Explanatory Note:

As previously disclosed, on June 18, 2017, A.M. Castle & Co., a Maryland corporation (the “Company”), and four of its subsidiaries (together with the Company, the “Debtors”) filed voluntary petitions for reorganization under chapter 11 of the United States Bankruptcy Code (the “Bankruptcy Code”) in the United States Bankruptcy Court for the District of Delaware (the “Bankruptcy Court”) pursuant to the terms of a Restructuring Support Agreement (as defined below) that contemplated the reorganization of the Debtors pursuant to a prepackaged plan of reorganization (as amended and supplemented, the “Plan”). On August 2, 2017, the Bankruptcy Court entered an order (the “Confirmation Order”) confirming the Plan. On August 31, 2017 (the “Effective Date”), the Plan became effective pursuant to its terms and the Debtors emerged from their chapter 11 cases.

The Plan was previously filed as Exhibit 2.1, and the Confirmation Order was previously filed as Exhibit 99.1, to the Current Report on Form 8-K filed on August 3, 2017, and each is incorporated herein by reference.

On September 6, 2017 the Company filed a Current Report on Form 8-K (the "Other Form 8-K"). The contents of the Other 8-K are incorporated herein by reference.

Item 1.01 - Entry into a Material Definitive Agreement

New Credit Agreement

Pursuant to the Plan, on the Effective Date, the Debtors entered into a Revolving Credit and Security Agreement (the “New Credit Agreement”) with PNC Bank, National Association, as lender and as administrative and collateral agent (the “Agent”), and the other lenders party thereto.

Each of the Debtors is a borrower (collectively, in such capacity, the “Borrowers”) under the New Credit Agreement. The obligations of the Borrowers have been guaranteed by the subsidiaries of the Company named therein as guarantors. The New Credit Agreement provides for a \$125 million senior secured, revolving credit facility for the Company. Subject to certain exceptions and permitted encumbrances, the obligations under the New Credit Agreement are secured by a first priority security interest in substantially all of the assets of each of the Borrowers and certain of their foreign subsidiaries. The proceeds of the advances under the New Credit Agreement may only be used to (i) pay certain fees and expenses to the Agent and the lenders under the New Credit Agreement, (ii) provide for Borrowers' working capital needs and reimburse drawings under letters of credit, (iii) repay the obligations under the Debtor-in-Possession Revolving Credit and Security Agreement dated as of June 10, 2017, by and among the Company, the lenders party thereto, and PNC Bank, National Association, and certain other existing indebtedness, and (iv) provide for the Borrowers' capital expenditure needs, in accordance with the New Credit Agreement.

On the Effective Date, in connection with its entering into the New Credit Agreement, the Company borrowed an aggregate amount equal to \$78.8 million, of which \$49.4 million was used to pay down outstanding indebtedness, accrued interest, and related fees of the Company under the Former Credit Agreement (as defined below). As of the Effective Date, after giving effect to various limitations and deductions under the New Credit Agreement, the Company's maximum borrowing capacity was \$102.3 million. After giving effect to the above-mentioned limitations and deductions under the New Credit Agreement as well as the expected future payment of approximately \$5.0 million of professional fees incurred in connection with the Debtors' emergence from their Chapter 11 cases, as of the Effective Date the Company had approximately \$18.5 million available for borrowing under the New Credit Agreement and the Company had approximately \$6.7 million of global cash on hand.

The Company may prepay its obligations under the New Credit Agreement at any time without premium or penalty, and must apply the net proceeds of material sales of collateral in prepayment of such obligations. Indebtedness for borrowings under the New Credit Agreement is subject to acceleration upon the occurrence of specified defaults or events of default, including failure to pay principal or interest, the inaccuracy of any representation or warranty of a loan party, failure by a loan party to perform certain covenants, defaults under indebtedness owed to third parties, certain liability producing events relating to ERISA, the invalidity or impairment of the Agent's lien on its collateral or of any applicable guarantee, and certain adverse bankruptcy-related and other events.

Interest on indebtedness accrues based on the applicable LIBOR-based rate, as set forth in the New Credit Agreement. Additionally, the Company must pay a monthly Facility Fee equal to the product of (i) 0.25% per annum (or, if the average daily revolving facility usage is less than 50% of the maximum revolving advance amount, 0.375% per annum) multiplied by (ii) the amount by which the maximum revolving advance amount exceeds such average daily

revolving facility usage for such month.

The Borrowers are also responsible for certain other administrative fees and expenses.

The New Credit Agreement includes negative covenants customary for an asset-based revolving loan. Such covenants include limitations on the ability of the Borrowers to, among other things, (i) effect mergers and consolidations, (ii) sell assets, (iii) create or suffer to exist any lien, (iv) make certain investments, (v) incur debt and (vi) transact with affiliates. In addition, the New Credit Agreement includes customary affirmative covenants for an asset-based revolving loan, including covenants regarding the delivery of financial statements, reports and notices to the Agent. The New Credit Agreement also contains customary representations and warranties and event of default provisions for a secured term loan.

The foregoing description is a summary and is qualified in its entirety by reference to the New Credit Agreement, which is attached as Exhibit 10.1 hereto.

#### New Indenture

Pursuant to the Plan, on the Effective Date, the Company entered into an Indenture (the “Second Lien Notes Indenture”) with Wilmington Savings Fund Society, FSB (“WSFS, FSB”), as trustee and collateral agent (“Indenture Agent”) and, pursuant thereto, issued \$164,902,156 in aggregate original principal amount of its 5.00% / 7.00% Convertible Senior Secured PIK Toggle Notes due 2022 (the “Second Lien Notes”).

The Second Lien Notes are five year senior obligations of the Company and certain of its subsidiaries, secured by a lien on all or substantially all of the assets of the Company, its domestic subsidiaries and certain of its foreign subsidiaries, which lien the Indenture Agent has agreed will be junior to the lien of the Agent under the New Credit Agreement.

The Second Lien Notes are convertible into shares of the Company’s common stock at any time at the initial conversion price of \$3.77 per share, which rate is subject to adjustment as set forth in the Second Lien Notes Indenture. The value of shares of the Company’s common stock for purposes of the settlement of the conversion right will be calculated as provided in the Second Lien Notes Indenture, using a 20 trading day observation period. Upon conversion, the Company will pay and/or deliver, as the case may be, cash, shares of the Company’s common stock or a combination of cash and shares of the Company’s common stock, at the Company’s election, together with cash in lieu of fractional shares.

Second Lien Notes that are deemed, in accordance with the Second Lien Notes Indenture, to have been converted in connection with a “Fundamental Change” (as defined in the Second Lien Notes Indenture) are convertible, for each \$1.00 principal amount of the Second Lien Notes, into that number of shares of the Company’s common stock equal to the greater of (a) \$1.00 divided by the then applicable conversion price and (b) \$1.00 divided by the stock price with respect to such Fundamental Change, subject to other provisions of the Second Lien Notes Indenture.

The Second Lien Notes are guaranteed, jointly and severally, by certain subsidiaries of the Company. The Second Lien Notes and the related guarantees are secured by a lien on substantially all of the Company’s and the guarantors’ assets, subject to certain exceptions pursuant to certain collateral documents pursuant to the Second Lien Notes Indenture. The terms of the Second Lien Notes contain numerous covenants imposing financial and operating restrictions on the Company’s business. These covenants place restrictions on the Company’s ability and the ability of its subsidiaries to, among other things, pay dividends, redeem stock or make other distributions or restricted payments; incur indebtedness or issue certain stock; make certain investments; create liens; agree to certain payment restrictions affecting certain subsidiaries; sell or otherwise transfer or dispose assets; enter into transactions with affiliates; and enter into sale and leaseback transactions.

The Second Lien Notes may not be redeemed by the Company in whole or in part at any time, subject to certain exceptions provided under the Second Lien Notes Indenture. In addition, if a Fundamental Change occurs at any time, each holder of any Second Lien Notes has the right to require the Company to repurchase such holder’s Second Lien Notes for cash at a repurchase price equal to 100% of the principal amount thereof, together with accrued and unpaid interest thereon, subject to certain exceptions.

The Company must use the net proceeds of material sales of collateral, which proceeds are not used for other permissible purposes, to make an offer of repurchase to holders of the Second Lien Notes. Indebtedness for borrowings under the New Credit Agreement is subject to acceleration upon the occurrence of specified defaults or events of default, including failure to pay principal or interest, the inaccuracy of any representation or warranty of any obligor under the Second Lien Notes, failure by an obligor under the Second Lien Notes to perform certain covenants, the invalidity or impairment of the Indenture Agent’s lien on its collateral or of any applicable guarantee, and certain adverse bankruptcy-related and other events.

Interest on the Second Lien Notes accrues at the rate of 5.00%, except that the Company may, in certain circumstances, pay at the rate of 7.00% in kind.

The Company also is responsible for certain other administrative fees and expenses. In connection with the execution of the Second Lien Notes Indenture, the Company paid the Indenture Agent fees of \$29,000, and Indenture Agent legal fees of approximately \$200,000.

The foregoing description is a summary and is qualified in its entirety by reference to the Indenture, which is attached as Exhibit 10.2 hereto.

*Intercreditor Agreement*

Pursuant to the Plan, as of the Effective Date, the Company and certain of its subsidiaries have acknowledged and agreed to the terms and provisions, and to be bound by the provisions, of an Intercreditor Agreement (the “Intercreditor Agreement”) between PNC Bank, National Association, in its capacity as administrative and collateral agent under the New Credit Agreement (in such capacity, the “First Lien Agent”), and WSFS, FSB in its capacity as trustee and collateral agent under the Second Lien Indenture (in such capacity, “Second Lien Agent”).

Under the Intercreditor Agreement, any lien on collateral securing the First Lien Debt (as defined in the Intercreditor Agreement) held by or for the First Lien Agent or the lenders under the New Credit Agreement is senior in right, priority, operation and effect and in all other respects to any lien on collateral securing the Second Lien Debt (as defined in the Intercreditor Agreement) held by or for the Second Lien Agent or the holders of the Second Lien Notes. The Intercreditor Agreement requires that, so long as the discharge of the First Lien Debt has not occurred, if the Second Lien Agent or any holder of the Second Lien Notes holds any lien on any assets of the Company or its subsidiaries securing any Second Lien Debt that are not also subject to the first priority lien of the First Lien Agent, such party, upon demand by the First Lien Agent or the Company, must, at the First Lien Agent's option, either release such lien or assign it to the First Lien Agent as security for the First Lien Debt or the Company must grant a lien thereon to the First Lien Agent. The Intercreditor Agreement grants the Second Lien Agent and the holders of the Second Lien Notes the option, at any time within 30 days of the occurrence of certain triggering events to purchase all (but not less than all) of the First Lien Debt from the First Lien Agent and the lenders.

The foregoing description is a summary and is qualified in its entirety by reference to the Intercreditor Agreement, which is incorporated by reference to Exhibit 10.3 hereto.

Pursuant to the Plan, on the Effective Date, the Company entered into a Stockholders Agreement (the "Stockholders Agreement") with Highbridge Capital Management, LLC ("Highbridge"), Whitebox Advisors LLC ("Whitebox"), SGF, Inc. ("SGF"), Corre Partners Management, LLC ("Corre"), Wolverine Flagship Fund Trading Limited ("WFF"), and certain members of the Company's management. A description of the material provisions of the Stockholders Agreement is contained in the Company's Registration Statement on Form 8-A filed with the SEC on August 31, 2017, which description is incorporated by reference herein.

#### Registration Rights Agreement

#### Management Incentive Plan

On the Effective Date, pursuant to the operation of the Plan, the A.M. Castle & Co. 2017 Management Incentive Plan (the "MIP") became effective.

The board of directors of the Company (the "Board") or a committee thereof (either, in such capacity, the "Administrator") will administer the MIP. The Administrator has broad authority under the MIP, among other things, to: (i) select participants; (ii) determine the terms and conditions, not inconsistent with the MIP, of any award granted under the MIP; (iii) determine the number of shares of the Company's common stock to be covered by each award granted under the MIP; and (iv) determine the fair market value of awards granted under the MIP.

Persons eligible to receive awards under the MIP include officers and employees of the Company and its subsidiaries. The types of awards that may be granted under the MIP include stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, performance shares and other forms of cash or stock based awards. The maximum number of shares of the Company's common stock that may be issued or transferred pursuant to awards under the MIP (including shares initially convertible as a result of conversion of Second Lien Notes issued pursuant to the MIP) is 3,952,108, which number may be increased with the approval of the Company's stockholders. If any outstanding award granted under the MIP expires or is terminated or canceled without having been exercised or settled in full, or if shares of the Company's common stock acquired pursuant to an award subject to forfeiture are forfeited, the shares of the Company's common stock allocable to the terminated portion of such award or such forfeited shares will revert to the MIP and will be available for grant under the MIP as determined by the Administrator, subject to certain restrictions.

As is customary in management incentive plans of this nature, in the event of any change in the outstanding shares of the Company's common stock by reason of a stock split, stock dividend or other non-recurring dividends or distributions, recapitalization, merger, consolidation, spin-off, combination, repurchase or exchange of stock, reorganization, liquidation, dissolution or other similar corporate transaction, an equitable adjustment will be made in

order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the MIP. Such adjustment may include an adjustment to the maximum number and kind of shares of stock or other securities or other equity interests as to which awards may be granted under the MIP, the number and kind of shares of stock or other securities or other equity interests subject to outstanding awards and the exercise price thereof, if applicable.

The foregoing description is a summary and is qualified in its entirety by reference to the MIP, which is attached hereto as Exhibit 10.4.
