CKX Lands, Inc. Notes to Financial Statements March 31, 2011 (Unaudited)

Basis of Presentation

The accompanying unaudited financial statements of CKX Lands, Inc. ("Company") have been prepared in accordance with United States generally accepted accounting principles for interim financial information. They do not include all information and footnotes required by United States generally accepted accounting principles for complete financial statements. Except as described herein, there has been no material change in the information disclosed in the notes to the financial statements included in our financial statements as of and for the year ended December 31, 2010. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included in the accompanying financial statements.

Interim results are not necessarily indicative of results for a full year. These financial statements and accompanying notes included in this Form 10-Q should be read in conjunction with Company's Form 10-K for the year ended December 31, 2010 and Form 10-Q for the quarterly period ended March 31, 2010.

Note 2.

Note 1.

Disclosures about Fair Value:

Securities available-for-sale and Certificate of Deposits (securities held to maturity) are valued at fair value. The Company's estimated fair value of securities is as follows.

| Certificate of Deposit Mutual Funds | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Unobservable Inputs (Level 3) |

Note 3:

Income taxes:

In accordance with generally accepted accounting principles, the Company has analyzed its filing positions in federal and state income tax returns for the tax years ending December 31, 2008 through 2010 that remain subject to examination. The Company believes that all filing positions are highly certain and that all income tax filing positions and deductions would be sustained upon a taxing jurisdiction's audit. Therefore, no reserve for uncertain tax positions is required. No interest or penalties have been levied against the Company and none are anticipated.

Note 4:

Land and Timber Purchases:

During the first quarter of 2011, the Company purchased 2 parcels of land with standing timber for \$592,750. Approximately 320 acres were purchased for \$330,665 and the standing timber was valued at \$262,085 based on timber cruises.

Item 2.MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

Revenue

Revenues for the first three months of 2011 decreased by \$54,086 to \$306,944 from 2010.

Oil and gas revenues decreased by \$40,792 to \$295,779 in 2011. Oil and gas revenues consist of royalty, lease rental and geophysical revenue. Royalty revenue decreased by \$68,102 and lease rentals increased by \$20,213 from 2010. Geophysical revenues increased by \$7,098 from 2010.

Gas production decreased by 2,477 MCF, and the average gas sales price per MCF decreased by 22.70% resulting in a decrease in gas revenue of \$34,741. Revenue from oil production decreased by \$29,040, due to an increase of 21.46% in the average barrel sales price and a decrease in production of approximately 797 barrels.

The following schedule summarizes barrels and MCF produced and average price per barrel and per MCF.

| | Three Months Ended | Three Months Ended |
|--|-----------------------|-----------------------|
| | 03/31/11 | 03/31/10 |
| Net gas produced (MCF) | 17,746 | 20,223 |
| Average gas sales price (per MCF)(1) | \$4.14 | \$5.35 |
| | | |
| Net oil produced (Bbl)(2) | 1,903 | 2,700 |
| Average oil sales price (per Bbl)(1,2) | \$90.79 | \$74.75 |

Notes to above schedule:

(1) Before deduction of production and severance taxes.

(2) Excludes plant products.

Agriculture revenue decreased from \$22,806 to \$7,726 in 2011, primarily due to the timing of lease rental payments.

Timber revenue increased to \$3,439 in 2011 from \$1,653 in 2010. The Company harvests timber for internal maintenance programs. Generally, timber prices have been depressed for the last several years and the Company has elected to only harvest timber for internal maintenance programs for age class timber and storm protection measures.

Costs and Expenses

Oil and gas production costs, primarily severance taxes, decreased by \$4,814 in 2011. This decrease is directly related to lower oil and gas revenues.

Timber expenses increased by \$9,074 in 2011 due to increased timber maintenance.

Depreciation and depletion increased by \$17,370 in 2011, primarily due to timber depletion during the first quarter of 2011.

Financial Condition

Current assets, securities available for sale and non-current certificate of deposits totaled \$6,292,311 and total liabilities equaled \$388,437 at March 31, 2011. Management believes existing cash and investments together with funds generated from operations should be sufficient to meet operating requirements and provide funds for strategic acquisitions.

The Company declared another seven cents per common share during the quarter ended March 31, 2011, payable April 6, 2011. It is anticipated that the Company will be able to continue paying a seven cents per common share dividend each quarter. From time to time, the Company may elect to pay an extra dividend. In determining if an extra dividend will be declared, the Board of Directors will take into consideration the Company's current liquidity and capital resources and the availability of suitable timberland that has mineral potential.

Issues and Uncertainties

This Quarterly Report contains forward-looking statements. These statements are based on current expectations and assumptions that are subject to risks and uncertainties. Actual results could differ materially because of issues and uncertainties such as those discussed below, which, among others, should be considered in evaluating the Company's financial outlook.

Revenues from oil and gas provide most of the Company's income. All of these revenues come from wells operated by other companies from property belonging to CKX Lands, Inc. Consequently, these revenues fluctuate due to changes in oil and gas prices and changes in the operations of the other companies.

Item 3.Not applicable.

Item 4.CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Company has evaluated the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 as of the period covered by this report. Based on the evaluation, performed under the supervision and with the participation of the Company's management, including the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), the Company's management, including the CEO and CFO, concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by the report.

Changes in Internal Control Over Financial Reporting

There were no significant changes with respect to the Company's internal control over financial reporting or in other factors that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting during the quarter covered by this report.
