PROXY STATEMENT

FOR THE

2014 ANNUAL MEETING OF STOCKHOLDERS

This proxy statement is furnished in connection with the solicitation of proxies to be voted at our annual meeting of stockholders, which will be held at 7171 Southwest Parkway, Building 500, Austin, Texas, U.S.A. 78735, on Thursday, May 15, 2014 at 8:30 a.m. local time. On April 4, 2014, we began mailing to stockholders of record a Notice of Internet Availability of Proxy Materials (the "Notice").

Why did I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a printed set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission ("SEC"), we are permitted to furnish our proxy materials over the Internet to our stockholders by delivering the Notice in the mail to notify our stockholders that such materials are available. As a result, most of our stockholders have not been provided a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review the proxy statement and annual report over the Internet at www.proxyvote.com. The Notice also instructs you on how you may submit your proxy over the Internet. If you would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting these materials contained in the Notice.

What is the purpose of these materials?

You have received these proxy materials because our Board is soliciting your proxy to vote your shares at the annual meeting. This proxy statement describes issues on which we would like you to vote at our annual meeting of stockholders and gives you information on these issues so that you can make an informed decision.

Our Board has made this proxy statement and proxy card available to you on the Internet because you own shares of SolarWinds, Inc. common stock, in addition to delivering printed versions of this proxy statement and proxy card to certain stockholders by mail.

When you vote by using the Internet, by telephone or (if you received your proxy card by mail) by completing, signing and returning the proxy card, you appoint Kevin B. Thompson and Jason Ream as your representatives at the annual meeting. They will vote your shares at the annual meeting as you have instructed them or, if an issue that is not listed on the accompanying notice of annual meeting of stockholders comes up for vote, in accordance with their best judgment. Consequently, your shares will be voted whether or not you attend the annual meeting. Even if you plan to attend the annual meeting, we encourage you to vote in advance by using the Internet, by telephone or (if you received your proxy card by mail) by completing, signing and returning your proxy card.

I share an address with another stockholder and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure, approved by the SEC, called "householding." Under this procedure, we deliver a single copy of the Notice and, if applicable, this proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, including any amendments (the "Annual Report"), to stockholders of record who have the same address unless we are notified that one or more of these stockholders wishes to continue receiving individual copies. This procedure reduces our printing costs and postage fees.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice, this proxy statement and the Annual Report, or if you hold our common stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact the Household Department of Broadridge Financial Solutions, Inc. at 51 Mercedes Way, Edgewood, New York 11717; or by telephone at 1-800-542-1061. If you participate in householding and wish to receive a separate copy of this proxy statement and the Annual Report, or if you do not wish

to continue to participate in householding and prefer to receive separate copies of these documents in the future, please contact Broadridge Financial Solutions, Inc. as indicated above.

If your shares are held in street name through a broker, bank or other nominee, please contact your broker, bank or nominee directly if you have questions, require additional copies of the Notice, this proxy statement or the Annual Report or wish to receive a single copy of such materials in the future for all beneficial owners of shares of our common stock sharing an address.

Who is entitled to vote?

Holders of our common stock at the close of business on March 21, 2014 are entitled to vote. March 21, 2014 is referred to as the record date.

In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be available at the place of the annual meeting on May 15, 2014 and will be accessible in electronic form for ten days prior to the meeting at our principal place of business, 3711 South MoPac Expressway, Building Two, Austin, Texas 78746, between the hours of 9:00 a.m. and 5:00 p.m. local time.

To how many votes is each share of common stock entitled?

Holders of common stock are entitled to one vote per share. On the record date, there were 75,370,935 shares of our common stock outstanding and entitled to vote.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, to be a "stockholder of record." The Notice has been or will be sent directly to you, unless you previously requested printed copies of our proxy materials.

If your shares are held in a brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of those shares held in "street name." In this case, the Notice or a printed copy of our proxy materials has been or will be sent to you by your broker, bank or other holder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote the shares in your account.

How do I vote?

Stockholders of record may vote by using the Internet, by telephone or (if you received a proxy card by mail) by mail as described below. Stockholders also may attend the meeting and vote in person.

Through the Internet. The address of the website for Internet voting is www.proxyvote.com. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on May 14, 2014. Easy-to-follow instructions allow you to vote your shares and confirm that your instructions have been properly recorded.

By telephone. The toll-free telephone number is noted on your proxy card. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on May 14, 2014. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

By mail. If you received a proxy card by mail and choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-paid envelope.

The method you use to vote will not limit your right to vote at the annual meeting, if you decide to attend in person.

Written ballots will be passed out to anyone who wants to vote at the annual meeting.

If you hold shares in "street name" through a bank, broker or other holder of record, please refer to the Notice or other information forwarded by your bank, broker or other holder of record to see which voting options are available to you. You must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the annual meeting.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the annual meeting. If you are a record holder, you may do this by:

submitting a subsequent proxy by using the Internet, by telephone or by mail with a later date;

Table of Contents

• sending written notice of revocation to Corporate Secretary, SolarWinds, Inc., 3711 South MoPac Expressway, Building Two, Austin, Texas 78746; or

• voting in person at the annual meeting.

If you are a street name holder, you may do this by:

• submitting new voting instructions in the manner provided by your bank, broker or other holder of record; or

• obtaining a “legal proxy” from your bank, broker or other custodian in order to vote your shares at the annual meeting

Attendance at the meeting will not by itself revoke a proxy.

How many votes are needed to hold the annual meeting?

The presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the annual meeting will constitute a quorum. If a quorum is present, we can hold the annual meeting and conduct business. If a quorum is not present, we may adjourn the annual meeting to solicit additional proxies.

On what items am I voting?

You are being asked to vote on four items:

• the election of two Class II directors nominated by the Board and named in the proxy statement to serve a term of three years until our 2017 annual meeting of stockholders (Proposal One);

• the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2014 (Proposal Two);

• the approval, by non-binding vote, of the compensation of the named executive officers (Proposal Three); and

the adjournment or postponement of the annual meeting, if necessary, to solicit additional proxies if there are insufficient shares present or voting affirmatively at the time of the annual meeting either (1) to establish a quorum; or (2) if a quorum is present, to approve Proposals One through Three (Proposal Four).

No cumulative voting rights are authorized, and dissenters’ rights are not applicable to these matters.

How may I vote for the nominees for director, and how many votes must the nominees receive to be elected?

With respect to the election of each of the nominees for director, you may:

• vote FOR the election of the director nominee;

• vote AGAINST the election of the director nominee; or

• ABSTAIN from voting on the election of the director nominee.

A nominee for director shall be elected to the Board if the votes cast for such nominee’s election exceed the votes cast against such nominee’s election.

Abstentions and broker non-votes are not votes cast and will not be counted in determining the outcome of the election of directors.

What happens if a nominee is unable or unwilling to stand for election?

If a nominee is unable or unwilling for good cause to stand for election, the Board may either:

• reduce the number of directors that serve on the Board; or

• designate a substitute nominee.

If the Board designates a substitute nominee, shares represented by proxies voted for the nominee who is unable to stand for election or unwilling for good cause will be voted for the substitute nominee.

Table of Contents

How may I vote for the ratification of the appointment of our independent registered public accounting firm, and how many votes must the proposal receive to pass?

With respect to the proposal to ratify the appointment of our independent registered public accounting firm, you may:

- vote FOR the proposal;
- vote AGAINST the proposal; or
- ABSTAIN from voting on the proposal.

The ratification of the appointment of our independent registered public accounting firm must receive the affirmative vote of a majority of the shares of our common stock represented in person or by proxy at the annual meeting and entitled to vote on the proposal. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal. We do not expect there to be any broker non-votes on this proposal.

How may I vote for the non-binding approval of the compensation of the named executive officers, and how many votes must the proposal receive to pass?

With respect to the proposal to approve, on a non-binding basis, the compensation of the named executive officers, or the Say on Pay vote, you may:

- vote FOR the proposal;
- vote AGAINST the proposal; or
- ABSTAIN from voting on the proposal.

The affirmative vote of a majority of the shares of our common stock represented in person or by proxy at the annual meeting and entitled to vote on the proposal is required to approve the compensation paid to the named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, in this proxy statement. However, the vote to approve the compensation paid to our named executive officers is an advisory vote only and, therefore, the result of that vote will not be binding on our Board or Compensation Committee. Our Compensation Committee will, however, consider the outcome of the vote when determining future executive compensation arrangements. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal. Broker non-votes are not entitled to vote on the proposal and will not be counted in determining the outcome of this proposal.

How may I vote for the adjournment or postponement of the annual meeting, and how many votes must the proposal receive to pass?

With respect to the proposal adjourn or postpone the annual meeting, you may:

- vote FOR the proposal;
- vote AGAINST the proposal; or
- ABSTAIN from voting on the proposal.

The adjournment or postponement of the annual meeting must receive the affirmative vote of a majority of the shares of our common stock represented in person or by proxy at the annual meeting and entitled to vote on the proposal. If you abstain from voting on the proposal, it will have the same effect as a vote against the proposal. Broker non-votes are not entitled to vote on the proposal and will not be counted in determining the outcome of this proposal.

How does the board of directors recommend that I vote?

The Board recommends a vote:

- FOR both director nominees;
- FOR the ratification of the appointment of our independent registered public accounting firm;
- FOR the approval, on a non-binding basis, of the compensation of the named executive officers; and
- FOR the adjournment or postponement of the annual meeting, if necessary.

Table of Contents

What happens if I do not give specific voting instructions?

If you either:

indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or

sign and return a proxy card without giving specific voting instructions,

then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual meeting. See the section entitled "Other Matters" below.

If I hold my shares in a brokerage account, what happens if I do not provide voting instructions to broker?

If your shares are held in street name through a broker and you do not provide voting instructions to your broker, your broker will have discretion to vote your shares only on "routine matters," such as the ratification of the appointment of our independent registered public accounting firm described in Proposal Two of this proxy statement. Proposals One, Three and Four in this proxy statement are considered "non-routine matters." If the broker that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, your broker will not have the authority to vote on this matter with respect to your shares. Therefore, if you do not submit voting instructions and your broker exercises its discretion to vote your shares on Proposal Two, your shares will constitute "broker non-votes" with respect to each of Proposals One, Three and Four. See "How are broker non-votes and abstentions treated" below.

We encourage you to provide instructions to your brokerage firm through one of the voting methods they have provided. This action ensures your shares will be voted at the meeting in accordance with your wishes.

How are broker non-votes and abstentions treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. With respect to the various proposals:

Proposal One: Abstentions and broker non-votes will not count as a vote "FOR" or "AGAINST" with respect to a nominee's election and thus will not be counted in determining the outcome of the election of directors.

Proposal Two: Abstentions will be counted towards the vote total and will have the same effect as votes against this proposal. The approval of Proposal Two is a routine matter on which a broker or other nominee is generally empowered to vote. Accordingly, no broker non-votes will likely result from this proposal.

Proposal Three: Abstentions will be counted towards the vote total and will have the same effect as votes against this proposal. Broker non-votes will not be counted in determining the outcome of this proposal as brokers are not entitled to vote on this proposal in the absence of voting instructions from the beneficial owner.

Proposal Four: Abstentions will be counted towards the vote total and will have the same effect as votes against the proposal. Broker non-votes will not be counted in determining the outcome of this proposal as brokers are not entitled to vote on this proposal in the absence of voting instructions from the beneficial owner.

In order to minimize the number of broker non-votes, the Company encourages you to vote or to provide voting instructions to the broker that holds your shares by carefully following the instructions provided by your broker.

What do I need to show to attend the annual meeting in person?

For beneficial owners of shares held in street name, you will need proof of your share ownership and a form of photo identification. Proof of share ownership may be a recent brokerage statement or letter from your broker showing that you owned shares of our common stock as of March 21, 2014. For stockholders of record, you will need a copy of your Notice of Internet Availability of Proxy Materials or proxy card and photo identification. If you do not have the above-listed materials, you may not be admitted to the annual meeting. All bags, briefcases and packages will be held at registration and will not be allowed in the meeting.

Required Vote and Recommendation of the Board for Proposal One

The affirmative vote of a majority of the votes cast at the annual meeting is required for the election of our Class II directors. You may vote “FOR” or “AGAINST” on each of the two nominees for election as director or you may “ABSTAIN” from voting on the election of each director nominee.

A nominee receiving more “FOR” votes than “WITHHOLD” votes among votes properly cast in person or by proxy will be elected to the Board as a Class II director. Abstentions and broker non-votes are not votes cast and will have no effect on the outcome.

Our Corporate Governance Guidelines include a director resignation policy for directors. This policy states that in an uncontested election, any incumbent director nominee who receives a greater number of votes “WITHHELD” from his or her election than votes “FOR” his or her election at a meeting of stockholders shall promptly tender his or her resignation to the Board following certification of the election results. For purposes of applying this policy, we treat votes “AGAINST” a director nominee as a vote “WITHHELD” from his or her election. The Nominating and Governance Committee of the Board is required to make recommendations to the Board with respect to any such tendered resignation. The Nominating and Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept an incumbent director nominee’s resignation. Our full director resignation policy is set forth in our Corporate Governance Guidelines, which may be found at the investor relations portion of our website at www.solarwinds.com

Our Board recommends that you vote FOR Mr. Cakebread and Mr. Sippl.

CORPORATE GOVERNANCE

Board Leadership

Currently, we do not have a Chairman of the Board. In the meantime, our Lead Independent Director, Steven M. Cakebread, acts as chairperson for regular meetings in addition to his role as chairperson of the executive sessions of the independent directors of the Board. Following an executive session of independent directors, the Lead Independent Director acts as a liaison between the independent directors and the Board regarding any specific feedback or issues. The Lead Independent Director also provides management with input regarding schedule and agenda items for Board and committee meetings and information to be provided to the independent directors in performing their duties. In addition, each of the committees of the Board is chaired by an independent director.

Because all but one of the Company's Board members is an independent director, we believe that our Lead Independent Director handles many of the responsibilities of a Chairman of the Board and also promotes efficient communication throughout the Board and allows us to make decisions efficiently to properly serve our stockholders. Therefore, we do not believe, at this time, a Chairman of the Board is necessary.

Risk Oversight

Our business is subject to various types of risk, including competitive, technological, legal, personnel, financial and many others. While no one can foresee and eliminate every risk of negative events, our Board is charged with, among other things, overseeing our risk management processes implemented by management and ensuring that necessary steps are taken to foster a culture of risk-adjusted decision-making throughout our organization. Our Board believes that each of our directors other than Mr. Thompson is independent under the rules of the NYSE and the Board believes that this independence provides effective oversight of management. The Board regularly reviews information and reports from members of senior management on areas of material risk, including operational, financial, legal and regulatory, and strategic and reputational risks. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee oversees management of operational, financial, legal and regulatory risks. The Nominating and Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks.

Our Board believes that the processes it has established for overseeing risk would be effective under a variety of leadership frameworks and therefore do not materially affect its choice of leadership structure as described under "Board Leadership Structure" above.

Board Committees

Our Board has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Pursuant to our Corporate Governance Guidelines, each committee consists entirely of directors who meet the requirement for independence under applicable NYSE and SEC rules as further described below under the caption "Director Independence." Our Board has adopted a charter for each committee that is available on the investor relations portion of our website at www.solarwinds.com. We believe that each of our committee charters and the functioning of each committee comply with the applicable requirements of the NYSE and SEC rules and regulations.

The table below lists the current membership of each committee and the number of committee meetings held in 2013.

	Audit Committee	Compensation Committee	Nominating and Governance Committee

J. Benjamin Nye		Chairman	
Ellen F. Siminoff		Member	Member
Roger J. Sippl	Member	Member	Member
Lloyd G. Waterhouse	Member		Chairman
Number of Meetings held in 2013	9	6	4

Table of Contents

The primary responsibilities of each committee are described below.

Audit Committee

The Company has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee oversees our corporate accounting and financial reporting processes. The Audit Committee also:

- evaluates our independent auditors' qualifications, independence and performance;
- determines the engagement of our independent auditors;
- pre-approves the retention of our independent auditors to perform any proposed permissible non-audit services;
- monitors the performance of the Company's internal audit function and independent auditors;
- monitors the rotation of partners of our independent auditors on our engagement team;
- monitors the Company's compliance with legal and regulatory requirements;
- reviews our financial statements and reviews our critical accounting policies and estimates; and
- reviews and discusses with management and our independent auditors the results of the annual audit and the quarterly reviews of our financial statements.

The members of the Audit Committee have been determined to be independent in accordance with the requirements of Section 303A.02 of the NYSE listing standards and the requirements of Rule 10A-3(b)(1) under the Exchange Act. In addition, each member of the Audit Committee is financially literate as required by the NYSE listing standards, is an "audit committee financial expert" as defined in the rules of the SEC implementing Section 407 of the Sarbanes Oxley Act of 2002 and fulfills the "accounting or related financial management expertise" requirements set forth in the NYSE listing standards.

Compensation Committee

The Compensation Committee has the general responsibility of overseeing our compensation and benefit programs, including the following:

- overseeing our compensation philosophy;
- reviewing and recommending plans and policies relating to compensation and benefits of our executive officers, employees and outside directors;
- reviewing and approving corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers;
- evaluating the performance of our executive officers in light of established goals and objectives;
- setting compensation of our executive officers based on their evaluations;
- preparing the compensation discussion and analysis and report of the Compensation Committee that the SEC requires in our annual proxy statements;
- reviewing, approving and making recommendations to our Board regarding our equity compensation plans and administering the same; and
- reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

In fulfilling its responsibilities, the Compensation Committee is solely responsible for making the final decisions on compensation for our executive officers. However, the Compensation Committee takes into account recommendations of our President and Chief Executive Officer in determining the compensation of our other executive officers and input requested from our President and Chief Executive Officer in determining his compensation. Otherwise, our executive officers do not have any role in determining the form or amount of compensation paid to the executive officers. In addition, the Compensation Committee retains the power to form and delegate matters to a subcommittee of the Compensation Committee, except that the Compensation Committee may not delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Compensation Committee as a whole. Pursuant to this authority, the Compensation Committee has designated a Committee for Equity Awards to Non-Officers with the authority to grant equity awards to non-officer employees of the Company within guidelines established by the Compensation Committee from time to time. Such committee is required to consist of a minimum of one member of the Board, and currently consists of the Chief Executive Officer in his capacity as a member of the

Board.

Table of Contents

Pursuant to its charter, the Compensation Committee is authorized to retain or obtain the advice of a compensation consultant to assist in the evaluation of compensation to our executive officers. In August 2012, the Compensation Committee engaged Compensia to conduct a review of our executive compensation program and to make recommendations for 2013 compensation for our executive officers. The Compensation Committee is directly responsible for the appointment, compensation and oversight of Compensia's work, and has concluded that Compensia's engagement did not raise any conflict of interest. For additional information concerning Compensia's engagement, see "Executive Compensation—Compensation Discussion and Analysis" below. Each member of our Compensation Committee is a non-employee director, as defined by Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended.

Nominating and Governance Committee

The Nominating and Governance Committee identifies individuals qualified to become Board members and assists our Board in reviewing and recommending nominees for election as directors. The Nominating and Governance Committee also:

- oversees and evaluates the qualifications and performance of the members of our Board and management;
- develops and recommends to the Board our corporate governance principles;
- reviews potential conflicts of interest of members of the Board and executive officers;
- oversees compliance by the Board and its committees with applicable laws and regulations;
- reviews and assesses the composition and performance of our Board and its committees; and
- administers our Code of Business Conduct and Ethics.

Director Independence

Our Corporate Governance Guidelines, which may be found at the investor relations portion of our website at www.solarwinds.com, state that our Board shall have a majority of directors who meet the criteria for independence established by applicable law, including the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC and those of the NYSE. The Nominating and Governance Committee annually reviews the independence of each Board nominee, conducts a periodic review of the independence of the other members of the Board and its Committees and reports its findings to the full Board. Based on the report and recommendation of the Nominating and Governance Committee, the Board has determined that each of the members of the Board except for Mr. Thompson, our President and Chief Executive Officer, satisfies the independence criteria set forth in the applicable NYSE listing standards and SEC rules, each of the members of our Audit Committee satisfies the enhanced criteria applicable to members of the Audit Committee set forth in the applicable NYSE listing standards and SEC rules and each of the members of our Compensation Committee satisfies the enhanced criteria applicable to members of the Compensation Committee set forth in the applicable NYSE listing standards and SEC rules. Furthermore, each Board committee member qualifies as a non-employee director within the meaning of Rule 16b-3 under the Exchange Act. The Board also previously determined that Mark Bonham, who resigned from the Board effective as of July 30, 2013, was independent under applicable NYSE listing standards and SEC rules for membership on the Board and on all committees of the Board on which he served prior to his resignation.

For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationships (including vendor, supplier, consulting, legal, banking, accounting, charitable and family relationships) with us, other than as a director and a stockholder. NYSE listing standards set forth certain circumstances in which a director may not be deemed independent, including certain relationships that exist at the time of the determination or during the prior three years. Under these NYSE listing standards, Mr. Thompson could not be independent because he is a Company employee.

With respect to our non-employee directors, the Board considered all relevant facts and circumstances in making its determinations of independence, including the following:

- None of our non-employee directors receives any direct compensation from us other than under the director compensation plan;

No immediate family member (within the meaning of the NYSE listing standards) of any non-employee director is an employee or otherwise receives direct compensation from us;

No non-employee director is an employee of our independent registered public accounting firm and no non-employee director (or any of their respective immediate family members) is a current partner of our independent registered public accounting firm, or was within the last three years, a partner or employee of our independent registered public accounting firm and personally worked on our audit;

- None of our executive officers is on the compensation committee of the board of directors of a company that employs any of our non-employee directors (or any of their respective immediate family members) as an executive officer;
- No non-employee director (or any of their respective immediate family members) is indebted to us and we are not indebted to any non-employee director (or any of their respective immediate family members);
- No non-employee director serves as an executive officer of a charitable or other tax-exempt organization that received contributions from us; and
- The transactions described below under “Certain Relationships and Related Transactions.”

Communications to the Board of Directors

Stockholders and any other interested parties may communicate with the members of the Board, or to individual directors, including our Lead Independent Director, or any group of directors, including our independent directors, by sending a letter to our Corporate Secretary at 3711 South MoPac Expressway, Building Two, Austin, Texas 78746 or a fax to (866) 568-3052. Our Corporate Secretary reviews all incoming stockholder communications (except for mass mailings, product complaints or inquiries, job inquiries, business solicitations, and patently offensive or otherwise inappropriate material) and, if appropriate, routes such communications to the appropriate member of the Board, or if none is specified, to the Lead Independent Director (or director acting in such capacity at the time).

Director Nomination Procedures

The Nominating and Governance Committee has the responsibility for reviewing and recommending to the Board candidates for director positions. The Nominating and Governance Committee, in evaluating Board candidates, considers factors such as professional background and skills, personal character, values and discipline, ethical standards, diversity and other outside commitments, all in the context of an assessment of the needs of the Board at the time. The Committee’s objective is to maintain a Board of individuals of the highest personal character, integrity and ethical standards, and that reflects a range of professional backgrounds and skills relevant to our business. The Nominating and Governance Committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in the experience and skills that contribute to the Board’s performance of its responsibilities in the oversight of a global technology business.

The Nominating and Governance Committee will consider director candidates recommended by stockholders in the same manner and using the same criteria as used for any other director candidate. The Nominating and Governance Committee also may take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held. To have a candidate considered by the Nominating and Governance Committee, a stockholder must submit a recommendation in writing to our Corporate Secretary at 3711 South MoPac Expressway, Building Two, Austin, Texas 78746, and must include the following information:

- the name of the stockholder and evidence of the person’s ownership of our stock, including the number of shares owned and the length of time of ownership;
- the name of the candidate, the candidate’s resume or a listing of his or her qualifications to be a director;
- the written consent of the proposed candidate to be named as a nominee and to serve as a director if elected; and
- any other information about the stockholder and the candidate that would be required if the stockholder provided notice to the Company of its intent to nominate the director candidate pursuant to Section 2.4 of our amended and restated bylaws.

The Nominating and Governance Committee may require additional information as it deems reasonably required to determine the eligibility of the director candidate to serve as a member of the Board.

For a candidate to be considered by the Nominating and Governance Committee for nomination to the Board at an upcoming annual meeting, a stockholder recommendation must be received by our Corporate Secretary not less than 120 days prior to the anniversary date of the Company’s most recent annual meeting of shareholders.

The Nominating and Governance Committee believes that the minimum qualifications for serving as a director are that a nominee demonstrate: accomplishment in his or her field; an ability to make a meaningful contribution to the Board’s oversight of our business and affairs; and a record and reputation for integrity and ethical conduct in both his

or her professional and personal

13

activities. In addition, the Nominating and Governance Committee examines: a candidate’s specific experiences and skills; industry background and knowledge; time availability in light of other commitments; potential conflicts of interest; interpersonal skills and compatibility with the Board; ability to complement the competency and skills of the other Board members; and independence from management and the Company. The Nominating and Governance Committee also seeks to have the Board represent a diversity of backgrounds and experience.

The Nominating and Governance Committee annually reviews with the Board the requisite skills and characteristics of Board members, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, experience and industry backgrounds in the context of the needs of the Board and the Company, as well as the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Directors are expected to exemplify the highest standards of personal and professional integrity; and to constructively challenge management through their active participation and questioning. In particular, the Nominating and Governance Committee seeks directors with established strong professional reputations and expertise in areas relevant to the strategy and operations of the Company’s businesses.

Board Meetings and Attendance

The Board held five (5) meetings in 2013. During 2013, each member of the Board attended 75% or more of the aggregate of (i) the total number of Board meetings held during the period of such member’s service and (ii) the total number of meetings of committees on which such member served, during the period of such member’s service.

Director Attendance at Annual Meetings of Stockholders

Directors are encouraged, but not required, to attend our annual stockholder meetings. All of our current directors attended our 2013 annual stockholder meeting.

Non-Employee Director Compensation

The Compensation Committee reviews and makes recommendations to the Board regarding the form and amount of compensation for non-employee directors. Directors who are employees of the Company receive no additional compensation for service on the Board. The Company’s director compensation program is designed to enable continued attraction and retention of highly qualified directors by ensuring that director compensation is in line with peer companies competing for director talent, and is designed to address the time, effort, expertise and accountability required of active Board membership. In general, the Compensation Committee and the Board believe that annual compensation for non-employee directors should consist of both a cash component, designed to compensate members for their service on the Board and its Committees, and an equity component, designed to align the interests of directors with our stockholders and, by vesting over time, to create an incentive for continued service on the Board.

In August 2012, our Compensation Committee engaged Compensia, an independent third-party compensation consultant, to conduct a review of our director compensation plan and compensation programs at comparable companies. Our Compensation Committee, with the assistance of Compensia, selected the following companies to be our 2013 peer group (“2013 Peer Group”) based on a number of factors, including market capitalization, industry, revenue, growth rate, operating margin in conjunction with revenue growth rate, complexity of operations, board size and composition and tenure as a publicly-traded company:

Upon market review and the comparison of our performance versus the performance of the 2013 Peer Group, our Compensation Committee determined that it would be advisable to increase the amount of the lead director retainer, but otherwise maintain the director compensation plan that we adopted in 2012. In February 2013, our Compensation Committee recommended, and our Board approved, increasing the lead director retainer amount to \$25,000, with such increase effective on the date of the 2013 annual meeting. The other terms of our director compensation plan remained the same as those in the 2012 director compensation plan. Therefore, effective May 9, 2013, our director compensation plan for all non-employee directors was as follows (all retainers are annual amounts paid quarterly):

General Board member retainer	\$40,000
Lead director retainer	\$25,000
Audit Committee Chair retainer	\$26,000
Compensation Committee Chair retainer	\$16,000
Nominating and Governance Committee Chair retainer	\$12,000
Audit Committee member retainer	\$13,000
Compensation Committee member retainer	\$10,000
Nominating and Governance Committee member retainer	\$6,000
Initial equity grant	\$360,000 value (50% stock options and 50% restricted stock units) (1)(2)
Annual equity grant	\$240,000 (50% stock options and 50% restricted stock units) (1)(3)

The value of the stock options will be determined as of the date of grant using the Black-Scholes option-pricing (1) model. All options granted will have an exercise price equal to the closing price per share of our common stock on the date of grant.

The grant is awarded on or about the date on which each person first becomes a non-employee director. This initial equity grant applies only to non-employee directors becoming a director after the date of adoption of the revised (2) director compensation plan. One-third of each stock option vests on the first anniversary of the grant date, with the remainder vesting ratably over the next 24 months, subject to continued service through each applicable date. One-third of each restricted stock unit vests on each of the first three anniversaries of the vesting commencement date, subject to continued service through each applicable date.

The grant is awarded to continuing directors on the date of our annual meeting of stockholders if, as of such date, a director has served on the Board for at least the preceding six months. Each equity award will fully vest on the (3) earlier of (i) the date of the next year's annual stockholder meeting or (ii) December 31 of the calendar year following the calendar year in which the award is granted, whichever is earlier, subject to continued service through the applicable date. The number of restricted stock units granted will be calculated using the closing price of a single share of our common stock on the date of our annual shareholder meeting, and the number of options granted will be calculated using the fair value of the options as calculated on the date of our annual shareholder meeting using the Black-Scholes valuation method.

Stock Ownership Guidelines

On December 21, 2011, we adopted stock ownership guidelines for the members of our Board. Pursuant to these guidelines, each member of the Board must retain ownership of an amount of equity such that the net market value of the vested options, vested or unvested RSUs, restricted stock, or shares of stock held by the Board member is at least equal to 4 times that member's base annual cash board retainer paid by the Company as of the annual meeting of stockholders. Each Board member shall have five years to accumulate (the "Accumulation Period") this equity interest from the later of the implementation of this policy and the date such person became a member of the Board. Prior to the end of the Accumulation Period, a Board member must maintain a pro-rata amount of equity securities as of the date of each annual meeting of stockholders. The Board may approve any amendments, waivers or exceptions to this policy at its discretion. Our stock ownership guidelines are set forth in our Corporate Governance Guidelines, which may be found at the investor relations portion of our website at www.solarwinds.com.

Security Ownership of Certain Beneficial Holders and Management

The following table sets forth information regarding ownership of our common stock as of March 21, 2014, the record date, by (a) each person or group of affiliated persons known by us to be the beneficial owner of more than 5% of common stock, (b) each of our directors and nominees for director, (c) each of our named executive officers and (d) all directors and executive officers as a group.

Beneficial ownership in this table is determined in accordance with the rules of the SEC and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, the number of shares of common stock deemed outstanding includes shares issuable upon exercise of options held by the respective person or group that may be exercised within 60 days after March 21, 2014 and shares issuable upon the vesting of restricted stock units held by the respective person or group that will vest within 60 days after March 21, 2014. For purposes of calculating each person's or group's percentage ownership, stock options exercisable within 60 days after March 21, 2014 and restricted stock units that will vest within 60 days after March 21, 2014 are included for that person or group but not the stock options or restricted stock units of any other person or group. Percentage of beneficial ownership is based on the shares of common stock outstanding as of March 21, 2014.

Certain Relationships and Related Transactions

Applicable Policies and Procedures

Consistent with SEC rules, a related or interested party transaction includes a transaction between the Company and a director, director nominee or executive officer of the Company or a beneficial owner of more than 5% of the Company's common stock or any of their respective immediate family members. The Company's Code of Business Ethics and Conduct requires that each employee report to management on an ongoing basis any relationship or transaction that may create or appear to create a conflict between the personal interests of those individuals (or their immediate family members) and the interests of the Company. A conflict, or appearance of a conflict, might arise, for example, by accepting gifts from a current or potential customer, supplier or competitor, owning a financial interest in, or serving in a business capacity with, an outside enterprise that competes with or does or wishes to do business with, the Company, or using confidential Company information or other corporate assets for personal profit. Members of the Board are also advised to disclose any potential conflict of interest to the full Board.

Table of Contents

Pursuant to its written charter, our Audit Committee reviews and oversees all related person transactions. All of our directors, officers and employees are required to report to the Audit Committee any related person transaction prior to entering into the transaction. The Audit Committee is responsible for reviewing and approving proposed related person transactions. In making a determination, the Audit Committee considers all relevant facts and circumstances, such as the benefits of the transaction to the Company; the terms of the transaction and whether they are arms'-length and in the ordinary course of the Company's business; the direct or indirect nature of the related person's interest in the transaction; the size and expected term of the transaction; and other facts and circumstances that bear on the materiality of the related person transaction under applicable law and listing standards.

Furthermore, if a conflict of interest is suspected to arise based on a new relationship or changed circumstances related to an existing relationship, the matter is referred to the Audit Committee Chairman or Nominating and Governance Committee Chairman for review. If it is determined that a potential conflict of interest may exist, the Audit Committee or Nominating and Governance Committee would review the potential conflict and determine whether any action is required, including whether to authorize, ratify or direct the unwinding of the relationship or transaction under consideration, as well as ensure that appropriate controls are in place to protect the Company and its stockholders.

In order to ensure that all material relationships and related person transactions have been identified, reviewed and disclosed in accordance with applicable policies, procedures and regulations, each director and executive officer also completes and signs a questionnaire at the end of each fiscal year that requests confirmation that there are no material relationships or related person transactions between such individuals and the Company other than those previously disclosed to the Company.

Related Person Transactions

The following is a description of transactions since January 1, 2013, in which we have been a participant, in which the amount involved exceeded or will exceed \$120,000 and in which any of our directors, executive officers, beneficial holders of more than 5% of our capital stock, or entities affiliated with them, had or will have a direct or indirect material interest. The transactions set forth below were approved by our Audit Committee or, with respect to those entered prior to the establishment of our Audit Committee, by our Board. We believe that such transactions were on terms no less favorable to us than we could have obtained from unaffiliated third parties.

We entered into a registration rights agreement dated as of December 13, 2005, as amended, with certain stockholders. Subject to the terms of this agreement, entities affiliated with Donald C. Yonce, a beneficial owner of more than 5% of the Company's common stock, have demand registration rights entitling them to demand that we file a registration statement covering sales of the shares and piggyback registration rights entitling them to request that their shares be covered by a registration statement that we otherwise file. The registration rights agreement was filed as an exhibit to our Registration Statement on Form S-1 as filed with the SEC on March 19, 2008 and is incorporated by reference herein.

In September 2013, we entered into a stock purchase agreement with AppNeta, Inc., or AppNeta, an application performance management software company, in which we invested approximately \$8.0 million in convertible preferred stock. J. Benjamin Nye, a member of our board of directors currently serves on the board of directors of AppNeta and is a Managing Director for Bain Capital Venture Partners, LLC, which also has an ownership interest in AppNeta.

We have entered into various software license agreements in the ordinary course of business with McGraw-Hill Education, or McGraw Hill, and certain of its affiliated entities. A member of our board of directors, Lloyd G. Waterhouse, is the President and Chief Executive Officer of McGraw Hill. McGraw Hill paid the Company approximately \$472,701 pursuant to such software license agreements since January 1, 2013.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons who own more than 10% of our common stock ("Reporting Persons") to file reports of ownership and changes in ownership of our common stock with the SEC. Based solely on our review of such reports received or written representations from certain Reporting Persons during 2013, we believe that all Reporting Persons complied with all applicable reporting requirements in 2013, except that J. Barton Kalsu failed to file a Form 4 on a timely basis related to an equity-based compensation

award in September 2013.

Code of Business Ethics and Conduct

Our Board adopted a code of business ethics and conduct for all employees, including our executive officers and directors. The code of business ethics and conduct is available on the investor relations portion of our website at www.solarwinds.com. The Company will disclose on its website at www.solarwinds.com, to the extent required by applicable SEC or NYSE rules and in the manner permitted by Item 5.05 of Form 8-K, the nature of any amendment to this code of business ethics and conduct (other than

technical, administrative, or other non-substantive amendments), our approval of any material departure from a provision of this code of business ethics and conduct, and our failure to take action within a reasonable period of time regarding any material departure from a provision of this code of business ethics and conduct that has been made known to any of our executive officers.

Table of Contents**PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Audit Committee of our Board has appointed PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the 2014 fiscal year and will present such appointment to the stockholders for ratification at the annual meeting. A representative of PricewaterhouseCoopers LLP is expected to be present at the annual meeting to respond to questions from stockholders and will be given the opportunity to make a statement if so desired.

Stockholder ratification of the Audit Committee's appointment of PricewaterhouseCoopers LLP is not necessary because the Audit Committee has responsibility for appointing our independent auditor. However, the Audit Committee will take your vote on the proposal into consideration when appointing our independent registered public accounting firm in the future. If the appointment of PricewaterhouseCoopers LLP is not ratified by you, the Audit Committee may reconsider the appointment. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Required Vote and Recommendation of the Board for Proposal Two

You may vote "FOR," "AGAINST" or "ABSTAIN" on this proposal. To be approved by our stockholders, this proposal must receive a "FOR" vote by a majority of the shares of our common stock represented in person or by proxy at the annual meeting and entitled to vote on the proposal.

Our Board recommends that you vote FOR the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2014.

Pre-Approval of Audit and Non-Audit Services

The Audit Committee is authorized by its charter to pre-approve all audit and permitted non-audit services to be performed by our independent registered public accounting firm. The Audit Committee reviews and approves the independent registered public accounting firm's retention to perform audit services, including the associated fees. The Audit Committee also evaluates other known potential engagements of the independent registered public accounting firm, including the scope of the proposed work and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under

applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. At subsequent meetings, the Audit Committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. The Audit Committee has delegated to the Chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Audit Committee in the event that a need arises for pre-approval between Audit Committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full Audit Committee at its next meeting.

All services provided by PricewaterhouseCoopers LLP during the fiscal years ended December 31, 2013 and December 31, 2012 were preapproved by the Audit Committee.

Our Audit Committee has reviewed the fees and services described above, and believes that such fees and services are compatible with maintaining the independence of PricewaterhouseCoopers LLP.

The following discussion and analysis of compensation arrangements of the NEOs for 2013 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Executive Summary

We design, develop, market, sell and support enterprise-class information technology, or IT, infrastructure management software to IT professionals in organizations of all sizes. For us to compete successfully and grow our business, we must retain, recruit and develop talented, qualified senior executives to manage and lead our Company to achieve the corporate objectives that will promote the short-term and long-term growth of our business, and thereby increase stockholder value. We believe that the compensation paid to our executive officers should be closely aligned with our corporate performance on both a short-term and long-term basis, and that such compensation should assist us in motivating and retaining the key executive officers critical to our long-term success.

2013 Business Highlights

We believe the compensation program for our NEOs in 2013 and prior years was instrumental in helping us achieve strong financial performance in 2013. We recorded the following financial results for the year ended December 31, 2013:

• Total revenue was \$335.4 million for 2013 compared to \$269.0 million for 2012, or an increase of 24.7%.

• Combined maintenance and subscription revenue for 2013 was \$199.5 million compared to \$145.0 million for 2012, representing 37.6% year-over-year growth in recurring revenue.

• Net income was \$89.8 million for 2013 compared to \$81.3 million for 2012, or an increase of 10.4%.

• Net income was \$1.17 per share on a fully diluted basis for 2013 compared to \$1.07 per share on a fully diluted basis for 2012, or an increase of 9.3%.

• Cash flow from operating activities was \$163.3 million for 2013 compared to \$143.4 million for 2012, or an increase of 13.9%.

Table of Contents

Other business and corporate governance highlights during 2013 include:

In May 2013, we acquired N-able Technologies (“N-able”). Through our acquisition of N-able, we enhanced our remote monitoring and management offerings and added managed service provider (“MSP”) service automation to the broad range of management challenges that we address for the IT industry.

In October 2013, we acquired Confio Corporation, adding database performance management to the list of IT management issues we help solve for IT professionals.

In July 2013, our Board of Directors approved a share repurchase program, authorizing us to purchase up to \$50.0 million of our outstanding common stock in the open market. During 2013, we repurchased 0.9 million shares of our common stock for an aggregate purchase price of \$32.6 million under our share repurchase program.

In September 2013, our Board of Directors adopted Amended and Restated Bylaws to provide for majority voting in uncontested director elections.

2013 Executive Compensation Policies and Practices

We endeavor to maintain sound governance standards consistent with our executive compensation policies and practices. The Compensation Committee evaluates our executive compensation program on an ongoing basis to ensure that it is consistent with the Company’s short-term and long-term goals given the dynamic nature of our business and the market in which we compete for executive talent. The following policies and practices were in effect during 2013: Compensation At-Risk. Our executive compensation program is designed so that a significant portion of compensation is “at risk” based on corporate performance, as well as equity-based to align the interests of our executive officers and stockholders. As a result, base salary and benefits represented less than 30% of each NEO’s total target compensation at target performance levels for 2013. We consider target performance levels to be achievement of the high end of our financial outlook for revenue and non-GAAP operating income.

Pay-for-Performance. Our executive compensation program is designed so that our executive officers’ compensation is aligned with our financial performance and stockholder returns. For example, our Chief Executive Officer’s total target compensation at target performance levels for 2013 was \$6,087,128 although his realizable pay for 2013 was \$4,414,970. We calculate realizable pay as the sum of actual base salary, bonus, non-equity incentive plan and all other compensation amounts paid during 2013, plus the value of equity awards granted in 2013 revalued at our stock price as of December 31, 2013, which was \$37.83 per share.

Short-Term Cash Incentives Tied to Revenue and Non-GAAP Operating Income. Our NEOs earn quarterly cash bonuses under our Executive Bonus Plan only if we achieve the low end of our quarterly target ranges for revenue and non-GAAP operating income and receive 100% of their target bonus amount only if we achieve the high end of our quarterly target ranges for revenue and non-GAAP operating income. The low end and high end of our quarterly target ranges for revenue and non-GAAP operating income were equal to the low end and high end, respectively, of our financial outlook for these metrics in each quarter of 2013. Our NEOs may share in any incremental non-GAAP operating income above the high end of our quarterly target ranges through our supplemental bonus plan, which is accrued quarterly but not paid until the completion of the full fiscal year subject to approval of our Compensation Committee. The supplemental bonus plan reflects our pay for performance philosophy and is balanced with the interests of our stockholders as we retained at least 67% of any incremental non-GAAP operating income above the high end of our quarterly target range as profit for the benefit of our stockholders in each quarter of 2013.

Majority of Total Target Compensation is Long-Term Equity Incentive Awards with Multi-Year Vesting Requirements. Over 60% of our NEO’s total target compensation at target performance levels for 2013 is in the form of long-term equity incentive awards to align the interests of our NEOs with our stockholders. The equity awards granted to our executive officers vest or are earned over multi-year periods, consistent with our retention objectives.

Double-trigger Change in Control Arrangements. All change in control payments and benefits are based on a “double-trigger” arrangement (that is, they require both a change in control of the Company and a qualifying termination of employment before an executive officer is eligible to receive any such payments and benefits).

Broad-based Benefit Programs. Our executive officers participate in broad-based Company-sponsored health and welfare benefits programs on the same basis as our other full-time, salaried employees.

Limited Other Compensation. We limit all other compensation to our executive officers. For example, we currently do not offer pension arrangements, nonqualified deferred compensation plans or arrangements or significant perquisites to our executive officers.

26

Table of Contents

No Gross-ups. Executive officers are not eligible to receive any tax reimbursement payments or “gross-ups” in connection with any severance or change in control payments or benefits.

No Hedging or Pledging of Company Stock. We do not permit our executives and directors to engage in short sales, derivatives transactions, hedging or similar transactions involving our securities. We also do not permit our executives and directors to pledge our securities as collateral for a loan.

Independent Compensation Committee. The Compensation Committee was comprised solely of independent directors who have established effective means for communicating with stockholders regarding their executive compensation ideas and concerns.

Independent Consultant. The Compensation Committee engaged its own independent compensation consultant to assist with its 2013 compensation reviews. This compensation consultant performed no additional consulting or other services for the Company.

Annual Review. The Compensation Committee conducted its annual review and approval of the Company’s compensation strategy, including a review of our compensation peer group used for comparative purposes and a review of our compensation-related risk profile to ensure that such risks are not reasonably likely to have a material adverse effect on the Company.

2013 Stockholder Advisory Vote on Executive Compensation

At our 2013 annual meeting of stockholders, we conducted a stockholder advisory vote on the 2012 compensation of the NEOs (commonly known as a “Say-on-Pay” vote). Our stockholders approved the 2012 compensation of the NEOs with approximately 97.4% of the votes cast in favor of the proposal. This follows our Say-on-Pay vote for 2011 compensation of the NEOs, for which 98.1% of the votes cast supported the compensation of the NEOs. We believe that the outcome of the Say-on-Pay vote reflects our stockholders’ support of our compensation approach.

The Compensation Committee reviewed the stockholder voting results and decided to maintain a substantially similar executive compensation program partly in response to the strong approval by stockholders. Further, any design changes resulting from the Say-on-Pay vote would not typically show up in compensation until the following fiscal year due to the timing of our annual meeting of stockholders compared to the Compensation Committee meeting at which compensation decisions are made.

We value the opinions of our stockholders and will continue to consider the outcome of future Say-on-Pay votes, as well as feedback received throughout the year, when making compensation decisions for our executive officers, including the NEOs. At our 2011 annual meeting of stockholders, our stockholders approved a recommendation that the Say-on-Pay vote be held once every year. Our Board reviewed the results of the vote and determined to hold a Say-on-Pay vote in each of the years following this recommendation from the stockholders. We currently anticipate holding a Say-on-Pay vote each year.

Overview of Compensation Program

Our executive compensation program seeks to attract and retain talented, qualified senior executives to manage and lead our Company and to motivate them to pursue and achieve our corporate objectives. Additionally, we strive to align pay with shareholder value. Therefore, our current compensation program reflects a mix of cash and equity elements to focus executives on not only short-term results, but also long-term success. Our compensation program is designed to:

- Pay competitively for achieving target levels of performance in order to attract and retain highly qualified executives;
- Place a significant amount of each executive officer’s total potential compensation “at risk” based on corporate performance;
- Align the interests of management and stockholders;
- Encourage effective use of resources to achieve corporate objectives;
- Pay for performance by rewarding and differentiating among executives based on the achievement of Company and functional objectives; and
- Manage risk through oversight and compensation design features and practices that balance short-term and long-term incentives.

The current compensation program primarily consists of base salary, short-term incentives and a long-term equity component, historically in the form of stock options and restricted stock units (“RSUs”). We have discussed each element of the compensation program in more detail in the subsection titled “—Components of Our Compensation Program.”

Our corporate objectives are to increase our total revenue at a high growth rate and to invest in our business to drive our future growth while continuing to deliver high non-GAAP operating margins. We believe that our compensation program design

Table of Contents

supports these objectives because a significant amount of each executive officer's total potential compensation is "at risk" based on corporate performance, as well as equity-based to align the interests of our executive officers and stockholders.

Compensation Philosophy

The following key principles guide our compensation decision-making and program design:

- The elements of the total compensation package are designed to reward the executive management team for achieving our Company objectives, with upside opportunity for exceeding the performance objectives.

- The compensation package balances achievement of short-term performance objectives with long-term strategic goals.

- The compensation package is designed to align the interests of our management with those of our stockholders by paying a significant portion of each executive officer's total targeted compensation in the form of equity awards.

- Our total compensation program is designed to provide compensation opportunities that are competitive with those companies with which we compete for executive talent in order to attract and retain highly qualified executives.

Pay decisions are made considering a variety of factors, including each executive's role, skills, experience, performance against individual and Company objectives and compensation practices within the Company's peer group.

The Compensation Committee

The Compensation Committee has the overall responsibility for overseeing the compensation and benefit programs for our executive officers. Members of the committee are appointed by the Board. Messrs. Nye, Sippl and Ms. Siminoff served on the Compensation Committee during 2013. See the section entitled "Corporate Governance—Board Committees—Compensation Committee" for more information regarding the Compensation Committee. The Compensation Committee is responsible for ensuring that our compensation policies and practices support the successful recruitment, development and retention of the executive officer talent required for us to achieve our business objectives.

Participation of Management in Compensation Decisions

We believe that the best way to align executive and stockholder interests is through a compensation program designed with input from management and, as appropriate, external advisors regarding internal, external, cultural and business challenges and opportunities facing our Company and our executive officers. In 2013, our President and Chief Executive Officer provided recommendations on executive compensation for our other executive officers and also provided input requested by the Compensation Committee regarding his own compensation, although he was not present during any deliberations related to his own compensation. Our President and Chief Executive Officer, Former Chief Financial Officer, Former General Counsel and Vice President of Human Resources attended certain meetings of the Compensation Committee in 2013, but were not present during any discussions related to their own compensation. We expect to continue a similar practice in the future.

Compensation Consultants

The Compensation Committee has the authority to retain a compensation consultant to assist it in evaluating the compensation of our Chief Executive Officer and our other executive officers and to approve the consultant's fees and engagement terms. The Compensation Committee also has the authority to retain other advisors to assist it in fulfilling its responsibilities.

In August 2012, the Compensation Committee engaged Compensia to conduct a review of our executive compensation program and to make recommendations for 2013 compensation for our executive officers. In connection with this engagement, the Compensation Committee undertook a review of the independence of Compensia including, without limitation, consideration of the factors enumerated in applicable SEC rules. Based on the Compensation Committee's review, the Compensation Committee concluded that Compensia is independent and that Compensia's engagement did not raise a conflict of interest.

Compensia conducted a review of total compensation for our executive officers by comparing their compensation to the companies in our 2013 Peer Group. In choosing this list of comparable companies each year, Compensia and the Compensation Committee have considered a number of factors including market capitalization, industry, revenue,

growth rate, operating margin in conjunction with revenue growth rate, complexity of operations and tenure as a publicly-traded company. Our President and Chief Executive Officer reviewed this report with the Compensation Committee and provided his recommendations along with other information to the Compensation Committee. The Compensation Committee considered the Compensation report and these recommendations in setting the 2013 compensation for our executive officers.

Competitive Market

Our executive compensation program is designed so that total short-term and long-term compensation are competitive with comparable positions at comparable companies so that we are able to attract and retain highly qualified executives to manage and lead our company. In 2013, the Compensation Committee generally targeted a total compensation package for NEOs to be at the

Table of Contents

75th percentile for the comparable position at comparable companies contingent upon corporate performance at our target performance levels. We consider target performance levels to be achievement of the high end of our financial outlook for revenue and non-GAAP operating income. We believe that these targets are challenging, but achievable, for our NEOs with excellent execution of our plan. The Compensation Committee used competitive market data as just one factor in making its final compensation determinations and also considered factors specific to a NEO such as skills, experience and qualifications, tenure in the position and individual performance although the Compensation Committee did not assign any specific weights to the various factors considered. Our Compensation Committee chose the same comparable companies evaluated in connection with setting our 2013 director compensation, or the 2013 Peer Group listed in “Corporate Governance—Non-Employee Director Compensation,” as the list of comparable companies evaluated in connection with setting 2013 executive compensation.

Components of Our Compensation Program

In setting total compensation, the Compensation Committee seeks to achieve the optimal balance between:

- Fixed and variable (or “at risk”) payments;
- Short- and long-term pay elements; and
- Cash and equity-based elements.

Our compensation program consists of base salary, cash bonuses based on achievement of short-term objectives, long-term incentives and benefits. Each component is described in more detail below.

We, initially, review each component separately against similar components of comparable companies in setting the initial value. We, then, evaluate these components on an aggregate basis in order to determine if we have achieved the goal of setting total compensation at the 75th percentile for the comparable position at comparable companies. The Compensation Committee may make adjustments to compensation based on factors specific to a NEO or if it believes that in the aggregate the components do not achieve the desired goal. As a result, each component is dependent on the other components. We consider every component of compensation, both potential and realized, when determining the amount of each component of compensation.

Base Salary

We pay an annual base salary to our executive officers in order to provide them with a fixed rate of cash compensation during the year. We adjust the target base salary for executive officers based upon a number of factors, including overall performance against our financial and strategic plan; skills, experience and qualifications; assessment of professional effectiveness, consisting of competencies such as leadership, commitment, creativity and team accomplishment; the underlying scope of their responsibilities; their individual performance; internal equity; salaries for the comparable position of the Peer Group; overall functional unit expense controls; and retention concerns. Achievement of these factors will be measured as a whole.

In November 2012, the Compensation Committee reviewed and discussed the Compensia report detailing, among other things, the salaries of similarly-situated officers of the 2013 Peer Group. The Compensation Committee used the data to make a determination on whether base salaries needed to be adjusted for the NEOs. In February 2013, the Compensation Committee approved 2013 base salaries of our NEOs (other than Mr. Ream) based on Peer Group comparison, performance-based factors and other competitive conditions to be effective on April 1, 2013.

Additionally, the Compensation Committee approved appropriate increases to the annual base salaries of Mr. Ream and Mr. Kalsu in connection with their promotions to Executive Vice President, Finance and Chief Financial Officer and Executive Vice President, Finance and Chief Accounting Officer, respectively, which were effective on October 1, 2013. The table below shows the 2013 base salaries for our NEOs effective as of April 1, 2013, the percentage increase from the NEO’s prior base salary and their annual base salary following promotions in 2013 (if applicable).

Table of Contents

NEO	2013 Base Salary	% Increase	2013 Base Salary After Promotions
Kevin B. Thompson	\$450,000	5.9	% N/A
Jason Ream (1)	220,000	—	\$290,000
J. Barton Kalsu (2)	255,000	4.9	290,000
Paul Strelzick	280,000	1.8	N/A
Douglas G. Hibberd	305,000	3.3	N/A
Michael J. Berry	335,000	2.8	N/A
Bryan A. Sims	250,000	4.2	N/A

Mr. Ream was not an executive officer prior to his promotion to Executive Vice President, Finance and Chief Financial Officer in October 2013 and, accordingly, his annual base salary was not reviewed by the Compensation Committee in connection with the 2013 annual review of our other NEO's compensation. Mr. Ream served as our (1) Vice President of Growth Strategy for prior periods in 2013 and the amount in the table above reflects his annual base salary for the first half of 2013 while serving in that position. His annual base salary was increased to \$228,983 effective July 1, 2013 and was increased to \$290,000 effective October 1, 2013 in connection with his promotion to Executive Vice President, Finance and Chief Financial Officer.

(2) Mr. Kalsu's annual base salary was increased to \$290,000 effective October 1, 2013 in connection with his promotion to Executive Vice President, Finance and Chief Accounting Officer.

Cash Bonuses

Executive Bonus Plan. All of our executive officers participate in our Executive Bonus Plan, which pays cash bonuses upon the achievement of Company performance goals in order to incent management to achieve these performance goals. Our 2013 performance goals were determined by the Compensation Committee based on recommendations from the Board and management. The performance goals we establish may change from year to year and quarter to quarter as we continue to evolve and establish different priorities, but will remain subject to the review and approval of the Compensation Committee.

In 2013, the Compensation Committee established a quarterly target range for revenue and non-GAAP operating income under our Executive Bonus Plan. The low end and the high end of the target range for revenue were equal to the low end and high end, respectively, of our financial outlook for revenue in each quarter of 2013. The low end and the high end of the target range for non-GAAP operating income were based on our financial outlook for non-GAAP operating margin in each quarter of 2013. By selecting these target ranges based on our outlook, we believe that they were challenging, but achievable, for the executives with excellent execution of our plan, and provided the proper incentives to our executives to execute at a high level in order to achieve results consistent with our financial outlook as communicated to our stockholders. Please see our Form 8-K and related press release filed with the SEC on February 5, 2014 for a reconciliation of non-GAAP operating income to GAAP operating income.

In 2013, each NEO's quarterly bonus was weighted as follows: 65% based on our achievement of the revenue targets and 35% based on our achievement of the non-GAAP operating income targets. After the end of each quarter in 2013, we measured our achievement of the established targets separately based on the actual total revenue and non-GAAP operating income amounts publicly reported for the quarter. If the Company achieved the low end of the target range for either metric, each NEO would be paid 80% of the portion of their target bonus attributable to that metric. If the Company achieved or exceeded the high end of the target range for either metric, each NEO would be paid 100% of the portion of their target bonus attributable to that metric. Above the low end and below the high end of the target range for each metric, the NEO would receive a prorated percentage of that portion of the NEO's target bonus attributable to that metric as follows:

$80\% + (20\% * (\text{actual quarterly amount} - \text{low end quarterly target amount}) / (\text{high end quarterly target amount} - \text{low end quarterly target amount}))$

The maximum amount payable to our NEOs under our Executive Bonus Plan for any quarter was 100% of the NEO's quarterly target bonus although our NEOs were paid a supplemental bonus based on the Company's performance above the high end of the target range for revenue and non-GAAP operating income in 2013 as described below under "Supplemental Bonus."

30

Table of Contents

Our targets and actual revenue and non-GAAP operating income amounts for each quarter of 2013 were as follows (amounts are in millions):

2013 Period	Low End Revenue Target	High End Revenue Target	Actual Revenue
First Quarter	\$74.9	\$75.7	\$72.9
Second Quarter	77.8	78.8	77.5
Third Quarter	84.7	87.2	87.9
Fourth Quarter	90.3	92.2	97.1
2013 Period	Low End Non-GAAP Operating Income Target	High End Non-GAAP Operating Income Target	Actual Non-GAAP Operating Income
First Quarter	\$38.2	\$39.0	\$40.7
Second Quarter	40.5	41.0	42.1
Third Quarter	37.3	39.2	43.9
Fourth Quarter	36.1	37.8	43.6

In the first and second quarters of 2013, we did not achieve the low end of our revenue target ranges but exceeded the high end of our non-GAAP operating income target ranges. We paid bonuses under our Executive Bonus Plan to our participating NEOs equal to 35% of their target quarterly bonus for each of the first and second quarters of 2013. In the third and fourth quarter of 2013, we exceeded the high end of our quarterly target ranges for each of revenue and non-GAAP operating income. We paid quarterly bonus payments under our Executive Bonus Plan to our participating NEOs equal to their quarterly target bonus amounts for each of the third and fourth quarters of 2013. Mr. Ream did not participate in our Executive Bonus Plan during the first through third quarters of 2013 prior to his promotion to Executive Vice President, Finance and Chief Financial Officer in October 2013. During these quarters, Mr. Ream received bonus payments under our quarterly bonus plan for non-executive employees, which uses the same methodology as our Executive Bonus Plan.

In February 2013, the Compensation Committee approved an increase to the target bonus awards in 2013 for all of our NEOs (other than Mr. Ream) based on Peer Group comparison, performance-based factors and other competitive conditions to be effective on April 1, 2013. Additionally, the Compensation Committee approved appropriate increases to the quarterly target bonus amounts for Mr. Ream and Mr. Kalsu in connection with their promotions to Executive Vice President, Finance and Chief Financial Officer and Executive Vice President, Finance and Chief Accounting Officer, respectively, which were effective on October 1, 2013. Actual bonuses earned in 2013 under the Executive Bonus Plan are shown below under “Executive Compensation Tables—Summary Compensation Table” in the “Non-equity Incentive Plan Compensation” column. The table below shows the quarterly target bonus amounts for our participating NEOs in 2013:

Participating NEO	First Quarter 2013 Target Bonus	Second Quarter 2013 Target Bonus	Third Quarter 2013 Target Bonus	Fourth Quarter 2013 Target Bonus
Kevin B. Thompson	\$112,500	\$135,000	\$135,000	\$135,000
Jason Ream (1)	16,500	16,500	17,174	47,125
J. Barton Kalsu (2)	27,250	28,688	28,688	47,125
Paul Strelzick	68,750	70,000	70,000	70,000
Douglas G. Hibberd (3)	36,891	47,275	—	—
Michael J. Berry (4)	53,000	58,625	58,625	—
Bryan A. Sims (5)	27,000	28,125	28,125	28,125

Mr. Ream was not an executive officer prior to his promotion to Executive Vice President, Finance and Chief Financial Officer in October 2013 and, accordingly, his quarterly target bonus amounts were not reviewed by the Compensation Committee in connection with the 2013 annual review of our other NEO's compensation. Mr. Ream served as our Vice President of Growth Strategy for prior periods in 2013 and the amounts in the table above for the first three quarters of 2013 reflect his quarterly target bonuses while serving in that position. Mr. Ream's quarterly target bonus was increased to \$47,125

Table of Contents

effective October 1, 2013 in connection with his promotion to Executive Vice President, Finance and Chief Financial Officer.

- (2) Mr. Kalsu's quarterly target bonus was increased to \$47,125 effective October 1, 2013 in connection with his promotion to Executive Vice President, Finance and Chief Accounting Officer.
- (3) Mr. Hibberd commenced an unpaid leave of absence effective as of July 31, 2013 until February 1, 2014 and was not eligible for a quarterly bonus under our Executive Bonus Plan during the third and fourth quarters of 2013.
- (4) Mr. Berry's employment with us ended and he ceased to be an executive officer effective as of October 1, 2013 and was not eligible for a quarterly bonus under our Executive Bonus Plan during the fourth quarter of 2013.
- (5) Mr. Sims' employment with us ended and he ceased to be an executive officer effective as of March 31, 2014. Mr. Sims was eligible for a quarterly bonus under our Executive Bonus Plan during each quarter of 2013.

Supplemental Bonus. We reward our employees, including our NEOs, for the Company's performance above the high end of our quarterly target ranges for revenue and non-GAAP operating income through our supplemental bonus plan, which is accrued on a quarterly basis but not paid until the completion of our fiscal year subject to approval of our Compensation Committee. In each of the second, third and fourth quarters of 2013, we accrued a portion of our incremental non-GAAP operating income in excess of the high end of our quarterly target ranges to our supplemental bonus plan. The supplemental bonus plan reflects our pay for performance philosophy and is balanced with the interests of our stockholders as we retained at least 67% of any incremental non-GAAP operating income above the high end of our quarterly target ranges as profit for the benefit of our stockholders in each quarter of 2013. The high end of our quarterly target ranges for revenue and non-GAAP operating income were equal to the high end of our financial outlook for these metrics in each quarter of 2013. By selecting these targets based on our outlook, we believe that they were challenging, but achievable, with excellent execution of our plan, and provided the proper incentives to our NEOs and other employees to execute at a high level in order to achieve results consistent with our financial outlook as communicated to our stockholders. We exceeded the high end of our quarterly revenue target ranges in each of the third and fourth quarters and the high end of our quarterly non-GAAP operating income target ranges in each quarter of 2013. Based on our performance, the Compensation Committee elected to pay a supplemental bonus to each NEO as shown below under "Executive Compensation Tables—Summary Compensation Table" in the "Bonus" column, which were, in the aggregate, less than the amounts that had been accrued and were available for awards to our NEOs under our supplemental bonus plan.

Long-Term Incentives

We utilize long-term equity-based incentives to align the interests of our executive officers with those of our stockholders and to promote a longer-term performance perspective and progress toward achieving our long-term strategy. In addition, equity-based awards provide an important retention tool for us because they historically have been subject to vesting based on continued service. Our 2008 Equity Incentive Plan (the "2008 Plan"), which became effective in May 2009 upon our initial public offering, allows for the grant of stock options, RSUs, restricted stock and other stock-based awards. We have historically granted stock option awards and RSUs to our NEOs.

Stock Options. We believe that options provide an appropriate incentive for our NEOs because they will realize value only if the market price of our common stock increases over the exercise price, which aligns our NEOs interests with our stockholders. The exercise price is equal to the fair market value of the Company's common stock on the grant date, which is the closing price of our common stock as reported by the NYSE. Options are also intended to encourage retention as they are subject to vesting. Options granted to our NEOs prior to 2012 typically vest 25% on the first anniversary of the vesting commencement date, with the remainder vesting ratably over the next 36 months, subject to continued service through each applicable date. Options granted to our NEOs since 2012 typically vest ratably on a monthly basis over a four or five year vesting period, subject to continued service through each applicable date.

Restricted Stock Units. RSUs are linked with stockholder value since the value of RSU grants rise or fall with the stock price. RSUs are also intended to encourage retention as they are subject to vesting. RSUs granted to our NEOs prior to 2012 typically vest over four years, on each anniversary of the vesting commencement date, subject to continued service through each applicable date. RSUs granted to our NEOs since 2012 typically vest over four or five

years, on each anniversary of the vesting commencement date, subject to continued service through each applicable date.

In 2013, we made an annual grant of equity-based incentives under our 2008 Equity Incentive Plan (the “2008 Plan”) to our NEOs in the first quarter of the year. These equity grants are designed to reward past performance, align the interests of our executive officers with those of our stockholders and to foster retention of our NEOs. Our Compensation Committee determined the appropriate amounts based on a number of factors, including the outstanding and unvested equity awards of each NEO and equity awards received by similarly situated officers in the 2013 Peer Group. In addition, the Compensation Committee evaluated each NEO’s overall performance by evaluating Company performance factors such as achievement of our financial and strategic plan and other business objectives, as well as the NEO’s organization level, ability to impact our results that drive stockholder value and potential to take on roles of increasing responsibility.

Table of Contents

We made additional grants of equity-based incentives to Mr. Ream in August 2013 prior to his promotion to Executive Vice President, Finance and Chief Financial Officer in connection with grants made to certain of our other non-executive employees and in September 2013 in connection with his promotion to Executive Vice President, Finance and Chief Financial Officer. We also made an additional equity grant to Mr. Kalsu in September 2013 in connection with his promotion to Executive Vice President, Finance and Chief Accounting Officer.

The grants of equity-based incentives to our NEOs during 2013 are shown below under “Executive Compensation Tables—Grants of Plan-Based Awards in 2013.”

We currently expect to continue to make annual grants of equity-based incentives to our NEOs in the future. We choose to grant RSUs in addition to stock options and to make a portion of our equity awards to NEOs subject to a longer, five year vesting schedule to improve the retention value of our equity awards. We expect any future awards to our NEOs to continue to consist of a mix of stock options and RSUs as measured by value, but not necessarily in the same value amounts and equity mix as in 2013.

Severance Benefits

Our NEOs are (or were, in the case of Messrs. Berry and Sims) employed pursuant to employment agreements that provide for the payment of severance benefits for certain types of qualifying terminations of employment as described below under “Executive Compensation Tables—Employment Agreements with Our Executive Officers.” Prior to a change of control, severance benefits are only payable to our current NEOs if their employment is terminated by us without cause—there is no good reason or a constructive termination trigger occurs. Following a change of control, enhanced severance benefits would be payable to each of our NEOs if their employment is terminated by us without cause or as a result of a constructive termination. Our change of control severance benefits are “double-trigger” and would not be triggered solely by the occurrence of a change of control. For information regarding the potential total dollar value of the compensation that would be paid under these arrangements as of December 31, 2013, see below under “Executive Compensation Tables—Potential Payments upon Termination or Change in Control.”

Benefits

Our executive officers are eligible to participate in standard employee benefit plans, including medical, dental, vision, life, accidental death and disability, long-term disability, short-term disability, and any other employee benefit or insurance plan made available to similarly located employees.

We maintain a 401(k) plan, which is intended to be a tax-qualified defined contribution plan under Section 401(k) of the Code. In general, all of our U.S. employees are eligible to participate in this plan. Participants in the 401(k) plan may elect to defer the lesser of 90% of their current compensation or the statutory limit, \$17,500 in 2013, whichever is less, and contribute that amount to the 401(k) plan. In 2013, we matched a certain percentage of contributions made by all U.S. employees, including our NEOs. The matching contribution amounts to our NEOs are shown below under “Executive Compensation Tables—Summary Compensation Table” in the column “All Other Compensation.”

We believe these benefits are consistent with or better than those offered by companies with which we compete for employees.

Accounting and Tax Considerations

Section 162(m) of the Code sets a limit of \$1.0 million on the amount of compensation paid to our Chief Executive Officer and to certain other highly compensated executive officers, other than the Chief Financial Officer, that may be deducted by us for federal income tax purposes in any fiscal year. The Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years. Although the Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our NEOs, the Compensation Committee intends to consider tax deductibility under Rule 162(m) as a factor in compensation decisions.

Compensation Policies and Practices and Our Risk Management

We believe that our compensation policies and practices for all employees, including our NEOs, do not create risks that are reasonably likely to have a material adverse effect on us. Specifically, the Compensation Committee believes that the balanced utilization of the various elements of the Company’s executive compensation program:

- Supports the achievement of revenue growth, earnings and cash performance in variable economic and industry conditions without undue risk; and

Mitigates the potential to reward risk-taking that may produce short-term results that appear in isolation to be favorable, but that may undermine the successful execution of the Company's long-term business strategy and harm stockholder value.

Limitation of Liability and Indemnification of Directors and Officers

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, no director will be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as a director, except liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation and amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law.

We have also entered into indemnification agreements with our current directors and executive officers. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and executive officers. We also maintain directors' and officers' liability insurance for our directors and executive officers.

Trading Plans

We have authorized our executive officers to enter into trading plans established according to Section 10b5-1 of the Exchange Act with an independent broker-dealer (“broker”) designated by us. These plans include specific instructions for the broker to exercise vested options and sell Company stock on behalf of the officer at certain dates if our stock price is above a specified level. Upon an executive officer entering into a trading plan, we restrict the number of shares eligible to be sold by each executive officer to a set percentage of the officer’s aggregate equity holdings in the Company. The officer no longer has control over the decision to exercise and sell the securities in the plan, unless he or she amends or terminates the trading plan during a trading window. The purpose of such plans is to enable executive officers to recognize the value of their compensation and diversify their holdings of our stock during periods in which the officer would be unable to sell our common stock because material information about us had not been publicly released. As of the record date, all of our executive officers except Mr. Ream had an active trading plan.

Employment Agreements with Our Named Executive Officers

We have entered into employment agreements (“Employment Agreements”) with each of our NEOs. The following descriptions of the terms of the employment agreements with our NEOs are intended as a summary only and are qualified in their entirety by reference to the employment agreements filed as exhibits to our Annual Report on Form 10-K for the year ended December 31, 2013, which was filed with the SEC on February 14, 2014.

Pursuant to the Employment Agreements, each executive officer is paid a base salary, eligible for bonus compensation and entitled to participate in all employee benefit plans and vacation policies applicable to employees resident in the same jurisdiction and reimbursement of business expenses. In addition, we agreed to provide each executive officer with certain payments and benefits in the event of his termination of employment. Prior to a change of control, severance benefits are only payable to our current NEOs if their employment is terminated by us without cause—there is no good reason or a constructive termination trigger occurs. Following a change of control, enhanced severance benefits would be payable to each of our NEOs if their employment is terminated by us without cause or as a result of a constructive termination. Our change of control severance benefits are “double-trigger” and would not be triggered solely by the occurrence of a change of control.

Pursuant to the Employment Agreements with our current executive officers and Messrs. Berry and Sims prior to their departure, if the executive officer is terminated other than for “cause,” he will be entitled to receive (i) a lump sum cash severance amount equal to six (6) months of his then current annual base salary in the case of Messrs. Hibberd, Kalsu, Ream, Sims and Strelzick and 12 months of his then current annual base salary in the case of Messrs. Berry and Thompson, (ii) any earned but unpaid incentive compensation payments, and (iii) reimbursement of health and dental

care premiums for the executive officer (other than Mr. Hibberd) and his dependents incurred to continue health and dental insurance coverage for 12 months after termination, to the extent he is eligible for and elects such continued coverage under COBRA. Mr. Hibberd is not entitled to any reimbursement of health and dental care premiums as he and his family are residents of Australia with government-sponsored

health care. These severance payments following termination of employment are conditioned upon the executive officer's signing a release of claims within 74 days of his termination date and not later revoking the release of claims. Furthermore, pursuant to the Employment Agreements with our current executive officers and Messrs. Berry and Sims prior to their departure, if the executive officer is terminated other than for "cause" or in the event of a "constructive termination" during the 12-month period after the effective date of a "change of control," any of his then-outstanding stock option, restricted stock and restricted stock unit awards would fully vest and he would be entitled to receive (i) any accrued but unpaid salary, vacation or bonus payment, (ii) a lump sum cash severance amount equal to his then current annual base salary in the case of Messrs. Hibberd, Kalsu, Ream, Sims and Strelzick, 18 months of his then current annual base salary in the case of Mr. Berry and twice his then current annual base salary in the case of Mr. Thompson, (iii) reimbursement of health and dental care premiums for the executive officer (other than Mr. Hibberd) and his dependents incurred to continue health and dental insurance coverage for 12 months after termination, to the extent he is eligible for and elects such continued coverage under COBRA.

A termination for "cause" occurs under the Employment Agreements if an executive officer's employment is terminated for any of the following reasons: (i) continued substantial violations of his employment duties or willful disregard of commercially reasonable and lawful directives from his managing executive after the executive officer has received sufficient written demand for performance; (ii) moral turpitude, dishonesty or gross misconduct in the performance of the duties of the position or that has materially and demonstrably injured our finances or future business; (iii) material breach of his employment agreement; or (iv) conviction of, or confession or plea of no contest to, any felony or any other act of fraud, misappropriation, embezzlement or the like involving our property. However, the events in (i) and (iii) will not constitute "cause" if fully cured by the executive officer within 15 days of his receiving notice in the case of Messrs. Kalsu, Hibberd, Ream, Sims, Strelzick and Thompson and 30 days in the case of Mr. Berry.

Pursuant to the Employment Agreements, "constructive termination" occurs upon any of the following without the executive officer's express written consent: (i) a material reduction of the powers and duties of employment of the executive officer resulting in a material decrease in his responsibilities; (ii) a material reduction in the executive officer's pay; (iii) a failure to provide directors' and officers' liability insurance coverage for the executive officer; or (iv) a material change in the geographic location of the executive officer's primary work facility or location. However, no act or event will constitute a "constructive termination" if the Company fully cures that act or event within 30 days of receiving notice from the executive officer. "Change of control" is defined as a transaction or series of transactions where the stockholders of the Company immediately preceding such transaction own, following such transaction, less than 50% of the voting securities of the Company; provided however, that a firmly underwritten public offering of the Company's common stock shall not be deemed a change of control.

Each executive officer also agreed that during the executive officer's employment and for a certain period thereafter, the executive officer will not engage in any activity that is competitive with the Company. The noncompetition period is one year in the Employment Agreements with Messrs. Hibberd, Kalsu, Sims, Strelzick and is six months in the Employment Agreement with Mr. Ream. Pursuant to the Employment Agreements, each executive officer except for Mr. Hibberd further agreed that during the executive's employment and for 12 months thereafter in the case of the executive officer's resignation or six months thereafter in the case of an involuntary termination of the executive officer for any reason, the executive officer may not solicit any of our employees or customers or seek to persuade any customer or prospect to conduct business elsewhere if that business could reasonably be expected to be conducted with us. Pursuant to the employment agreement with Mr. Hibberd, he may not solicit any of our employees or customers as stated above, but the period lasts throughout employment and for 12 months thereafter in all cases.

We entered into a Consulting Agreement with Mr. Berry in connection with the termination of his employment with us on October 1, 2013. Pursuant to the Consulting Agreement, Mr. Berry provided consulting services from October 1, 2013 to November 30, 2013 on an as-needed basis to assist with the preparation and reporting of the Company's third quarter 2013 quarterly results, as well as the transition of his responsibilities. Mr. Berry did not receive any additional compensation pursuant to the Consulting Agreement. Mr. Berry continued to vest in his equity-based incentive awards during the consulting period in accordance with the terms of his stock option agreements under the 2008 Plan and received his bonus for the period of July 1, 2013 through September 30, 2013 in accordance with the

terms of his Employment Agreement. The amount of Mr. Berry's third quarter bonus was \$58,625. We entered into a Severance Agreement with Mr. Sims in connection with the termination of his employment with us. Pursuant to the Severance Agreement, Mr. Sims received a lump sum cash payment of \$187,500 and any earned, but unpaid, bonus payments earned by Mr. Sims prior to his termination date of March 31, 2014, including any first quarter bonus for 2014 and any accrued supplemental bonus for the first quarter of 2014. Additionally, Mr. Sims received accelerated vesting of his outstanding and unvested stock options, which would have become vested had he remained employed through March 31, 2016, and all of his outstanding and unvested RSUs as of March 31, 2014. The value of this accelerated vesting was \$602,030, which represents the gain Mr. Sims received calculated as (i) the difference between the stock price on March 31, 2014 and the grant price in the case of unvested options or (ii) the stock price on March 31, 2014 for unvested RSUs. The stock price on March 31, 2014 was \$42.63 per share.

Potential Payments upon Termination or Change in Control

We have entered into employment agreements, described above under “Employment Agreements with Our Executive Officers,” that require specific payments and benefits to be provided to our NEOs in the event of termination of employment. To attract talented, qualified senior executive officers, we believe we must pay severance upon termination without “cause” and in the event of a “constructive termination.” The following table provides the total dollar value of the compensation that would be paid to each of our NEOs (other than Mr. Berry who was no longer serving as an executive officer as of December 31, 2013) in the event of his or her termination following a change in control, as well as other events resulting in termination of employment, as of December 31, 2013. Mr. Berry’s employment with us ended on October 1, 2013 and he received no compensation in connection with the termination of his employment other than his entry into the consulting agreement described above under “Employment Agreements with Our Executive Officers.”
