Item 2.02. Results of Operations and Financial Condition

The disclosure set forth below under Item 8.01 is incorporated herein by reference in response to this Item 2.02.

Item 8.01. Other Events

On June 2, 2015, Title Resource Group LLC announced that its wholly owned subsidiary, title insurer Texas American Title Company, entered into an agreement to acquire the assets of ITCOA, LLC, which does business throughout Texas as Independence Title.

For the three months ended March 31, 2015 and the twelve months ended December 31, 2014 and 2013, Independence Title originated 18.9%, 23.6% and 16.4%, respectively, of the net premiums written for Investors Title Company (the "Company"), which represented 6.8%, 8.8% and 6.0%, respectively, of the Company's net branch and agency premiums written, after agent commissions. Assuming the transaction closes, the Company expects Independence Title will continue to maintain an underwriting relationship with the Company. The Company cannot, however, quantify the effect Texas American Title Company's acquisition of Independence Title may have on the Company's premiums or results of operations. In addition to commission expense, other expense savings that would offset lost premiums include reductions in premium and income taxes, the provision for claims and other operating expenses.

Certain statements contained in this Current Report on Form 8-K may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, among others, any statements regarding future business from Independence Title. These statements involve a number of risks and uncertainties that could cause actual results to differ materially from anticipated and historical results. Such risks and uncertainties include, without limitation, the possibility that the Independence Title acquisition may not close, the possibility that Independence Title may significantly curtail or cease its underwriting relationship with the Company and the unpredictable timing of any of the foregoing, as well as other considerations set forth under the caption "Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, as filed with the Securities and Exchange Commission, and in subsequent filings.
