PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS

July 12, 2018

May 25, 2018

Proxies in the form enclosed with this proxy statement are solicited by the Board of Directors (the “Board”) of SeaChange International, Inc. (“SeaChange” or the “Company”) for use at the Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Thursday, July 12, 2018, at 10:00 a.m., local time, at SeaChange’s offices, located at 50 Nagog Park, Acton, Massachusetts 01720.

Only stockholders of record as of the close of business on May 23, 2018 (the “Record Date”) will be entitled to vote at the Annual Meeting and any adjournments thereof.

SeaChange is pleased to take advantage of the U.S. Securities and Exchange Commission (the “SEC”) rules that allow companies to furnish their proxy materials over the Internet. We believe that this process allows SeaChange to provide its stockholders with the information they need in a timelier manner, while reducing the environmental impact and lowering the costs of printing and distributing its proxy materials.

As a result, SeaChange is mailing to most of its stockholders of record entitled to vote at the Annual Meeting on or about May 31, 2018, a Notice Regarding the Availability of Proxy Materials (sometimes referred to as the “Notice”) instead of a paper copy of this proxy statement and SeaChange’s 2018 Annual Report. The Notice contains instructions on how to access those documents over the Internet. The balance of SeaChange’s stockholders entitled to vote at the annual meeting will be mailed on or about May 31, 2018 a printed copy of the proxy materials.

Information Regarding Voting and Proxies

Stockholders may vote in one of the following two ways:

1. if you receive a copy of the proxy materials by mail, by completing, signing and dating the enclosed proxy card and returning it in the enclosed postage paid envelope by return mail; or
 2. by completing a proxy on the Internet at the address listed on the proxy card or Notice.
- Any proxy may be revoked by a stockholder at any time before its exercise by either delivering written revocation or a later dated proxy to the Secretary of SeaChange, entering a new vote by Internet or telephone, or attending the Annual Meeting of Stockholders and voting in person. Only your latest dated proxy will count.

All properly completed proxy forms returned in time to be cast at the Annual Meeting will be voted. Stockholders are being asked to vote with respect to the election of Class I Directors, an advisory vote on the compensation of the Company’s named executive officers and the ratification of the selection of SeaChange’s independent registered public accounting firm. Where a choice has been specified on the proxy card with respect to each proposal, the shares represented by the proxy will be voted in accordance with your specifications. If no specification is indicated on the proxy card, the shares represented by the proxy will be voted FOR the nominees named herein for election to the Board of Directors to serve as Class I Directors, FOR approval of the compensation of the Company’s named

executive officers, and FOR the ratification of the selection of SeaChange's independent registered public accounting firm.

A majority-in-interest of the outstanding shares represented at the Annual Meeting in person or by proxy shall constitute a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker "non-votes" are counted as present or represented for purposes of determining the presence or absence of a quorum for the meeting. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but

does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. On all matters being submitted to stockholders at this Annual Meeting, an affirmative vote of at least a majority of the shares present, in person or represented by proxy, and voting on that matter is required for approval or ratification. An automated system administered by Broadridge Financial Solutions, Inc. tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately. Abstentions, as well as broker “non-votes” are not considered to have been voted for such matters and have the practical effect of having no impact on the outcome of the vote.

The Board of Directors knows of no other matter to be presented at the Annual Meeting. If any other matter should be presented at the Annual Meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as proxies and in accordance with the SEC’s proxy rules. See “Stockholder Proposals” herein at page 9. The persons named as proxies, Peter Faubert and David McEvoy, were selected by the Board of Directors and are executive officers of SeaChange.

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

Determination of Director Independence

The Board of Directors has determined that Ms. Cotton and Messrs. Bonney, Markey, Sriubas, and Wilson are “independent” directors, meeting all applicable independence requirements of the SEC, including Rule 10A-3(b)(1) pursuant to the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the Marketplace Rules of The NASDAQ Stock Market (“NASDAQ”). In making this determination, the Board of Directors affirmatively determined that none of such directors has a relationship that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, including that neither the identification in 2015 of Mr. Wilson as a director nominee by the former equityholders of TLL, LLC, the terms of the Agreement and Plan of Merger dated December 22, 2014 for the acquisition of TLL, LLC nor Mr. Wilson’s prior management positions with TLL, LLC precluded a determination that Mr. Wilson qualified as “independent.”

Stockholder Proposals

Proposals of stockholders intended to be presented at the 2019 Annual Meeting of Stockholders must be received no later than the close of business on January 25, 2019 at SeaChange’s principal executive offices in order to be included in the SeaChange proxy statement for that meeting. Any such stockholder proposals should be submitted to SeaChange International, Inc., 50 Nagog Park, Acton, Massachusetts, 01720, Attention: Secretary. Under the By-Laws of SeaChange, stockholders who wish to make a proposal at the 2019 Annual Meeting — other than one that will be included in SeaChange’s proxy materials — must notify SeaChange no earlier than December 26, 2018, and no later than January 25, 2019. If a stockholder who wishes to present a proposal fails to notify SeaChange by January 25, 2019, the stockholder will not be entitled to present the proposal at the meeting. If, however, notwithstanding the requirements of the By-Laws of SeaChange, the proposal is brought before the meeting, then under the SEC’s proxy rules the proxies solicited by management with respect to the 2019 Annual Meeting will confer discretionary voting authority with respect to the stockholder’s proposal on the persons selected by management to vote the proxies. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the SEC’s proxy rules.

In order to curtail controversy as to the date on which a proposal will be marked as received by SeaChange, it is suggested that stockholders submit their proposals by Certified Mail — Return Receipt Requested.

Availability of Corporate Governance Documents

SeaChange’s Code of Ethics and Business Conduct (“Ethics Policy”) for all directors and all employees of SeaChange, including executive officers, and the charters for the Audit, Compensation, and Corporate Governance and Nominating Committees of the Board of Directors are available on SeaChange’s website at www.schange.com under the “Corporate Governance” section of the “Investor Relations” link. SeaChange will ensure that amendments, if any, to these documents are disclosed and posted on this website within four (4) business days of any such amendment.

Board Meetings

The Board of Directors of SeaChange met sixteen (16) times and acted by written consent three (3) times during the fiscal year ended January 31, 2018. During the fiscal year ended January 31, 2018, each then director attended at least seventy-five percent (75%) of the total number of meetings of the Board of Directors and meetings of all the committees of the Board on which they serve. SeaChange has a policy that its Board of Directors attends SeaChange’s Annual Meeting of Stockholders. Last year, all of the directors attended the Annual Meeting of Stockholders that was held on July 13, 2017.

Board Leadership Structure

The Board of Directors has appointed an independent director to serve as Chairman of the Board of Directors. The Board has adopted this structure to strike an effective balance between management and independent leadership participation in the Board process. The function of the Chairman is to set the agenda for Board meetings and to

9

facilitate and improve communication between the independent directors and SeaChange by serving as the interface between SeaChange's Chief Executive Officer, senior management and the independent directors. The Chairman works with the chair of the Compensation Committee, if a separate person, to establish goals for the Chief Executive Officer each fiscal year and conducts the annual Chief Executive Officer evaluation. Mr. Markey currently serves as the Chairman and Chairman of the Corporate Governance and Nominating Committee.

Board Oversight of Risk

The Board oversees the business and strategic risks of SeaChange, including risks related to cybersecurity. The Audit Committee oversees financial reporting, internal controls and compliance risks confronting SeaChange. The Compensation Committee oversees risks associated with SeaChange's compensation policies and practices, including performance-based compensation and change in control plans. The Corporate Governance and Nominating Committee oversees risks relating to corporate governance and the process governing the nomination of members of the Board. SeaChange provides a detailed description of the risk factors impacting its business in its Annual Report on Form 10-K and if necessary, its Quarterly Reports on Form 10-Q filed with the SEC.

Board Committees

The Board has a standing Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee. The members of each committee are appointed by the Board based on the recommendation of the Corporate Governance and Nominating Committee. The members are set forth below in this proxy statement. Actions taken by any committee of the Board are reported to the Board, usually at the next Board meeting following a committee meeting. Each of these standing committees is governed by a committee-specific charter that is reviewed periodically by the applicable committee pursuant to the rules set forth in each charter. The Board annually conducts a self-evaluation of each of its committees. All members of all committees are independent directors.

Audit Committee

The Audit Committee members are Mr. Bonney (Chairman, effective May 1, 2018), Ms. Cotton (Chairman during fiscal 2018 and until May 1, 2018), Mr. Markey and Mr. Sriubas, each of whom meet the independence requirements of the SEC and NASDAQ, as described above. In addition, SeaChange's Board has determined that each member of the Audit Committee is financially literate and that Mr. Bonney satisfies the requirement of the Marketplace Rules applicable to NASDAQ-listed companies that at least one member of the Audit Committee possess financial sophistication and that Mr. Bonney is an "audit committee financial expert" as defined in the rules and regulations promulgated under the Exchange Act. The Audit Committee's oversight responsibilities include matters relating to SeaChange's financial disclosure and reporting process, including the system of internal controls, the performance of SeaChange's internal audit function, compliance with legal and regulatory requirements, and the appointment and activities of SeaChange's independent auditors. The Audit Committee met thirteen (13) times and acted by written consent two (2) times during fiscal 2018. The responsibilities of the Audit Committee and its activities during fiscal 2018 are more fully described under the heading "Report of the Audit Committee" contained in this proxy statement.

Compensation Committee

The Compensation Committee members are Mr. Bonney (Chairman), Ms. Cotton and Mr. Sriubas, each of whom meet the independence requirements of the SEC and NASDAQ, as described above. Among other things, the Compensation Committee determines the compensation, including stock options, RSUs and other equity compensation, of SeaChange's management and key employees, administers and makes recommendations concerning SeaChange's equity compensation plans, and ensures that appropriate succession planning takes place for all levels of management, department heads and senior management. The Compensation Committee met nine (9) times and acted by unanimous written consent five (5) times during fiscal 2018. The responsibilities of the Compensation Committee and its activities during fiscal 2018 are more fully described in this proxy under the heading, "COMPENSATION

DISCUSSION AND ANALYSIS.”

10

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee members are Mr. Markey (Chairman), Ms. Cotton and Mr. Wilson, each of whom meet the independence requirements of the SEC and NASDAQ, as described above. The Corporate Governance and Nominating Committee is responsible for oversight of corporate governance at SeaChange, recommending to the Board of Directors persons to be nominated for election or appointment as directors of SeaChange and monitoring compliance with SeaChange's Code of Ethics and Business Conduct. The Corporate Governance and Nominating Committee identifies Board candidates through numerous sources, including recommendations from existing Board members, executive officers, and stockholders of SeaChange. Additionally, the Corporate Governance and Nominating Committee may identify candidates through engagements with executive search firms. The Corporate Governance and Nominating Committee met six (6) times and did not act by unanimous written consent during fiscal 2018.

Qualifications of Director Candidates

In evaluating the suitability of individuals for Board membership, the Corporate Governance and Nominating Committee takes into account many factors, including whether the individual meets the requirements for independence, his or her professional expertise and educational background, and the potential to contribute to the diversity of viewpoints, backgrounds or experiences of the Board as a whole including diversity of experience, gender, race, ethnicity and age. The Corporate Governance and Nominating Committee evaluates each individual in the context of the entire Board, with the objective of recommending nominees who can best further the success of SeaChange's business and represent stockholder interests. The Corporate Governance and Nominating Committee assigns specific weights to particular criteria for prospective nominees. SeaChange believes that the backgrounds and qualifications of directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. As part of the consideration in fiscal 2018 by the Corporate Governance and Nominating Committee of candidates for election to the Board, these criteria were reviewed. No changes to these criteria were recommended as a result of such review.

Procedures for Stockholders to Recommend Director Candidates

Stockholders wishing to suggest candidates to the Corporate Governance and Nominating Committee for consideration as potential director nominees may do so by submitting the candidate's name, experience, and other relevant information to the SeaChange Corporate Governance and Nominating Committee, 50 Nagog Park, Acton, Massachusetts 01720. SeaChange stockholders wishing to nominate directors may do so by submitting a written notice to the Secretary of SeaChange at the same address in accordance with the nomination procedures set forth in SeaChange's By-Laws. The procedures are summarized in this proxy statement under the heading "Stockholder Proposals." The Secretary will provide the notice to the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee does not distinguish between nominees recommended by stockholders and other nominees. All nominees must meet, at a minimum, the qualifications described in "Qualifications of Director Candidates" above.

Process for Stockholders to Communicate with Directors

Stockholders may write to the Board or a particular Board member by addressing such communication to the Chairman of the Board, if directed to the Board as whole, or to an individual director, if directed to that particular Board member, care of SeaChange's Secretary, at SeaChange's offices at 50 Nagog Park, Acton, Massachusetts 01720. Unless such communication is addressed to an individual director, SeaChange will forward any such communication to each of the directors. Communication sent in any other manner, including but not limited to email, text messages or social media will be forwarded to the entire Board of Directors. The Chairman of the Board together with the Chief Executive Officer will determine the appropriate response to such communication.

Compensation of Directors

Directors who are employees of SeaChange receive no compensation for their services as directors, except for reimbursement of expenses incurred in connection with attending meetings.

- A cash retainer of \$45,000;

Our non-employee directors have the option to receive DSUs in lieu of RSUs, and the shares underlying the DSU are not issued until the earlier of the director ceasing to be a member of the Board or immediately prior to consummation of a Change in Control.

Newly appointed non-employee directors receive an initial grant of RSUs valued at \$100,000, granted on the date of the director's appointment or election to the Board of Directors, which vest annually in three (3) equal tranches over a three (3) year period, subject to acceleration in the event of a Change in Control. Newly appointed non-employee directors also receive (i) 100% of the annual grant of RSUs valued at \$100,000 if their appointment/election is within six (6) months of the Company's last Annual Meeting or (ii) 50% of the annual grant of RSUs valued at \$50,000 if their appointment/election is within six (6) months of the Company's next Annual Meeting. New non-employee directors have the option to receive their initial grant in the form of DSUs rather than RSUs (as described above with respect to the annual awards).

Report of the Audit Committee

The Audit Committee currently consists of Mr. Bonney (Chairman), Ms. Cotton, Mr. Markey and Mr. Sriubas.

The Audit Committee's primary duties and responsibilities are to:

- Appoint, compensate and retain SeaChange's independent registered public accounting firm, and oversee the work performed by the independent registered public accounting firm;
- Assist the Board of Directors in fulfilling its responsibilities by reviewing the financial reports provided by SeaChange to the SEC and SeaChange's stockholders;
- Monitor the integrity of SeaChange's financial reporting process and systems of internal controls regarding finance, accounting, and legal compliance;
- Recommend, establish and monitor procedures designed to improve the quality and reliability of the disclosure of SeaChange's financial condition and results of operations; and
- Provide an avenue of communication among the independent registered public accounting firm, management and the Board of Directors.

The Board of Directors has adopted a written charter setting out the functions the Audit Committee is to perform. A copy of this may be found on SeaChange's website at www.schange.com under the "Corporate Governance" section of the "Investor Relations" link.

Management has primary responsibility for SeaChange's consolidated financial statements and the overall reporting process, including SeaChange's system of internal controls.

The independent registered public accounting firm audits the annual consolidated financial statements prepared by management, expresses an opinion as to whether those consolidated financial statements fairly present, in all material respects, the financial position, results of operations and cash flows of SeaChange in conformity with accounting principles generally accepted in the United States of America, expresses an opinion on the effectiveness of internal control over financial reporting and discusses with the Audit Committee any issues the independent registered public accounting firm believes should be raised with SeaChange.

For fiscal 2018, the Audit Committee reviewed the audited consolidated financial statements of SeaChange and met with both management and Grant Thornton LLP, SeaChange's independent registered public accounting firm, to discuss those consolidated financial statements.

The Audit Committee has received from and discussed with Grant Thornton LLP the written disclosure and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding Grant Thornton LLP's communications with the Audit Committee concerning independence, and has discussed with Grant Thornton LLP their independence. The Audit Committee also discussed with Grant Thornton LLP the matters required to be discussed by Auditing Standard No. 1301, "Communications with Audit Committees" issued by the Public Company Accounting Oversight Board.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of SeaChange be included in its Annual Report on Form 10-K for the fiscal year ended January 31, 2018. The Audit Committee also decided to retain Grant Thornton LLP as SeaChange's independent registered public accounting firm for the 2019 fiscal year.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

We have implemented an executive compensation program that rewards performance. Our executive compensation program is designed to attract, retain and motivate the key individuals who are most capable of contributing to our success and building long-term value for our stockholders. The elements of our executives' total compensation are base salary, incentive compensation and other employee benefits. We have designed a compensation program that makes a substantial portion of executive pay variable, subject to increase when performance targets are achieved, and subject to reduction when performance targets are not achieved.

Fiscal 2018 Business Results

In fiscal 2018, we addressed what we see as the continuing rise of Internet Protocol television ("IPTV") and over-the-top ("OTT") services by such companies as Netflix, Hulu, Amazon, mlbam, Kaltura, Ooyala and Brightcove and by media companies such as HBO, CBS and BBC. This rise of IPTV and OTT video services globally increased the demand for multiscreen capabilities on a range of consumer devices operating on the cloud-based platforms. We have been increasing our strategic investments in research and development related to our cloud-based offerings, as well as in sales and marketing as we focus on our go-to-market efforts in those areas. We continue to invest in developing next-generation capabilities in our four main product offerings: video back office, advertising, content management and user experience. Our suite of products allows us to provide customers with end-to-end video delivery capabilities across multiple platforms, thus reducing cost and increasing speed and ease of use for end users.

In conjunction with our acquisition of DCC Labs in fiscal 2017 and an additional company-wide costs savings program established in the second half of fiscal 2017, we commenced a restructuring program ("Restructuring Program"), which has allowed us to achieve approximately \$38 million in annualized cost savings since its commencement. The Restructuring Program was completed in fiscal 2018 and has helped us improve operations and optimize our cost structure since its inception.

We saw improvement in most of our key operating metrics and overall financial results in fiscal 2018, compared to fiscal 2017. This included a fourteen-percentage point increase in gross margins, a \$39.1 million decrease in U.S. GAAP operating expenses and positive cash flow from operations. Cash, cash equivalents, marketable securities and restricted cash of \$52.1 million at January 31, 2018 was up from the \$38.7 million at January 31, 2017. We had a U.S. GAAP operating loss of \$5.4 million, or \$0.15 per basic share, in fiscal 2018, compared to a U.S. GAAP operating loss of \$54.1 million, or \$1.55 per basic share, in fiscal 2017. The decrease in U.S. GAAP operating loss is due to the decrease in expenses resulting from implementation of the Restructuring Program in the second half of fiscal 2017 and to the absence in fiscal 2018 of the \$23.8 million loss on impairment of long-lived assets recorded in fiscal 2018. Included in the full fiscal 2018 U.S. GAAP results are \$9.3 million in non-GAAP charges, which consisted of severance and other restructuring costs, stock-based compensation, amortization of intangible assets from prior acquisitions and other non-recurring professional fees, while the full fiscal 2017 results by comparison included \$33.3 million of similar non-GAAP charges and the loss on impairment of long-lived assets mentioned above.

Pay for Performance

In recent years, payouts under our executive compensation incentive plan have largely been limited to payouts made for the achievement of individual performance objectives rather than the portion of payouts allocable to the achievement of pre-established financial objectives of the Company, as these objectives have not been met. For example, in fiscal 2017, payouts under our fiscal 2017 performance-based compensation plan were only made for the achievement of certain individual performance objectives, and no payouts were made with respect to satisfying the

pre-established financial objectives. However, payouts under the fiscal 2018 Short-Term Incentive compensation plan (“fiscal 2018 STI”) were made for the achievement of both the pre-determined Company financial objectives and individual performance objectives. We believe that the variability in these payouts indicates that our annual compensation plans effectively reward our executive officers for superior performance, while appropriately adjusting compensation downward for less-than-superior performance.

Compensation Objectives

We structure our executive compensation to reflect individual responsibilities and contributions, while providing incentives to achieve overall business and financial objectives. The Compensation Committee (the “Committee”) has the responsibility for establishing, implementing and monitoring adherence to this philosophy.

The Committee has designed an executive compensation plan that rewards the achievement of specific financial and non-financial goals through a combination of cash and stock-based compensation. This bifurcation between financial and non-financial objectives and between cash and stock-based compensation creates alignment with stockholder interests and provides a structure in which executives are rewarded for achieving results that the Committee believes will enhance stockholder value.

The Committee believes that stockholder interests are best served by compensating our executives at industry competitive rates, enabling us to attract and retain the best available talent, recognizing superior performance while providing incentives to achieve overall business and financial objectives. By doing so, we believe that our ability to achieve financial and non-financial goals is enhanced.

Setting Executive Compensation

When setting the annual compensation plan for our executive officers, the Committee begins with an analysis of each compensation component for our Chief Executive Officer. This analysis includes the dollar amount of each component of compensation payable to the Chief Executive Officer related to the relevant period, together with the related metrics for performance-based compensation. The overall purpose of this analysis is to bring together, in one place, all of the elements of fixed and contingent compensation, so that the Committee may analyze both the individual elements of compensation (including the compensation mix) as well as the aggregate amount of actual and projected compensation.

The Committee then presents this analysis to the Chief Executive Officer, who provides input to the Committee on the reasonableness, feasibility and effectiveness of the compensation components, including performance metrics, proposed by the Committee. The Chief Executive Officer then creates similar compensation component breakdowns for the other executive officers, presenting compensation recommendations of both base and performance-based compensation related to the relevant period, together with the associated performance metrics. These recommendations are then reviewed and, once agreed upon, approved by the Committee. The Committee can and has exercised its discretion in modifying any recommended compensation to executives, and exercises this discretion in active consultation with the Chief Executive Officer.

In setting executive compensation for fiscal 2018, the Committee reviewed an updated list of peer companies recommended by Frederic W. Cook & Co., Inc. (“Cook”), a compensation consulting firm who the Committee concluded based on the Company’s knowledge and information provided by Cook had no conflict of interest with the Company. The updated list of peer companies reflects the removal of certain companies from the prior peer company list with a much larger market capitalization than the Company. The updated list of our peer companies is as follows:

- American Software, Inc. • Brightcove, Inc.
- BSQUARE Corporation • Concurrent Computer Corporation
- Digital Turbine, Inc. • eGain Corporation
- Guidance Software, Inc. • Jive Software, Inc.
- Limelight Networks, Inc. • Marchex, Inc.
- Marin Software Inc. • RealNetworks, Inc.
- Remark Media, Inc. • SITO Mobile, Ltd.
- Synacor, Inc. • Tremor Video, Inc.
- YuMe, Inc.

The Committee determined that this list of peer companies provided appropriate referenceable data points, based on our revenues, market capitalization, and industry focus relative to each of these companies. The Committee made reference to the compensation paid by these peer companies in establishing fiscal 2018 executive compensation but did not benchmark compensation to these companies.

With respect to all of the fiscal 2018 compensation programs for the Company’s named executive officers, the Committee endeavors to establish a compensation program that is internally consistent and equitable to enable our achievement of overall corporate objectives. Within this framework, the level of the Chief Executive Officer’s compensation will differ from that of the other executives because of the difference in his role and responsibilities and the compensation practices at peer companies.

In 2017, we submitted our executive compensation to an advisory vote of our stockholders and it received the support of 93% of the total votes cast on this matter at our annual meeting. We pay careful attention to any feedback we receive from our stockholders about our executive compensation, including the “Say-on-Pay” vote. While we had already approved our fiscal 2018 compensation plan by the time we held our “Say-on-Pay” vote in July 2017, we considered the stockholder advisory vote in formulating our fiscal 2019 compensation plan. This consideration included reaching out to certain large stockholders to discuss and seek input on our compensation plans.

Fiscal 2018 Executive Compensation Components

For the fiscal year ended January 31, 2018, the principal components of compensation for our named executive officers were:

- base salary;
- short-term performance-based incentive compensation;
- long-term incentive equity awards;

- discretionary equity awards;
- change in control and termination benefits; and
- general employee welfare benefits.

As discussed below, the Committee believed that this mix of compensation would allow us to pay our executive officers competitive levels of compensation that best reflect individual responsibilities and contributions, while providing incentives to achieve overall business and financial objectives.

Base Salary

We provide our named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for named executive officers are determined individually for each executive.

During its review of base salaries for named executive officers, the Committee primarily considers:

- individual performance of the executive;
- our overall past operating and financial performance and future expectations;
- internal review of the executive's compensation, both individually and relative to other executive officers; and
- market data regarding peer companies.

The Committee does not give a specific weighting among these various factors but rather considers the factors collectively in setting base salary. Salary levels are typically considered on an annual basis as part of the performance review process, as well as upon a promotion or other change in job responsibility. We try to provide an allocation between base and performance-based incentive compensation that reflects market conditions and appropriately ensures alignment of individual performance with our objectives.

In setting the executive compensation plan for fiscal 2018, the Committee did not make an adjustment to the base salary of the Chief Executive Officer, Mr. Terino, who continued to receive a base salary of \$450,000. The Committee also did not make an adjustment to the base salaries of the Chief Operating Officer, Mr. Rider, the Chief Financial Officer, Mr. Faubert, or the General Counsel, Mr. McEvoy, who each continued to receive a base salary of \$325,000, \$300,000 and \$296,000 respectively.

Performance-Based Incentive Compensation

After considering the overall cash-equity mix of the aggregate compensation paid to our named executive officers, the Committee structured awards pursuant to the fiscal 2018 performance-based compensation plan to be a mixture of cash, stock options, RSUs and PSUs. The Committee believes that including both cash and stock options, RSUs and PSUs as an element of the performance-based compensation is important as it further aligns the interests of our executive officers with those of our stockholders, increases executive ownership of our stock, discourages excessive levels of risk taking, and enhances executive retention in a challenging business environment and competitive labor market, while at the same time providing competitive current compensation and accounting for the liquidity limitations created by the Company's stock ownership guidelines.

Starting in fiscal 2018, the Committee now provides all equity awards to the named executive officers under the performance-based Long-Term Incentive compensation plan ("fiscal 2018 LTI") and all cash awards to the named executive officers under the fiscal 2018 STI. The fiscal 2018 STI and fiscal 2018 LTI are described further below.

Fiscal 2018 Performance-Based Short-Term Incentive Compensation Plan

The Committee believes that performance-based incentive compensation motivates the achievement of critical annual performance objectives aimed at enhancing stockholder value. The fiscal 2018 STI established for each of Messrs. Terino, Rider, Faubert and McEvoy, the Company's executive officers during fiscal 2018, provided for a cash award payable upon the satisfaction of specified targets.

Performance-based compensation for each of the named executive officers, except for Mr. McEvoy, pursuant to our fiscal 2018 STI was structured as follows:

- 40% of target bonus payable based upon the achievement of certain U.S. GAAP revenue goals for fiscal 2018;

•40% of target bonus payable based upon the achievement of certain non-GAAP operating income¹ goals for fiscal 2018; and

•20% or target bonus payable based upon the achievement of certain individual performance-based objectives.

Performance-based compensation for Mr. McEvoy pursuant to our fiscal 2018 STI was structured as follows:

•40% of target bonus payable based upon the achievement of certain U.S. GAAP revenue goals for fiscal 2018;

•20% of target bonus payable based upon the achievement of certain non-GAAP operating income goals for fiscal 2018; and

•40% or target bonus payable based upon the achievement of certain individual performance-based objectives.

In determining the targets and payouts at target performance levels for each of the objectives for awards under the fiscal 2018 executive compensation plan, the Committee considered the probability of achieving that target and the corresponding level of individual and group effort that would be required to achieve that target. Within that framework, the Committee set a fiscal 2018 U.S. GAAP revenue target of \$85 million, with a threshold of \$80 million, and a fiscal 2018 non-GAAP operating income loss target of a \$1.125 million, with a threshold of a \$3.575 million loss. The Committee retained discretion to adjust these targets during the year. The Committee did not establish limits for itself with respect to exercise of this discretion and believes that this discretion is important in order to retain the ability to compensate executive officers in a manner that reflects overall corporate and individual performance relative to the market conditions.

In establishing financial targets and potential payout targets for the named executive officers, the Committee provided for additional incentive payouts in the event that the revenue or non-GAAP operating income targets were exceeded, with a specified maximum upward adjustment of twenty-five percent (25%) above target based upon non-GAAP operating income and a maximum upward adjustment of twenty-five (25%) based upon revenue. The Committee also provided for a decreasing amount of cash payouts in the event that the revenue or non-GAAP operating income target, as applicable, were not met, while establishing a threshold with respect to each objective below which no corresponding payout would be made. These provisions were established to provide incentive to our executive officers to exceed the financial targets, as well as to provide some form of payout for performance that approaches but may not meet the established targets. The Committee implemented this structure to ensure that our compensation programs support our overall compensation objectives.

Each of the named executive officers participating in our fiscal 2018 performance based incentive compensation plan also had individual performance-based objectives. The objectives for Messrs. Terino, Rider, Faubert and McEvoy are as follows:

•**Mr. Terino:** the completion of corporate restructuring actions to reduce operating costs and achieve profitability in the second half of fiscal 2018, the enhancement and implementation of the Company's sales and marketing strategy, and the formation of an Advisory Board of industry leaders to assist the management team in developing a strategic plan and receiving approval of the plan by the Board of Directors before January 31, 2018.

•**Mr. Rider:** the completion of corporate restructuring actions, the completion of technical support, professional services, product line management and marketing renovation programs. Mr. Rider also was to complete various IT infrastructure projects, create a deal desk to review quotations, and complete a restructuring of the Company's maintenance renewal process.

¹ We define non-GAAP income (loss) from operations as U.S. GAAP operating loss plus stock-based compensation expenses, amortization of intangible assets, change in fair value of earn-outs, non-operating expense professional fees, severance and other restructuring costs, recovery on provision for loss contract and loss on impairment of long-lived assets.

Mr. Faubert: the completion of corporate restructuring actions, the implementation of various actions to reduce operating expenses and increase cash, the divestiture of the Company’s investment in Layer3 TV, Inc. (“Layer 3”), the completion of improvements to the Company’s internal control environment, the implementation of Accounting Standard Codification Topic No. (“ASC”) 606 regarding new revenue recognition guidance, the creation of quarterly business reviews and a deal desk to review quotations, and the automation of the budget process for fiscal 2019.

Mr. McEvoy: the completion of corporate restructuring actions, the implementation of various actions to reduce operating expenses and increase cash, the divestiture of the Company’s investment in Layer 3, the strengthening of the legal department through hiring an additional lawyer, and the provision of support to the Board of Directors for shareholder activist activities.

Payouts were made under the fiscal 2018 STI based on the achievement of both the financial and individual performance objectives. Under the fiscal 2018 STI, Mr. Terino received a cash bonus of \$341,982; Mr. Rider received a cash bonus of \$205,504; Mr. Faubert received a cash bonus of \$145,080; and Mr. McEvoy received a cash bonus of \$122,011.

Long-Term Incentive Equity Awards

Fiscal 2018 Long-Term Incentive Program

In fiscal 2018, the Committee continued the Long-Term Incentive compensation plan (“fiscal 2018 LTI”) under which the named executive officers received long-term equity-based incentive awards, which are intended to align the interests of our named executive officers with the long-term interests of our stockholders and to emphasize and reinforce our focus on team success. The long-term equity-based incentive compensation awards for fiscal 2018 were made in the form of stock options, RSUs and a new form of PSUs for shares of our common stock subject to vesting based in part on the extent to which employment continues for three (3) years.

Because the executives are able to profit from stock options only if our stock price increases relative to the stock option’s exercise price and because the value of restricted stock units is based on the price of our common stock when the RSUs vest, we believe stock options and RSUs provide meaningful incentives to executives to achieve increases in the value of our stock over time and as a result are effective tools for meeting our compensation goal of increasing long-term stockholder value.

For fiscal 2018, the Committee restructured the vesting criteria of the PSUs to emphasize the achievement of specified U.S. GAAP revenue and non-GAAP operating income goals. Instead of vesting based on the Company’s TSR percentile rank compared to the S&P SmallCap 600 Index over a three (3) year period, as was done in fiscal 2016 and 2017, the PSUs awarded pursuant to the fiscal 2018 LTI are eligible to vest in three (3) equal annual tranches subject to the executives’ achievement of both U.S. GAAP revenue and non-GAAP operating income goals that will be set annually for each year.

All LTI awards are approved by the Committee. In determining the size of a stock option grant, RSU award or PSU award, the Committee takes into account individual performance (generally consisting of financial performance for the year as well as a subjective, qualitative review of each named executive officer’s contribution to the success of the business), internal pay equity considerations and the value of previously granted equity awards.

The following LTI awards were approved by the Committee on January 31, 2018:

PSUs. An award of PSUs for the amount based on the target number of shares of SeaChange’s common stock set forth opposite the applicable executive’s name below:

Executive	Target Award # of PSUs
Edward Terino	50,000

Jonathan Rider	25,000
Peter Faubert	25,000
David McEvoy	25,000

The PSUs will vest ratably on an annual basis over three (3) years, if at all, on January 31, 2019, January 31, 2020 and January 31, 2021 (each a “Vesting Date”), respectively, based on SeaChange’s achievement of target U.S. GAAP revenue and non-GAAP operating income goals that are set for each of the annual vesting periods.

RSUs. An award of RSUs for the number of shares of SeaChange’s common stock set forth opposite the applicable executive’s name below, to be vested ratably on an annual basis over the three years following January 31, 2018:

Executive	RSUs Awarded
Edward Terino	50,000
Jonathan Rider	25,000
Peter Faubert	25,000
David McEvoy	25,000

Stock Options. An award of options to purchase the number of shares of SeaChange’s common stock set forth opposite the applicable executive’s name below at an exercise price equal SeaChange’s closing stock price on January 31, 2018, to be vested ratably on an annual basis over the three years following January 31, 2018:

Executive	Options Awarded
Edward Terino	200,000
Jonathan Rider	100,000
Peter Faubert	100,000
David McEvoy	100,000

Additional Fiscal 2018 LTI Terms

If a Change in Control of the Company occurs prior to prospective Vesting Date(s) of the fiscal 2018 LTI stock option, RSU and PSU awards, then fifty percent (50%) of the stock option, RSU and target PSU awards to vest in those prospective periods shall vest immediately prior to such Change in Control, subject to the executive being an employee of that Company as of such date.

Clawback Policy; Stock Ownership Guidelines; Hedging and Pledging Restrictions

Compensation paid to our named executive officers is subject to a policy regarding compensation reimbursement, or a “clawback” policy, as described in our Code of Ethics and Business Conduct, a copy of which is available on our website of www.schange.com under the “Corporate Governance” section of the “Investor Relations” link. The policy provides that in the event that our financial results are significantly restated, the Board of Directors will review any compensation, other than base salary, paid or awarded to any executive officer found to be personally responsible for the fraud or intentional misconduct that caused the need for the restatement. The Board will, to the extent permitted by law, require the executive officer to repay any such compensation if:

- the amount of such compensation was calculated based upon the achievement of certain financial results that were subsequently the subject of the restatement;
- the executive officer engaged in fraud or intentional misconduct that caused the need for the restatement; and

such compensation would have been lower than the amount actually awarded had the financial results been properly reported.

Compensation paid to our named executive officers in the form of equity is also subject to our stock retention and ownership guidelines that apply to our directors and senior officers, as described in our Corporate Governance Guidelines, a copy of which is available on our website at www.schange.com under the “Corporate Governance”

section of the “Investor Relations” link. These guidelines provide that by the later of six (6) years following appointment to office or four (4) years following election to the board, as applicable:

- each non-employee director is expected to retain ownership of vested shares of SeaChange stock in a minimum amount equal to lesser of 40,000 shares or \$250,000 worth of shares;
- the Chief Executive Officer is expected to retain ownership of vested shares of SeaChange stock in a minimum amount equal to 250,000 shares;
- the Chief Financial Officer is expected to retain ownership of vested shares of SeaChange stock in a minimum amount equal to 75,000 shares; and
- each Senior Vice President that is an executive officer is expected to retain ownership of vested shares of SeaChange stock in a minimum amount equal to 50,000 shares.

Prior to meeting the stock ownership targets, each non-employee director and senior executive officer is encouraged, but is not required, to retain a meaningful portion of all shares of stock acquired by the non-employee director or officer (whether through equity awards by SeaChange, purchases on the open market or otherwise) in order to progress toward the stock ownership targets, other than shares of stock sold to pay taxes and/or applicable exercise price with respect to an equity award. Upon meeting the stock ownership targets, each non-employee director and senior executive officer is required thereafter to retain not less than twenty-five percent (25%) of all shares of stock acquired by the non-employee director or officer (whether through equity awards by SeaChange, purchases on the open market or otherwise), other than shares of stock sold to pay taxes and/or the applicable exercise price with respect to an equity award. In addition, upon any termination of service for a non-employee director and upon voluntary termination of service for a senior executive officer, such director or officer must wait at least ninety (90) days before selling any shares. In the case of hardship or other compelling personal requirements, the stock ownership targets may be waived to permit the sale of shares by the affected person.

In addition, our Insider Trading and Tipping Policy prohibits our insiders, which includes our employees and directors, from engaging in hedging transactions and requires the prior written consent of our compliance officer to pledge securities of SeaChange owned by the insider. We have not received any requests pursuant to our Insider Trading and Tipping Policy to permit pledges of SeaChange stock.

We have made, and from time to time continue to make, grants of stock options and RSUs to eligible employees based upon our overall financial performance and their individual contributions. Stock options and RSUs are designed to align the interests of our executives and other employees with those of our stockholders by encouraging them to enhance the value of SeaChange. In addition, the vesting of stock options and RSUs over a period of time is designed to defer the receipt of compensation by the recipient, creating an incentive for the individual to remain an employee. We do not have a program, plan or practice to select equity grant dates in connection with the release of favorable or negative news.

Change in Control and Termination Benefits

Each named executive officer is party to a Change in Control Severance Agreement with SeaChange (the “Change in Control Agreements”).

The Change in Control Agreements provide for benefits upon termination of employment following a change in control or sale of SeaChange (commonly referred to as “double trigger”) and do not contain any tax gross-up provisions. SeaChange entered into these agreements to reflect current best pay practices, while continuing to provide an incentive for each executive to remain with SeaChange leading up to and following a Change in Control.

Under the Change in Control Agreements, if an executive’s equity award, other than a performance-based equity award (such as PSUs or market-based stock options), is continued, assumed or substituted following a Change in Control and the executive’s employment is terminated within two years after the Change in Control by the employer without cause or by the executive for good reason (a “Covered Termination”), then such equity award would be accelerated in full.

Performance-based equity awards would continue to be governed by their existing terms. In addition, if a Covered Termination occurs, the executive would be entitled to receive a cash amount as severance equal

to the sum of (a) one times his base salary, plus (b) 150% of the executive's target annual bonus for the fiscal year in which the Covered Termination occurs, plus (c) \$62,000, being an amount corresponding to medical and other benefits during the post-employment period.

The specific terms of these arrangements, as well as an estimate of the compensation that would have been payable had they been triggered as of fiscal 2018 year-end, are described in detail on page 31 under the heading entitled "Potential Payments Upon Termination or Change in Control."

General Employee Welfare Benefits

We also have various broad-based employee benefit plans. Executive officers participate in these plans on the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. We offer a 401(k) retirement plan, which permits employees to invest in a choice of mutual funds on a pre-tax basis. We also maintain medical, disability and life insurance plans and other benefit plans for our employees.

Fiscal 2019 Executive Compensation Components

The principal components of fiscal 2019 executive compensation are as follows, the same as existed for fiscal 2018 executive compensation:

- base salary;
- short-term performance-based incentive compensation;
- long-term incentive equity awards;
- discretionary equity awards;
- change in control and termination benefits; and
- general employee welfare benefits.

Within this framework, the Committee established the specific compensation programs for our named executive officers.

In setting executive compensation for fiscal 2019, the Committee reviewed the updated list of peer companies recommended by Cook in fiscal 2018 and determined not to make any changes.

The Committee determined that this list of peer companies provided appropriate referenceable data points, based on our revenues, market capitalization, and industry focus relative to each of these companies. The Committee made reference to the compensation paid by these peer companies in establishing fiscal 2019 executive compensation but did not benchmark compensation to these companies.

Effective June 1, 2018, Mr. Terino's base salary was increased from \$450,000 to \$465,000; Mr. Rider's base salary was increased from \$325,000 to \$335,000; Mr. Faubert's base salary was increased from \$300,000 to \$310,000 and Mr. McEvoy's base salary was increased from \$296,000 to \$305,000.

Similar to fiscal 2018, in fiscal 2019 no equity awards will be made to the named executive officers under the fiscal 2019 Short-Term Incentive bonus plan ("fiscal 2019 STI"). Instead, any incentive equity awards to the named executive officers during fiscal 2019 are intended to be made under the fiscal 2019 Long-Term Incentive compensation plan ("fiscal 2019 LTI") subject to vesting based in part on the extent to which employment continues for three (3) years. Under the fiscal 2019 STI, Mr. Terino will be eligible for a target cash bonus of 90% of his base salary; Mr. Rider will be eligible for a target cash bonus of 80% of his base salary; Mr. Faubert will be eligible for a target cash bonus of 60% of his base salary; and Mr. McEvoy will be eligible for a target cash bonus of 50% of his base salary.

This fiscal 2019 STI is earned based on the Company's achievement of overall company financial objectives for fiscal 2019 related to total revenue and non-GAAP operating income and based on individualized performance-based objectives. These objectives will be further discussed in our proxy statement relating to our 2019 Annual Meeting of stockholders.

In fiscal 2019, the named executive officers will be eligible to receive awards under the fiscal 2019 LTI with amounts to be determined.

Tax and Accounting Implications

The financial reporting and income tax consequences to SeaChange of individual compensation elements are important considerations for the Committee when it is analyzing the overall level of compensation and the mix of compensation among individual elements. Overall, the Committee seeks to balance its objective of ensuring an effective compensation package for named executive officers with the need to maximize the immediate deductibility of compensation — while ensuring an appropriate and transparent impact on reported net income and other closely followed financial measures.

Section 162(m) of the Internal Revenue Code (the "Code") limits the amount that SeaChange may deduct from the Company's federal income taxes for compensation paid to our named executive officer to \$1 million per executive per year. Prior law provided exemptions to this deduction for compensation limit for compensation paid to our Chief Financial Officer and for certain "performance-based compensation." Effective for our new tax years beginning after January 31, 2018, the law has changed such that the deduction limit will be extended to our Chief Financial Officer and the exemption for performance-based compensation will be eliminated. As a result, compensation paid to our named executive officers in excess of the above limit will not be deductible unless the compensation qualifies for transition relief applicable to certain arrangements in effect on November 2, 2017. Because of the lack of guidance on transition relief, we cannot provide any assurance that any compensation arrangements intended to qualify for transition relief will actually receive such treatment. While our Compensation Committee considers the tax deductibility when making compensation decisions, the Committee believes that it should retain flexibility to exceed the limits of Section 162(m) when in furtherance of our corporate objectives and in the best interests of the Company and its shareholders.

Summary Compensation Table

The following table sets forth summary information regarding the compensation of SeaChange's named executive officers in fiscal 2018, 2017, and 2016.

As described above in Compensation Discussion and Analysis, final determinations regarding awards of fiscal 2018 STI compensation are made after fiscal year-end, when performance against the previously established metrics may be assessed by the Committee. With respect to equity awards under SeaChange's performance-based LTI compensation plans, the grant date for purposes of ASC 718 is the service inception date, or the beginning of the period during which performance is measured. In accordance with ASC 718, the amounts reflected below under the headings "Stock Awards" for a given fiscal year, represent the probable outcome as of the service inception date of the performance conditions under the fiscal 2018 Long-Term Incentive compensation plan ("fiscal 2018 LTI"), which in each case is the award amount at the targets approved by the Compensation Committee. In the table below performance-based compensation paid in cash after fiscal year-end but earned in the prior fiscal year is reflected under the heading "Non-Equity Incentive Plan Compensation" or "Bonus," as applicable, in the fiscal year in which that compensation was earned, regardless of when paid.
