PROXY STATEMENT – GENERAL INFORMATION

Why am I receiving this Proxy Statement and proxy card?

We are providing these proxy materials in connection with the solicitation by the Board of Directors of Capital City Bank Group, Inc., a Florida corporation, of proxies to be voted at our 2008 Annual Meeting of Shareowners and at any adjournments or postponements of this Annual Meeting.

We will hold our 2008 Annual Meeting at 10:00 a.m., Eastern Time, Thursday, April 24, 2008, at the University Center Club, Building B, Floor 3, University Center, Florida State University, Tallahassee, Florida.

We are providing this Proxy Statement and the proxy card to our shareowners on or about March 28, 2008.

At Capital City, and in this Proxy Statement, we refer to our employees as “associates.” Also in the Proxy Statement, we refer to Capital City as the “Company,” “we,” or “us” and to the 2008 Annual Meeting as the “Annual Meeting.”

What is being voted upon?

You are being asked to elect three Class II directors and to ratify our appointment of Ernst & Young LLP as our independent registered public accounting firm for 2008. The proposals to be considered will not create appraisal or dissenter’s rights.

How does the Board recommend that I vote?

Our Board recommends that you vote your shares FOR each of the nominees for election to the Board and FOR the ratification of the appointment of our independent registered public accounting firm.

Could other matters be decided at the Annual Meeting?

We are not aware of any matters to be presented at the Annual Meeting other than those referred to in this Proxy Statement. If other matters are properly presented at the Annual Meeting, the holders of the proxies (those persons named on your proxy card) will have the discretion to vote on those matters for you.

Who can vote?

All shareowners of record at the close of business on the record date of February 29, 2008 are entitled to receive these proxy materials. On that date, there were 17,179,096 shares of our common stock outstanding and entitled to vote, and these shares were held of record by approximately 1,750 shareowners.

How much does each share count?

Each share counts as one vote. For the proposals scheduled to be voted upon at the Annual Meeting, withheld votes on directors, abstentions, and shares held by a broker that the broker fails to vote are all counted to determine a quorum, but are not counted for or against the matters being considered; however, pursuant to a recent amendment to our Bylaws, if a director nominee in an uncontested election does not receive at least a majority of the votes cast at any meeting for the election of directors at which a quorum is present, the director must tender his or her resignation to the Board, as more particularly described under the heading “Corporate Governance-Director Elections.” There is no cumulative voting.

How many votes are required to have a quorum?

In order for us to conduct the Annual Meeting, a majority of the shares entitled to vote must be present in person or by proxy.

How many votes are required to elect directors and to ratify Ernst & Young's appointment?

Directors are elected by a plurality of the votes cast. "Plurality" means that the nominees receiving the largest number of votes cast are elected as directors up to the maximum number of directors who are nominated to be elected at the meeting. At our Annual Meeting, the maximum number of directors to be elected is three. Although our directors are elected by plurality, we have recently amended our Bylaws such that if a director nominee in an uncontested election does not receive at least a majority of the votes cast at any meeting for the election of directors at which a quorum is present, the director must tender his or her resignation to the Board.

Ernst & Young's appointment will be ratified if the affirmative votes cast by the shareowners present, or represented, at the Annual Meeting and entitled to vote on the matter exceed the votes cast in opposition.

What is the difference between holding shares as a shareowner of record and as a beneficial owner?

Many of our shareowners hold their shares through a broker, trustee, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those shares owned beneficially.

§ Shareowner of Record. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the "shareowner of record." As the shareowner of record, you have the right to grant your voting proxy directly to us or to a third party, or to vote in person at the Annual Meeting.

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

§ Beneficial Owner. If your shares are held in a brokerage account, by a trustee or, by another nominee, you are considered the “beneficial owner” of those shares. As the beneficial owner of those shares, you have the right to direct your broker, trustee, or nominee how to vote and you also are invited to attend the Annual Meeting. However, because a beneficial owner is not the shareowner of record, you may not vote these shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting.

How do I vote my shares in person at the Annual Meeting?

Shares held in your name as the shareowner of record may be voted in person at the Annual Meeting. Shares for which you are the beneficial owner but not the shareowner of record may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker, trustee, or other nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you vote by proxy as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

The vote you cast in person will supersede any previous votes that you submitted, whether by Internet, phone, or mail.

How can I vote my shares without attending the Annual Meeting?

Whether you hold shares directly as a shareowner of record or through a broker, trustee, or other nominee, you may direct how your shares are voted without attending the Annual Meeting. You may give voting instructions by the Internet, by telephone, or by mail. Instructions are on the proxy card. The appropriate individuals named on the enclosed proxy card will vote all properly executed proxies that are delivered in response to this solicitation, and not later revoked, in accordance with the instructions given by you.

How will my voting instructions be treated?

If you provide specific voting instructions, your shares will be voted as instructed.

If you hold shares as the shareowner of record and sign and return a proxy card or vote by telephone or Internet without giving specific voting instructions, then your shares will be voted as recommended by our Board of Directors.

If you are the beneficial owner of shares held through a broker, trustee, or other nominee, and you do not give instructions to that nominee on how you want your shares voted, then generally your nominee can vote your shares on certain “routine” matters. At our Annual Meeting, both Proposals 1 and 2 are considered routine, which means that your broker, trustee, or other nominee can vote your shares on these proposals if you do not timely provide instructions to vote your shares.

If you are the beneficial owner of shares held through a broker, trustee, or other nominee, and that nominee does not have discretion to vote your shares on a particular proposal and you do not give your broker instructions on how to vote your shares, then the votes will be considered broker non-votes. A “broker non-vote” will be treated as unvoted for purposes of determining approval for the proposal and will have the effect of neither a vote for nor a vote against the proposal.

What is the deadline for voting my shares?

If you hold shares as the shareowner of record, then your vote by proxy must be received before 11:59 p.m., Eastern Time, on April 23, 2008 (the day before the Annual Meeting).

If you are the beneficial owner of shares held through a broker, trustee, or other nominee, please follow the instructions provided by your broker, trustee, or other nominee.

Can I change my vote?

Yes, you may revoke your proxy by submitting a later proxy or by written request received by our corporate secretary before the Annual Meeting. You may also revoke your proxy at the Annual Meeting and vote in person.

Who pays for soliciting proxies?

We pay the cost of soliciting proxies. Our officers or other associates may solicit proxies to have a larger representation at the Annual Meeting.

What does it mean if I get more than one proxy card?

You will receive a proxy card for each account you have. Please vote proxies for all accounts to ensure that all your shares are voted.

Where can I find voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting and publish final voting results in our quarterly report on Form 10-Q for our quarter ended June 30, 2008 or, if we elect, in an earlier filed Form 8-K.

CORPORATE GOVERNANCE

GOVERNING PRINCIPLES

We are a financial holding company managed by a core group of officers and governed by a Board of Directors. We are committed to maintaining a business atmosphere where only the highest ethical standards and integrity prevail. An unwavering adherence to high ethical standards provides a strong foundation on which our business and reputation can thrive, and is integral to creating and sustaining a successful, high-caliber company.

INDEPENDENT DIRECTORS

Our common stock is listed on the NASDAQ Global Select Market. NASDAQ requires that a majority of our directors be “independent,” as defined by NASDAQ’s rules. Generally, a director does not qualify as an independent director if the director or a member of a director’s immediate family has had in the past three years certain relationships or affiliations with us, our external or internal auditors, or other companies that do business with us. Our Board has affirmatively determined that a majority of our directors are independent directors under the categorical guidelines our Board has adopted, which includes all objective standards of independence set forth in the NASDAQ rules. The categorical independence standards adopted by our Board are posted to the Corporate Governance section of our website, www.ccbg.com. Based on these standards, our Board determined that our independent directors include the following current directors and nominees for director: DuBose Ausley, Frederick Carroll, III, Cader B. Cox, III, J. Everitt Drew, John K. Humphress, Lina S. Knox, Ruth A. Knox, and Henry Lewis III.

CORPORATE GOVERNANCE GUIDELINES

The Board has adopted Corporate Governance Guidelines that give effect to the NASDAQ corporate governance listing standards and various other corporate governance matters.

INDEPENDENT DIRECTOR MEETINGS IN EXECUTIVE SESSIONS

Our independent directors have established a policy to meet separately from the other directors in regularly scheduled executive sessions at least twice annually, and at such other times as may be deemed appropriate by our independent directors. Any independent director may call an executive session of independent directors at any time. In 2007, the independent directors met in an executive session five times.

LEAD DIRECTOR

The independent directors of our Board of Directors annually elect an independent director to serve in a lead capacity. Although annually elected, the lead director is generally expected to serve for more than one year.

Mr. Cox currently serves as our lead director. Effective May 1, 2008, Mr. Drew will begin to serve as our lead director. The lead director’s duties, which are listed in a Board approved charter, include presiding at all meetings of the Board at which the Chairman is not present, calling meetings of the independent directors, coordinating with the Chairman the planning of meeting agenda items, and serving as an independent point of contact for shareowners wishing to communicate with the Board other than through the Chairman. We have posted all of the lead director duties on our website, www.ccbg.com.

SHAREOWNER COMMUNICATIONS

Our Corporate Governance Guidelines provide for a process by which shareowners may communicate with the Board, a Board committee, the independent directors as a group, or individual directors. Shareowners who wish to communicate with the Board, a Board committee, or any other directors or individual directors may do so by sending written communications addressed to the Board of Directors of Capital City Bank Group, a Board committee, or such group of directors or individual directors:

Capital City Bank Group, Inc.
c/o Corporate Secretary
217 North Monroe Street
Tallahassee, Florida 32301

Communications will be compiled by our Corporate Secretary and submitted to the Board, a committee of the Board, or the appropriate group of directors or individual directors, as appropriate, at the next regular meeting of the Board. The Board has requested that the Corporate Secretary submit to the Board all communications received, excluding those items that are not related to board duties and responsibilities, such as: mass mailings; job inquiries and resumes; and advertisements, solicitations, and surveys.

CODES OF CONDUCT AND ETHICS

The Board has adopted Codes of Conduct applicable to all directors, officers, and associates, and a Code of Ethics applicable to our Chief Executive Officer and our financial and accounting officers, all of which are available, without charge, upon written request to:

Capital City Bank Group, Inc.
c/o Corporate Secretary
217 North Monroe Street
Tallahassee, Florida 32301

These codes are designed to comply with NASDAQ and U.S. Securities and Exchange Commission requirements.

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

BOARD AND COMMITTEE EVALUATIONS

The Corporate Governance Committee uses written questionnaires to evaluate the Board as a whole and its committees. The evaluation process occurs annually. Directors submit completed questionnaires to the Chair of the Corporate Governance Committee, who summarizes the results without attribution. The full Board discusses the summary of the Board evaluation, and each committee discusses the summary of its own evaluation.

DIRECTOR NOMINATING PROCESS

The Nominating Committee annually reviews and makes recommendations to the full Board regarding the composition and size of the Board so that the Board consists of members with the proper expertise, skills, attributes, and personal and professional backgrounds needed by the Board, consistent with applicable NASDAQ and regulatory requirements.

The Nominating Committee believes that all directors, including nominees, should possess the highest personal and professional ethics, integrity, and values, and be committed to representing the long-term interests of our shareowners. The Nominating Committee will consider criteria including the nominee's current or recent experience as a senior executive officer, whether the nominee is independent, as that term is defined in Rule 4200(a)(15) of the NASDAQ listing standards, the business experience currently desired on the Board, geography, the nominee's banking industry experience, and the nominee's general ability to enhance the overall composition of the Board.

Our Nominating Committee will identify nominees for directors primarily based upon suggestions from shareowners, current directors, and executives. The Chair of the Nominating Committee and at least one other member of the Nominating Committee will interview director candidates. The full Board will formally nominate candidates for director to be included in the slate of directors presented for shareowner vote based upon the recommendations of the Nominating Committee following this process.

DIRECTOR SERVICE ON OTHER BOARDS

Directors may not serve on more than three other Boards of public companies in addition to our Board.

SUCCESSION PLANNING

The Board plans for succession to the position of Chief Executive Officer as well as certain other senior management positions. To assist the Board, William G. Smith, Jr., our Chairman, President, and CEO annually provides the Board with an assessment of senior managers and of their potential to succeed him. He also provides the Board with an assessment of persons considered potential successors to certain senior management positions. The Nominating Committee and our independent directors in an executive session annually review this updated assessment.

CHANGE IN DIRECTOR OCCUPATION

A director whose principal occupation or business association changes substantially during the director's tenure must tender a resignation for consideration by the Nominating Committee. The Nominating Committee will recommend to the Board the action, if any, to be taken with respect to the resignation.

DIRECTOR ELECTIONS

In November 2007, the Board of Directors amended our Bylaws to provide that in an uncontested election, if a nominee for director does not receive the vote of at least the majority of the votes cast at any meeting for the election of directors at which a quorum is present, the director will promptly tender his or her resignation to the Board of Directors. The Nominating Committee will make a recommendation to the Board of Directors as to whether to accept or reject the tendered resignation, or whether other action should be taken. The Board of Directors will act on the tendered resignation and publicly disclose its decision and the rationale behind the decision within 90 days from the date of the certification of the election results. If a director's resignation is not accepted by the Board of Directors, such director will continue to serve until the next annual meeting for the year in which his or her term expires and until his or her successor is duly elected, or his or her earlier resignation or removal. If a nominee's resignation is accepted by the Board of Directors, then the Board of Directors, in its sole discretion, may fill any remaining vacancy or decrease the size of the Board of Directors. To be eligible to be a nominee for election or reelection as our director, a person must deliver to our Corporate Secretary a written agreement that such person will abide by these requirements.

In addition, the Audit Committee: (a) monitors and reviews our compliance with Section 112 of the Federal Deposit Insurance Corporation Improvement Act of 1991 and reviews regulatory reports; (b) reviews independent auditors' report on our financial statements, significant changes in accounting principles and practices, significant proposed adjustments, and any unresolved disagreements with management concerning accounting or disclosure matters; and (c) recommends independent auditors and reviews their independence and qualifications, services, fees, and the scope and timing of audits.

The Corporate Governance Committee met seven times in 2007. The Corporate Governance Committee: (a) develops, implements, and monitors policies and practices relating to corporate governance; (b) coordinates director orientation and appropriate continuing education programs for directors; (c) oversees the annual self-assessment of the Board and Board Committees; and (d) reviews all shareowner proposals.

1. We pay each non-employee director an annual stock grant of 400 shares of our common stock, issued under our Director Stock Purchase Plan. Under the terms of the Director Stock Purchase Plan, each non-employee director has the opportunity to participate in the Director Stock Purchase Plan under two separate options. The first option, Option A, permits non-employee directors to make an election (“Option A Participants”) each January indicating the dollar amount of his or her annual retainer and fees received from serving as a director in the preceding year which he or she would like to be applied to the purchase of shares of our common stock. The second option, Option B, permits non-employee directors to make an election (“Option B Participants”) each December indicating the percentage of his or her annual retainer and fees to be received from serving as a director in the upcoming year which he or she would like to be applied to the purchase of shares of Common Stock. Option A Participants receive their annual stock grant each January for the preceding year’s service as director. Option B Participants will receive their annual stock grant in four equal quarterly installments during the year to which the non-employee director’s service relates. Messrs. Drew, Humphress, and Ausley and Ms. Lina Knox are Option A Participants, and therefore did not receive their stock grants in 2007. Instead, these directors received their stock grants in January 2008. The amounts recognized in the fiscal year for financial statement reporting purposes in accordance with Statement of Financial Accounting Standards 123, as revised (SFAS 123(R)) are the same as the amount reported in this column.
2. The amounts in this column represent director fees paid to the director for serving as directors for certain subsidiaries of ours.
3. Mr. Keen has been employed by Capital City Bank since the acquisition of Farmers and Merchants Bank in October 2004. As our associate, Mr. Keen receives a base salary, and may receive other benefits that our associates receive, such as pension benefits. He received no compensation for his board service in 2007.

STOCK OWNERSHIP EXPECTATIONS

We maintain stock ownership guidelines for all independent directors. Under our current guidelines, all independent directors are expected to own our common stock equal in value to 10 times their annual director compensation at the time they were elected. Directors have 10 years from the date they are first appointed or elected to our Board to meet

the stock ownership requirement. The Compensation Committee has determined that as of December 31, 2007, all directors have met our share ownership expectations or are on track to meet the ownership expectations within the stated time period of 10 years from date of appointment or election.

PROPOSAL NO. 1 - NOMINEES FOR ELECTION AS DIRECTORS

ELECTION OF DIRECTORS

The Board of Directors is divided into three classes, designated Class I, Class II, and Class III. The directors in each class are elected for terms of three years or until their successors are duly elected and qualified. At the Annual Meeting, the shareowners will elect three Class II directors. The Board of Directors proposes the following three nominees for election as directors at the Annual Meeting. The individuals named on the enclosed proxy card will vote, unless instructed otherwise, each properly delivered proxy for the election of the following nominees as directors.

If a nominee is unable to serve, the shares represented by all valid proxies that have not been revoked will be voted for the election of a substitute as the Board of Directors may recommend, or the Board of Directors may by resolution reduce the size of the Board of Directors to eliminate the resulting vacancy. At this time, the Board of Directors knows of no reason why any nominee might be unable to serve.

The Board of Directors has been set at 11 members. If all three director nominees are elected, the Board of Directors will have no vacancies.

Majority Vote Standard for Election of Directors. Our Bylaws require that each director be elected by a plurality of votes cast with respect to such director in uncontested elections. Our Bylaws, however, also provide that in an uncontested election, if a nominee for director does not receive the vote of at least the majority of the votes cast at any meeting for the election of directors at which a quorum is present, the director will promptly tender his or her resignation to the Board of Directors. In a contested election (a situation in which the number of nominees exceeds the number of directors to be elected), the standard for election of directors would be a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. Whether an election is contested or not is determined as of a date that is the day immediately preceding the date we first mail our notice of meeting for such meeting to the shareowners; this year's election was determined to be an uncontested election, and the majority vote standard will apply.

EXECUTIVE OFFICERS AND TRANSACTIONS WITH RELATED PERSONS

EXECUTIVE OFFICERS

Executive officers are elected annually by the Board of Directors at its meeting following the annual meeting of shareowners to serve for a one-year term and until their successors are elected and qualified. Thomas A. Barron and William G. Smith, Jr. serve as directors and executive officers and J. Kimbrough Davis is an executive officer. For information pertaining to the business experience and other positions held by these individuals, see “NOMINEES FOR ELECTION AS DIRECTORS” and “CONTINUING DIRECTORS AND EXECUTIVE OFFICERS.”

PROCEDURES FOR REVIEW, APPROVAL, OR RATIFICATION OF RELATED PERSON TRANSACTIONS

We recognize that related person transactions may raise questions among our shareowners as to whether the transactions are consistent with our best interests and our shareowners’ best interests. We generally do not enter into or ratify a related person transaction unless our Board of Directors, acting through the Audit Committee or otherwise, determines that the related person transaction is in, or is not inconsistent with, our best interests and our shareowners’ best interests. We have adopted a written Related Person Transaction Policy, and expect to fully implement this policy in 2008.

For the purpose of our procedures, a “related person transaction” is a transaction in which we participate and in which any related person has a direct or indirect material interest, other than

(1) transactions available to all associates or clients generally, (2) transactions involving less than \$120,000 when aggregated with all similar transactions, (3) loans made by Capital City Bank in the ordinary course of business, made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the lender, and not involving more than the normal risk of collectibility or presenting other unfavorable features, or (4) employment arrangements with executive officers that are reviewed and approved by the Compensation Committee.

Under our procedures, each director, executive officer, and nominee for director submits to our designated compliance officer, to the best of his or her knowledge, the following information: (a) a list of his or her immediate family members; (b) for each person listed and the director, executive officer, or nominee for director, each firm, corporation or other entity in which such person is an executive officer, a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest; and (c) for each person listed and the director, executive officer, or nominee for director, each charitable or non-profit organization for which the person actively serves as a director or trustee. We call this list our Related Parties List.

On an ongoing basis, and to the best of their knowledge, directors and executive officers are expected to notify our designated compliance officer of any updates to the Related Parties List, changes regarding their employment, and relationships with charitable organizations. On an annual basis, our designated compliance officer re-circulates the most current information to the directors and executive officers for review and re-verification of the information. Each director and executive officer must either (i) update the list to reflect changes in family, changes in employment, and the addition of new parent companies, subsidiaries and sibling companies, or (ii) confirm in writing that no changes have occurred.

We use our best efforts to follow similar procedures with each shareowner who owns more than 5% of our common stock.

Our designated compliance officer distributes the Related Parties List (and the periodic updates thereof) to (a) each senior manager who oversees our purchasing decisions and (b) the Chief Financial Officer and Chief Executive Officer for use in monitoring of corporate transactions. In addition, our designated compliance officer distributes the portion of the Related Parties List containing the names of immediate family members of directors, executive officers and nominees for director to the Chief People Officer and the portion of the Related Parties List containing the names of related charitable and non-profit organizations to the Capital City Bank Group, Inc. Foundation, President. The recipients of the Related Parties List use the compiled information to implement the review and approval requirements of this policy.

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

14

We use our best efforts to have our Audit Committee pre-approve all related person transactions. In the event a related person transaction was not pre-approved by the Audit Committee, the transaction is immediately submitted for the Audit Committee's review for ratification or attempted rescission.

Prior to our fully implementing the policy described above, we have historically circulated a questionnaire each quarter to our directors and executive officers, in which each respondent was required to disclose, to the best of their knowledge, all related person transactions that occurred in the previous quarter. We intend to continue to circulate these questionnaires.

TRANSACTIONS WITH RELATED PERSONS

Based on our current practice, for the year ended December 31, 2007, we have not identified any transactions or series of similar transactions for which we are a party in which the amount involved exceeded or will exceed \$120,000 and in which any current director, executive officer, holder of more than 5% of our capital stock had or will have a direct or indirect material interest.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE PROCESS AND PROCEDURES

Scope of Authority

The Compensation Committee has strategic and administrative responsibility for a broad range of issues, including reviewing, authorizing, and approving compensation to be paid to our executive officers, directors, and our senior management team. The Nominating Committee recommends to the Board, and the Board appoints, each member of the Compensation Committee. The Corporate Governance Committee has evaluated, and the Board has determined, that each member of the Compensation Committee is an independent director.

The Compensation Committee's policy is to review executive compensation, including incentive goals, at least annually. The Compensation Committee also periodically reviews benefits and perquisites, reviews and provides oversight of our compensation philosophy, serves as the administrative committee for our equity-based plans, and reviews stock ownership guidelines for our executive officers and directors.

Delegation of Authority

The Compensation Committee's charter permits the delegation of its authority to our Chief People Officer to administer compensation and benefits programs. In 2007, the Compensation Committee delegated the administration of all associate compensation, benefit and welfare plans to Bethany H. Corum, our Executive Vice President and Chief People Officer.

None of the members of the Compensation Committee is an executive officer of a public company of which one of our executive officers is a director.

Independent Consultants

In carrying out its responsibilities, the Compensation Committee evaluates the information and recommendations put forth by management and its independent advisors in making its decisions regarding executive compensation. The Compensation Committee's decisions are made with the objective of providing fair, equitable and performance-based compensation to executives in a manner that is affordable and cost effective for our shareowners.

The Compensation Committee did not engage any independent compensation consultants in 2007.

Management's Role

The Compensation Committee sets compensation for the Chief Executive Officer based on data provided by the Chief People Officer. In addition, the Compensation Committee reviews and approves recommendations for other executive officers' compensation. In making these decisions, the Compensation Committee relies on information and recommendations provided by the Chief Executive Officer and Chief People Officer. The key elements of management's role in determining compensation levels for our named executive officers (other than William G. Smith, Jr., our Chairman, President, and Chief Executive Officer) are as follows:

§ Develop performance measures: identify appropriate performance measures and recommend performance targets that are used to determine annual and long-term awards for the Chief Executive Officer and senior managers of the company.

- § Compile benchmark data: management participates in compensation surveys through reputable third-party firms which are used to gather data on base salary, annual cash and long-term performance awards. In 2007, we used Watson-Wyatt's survey report on Financial Institution's Compensation General Executive Positions. The Chief People Officer also provides historical compensation data for each position reviewed by the Compensation Committee.
- § Develop compensation guidelines: using the benchmark survey data and publicly disclosed compensation information as the foundation, management develops compensation guidelines for each executive position. These guidelines are provided to the CEO as the basis for his recommendations regarding individual compensation actions. In addition, executives are briefed on the guidelines established for their positions.

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

The key members of management involved in the compensation process were Mr. Smith and Ms. Corum. Mr. Smith was not present during the Compensation Committee's deliberations regarding his compensation. Ms. Corum attends all meetings of the Compensation Committee to provide information to the Compensation Committee members and to take minutes of the meetings. At times, the Compensation Committee conducts executive sessions. Ms. Corum is excused from all executive sessions and the Chairman of the Committee communicates any decisions for inclusion in minutes.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

Compensation and Benefits Philosophy. Our compensation philosophy provides broad guidance on executive compensation and more specifically on the compensation of the named executive officers. Specifically, the compensation philosophy is to:

- § Align compensation with shareowner value;
- § Provide a direct and transparent link between the performance of the Company and pay for the CEO and top management;
- § Make wise use of the Company's equity resources to ensure compatibility between management and shareowner interests;
- § Align the interests through performance-based incentive plans of the Company's senior executive officers with that of shareowners; and
- § Award total compensation that is both reasonable and effective in attracting, motivating and retaining key associates.

We believe that accomplishing corporate goals is essential for our continued success and sustained financial performance. Therefore, we believe that executive officer compensation should be largely performance-based. Specific targets and weightings used for establishing short-term and long-term performance goals are subject to change at the beginning of each measurement period, and are influenced by the Board's desire to emphasize performance in certain areas. Each year, the Compensation Committee reviews and approves all executive officer performance-based goals.

The compensation and benefits programs for our executives are designed with the goal of providing compensation that is fair, reasonable and competitive. The programs are intended to help us recruit and retain qualified executives, and provide rewards that are linked to performance while also aligning the interests of executives with those of our shareowners.

Compensation Committee Activity in 2007. The Compensation Committee met six times in 2007, including two executive sessions with only the Compensation Committee members present. The chair of the Compensation Committee sets the meeting dates and agenda for the committee.

In January, the Compensation Committee met in Executive Session to discuss the 2006 performance of the Chief Executive Officer and to set 2007 compensation. In accordance with the Compensation Committee charter, Compensation Committee Chairman Cader Cox distributed an evaluation to all outside directors, and then collected and compiled the results of the evaluations. He presented the results for review by the Compensation Committee. Based in part on this review, the Compensation Committee approved Mr. Smith's 2007 base salary of \$275,000 and target cash incentive of \$225,000. Mr. Smith's base salary determination was primarily a function of the Compensation Committee's attempt to gradually increase Mr. Smith's base salary to the peer benchmark level as we discuss below. The Compensation Committee also reviewed and approved Capital City Bank President Thomas A. Barron's 2007 base salary of \$236,000 and target cash incentive of \$190,000 and Chief Financial Officer J. Kimbrough

Davis's 2007 base salary of \$230,000 and target cash incentive of \$75,000. The increase in compensation for Messrs. Barron and Davis was primarily a function of maintaining their compensation at the predetermined peer benchmark level as we discuss below.

The Compensation Committee authorized replacement of Mr. Smith's Stock Option Plan with a Performance Share Units Plan based on the compound annual growth rate in Diluted Earnings Per Share over a three-year period.

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

17

In March, the Compensation Committee reviewed 2007 compensation for our 12 senior managers. The Compensation Committee also reviewed director compensation and made no changes to the fee structure for 2007. The Compensation Committee approved the 2007 Profit Participation Plan at this meeting.

In July, the Compensation Committee met with Mr. Smith to discuss strategic compensation issues. No actions were taken during this meeting.

Compensation Objectives

The Compensation Committee, with Board approval, has set the following compensation objectives:

- § Pay base salaries to our senior executives at a level that is greater than the 60th percentile of our selected peer group of banks;
- § Provide total direct compensation (salary and incentive compensation) to our senior executives at a level greater than the 75th percentile of our selected peer group of banks;
- § Provide total incentive compensation (the sum of cash incentives and equity incentives) at a level greater than 30 percent of total direct compensation; and
- § Continue, over time, the alignment of senior management's interest with that of shareowners (the percentage of equity compensation should increase relative to total incentive compensation).

We discuss the composition of our peer group and our benchmarking practices in further detail below.

Executive Compensation Policy Decisions

The Compensation Committee has adopted a number of policies to further the goals of our executive compensation program, particularly with respect to strengthening the alignment of our executives' interests with our shareowners' long-term interests.

Stock Ownership Expectations. We maintain stock ownership expectations for all senior managers, including our executive officers. In October 2007, after review of other publicly-traded company guidelines, the stock ownership guidelines were changed. Under the new guidelines, all senior managers are expected to own shares of our common stock equal in value to at least two times their annual base salary; Mr. Barron and Mr. Davis are expected to own shares of our common stock equal in value to at least three times their annual base salary; and Mr. Smith is expected to own shares of our common stock equal in value to at least five times his annual base salary. The Compensation Committee has determined that as of December 31, 2007, all named executive officers have met our share ownership expectations and all other senior managers covered by this program are making significant strides in meeting the ownership expectations.

Expensing Stock Options. We have expensed stock options since 2003.

Prohibition on Repricing Stock Options. By the terms of the 2005 Associate Incentive Plan, which is the only plan we use to grant stock options, repricing stock options is prohibited without shareowner approval.

Employment Agreements and Severance Agreements. We believe the employment of our executive officers should remain "at will." Therefore, none of our executive officers have employment agreements or severance agreements with us.

The Compensation Committee believes the above policies are effective for the following reasons: stability of management team, our ability to attract talent from outside the Company, and historical stock performance.

Compensation Program Design

Compensation Framework. We design our specific compensation elements based on the following:

- § Performance: We believe that the best way to accomplish alignment of compensation plans with the participants' interests is to link pay directly to individual and company performance.
- § Competitiveness: Compensation and benefits programs are designed to be competitive with those provided by companies with whom we compete for talent. Benefits programs are designed to be competitive with other companies' programs and are not based on performance.
- § Cost: Compensation and benefit programs are designed to be cost-effective and affordable, ensuring that the interests of our shareowners are considered.
- § Comparator Group: The relevant comparator group for compensation and benefits programs consists of commercial banks and thrifts, with a geographic footprint or asset base similar to ours.

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

Specific Compensation Elements. Our executive compensation program is comprised of five discrete elements:

- § Base salary
- § Short-term incentives
- § Long-term incentives
- § Benefits and perquisites
- § Post-termination compensation and benefits

Benchmarking. In setting 2007 CEO compensation, we used a peer group chosen and published by SNL Financial based on their similarities to us relative to our asset size, performance, and markets served. The 2007 peer group composition changed slightly from 2006, primarily due to merger and acquisition. Seven new institutions were added and five institutions were removed. The asset size ranged from \$720 million to \$2.65 billion and averaged \$1.89 billion as of December 31, 2006 (see chart below for peer group). Approximately 30% of the peer group includes institutions that serve the same geographic region as we do. A compensation study is one of the many tools we use to determine the level of compensation for our named executive officers.

The compensation peer group is not identical to the peer group used to measure company performance, due to difficulty in gathering compensation data from non-public companies. Company performance can be gathered from financial institution call reports for public and non-public financial institutions. However, many of the institutions represented on the compensation peer group are included in the company performance peer group. We continue to seek a credible, published source that identifies the same peer group for company performance and compensation.

Base Salary

We grant annual base salary increases to our named executive officers based on performance and standing as relative to established compensation guidelines of 60th percentile for base salary and 75th percentile for total direct compensation. We chose the 60th and 75th percentiles based on our philosophy that these levels will attract and retain the talent necessary to achieve performance goals. Base salaries for the named executive officers are determined by assessing available competitive market data by position and the experience and performance of the individual. In 2007, Mr. Smith's base compensation was significantly below the 60th percentile and the Compensation Committee recommended and the Board approved, an increase to base salary of 20%. Mr. Smith's low base compensation is not reflective of his performance or experience level. It has been historically low and the Compensation Committee has placed great emphasis on bringing Mr. Smith's base salary in line with the stated objective. Mr. Barron's and Mr. Davis's base salaries were at the 60th percentile for their respective positions.

Short-term Incentives

Each named executive officer has the opportunity to earn annual cash bonuses. These cash bonuses, paid through the profit participation plan, are based solely on whether we achieve a target earnings per share (EPS). The Compensation Committee selected EPS as the goal based on a perceived correlation of EPS to overall stock performance. EPS goals are set at the beginning of the year, based on the budget as recommended by management and approved by the Board of Directors. In 2007, no bonuses would be paid if our actual EPS was 75% or less of the targeted EPS. Bonuses ranging from 4% to 200% of a specified target award are paid to named executive officers if our actual EPS is between 75% and 125% of targeted EPS of \$1.91.

In 2007, nine associates, including the named executive officers, participated in the profit participation plan.

In 2007, the target awards for the Executive Officers were \$225,000 for Mr. Smith, \$190,000 for Mr. Barron, and \$75,000 for Mr. Davis. The target awards for cash incentive are set relative to each executive's cash compensation against the peer group. Mr. Smith's base and cash incentive placed him below the 75th percentile for total cash compensation. Mr. Barron and Mr. Davis's base and cash incentive placed them at the 75th percentile for total cash compensation, relative to their respective peer groups.

In 2007, EPS was \$1.66, resulting in a payout of 50.9% of target. In 2006, the payout was 90.77% of target, and in 2005, the payout was 102.4% of target.

Long-term Incentives

The Compensation Committee believes a competitive compensation package will include cash bonus and equity awards. The equity component creates ownership in the Company and focuses attention on the Company's performance. The Compensation Committee believes incentive compensation equal to or greater than 30% of compensation is sufficient to change behaviors relative to performance. As a result, we believe our total incentive-based compensation of 30% of total compensation is appropriate.

Stock Options. During the course of 2006, the Compensation Committee made the determination that the granting of stock options should be discontinued. After careful consideration, the Compensation Committee voted to discontinue Mr. Smith's stock option plan, effective December 31, 2006, in favor of a more simple to administer long-term incentive plan, discussed below.

Performance Share Units.

Stock Based Incentive Plan. In April 2006, following the completion of a compensation study conducted by our independent consultant, the Compensation Committee and Board approved a new design for earning Performance Share Units based on one goal — the earnings progression necessary to achieve our goal of \$50 million by 2010. We call this our Stock-Based Incentive Plan.

In early 2008, our management determined that, while on track to achieve its goal through 2006, due to recent changes in financial market conditions and the unknown duration of the current economic cycle, both of which are outside of our control, we now anticipate that we will not reach this goal. Thus, while it is unlikely that any further payouts will be made under the Stock-Based Incentive Plan, the plan remains in effect and, to date, has not been replaced by other forms of compensation.

The Stock-Based Incentive Plan is a performance-based equity bonus plan in which selected members of management, including all named executive officers, are eligible to participate. The Stock-Based Incentive Plan is administered under our 2005 Associate Incentive Plan. The Stock-Based Incentive Plan replaced all of our previous stock-based compensation plans.

The Stock-Based Incentive Plan consists of performance shares, as well as a tax supplement bonus paid in cash, and is designed to align the economic interests of management with our previously announced Project 2010. Under the Stock-Based Incentive Plan, all participants are eligible to earn an equity award in each year of the five-year period ending December 31, 2010. Annual awards are tied to the earnings progression necessary to achieve the Project 2010 goal. The Compensation Committee has predetermined the earnings goals for each of the five years covered by the Stock-Based Incentive Plan. If we achieve 100% of the predetermined earnings goal in any year, the Stock-Based Incentive Plan participants will receive 100% of the performance share award for that particular year. For each year from 2006 through 2009, if we achieve at least 75% of the predetermined year over year growth in earnings required to meet the Project 2010 goal, but less than the predetermined earnings goal, then the Stock-Based Incentive Plan participants will receive 75% of the performance share award for that particular year. No award will be granted for a year when less than 75% of the predetermined year over year growth in earnings required to meet the Project 2010 goal is achieved. For the year 2010, no award may be earned unless we meet our Project 2010 goal. We believe a payout in years 2006 through 2009 at a level less than 100% is appropriate considering actual earnings don't necessarily follow a linear progression to the 2010 goal, given that in any one year, the economy and the local market conditions may not support 10% growth without engaging in business activities which subject the Company to an unacceptable level of risk.

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

For each of the five years covered by the Stock-Based Incentive Plan, the named executive officers are eligible to receive the following shares:

Name	Annual 75% Payout	Annual 100% Payout	Maximum Payout
William G. Smith, Jr.	2,657	3,543	17,715
Thomas A. Barron	2,254	3,005	15,025
J. Kimbrough Davis	1,757	2,316	11,580

The number of shares an executive officer is eligible to earn is based on a five year smoothing of base salary and cash incentives, using a formula of 15% of total cash compensation and 19.08% of base salary for Mr. Smith; and 15% of total cash compensation and 15.27% of base salary, for Messrs. Barron and Davis. The formula assumes a 4% increase in total compensation each year and uses a December 31, 2005 stock price of \$34.29 to arrive at the number of shares. Maximum payout assumes a 100% payout for each of the five years covered by the Incentive Plan. The varying amounts are a subjective judgment meant to recognize the different levels of responsibility and authority for each executive officer.

At the end of each calendar year, the Compensation Committee will confirm that the performance goals have been met prior to the payout of any awards. Any performance shares earned under the Stock-Based Incentive Plan will be issued in the calendar quarter following the calendar year in which the shares were earned. For the past three years, any performance shares earned were awarded in February. Participants will also receive a cash payment equal to 31% of the market value of the performance shares at the time of issue as a tax supplement bonus. The tax supplement bonus allows the associate to retain all of the shares he/she receives, rather than having to sell a portion of the shares to satisfy any tax obligation. This supports our philosophy of ownership expectations and aligns the interest of our officers with that of the shareowner.

Long-term Incentive Plan - Compound Annual Growth Rate in Diluted EPS. In January 2007, the Compensation Committee entered into an agreement with Mr. Smith to award Performance Share Units as provided in the 2005 Associate Incentive Plan. Only Mr. Smith participates in this particular compensation plan because our Compensation Committee believes that it is in the best interests of our shareowners for our Chief Executive Officer to have more of his compensation "at risk" with a bigger potential reward when our stock price outperforms the Board's expectations.

Under the agreement, we agreed to award Performance Share Units with an economic value equivalent ranging from \$0 to \$500,000, including a 31% tax supplement bonus. The target award of \$250,000 is based on 10% Compound Annual Growth Rate in Diluted Earnings Per Share over a three-year period, with a phased in approach in years 2007 and 2008. No award is earned if actual performance is below a 7.5% Compound Annual Growth Rate in Diluted Earnings Per Share, the minimum performance level. A maximum award of \$500,000 is earned if the Compound Annual Growth Rate in Diluted Earnings Per Share equals or exceeds 12.5%, the maximum performance level. The Compensation Committee selected the \$500,000 target because if the full target is met and the \$500,000 award was paid to Mr. Smith, Mr. Smith's total direct compensation would be at the 75th percentile of our selected peer group of banks. As with all of our stock-based plans, the Compensation Committee has determined to pay a tax supplement bonus to help ensure that the executive retains all of the shares he or she received, rather than having to sell a portion of the shares to satisfy any tax obligation.

Benefits and Perquisites

Determining Benefit Levels. Benefit levels are reviewed periodically to ensure that the plans and programs provided are competitive and cost-effective for us, and support our human capital needs. Benefit levels are not tied to company, business area or individual performance.

Perquisites. We provide our named executive officers with perquisites that we believe are reasonable, competitive and consistent with our overall executive compensation program. The value of the perquisites for each named executive officer in the aggregate is less than \$10,000.

Health, Dental, Disability and Life Insurance Coverage. The core insurance package for our named executive officers and senior management team includes health, dental, disability and basic group life insurance coverage. Our named executives and senior management participate in these benefits on the same basis as our other associates.

Paid Time-Off Benefits. We provide vacation and other paid holidays to all associates, including our named executive officers and senior management team, which are comparable to those provided at similarly sized financial institutions.

Post-Termination Compensation and Benefits

Retirement Plans. We provide retirement benefits to named executive officers and senior management through a combination of qualified (under the Internal Revenue Code) and nonqualified plans. The objectives of our retirement program is (1) to provide our named executive officers with reasonable and competitive levels of protection against contingencies, including retirement, death and disability, which could interrupt their employment with and income received from us and (2) reward the named executive officers for continued service with us.

- § Retirement Plan: The Retirement Plan is a tax-qualified, noncontributory defined benefit plan intended to provide for an associate's financial security in retirement. All full-time and part-time associates with 1,000 hours of service annually are eligible for the Retirement Plan.
- § 401(k) Plan: The 401(k) plan provides associates the opportunity to save for retirement on a tax-favored basis. We studied the overall competitiveness of our retirement benefits package and its long-term costs. To better align the retirement benefits package with associates' preferences and recruitment needs, a decision was made to change the benefit design of the Retirement Plan and the 401(k) Plan. For associates hired after January 1, 2002, the pension benefit under the Retirement Plan was reduced and in the 401(k) Plan, a 50% matching contribution was introduced into the 401(k) Plan. This change was intended to be cost-neutral. Executives may elect to participate in the 401(k) Plan on the same basis as our other similarly situated associates. No named executive officers are currently eligible for the company-sponsored match.
- § Supplemental Executive Retirement Plan (SERP): Each of our named executive officers participates in our SERP, a nonqualified plan which provides benefits in excess of the Retirement Plan. The SERP is designed to restore a portion of the benefits Messrs. Smith, Barron, and Davis would otherwise receive under our Retirement Plan, if these benefits were not limited by U.S. tax laws. This more closely aligns the benefits of Messrs. Smith, Barron, and Davis with those of other Retirement Plan participants. We have no obligation to fund the SERP but accrue for our anticipated obligations under the SERP on an annual basis.

Impact of Regulatory Requirements

Tax Deductibility of Compensation. Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the amount that a publicly traded company may deduct for compensation paid to an executive officer who is employed on the last day of the fiscal year. "Performance-based compensation" is excluded from this \$1 million limitation. In general, our policy is to provide compensation that we may fully deduct for income tax purposes. However, in order to maintain ongoing flexibility of our compensation programs, our Compensation Committee may from time to time

approve annual compensation that exceeds the \$1 million limitation. We recognize that the loss of the tax deduction may be unavoidable under these circumstances.

Accounting for Stock-Based Compensation. In 2003, we began accounting for stock-based payments in accordance with Statement of Financial Accounting Standards 123R, "Share-Based Payment."

Conclusion

The Compensation Committee believes the philosophy and objectives set forth have allowed us to attract and retain talent needed to deliver above average shareowner return. We believe by placing a significant portion of pay at risk, behaviors are changed and management focus is placed on strategic objectives of the company. This philosophy, along with the stock ownership expectations and current levels of ownership by our senior management, aligns the interests of management with that of shareowners. We believe our compensation philosophy and objectives have been successful in attracting and retaining qualified executives with capabilities that enable the Company to achieve or exceed its designated performance targets.

INFORMATION ABOUT EXECUTIVE COMPENSATION

Summary Compensation Table

The following summary compensation table shows compensation information for our principal executive officer, principal financial officer, and our president (the other executive officer whose total compensation exceeded \$100,000) for the fiscal year ended December 31, 2007.

We have no employment agreements with our named executive officers. None of the named executive officers were entitled to receive payments which would be characterized as “Bonus” payments for 2005, 2006 or 2007. Amounts listed under column (g), “Non-Equity Incentive Plan Compensation” are determined by the Compensation Committee at its first meeting following the year in which the compensation is earned and paid to the executives shortly after such determination is made.

1. The amounts in column (e) reflect the dollar amount recognized for financial statement reporting purposes for the respective fiscal year, in accordance with SFAS 123R of awards under our Stock-Based Incentive Plan. Thus, they may include amounts from awards granted prior to the year in which the compensation is reported in this table.

2. The amounts in column (f) reflect the dollar amount recognized for financial statement reporting purposes for the respective fiscal year, in accordance with SFAS 123R of awards pursuant to our Stock Option Program, and thus

may include amounts from awards granted prior to the year in which the compensation is reported in this table. Awards are discussed in further detail on page 20 under the heading "Stock Options." Assumptions used in the calculation of these amounts are included in footnote 11 to our audited consolidated financial statements for the fiscal year ended December 31, 2007 included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 17, 2008.

3. The amounts in column (g) reflect the cash awards to the named individuals under the Cash Bonus Plan, which is discussed in further detail on page 20 under the heading "Short-term Incentives." Grants of Plan-Based Awards in 2007

As discussed in the Compensation Discussion and Analysis, cash bonus plan payouts, stock options and performance share units are granted only when we achieve board approved established levels of performance. Each stock option permits Mr. Smith to purchase one share of our common stock at the market price of our stock on the date of grant. Stock options generally expire 10 years from the date of grant. As of December 31, 2006, our Compensation Committee terminated Mr. Smith's stock option plan.

- The amounts shown in column (c) reflect the minimum payment level under our Cash Bonus Plan. The amount shown in column (e) is 200% of the target amount. The Compensation Committee determines these amounts annually.
- As discussed in the Compensation Discussion and Analysis, performance share units are awarded pursuant to our 2005 Associate Incentive Plan. In 2007, we entered into an agreement with Mr. Smith to award him performance share units with an economic value equivalent ranging from \$0 to \$500,000, including a 31% tax supplement bonus. The award would be paid if our compound annual growth rate in diluted earnings per share EPS met certain levels as discussed in detail on page 21. Since our EPS compound growth rate was less than 7.5% in 2007, Mr. Smith did not receive an award. Thus, no amount is shown in column (l).

Option Exercises

There were no exercises of stock options by any of our named executive officers during the 2007 fiscal year.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The amount of compensation (if any) that is payable to our named executive officers upon termination of employment depends on the nature and circumstances under which employment is ended.

Change in Control

In the event of a change in control, our named executive officers will be credited with an additional two years of credited service for purposes of computation of retirement benefits payable under the SERP. Accrued benefits based upon normal retirement are payable to the named executive officer upon a change in control. A “change in control” under the SERP means the sale of substantially all of our assets, a change in share ownership of greater than 50% within a 24-month period, or any other determination of change in control made by our Board of Directors.

In the event of a change in control, our named executive officers would not receive any additional benefit under the Retirement Plan but would have the same benefits as any associate who separates employment with the Company.

In the event of a change in control, any stock options previously granted to one of our named executive officers under the 1996 or 2005 Associate Incentive Plans would become immediately vested. A “change in control” for purposes of the immediate vesting of options means an acquisition of 25% of our Common Stock by any “person” as defined in the Securities Exchange Act of 1934, or, during any period of two consecutive years, individuals who at the beginning of such period constitute the Board cease for any reason to constitute at least a majority of the Board, unless the election or the nomination for election by our shareowners of each new director was approved by a vote of at least three-quarters of the directors then still in office who were directors at the beginning of the period.

We have no post-employment compensation programs designed to provide benefits upon a change in control of the Company, other than those discussed above.

Payments Upon Termination of Employment

Voluntary Termination. If a named executive officer voluntarily resigns from our employment, no amounts are payable under the Cash Bonus Plan or the Stock-Based Incentive Plan. The executive may be entitled to receive benefits from the Retirement Plan, and the SERP to the extent those benefits have been earned under the provisions of the plans and the executive officer has met the vesting requirements of the plans. In addition, the executive would be entitled to receive any amounts voluntarily deferred (and the earnings on deferrals) under the 401(k) Plan.

Early Retirement. Currently, Mr. Barron is the only named executive officer eligible to retire as defined by the Retirement Plan and the SERP. As such, he may be entitled to receive benefits from the Retirement Plan and SERP to the extent those benefits have been earned under the provisions of the plans. No other named executive officer is eligible for early retirement from the Retirement Plan or the SERP.

Death. If a named executive officer dies while employed by us, the Retirement Plan and the SERP will provide benefits to heirs of the deceased executive. The benefits are of the same value as those provided for a voluntary termination or early retirement as applicable.

Involuntary Termination with or without Cause. If a named executive officer’s employment is involuntarily terminated, the executive may be entitled to receive benefits from the Retirement Plan and the SERP to the extent those benefits have been earned under the provisions of the plans and the executive officer has met the vesting

requirements of the plans. In addition, the executive would be entitled to receive any amounts voluntarily deferred (and the earnings on deferrals) under the 401(k) Plan.

Disability. In the event that a named executive officer becomes disabled on a long-term basis, the executive officer's employment by us would not necessarily terminate. Therefore, we do not disclose any such amounts in the table below. If a named executive officer becomes disabled under the terms of the Retirement Plan and SERP, the executive will continue to accrue a retirement benefit until the earliest of recovery, death or retirement. This benefit cannot be paid as a lump sum distribution.

PENSION BENEFITS

Retirement Plan

The key provisions of the Retirement Plan are as follows:

Monthly Benefit. Named executive officers with a vested benefit will be eligible to receive the following retirement benefits each month for the rest of their lives beginning at age 65:

- § 1.90% of final average monthly compensation multiplied by years of service after 1988 (limited to 30 years), plus
- § 0.40% of final average monthly compensation in excess of \$2,000 multiplied by years of service after 1988 (generally limited to 30 years), plus
- § the monthly benefit accrued as of December 31, 1988 updated for salary increases since 1988

¹ Lump Sum. Lump sum payments are determined as of December 31, 2007 using the Retirement Plan's applicable basis, namely, the mortality table found in Revenue Ruling 2001-62 and an interest rate of 4.69%. Under the

Retirement Plan and the SERP, lump sum payments are triggered upon a change in control, voluntary termination, retirement, death, and involuntary termination. No further benefits would be payable after the lump sum payment is made.

2 Annuity Payments. In the event that a named executive officer becomes disabled on a long-term basis, the named executive officer would receive annuity payments beginning at age 65. These payments coordinate with our long-term disability program.

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

27

Total benefits are limited by the Internal Revenue Code. In 2007, the limit was \$180,000 per year or \$15,000 per month. Additional provisions may apply for participants who were hired after January 1, 2002 or who worked for a bank that we acquired.

Final Average Monthly Compensation. The final average monthly compensation is the average of the highest five consecutive years of W-2 earnings (plus 401(k) deferrals). Compensation is limited to the limits described in Internal Revenue Code, which was \$225,000 per year (or \$18,750 per month) for 2007.

Beginning in 2008, the value of stock awarded under any of our incentive compensation plans will be included in the average monthly compensation.

Vesting. Participants become vested after reaching five years of service.

Early Retirement Benefits. Participants may elect to retire prior to their Normal Retirement Date.

§ Reduced Retirement: If participants are at least age 55 and have at least 15 years of service, then they may commence benefits early on a reduced basis. The monthly benefit will be calculated using the benefit formula described above, reduced 6.67% times the number of years (up to five) that the Benefit Commencement Date precedes the Normal Retirement Date, and 3.33% times any additional years (up to five).

§ Unreduced Retirement: If they are at least age 61 and have at least 30 years of service, then they may commence benefits early on an unreduced basis. The monthly benefit will be calculated using the benefit formula described above, reduced 6.67% times the number of years (up to five) that the Benefit Commencement Date precedes the later of age 61 or 30 years of service, and 3.33% times any additional years (up to five).

Form of Payment. Participants may receive their pension benefit as an annuity or as a lump sum.

SERP

In general, the plan provisions for the SERP are identical to the provisions of the Retirement Plan, except the benefits are calculated without regard to the limits set by the Internal Revenue Code on compensation and benefits. The net benefit payable from the SERP is the difference between this gross benefit and the benefit payable by the Retirement Plan. The SERP limits gross benefits to 60% of final average monthly compensation. As a general rule, we do not grant extra years of service under the SERP. Exceptions may occur in limited instances such as a mid-career hire.

2007 Pension Benefit Tables

The following table shows the years of credited service, present value of the accumulated benefit for the named executive officers as of December 31, 2007, assuming payment at age 61, and payments made during the last fiscal year.

Assumptions Used to Calculate Pension Values

Because the pension amounts shown in the Summary Compensation Table and the Pension Benefits Table are projections of future retirement benefits, numerous assumptions must be applied. In general, the assumptions should be the same as those used to calculate the pension liabilities in accordance with SFAS No. 87, Employers' Accounting for Pensions on the measurement date, although the Security and Exchange Commission specifies some exceptions (as noted in the table below).

Capital City Bank Group, Inc. Notice of Annual Meeting and Proxy Statement

The key assumptions used to determine the pension values are summarized below. The changes in the pension values shown in the Summary Compensation Table are determined as the change in the values during the fiscal year (including the impact of changing assumptions from the prior fiscal year). The accumulated pension values shown in the Pension Benefits Table are based on the assumptions as of the end of the fiscal year.

AUDIT COMMITTEE REPORT

The Audit Committee, which operates under a written charter adopted by the Board of Directors, monitors the Company's financial reporting process on behalf of the Board of Directors. This report reviews the actions taken by the Audit Committee with regard to the Company's financial reporting process during 2007 and particularly with regard to the Company's audited consolidated statements of financial condition as of December 31, 2007 and 2006, and the related statements of income, changes in shareowners' equity, and cash flows for each of the years in the three-year period ended December 31, 2007.

The Audit Committee believes that it has taken the actions necessary or appropriate to fulfill its oversight responsibilities under the Audit Committee's charter. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements to be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, including a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with Ernst & Young their judgments as to quality (rather than just the acceptability) of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, Communication with Audit Committees. In addition, the Audit Committee discussed with Ernst & Young, the auditor's independence from management and the Company, including the written disclosures, letter, and other matters required of Ernst & Young by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees.

Additionally, the Audit Committee discussed with the Company's internal and independent auditors the overall scope and plan for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the Securities and Exchange Commission.

PROPOSAL NO. 2 - RATIFICATION OF AUDITORS

APPOINTMENT OF AUDITOR

Our Audit Committee appointed Ernst & Young LLP as our independent auditor for the 2008 fiscal year. Shareowner ratification of the selection of Ernst & Young as our independent public accountants is not required by our Bylaws or other applicable legal requirement. However, the Board is submitting the selection of Ernst & Young to the shareowners for ratification as a matter of good corporate practice. If the shareowners fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in our and our shareowners' best interests.

Representatives of Ernst & Young may attend the 2008 Annual Meeting and, if in attendance, will have an opportunity to make a statement if they so desire and to respond to appropriate questions.

The proposal to ratify Ernst & Young as independent auditors will be approved if the votes cast by the shareowners present, or represented, at the Annual Meeting and entitled to vote on the matter favoring this proposal exceed the votes cast in opposition to the proposal.

CHANGE IN AUDITOR

During 2006, the Audit Committee solicited proposals from four major accounting firms and conducted an extensive evaluation process in connection with the selection of our independent auditor for the fiscal year ending December 31, 2007. Following this process, on December 21, 2006, the Audit Committee dismissed KPMG LLP as our independent auditor for our fiscal year ending December 31, 2007, and appointed Ernst & Young to serve as our independent auditor for 2007. KPMG served as our independent auditor for the fiscal year ended December 31, 2006.

KPMG's audit report on our consolidated financial statements as of and for the fiscal year ended December 31, 2006 did not contain an adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles.

During the fiscal year ended December 31, 2006 and the subsequent interim period through March 15, 2007, the date we filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2006, (i) there were no disagreements between us and KPMG on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG, would have caused KPMG to make reference to the subject matter of the disagreement in its report on our consolidated financial statements, and (ii) there were no "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

During the fiscal year ended December 31, 2006 and the subsequent interim period through March 15, 2007, neither we nor anyone acting on our behalf consulted Ernst & Young regarding (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements; or (2) any matter that was either the subject of a disagreement as defined in Item 304(a)(1)(iv) of Regulation S-K or a "reportable event" described in Item 304(a)(1)(v) of Regulation S-K.

The Board of Directors unanimously recommends a vote "FOR"
ratification of the appointment of Ernst & Young.

AUDIT FEES AND RELATED MATTERS

FEES PAID TO PRINCIPAL ACCOUNTANTS

The following table represents aggregate fees, including out-of-pocket expenses, paid or to be paid to Ernst & Young for the 2007 fiscal year and paid or to be paid to KPMG for the 2006 fiscal year.

	2007	2006
Audit Fees	\$ 582,269	\$ 703,490
Audit-Related Fees	-	11,850
Tax Fees	74,000	43,000
All Other Fees	-	-
Total	\$ 656,269	\$ 758,340

Audit fees primarily represent amounts billed to us for auditing our annual consolidated financial statements (including services incurred with rendering an opinion under Section 404 of the Sarbanes-Oxley Act of 2002), reviewing the financial statements included in our Quarterly Reports on Form 10-Q, and for services that are normally provided by the auditor in connection with statutory and regulatory filings. Also included are \$70,749 and \$68,500 in out-of-pocket expenses in the 2007 and 2006 fees, respectively. Audit-Related Fees were fees paid to KPMG in connection with the transition of the auditor of our annual financial statements from KPMG to Ernst & Young. Tax fees are fees related to the preparation of our original and amended tax returns, claims for refunds, and tax planning.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES OF INDEPENDENT AUDITOR

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is generally provided for up to 12 months from the date of pre-approval, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may delegate pre-approval authority to one or more of its members when expedition of services is necessary. The independent auditors and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval policy and the fees for the services performed to date. The Audit Committee pre-approved all audit and non-audit services provided by Ernst & Young in 2007 and KPMG in 2006.

The Audit Committee has determined that the non-audit services provided by Ernst & Young during the fiscal year ended December 31, 2007, were compatible with maintaining their independence.
