Item 5. Other Events

As previously announced in October 2003, Belgian telecom provider Belgacom SA/NV ("Belgacom") and Telecommunications B.V. ("ADSB"), agreed to proceed with preparations for an initial public offering in connection with this IPO, which began today, SBC Communications Inc. ("SBC"). will sell substantial portion of Belgacom. SBC holds both a direct and indirect ownership in Belgacom's minority shareholder, ADSB.

In connection with the IPO, SBC expects to report a combined direct and indirect net gain of approximately \$1.0 billion (\$700 million after-tax), in its first-quarter 2004 financial results. Approximately \$2.0 billion will be reported as equity income, reflecting its indirect ownership through TDC A/S ("TDC"). SBC expects to receive approximately \$2.0 billion in cash from the disposition of its direct interest.

After the closing of the IPO, ADSB expects to hold a small percentage of Belgacom shares, representing approximately 10 percent of SBC's and TDC's original ownership, which are subject to an over-allotment option in the IPO. If the over-allotment option will be exercised, but if the option is exercised, any shares sold in the IPO will be at the IPO price.

Information set forth in this report contains financial estimates and other forward-looking statements which are subject to uncertainties. A discussion of factors that may affect future results is contained in SBC's filing with the Securities and Exchange Commission. SBC disclaims any obligation to update or revise statements contained in this news release or otherwise.

The securities discussed in this report have not been registered under the U.S. Securities Act of 1933.
