PROXY STATEMENT FOR
2012 ANNUAL MEETING OF SHAREHOLDERS

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS: Copies of the proxy statement and the Annual Report on Form 10-K for the year ended December 31, 2011 are available at <http://www.cstproxy.com/nationalwesternlife/2012>.

This proxy statement and the accompanying proxy are being made available to shareholders on or about May 4, 2012 in connection with the solicitation by the Board of Directors (the "Board of Directors") of National Western Life Insurance Company of proxies to be used at the 2012 Annual Meeting of Shareholders (the "Annual Meeting") of National Western Life Insurance Company to be held on Friday, June 22, 2012 at our offices at 850 East Anderson Lane, Austin, Texas 78752-1602 at 8:30 a.m. local time. Our principal executive offices are located at 850 East Anderson Lane, Austin, Texas 78752-1602. Unless the context requires otherwise, references in this proxy statement to "National Western," "the Company," "we," "us," or "our" refer to National Western Life Insurance Company.

QUORUM AND VOTING

Holders of record of our Class A common stock, par value \$1.00 per share (the "Class A Stock") and our Class B common stock, par value \$1.00 per share (the "Class B Stock" and, together with the Class A Stock, the "Common Stock"), at the close of business on April 23, 2012, will be entitled to notice of and to vote at the Annual Meeting or any adjournment or adjournments thereof. As of April 23, 2012, there were 3,434,763 shares of Class A Stock outstanding, held by 3,914 holders of record and 200,000 shares of Class B Stock outstanding, held by two (2) holders of record. The number of holders does not include any beneficial owners for whom shares of Common Stock may be held in "nominee" or "street" name.

Shareholders of record at the close of business on April 23, 2012 will be entitled to vote at the Annual Meeting. Each shareholder is entitled to one vote per share held by such holder on all matters coming before the Annual Meeting, except as otherwise described below.

Article 4 of the Amended and Restated Articles of Incorporation of the Company provides that the Class A stockholders have the exclusive right to elect one-third (1/3) of the members of the Board of Directors, plus one director for any remaining fraction, and that the Class B stockholders have the exclusive right to elect the remaining members of the Board of Directors. In view of Robert L. Moody's ownership, as of April 23, 2012, of more than 99% of the Class B Stock outstanding, as well as Mr. Moody's ownership of 34.3% of the Class A Stock outstanding (see Stock Ownership table below), Mr. Moody holds the voting power to elect a majority of the Board of Directors. The Company is considered to be a controlled company and Mr. Moody is the controlling shareholder.

The presence, in person or by proxy, of the holders of one-half (1/2) of the total of each of the Class A Stock and the Class B Stock will constitute a quorum at the Annual Meeting. If a quorum is not present or represented at the Annual Meeting, the shareholders entitled to vote thereat, present in person or represented by proxy, have the power to adjourn the Annual Meeting from time to time without further notice, other than announcement at the Annual Meeting, until a quorum is present. At such reconvened Annual Meeting at which a quorum is present, any business may be transacted as originally noticed. Abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority to vote on a matter, and has not received instructions from the beneficial owner) are

counted as present in determining whether the quorum requirement is met.

Our Amended and Restated Bylaws require the affirmative vote of a majority of the votes cast for all matters to be determined at the Annual Meeting, other than the election of directors, including Proposal Two to ratify the appointment of KPMG LLP as our independent registered public accounting firm. On these matters, abstentions and broker non-votes will be treated as unvoted for purposes of determining approval of the proposals and will have neither the effect of a vote for or vote against the proposals.

The Inspector of Elections for the Annual Meeting will be James P. Payne, our Senior Vice President - Secretary, and he will tabulate the votes. We will announce preliminary voting results at the Annual Meeting. The final official voting results from the Annual Meeting will be disclosed in an 8-K to be filed within four business days after the meeting.

You may vote your proxy by Internet, telephone, or mail, as explained below. Votes submitted electronically over the Internet or by telephone must be received by 7:00 p.m., Eastern Daylight Savings Time, on June 22, 2012. Voting your proxy does not limit your right to vote in person should you decide to attend the Annual Meeting. The law of Colorado, under which National Western is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the Inspector of Elections of the Annual Meeting can determine that such electronically transmitted proxy was authorized by the shareholder. If your shares are held in the name of a broker, bank, or other holder of record, you will be provided voting instructions from the holder of record. If you vote by Internet or telephone, please do not mail in a proxy card.

- Internet. Access the Internet voting site at <http://www.cstproxy.com/nationalwesternlife/2012>. Follow the on-screen instructions and be sure to have the control number listed on your proxy card available when you access the Internet voting site. Please note that shareholders that vote by Internet must bear all costs associated with electronic access, including Internet access fees.
- Telephone. Dial toll free 1 (866) 894-0537 from any touch-tone telephone. Follow the voice prompts and be sure to have the control number listed on your proxy card available when you call.
- Mail. If you requested printed copies of the proxy materials, you may vote by simply marking, signing, dating, and returning the proxy card to Continental Stock Transfer & Trust Company. A postage-prepaid envelope will be provided for your convenience if you wish to vote your proxy by mail.

If a shareholder properly uses the Internet voting procedures described on the proxy card, or calls the toll-free telephone number, or completes, signs, dates, and returns the proxy card, by 7:00 p.m., Eastern Daylight Savings Time, on June 21, 2012, his, her, or its shares will be voted at the Annual Meeting in accordance with his, her, or its instructions. If a shareholder returns a proxy card unsigned, his, her, or its vote cannot be counted. If a shareholder signs and dates a proxy card, but does not fill out the voting instructions on the proxy card, the shares represented by the proxy will be voted in accordance with the Board of Directors' recommendations, as follows:

- FOR the election of each of the nominees to the Board of Directors to hold office until the next annual shareholders' meeting or until their respective successors have been elected or appointed; and
- FOR the ratification of the appointment of the firm of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

In addition, if any other matters come before the Annual Meeting, James P. Payne, our Senior Vice President -Secretary, the named proxy, has discretionary authority to vote on those matters in accordance with his best judgment. The Board of Directors is not currently aware of any other matters that may come before the Annual Meeting.

REVOCABILITY OF PROXY

The proxy is for use at the Annual Meeting if a shareholder will be unable to attend in person. The proxy (whether submitted by mail, telephone, or Internet) may be revoked by a shareholder at any time before it is exercised on the date of the Annual Meeting by:

- executing and delivering a written notice of revocation to the Secretary of National Western at our principal executive offices;
- submitting a later-dated proxy by Internet in the manner specified above, by telephone in the manner specified above, or in writing to the Secretary of National Western at our principal executive offices; or
- attending and voting in person at the Annual Meeting.

Attendance at the Annual Meeting will not revoke a proxy unless a shareholder provides written notice of revocation to the Secretary of National Western before the proxy is exercised or unless the shareholder votes his or her shares in person at the Annual Meeting. Street name holders that vote by proxy may revoke their proxies by informing the holder of record in accordance with that entity's procedures.

SOLICITATION

This solicitation is made on behalf of the Board of Directors. The cost of preparing, assembling, printing, and mailing the Notice of Internet Availability of Proxy Materials, Notice of Annual Meeting of Shareholders, this proxy statement, the proxy card, and any additional materials, as well as the cost of soliciting the proxies will be borne by us, including reimbursement paid to brokerage firms and other custodians, nominees, and fiduciaries for reasonable costs incurred in forwarding the proxy materials to, and solicitation of proxies from, the beneficial owners of shares held by such persons. The solicitation will be made initially by mail. Our Board of Directors may later decide to make further solicitations by mail, telephone, telex, facsimile, or personal calls by our directors, officers, and employees. We will not pay additional compensation to our directors, officers, and employees for their solicitation efforts, but we will reimburse them for any out-of-pocket expenses they incur in their solicitation efforts.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The information provided below sets forth certain information as of April 23, 2012, regarding (i) the ownership of voting securities of the Company by each person who is known to the management of the Company to have been the beneficial owner of more than five percent (5%) of the outstanding shares of the Company's Class A Stock or Class B Stock; (ii) the ownership interest of each director of the Company; (iii) the ownership interest of the named executive officers of the Company; (iv) the ownership interest of officers and directors of the Company as a group; and (v) the total number of stock options outstanding for all such persons and entities. Insofar as is known to the Company, each such person, entity, or group has sole voting and investment power with respect to all such shares of Class A Stock and Class B Stock, except as may otherwise be noted.

For purposes of the tables below, the amounts and percentages of Class A Stock and Class B Stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a "beneficial owner" of a security if that person has or shares "voting power," which includes the power to vote or to direct the voting of such security, or "investment power," which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days,

including through the exercise of options or warrants. Beneficial ownership also includes securities that are the subject of a voting trust, proxy, power of attorney, or other similar agreement. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he has no economic interest.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Amended and Restated Articles of Incorporation and Amended and Restated Bylaws provide that the Board of Directors shall consist of a minimum of seven (7) directors and a maximum of twenty-seven (27) directors. The Board of Directors currently consists of nine (9) members. A Board of Directors composed of nine (9) persons is recommended by the Board of Directors to be elected at the 2012 Annual Meeting to serve until the next Annual Meeting of Shareholders, or until their successors have been duly elected and qualified. Article 4 of the Amended and Restated Articles of Incorporation of the Company provides that the Class A stockholders shall have the exclusive right to elect one-third (1/3) of the Board of Directors, plus one director for any remaining fraction, and that the Class B stockholders shall have the exclusive right to elect the remaining members of the Board of Directors. Accordingly, the Board of Directors recommends the election of three (3) Class A nominees and six (6) Class B nominees indicated below. The plurality of each class of stock voting separately will be necessary to elect the directors of that particular class. It is the intention of the persons named in the enclosed proxy to vote for the nominees of the particular class, unless the proxy has been marked to withhold authority to vote for the nominees. The Amended and Restated Bylaws of the Company do not permit cumulative voting for directors.

It is the intention of the persons named in the proxy, in the absence of a contrary direction, to vote FOR the election of each of the nine persons named in this proxy statement as nominees for director for a one-year term expiring at the 2013 Annual Meeting of Shareholders or until their successors are duly elected and qualified or until their earlier death, resignation, or removal.

Nominees for the Board of Directors

Our nominees for the election of directors include three independent directors, as defined by the NASDAQ Listing Rules, and three members of our senior management. The names of the nominees for election as a director to serve until the 2013 Annual Meeting of Shareholders, or until their earlier resignation or removal, and certain additional information with respect to each of them, are set forth below. The nominees have consented to be named in this proxy statement and to serve as directors, if elected. Except as indicated in "Relationships among Directors and Executive Officers" below, there are no family relationships among any of our executive officers or the director nominees.

If, at the time of or prior to the Annual Meeting, any of the nominees is unable or declines to serve, the persons named as proxies may use the discretionary authority provided in the proxy to vote for a substitute or substitutes designated by the Board of Directors. If the proxy has been marked to withhold authority to vote for the nominees, the proxy will not then be voted either for or against such substitute nominees. The Board of Directors has no reason to believe that any substitute nominee or nominees will be required.

INFORMATION RELATING TO OUR BOARD OF DIRECTORS AND CERTAIN COMMITTEES OF OUR BOARD OF DIRECTORS

The Board of Directors

Our business is managed through the oversight and direction of our Board of Directors. The Board of Directors currently has nine members.

Meetings of the Board of Directors

During 2011, the Board of Directors held a total of seven meetings. In addition to meetings, the Board of Directors acts by written consent from time to time, and did so on one occasion during 2011. All of the current directors that were members of the Board of Directors during 2011 attended more than 75% of the meetings. Each such director

attended more than 75% of the meetings of the committees of which he is a member that were held during 2011.

Attendance at Annual Meetings of Shareholders

We do not require our Board members to attend the annual meeting of shareholders. However, the Board of Directors encourages each member to attend the annual meeting of shareholders. All of the then current members of the Board of Directors attended the 2011 annual meeting of shareholders.

Board Leadership / Affirmative Determinations Regarding Director Independence

The Company is a “Controlled Company” as defined in NASDAQ Listing Rule 5615(c)(1) and is exempt from the requirement to have a majority of the members of its Board of Directors as independent directors. The Company qualifies as a Controlled Company because more than 50% of the voting power for the election of directors is held by Mr. Robert L. Moody.

The Board of Directors does not separate the role of Chairman of the Board from the role of Chief Executive Officer (both of which are held by Mr. Robert L. Moody) because it believes that this currently provides the most efficient and effective leadership model for the Company. The Company does not have a separate lead director. The Board of Directors has affirmatively determined that Stephen E. Glasgow, Louis E. Pauls, Jr., and E. J. Pederson is each an “independent director” as such term is defined in NASDAQ Listing Rule 5605(a)(2). These independent directors met in executive session on three separate occasions during 2011.

If all nominees are elected at the Annual Meeting, Stephen E. Glasgow, Louis E. Pauls, Jr., and E. J. Pederson will be the sole members of the compensation and stock option and audit committees. The Board of Directors has also affirmatively determined that each such member of these committees satisfies the independence requirements applicable to audit and compensation committees as prescribed by the NASDAQ Listing Rules and the rules and regulations of the SEC. Robert L. Moody, Ross R. Moody, and Charles D. Milos are not “independent directors” because they are our Chairman of the Board and Chief Executive Officer, President and Chief Operating Officer, and Senior Vice President - Mortgage Loans and Real Estate, respectively. Frances A. Moody-Dahlberg, Russell S. Moody, and E. Douglas McLeod are not “independent directors” because they are Family Members, as defined by NASDAQ Listing Rule 5605(a)(2), of an individual who is employed by the Company as an Executive Officer.

Risk Management

Similar to other insurers, the Company is exposed to a wide spectrum of financial, operational, and other risks. Effective enterprise risk management is a key concern for identifying, monitoring, measuring, communicating, and managing risks within limits and risk tolerances. The Company’s Board of Directors and senior management are knowledgeable of and accountable for key risks. The Board meets at least every other month and regularly hears reports from the President and Chief Operating Officer, the Chief Financial Officer, the Chief Actuary, the Chief Investment Officer, and the Chief Compliance Officer. In addition, the Board has several committees which include the Audit Committee, the Investment Committee, and the Compensation and Stock Option Committee that regularly convene to address various aspects of risk.

The Company maintains several management groups and committees that meet regularly to monitor, discuss, and manage a variety of issues and risks associated with the business. These groups and committees include numerous areas such as regulatory compliance, financial reporting process and controls, fraud unit investigations, product spread management, and business strategy. Key members of senior management are involved with these groups and committees providing direction and oversight and serve as a reporting liaison with the Company’s Board of Directors and sub-committees.

Committees of the Board of Directors

Our Board of Directors has the following standing, separately-designated committees: (i) an Executive Committee, (ii) an Audit Committee; (iii) an Investment Committee, and (iv) a Compensation and Stock Option Committee. Information regarding each of the committees is set forth below.

Executive Committee

The Executive Committee of the Board of Directors may exercise all of the authority of the Board of Directors in the management of the business and affairs of the corporation, except where action of some or all members of the Board of Directors is required by statute, the Articles of Incorporation, the Bylaws, resolution of the Board, or the requirements of the NASDAQ Stock Market, Inc. The Chairman of the Board serves as Chairman of the Executive Committee. Robert L. Moody, Ross R. Moody, and Charles D. Milos are members of the Executive Committee and

Robert L. Moody, as Chairman of the Board, serves as Chairman of the Executive Committee. During 2011, the Executive Committee held five meetings.

Audit Committee

The Audit Committee of the Board of Directors consists of three non-employee directors. Under the NASDAQ Listing Rules and federal securities laws, all of the members of the Audit Committee are independent. The committee is primarily responsible for oversight of the Company's financial statements and controls; assessing and ensuring the independence, qualifications, and performance of the independent auditors; approving the independent auditor's services and fees; reviewing and approving all related party transactions; reviewing potential conflict of interest situations where appropriate; overseeing and directing internal audit activities; reviewing the Company's financial risk assessment process and ethical, legal, and regulatory compliance programs; and reviewing and approving the annual audited financial statements for the Company before issuance. Stephen E. Glasgow, Louis E. Pauls, Jr. and E. J. Pederson are members of the audit committee. Louis E. Pauls, Jr. serves as Chairman of the Audit Committee. The Audit Committee Charter is available on the Company's website at www.nationalwesternlife.com. During 2011, the Audit Committee held 11 meetings.

The Company has at least one person that it believes is qualified to be the Audit Committee Financial Expert. However, the Company has not designated anyone as an Audit Committee Financial Expert at this time as the Company's Board of Directors has concluded that the ability of the Audit Committee to perform its duties would not be impaired by the failure to designate one of the committee members as an "Audit Committee Financial Expert" if its members otherwise satisfied the NASDAQ standards and rules and regulations of the SEC.

Investment Committee

The Investment Committee of the Board of Directors is comprised of three directors (and one Company officer) and has the responsibility for oversight of the Company's investment transactions including compliance with investment guidelines approved by the full Board of Directors. Robert L. Moody, Ross R. Moody, Charles D. Milos, and Patricia L. Scheuer are members of the Investment Committee. Robert L. Moody, as Chairman of the Board serves as Chairman of the Investment Committee. The Investment Committee held 13 meetings during 2011.

Compensation and Stock Option Committee

The Compensation and Stock Option Committee ("Compensation Committee") of the Board of Directors consists of three independent, outside directors and the committee has oversight responsibility for the compensation programs for the Company's named executive officers as well as all other officers. Stephen E. Glasgow, Louis E. Pauls, Jr., and E. J. Pederson serve as members of the Compensation Committee and E. J. Pederson serves as Chairman of the Committee. The Compensation Committee's report on executive compensation is included under the heading "Compensation Committee Report," below. The Compensation Committee, which held four meetings during 2011, does not have a charter.

DIRECTOR NOMINATIONS

The Company is a "Controlled Company" as defined in NASDAQ Listing Rule 5615(c)(1) and is exempt from the requirement that its independent directors oversee the director nomination process. Therefore, the Company's Board of Directors in aggregate oversees the director nomination process.

In evaluating potential director candidates, the Board of Directors considers the appropriate balance of experience, skills, and characteristics required of the Board of Directors. The Board of Directors selects director nominees based on their personal and professional integrity, depth and breadth of experience, ability to make independent analytical inquiries, understanding of and familiarity with our business, willingness to devote adequate attention and time to duties of the Board of Directors, and such other criteria as is deemed relevant by the Board of Directors. The Company's Board of Directors believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of experience, knowledge, and skills. The Board of Directors considers the effectiveness of this policy and the effectiveness of the Board of Directors generally in the course of nominating directors for election.

In identifying potential director candidates, the Board of Directors relies on recommendations made by current directors and officers. In addition, the Board of Directors may engage a third party search firm to identify and recommend potential candidates. Finally, the Board of Directors will consider candidates recommended by shareholders.

Any shareholder wishing to recommend a director candidate for consideration by the Board of Directors for the 2013 annual meeting of shareholders must provide written notice not later than January 4, 2013 to the Corporate Secretary at our principal executive offices located at 850 East Anderson Lane, Austin, Texas 78752. Assuming that a shareholder recommendation contains the information required above, the Board of Directors will evaluate a candidate recommended by a shareholder by following substantially the same process, and applying substantially the

same criteria, as for candidates identified through other sources.

Compensation Discussion and Analysis

Purpose

This Compensation Discussion and Analysis (CD&A) is intended to explain to shareholders how the Company's compensation program is designed and how it operates with respect to our Named Executive Officers, or NEOs, (CEO, CFO, and the Company's three other most highly paid executives in 2011). It first describes our executive compensation philosophy and how we design our compensation program, with a discussion focusing on the main elements. We then detail and analyze the resultant compensation of our Named Executive Officers.

The Compensation Committee is appointed by and serves at the discretion of the Company's Board of Directors. The Compensation Committee consists of no fewer than three members who meet the independence requirements of the listing standards of NASDAQ. The purpose of the Compensation Committee is to discharge the Board of Directors' responsibilities for reviewing and establishing the compensation not just for the NEOs but for all of the Company's officers. These compensation elements include base salary, annual incentive bonuses, discretionary bonuses and awards, stock option and stock appreciation right grants, and any other officer compensation arrangements. The Committee annually reviews and evaluates the executive compensation program to ensure that the program is aligned with the Company's compensation philosophy and performance.

To assist the Compensation Committee with its responsibilities, it is supported by the Company's Human Resources, Legal, and Financial departments. The Compensation Committee may retain, and has retained, independent compensation consultants who report directly to the members of the Compensation Committee. Meetings of the Compensation Committee are scheduled during the year with additional meetings on an as-necessary interim basis and include sessions without members of management present. The Compensation Committee reports to the Board of Directors on its actions and recommendations.

The Compensation Committee also considers the advice of Mr. Ross R. Moody, our President and Chief Operating Officer, concerning executive officers and key employees other than himself and Mr. Robert L. Moody. Specifically, Mr. Ross R. Moody annually reviews the performance of key employees and each executive officer other than himself and Mr. Robert L. Moody. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee. The Board and the Compensation Committee exercise their discretion in setting compensation or in modifying any recommended adjustments or awards to executives.

Compensation Philosophy and Objectives

The Company's overall philosophy in setting compensation policies is to align pay with performance while at the same time providing a competitive compensation that allows the Company to retain and attract talented individuals. Within this overall philosophy, the Compensation Committee has adopted several key principles to help guide compensation decisions for executive officers:

- Provide a competitive total compensation package so the Company can attract, retain, and motivate talented individuals;

- Tie compensation in part to overall Company financial performance through variable bonus awards so that executives are held accountable through their compensation for the performance of the business thus maintaining a certain amount of compensation at risk;

- Tie compensation in part to the Company's stock performance through stock options and stock appreciation rights to align executives' interests with those of the Company's shareholders; and

-

Maintain a committee of the Board of Directors independent of senior management that may engage independent compensation consultants as needed to review and establish compensation for executive officers.

Based upon our review of the executive compensation arrangements as detailed in the following sections, the Compensation Committee believes that the compensation program does not encourage executives to take unreasonable risks that may harm shareholder value. This is achieved by striking an appropriate balance between short-term and long-term incentives, using a diversity of metrics to assess performance under our incentive programs, placing caps on our incentive award payout opportunities, and using long-term incentives following equity practices that limit the potential for timing awards.

Elements of Executive Compensation

Officer compensation arrangements, including executive officers, are reviewed and approved annually by the Compensation Committee. The Compensation Committee focuses primarily on the following components in forming the total compensation package for each Company executive officer:

- Base salary;
- Annual cash incentive bonus based on Company performance versus predetermined targets;
- Discretionary cash bonus based upon individual performance; and
- Long-term incentive compensation in the form of stock options and stock appreciation rights.

The mix of executive compensation elements is based upon a philosophy of correlating a portion of executive compensation with the Company's financial results and stock performance thus putting a segment of executive officer annual and long-term compensation at-risk. This structure provides upside potential and downside risk for senior executive positions in recognition that these roles have greater influence on the Company's performance. The Compensation Committee believes that these factors, together with a balance of cash and equity awards, and short-term and long-term incentives, help ensure that our compensation program does not create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Consultant; Peer Group

To ensure that compensation levels are reasonably competitive with market rates, the Compensation Committee engages independent compensation consultants from time-to-time to conduct a survey of executive compensation in a defined group of companies comparable to the Company. The surveyed companies are selected based on similar products and product lines, comparable financial size in terms of assets and revenues, and other known competitive factors. Elements of this process were most recently completed during calendar years 2010 and 2008. The primary focus of the 2010 survey conducted by Frederic W. Cook & Company, Inc. was upon incentive compensation plan designs while the 2008 survey performed by Towers Perrin was upon base salaries and total compensation data for the various officer positions and levels in order to target current and future appropriate compensation levels. The Compensation Committee's past practice has been to generally target base salaries between the 25th and 75th percentile range of the identified peer group.

For the most recent survey, the Company engaged independent compensation consultants, Frederic W. Cook & Company, Inc., to analyze the Company's incentive compensation programs for officers relative to other public insurance companies considered comparable. Companies included as benchmarks for this analysis included American Equity Investment Life, Citizens Insurance Company, CNO Financial, Delphi Financial, FBL Financial Group, Kansas City Life Insurance, Lincoln National, Presidential Life, Protective Life, Stancorp Financial, and Torchmark, among others. The findings of this survey were incorporated into the Company's various incentive compensation programs for officers for calendar year 2011 and continued with the 2012 programs.

In addition to market information, the Compensation Committee also subjectively reviews and evaluates the level of performance of the Company and of each officer. In approving salary and incentive compensation for individuals other than the Chief Executive Officer and the President and Chief Operating Officer, the Compensation Committee considers recommendations from these two individuals concerning the other Company officers incorporating such factors as individual performance, the scope and complexity of their current responsibilities, length of time in their current positions, value of the executive's position to the market, and difficulty of replacement of the officer. This evaluation focuses most heavily on the base salary levels for each officer.

Annual Incentive Compensation

For executive officer positions, the Compensation Committee has determined that annual incentive bonuses are an integral part of the executive's compensation package as the cash bonuses create a direct link between executive compensation and individual and business performance. Consequently, there are four bonus programs in effect which are reviewed and approved annually by the Compensation Committee. The Compensation Committee has approved incentive bonus programs for 2012 incorporating the survey results mentioned previously. The 2011 Bonus Programs

were as follows:

- Executive Officer Bonus Program
- Domestic Marketing Officer Bonus Program
- International Marketing Officer Bonus Program
- Officer Bonus Program

Executive Officer Bonus Program. The participants in the Executive Officer Bonus Program (“Executive Bonus”) are the Chairman and Chief Executive Officer (Mr. Robert L. Moody) and the President and Chief Operating Officer (Mr. Ross R. Moody). In order to tie the compensation under the program with the Company’s financial performance, the Executive Bonus includes metrics associated with the Company’s annual sales performance, expense management, and profitability. In accordance with the program, the Compensation Committee set performance targets for each metric at various levels equating to various bonus level percentages as follows:

Financial Performance Metric	Bonus % Range*
Sales	0% to 28.5%
Expense Management	0% to 27.5%
Profitability	0% to 38%

*Max aggregate bonus is 75% of the participant's base salary.

The sum of the achieved bonus percentages for each metric, subject to a maximum aggregate percentage of 75%, is applied to the base salary approved by the Compensation Committee for each participant to determine the earned bonus amount. The profitability metric is based upon the Company's audited financial statements for the year. Bonus awards are generally paid in the year following the annual financial performance concurrent with the completion of the Company's audit of the year-end financial statements and approval of the award amounts by the Compensation Committee. Accordingly, the Executive Bonus payments made in 2011 were based upon the results achieved for 2010 financial performance metrics established by the Compensation Committee and the Executive Bonus payments earned based on 2011 financial performance were paid in February 2012. The bonus percentage achieved under the program was 49.5% and 33.0% in 2011 and 2010 of the participant's base salary, respectively. The 2011 bonus percentage achieved was comprised of 24.5% for Sales, 25.0% for Expense Management, and 0% for Profitability as shown in the following table.

Financial Performance Metric	Target Level	Achieved Level	Bonus %	
Annuity Sales	\$1,000.0 million	\$1,389.0 million	9.50	%
International Life Sales	\$33.5 million	\$31.1 million	5.50	%
Domestic Life Sales	\$3.1 million	\$5.5 million	9.50	%
Total Sales Metric			24.50	%
Expense Management	100% actual/target	92.9% actual/target	25.00	%
Profitability	1.05 - 1.20% ROA	0.59% ROA	0.00	%
Total Bonus Percentage			49.50	%

For information regarding awards made in 2011 to our Named Executive Officers, see the Summary Compensation Table on page 26.

Domestic Marketing Officer Bonus Program. Participants in the Domestic Marketing Officer Bonus Program ("Domestic Bonus") are all domestic marketing officers including assistant vice presidents, vice presidents, and the senior vice president (Mr. S. Christopher Johnson). As these individuals are most able to influence the outcome of the Company's financial performance in terms of sales, the program is heavily weighted toward this metric. The measures associated with this program include the Company's annual sales performance, persistency of policies sold, and expense management. These measures were incorporated into the program to award not only the amount of sales but the quality of sales and the management of the costs incurred to acquire the business sold. Unlike the Executive Bonus, the Domestic Bonus metrics assume a targeted level of performance or "par" level to which the Compensation Committee assigned a targeted bonus percentage in order to reflect a disproportionate weighting of the potential bonus award toward the sales metric. If the targeted par level for each metric is attained, the sum of the metrics is equal to a bonus percentage of 100% which is applied to the average weighted base salary of each vice president and senior vice president participant while one-half, or 50%, is applied to the average weighted base salary of each assistant vice president participant as approved by the Compensation Committee. The performance metrics set by the Compensation Committee equating to various bonus level percentages under the program are as follows:

Edgar Filing: NATIONAL WESTERN LIFE INSURANCE CO - Form DEF 14A

Financial Performance Metric	Par Bonus Level	Bonus % Range
Sales	75%	0% to no limit
Persistency	15%	0% to 30%
Expense Management	10%	0% to 22.5%

19

The Domestic Bonus also differs from the Executive Bonus in that the composite bonus percentage is not subject to a cap and bonus amounts may be advanced quarterly based upon the year-to-date results achieved. Life insurance sales metric amounts under the program above the par level increase incrementally with an additional bonus percentage added for every increment of additional life insurance sales established by the Compensation Committee (annuity sales are subject to a cap). However, if the aggregate sum of the three performance metrics exceeds 100%, the bonus award paid at the end of the calendar year is limited to 100% for each participant. The bonus percentage above 100% is applied to the weighted average base salaries of all participants to create a pool which is paid out to participants in the subsequent calendar year based upon the recommendation of the Domestic Marketing senior vice president and subject to approval by the President and Chief Operating Officer. The Domestic Bonus percentage achieved under the program was 164.5% and 78.0% in 2011 and 2010, respectively. The 2011 bonus percentage achieved was comprised of 124.5% for Sales, 22.5% for Persistency, and 17.5% for Expense Management as shown in the following table.

Financial Performance Metric	Target Level	Achieved Level	Bonus %	
Annuity Sales	\$1,000.0 million	\$1,389.0 million	45.00	%
Domestic Life Sales	\$3.1 million	\$5.5 million	79.50	%
Total Sales Metric			124.50	%
Annuity Persistency	100.0%	100.1%	7.50	%
Domestic Life Persistency	100.0%	107.5%	15.00	%
Total Persistency Metric			22.50	%
Expense Management	100% actual/target	90.0% actual/target	17.50	%
Total Bonus Percentage			164.50	%

For information regarding awards made in 2011 to our Named Executive Officers, see the Summary Compensation Table on page 26.

International Marketing Officer Bonus Program. Participants in the International Marketing Officer Bonus Program (“International Bonus”) are all international marketing officers including assistant vice presidents, vice presidents, and the senior vice president. The International Bonus is identical in format to the Domestic Bonus with the exception that the metric targets established by the Compensation Committee are customized for the differences between the domestic and international lines of business. The performance metrics set by the Compensation Committee equating to various bonus level percentages under the program are as follows:

Financial Performance Metric	Par Bonus Level	Bonus % Range
Sales	75%	0% to no limit
Persistency	15%	0% to 30%
Expense Management	10%	0% to 22.5%

All other features are similarly administrated. The International Bonus percentage achieved under the program was 69.0% and 119.5% in 2011 and 2010, respectively. The 2011 bonus percentage achieved was comprised of 35.0% for Sales, 24.0% for Persistency, and 10.0% for Expense Management as shown in the following table.

Financial Performance Metric	Target Level	Achieved Level	Bonus %	
International Life Sales	\$33.5 million	\$31.1 million	35.00	%
Persistency	100.0%	103.5%	24.00	%
Expense Management	100% actual/target	99.4% actual/target	10.00	%
Total Bonus Percentage			69.00	%

Officer Bonus Program. Participants in the Officer Bonus Program (“Officer Bonus”) are all officers not otherwise included in any of the other three officer bonus programs and include the Named Executive Officer positions of Senior Vice President, Chief Financial Officer and Treasurer (Mr. Brian Pribyl), and Senior Vice President, Mortgage Loans and Real Estate (Mr. Charles Milos). The Officer Bonus is essentially comparable to the Executive Bonus, except for the bonus award percentages, incorporating three measurable performance metrics associated with the Company’s annual sales performance, expense management, and profitability. Bonus award percentages for vice presidents in the Plan are one-half of the percentages for senior vice presidents while bonus award percentages for assistant vice presidents are one-quarter of the senior vice president bonus percentages. In accordance with the program, the Compensation Committee set performance targets for each metric at various levels equating to various bonus level percentages as follows (senior vice president percentages shown):

Financial Performance Metric	Bonus % Range
Sales	0% to 9.0%
Expense Management	0% to 10.0%
Profitability	0% to 21.0%

The sum of the achieved bonus percentages for each metric, subject to a maximum aggregate percentage of 30%, 15% and 7.5% for senior vice presidents, vice presidents, and assistant vice presidents, respectively, is applied to the base salary for each participant approved by the Compensation Committee to determine the earned bonus amount. Like the Executive Bonus, the profitability metric is based upon the Company’s audited financial statements for the year. Bonus awards are generally paid in the year following the annual financial performance concurrent with the completion of the Company’s audit of the year-end financial statements and approval of the award amounts by the Compensation Committee. Accordingly, the Senior Vice President Bonus payments in 2011 were primarily based upon the results achieved for 2010 financial performance metrics established by the Compensation Committee. The bonus percentage for senior vice presidents achieved under the program was 16.75% and 15.25% in 2011 and 2010, respectively. The 2011 senior vice president bonus percentage achieved is comprised of 8.00% for Sales, 8.75% for Expense Management, and 0% for Profitability as shown in the following table.

Financial Performance Metric	Target Level	Achieved Level	Bonus %	
Annuity Sales	\$1,000.0 million	\$1,389.0 million	3.00	%
International Life Sales	\$33.5 million	\$31.1 million	2.00	%
Domestic Life Sales	\$3.1 million	\$5.5 million	3.00	%
Total Sales Metric			8.00	%
Expense Management	100% actual/target	92.9% actual/target	8.75	%
Profitability	1.05 - 1.20% ROA	0.59% ROA	0.00	%
Total Bonus Percentage			16.75	%

Discretionary Bonus Awards

The Compensation Committee considers from time-to-time circumstances which merit the need to recognize outstanding performance in the form of a discretionary bonus. Although many of these situations may be deemed within the normal responsibilities of officers, the Compensation Committee on occasion may provide one-time recognition bonuses to identified officers where the demands of the situation and the results of the effort warrant such recognition. There were no discretionary bonuses awarded in 2011.

Long-Term Incentive Compensation

Under the Company's 1995 Stock and Incentive Plan and 2008 Incentive Plan, the Compensation Committee provides Company officers with long-term incentive awards through grants of stock options or stock appreciation rights ("SARs") directly aligning the interest of the officers with shareholder interests. The stock options and SARs have a graded five-year vesting period that begins on the third anniversary date of the grant in order to promote a long-term perspective and to encourage key employees to

21

remain at the Company. All options and SARs to date have been granted at the fair market value of the Company's Class A Stock on the date of the grant. The Compensation Committee believes that stock options and SARs are inherently performance-based and a form of at-risk compensation since the recipient does not benefit unless the Company's common stock price subsequently rises.

The Compensation Committee is responsible for determining the recipients of the grants, when the grants should be made, and the number of shares to be granted. The size of the awards generally reflect each officer's position relative to other officers in the Company with consideration to total compensation targets obtained from the peer group information previously discussed. In addition, as is the case with base salaries, the Compensation Committee considers the grant recommendations of the Chairman and Chief Executive Officer and the President and Chief Operating Officer for other Company officers.

The Compensation Committee may consider granting stock options at any time but generally coordinates the issuance of grants concurrent with its annual review of officer compensation. In December 2011 the Compensation Committee approved the issuance of 28,768 SARs to selected officers. There were no stock options or SARs granted during 2010. Included in these grant awards were the following option/SARs amounts to named executive officers.

	Grant 12/14/11
Robert L. Moody	7,500
Ross R. Moody	5,518
Brian M. Pribyl	1,000
S. Christopher Johnson	1,000
Charles D. Milos	1,000

As noted above, the Compensation Committee determines the timing of awards, the recipients, and the number of option shares or SARs to be granted to each participant. A grant made in April 2008 represented the remaining stock options available for award (excluding grant awards to directors) under the 1995 Plan and coincided with the scheduled termination of that plan. The stock options granted at that date were given a strike price equivalent to the market closing value of the Company's Class A Stock of \$255.13.

Subsequent to the April 2008 stock option awards, the Company's Class A Stock dropped approximately 75% as a consequence of the severe recession and financial crisis that enveloped the United States economy. The Compensation Committee recognized the precipitous drop in the Company's Class A common share value substantially removed the long-term incentive objective of the April 2008 grant awards. Accordingly, the Compensation Committee determined to make substantially the same grant award effective February 19, 2009 with a strike price of \$114.64 representing the market closing value of the Company's Class A common shares that day.

The general practice of the Compensation Committee has been to make grant awards every two to four years. Prior to 2011, the four previous grant awards were made in April 2001, April 2004, April 2008, and February 2009. As it had been nearly three years since the prior grant award, the Compensation Committee approved at its December 14, 2011 committee meeting a grant award with a strike price of \$132.56 representing the market closing value of the Company's Class A common shares that day.

The Compensation Committee has followed a practice of allocating grant awards based upon the level of the officer receiving the award with each officer level receiving an identified proportionate share. Historically, the Chairman of the Board and Chief Executive Officer has been allotted 25% to 35% of the total grant award and the President and Chief Operating Officer 15% to 25% of the total grant. Officers at the senior vice president level receive the same number of grant awards while officers at the vice president and assistant vice president levels receive the same number of grant awards, respectively, although at a lesser amount than that of the senior vice presidents.

Retirement and Other Benefits

The Company's executive officers are eligible to participate in the health and welfare, 401(k), and defined benefit retirement benefit plans that are offered to other Company employees (the Company's qualified defined benefit pension plan was frozen as of December 31, 2007). In addition, if eligible, executive officers may participate in the following plans:

Group Excess Benefit Plan

Company officers at the senior vice president level and above, including named executive officers, as well as those hired or promoted to the vice president level prior to May 1, 2007, are eligible to participate in a group excess benefit plan which supplements the Company's core medical insurance plan. Administered by a third party insurer, the group excess benefit plan provides coverage for co-pays, deductibles, and other out-of-pocket expenses not covered by the core medical insurance plan. Offering such a plan to the selected Company officer levels is viewed as a key component of the overall compensation strategy for attracting and retaining talented executive officers. The benefits provided to each named executive officer are reported in the "All Other Compensation Column" of the Summary Compensation Table.

Non-Qualified Defined Benefit Plan

This plan covers those officers of the Company who were in a senior vice president position or above prior to 1991. The plan provides retirement benefits to those individuals affected by the revisions to the Company's qualified defined benefit pension plan precipitated by the limitations imposed by Internal Revenue Code Section 401(a)(17) and 415. As of December 31, 2011 and 2010, the active officers participating in this plan were Mr. Robert L. Moody and Mr. Charles Milos. Benefits associated with this plan are disclosed in the Pension Benefits table in the Pension Benefits section.

Non-Qualified Deferred Compensation Plan

This plan allows Company senior officers, including named executive officers, to defer payment of a percentage of their compensation and to provide for up to a 2% matching and 2% profit sharing contribution on plan compensation that exceeds certain qualified plan limits, and additional Company discretionary matching contribution of up to 2% of plan compensation. Company contributions are subject to a vesting schedule based upon each officer's years of service. Benefit information associated with this plan is disclosed in the Non-Qualified Deferred Compensation table below and Company contributions are included in the "All Other Compensation" column in the Summary Compensation Table.

Non-Qualified Defined Benefit Plan for Robert L. Moody

This plan specifically covers the Company's Chairman of the Board and Chief Executive Officer, Mr. Robert L. Moody, and is intended to supplement the retirement benefits of the Non-Qualified Defined Benefit Plan, mentioned above, that were limited by the American Jobs Creation Act of 2004. Mr. Moody's benefits associated with this plan are disclosed in the Pension Benefits table in the Pension Benefits section.

Non-Qualified Defined Benefit Plan for the President of National Western Life Insurance Company

Similar to the immediately preceding plan, this plan specifically covers the Company's President and Chief Operating Officer, Mr. Ross R. Moody, and is intended to provide the retirement benefits that comply with the American Jobs Creation Act of 2004. Mr. Moody's benefits associated with this plan are disclosed in the Pension Benefits table in the

Pension Benefits section.

National Western Life Insurance Company Retirement Bonus Program for Robert L. Moody

This program provides an annual payment to Mr. Robert L. Moody equal to 2% of his compensation and is not correlated in any manner to individual or Company performance. For reporting and disclosure purposes, the payment made in 2011 related to 2010 compensation is included in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation table. The payment earned in 2011 was paid in 2012.

Postretirement Benefits

The Company's basic health plan and group excess benefit plan have a provision for individuals serving in the positions of Chairman of the Board or President for seven years or more subsequent to 1980 to continue to receive lifetime health benefits for themselves and their dependents upon retirement. Mr. Robert L. Moody and Mr. Ross R. Moody currently meet this eligibility criteria.

23

Perquisites and Other Personal Benefits

The Compensation Committee periodically reviews executive officer perquisites and other benefits based upon information supplied to it by the Company's Human Resources, Legal, and Financial departments. In addition to base salaries and annual and long-term bonus incentives, the Company provides its executive officers with certain and varying perquisites and benefits.

The perquisites and personal benefits provided to each named executive officer are reported in the "All Other Compensation Column" of the Summary Compensation Table included in this Compensation Discussion and Analysis and are described in further detail in the footnotes to that table.

Stock Ownership Guidelines

The Company requires that its directors be shareholders, but the Company does not require its directors or executive officers to own a particular amount of the Company's common stock and accordingly has not established a set of stock ownership guidelines. The Compensation Committee is satisfied that the long-term incentive compensation offered to directors and officers in the form of stock options and SARs adequately aligns this group's interest with those of the Company's shareholders.

Employment Agreements

The Company does not utilize employment agreements with its executive officers or other employees. The Company's practice has been to issue offer letters to executive officer candidates when recruited to their positions. In addition to outlining the executive officer's responsibilities, each offer letter specifies the beginning base salary and eligibility for any additional compensation programs overseen by the Compensation Committee. Accordingly, the Company does not have any contractual obligations to its executive officers for severance payments in connection with any termination or change-in-control.

Financial Restatements

The Compensation Committee has not formally adopted a policy with respect to whether retroactive adjustments to any form of compensation paid under arrangements for executive officers will be made where the prior payment was related to financial results of the Company that are subsequently restated. As this situation has not previously been experienced, the Compensation Committee believes that such an issue is best addressed at the time it occurs and all facts and circumstances surrounding the restatement are known.

Tax and Accounting Treatment of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for non-performance based compensation over \$1 million paid in any one year to each of the individuals who were, at the end of the year, the corporation's chief executive officer and the four other most highly compensated executive officers. Except for the Chairman and Chief Executive Officer of the Company, the levels of non-performance based salary, bonus, and other compensation paid do not typically exceed this level.

The Compensation Committee reserves the right to award compensation to executive officers that may not qualify under Section 162(m) as deductible compensation, however, it will continue to consider all elements of cost to the Company of providing such compensation, including the potential impact, if any, of Section 162(m).

The Company accounts for long-term incentive compensation in the form of stock options and SARs to executive officers under GAAP guidance which requires the Company to estimate and expense each award of equity compensation over the service period of the award. Other accounting guidance requires that cash compensation be recorded as an expense at the time the obligation is accrued.

Pension Plan. The qualified defined benefit plan covers substantially all employees and officers of the Company and provides benefits based on the participant's years of service and compensation. The Company makes annual contributions to the plan that complies with the minimum funding provisions of the Employee Retirement Income Security Act. Annual pension benefits for those employees who became eligible participants prior to January 1, 1991, are generally calculated as the sum of the following:

(a)50% of the participant's final 5-year average annual eligible compensation at December 31, 1990, less 50% of their primary social security benefit determined at December 31, 1990; this net amount is then prorated for less than 15 years of benefit service at normal retirement date. This result is multiplied by a fraction which is the participant's years of benefit service at December 31, 1990, divided by the participant's years of benefit service at normal retirement date.

(b)1.5% of the participant's eligible compensation earned during each year of benefit service after December 31, 1990 and through December 31, 2007.

Annual pension benefits for those employees who become eligible participants on or subsequent to January 1, 1991, are generally calculated as 1.5% of their compensation earned during each year of benefit service through December 31, 2007.

On October 19, 2007, the Company's Board of Directors approved an amendment to freeze the Pension Plan as of December 31, 2007. The freeze ceased future benefit accruals to all participants and closed the Plan to any new participants. In addition, all participants became immediately 100% vested in their accrued benefits as of that date. Accordingly future pension expense is projected to be minimal.

Non-Qualified Defined Benefit Plan. This plan covers officers of the Company who were in the position of senior vice president or above prior to 1991. The plan provides benefits based on the participant's years of service and compensation. No minimum funding standards are required.

The benefit to be paid pursuant to this plan to a participant, other than the Chairman of the Company, who retires at his normal retirement date shall be equal to (a) minus (b) minus (c), but the benefit may not exceed (d) minus (b) where:

- (a) is the benefit which would have been payable at the participant's normal retirement date under the terms of the Pension Plan as of December 31, 1990, as if that plan had continued without change and without regard to Internal Revenue Code Section 401(a) (17) and 415 limits, and,
- (b) is the benefit which actually becomes payable under the terms of the Pension Plan at the participant's normal retirement date, and,
- (c) is the actuarially equivalent life annuity which may be provided by an accumulation of 2% of the participant's compensation for each year of service on and after January 1, 1991, accumulated at an assumed interest rate of 8.5% to the participant's normal retirement date, and,
- (d) is the benefit which would have been payable at the participant's normal retirement date under the terms of the Pension Plan as of December 31, 1990, as if that plan had continued without change and without regard to Internal Revenue Code Section 401(a)(17) and 415 limits, except that the proration over 15 years shall instead be calculated over 30 years.

The Chairman of the Company, Robert L. Moody, is currently receiving in-service benefits from this plan. The benefit that Mr. Moody began receiving as of his normal retirement date pursuant to the plan was equal to (a) minus (b) minus (c) where:

- (a) was his years of service (up to 45), multiplied by 1.66667%, and then multiplied by the excess of his eligible compensation over his primary social security benefit under the terms of the Pension Plan as of December 31, 1990, as if that plan had continued without change and without regard to Internal Revenue Code Section 401(a) (17) and 415 limits, and,
- (b) was the benefit payable to him under the terms of the Pension Plan, and,
- (c) was the actuarially equivalent life annuity provided by an accumulation of 2% of his compensation for each year of service on and after January 1, 1991, accumulated at an assumed interest rate of 8.5% to his normal retirement date.

This benefit was increased for additional service and changes in eligible compensation through December 31, 2004. The benefit was frozen as of December 31, 2004 in connection with plan changes required by the American Jobs Creation Act of 2004.

Non-Qualified Defined Benefit Plan for Robert L. Moody. This plan covers the current Chairman of the Company, Robert L. Moody, and is intended to provide for post-2004 benefit accruals that mirror and supplement the pre-2005 benefit accruals under the previously discussed Non-Qualified Defined Benefit Plan, while complying with the American Jobs Creation Act of 2004. No minimum funding standards are required. The annual benefit paid to the Chairman of the Company on an in-service basis effective July 1, 2005 was equal to (a) minus (b) minus (c) where:

(a) was his years of service on his normal retirement date, multiplied by 1.66667%, and then multiplied by the excess of his eligible compensation over his primary social security benefit under the terms of the Pension Plan as of December 31, 1990, as if that plan had continued without change and without regard to Internal Revenue Code Section 401(a) (17) and 415 limits, less the actuarially equivalent life annuity which may be provided by an accumulation of 2% of his compensation for each year of service on and after January 1, 1991, accumulated at an assumed interest rate of 8.5% to his normal retirement date, and, multiplied by the ratio of his years of service on July 1, 2005 to his years of service on his normal retirement date, multiplied by the ratio of his

eligible compensation as of July 1, 2005 to his eligible compensation as of his normal retirement date, and,
 (b) was the benefit payable to him under the terms of the Pension Plan as of July 1, 2005, and,
 (c) was the benefit payable to him under the terms of the Non-Qualified Defined Benefit Plan as of December 31, 2004.

Subsequent to July 1, 2005, the annual benefit was increased monthly for additional service and changes in eligible compensation.

Non-Qualified Defined Benefit Plan for the President of National Western Life Insurance Company. This plan covers the President of the Company and is intended to provide benefit accruals that comply with the American Jobs Creation Act of 2004. No minimum funding standards are required.

The annual benefit to be paid to the President of the Company who retires at his normal retirement date shall be equal to (a) minus (b) minus (c) where:

(a) equals his years of service (up to 45), multiplied by 1.66667%, and then multiplied by the excess of his eligible compensation over his primary social security benefit under the terms of the Pension Plan as of December 31, 1990, as if that plan had continued without change and without regard to Internal Revenue Code Section 401(a) (17) and 415 limits, and,

(b) equals the actuarially equivalent life annuity provided by an accumulation of 2% of his compensation for each year of service on and after his date of hire, accumulated at an assumed interest rate of 8.5% to his normal retirement date, and,

(c) equals the benefit actually payable to him under the terms of the Pension Plan.

The plan provides for a monthly in-service benefit if the President of the Company continues employment after his normal retirement date.

- (b) The investment options under the plan consist of a selection of mutual funds identical to those available to all employees through the 401(k) plan.
- (c) Balances in the plan are settled in cash upon the termination event selected by the officer and distributed either in a lump sum or in annual installments. Deferred amounts represent unsecured obligations of the Company.

Potential Payments Upon Termination or Change in Control

Other than the Company's 1995 Stock Option and Incentive Plan and 2008 Incentive Plan, the Company has no contract, agreement, plan, or arrangement, written or unwritten, that provides for payment to any officer at, following, or in connection with any termination, severance, retirement or a constructive termination, or a change in control of the Company or a change in any officer's responsibilities.

The 1995 Stock Option and Incentive Plan governs certain of the stock option grants held by our executive officers. Our executive officers are not entitled to any benefits under our 1995 Stock Option and Incentive Plan that are not available to other participants. The 1995 Stock Option and Incentive Plan includes the following change in control provisions, which would result in the accelerated vesting of outstanding option grants: In the event of a Change of Control, all outstanding Awards shall immediately vest and become exercisable or satisfiable, as applicable. The Committee, in its discretion, may determine that upon the occurrence of a Change in Control, each Award outstanding hereunder shall terminate within a specified number of days after notice to the Holder, and such Holder shall receive, with respect to each share of Common Stock subject to such Award, cash in an amount equal to the excess of (i) the higher of (x) the Fair Market Value of such share of Common Stock immediately prior to the occurrence of such Change of Control or (y) the value of the consideration to be received in connection with such Change of Control for one share of Common Stock over (ii) the exercise price per share, if applicable, of Common Stock set forth in such Award. The provisions contained in the preceding sentence shall be inapplicable to an Award granted within six (6) months before the occurrence of a Change of Control if the Holder of such Award is subject to the reporting requirements of Section 16(a) of the 1934 Act. If the consideration offered to shareholders of the Company in any transaction described in this paragraph consists of anything other than cash, the Committee shall determine the fair cash equivalent of the portion of the consideration offered which is other than cash. The provisions contained in this paragraph shall not terminate any rights of the Holder to further payments pursuant to any other agreement with the Company following a Change of Control.

The 2008 Incentive Plan governs certain of the stock option grants and/or SARs held by our executive officers and provides for the acceleration of vesting of all awards upon a change in control of the Company. The 2008 Incentive Plan includes the following change in control provisions, which would result in the accelerated vesting of outstanding award grants: The Committee may provide in an option agreement and/or Stock Appreciation Rights agreement that in the event of a Change in Control of the Company, (i) all or a portion of the stock options and/or any Stock Appreciation Rights awarded under such agreement shall become fully vested and immediately exercisable and/or (ii) the vesting of all performance-based stock options shall be determined as if the performance period or cycle applicable to such stock options had ended immediately upon such Change in Control.

Our executive officers hold option grants under both the 1995 Stock Option and Incentive Plan and the 2008 Incentive Plan. Option Grants under the 1995 Stock Option and Incentive Plan and the 2008 Incentive Plan will immediately vest upon a change in control. The following table depicts potential benefits for our executive officers as a result of a change in control. Such termination is assumed to occur on January 1, 2012.

**PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

KPMG LLP, an independent registered public accounting firm, has served as our independent auditors since 2005 and audited our consolidated financial statements for the year ended December 31, 2011. The audit committee is directly responsible for the appointment of our independent registered public accounting firm and has appointed KPMG LLP to audit our financial statements for the year ending December 31, 2012. Shareholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm is not required by our Amended and Restated Bylaws or other applicable legal requirement. However, the appointment of KPMG LLP is being submitted to the shareholders for ratification. If the shareholders do not ratify the appointment of KPMG LLP, the audit committee will evaluate the shareholder vote when considering the selection of an independent registered public accounting firm for the 2012 fiscal year and reconsider whether or not to retain the firm. Even if the appointment is ratified, the audit committee, at its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be appropriate.

Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

These amounts include out-of-pocket and travel related reimbursements of \$44,000 for 2011 and \$63,000 for 2010.

(2)KPMG LLP billed \$30,000 for the year ended December 31, 2011 pertaining to actuarial services rendered as part of their audit involving the Company's implementation of a new reserving system. The policy requires that all services the Company's independent auditor may provide to the Company, including audit services and permitted audit-related and non-auditor services, be pre-approved by the Committee. The Committee approved all audit and non-audit services provided by KPMG LLP during 2011.

The Board of Directors recommends that you vote "FOR" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012. All proxies executed and returned will be voted "FOR" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012 unless the proxy specifies otherwise.

AUDIT COMMITTEE REPORT

The Board of Directors maintains an Audit Committee comprised of three of the Company's outside directors. The Audit Committee of the Board is responsible for the appointment and compensation of the independent auditors for the Company, reviewing the activities and independence of the independent auditors, including the plan and scope of the audit and audit fees, monitoring the adequacy of the reporting and internal controls, oversight of any internal audit function, meeting periodically with management and the independent auditors, and resolving any disagreements between management and the independent auditors. Under the NASDAQ Listing Rules and federal securities laws, all of the members of the Audit Committee are independent.

KPMG LLP, Dallas, Texas, was the Company's independent registered public accounting firm with respect to the Company's consolidated financial statements for the year ended December 31, 2011. Audit services performed by KPMG consist of the audit of the statutory and consolidated GAAP basis financial statements of the Company and its subsidiaries for such year, preparation of various reports based thereon, and services related to the filings with the Securities and Exchange Commission. In addition, KPMG audits the design and operating effectiveness of the Company's internal controls over financial reporting. The Audit Committee has received periodic reports as to the Company's own testing and evaluation of its internal controls, as well as that of KPMG.

The Disclosure Committee is a committee of senior officers of the Company that reports directly to the Audit Committee. It ensures that material financial information is properly communicated up the Company's hierarchy to the appropriate person(s) and that all disclosures are made in a timely fashion. The Disclosure Committee meets on a monthly basis.

In discharging its oversight responsibility to the audit process, the Audit Committee discussed with the auditors the matters required by Statement on Auditing Standards No. 61, as amended, and obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that bear on the auditors' independence, consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and discussed with the auditors and satisfied itself as to the auditors' independence.

The Committee reviewed the audited consolidated financial statements of National Western Life Insurance Company as of and for the year ended December 31, 2011, with management and the independent auditors. Management has the responsibility for the preparation of National Western's consolidated financial statements, and the independent auditors have the responsibility for the examination of those statements.

Based on these reviews and discussions with management and the independent auditors, the Audit Committee recommended to the Board of Directors that National Western's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ending December 31, 2011, for filing with the Securities and Exchange Commission.
