Item 1.01 Entry into a Material Definitive Agreement.

On November 30, 2012 (the “Effective Date”) each of John Bean Technologies Corporation, John Bean Technologies B.V. and John Bean Technologies AB (the “Borrowers”) entered into a Credit Agreement (the “Credit Agreement”) with JPMorgan Chase Bank, N.A., as administrative agent, and the other lenders and parties signatory thereto. The Credit Agreement provides for a \$300 million revolving credit facility, and the commitments thereunder shall expire on November 30, 2017. In addition, John Bean Technologies Corporation may cause the commitments to increase (by way of additional revolving loan capacity or term loans) by up to an additional \$150 million, subject to approval of the applicable lenders providing such additional financing. Borrowings by the Borrowers under the Credit Agreement may be used for general corporate purposes, including working capital and permitted acquisitions. Certain subsidiaries of John Bean Technologies Corporation have agreed to be jointly and severally liable for the obligations of certain Borrowers under the Credit Agreement, and John Bean Technologies Corporation has agreed to be liable for the obligations of the other Borrowers under the Credit Agreement.

Revolving loans designated by the Borrowers as “ABR Borrowings” (which must be denominated in U.S. dollars) that are outstanding under the Credit Agreement bear interest at a rate per annum equal to the Alternate Base Rate (as defined in the Credit Agreement), plus the Applicable Rate (as defined in the Credit Agreement). Revolving loans designated by the applicable Borrower as “Eurocurrency Borrowings” (which may be denominated in any Agreed Currency (as defined in the Credit Agreement) selected by the applicable Borrower, including U.S. dollars) that are outstanding under the Credit Agreement bear interest at a rate per annum equal to the Adjusted LIBO Rate (as defined in the Credit Agreement) for the interest period in effect for such borrowing, plus the Applicable Rate (as defined in the Credit Agreement).

The Credit Agreement contains customary events of default. If an event of default occurs and is continuing, the Borrowers may be required immediately to repay all amounts outstanding under the Credit Agreement and the commitments from the Lenders may be terminated. Lenders holding more than 50% of the loans and commitments under the Credit Agreement or the administrative agent may elect to accelerate the maturity of the loans and/or terminate the commitments under the Credit Agreement upon the occurrence and during the continuation of an event of default.

The Credit Agreement replaced the July 31, 2008 Credit Agreement among John Bean Technologies Corporation, John Bean Technologies B.V., JPMorgan Chase Bank, N.A. and the other parties thereto, which agreement was terminated in connection with the effectiveness of the Credit Agreement. No early termination fees were incurred by John Bean Technologies Corporation in connection with such termination.

The description of the Credit Agreement set forth above is qualified in its entirety by the Credit Agreement filed in this Form 8-K as Exhibit 10.1 and incorporated herein by reference.

Item 1.02 Termination of a Material Definitive Agreement.

The information set forth under Item 1.01 of this Form 8-K is incorporated into this Item 1.02 by reference.
