The audited consolidated financial statements of the Registrant for the years December 31, 2011 and 2010 (the “Financial Statements”), including the report of the auditors with respect thereto, are attached as Exhibit 99.2 and are incorporated herein by reference.

The Registrant’s MD&A is attached as Exhibit 99.3 and is incorporated herein by reference.

EXPLANATORY NOTE

The Registrant is a Canadian issuer eligible to file its annual report pursuant to Section 13 of the Securities Exchange Act of 1934 (the “Exchange Act”) on Form 40-F. The Registrant is a “foreign private issuer” as defined in Rule 3b-4 under the Exchange Act. Accordingly, the Registrant’s equity securities are exempt from Sections 14(a), 14(b), 14(c), 14(f) and 16 of the Exchange Act pursuant to Rule 3a12-3.

The Registrant is permitted, under a multi-jurisdictional disclosure system adopted by the United States, to prepare this annual report on Form 40-F in accordance with Canadian disclosure requirements, which are different from those of the United States. In particular, and without limiting the foregoing, all mineral resource and reserve estimates included in this report have been prepared in accordance with Canadian National Instrument 43-101 and the Canadian Institute of Mining and Metallurgy (“CIM”) Classification System. These standards differ significantly from the requirements of the United States Securities and Exchange Commission (the “Commission”), and mineral resource and reserve information included herein may not be comparable to similar information concerning United States companies.

For definitions of the terms mineral reserve, mineral resource, measured mineral resource, indicated mineral resource and inferred mineral resource under CIM standards, and a summary of the differences between CIM and U.S. standards, see the sections entitled “Information Concerning Preparation of Resource Estimates” and “Glossary and Defined Terms” beginning on page iii of the Registrant’s Annual Information Form included in this report.

FORWARD LOOKING STATEMENTS

This report contains forward-looking statements concerning anticipated developments in the Registrant’s continuing operations in Eritrea and in the putative class action lawsuit, the adequacy of the Registrant’s financial resources, the potential to expand resources, reserves and mine life, dividend policy, financial projections, including, but not limited to, estimates of capital and operating costs, mining activities, production, grades, processing rates, life of mine, net cash flows, metal prices, exchange rates, reclamation costs, results of the drill program, the conversion of mineral properties to reserves and resources and other events or conditions that may occur in the future. Forward-looking statements are frequently, but not always, identified by words such as “expects,” “anticipates,” “believes,” “intends,” “estimate,” “potential,” “possible,” “budget” and similar expressions, or statements that events, conditions or results “will,” “may,” “could” or “should” occur or be achieved. Information concerning the interpretation of drill results and mineral resource and reserve estimates also may be deemed to be forward-looking statements, as such information constitutes a prediction of what mineralization might be found to be present if and when an area is mined. Forward-looking statements are statements about the future and are inherently uncertain, and actual achievements of the Registrant or other future events or conditions may differ materially from those reflected in the forward-looking statements due to a variety of risks, uncertainties and other factors, including, without limitation, those described in the Annual Information Form of the Registrant included in this report.

The Registrant's forward-looking statements are based on the beliefs, expectations and opinions of management on the date the statements are made and the Registrant assumes no obligation to update such forward-looking statements in the future. For the reasons set forth above, investors should not place undue reliance on forward-looking statements.

The Registrant’s internal control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the Registrant’s assets; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that the Registrant’s receipts and expenditures are being made only in accordance with authorizations of the Registrant’s management and directors; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Registrant’s assets that could have a material effect on the financial statements.

With the participation of the Registrant’s Chief Executive Officer and the Registrant’s Chief Financial Officer, management conducted an evaluation of the effectiveness of the Registrant’s internal control over financial reporting, as of December 31, 2011, based on the framework set forth in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Based on its evaluation under this framework, management concluded that the Registrant’s internal control over financial reporting was effective as of that date.

KPMG LLP, an independent registered public accounting firm, which audited and reported on the Registrant’s consolidated financial statements, has issued an attestation report on the effectiveness of the Registrant’s internal control over financial reporting as of December 31, 2011.
