Item 2.02 Results of Operations and Financial Condition

On February 22, 2011, Endologix, Inc. ("Endologix") issued a press release to report its financial results for the three and twelve months ended December 31, 2010 (the "Earnings Release"). Subsequent to filing the Earnings Release, Endologix finalized the purchase price allocation related to its acquisition of Nellix, Inc., resulting, among other things, in Endologix's determination that its income tax benefit had increased to \$15.0 million. The increase in the income tax benefit caused (a) an increase in net earnings from \$8.0 million to \$11.7 million, or from \$0.15 cents per fully diluted share to \$0.22 cents per fully diluted share, for the three months ended December 31, 2010, and (b) an increase in net earnings from \$6.9 million to \$10.7 million, or from \$0.14 cents per fully diluted share to \$0.21 cents per fully diluted share, for the twelve months ended December 31, 2010. There were no other revisions to the financial results set forth in the Earnings Release. The press release reporting the revised financial results is furnished as Exhibit 99.1 and is incorporated herein by reference.

The information in this Current Report on Form 8-K, including Exhibit 99.1, is furnished pursuant to Item 2.02 and shall not be deemed "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liability of that Section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by a specific reference in such filing.
