SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-K

(Mark One)

ANNUAL REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2015

TRANSITION REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File No. 001-35384

DATA STORAGE CORPORATION

(Exact name of registrant as specified in its charter)

Edgar Filing: Data Storage Corp - Form 10-K

Yes No

Indicate by check mark whether the registrant is a shell company as defined in Rule 12b-2 of the Exchange Act. Yes
No

As of June 30, 2015, the last business day of the Registrant's most recently completed second fiscal quarter, the market value of our common stock held by non-affiliates was \$1,594,243.

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of S-K (§229.405) is contained herein, and will not be contained, to the best of the registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation ST (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer
Non-accelerated filer Do not check if a smaller reporting company Smaller reporting company

The number of shares of the registrant's common stock outstanding as of March 30, 2016 was 36,588,240.

PART I

ITEM 1. DESCRIPTION OF BUSINESS

Overview

OVERVIEW OF DATA STORAGE CORPORATION & INDUSTRY:

Data Storage Corporation (“DSC” or “the Company”) is focused on our infrastructure, disaster recovery and email archival and compliance solutions. Our mission: Protecting our client’s data, ensuring business continuity, assisting in their compliance requirements and giving our clients better control over their digital information. We continue to stay on top of this dynamic industry with new solutions and services. The Company owns intellectual property with our proprietary email archival and data analysis software, Message Logic. We provide Recovery Clouds for Managed Service Providers, so that these companies can enter the industry of providing Disaster Recovery and Business Continuity solutions at a lower entry point. Our IBM solutions continue to grow with our joint venture, Secure Infrastructure and Services LLC, leading the way for Infrastructure as a Service on IBM’s Power i systems for the past two years.

DSC is a 15 year veteran in cloud storage and cloud computing providing data protection, disaster recovery, business continuity and compliance solutions that assist organizations in protecting their data, minimizing downtime and ensuring regulatory compliance. Serving the business continuity market, DSC’s clients save time and money, gain more control and better access to data and enable a high level of security for their data. Solutions include: Infrastructure-as-a-Service, data backup, recovery and restore, high availability data replication services; email archive and compliance for compliance officer alerts and e-discovery; continuous data protection; data de-duplication; and virtualized system recovery. DSC has forged relationships with leading organizations.

Headquartered in Garden City, NY, with offices in New York City and Providence, Rhode Island, DSC offers its solutions and services to businesses within the healthcare, banking and finance, distribution services, manufacturing, construction, education, and government industries.

Our Continuing Strategy

DSC derives revenues from long-term subscription and professional services contracts related to the implementation of solutions that provide protection of critical computerized data. In 2009, revenues consisted primarily of offsite data backup, de-duplication, continuous data protection and cloud disaster recovery solutions, protecting information for our clients. In 2010, we expanded our solutions based on the asset acquisition of SafeData, a provider of disaster recovery and business continuity for IBM's mid-range servers, Power i. In 2013, we continued to assimilate organizations, expanded our technology, as well as our technical group and positioned the new organization for growth. In October 2012, we purchased the software and assets of Message Logic, an email archival and compliance software. We deliver our solutions over highly reliable, redundant and secure fiber optic networks with separate and diverse routes to the internet from data centers in various states in the U.S.

DSC is positioned to leverage our infrastructure, data center, equipment capacity and leadership team to grow revenue to significant levels. Positioned for organic growth, our strategy will be to grow through acquisition of synergistic solutions. DSC believes opportunities exist to acquire service providers to enhance our products and services portfolio, increase our distribution channels, expand our management and increase our cash flow.

Our objective with acquisitions is to reduce costs through economies of scale while increasing market share and consolidating efforts. We believe that through a strategy of partnership program, as well as acquisition of synergistic service providers we can create significant value.

We continue to believe that the opportunity exists today to acquire and consolidate synergetic companies in this fragmented industry. This strategy will enable DSC to create an international presence and a recognizable premiere brand. The roll up of these technical consulting companies and system integrators will also form a powerful distribution channel for both our current and future service offerings.

DESCRIPTION OF SERVICES AND SOLUTIONS

DSC's core competencies are the following: Email Archival and Data Analysis, Data Vaulting, Virtual Disaster Recovery and High Availability for Intel and IBM infrastructures. DSC has entered in agreements to provide solutions Microsoft 365 and Hosted Email in 2016.

BUSINESS CONTINUITY SOLUTION: The Recovery Cloud:

DSC offers a fully automated service designed to reduce the overall costs associated with backup and recovery of application and file servers that enables organizations to centralize and streamline their data protection process. Business-critical data can be backed up any time while servers are up and running.

The essence of data backup is the scheduled movement of "point-in-time" snapshots of data across a network to a remote location. DSC's disk-to-disk backup and recovery solution is reliable and easy-to-use. As part of this service, DSC offers Continuous Data Protection ("CDP"), delta block processing, data de-duplication and large volume protection.

Significant advantages over traditional backup software:

- Immediate off-site backup
- Reduced backup windows
- Elimination of tape management issues
- Minimized costs associated with distributed backups
- Elimination of human intervention
- Encryption of all backed up data
- Optimized bandwidth

BENEFITS AND FEATURES OF THE RECOVERY CLOUD:

Data Archiving – Lifecycle Management

Backup data must be managed throughout its life cycle to provide the best data protection, meet compliance regulations and to improve recovery time objectives (“RTO”). DSC offers policy-based file archiving and manages archiving and restoration of data from backup sessions, reducing the cost of inactive files on-line. DSC creates restorable point-in-time copies of backup sets for historical reference to meet compliance objectives and creates Certificates of Destruction. All of an enterprise's data can be placed into one of two categories; Critical information which is needed for day-to-day operations and resides in the system's primary storage for fast access; Important information is the historical, legal and regulatory information that can safely be archived to secondary storage, lower cost disk or tapes stored offsite.

Continuous Data Protection (“CDP”)

What if a database is corrupted in the middle of the workday? As data continually mounts in today's fast paced business environment, organizations need to protect their systems on an ongoing basis, or risk losing mission-critical data, information, and transactions, as well as associated business revenue. CDP solutions employ sophisticated I/O, CPU, and network throttling to achieve efficiency and reliability. Moreover, to protect against connectivity failures and interruptions, CDP features an auto resume mechanism that sustains replication and adapts according to the environment to achieve optimal and predictable performance.

Our technology will identify and propagate only that sector of data to the disaster recovery site, effectively reducing bandwidth and storage consumption. CDP also employs data compression and encryption to maximize network bandwidth utilization and ensure end-to-end security between the primary and DR site.

Microsoft Exchange

Ensure business-critical e-mail data is protected against application or hardware-based corruption or loss, user error, or a natural disaster with our solution. Designed with ease of use in mind, our solution provides Exchange Server 2000/2003/2007 complete protection down to the individual mailbox or even an individual mail message.

BUSINESS CONTINUITY SOLUTION: Disaster Recovery WITH STAND BY SERVERS: A data recovery solution leveraging electronic vaulting technology and standby servers for businesses with recovery time objectives of 10 hours or less operating on Intel or IBM system i platforms.

Disaster Recovery for Intel Windows and IBM Power i

Organizations may not require real-time recovery. For those with recovery time objectives of 10 hours or less, DSC's Disaster Recovery subscription-based service is a viable option requiring little or no initial capital expenditure.

Available for the IBM System iSeries, UNIX, AIX and Windows operating systems. Instantly transfers data off-site to one of DSC's secure data centers. All data is encrypted prior to transmission and remains encrypted "in-flight" and "at rest" to ensure protection and to meet today's compliance standards.

Benefits of DR include:

- Fast recovery times (in hours, not days)
- No tapes to get lost or damaged
- Virtual recovery that fully protects your server investment
- Eliminate data recovery burden on IT resources

High Availability / Replication for both Windows and IBM Power i

Our cloud-based HA services provide businesses with cost-effective access to best-in-class replication technologies for organizations of all sizes, operating in Windows, IBM iSeries/AS400, MS Windows, UNIX, Linux and AIX

environments. For those companies that have recovery time objectives of 1 hour or less, DSC's HA solution meets the high availability demands of their business. DSC's HA solution is a subscription-based high availability offering. For a monthly subscription fee and long-term contract, DSC creates and maintains a mirror of its clients' mission-critical systems and data at a secure off-site data center ensuring their business is "switch ready." During either planned or unplanned downtime, DSC's HA solution ensures the business will continue to operate, by providing an essential Infrastructure-as-a-service (IaaS), switchable "mirror" of a client's data and applications.

In the event of an outage, the DSC system becomes the client's production system. When the client's production system is again operational, the DSC server updates the client's system with any new data. When downtime is planned, the customer can switch to the DSC server and run its production applications.

Benefits of DSC's HA include:

- Data and application availability in one hour or less
- Cost-effective
- Easy to implement and manage
- Reliable backup and recovery

Cloud Based IBM Power i IaaS:

A fully managed service, offering "capacity on demand" for IBM Power Systems (AS400/IBM i, AIX) and Windows based applications. This infrastructure as a service is secure and reliable solution for enterprises. IBM iSeries infrastructure is provided through our Joint Venture, Secure Infrastructure and Services, LLC. IBM Power i servers are turned up in hours instead of weeks and on demand. Distributed through our partnership network.

Message Logic

*Email Archival, compliance & analytics**: Services designed to keep email and message content safe, secure and accessible with powerful, cost-efficient email and IM archiving, monitoring and retrieval that is flexible, scalable and dependable.

Our MLArchiver has taken email archiving to a new level by combining archiving with advanced analytics. We deliver our technology as the only certified VMware Ready software, and cloud enabled software with partners such as Amazon Web Services, Windows Azure and NASDAQ OMX. We turn all emails into searchable records to meet regulatory and legal search needs and work with companies in all industries including K-12, local government, finance and healthcare which have strict regulatory requirements to archive and produce emails when requested. Our combined analytic engine also identifies potential problems and concerns for management and can alert them and the sender of a possible issue. This has become a major advantage for businesses that handle personal and confidential information such as social security numbers or HR concerns. Emails are introduced as evidence in nearly all court cases and are very often cited in the media. Having a system to manage emails as records with integrity has become a critical function for all organizations.

Benefit of MLArchiver

Ease of Use, Affordable

Intuitive design for ease of use; yet the features are advanced and powerful.

Records Management

Good record keeping is essential for any organization. MLArchiver captures all emails; full-text indexes the message and attachment, applies retention policies and turns emails into non-alterable records.

Regulatory & Litigation Process

MLArchiver make responding to regulatory or litigation search requests quick and easy. We meet the Federal Rules of Civil Procedure process for legal discovery and have advanced searching, dynamic folders, tagging, legal hold management and exporting options.

Compliant

Nearly all industries have one or more regulations which require them to treat emails as corporate records and produce them when requested. ML is a fully compliant solution.

Analytics

50 custom and standard analytics to let management “Know what is being archived” with real-time alerts. Identify and report on business critical information.

Employee Access & Email Storage Cost

Emails older than six months are infrequently accessed. MLArchiver provides tools for employee access via web interface or Outlook. Archive storage is lower cost storage for cost reductions.

COMPETITION

Several of the companies we compete with have substantially greater name recognition, benefit of cross selling to their client base and financial resources, although we continue to compete through unique marketing efforts.

High Availability and Virtual Disaster Recovery Services

The following vendors compete with DSC within the HA and virtual DR services sector: HP Services, IBM Business Continuity and Recovery Services, and SunGard. Recently these companies have expanded into data vaulting to target smaller clients.

Email Archival and Data Analytics:

Message Logic provides software, a cloud managed service, appliance and a virtual appliance as options for our clients:

Software competitors: GFI, Mimecast, Symantec Enterprise Vault

Cloud Managed Service: Sonian, Smarsh, Global Relay

Appliance: Barracuda Networks, ArcMail, Jatheon

Data Vaulting

Information Management and Protection Vendors: Vendors include EMC, i365, Symantec and CommVault.

Specialized Vendors: Venyu, which focuses on SMBs in the U.S.

Technology Providers / Service providers. OEM-focused vendors may or may not be service providers, but they have access to a large business based on licensing their technology to other vendors. This includes vendors such as CommVault and i365. Symantec acquired online backup provider SwapDrive. i365, A Seagate Company, acquired

EVault in January 2007, renaming it i365. Connected Backup has an established enterprise customer base. IBM Global Technology Services acquired Arsenal Digital Solutions in 2007, adding a range of Online backup services to its portfolio and rebranding it IBM Information Protection Services to Managed Data Vault. Venyu offers two online backup and recovery services: AmeriVault-AV and AmeriVault-EV. Its services protect PCs and servers, and while it focuses mostly on SMBs, it can also support Enterprises.

CORPORATE HISTORY

To date, DSC consummated (i) a share exchange with Euro Trend Inc. in October 20, 2008, (ii) an asset acquisition of SafeData, LLC (“SafeData”) in June 2010, and (iii) an asset acquisition of Message Logic LLC, (“Message Logic”) in October 2012.

On October 20, 2008 we completed a share exchange agreement whereby we acquired all of the outstanding capital stock and ownership interests of DSC. In exchange we issued 13,357,143 shares of our common stock to the shareholders. This transaction was accounted for as a reverse merger for accounting purposes. Accordingly, DSC, the accounting acquirer, is regarded as the predecessor entity.

On June 17, 2010 we entered into an asset purchase agreement with SafeData, a provider of Cloud Storage and Cloud Computing mostly to IBM’s mid-range equipment users, under which we acquired all right, title and interest in the end user customer base of SafeData and all related current and fixed assets and contracts including the transfer of all of SafeData’s current liabilities arising out of the business or the assets acquired. Pursuant to the Agreement, we paid an aggregate purchase price equal to \$3,000,000. Giving effect to certain holdback and contingency clauses as defined in the agreement, we paid \$1,229,952 in cash and \$850,000 in shares of our common stock as well as assumption of SafeData accounts payable and receivables. In June of 2011, we made a final payment net of holdback of \$482,308 and we issued the remaining balance of \$150,000 in Common Stock. The final settlement resulted in a gain of \$176,497.

On October 31, 2012, DSC purchased the assets of Message Logic including email compliance software all source code to Message Logic’s email archival and data analytics software and select fixed assets. In exchange for the assets, at closing, DSC gave 725,960 shares of its common stock and assumed liabilities of \$102,109. The contingent purchase price provides for up to 769,290 additional shares of DSC common stock and \$800,000. This contingent purchase price is based upon the achievement of certain metrics at the end of the 7th, 13th, 19th, and 25th month as defined in the asset purchase agreement dated October 31, 2012.

In November 2012, DSC entered into a joint venture partnership with an IBM partner, ABC Services Inc. to provide an IBM Infrastructure as a service (“IaaS”) offering, marketed under the name Secure Infrastructure & Services, a New York limited liability company. The Company is required to convert ABC Services Inc.’s interest in the joint venture into shares of common stock of the Company upon the Company (i) raising \$10 million in financing through a private placement or secondary offering of stock and (ii) the market capitalization of the Company exceeding or equaling \$25 million. The value of the membership interest that is converted shall be equal to 200% of the Company’s prior fiscal

year GAAP gross revenue, net of sales tax, plus the fair market value of additional assets, as determined by an independent appraiser. The Company shall be required to pay off all amounts owed to the joint venture for services prior to the conversion.

In November 2012, DSC also entered into agreements with Amazon AWS to offer its Message Logic email archiving software through the AWS marketplace and to offer stand-by-server and storage solutions.

In December 2012, DSC was accepted as an IBM Service provider for cloud solutions.

The result of these acquisitions, joint venture and strategic alliances combined with DSC's legacy disaster recovery and business continuity solutions positions DSC as a potential leader in business to business cloud storage and cloud computing sector specializing in email compliance Software as a Service (SaaS), Windows Infrastructure as a Service (IaaS) and IBM iSeries Platform as a Service (PaaS). DSC will continue to provide our solutions and continue our planned industry consolidations.

ITEM 1A. RISK FACTORS

As a smaller reporting company, we are not required to provide disclosure pursuant to this item.

ITEM 1B. UNRESOLVED STAFF COMMENTS

As a smaller reporting company, we are not required to provide disclosure pursuant to this item.

ITEM 2. PROPERTIES

Our principal office is located at 401 Franklin Avenue, Garden City, NY 11530. This property is partly owned by a former director of the Company. Our other properties include a data center located at 115 Second Avenue Waltham, MA 02451 and office space located at 535 Centerville Rd, Warwick RI 02886. Our corporate telephone number is (212) 564-4922.

ITEM 3. LEGAL PROCEEDINGS

Except as set forth below we are currently not involved in any litigation that we believe could have a materially adverse effect on our financial condition or results of operations. There is no action, suit, proceeding, inquiry or investigation before or by any court, public board, government agency, self-regulatory organization or body pending or, to the knowledge of the executive officers of our company or any of our subsidiaries, threatened against or affecting DSC, its common stock, any of its subsidiaries or of DSC's or DSC's subsidiaries' officers or directors in their capacities as such, in which an adverse decision could have a material adverse effect.

As previously reported, on March 12, 2014, the Company was named as a defendant in a lawsuit filed in New York State Supreme Court, Nassau County (the "Supreme Court"), by Richard Rebetti, the Company's former Chief Operating Officer. In the lawsuit, *Rebetti v. Data Storage Corp. and Charles M. Piluso*, Index No. 14-2504, Rebetti asserted claims for unpaid wages in the amount of \$67,392 plus statutory damages and counsel fees. The Company denied the allegations alleged in the complaint filed by Mr. Rebetti and, on May 7, 2014, the Company and its Chief Executive Officer, Charles Piluso, filed a counterclaim against Mr. Rebetti with the Supreme Court. This litigation has been settled in accordance with a confidential agreement and a stipulation of discontinuance has been filed.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

7

PART II**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES****LIMITED PUBLIC MARKET FOR COMMON STOCK**

A symbol was assigned for our securities so that our securities may be quoted for trading on the OTCQB under symbol "DTST". Minimal trading occurred through the date of this Annual Report based on a limited float. There can be no assurance that a liquid market for our securities will ever develop. Transfer of our common stock may also be restricted under the securities or blue-sky laws of various states and foreign jurisdictions. Consequently, investors may not be able to liquidate their investments and should be prepared to hold the common stock for an indefinite period of time.

Quarterly ended	Low Price	High Price
March 31, 2014	\$0.04	\$0.10
June 30, 2014	\$0.05	\$0.10

HOLDERS OF OUR COMMON STOCK

As of March 30, 2016 we had 38 shareholders of record of our Common Stock.

DIVIDEND POLICY

DSC has not declared or paid dividends on common stock since its formation, and do not anticipate paying dividends in the foreseeable future. The declaration or payment of dividends, if any, in the future, will be at the discretion of DSC's Board and will depend on the then current financial condition, results of operations, capital requirements and other factors deemed relevant by the Board. There are no contractual restrictions on our ability to declare or pay dividends. Preferred dividends are accrued quarterly. No Preferred dividends have been paid to date.

EQUITY COMPENSATION PLAN INFORMATION

See "Executive Compensation—"2008 Equity Incentive Plan" and "2010 Incentive Award Plan" on page 44 for DSC's equity compensation plan information.

ITEM 6. SELECTED FINANCIAL DATA

Not applicable.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

COMPANY OVERVIEW

Data Storage Corporation ("DSC" or "the Company") is focused on our infrastructure, disaster recovery and email archival and compliance solutions. Our mission: Protecting our client's data, ensuring business continuity, assisting in their compliance requirements and giving our clients better control over their digital information. We continue to stay on top of this dynamic industry with new solutions and services. The Company owns intellectual property with our proprietary email archival and data analysis software, Message Logic. We provide Recovery Clouds for Managed Service Providers, so that these companies can enter the industry of providing Disaster Recovery and Business Continuity solutions at a lower entry point. Our IBM solutions continue to grow with our joint venture, Secure Infrastructure and Services LLC, leading the way for Infrastructure as a Service on IBM's Power i systems for the past two years.

DSC is a 15 year veteran in cloud storage and cloud computing providing data protection, disaster recovery, business continuity and compliance solutions that assist organizations in protecting their data, minimizing downtime and ensuring regulatory compliance. Serving the business continuity market, DSC's clients save time and money, gain more control and better access to data and enable a high level of security for their data. Solutions include: Infrastructure-as-a-Service, data backup, recovery and restore, high availability data replication services; email archive and compliance for compliance officer alerts and e-discovery; continuous data protection; data de-duplication; and virtualized system recovery. DSC has forged relationships with leading organizations.

Headquartered in Garden City, NY, with offices in New York City and Providence, Rhode Island, DSC offers its solutions and services to businesses within the healthcare, banking and finance, distribution services, manufacturing, construction, education, and government industries.

DSC derives its revenues from the sale and subscription of services and solutions DSC has equipment in several technical centers: New York Metro, Boston, Chicago and New Jersey.

DSC services clients from its staffed technical offices in New York and Rhode Island, which consist of modern offices and a technology suite adapted to meet the needs of a technology based business. DSC's mission is to provide a high level of service to organizations that need to ensure that their data is intact and available upon demand.

DSC varies its use of resource, technology and work processes to meet the changing opportunities and challenges presented by the market and the internal customer requirements.

RESULTS OF OPERATIONS

Year ended December 31, 2015 as compared to December 31, 2014

Net Sales. Net sales for the year ended December 31, 2015 were \$3,991,351 a decrease of \$21,320 or 0.5%, compared to \$4,012,671 for the year ended December 31, 2014. The decrease is attributable to the assignment of certain customers to the joint venture during 2014-2015.

Cost of Sales. For the year ended December 31, 2015, cost of sales were \$2,502,524 a increase of \$319,701 from \$2,182,823 for the year ended December 31, 2014. The increase in cost of sales is the result of an increase in infrastructure services. The Company's gross margin is 37.3% for the year ended December 31, 2015 as compared to 45.6% for the year ended December 31, 2014. Sales contracts which expired were replaced by \$350,000 of sales where the services were provided by a joint venture that DSC is a 50% partner. The DSC margin on these sales was 6.3% for the year ended December 31, 2015, however, DSC shared in the profits from the joint venture.

Operating Expenses. For the year ended December 31, 2015, operating expenses were \$1,881,097 a decrease of \$445,120 as compared to \$2,326,217 for the year ended December 31, 2014. The majority of the decrease in operating expenses for the year ended December 31, 2015 is a result of a reduction in sales leadership and staff resulting in decreased salaries. Sales salaries decreased \$164,687 to \$60,221 for the year ended December 31, 2015, as compared to \$224,908 for the year ended December 31, 2014. Management salaries expense decreased \$118,250 to \$283,928 in 2015, as compared to \$402,178 in 2014. Employee sales commission expense decreased \$19,797 to \$0 in 2015, as compared to \$19,797 in 2014. This is a result of more new sales being generated by partnerships who are paid by commission as opposed to new sales by salaried employees.

Other Income (Expense) Interest income for year ended December 31, 2015 decreased \$55 to \$2 from \$57. Interest expense (including amortization of debt discount) for the year ended December 31, 2015 increased \$107,632 to \$287,652 from \$180,020 as compared to the year ended December 31, 2014. Income on the investment in joint venture at equity, decreased \$11,281 to a gain of \$4,418 from a gain of \$15,699 in 2014, which was attributable to an increase in cost of goods and operating expenses 2015.

Net Loss. Net loss for the year ended December 31, 2015 was (\$694,340) an increase of \$34,093 as compared to net loss of (\$660,247) for the year ended December 31, 2014. DSC's loss increased 5% primarily as a result of salary deductions offset by lower margins and higher interest.

LIQUIDITY AND CAPITAL RESOURCES

The consolidated financial statements have been prepared using generally accepted accounting principles in the United States of America (“GAAP”) applicable for a going concern, which assumes that DSC will realize its assets and discharge its liabilities in the ordinary course of business. DSC has been funded by Mr. Charles M Piluso, DSC’s Chief Executive Officer and largest shareholder combined with private placements of DSC’s common stock. DSC has been successful in raising money as needed. Further it is the intention of management to continue to raise money through stock issuances and to fund DSC on an as needed basis. In 2015, we intend to continue to work to increase our presence in the IBM Power i and email compliance marketplaces utilizing our increased technical expertise, capacity for data storage and managed services.

To the extent we are successful in growing our business, identifying potential acquisition targets and negotiating the terms of such acquisition, and the purchase price includes a cash component, we plan to use our working capital and the proceeds of any financing to finance such acquisition costs. Our opinion concerning our liquidity is based on current information. If this information proves to be inaccurate, or if circumstances change, we may not be able to meet our liquidity needs.

During the year ended December 31, 2015 DSC's cash decreased \$43,403 to \$67,045 from \$110,448 at December 31, 2014. Net cash of \$88,975 was provided by DSC's operating activities and cash of \$0 was used in investing activities. Net cash of (\$132,378) was used in financing activities. This is the result of a \$92,000 in advances from a company shareholder, offset by \$223,378 in capital lease payments and \$1,000 repayment of credit line.

DSC's working capital deficit was \$3,177,077 at December 31, 2015, decreasing \$625,688 from \$2,551,389 at December 31, 2014. The decrease is primarily due to the refinance of short-term lease obligations.

Share Based Compensation

DSC follows the requirements of FASB ASC 718-10-10, *Share Based Payments* with regard to stock-based compensation issued to employees. DSC has agreements and arrangements that call for stock to be awarded to the employees and consultants at various times as compensation and periodic bonuses. The expense for this stock based compensation is equal to the fair value of the stock price on the day the stock was awarded multiplied by the number of shares awarded.

The valuation methodology used to determine the fair value of the options issued during the year was the Black-Scholes option-pricing model. The Black-Scholes model requires the use of a number of assumptions including volatility of the stock price, the average risk-free interest rate, and the weighted average expected life of the options. The risk-free interest rate assumption is based upon observed interest rates on zero coupon U.S. Treasury bonds whose maturity period is appropriate for the term of the warrants and is calculated by using the average daily historical stock prices through the day preceding the grant date.

Estimated volatility is a measure of the amount by which DSC's stock price is expected to fluctuate each year during the expected life of the award. DSC's estimated volatility is an average of the historical volatility of peer entities whose stock prices were publicly available. DSC's calculation of estimated volatility is based on historical stock prices of these peer entities over a period equal to the expected life of the awards. DSC uses the historical volatility of peer entities due to the lack of sufficient historical data of its stock price.

Off-Balance Sheet Arrangements

DSC does not have any off-balance sheet arrangements, financings, or other relationships with unconsolidated entities or other persons, also known as "special purpose entities" ("SPE"s).

CRITICAL ACCOUNTING POLICIES

DSC's financial statements and related public financial information are based on the application of GAAP. GAAP requires the use of estimates; assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenue, and expense amounts reported. These estimates can also affect supplemental information contained in our external disclosures including information regarding contingencies, risk and financial condition. We believe our use of estimates and underlying accounting assumptions adhere to GAAP and

are consistently and conservatively applied. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. We continue to monitor significant estimates made during the preparation of our financial statements.

Our significant accounting policies are summarized in Note 2 of our financial statements. While all these significant accounting policies impact our financial condition and results of operations, we view certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on our financial statements and require management to use a greater degree of judgment and estimates. Actual results may differ from those estimates. Our management believes that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause effect on our consolidated results of operations, financial position or liquidity for the periods presented in this report.

RECENTLY ISSUED AND NEWLY ADOPTED ACCOUNTING PRONOUNCEMENTS

In June 2014, FASB issued Accounting Standards Update (ASU) No. 2014-12 Compensation - Stock Compensation (Topic 718), Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period. A performance target in a share-based payment that affects vesting and that could be achieved after the requisite service period should be accounted for as a performance condition under Accounting Standards Codification (ASC) 718, Compensation - Stock Compensation. As a result, the target is not reflected in the estimation of the award's grant date fair value. Compensation cost would be recognized over the required service period, if it is probable that the performance condition will be achieved. The guidance is effective for annual periods beginning after December 15, 2015 and interim periods within those annual periods. Early adoption is permitted. Management has reviewed the ASU and believes that they currently account for these awards in a manner consistent with the new guidance; therefore there is no anticipation of any effect to the consolidated financial statements.

On August 2014, FASB issued Accounting Standards Update No. 2014-15, Presentation of Financial Statements - Going Concerns (Subtopic 205-40): Disclosures of Uncertainties about an Entity's Ability to continue as a Going Concern. The amendments require management to assess an entity's ability to continue as a going concern by incorporating and expanding upon certain principles that are currently in U.S. auditing standards. Specifically, the amendments (1) provide a definition of the term substantial doubt, (2) require an evaluation every reporting period including interim periods, (3) provide principles for considering the mitigating effect of management's plans, (4) require certain disclosures when substantial doubt is alleviated as a result of consideration of management's plans, (5) require an express statement and other disclosures when substantial doubt is not alleviated, and (6) require an assessment for a period of one year after the date that the financial statements are issued (or available to be issued). The amendments in this Update are effective for the annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. Early application is permitted. The adoption of ASU 2014-15 is not expected to have a material impact on our financial position or results of operations.

In April 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-05, "Customer's Accounting for Fees Paid in a Cloud Computing Arrangement." This ASU provides clarification on whether a cloud computing arrangement includes a software license. If a software license is included, the customer should account for the license consistent with its accounting of other software licenses. If a software license is not included, the arrangement should be accounted for as a service contract. This ASU is effective for annual reporting periods beginning after December 15, 2015, and interim periods within those years. Early adoption is permitted. The Company is currently evaluating the provisions of this guidance.

We have reviewed all FASB issued Accounting Standards Update ("ASU") accounting pronouncements and interpretations thereof that have effectiveness dates during the periods reported and in future periods. The Company has carefully considered the new pronouncements that alter previous generally accepted accounting principles and does not believe that any new or modified principles will have a material impact on the corporation's reported financial position or operations in the near term. The applicability of any standard is subject to the formal review of our financial management and certain standards are under consideration.

Management does not believe there would have been a material effect on the accompanying consolidated financial statements had any other recently issued, but not yet effective, accounting standards been adopted in the current period.

OFF-BALANCE SHEET TRANSACTIONS

DSC has no off-balance sheet arrangements.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Interest Rate Sensitivity

Interest due on the Company's loans is based upon the applicable stated fixed contractual rate with the lender. Interest earned on DSC bank accounts is linked to the applicable base interest rate. For the years ended December 31, 2015 and 2014, DSC had interest expense, net of interest income, of \$287,650 and \$166,178, respectively. DSC believes that its results of operations are not materially affected by changes in interest rates.

DSC's exposure to market risk is confined to its cash and cash equivalents, all of which have maturities of less than three months and bear and pay interest in U.S. dollars. Since DSC invests in highly liquid, relatively low yield investments, we do not believe interest rate changes would have a material impact on us.

DSC does not hold any derivative instruments and does not engage in any hedging activities.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and

Stockholders of Data Storage Corporation

We have audited the accompanying consolidated balance sheets of Data Storage Corporation as of December 31, 2015 and 2014, and the related consolidated statements of operations, stockholders' equity (deficit), and cash flows for each of the years in the two-year period ended December 31, 2015. Data Storage Corporation's management is responsible for these consolidated financial statements. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Data Storage Corporation and Subsidiary as of December 31, 2015 and 2014, and the consolidated results of its operations and its cash flows for each of the years in the two-year period ended December 31, 2015 in conformity with accounting principles generally accepted in the United States of America.

DATA STORAGE CORPORATION AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1 - Basis of Presentation, Organization and Other Matters

Headquartered in Garden City, N.Y., Data Storage Corporation (“DSC” or the “Company”) offers its solutions and services to businesses within the healthcare, banking and finance, distribution services, manufacturing, construction, education, and government sectors.

DSC derives revenues from long term subscription services and professional services related to the implementation of subscription services that provide businesses in the education, government and healthcare industries protection of critical computerized data. In 2009, the Company’s revenues consisted primarily of offsite data backup, de-duplication, continuous data protection and Cloud Disaster Recovery solutions and protecting information for our clients. In 2010, DSC expanded its solutions based on the asset acquisition of SafeData. In 2012, DSC continued to assimilate organizations, expanded its technology as well as its technical group and positioned the new organization for growth. In October 2012, DSC purchased the software and assets of Message Logic.

DSC maintains equipment for cloud storage and cloud computing in our data centers in Massachusetts, Rhode Island, and New York. DSC delivers its solutions over highly reliable, redundant and secure fiber optic networks with separate and diverse routes to the Internet. DSC’s network and geographical diversity is important to clients seeking storage hosting and disaster recovery solutions, ensuring protection of data and continuity of business in the case of a network interruption.

Liquidity

The financial statements have been prepared using accounting principles generally accepted in the United States of America applicable for a going concern, which assumes that the Company will realize its assets and discharge its liabilities in the ordinary course of business. For the year ended December 31, 2015, the Company has generated revenues of \$3,991,351 but has incurred a net loss attributable to common shareholders of \$790,353. Its ability to continue as a going concern is dependent upon achieving sales growth, reduction of operation expenses and ability of the Company to obtain the necessary financing to meet its obligations and pay its liabilities arising from normal business operations when they come due, and upon profitable operations. The Company has been funded by the Mr.

Edgar Filing: Data Storage Corp - Form 10-K

Charles M. Piluso, the Company's Chief Executive Officer ("CEO") and largest shareholder since inception as well as several Directors. It is the intention of Mr. Piluso to continue to fund the Company on an as needed basis.

Note 2 - Summary of Significant Accounting Policies

Stock Based Compensation

The Company follows the requirements of FASB ASC 718-10-10, *Share-Based Payments* with regard to stock-based compensation issued to employees. The Company has stock-based incentives for consultants and employees that over achieve. This plan is discretionary. The expense for this stock-based compensation is equal to the fair value of the stock that was determined by using closing price on the day the stock was awarded multiplied by the number of shares awarded. The Company records its options at fair value using the Black-Scholes valuation model.

Recently Issued and Newly Adopted Accounting Pronouncements

In June 2014, FASB issued Accounting Standards Update (ASU) No. 2014-12 Compensation - Stock Compensation (Topic 718), Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period. A performance target in a share-based payment that affects vesting and that could be achieved after the requisite service period should be accounted for as a performance condition under Accounting Standards Codification (ASC) 718, Compensation - Stock Compensation. As a result, the target is not reflected in the estimation of the award's grant date fair value. Compensation cost would be recognized over the required service period, if it is probable that the performance condition will be achieved. The guidance is effective for annual periods beginning after December 15, 2015 and interim periods within those annual periods. Early adoption is permitted. Management has reviewed the ASU and believes that they currently account for these awards in a manner consistent with the new guidance; therefore there is no anticipation of any effect to the consolidated financial statements.

On August 2014, FASB issued Accounting Standards Update No. 2014-15, Presentation of Financial Statements - Going Concerns (Subtopic 205-40): Disclosures of Uncertainties about an Entity's Ability to continue as a Going Concern. The amendments require management to assess an entity's ability to continue as a going concern by incorporating and expanding upon certain principles that are currently in U.S. auditing standards. Specifically, the amendments (1) provide a definition of the term substantial doubt, (2) require an evaluation every reporting period including interim periods, (3) provide principles for considering the mitigating effect of management's plans, (4) require certain disclosures when substantial doubt is alleviated as a result of consideration of management's plans, (5) require an express statement and other disclosures when substantial doubt is not alleviated, and (6) require an assessment for a period of one year after the date that the financial statements are issued (or available to be issued). The amendments in this Update are effective for the annual period ending after December 15, 2016, and for annual periods and interim periods thereafter. Early application is permitted. The adoption of ASU 2014-15 is not expected to have a material impact on our financial position or results of operations.

In April 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-05, “Customer’s Accounting for Fees Paid in a Cloud Computing Arrangement.” This ASU provides clarification on whether a cloud computing arrangement includes a software license. If a software license is included, the customer should account for the license consistent with its accounting of other software licenses. If a software license is not included, the arrangement should be accounted for as a service contract. This ASU is effective for annual reporting periods beginning after December 15, 2015, and interim periods within those years. Early adoption is permitted. The Company is currently evaluating the provisions of this guidance.

We have reviewed all FASB issued Accounting Standards Update (“ASU”) accounting pronouncements and interpretations thereof that have effectiveness dates during the periods reported and in future periods. The Company has carefully considered the new pronouncements that alter previous generally accepted accounting principles and does not believe that any new or modified principles will have a material impact on the corporation’s reported financial position or operations in the near term. The applicability of any standard is subject to the formal review of our financial management and certain standards are under consideration.

Management does not believe there would have been a material effect on the accompanying consolidated financial statements had any other recently issued, but not yet effective, accounting standards been adopted in the current period.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company. All significant inter-company transactions and balances have been eliminated in consolidation.

Equity Investments

Equity investments in which the Company exercises significant influence but does not control and is not the primary beneficiary are accounted for using the equity method. The Company’s share of its equity method investee’s earnings or losses is included in other income in the accompanying Consolidated Statements of Operations.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

Estimated Fair Value of Financial Instruments

The Company's financial instruments include cash, accounts receivable, accounts payable, line of credit and due to related parties. Management believes the estimated fair value of these accounts at December 31, 2015 approximate their carrying value as reflected in the balance sheets due to the short-term nature of these instruments or the use of market interest rates for debt instruments. The carrying values of certain of the Company's notes payable and capital lease obligations approximate their fair values based upon a comparison of the interest rate and terms of such debt given the level of risk to the rates and terms of similar debt currently available to the Company in the marketplace.

Cash, Cash Equivalents and Short-Term Investments

The Company considers all highly liquid investments with an original maturity or remaining maturity at the time of purchase, of three months or less to be cash equivalents.

Concentration of Credit Risk and Other Risks and Uncertainties

Financial instruments and assets subjecting the Company to concentration of credit risk consist primarily of cash and cash equivalents, short-term investments and trade accounts receivable. The Company's cash and cash equivalents are maintained at major U.S. financial institutions. Deposits in these institutions may exceed the amount of insurance provided on such deposits.

The Company's customers are primarily concentrated in the United States.

The Company provides credit in the normal course of business. The Company performs ongoing credit evaluations of its customers and maintains allowances for doubtful accounts on factors surrounding the credit risk of specific customers, historical trends, and other information.

For the years ended December 31, 2015 and 2014 DSC did not have any customer concentrations.

Accounts Receivable/Allowance for Doubtful Accounts

The Company sells its services to customers on an open credit basis. Accounts receivable are uncollateralized, non-interest-bearing customer obligations. Accounts receivables are due within 30 days. The allowance for doubtful accounts reflects the estimated accounts receivable that will not be collected due to credit losses and allowances. Provisions for estimated uncollectible accounts receivable are made for individual accounts based upon specific facts and circumstances including criteria such as their age, amount, and customer standing. Provisions are also made for other accounts receivable not specifically reviewed based upon historical experience. Clients are invoiced in advance for services as reflected in deferred revenue on the Company's balance sheet.

Property and Equipment

Property and equipment is recorded at cost and depreciated over their estimated useful lives or the term of the lease using the straight-line method for financial statement purposes. Estimated useful lives in years for depreciation are 5 to 7 years for property and equipment. Additions, betterments and replacements are capitalized, while expenditures for repairs and maintenance are charged to operations when incurred. As units of property are sold or retired, the related cost and accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in income.

Income Taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. At December 31, 2015, the Company had a full valuation allowance against its deferred tax assets.

Per FASB ASC 740-10, disclosure is not required of an uncertain tax position unless it is considered probable that a claim will be asserted and there is a more-likely-than-not possibility that the outcome will be unfavorable. Using this guidance, as of December 31, 2015, the Company has no uncertain tax positions that qualify for either recognition or

disclosure in the financial statements. The Company's 2014, 2013 and 2012 Federal and State tax returns remain subject to examination by their respective taxing authorities. Neither of the Company's Federal or State tax returns are currently under examination.

Goodwill and Other Intangibles

In accordance with GAAP, the Company tests goodwill and other intangible assets for impairment on at least an annual basis. Goodwill impairment exists if the net book value of a reporting unit exceeds its estimated fair value. The impairment testing is performed in two steps: (i) the Company determines impairment by comparing the fair value of a reporting unit with its carrying value, and (ii) if there is impairment, the Company measures the amount of impairment loss by comparing the implied fair value of goodwill with the carrying amount of that goodwill. To determine the fair value of these intangible assets, the Company uses many assumptions and estimates using a market participant approach that directly impact the results of the testing. In making these assumptions and estimates, the Company uses industry accepted valuation models and set criteria that are reviewed and approved by various levels of management.

In September 2011, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") 2011-08, "Intangibles-Goodwill and Other (Topic 350): Testing Goodwill for Impairment", to allow entities to use a qualitative approach to test goodwill for impairment. ASU 2011-08 permits an entity to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. If it is concluded that this is the case, it is necessary to perform the currently prescribed two-step goodwill impairment test. Otherwise, the two-step goodwill impairment test is not required. The Company adopted ASU 2011-08 in fiscal 2013 and thus performed a qualitative assessment.

Revenue Recognition

The Company's revenues consist principally of cloud storage and cloud computing revenues, SaaS and IaaS. Storage revenues consist of monthly charges related to the storage of materials or data (generally on a per unit basis). Sales are generally recorded in the month the service is provided. For customers who are billed on an annual basis, deferred revenue is recorded and amortized over the life of the contract. Set up fees charged in connection with storage contracts are deferred and recognized on a straight line basis over the life of the contract.

Impairment of Long-Lived Assets

In accordance with FASB ASC 360-10-35, we review our long-lived assets for impairment whenever events and circumstances indicate that the carrying value of an asset might not be recoverable. An impairment loss, measured as the amount by which the carrying value exceeds the fair value, is recognized if the carrying amount exceeds estimated

undiscounted future cash flows.

Advertising Costs

The Company expenses the costs associated with advertising as they are incurred. The Company incurred \$52,699 and \$84,423 for advertising costs for the years ended December 31, 2015 and 2014, respectively.

Net Income (Loss) Per Common Share

In accordance with FASB ASC 260-10-5 Earnings Per Share, basic income (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted earnings per share is computed by dividing net income (loss) adjusted for income or loss that would result from the assumed conversion of potential common shares from contracts that may be settled in stock or cash by the weighted average number of shares of common stock, common stock equivalents and potentially dilutive securities outstanding during each period. The inclusion of the potential common shares to be issued would have an anti-dilutive effect on diluted loss per share and therefore they are not included in the calculation. Potentially dilutive securities at December 31, 2015 include 6,854,802 options and 133,334 warrants.

Note 3 - Property and Equipment

Property and equipment, at cost, consist of the following:

	December 31,	
	2015	2014
Storage equipment	\$2,075,639	\$2,205,243
Website and software	533,418	622,667
Furniture and fixtures	14,037	23,861
Computer hardware and software	86,184	91,687
Data center equipment	666,680	946,341
	3,375,958	3,889,799
Less: Accumulated depreciation	3,064,492	3,188,418
Net property and equipment	\$311,466	\$701,381

Depreciation expense for the years ended December 31, 2015 and 2014 was \$405,655 and \$459,871, respectively.

Note 4 - Goodwill and Intangible Assets

Goodwill and intangible assets consisted of the following:

		December 31, 2015	
	Estimated life in years	Gross amount	Accumulated Amortization
Goodwill	Indefinite	\$2,201,828	-
Intangible Assets			
Intangible assets not subject to amortization			
Trademarks	Indefinite	294,268	-
Intangible assets subject to amortization			
Customer list	5 - 15	897,274	841,109
Non-compete agreements	4	262,147	262,147
Total Intangible Assets		1,453,689	1,103,256
Total Goodwill and Intangible Assets		\$3,655,517	\$ 1,103,256

Scheduled amortization over the next five years as follows:

Years ending December 31,	
2016	30,636
2017	25,529
Total	\$56,165

Amortization expense for the years ended December 31, 2015 and 2014 were \$98,844 and \$209,493 respectively.

Note 5 – Investment in Joint Venture At Equity

The Company has a 50% non-controlling ownership interest in Secure Infrastructure & Services, LLC who provides infrastructure-as-a-Service (IaaS) for IBM iSeries and AIX v7 systems, Power HA services and network infrastructure hardware and services as needed to support the IaaS and PowerHA implementation and ongoing needs for customers and services sold under the Company. ASC 810 requires the Company to evaluate non-consolidated entities periodically and as circumstances change to determine if an implied controlling interest exists. During 2015, the Company re-evaluated this equity investment and concluded that this is a variable interest entity and the Company is not the primary beneficiary. Secure Infrastructure & Services, LLC's fiscal year end is December 31.

The following presents unaudited summary financial information for Secure Infrastructure & Services, LLC. Such summary financial information has been provided herein based upon the individual significance of this unconsolidated equity investment to the consolidated financial information of the Company.

	Year Ended December 31, 2015
Current assets	\$ 264,385
Non-current assets	\$ 44,266
Current liabilities	\$ 246,179
Non-current liabilities	\$ 25,000
Members' equity	\$ 37,472

The equity balance carried on the Company's balance sheet amounts to \$20,117 for the year ended December 31, 2015.

	Year Ended December 31, 2015
Net sales	\$ 1,576,414
Gross profit	\$ 483,881
Operating expenses	\$ 522,308
Other income	\$ 47,264
Net income (loss)	\$ 8,836

The Company's share of the net income from Secure Infrastructure & Services, LLC for the year ended December 31, 2015 was \$4,418.

Note 6 – Capital Lease Obligations

The company entered into a new lease agreement with Systems Trading, Inc. on May 1, 2014 to refinance all outstanding leases into one capital lease. This lease obligation is payable to Systems Trading, Inc. with monthly installments of \$21,826 from June 1, 2014 through May 1, 2018. This lease is secured with the computer equipment and has been capitalized. Pursuant to Accounting Standards Codification (“ASC”) 470-50-40, Debt Modifications and Extinguishments-Derecognition, the Company determined that modification accounting applied to the refinancing. The new capital lease obligation has an effective interest rate of 7.22%.

On July 10, 2015 the Company entered into a lease with Systems Trading, Inc. The lease is for \$14,443, calls for monthly payments of \$420 and expires on August 1, 2018. It carries an interest rate of 3%. On November 1, 2015 the Company added to the existing lease with Systems Trading. The lease addendum totaled \$7,998, calls for monthly payments of \$258 and expires on August 1, 2018. It carries no interest.

Future minimum lease payments under the capital leases are as follows:

As of December 31, 2015	\$631,217
Less amount representing interest	(42,651)
Total obligations under capital leases	588,566
Less current portion of obligations under capital leases	(241,983)
Long-term obligations under capital leases	\$346,583

Long-term obligations under capital leases at December 31, 2015 mature as follows:

Year ending December 31,	
2016	\$241,983
2017	234,868
2018	111,715
	\$588,566

The assets held under the capital leases are included in property and equipment as follows:

Equipment	\$1,361,995
Less: accumulated depreciation	1,005,886
	\$356,109

Note 7 - Commitments and Contingencies

Revolving Credit Facility

On January 31, 2008 the Company entered into a revolving credit line with a bank. The credit facility provides for \$100,000 at prime plus 0.5%, 3.75% at December 31, 2015, and is secured by all assets of the Company and personally guaranteed by the Company's principal shareholder. As of December 31, 2015, the Company owed \$99,292 under this agreement.

Operating Leases

The Company currently leases office space in Garden City, NY, and Warwick, RI.

The lease for office space in Garden City, NY calls for escalating monthly payments ranging from \$6,056 to \$6,617 plus a portion of the operating expenses through June 2014. This lease was renewed for an additional year through June 30, 2016 at the rate of \$6,617 per month.

The lease for office space in Warwick, RI calls for monthly payments of \$2,324 beginning February 1, 2014 which escalates to \$2,460 on February 1st 2017. This lease commenced on February 1, 2014 and continues through January 31, 2019.

Minimum obligations under these lease agreements are as follows:

For the Year Ending December 31,

2016	68,523
2017	29,384
2018	29,520
Thereafter	2,460
	\$ 129,887

Rent expense for the year ended December 31, 2015 and 2014 was \$132,136 and \$121,886 respectively.

Other Leases

The Company currently leases data centers in Westbury, NY and Waltham, MA.

The Company leases space in a data center in Waltham, MA. The lease calls for monthly payments under an annually renewable contract for space and services. The payments are approximately \$29,000 per month depending upon

services used and the current contract expires January 31, 2019.

Note 8 - Related Party Transactions

In 2014, the Company paid a monthly rent expense for a data center in NY of \$1,500, to a partnership owned by Mr. Piluso. For the year ended December 31, 2014, the rent expense was \$13,500. The Company stopped using this facility in December 2014. The Company owed \$245,601 to this related party at December 31, 2014. In 2015, the Company converted this to convertible debt (see Note 9).

The Company's CEO, from time to time, advances money to fund the Company. These advances bear no interest and have no stated terms of repayment. As of December 31, 2014 the Company owed Mr. Piluso \$1,065,792 for such advances. In February 2015, the Company converted the \$1,065,762 to convertible debt (see Note 9).

Note 9 –Related Party Debt

Convertible Debt - Related Party

On January 31, 2012, the Company issued a \$500,000 convertible promissory note to a director of the company in consideration of a loan in the amount of \$500,000. The note is convertible into shares of the Company's common stock at \$0.85 per share and carries interest at 10% per annum. Interest is payable quarterly through the maturity date of January 31, 2015. DSC has accrued interest on this note totaling \$195,890 and is in arrears on its interest payments. On May 13, 2015, the maturity date of the note was extended to May 6, 2016.

On February 28, 2013 the Company issued a \$100,000 convertible promissory note to a director of the company in consideration of a loan in the amount of \$100,000. The note is convertible into shares of the Company's common stock at \$0.15 per share and carries interest at 10% per annum. Interest is payable quarterly through the note's maturity date of February 28, 2014. The Company issued 66,667 warrants valued at of \$17,851 which was recorded as a discount to the convertible promissory note. In 2014, the Company defaulted on this note and is subject to additional interest of 5% per annum as well as additional 10% warrants for each year that it remains in default. DSC has accrued interest on this note totaling \$30,644. On May 13, 2015, the maturity date of the note was extended to May 6, 2016.

On August 9, 2013, the Company issued a \$100,000 convertible promissory note to the CEO of the Company in consideration of a loan in the amount of \$100,000. The convertible promissory note is convertible into shares of common stock of the Company at \$0.15 and carries interest at 10% per annum. Interest is payable quarterly through the note's maturity date of April 30, 2014. The Company issued 66,667 warrants valued at \$17,851 in connection with this note, which was recorded as a discount to the convertible promissory notes based on its relative fair value with an offset to additional paid in capital. In 2014, the Company defaulted on this note and is subject to additional interest of 5% per annum as well as the additional 10% warrants for each year in default. DSC has accrued interest on this note totaling \$26,233. On May 13, 2015, the maturity date was extended to May 6, 2016.

Effective January 1, 2015, the Company issued a \$1,189,439 convertible promissory note to the Company's CEO. This note was issued to convert debt that is owed to the CEO and to 875 Merrick LLC. The note carries interest at 10% per annum. Interest shall accrue and be payable in arrears on December 31, 2017. The note and all accrued and unpaid interest is convertible into shares of the Company's common stock at \$0.85 per share. DSC has accrued interest on this note totaling \$118,944.

Effective January 1, 2015, the Company issued a \$121,924 convertible promissory note to the Company's CEO. This note was issued to convert debt that is owed to the CEO and to 875 Merrick LLC. The note carries interest of 10% per annum. Interest shall accrue and be payable in arrears on December 31, 2016. The note and all accrued and unpaid interest is convertible into shares the Company's common stock at \$0.15 per share. DSC has accrued interest on this note totaling \$12,620.

On February 19, 2015 the Company issued an \$80,000 convertible promissory note to the Company's CEO in consideration of an \$80,000 loan. The note carries interest at 10% per annum. Interest shall accrue and be payable in arrears on February 18, 2016. The note and all accrued and unpaid interest is convertible into shares of the Company's common stock at \$0.15 per share. DSC has accrued interest on this note totaling \$8,427.

Note Payable – Related Party

On October 7, 2015 the Company issued a \$12,000 promissory note to the Company's CEO in consideration of a \$12,000 loan. The note carries interest at 10% per annum. Interest shall accrue and be payable in arrears on October 6, 2017. DSC has accrued interest on this note totaling \$279.

Note 10 – Note Payable – Enterprise Bank

In connection with the 2012 acquisition of Message Logic, LLC, the Company acquired software subject to a UCC filing in the amount of \$350,000 plus accrued interest. On September 5, 2014 the Company entered into an agreement whereby the Company will pay all arrears interest over 7 months at \$3,910 per month. In addition, the Company has agreed to make monthly interest payments at \$1,553 per month with the principal balance of \$350,000 payable on April 30, 2016.

Note 11 - Stockholders' (Deficit)

Capital Stock

The Company has 260,000,000 shares of capital stock authorized, consisting of 250,000,000 shares of Common Stock, par value \$0.001, 10,000,000 shares of Preferred Stock, par value \$0.001 per share.

Common Stock Options

2008 Equity Incentive Plan

In October 2008, the Company's board of directors (the "Board") adopted, the 2008 Equity Incentive Plan (the "2008 Plan"). Under the 2008 Plan, we may grant options (including incentive stock options) to purchase our common stock or restricted stock awards to our employees, consultants or non-employee directors. The 2008 Plan is administered by the Board. Awards may be granted pursuant to the 2008 Plan for 10 years from the date the Board approved the 2008 Plan. Any grant under the 2008 Plan may be repriced, replaced or regranted at the discretion of the Board.

The material terms of options granted under the 2008 Plan (all of which have been nonqualified stock options) are consistent with the terms described in the footnotes to the "Outstanding Equity Awards at Fiscal Year-End December 31, 2011," including 5 year graded vesting schedules and exercise prices equal to the fair market value of our common stock on the date of grant. Stock grants made under the 2008 Plan have not been subject to vesting requirements. The 2008 Plan was terminated with respect to the issuance of new awards as of February 3, 2013. There are 2,140,429 options outstanding under this plan as of December 31, 2015.

2010 Incentive Award Plan

The Company has reserved 5,000,000 shares of common stock for issuance under the terms of the DSC 2010 Incentive Award Plan (the "2010 Plan"). The 2010 Plan is intended to promote the interests of the Company by attracting and retaining exceptional employees, consultants, directors, officers and independent contractors (collectively referred to as the "Participants"), and enabling such Participants to participate in the long-term growth and financial success of the Company. Under the 2010 Plan, the Company may grant stock options, which are intended to

qualify as “incentive stock options” under Section 422 of the Internal Revenue Code of 1986, as amended, non-qualified stock options, stock appreciation rights and restricted stock awards, which are restricted shares of common stock (collectively referred to as “Incentive Awards”). Incentive Awards may be granted pursuant to the 2010 Plan for 10 years from the Effective Date. From time to time, we may issue Incentive Awards pursuant to the 2010 Plan. Each of the awards will be evidenced by and issued under a written agreement.

On April 23, 2013, the Board of Directors of the Company amended and restated the DSC 2010 Plan. The 2010 Plan, as amended and restated, has been renamed the “Amended and Restated DSC Incentive Award Plan”. The new plan provides for flexibility in vesting periods and includes a limit of \$100,000 per employee per year for incentive stock options.

There are 4,714,373 options outstanding under this plan as of December 31, 2015.

There were 285,627 shares available for future grants under the plans.

A summary of the Company's option activity and related information follows:

	Number of Shares Under Options	Range of Option Price Per Share	Weighted Average Exercise Price
Options Outstanding at January 1, 2014	6,921,084	\$0.02 - 0.85	\$ 0.28
Options Exercised	(640,524)	0.02	0.02
Options Outstanding at December 31, 2014	6,280,560	0.02 - 0.85	0.26
Options Granted	910,568	0.35 - 0.65	0.37
Options Forfeited	(336,326)	0.02 - 0.41	0.27
Options Outstanding at December 31, 2015	6,854,802	\$0.02 - 0.85	\$ 0.28
Options Exercisable at December 31, 2015	5,534,688	\$0.02 - 0.85	\$ 0.27

Share-based compensation expense for options totaling \$126,521 was recognized in our results for the year ended December 31, 2015 is based on awards vested.

The valuation methodology used to determine the fair value of the options issued during the year was the Black-Scholes option-pricing model. The Black-Scholes model requires the use of a number of assumptions including volatility of the stock price, the average risk-free interest rate, and the weighted average expected life of the options.

The risk-free interest rate assumption is based upon observed interest rates on zero coupon U.S. Treasury bonds whose maturity period is appropriate for the term of the Warrants and is calculated by using the average daily historical stock prices through the day preceding the grant date.

Estimated volatility is a measure of the amount by which the Company's stock price is expected to fluctuate each year during the expected life of the award. The Company's estimated volatility is an average of the historical volatility of peer entities whose stock prices were publicly available. The Company's calculation of estimated volatility is based on historical stock prices of these peer entities over a period equal to the expected life of the awards. The Company uses the historical volatility of peer entities due to the lack of sufficient historical data of its stock price.

As of December 31, 2015, there was \$50,971 of total unrecognized compensation expense related to unvested employee options granted under the Company's share based compensation plans that is expected to be recognized over a weighted average period of approximately 1.25 years.

Edgar Filing: Data Storage Corp - Form 10-K

The weighted average fair value of options granted and the assumptions used in the Black-Scholes model during the year ended December 31, 2015 are set forth in the table below.

	2015
Weighted average fair value of options granted	\$0.03
Risk-free interest rate	2.24 %
Volatility	229.15%
Expected life (years)	10
Dividend yield	0.00 %

Common Stock Warrants

A summary of the Company's warrant activity and related information follows:

	Number of Shares Under Warrants	Range of Warrants Price Per Share	Weighted Average Exercise Price
Warrants Outstanding at January 1, 2014	28,642	\$ 0.02	\$ 0.01
Warrants Granted	133,334	0.01	0.01
Warrants Cancelled	(28,642)	0.02	0.02
Warrants Outstanding at December 31, 2014	133,334	\$ 0.01	\$ 0.01
Warrants Granted	-	-	-
Warrants Outstanding at December 31, 2015	133,334	\$ 0.01	\$ 0.01
Warrants Exercisable at December 31, 2015	133,334	\$ 0.01	\$ 0.01

Note 12 - Litigation

The Company was previously named as a defendant in a lawsuit filed in New York State Supreme Court, Nassau County, by Richard Rebetti, the Company's former Chief Operating Officer. In the lawsuit, *Rebetti v. Data Storage Corp. and Charles M. Piluso*, Rebetti asserted claims for unpaid wages in the amount of \$67,392 plus statutory damages and counsel fees. This litigation has been settled in accordance with a confidential agreement and a stipulation of discontinuance has been filed.

Preferred Stock

Liquidation preference

Upon any liquidation, dissolution, or winding up of the Corporation, whether voluntary or involuntary, before any distribution or payment shall be made to the holders of any Common Stock, the holders of Series A Preferred Stock shall be entitled to be paid out of the assets of the Corporation legally available for distribution to stockholders, for each share of Series A Preferred Stock held by such holder, an amount per share of Series A Preferred Stock equal to the Original Issue Price for such share of Series A Preferred Stock plus all accrued and unpaid dividends on such share of Series A Preferred Stock as of the date of the Liquidation Event.

Conversion

The number of shares of Common Stock to which a share of Series A Preferred Stock may be converted shall be the product obtained by dividing the Original Issue Price of such share of Series A Preferred Stock by the then-effective Conversion Price (as defined herein) for such share of Series A Preferred Stock. The Conversion Price for the Series A Preferred Stock shall initially be equal to \$0.02 and shall be adjusted from time to time.

Voting

Each holder of shares of Series A Preferred Stock shall be entitled to the number of votes, upon any meeting of the stockholders of the Corporation (or action taken by written consent in lieu of any such meeting) equal to the number of shares of Class B Common Stock into which such shares of Series A Preferred Stock could be converted.

Dividends

Each share of Series A Preferred Stock, in preference to the holders of all Common Stock (as defined below), shall entitle its holder to receive, but only out of funds that are legally available therefore, cash dividends at the rate of ten percent (10%) per annum from the Original Issue Date on the Original Issue Price for such share of Series A Preferred Stock, compounding annually unless paid by the Corporation. Accrued dividends at December 31, 2015 and 2013 were \$513,073 and \$417,060, respectively.

Note 13 - Income Taxes

The components of the provision (benefit) for income taxes are as follows:

	Years Ended December 31,	
	2015	2014
CURRENT		
Federal	\$ -	\$ -
State	-	-
Total current tax provision	-	-
DEFERRED		
Federal	-	-
State	-	-
Total deferred tax provision	-	-
Total tax provision (benefit)	\$ -	\$ -

The components of deferred taxes are as follows:

Deferred Tax Assets:

Net operating loss carry-forward	\$ (2,139,554)	\$ (1,862,067)
Less: valuation allowance	(2,139,554)	(1,862,067)

Deferred tax assets	-	-
Deferred tax liabilities	-	-
Net deferred tax asset	\$-	\$-

The Company had federal and state net operating tax loss carry-forwards of \$5,221,045 and \$5,132,375, respectively as of December 31, 2015. The tax loss carry-forwards are available to offset future taxable income with the federal and state carry-forwards beginning to expire in 2028.

In 2014, net deferred tax assets did not change due to the full allowance. The gross amount of the asset is entirely due to the Net operating loss carry forward. The realization of the tax benefits is subject to the sufficiency of taxable income in future years. The combined deferred tax assets represent the amounts expected to be realized before expiration.

The Company periodically assesses the likelihood that it will be able to recover its deferred tax assets. The Company considers all available evidence, both positive and negative, including historical levels of income, expectations and risks associated with estimates of future taxable income and ongoing prudent and feasible profits. As a result of this analysis of all available evidence, both positive and negative, the Company concluded that it is more likely than not that its net deferred tax assets will ultimately not be recovered and, accordingly, a valuation allowance was recorded as of December 31, 2015 and 2014.

The difference between the expected income tax expense (benefit) and the actual tax expense (benefit) computed by using the Federal statutory rate of 34% is as follows:

	Year Ended December	
	31, 2015	2014
Expected income tax benefit (loss) at statutory rate of 34%	\$117,505	\$194,315
State and local tax benefit, net of federal	24,538	40,578
Change in valuation account	(142,043)	(234,893)
Income tax expense (benefit)	\$-	\$-

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this Annual Report, under the supervision and with the participation of DSC’s management, including its principal executive officer and principal financial officer, DSC conducted an evaluation of its disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Based on this evaluation, DSC’s principal executive officer and principal financial officers have concluded that DSC’s disclosure controls and procedures are not effective to ensure that information required to be disclosed by DSC in the reports it files or submits under the

Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's (the "SEC") rules based on the material weakness described below.

Management's Report on Internal Control Over Financial Reporting

DSC's management is responsible for establishing and maintaining effective internal control over financial reporting as defined in Rule 13a-15(f) under the Exchange Act. DSC's internal control over financial reporting is designed to provide reasonable assurance to DSC's management and Board of Directors regarding the preparation and fair presentation of published financial statements in accordance with United States' generally accepted accounting principles ("GAAP"), including those policies and procedures that: (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of DSC, (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP and that receipts and expenditures are being made only in accordance with authorizations of DSC's management and directors and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of DSC's assets that could have a material effect on the financial statements.

Management conducted an evaluation of the effectiveness of internal control over financial reporting based on the framework in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission in 1992. Management's assessment included an evaluation of the design of DSC's internal control over financial reporting and testing of the operational effectiveness of our internal control over financial reporting. Based on this evaluation, management has determined that as of December 31, 2015, there were material weaknesses in our internal control over financial reporting. The material weaknesses identified during management's assessment were (i) a lack of sufficient internal accounting expertise to provide reasonable assurance that our financial statements and notes thereto are prepared in accordance with GAAP and (ii) a lack of segregation of duties to ensure adequate review of financial statement preparation. In light of these material weaknesses, management has concluded that, as of December 31, 2015, DSC did not maintain effective internal control over financial reporting. As defined by the Public Company Accounting Oversight Board Auditing Standard No. 5, a material weakness is a deficiency or a combination of deficiencies, such that there is a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected. In order to ensure the effectiveness of DSC's disclosure controls in the future DSC intends on adding financial staff resources to our accounting and finance department.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

This Annual Report does not include an attestation report of DSC's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by DSC's registered public accounting firm pursuant to rules of the SEC that permit DSC to provide only management's report in this Annual Report.

Changes in Internal Control over Financial Reporting

There have been no significant changes in DSC's internal control over financial reporting during the most recently completed fiscal quarter ended December 31, 2015 that have materially affected, or is reasonably likely to materially affect, DSC's internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

On June 30, 2015, Matthew P. Grosso resigned as Executive Vice President and Chief Technology Officer of the Company. Mr. Grosso's resignation was not the result of any disagreements with the Company on any matter relating to the Company's operations, policies or practices.

On July 6, 2015, Hal Schwartz was appointed to serve as a director of the company.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The following table sets forth the names, ages, and positions of DSC's executive officers and directors as of the December 31, 2015. Executive officers are elected annually by DSC's Board of Directors. Each executive officer holds

his office until he resigns, is removed by the Board, or his successor is elected and qualified. Each director holds his office until his successor is elected and qualified or his earlier resignation or removal.

Name	Age	Position
Charles M. Piluso	62	President, Chief Executive Officer, Chief Financial Officer, Chairman of the Board
Stephen Catanzano	50	Vice President
John Argen	61	Director
Joseph B. Hoffman	58	Director
Lawrence M. Maglione Jr.	53	Director
Cliff Stein	58	Director
John Coghlan	60	Director
Todd Correll	48	Director
Hal Schwartz	50	Director

Charles M. Piluso, President. Mr. Piluso is DSC’s President, Chief Executive Officer, Chief Financial Officer and Chairman of the Board. Prior to founding DSC in 2001, Mr. Piluso founded North American Telecommunication Corporation a facilities-based Competitive Local Exchange Carrier licensed by the Public Service Commission in ten states, serving as the company's Chairman and President from 1997 to 2000.

Between 1990 and 1997, Mr. Piluso served as Chairman & Founder of International Telecommunications Corporation (“ITC”), a facilities-based international carrier licensed by the Federal Communications Commission. Mr. Piluso founded ITC in 1990 and grew it from two employees to 135 employees with \$170 million in revenues in 1997. ITC participated in a roll up strategy that went public in 1997 for 800 million dollars. ITC had operations and agreements in countries including Russia, Israel, Ukraine, United Kingdom, Dominican Republic, Chile and Canada. During his tenure as president, Mr. Piluso grew the company to the fifth largest international facilities based carrier in the USA. Mr. Piluso's career in the telecommunications industry began in 1978 when he joined ITT Corporation (“ITT”). Over the years, Mr. Piluso was promoted from an entry level sales position to Sales Management, Marketing and Business Development in ITT’s Long Distance Division until 1984. He left ITT to become the General Manager of the New York region for United Technologies Communications Corporation. In that position, Mr. Piluso managed union technicians, sales, installation and customer service. Mr. Piluso holds a Bachelor’s degree, a Master of Arts in Political Science and Public Administration, and a Masters of Business Administration, all from St. John’s University. He was also an Instructor Professor at St. John’s University, College of Business from 1986 through 1988. From 2001 to 2013, Mr. Piluso served on the Board of Trustees of Molloy College. Currently, Mr. Piluso serves on the Board of Governors at St. John’s University and the Board of Advisors for the Nassau County Police Department Foundation.

John Argen. Mr. Argen has been a Director since 2008. Mr. Argen is a Business Consultant and Developer specializing in the information technology, telecommunications and construction industries. He is a seasoned professional that brings 30 years of experience and entrepreneurial success from working with small business owners to Fortune 500 firms. From 1992 to 2003, Mr. Argen was the CEO and founder of DCC Systems, a privately held nationwide Technology Design / Build Construction Development and Consulting Solutions firm. Mr. Argen built DCC Systems from the ground up, re-engineering the firm several times to meet the needs of its clientele and enabled DCC Systems to produce gross revenues exceeding 100 million dollars in 2000. Mr. Argen has been a guest speaker at numerous corporate seminars and industry shows. He has been featured on NBC's "Business Now" which accredited his Technology Construction Management methodology as an innovative process for implementing high tech projects on time and within budget. Prior to DCC Systems Mr. Argen held senior management positions at ITT/Metromedia (15 years) and was VP of Engineering & Operations at DataNet, a Wilcox & Gibbs company (2 years). Throughout his corporate tenure he has worked in Operations, Marketing, Systems Engineering, Telecommunications and Information Technology. In a career that spans 30 years he has had full responsibility for technology related and construction projects worth over a billion dollars. Mr. Argen graduated Pace University with a BPS in Finance. His commitment to continued education is reflected in his completion to over 2000 hours of corporate sponsored courses. Mr. Argen also holds a Federal Communication Commission (FCC) Radio Telephone 1st Class License.

Joseph B. Hoffman. Mr. Hoffman has been a Director since 2008. Mr. Hoffman is a partner at Kelley Drye & Warren LLP in the firm's Washington, D.C. office. His commercial practice focuses on real estate and corporate transactions cutting across a wide range of industries. Mr. Hoffman's real estate practice involves developers, borrowers, lenders, buyers, sellers, landlords and tenants. Mr. Hoffman's corporate experience includes the purchase and sale of assets and companies as well as venture capital, equipment leasing and institutional financing transactions. Mr. Hoffman represents telecommunications companies, real estate developers, lenders, venture capital funds, emerging growth companies, thoroughbred horse industry interests and high-net-worth individuals. Mr. Hoffman received his Bachelors' of Science, *cum laude*, from the University of Maryland and his Juris Doctor degree, with honors, from the George Washington University Law School.

Lawrence A. Maglione. Mr. Maglione has been a Director since 2008. Mr. Maglione is a partner in the accounting firm Eisner & Maglione CPAs, LLC. Mr. Maglione, a co-founder of DSC, LLC, is a financial management veteran with more than 30 years of experience. Prior to joining DSC, LLC Mr. Maglione was a co-founder of North American Telecommunications Corporation, a local phone service provider which provides local and long distance telephone services and data connectivity to small and medium sized businesses. At North American Telecommunications Corporation Mr. Maglione was Chief Financial Officer, Executive Vice President and was responsible for all finance, legal and administration. During his tenure (September 1997-January 2001) Mr. Maglione successfully raised over \$100 million in debt and equity funding for North American Telecommunications Corporation. Prior to North American Telecommunications Corporation Mr. Maglione spent over 14 years in public accounting and he brings a broad range of experience related to companies in the technology, retail services and manufacturing industries. Mr. Maglione is a member of the New York State Society of CPAs. He holds a Bachelor of Science degree in Accountancy; a Master's of Science in Taxation and is a Certified Public Accountant.

Cliff Stein. Mr. Stein has been a Director since 2010. Mr. Stein founded Savitar in 1988 as a real estate advisory company providing assistance to beleaguered lenders and financial institutions on their nonperforming real estate assets. Mr. Stein has acted as an expert witness in countless litigation matters involving real estate transactions and has been appointed as a Receiver, Examiner, and Trustee in State and Federal Courts. Mr. Stein is an attorney and a member of the Florida Bar Association since 1982. He received his Juris Doctor Degree from the University of Miami. He was graduated with honors by American University with Bachelor of Science Degrees in finance and accounting. From September 1982 through 1984, he served as a law clerk to the Honorable Joseph A. Gassen, U.S. Bankruptcy Judge for the Southern District of Florida. In 1988, Mr. Stein formed Savitar Realty Advisors, as a real estate advisory and management organization, whose clients were primarily financial institutions and government agencies. Savitar (or Cliff Stein) has been appointed Receiver, Examiner, or Trustee in numerous foreclosures or bankruptcies and has been retained as advisor to financial institutions in connection with their troubled assets or their intended acquisition of portfolios of troubled assets. Mr. Stein currently serves as Chairman and Chief Executive Officer of Savitar. Mr. Stein served as a member of the Board of Directors of Cenvill Development, formerly a \$500 million, publicly-traded real estate concern, having been appointed to the Board by the FDIC to represent its interest as the single-largest shareholder. Mr. Stein was appointed in 1993 by the Governor of Florida to serve as a Commissioner on the Florida Real Estate Commission, which appointment was subsequently ratified by the Florida Senate. In January 1996, Mr. Stein was elected to be the Chairman of the Commission. Mr. Stein recently concluded his second and final term.

John Coghlan. Mr. Coghlan has been a Director since 2011. Mr. Coghlan was a managing director with Lehman Brothers Bank, a global investment bank based in New York City, for 27 years. He served in numerous management capacities in the firm's fixed income and prime brokerage divisions. Mr. Coghlan was a member of both the firm's fixed income and equity division's management committees. From September of 2008 to July 2010 Mr. Coghlan worked in the prime broker division at Barclays Capital. Mr. Coghlan is a past chairperson of the Bond Market Association's funding division. Mr. Coghlan is a former board member of Lehman Brothers bank and is currently a board member of Molloy College. He has also served on the boards of the Dorothy Rodbell Cohen foundation for Sarcoma Research, the Friends of Mercy Hospital, and the Rockville Centre 911 Fund. Mr. Coghlan received an undergraduate degree from Massachusetts College of Liberal Arts in 1978 as well as an Honorary Doctor of Laws in 2002. He also has an EdM from Harvard University.

Stephen Catanzano. Mr. Catanzano has served as a Vice President since November 2013. Mr. Catanzano brings more than 15 years of executive level experience in high tech market and business development of early and growth stage ventures as well as two years of managing a successful registered broker-dealer firm. Mr. Catanzano's strengths include corporate strategy, business development, and sales organization management. From November 2001 to October 2013, Mr. Catanzano served as President and founder of Safecore, Inc. which later became Message Logic, Inc. Safecore created a unique email archiving and analytics technology delivered as a hardware appliance and VMware Ready application. Mr. Catanzano worked with the developers to design system enhancements, developed sales channels and formed partnerships to improve technology and expand sales channels. Message Logic was acquired by DSC in October 2013. Mr. Catanzano was the co-founder and Senior Vice President of Digital Broadband Communications, Inc. from 1998 to 2001, one of the first Competitive Local Exchange Carriers ("CLEC") in the U.S. focused on delivering DSL services. Local Exchange Carriers ("CLEC") in the U.S. focused on delivering DSL services with future plans to offer Voice over IP.

Todd Correll. Mr. Correll has served as the CEO of North American Telecommunications Corporation, a Florida Corporation, d/b/a Broadsmart, from 2001 through the present.

Hal Schwartz. Mr. Schwartz was appointed to serve as a director on July 6, 2015. Since 1995, Mr. Schwartz has served as vice president of ABC Services, Inc. which he co-founded, where he is responsible for the strategic direction of the company, operations, business development and sales. Over the past two decades, Mr. Schwartz has honed his expertise in IBM business systems, business continuity and helping organizations increase IT performance while reducing costs. In addition, Mr. Schwartz is the founder of Systems Trading Incorporated, a technology leasing company established in 1997, where Mr. Schwartz serves as the company's CEO and president. Prior to founding these two businesses, Mr. Schwartz was with CAC Leasing for six years, where he started a lease asset sales division in 1991. This division was established shortly after Mr. Schwartz earned his Bachelor's degree in business from California State University in San Bernardino. Since 2010, Mr. Schwartz has served on the Board of Advisors for Data Storage Corporation.

Term of Office

Our directors are appointed for a one-year term to hold office until the next annual general meeting of our shareholders or until removed from office in accordance with our bylaws. Our officers are appointed by our board of directors and hold office until removed by the board.

Audit Committee

During the fiscal year ended December 31, 2015 the Company had an independent audit committee consisting of non-executive directors. The audit committee members include: John Coghlan and Cliff Stein. Although the Board of Directors does have an audit committee comprised of independent directors, the audit committee does not have an audit committee financial expert at this time. DSC believes that the financial experience and combined skill set of the members of our audit committee are sophisticated enough for performance of the duties of the audit committee financial expert. In addition, DSC's securities are not listed on a national exchange securities and are not subject to the special corporate governance requirements of any such exchanges. However, DSC does intend to search for a qualified individual to fill the role of the audit committee financial expert.

Family Relationships

No family relationships exist among our directors or executive officers.

Compliance with Section 16(A) Of the Exchange Act.

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and are required to furnish copies to the Company. To the best of the Company's knowledge, any reports required to be filed were timely filed in fiscal year ended December 31, 2015.

Code of Ethics

DSC has adopted a Code of Ethics applicable to its Chief Executive Officer and Chief Financial Officer. This Code of Ethics is incorporated by reference to DSC's Form 10-K filed on March 31, 2009.

ITEM 11. EXECUTIVE COMPENSATION

Compensation of Executive Officers

The following summary compensation table sets forth all compensation awarded to, earned by, or paid to the named executive officers paid by us during the fiscal years ended December 31, 2015 and 2014, in all capacities for the accounts of our executive officers, including the Chief Executive Officer (CEO).

Summary Compensation Table

Year	Salary	Bonus	Total
------	--------	-------	-------

Edgar Filing: Data Storage Corp - Form 10-K

Name & Principal Position			Stock Awards	Option Awards(1)	Non-Equity Incentive Compensation	All Other Compensation	
Charles M. Piluso, President, Chief Executive Officer, and Chairman of the Board	2015	\$ 148,973	-	-	\$ 23,333	-	\$ 172,306
	2014	\$ 150,000	-	-	-	-	\$ 150,000

(1) The amounts shown in these columns represent the aggregate grant date fair value of stock and option awards computed in accordance with FASB ASC Topic 718. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Share Based Compensation” on page 28 for a discussion of the assumptions made in the valuation of stock and option awards.

Employment Agreements

The Company has no employment agreements in place.

2008 Equity Incentive Plan

In October 2008, the Board adopted, the Euro Trend, Inc. 2008 Equity Incentive Plan (the “2008 Plan”). Under the 2008 Plan, we may grant options (including incentive stock options) to purchase our common stock or restricted stock awards to our employees, consultants or non-employee directors. The 2008 Plan is administered by the Board. Awards may be granted pursuant to the 2008 Plan for 10 years from the date the Board approved the 2008 Plan. Any grant under the 2008 Plan may be repriced, replaced or regranted at the discretion of the Board. From time to time, we may issue awards pursuant to the 2008 Plan.

The material terms of options granted under the 2008 Plan (all of which have been nonqualified stock options) are consistent with the terms described in the footnotes to the "Outstanding Equity Awards at Fiscal Year-End December 31, 2015" table below, including 5 year graded vesting schedules and exercise prices equal to the fair market value of our common stock on the date of grant. Stock grants made under the 2008 Plan have not been subject to vesting requirements. The 2008 Plan was terminated with respect to the issuance of new awards as of February 3, 2013. There are 2,140,429 options outstanding under this plan as of December 31, 2015.

2010 Incentive Award Plan

The 2010 Incentive Award Plan was amended and restated by the Board of Directors of Data Storage Corporation on April 23, 2013 and was renamed the "Amended and Restated Data Storage Corporation Incentive Award Plan" (Restated Plan). The Company has reserved 5,000,000 shares of common stock for issuance under the terms of the Data Storage Corporation Restated Plan. The Restated Plan is intended to promote the interests of the Company by attracting and retaining exceptional employees, consultants, directors, officers and independent contractors (collectively referred to as the "Participants"), and enabling such Participants to participate in the long-term growth and financial success of the Company. Under the Restated Plan, the Company may grant stock options, which are intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended, non-qualified stock options, stock appreciation rights and restricted stock awards, which are restricted shares of common stock (collectively referred to as "Incentive Awards"). Incentive Awards may be granted pursuant to the Restated Plan for 10 years from the Effective Date. From time to time, we may issue Incentive Awards pursuant to the Restated Plan. Each of the awards will be evidenced by and issued under a written agreement. There are 4,714,373 options outstanding under this plan as of December 31, 2015.

If an incentive award granted under the Restated Plan expires, terminates, is unexercised or is forfeited, or if any shares are surrendered to us in connection with an incentive award, the shares subject to such award and the surrendered shares will become available for future awards under the Restated Plan. The number of shares subject to the Restated Plan, and the number of shares and terms of any Incentive Award may be adjusted in the event of any change in our outstanding common stock by reason of any stock dividend, spin-off, stock split, reverse stock split, recapitalization, reclassification, merger, consolidation, liquidation, business combination or exchange of shares, or similar transaction.

All of the options to purchase shares of our common stock awarded to Mr. Piluso (a “Participant”) under the 2008 Plan were unvested on the date of grant. Twenty percent (20%) of the stock options vested after the Participant remained continuously providing services to the Company through the one (1) year anniversary of the date of the grant. Thereafter, an additional one and two-thirds percent (1.67%) of the options vest upon the end of each calendar month thereafter provided that the Participant has been continuously providing services to the Company from the date of the grant through and including such calendar month. Upon the termination of a Participant’s engagement with the Company for any reason, the vesting of all options shall immediately cease upon such termination, and all unvested options as of the time of such termination shall immediately expire and be forfeited. Upon the termination of the Participant’s engagement with the Company for (A) Participant’s failure, neglect or refusal to perform his duties to the Company, (B) any conduct of the Participant constituting fraud, material dishonesty or breach of trust in connection with the Participant’s performance of his duties to the Company or any material breach by the Participant of any statutory or common law duty of loyalty to the Company; (C) the commission by the Participant of a felony or of any crime involving theft, dishonesty or moral turpitude, or (D) any other act or omission that, in the reasonable determination of the Board, has caused or is likely to cause detrimental notoriety or other comparable material harm to the Company, all vested options shall expire and be forfeited immediately at the time notice of such termination is given. Upon the termination of the Participant’s engagement with the Company due to the Participant’s death or disability, all vested options shall expire and be forfeited immediately at the close of business on the ninetieth (90th) day following the date of termination. Upon any termination of the Participant’s engagement with the Company other than as provided in the foregoing, all vested options shall expire and be forfeited immediately at the close of business on the first (1st) anniversary of the date of termination. In the event of a “Sale of the Company” (as defined in the 2008 Plan), the Board may modify any grant to provide for the effect of a “Sale of the Company”.

(1)

(2) The Company has no unvested shares of restricted stock outstanding.

The stock grants awarded to Mr. Piluso consists of 571,429 shares of common stock valued at \$200,000, based on the closing bid price of \$0.35 on the issuance date of March 23, 2011. Mr. Piluso received these shares in lieu of a salary for 2010. All of the shares were fully vested on the date of grant. These shares were issued pursuant to the (3) 2008 Plan (described below). This issuance was reversed and replaced with options to purchase 548,780 shares of common stock valued at \$192,073 at an exercise price of \$0.394 per share on June 18, 2012. Mr. Piluso also received options to purchase 337,143 shares of common stock valued at \$118,000 at an exercise price of \$0.394 per share on June 18, 2012.

Compensation of Directors

None

(1)

Edgar Filing: Data Storage Corp - Form 10-K

The only compensation awarded to directors for their service on the Board in respect of fiscal year 2013 included non-qualified stock options, which were granted in 2013. The 2013 stock options were awarded pursuant to the 2010 Incentive Award Plan. It was determined that the Board members would receive \$5,000 each for participating in Board meetings as scheduled and participating on various committees. The stock options were granted on December 13, 2013, with an exercise price of \$0.15 per share.

The amounts shown in these columns represent the aggregate grant date fair value of stock and option awards computed in accordance with FASB ASC Topic 718. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Share Based Compensation” on page 12 for a discussion of the assumptions made in the valuation of option awards. The \$5,000 option award to the directors in the table above represent 33,333 options to purchase our common stock with a strike price of \$0.15 per share of common stock. All the non-qualified stock options above shall vest in accordance with the following schedule: thirty three point (2)thirty-three percent (33.33%) of the options shall vest if the person remains continuously engaged as a director of the Company from the grant date (which was December 11, 2013) through and including the one (1) month anniversary of the grant date, and an additional thirty-three point thirty-three percent (33.33%) of the options shall vest upon the end of each calendar month thereafter provided that the person has been continuously engaged as a director of the Company from the grant date through and including such calendar month. The vesting of the options may be accelerated upon, among other things, consolidations or mergers of the Company or the sale of all or substantially all of our assets to another entity.

Securities Authorized for Issuance Under Equity Compensation Plans

The Company has two share-based equity compensation plans, the 2008 Plan and the 2010 Plan which was amended, restated and renamed the “Amended and Restated Data Storage Corporation Incentive Award Plan”. Neither of these plans has been approved by the security holders of the Company. Descriptions of these plans are presented in “Executive Compensation—2008 Equity Incentive Plan” and “Executive Compensation—2010 Incentive Award Plan” beginning on page 43.

As of the end of 2014, we had the following securities authorized for issuance under our equity compensation plans:

Plan Category	Number of securities to be issued upon exercise of outstanding options and warrants	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders	-	-	-
Equity compensation plans not approved by security holders	6,854,802	(1) \$ 0.28	285,627
Total	6,854,802	\$ 0.28	285,627

In October 2008, our Board adopted the 2008 Plan. As of the end of fiscal year 2015, we had 2,140,429 shares of our common stock issuable upon the exercise of outstanding options granted pursuant to the 2008 Plan. As of end of fiscal year, 2015, there were warrants outstanding to purchase 133,334 shares of common stock at a weighted average exercise price of \$0.001, none of which were granted pursuant to the 2008 Plan or the 2010 Plan. In (1) October 2010, our Board adopted the 2010 Plan. In April 2013, our Board amended and restated the 2010 Plan and it was renamed the “Amended and Restated DSC Incentive Award Plan”. In March 2013, our Board approved the continuation of the 2010 plan. As of the end of fiscal year 2015, we had 4,714,373 shares of our common stock issuable upon the exercise of outstanding options granted pursuant to the 2010 plan.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth each person known by us to be the beneficial owner of five percent or more of the Company's Common Stock on March 30, 2016 all directors individually and all directors and officers of the Company as a group. Except as noted, each person has sole voting and investment power with respect to the shares shown.

Name and Address of Beneficial Owner (1)(2)	Title of Class	Amount and Nature of Beneficial Ownership	Percent of Class (3)	
Charles Piluso (4) (13)	Common Stock	18,474,652	66.2	%
John Coghlan (9) (13)	Common Stock	4,640,943	16.6	%
Jan Burman	Common Stock	2,414,070	6.8	%
Jan Burman	Preferred Stock	1,401,786	100	%
Cliff Stein (5) (13)	Common Stock	3,523,157	12.6	%
Lawrence Maglione, Jr. (6) (13)	Common Stock	217,736	*	
John Argen (7) (13)	Common Stock	184,564	*	
Joseph Hoffman (8) (13)	Common Stock	184,564	*	
Stephen Catanzano (10) (13)	Common Stock	239,299	*	
Todd Correll (11) (13)	Common Stock	91,666	*	
Hal Schwartz (12) (13)	Common Stock	333,333	*	
All Executive Officers and Directors as a group (9 people)	Common Stock	27,856,742	95.5	%

*Less than 1%

(1)The address for each person is 401 Franklin Avenue, Garden City, New York 11530.

Under the rules of the SEC, a person is deemed to be the beneficial owner of a security if such person has or shares the power to vote or direct the voting of such security or the power to dispose or direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities if that person has the right to acquire (2) beneficial ownership within 60 days of March 30, 2016. Unless otherwise indicated by footnote, the named entities or individuals have sole voting and investment power with respect to the shares of common stock beneficially owned.

(3)Based upon 36,588,240 shares of common stock issued and outstanding as of March 30, 2016 and options that can be acquired within 60 days of March 31, 2015. Unless otherwise indicated in the footnotes to the above table and subject to community property laws where applicable, we believe that each shareholder named in the above table

has sole or shared voting and investment power with respect to the shares indicated as beneficially owned.

- (4) Includes 3,269,863 shares of common stock owned indirectly by Piluso Family Associates, LLC. Also includes 1,195,136 shares of common stock Mr. Piluso has the right to acquire upon exercise of options currently exercisable or exercisable within 60 days of March 30, 2016. Mr. Piluso is the co-manager and has shared voting control over the shares of common stock of the Company held by Piluso Family Associates, LLC. Also includes 4,204,614 shares of common stock owned indirectly by The Bella Vita 2012 Trusts and 4,204,614 shares owned indirectly of common stock The Lasata 2012 Trust for which he is the grantor of both trusts.
- (5) Includes 133,332 shares of common stock Mr. Stein has the right to acquire upon exercise 72,222 options currently exercisable or exercisable within 60 days of March 30, 2016.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

On January 31, 2013 the Company entered into a \$500,000 convertible promissory note with a director of the company. The note is convertible into the Company's common stock at \$0.85 per share and carries interest at 10%. Interest is payable quarterly through the maturity date of May 6, 2016. DSC has accrued interest on this note totaling \$100,000 and is in arrears on its interest payments.

On February 28, 2013 the Company entered into a \$100,000 convertible promissory note with a director of the company carries interest at 10%. Interest is payable quarterly through the maturity date of May 6, 2016. The Company issued warrants values at of \$17,851 which was recorded as a discount to the convertible promissory note with an offset to additional paid-in capital. The note is convertible into common stock at \$0.15 per share.

On August 9, 2013 the Company entered into a \$100,000 convertible promissory note with the CEO of the Company. The convertible promissory note is convertible at \$0.15 and carries interest at 10%. Interest is payable quarterly through the maturity date of May 6, 2016. The Company issued 66,667 warrants valued at \$17,851 in connection with this agreement, which was recorded as a discount to the convertible promissory notes with an offset to additional paid-in capital. In 2014, the Company defaulted on this note and is subject to additional interest of 5% per annum as well as additional 10% warrants for each year in default.

On January 1, 2015, the Company issued a \$1,189,439 convertible promissory note to the Company's CEO. This note was issued to convert debt that is owed to the CEO and to 875 Merrick LLC. The note carries interest at 10% per annum. Interest shall accrue and be payable in arrears on December 31, 2017. The note and all accrued and unpaid interest is convertible into shares of the Company's common stock at \$0.85 per share.

On January 1, 2015, the Company issued a \$121,924 convertible promissory note to the Company's CEO. This note was issued to convert debt that is owed to the CEO and to 875 Merrick LLC. The note carries interest of 10% per annum. Interest shall accrue and be payable in arrears on December 31, 2016. The note and all accrued and unpaid interest is convertible into shares the Company's common stock at \$0.15 per share.

On February 19, 2015 the Company issued an \$80,000 convertible promissory note to the Company's CEO in consideration of an \$80,000 loan. The note carries interest at 10% per annum. Interest shall accrue and be payable in arrears on February 18, 2016. The note and all accrued and unpaid interest is convertible into shares of the Company's common stock at \$0.15 per share.

On October 7, 2015 the Company issued a \$12,000 convertible promissory note to the Company's CEO in consideration of a \$12,000 loan. The note carries interest at 10% per annum. Interest shall accrue and be payable in arrears on October 6, 2017.

The Board of Directors has determined, after considering all the relevant facts and circumstances, that during the fiscal year ended December 31, 2015 each of Messrs. Argen, Hoffman, Coghlan, and Stein were independent directors, as "independence" is defined in the federal securities laws and the Nasdaq Marketplace Rules.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Audit Fees

DSC's fiscal years ended December 31, 2015 and 2014 was billed approximately \$55,000 and \$55,000 for professional services rendered for the audit and review of its financial statements.

Audit Related Fees

There were no fees for audit related services for the years ended December 31, 2015 and 2014.

Tax Fees

For DSC's fiscal years ended December 31, 2015 and 2014, it was billed approximately \$4,500 and \$4,500 respectively for professional services rendered for tax compliance, tax advice, and tax planning.

All Other Fees

DSC did not incur any other fees related to services rendered by its principal accountant for the fiscal years ended December 31, 2015 and 2014.

Our audit committee pre-approves all services provided by our independent auditors. All of the above services and fees were reviewed and approved by the entire audit committee either before or after the respective services were rendered.
