COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

During 2001, decisions on cash compensation and stock options of the Corporation's executive officers were made by the Compensation Committee of the Board of Directors, which has furnished the following report on its policies. This report is not deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission (the "SEC") or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the "1934 Act"), and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Corporation under the Securities Act of 1933, as amended or the 1934 Act.

Compensation Policies toward Executive Officers

The Corporation's executive compensation policies are intended to provide competitive levels of compensation that reflect the Corporation's annual and long-term performance goals, reward superior corporate performance, and assist the Corporation in attracting and retaining qualified executives. Total compensation for each of the Named Officers as well as the other executive officers is comprised of three principal components: base salary, annual incentive compensation and grants of options to purchase the Corporation's Common Stock.

Base Salary. Each year the Compensation Committee determines the base salaries of each of the executive officers and that of the Chief Executive Officer based on available competitive compensation data and the Compensation Committee's assessment of each officer's past performance and its expectation as to future contributions.

Annual Bonus Plan. The amount of annual bonuses paid to the executive officers under the Corporation's bonus program (the "Bonus Plan") depends primarily upon whether, and the extent to which, the Corporation achieved certain pre-established working capital, profit and specific strategic

Edgar Filing: WABASH NATIONAL CORP /DE - Form DEF 14A

objectives. Under the Bonus Plan, the Corporation has established for each participant a percentage of his annual base salary which is to be the participant's standard bonus percentage (the "Standard Bonus Percentage"). The Standard Bonus Percentages are reviewed each year by the Compensation Committee and changes are made when deemed necessary.

Generally, if the Corporation achieves its working capital, profit and specific strategic objectives, each Bonus Plan participant will accrue a bonus for the year which is equal to his Standard Bonus Percentage of his base pay for the year. If the Corporation's performance is 10%, 20%, 30%, 40%, or 50% above its objectives, each participant accrues a bonus equal to 120%, 140%, 160%, 180% or 200% of his Standard Bonus Percentage of base pay, respectively. Bonuses are prorated for Corporation performance which falls between these achievement percentages. After the bonus percentage is computed for each Bonus Plan participant, the Compensation Committee may in its discretion increase or decrease the percentage, based upon individual performance. Bonuses are paid to participants in the calendar year following the year in which bonuses are accrued by the participants. Bonuses for 1999, 2000, and 2001 for each of the Named Officers appear under the caption "Bonus" in the Summary Compensation Table on page 5.

Long Term Compensation through Stock Options and Stock Appreciation Rights. The Company has two non-qualified stock option plans (the 1992 and 2000 Stock Options Plans) under which options may be granted to officers and other key employees of the Company and its subsidiaries to purchase shares of common stock at a price not less than market price at the date of grant. Under the terms of the Stock Option Plans, up to an aggregate of 3,750,000 shares are reserved for issuance, subject to adjustment for stock dividends, recapitalizations and the like. Options granted under the Stock Option Plans become exercisable in annual installments of three years for options granted under the 2000 Plan and five years for options granted under the 1992 Plan, except for non-employee Directors of the Company in which options are fully vested on the date of grant and are exercisable six months thereafter. All options granted expire ten years after the date of grant. The 2000 Stock Option Plan also provides for the award of restricted stock to directors and officers of the Company and key employees of the Company and its subsidiaries. Under the terms of the 2000 Stock Option Plan, shares

7

designated for restricted stock awards are included in the aggregate of 2,000,000 shares reserved for issuance, subject to adjustment for stock dividends, recapitalizations, and the like. In 2001, the Company adopted a Stock Appreciation Rights Plan, under which stock appreciation rights may be granted to officers and key employees of the Company and its subsidiaries. Under the terms of the Stock Appreciation Rights Plan, 1,000,000 rights are designated as reserved for issuance.

Chief Executive Officers' 2001 Compensation. The Chief Executive Officer of the Company generally participates in the same executive compensation plans and arrangements available to the other senior executives. Accordingly, the compensation of the Chief Executive Officer consists of annual base salary, annual bonus and grants of options. The Compensation Committee's general approach in setting compensation of the Chief Executive Officer is to be competitive with other companies in the industry, but to have a large portion of compensation based upon the Corporation's performance.

Section 162(m). Section 162(m) of the Internal Revenue Code limits tax deductions for executive compensation to \$1 million. There are several exemptions to Section 162(m), including one for qualified performance-based

Edgar Filing: WABASH NATIONAL CORP /DE - Form DEF 14A

compensation. To be qualified, performance-based compensation must meet various requirements including shareholder approval. The Committee intends to consider annually whether it should adopt a policy regarding 162(m) and to date has concluded that it was not appropriate to do so. One reason for this conclusion is that, assuming the current compensation policies and philosophy remain in place, Section 162(m) will not be applicable in the near term to any executive's compensation.

AUDIT COMMITTEE REPORT

The Audit Committee of the board of directors in fiscal 2001 consisted of Messrs. Hackett, Harrison and Koci. In March, 2002, Mr. Harrison resigned from the Audit Committee, and Messrs. Burdakin and Jischke joined the Audit Committee. Each such member of the Audit Committee is independent within the meaning of the rules of the New York Stock Exchange. The Committee's responsibilities are described in a written charter adopted by the board.

As part of its ongoing activities, which are described above under "Information Concerning the Board of Directors and Certain Committees--Audit Committee," the Audit Committee has:

- Reviewed and discussed with management the Company's audited consolidated financial statements for the fiscal year ended December 31, 2001;
- Discussed with Andersen LLP, the Company's independent auditors for fiscal 2001, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect;
- Received the written disclosures and the letter from the independent auditors required by Independence Standards Board Statement No. 1, Independence Discussions with Audit Committees, as currently in effect, and has discussed with the auditors their independence; and,
- Considered the compatibility of the non-audit services provided by the auditors (which are described below) with the auditors' independence.

The Audit Committee's job is one of oversight. The members of the Audit Committee are not experts in the fields of accounting or auditing, including auditor independence. It is not the duty of the Audit Committee to prepare the Company's financial statements, to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. The Company's management is responsible for preparing the Company's financial statements and for maintaining the system of internal controls. The independent auditors are responsible for auditing the financial statements and for

8

expressing an opinion as to the conformity of the audited financial statements with generally accepted accounting principles.

On the basis of these reviews and discussions, the Audit Committee recommended that the Company's audited consolidated financial statements be

Edgar Filing: WABASH NATIONAL CORP /DE - Form DEF 14A

included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the Securities and Exchange Commission.

The fees paid by the Company to Andersen LLP for the fiscal year ended December 31, 2001 were as follows:

Audit Fees. The aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2001 and the reviews of the financial statements included in the Company's Forms 10-Q for the fiscal year ended December 31, 2001 were \$1,450,000.

Financial Information Systems Design and Implementation Fees. No fees were billed by Andersen LLP for financial information systems design and implementation services during 2001.

All Other Fees. RELATED PARTY TRANSACTIONS

On July 16, 2001, the Company entered into a three-year consulting and non-compete agreement with Donald J. Ehrlich, former President and Chief Executive Officer of the Company. At the time the agreement was executed, Mr. Ehrlich was a director of the Company. The agreement provides for Mr. Ehrlich to provide certain consulting services to the Company and precludes Mr. Ehrlich from engaging in defined activities which are deemed competitive to the interests of the Company. The agreement provides for payments to Mr. Ehrlich for consulting services rendered to the Company of \$50,000 per month during the first year of the agreement term, \$41,667 per month during the second year of the agreement term, and \$33,333 per month during the third year of the agreement term.

In April, 2002, the Company entered into an employment contract with William P. Greubel in connection with Mr. Greubel's employment as Chief Executive Officer and President of Wabash National Corporation beginning in May, 2002. Mr. Greubel was formerly a Director and Chief Executive Officer of Accuride Corporation, a manufacturer and supplier of wheels for medium and heavy-duty trucks and trailers. During 2001, the Company purchased certain products from Accuride Corporation, and the Company expects to make additional purchases during 2002. All purchases made during 2001 were on an arm's-length basis, and the Company expects that future purchases will be made on an arm's-length basis.

PROVISIONS OF THE CERTIFICATE OF INCORPORATION WITH ANTI-TAKEOVER EFFECTS

AUTHORIZED SHARES OF CAPITAL STOCK

The Certificate of Incorporation authorizes the issuance of up to 75,000,000 shares of Common Stock, 23,087,260 shares of which were issued and outstanding as of April 2, 2002, and up to 25,000,000 shares of Preferred Stock, 482,041 shares of which were outstanding as of April 2, 2002. Additional shares of Preferred Stock with voting rights could be issued and would then represent an additional class of stock required to approve any proposed acquisition. In addition, such shares of Preferred Stock, together with authorized but unissued shares of Common Stock, could also represent additional capital required to be purchased by an acquirer. Issuance of such additional shares may also dilute the voting interest of the Corporation's stockholders.

On November 7, 1995, the Board of Directors adopted a Stockholder Rights Plan (the "Plan"). The Plan is designed to deter coercive or unfair takeover tactics, to prevent a person or group from gaining control of the Corporation without offering fair value to all shareholders and to deter other abusive takeover tactics which are not in the best interest of shareholders.

Under the terms of the Plan, each share of Common Stock is accompanied by one right; each right entitles the shareholder to purchase from the

Edgar Filing: WABASH NATIONAL CORP /DE - Form DEF 14A

Corporation, one one-thousandth of a newly issued share of Series A Preferred Stock at an exercise price of \$120.

The rights become exercisable ten days after a public announcement that an acquiring person or group (as defined in the Plan) has acquired 20% or more of the outstanding Common Stock of the Corporation (the "Stock Acquisition Date") or ten days after the commencement of a tender offer which would result in a person owning 20% or more of such shares. The Corporation can redeem the rights for \$.01 per right at any time until ten days following the Stock Acquisition Date (the 10-day period can be shortened or lengthened by the Corporation). The rights will expire in November 2005, unless redeemed earlier by the Corporation.

If, subsequent to the rights becoming exercisable, the Corporation is acquired in a merger or other business combination at any time when there is a 20% or more holder, the rights will then entitle a holder to buy shares of the Acquiring Corporation with a market value equal to twice the exercise price of each right. Alternatively, if a 20% holder acquires the Corporation by means of a merger in which the Corporation and its stock survives, or if any person acquires 20% or more of the Corporation's Common Stock, each right not owned by a 20% or more shareholder, would become exercisable for Common Stock of the Corporation (or, in certain circumstances, other consideration) having a market value equal to twice the exercise price of the right.

VOTING PROCEDURES

Shares can be voted only if the stockholder is present in person or by proxy. Whether or not you plan to attend in person, you are encouraged to sign and return the enclosed proxy card. The representation in person or by proxy of at least a majority of the outstanding shares entitled to vote is necessary to provide a quorum at the meeting. Directors are elected by a plurality of the affirmative votes cast.

Abstentions and "non-votes" are counted as present in determining whether the quorum requirement is satisfied. Abstentions and "non-votes" are not counted for the election of director proposal. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

INDEPENDENT PUBLIC ACCOUNTANTS

The accounting firm of Andersen, LLP has acted as the Corporation's independent public accountants for the year ended December 31, 2001. Representatives of Andersen LLP are expected to be present at the stockholders meeting and will have an opportunity to make a statement if they desire and are expected to be available to respond to appropriate questions.

The Audit Committee and the Board are currently monitoring various matters involving Andersen, including the indictment of Andersen by the U.S. Department of Justice and other litigation and investigations by regulatory agencies into the financial reporting practices of certain companies audited by Andersen. In view of the rapid pace of these on-going developments, and in view of the extensive work required in connection with the recent renegotiation of the Company's credit facilities, the Audit Committee and the Board have determined that it is in the best interests of the Company and its stockholders to defer the selection of the Company's auditors this year until further information becomes known about the status of Andersen, and to allow adequate time for the Audit Committee carefully to consider alternative accounting firms, should it decide not to recommend retaining Andersen. Accordingly, the Board of

Edgar Filing: WABASH NATIONAL CORP /DE - Form DEF 14A

Directors has not yet selected the Company's auditors for the year ending December 31, 2002.

Stockholder proposals intended to be presented under Rule 14a-8 must be received at the Corporation's principal executive offices no later than December 26, 2002.
