Item 1.01. Entry into a Material Definitive Agreement.

On October 23, 2009, Microfluidics International Corporation. (the “Company”) and its wholly-owned subsidiary Microfluidics Corporation. (collectively, the “Borrowers”), obtained a secured \$1 million revolving line of credit (the “Revolving Credit Facility”) pursuant to a Loan Agreement (the “Agreement”) with Webster Bank, National Association, as lender (the “Lender”).

The Revolving Credit Facility is for an initial twelve month period. The actual amount of credit that is available from time to time under the Revolving Credit Facility is limited to a borrowing base amount that is determined according to, among other things, a percentage of the value of eligible accounts receivables. The Revolving Credit Facility contains customary representations and warranties and restrictive covenants relating to matters, such as indebtedness, liens, investments, acquisitions, mergers, dispositions and dividends. The Revolving Credit Facility also has two financial covenants that require the Borrowers to maintain a senior debt to twelve month trailing EBITDA of 2:1, with the initial twelve month trailing EBITDA for the second, third and fourth quarters of 2009 being annualized, and requires the Borrowers to maintain \$500,000 of available cash or excess availability under the Revolving Credit Facility. The proceeds of any borrowings under the revolving credit facility are available for working capital and other general corporate purposes.

Borrowings under the Revolving Credit Facility will generally accrue interest at a margin of 5.50% over the London Interbank Offered Rate (“LIBOR”). The obligations of Microfluidics and its wholly owned subsidiary under the Revolving Credit Facility are secured by a lien on substantially all of the personal property of Microfluidics and its wholly owned subsidiary pursuant to the terms of a security agreement (the “Security Agreement”). The Agreement generally contains customary events of default for credit facilities of this type. Upon an event of default that is not cured or waived within any applicable cure periods, in addition to other remedies that may be available to the Lender, the obligations under the Agreement may be accelerated and remedies may be exercised against the collateral.

In connection with the closing of the Revolving Credit Facility, the Company amended its Debenture and Warrant Purchase Agreement and related transactional documents with Global Strategic Partners, LLC (“Global Strategic Partners”) to permit the Revolving Credit Facility under the transaction documents and provide for certain other covenants, including an cross default provision with the Revolving Credit Facility (the “Amendment to Transaction Documents”).

The full text of the Agreement, the Security Agreement, and the Amendment to Transaction Documents are attached as Exhibit 10.1, 10.2, and 10.3, to this Current Report on Form 8-K and are incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The description of the Agreement, the Security Agreement, and the Amendment to Transaction described above under Item 1.01 is incorporated by reference to this Item 2.03.
