 1 (four-percentage-point reduction in the number of target units for each percentage point of under-performance), with a minimum percentage of 0%. If we outperform the Index, the percentage at which the MSUs convert to shares will be increased from 100%, at a rate of 4 to 1 (four percentage-point increase in the number of target units for each percentage point of over-performance), with a maximum percentage of 200%.

For 2015, the value of Mr. Reiner's target equity award was positioned near the peer group 75th percentile, reflecting the Company's continued strong performance under his leadership in 2014. Mr. Crump's equity award was positioned above the 75th percentile, reflecting the Company's strong operational performance under his leadership in 2014, and his expected contribution to the Company in the future. Mr. Murphy's equity award was positioned below the 25th percentile, to assist in the retention of Mr. Murphy as an adviser through March 2016. Mr. Schulz's target equity award was positioned between the 50th percentile and the 75th percentile, reflecting his experience as a public company CFO, that he held no equity in the Company as a recently hired executive, and his expected contribution to the Company in the future. Mr. Woestemeyer did not receive an equity award in 2015 due to his sizable equity stake in the Company as our founder.

Other Compensation

Benefits. We provide our NEOs the following benefits, generally on the same terms as we provide our other employees:

- health, dental, travel, accident insurance and vision;
- life insurance;
- employee assistance plan;
- medical and dependent care flexible spending account;
- short-and long-term disability, accidental death and dismemberment;
- a 401(k) plan;
- an employee stock purchase plan;
- paid time off;

sick days; and

tuition reimbursement.

We believe these benefits are consistent with companies with whom we compete for employees.

401(k) Plan. We provide a tax-qualified employee savings and retirement plan (401(k) Plan) intended to qualify under Section 401(a) of the Code. Contributions, and income earned thereon, are not taxable to employees until withdrawn.

Under the 401(k) Plan, employees may elect to reduce their current compensation up to the statutorily prescribed annual limit and have the amount of the reduction contributed to the 401(k) Plan. The 401(k) Plan also permits us to make matching contributions to the plan on behalf of participants. Historically, our matching contribution has been 50% of the first 6% of employee contributions. We may also make discretionary contributions. In 2014, we matched 50% of each employee's contribution up to 6% of the employee's eligible income contributed to our 401(k) Plan and made no discretionary contributions.

Employee Stock Purchase Plan. In 2014, we implemented an employee stock purchase plan (ESPP) intended to qualify as an “employee stock purchase plan” under section 423 of the Internal Revenue Code (Code). At the beginning of each offering under the plan, each participant in the ESPP is granted the right to purchase (Purchase Right) through accumulated payroll deductions up to a number of shares of our Common Stock determined on the first day of the offering period. The Purchase Right is automatically exercised on the last day of the offering period unless the participant has withdrawn from participation in the ESPP prior to such date. Generally, all of our employees are eligible to participate if they are employed by us, or any participating subsidiary, for at least 20 hours per week. However, an employee may not be granted a Purchase Right if such employee immediately after the grant would own stock possessing 5% or more of the total combined voting power or value of all classes of our capital stock or that of any related corporation.

Severance compensation and termination protection

We generally provide our NEOs with severance packages if they are terminated without cause (as defined in their employment agreements) or for good reason (as defined in their employment agreements) in order to attract and retain them. The amount of severance benefits is described below, and in more detail elsewhere in the section titled “Potential Payments Upon Termination or Change of Control.” The Compensation Committee reviews the potential payouts to ensure their market-competitiveness in order to incentivize our NEOs to maintain focus on both daily and long-term efforts.

Our severance compensation provisions are designed to meet the following objectives:

Change in Control: As part of our normal course of business, we engage in discussions with other companies about possible collaborations and/or other ways in which the companies may work together to further our respective long-term objectives. In certain scenarios, the potential for merger or being acquired may be in the best interests of our stockholders. We provide a component of severance compensation if an NEO is terminated as a result of a change of control transaction to promote the ability of our NEOs to act in the best interests of our stockholders even though they could be terminated as a result of the transaction.

Termination Without Cause or For Good Reason: If we terminate the employment of one of our NEOs “without cause” or one of our NEOs resigns for “good reason,” each as defined in the applicable agreement, we are obligated to make certain payments based on the NEO's then-effective base salary. We believe this is appropriate because the terminated NEO is bound by confidentiality and non-competition provisions continuing after termination. We also believe it is beneficial to have a mutually-agreed severance package in place prior to any termination event, to avoid disruptive conflicts and provide us with more flexibility to make a change in management if such a change is in our and our stockholders' best interests.

Andres D. Reiner. In May 2013, we entered into an amended and restated employment agreement with Mr. Reiner, our Chief Executive Officer and President. This agreement is for a three-year term and automatically renews for three-year terms unless the Company decides not to renew. The base salary payable to Mr. Reiner is subject to periodic review by our Compensation Committee. In the event Mr. Reiner's employment with us is terminated by him for good reason, by us without cause or we decide not to renew his agreement, he will receive (i) his full base salary each month for the following 12 months, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment of a bonus at 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for twelve months, (iv) an amount equal to twelve times the monthly cost of Mr. Reiner's health benefits, and (v) the acceleration of vesting of all equity awards. Alternatively, if Mr. Reiner's employment is terminated by us without cause, if he resigns for good reason, or we decide not to renew his agreement within six months prior to, or any time after, a change of control of the Company, he will receive (i) an amount equal to 150% of his annual salary, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment of an aggregate bonus equal to 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for

eighteen months, (iv) an amount equal to eighteen times the monthly cost of Mr. Reiner's health benefits, and (v) the acceleration of vesting of all equity awards with respect to such shares that would have vested following the date of termination. In addition, if the surviving or acquiring entity (or its parent entity) elects not to assume, continue or substitute for the equity awards or options due under the 2007 Plan, all outstanding equity awards and options under the 2007 Plan will vest in full and become fully exercisable. Mr. Reiner is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of his employment.

Stefan Schulz. In March 2015, we entered into an employment agreement with Mr. Schulz, our Executive Vice President and Chief Financial Officer. This agreement is for a three-year term and automatically renews for three-year terms unless the Company decides not to renew. The base salary payable to Mr. Schulz is subject to periodic review by our Compensation Committee. In the event Mr. Schulz's employment with us is terminated by him for good reason, by us without cause, or we decide

not to renew his agreement, he will receive (i) his full base salary each month for the following 12 months, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment of a bonus at 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for twelve months, (iv) an amount equal to twelve times the monthly cost of Mr. Schulz's health benefits, and (v) to the extent that the aggregate amount paid pursuant to items (i) through (iv) is not at least \$1,000,000, the acceleration of vesting of certain equity awards to bring the total separation pay package to \$1,000,000. Alternatively, if Mr. Schulz's employment is terminated by us without cause, if he resigns for good reason, or we decide not to renew his agreement within six months prior to, or any time after, a change of control of the Company, he will receive (i) an amount equal to 150% of his annual salary, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment of an aggregate bonus equal to 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for eighteen months, (iv) an amount equal to eighteen times the monthly cost of Mr. Schulz's health benefits, and (v) the acceleration of vesting of all equity awards with respect to such shares that would have vested following the date of termination. In addition, if the surviving or acquiring entity (or its parent entity) elects not to assume, continue or substitute for the equity awards or options due under the 2007 Plan, all outstanding equity awards and options under the 2007 Plan will vest in full and become fully exercisable. Mr. Schulz is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of his employment.

Charles H. Murphy. In February 2014, Mr. Murphy announced his intention to retire from the Company. To assist in the retention of Mr. Murphy through his planned retirement, in April 2014, we entered into a second amended and restated employment agreement (Amended Agreement) with Mr. Murphy, and the term of such agreement expires on January 31, 2016. Pursuant to the Amended Agreement, Mr. Murphy will receive his full 2014 target bonus if he remains employed with us through January 31, 2015, and Mr. Murphy would transition to part-time employment with limited responsibilities on or before January 31, 2015 as determined by us. In the event Mr. Murphy's employment with us is terminated by him for good reason or by us without cause, he will receive (i) his full base salary each month for the following 12 months, (ii) an amount equal to twelve times the monthly cost of Mr. Murphy's health benefits, (iii) any unpaid bonus earned prior to the termination relating to completed bonus periods preceding the date of termination, and (iv) the payment in equal monthly installments of an aggregate bonus equal to 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by the Company for twelve months, and (v) the acceleration of vesting of all equity awards with respect to such shares that would have vested following the date of termination. Alternatively, if Mr. Murphy's employment is terminated by us without cause or if he resigns for good reason within six months prior to, or any time after, a change of control of the Company, he will receive (i) an amount equal to 150% of his annual salary, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) an aggregate bonus equal to 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for eighteen months, and (iv) an amount equal to eighteen times the monthly cost of Mr. Murphy's health benefits. In addition, in the event of a change of control of the Company, Mr. Murphy will receive acceleration of the vesting of stock options and certain other equity awards granted to him. Mr. Murphy is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of his employment. In January 2015, we amended Mr. Murphy's employment agreement (Second Amended Agreement) to change the date of Mr. Murphy's transition to part time employment from January 31, 2015 to March 31, 2015. Pursuant to the Second Amended Agreement, (a) Mr. Murphy will receive \$75,000 if he remains employed with us through March 31, 2015; (b) Mr. Murphy will transition to part-time employment with limited responsibilities on or before March 31, 2015 as determined by us; (c) Mr. Murphy will receive a reduced salary beginning on March 31, 2015 if he is still employed with us then and reimbursement for certain health benefits after transitioning to part time employment; and (d) in the event of Mr. Murphy's death or disability prior to the expiration of the Second Amended Agreement, all of his equity awards which would have otherwise vested by March 31, 2016 will accelerate in full. Mr. Murphy will otherwise continue to be eligible for the same compensation and benefits and will be subject to similar material terms and

conditions as provided for in his prior amended and restated employment agreement.

D. Blair Crump. In February 2014, we entered into an employment agreement with Mr. Crump, our Chief Operating Officer. This agreement is for a three-year term and automatically renews for three-year terms unless the Company decides not to renew. The base salary payable to Mr. Crump is subject to periodic review by our Compensation Committee. In the event Mr. Crump's employment with us is terminated by him for good reason, by us without cause, or we decide not to renew his agreement, he will receive (i) his full base salary each month for the following 12 months, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment of a bonus at 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for twelve months, (iv) an amount equal to twelve times the monthly cost of Mr. Crump's health benefits, and (v) the acceleration of vesting of all equity awards. Alternatively, if Mr. Crump's employment is terminated by us without cause, if he resigns for good reason, or we decide not to renew his agreement within six months prior to, or any time after, a change of control of the Company, he will receive (i) an amount equal to 150% of his annual salary, (ii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination, (iii) the payment of an aggregate bonus equal to 100% of performance targets, including discretionary components, within the bonus plan in effect as if employed by us for eighteen months, (iv) an amount equal to eighteen times the monthly cost of Mr. Crump's health

benefits, and (v) the acceleration of vesting of all equity awards with respect to such shares that would have vested following the date of termination. In addition, if the surviving or acquiring entity (or its parent entity) elects not to assume, continue or substitute for the equity awards or options due under the 2007 Plan, all outstanding equity awards and options under the 2007 Plan will vest in full and become fully exercisable. Mr. Crump is subject to non-competition and non-solicitation restrictions during the term of his employment and for the 12-month period following the termination of his employment.

Ronald F. Woestemeyer. In May 2013, we entered into an amended and restated employment agreement with Mr. Woestemeyer, our Executive Vice President. This agreement is for a three-year term and automatically renews for three-year terms unless the Company decides not to renew. Under this agreement, Mr. Woestemeyer's salary is subject to periodic review by our Compensation Committee. In the event Mr. Woestemeyer's employment with us is terminated by him for good reason, by us without cause, or we decide not to renew his agreement, he will receive (i) \$275,000 payable over 12 months and (ii) an amount equal to six times the monthly cost of Mr. Woestemeyer's health benefits. Alternatively, if Mr. Woestemeyer's employment is terminated by us without cause, if he resigns for good reason, or we decide not to renew his agreement within six months prior to, or eighteen months after, a change of control of the Company, he will receive (i) \$275,000 and (ii) an amount equal to twelve times the monthly cost of Mr. Woestemeyer's health benefits, and (iii) any unpaid bonus earned prior to the termination relating to periods preceding the date of termination. Mr. Woestemeyer is subject to non-competition and non-solicitation restrictions during the term of his employment and for the severance period following the termination of his employment.

"Cause" is defined in these employment agreements as (a) a breach by our officer of his duties of confidentiality which causes a material harm to us, (b) his conviction of, or a plea of guilty or no contest to, a felony or any other crime involving dishonesty or moral turpitude under the laws of the United States; (c) continued failure to perform assigned duties or comply with any Company policy after notice and a cure period; (d) any material breach by our officer of his employment agreement or any other agreement between our officer and us after notice and a cure period; (e) any intentional wrongdoing by them that adversely affects us; and (f) any failure to cooperate in good faith with us in any governmental investigation or formal proceeding.

Each of our NEOs can resign for "good reason" and be entitled to severance. "Good reason" is defined in their employment agreements as (i) a material diminution in their authority, duties or responsibilities or the assignment of duties to them that are not materially commensurate with their position with us, other than where they are asked to assume substantially similar duties and responsibilities in a larger entity after any change of control; (ii) the relocation of their offices to more than 25 miles from their present location; (iii) a material reduction in their base salaries other than reductions which are part of a general reduction affecting all employees; (iv) our failure to provide them with similar benefits that we provide to our other employees; (v) any material breach by us of any provision of their employment agreement; or (vi) any failure by any successor corporation to assume our obligations under the NEO's employment agreement.

Tax and accounting considerations

Tax considerations

We are subject to Section 162(m) of the Code, which limits the amount that we may deduct for compensation paid to our Chief Executive Officer and to each of our four most highly compensated officers other than our Chief Financial Officer to \$1,000,000 per person per year, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of "performance-based" compensation approved by our stockholders. In addition to salary and bonus compensation that is not "performance-based," certain equity grants may cause an officer's total compensation to exceed \$1,000,000. However, compensation from options or other equity grants that meet certain requirements will be exempt from the \$1,000,000 cap on deductibility. In the past, annual compensation to certain of our NEOs has exceeded \$1,000,000 per person, and we currently anticipate such compensation will exceed the \$1,000,000 limit for certain of our most highly compensated officers in 2015. If we do not qualify for the exemptions to this deductibility limit, we will not be able to deduct the compensation amount in excess of \$1,000,000. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly

links pay to performance. Accordingly, we have not adopted a policy that all compensation must qualify as deductible under Section 162(m) of the Code.

The Audit Committee reviews and approves the independent registered public accounting firm's retention to perform attest services, including the associated fees. The Audit Committee also evaluates other known potential engagements of the independent registered public accounting firm, including the scope of the proposed work and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. At subsequent meetings, the Audit Committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. The Audit Committee has delegated to the chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Audit Committee in the event that a need arises for pre-approval between Audit Committee meetings.
