Item 2.05 - Costs Associated with Exit or Disposal Activities.

On June 25, 2015, Campbell Soup Company (the “Company”) authorized additional pre-tax costs totaling approximately \$120 million to \$195 million in connection with the previously-announced initiatives to implement a new enterprise design, to reduce costs and to streamline its organizational structure (the “Initiatives”). Substantially all of the additional costs are expected to be future cash expenditures. The Company expects to incur these additional costs over the implementation period for the Initiatives, which the Company anticipates will continue through fiscal 2018.

The Company currently expects the additional costs to consist primarily of:

- approximately \$40 million to \$55 million in additional employee severance and benefit costs; and
- approximately \$80 million to \$140 million in additional implementation and other costs.

With these additional costs, the total estimated pre-tax costs for the Initiatives (inclusive of the amounts previously disclosed in the Form 10-Q for the quarter ended May 3, 2015) are approximately \$250 million to \$325 million. The Initiatives are expected to generate additional funds for growth and margin expansion and to improve the Company’s marketplace agility.
