Item 2.02 - Results of Operations and Financial Condition.

On January 27, 2014, Park National Corporation (“Park”) issued a news release (the “Financial Results News Release”) announcing financial results for the three months (fourth quarter) and fiscal year ended December 31, 2013. A copy of this Financial Results News Release is included as Exhibit 99.1 to this Current Report on Form 8-K and incorporated by reference herein.

Park's management uses certain non-GAAP (generally accepted accounting principles) financial measures to evaluate Park's performance. Specifically, management reviews return on average tangible common equity, return on average tangible assets, tangible common equity to tangible assets and tangible common book value per common share. Management has included in the Financial Results News Release information relating to the return on average tangible common equity, return on average tangible assets, tangible common equity to tangible assets and tangible common book value per common share for the three months and years ended December 31, 2013 and 2012. For purposes of calculating the return on average tangible common equity, a non-GAAP financial measure, net income available to common shareholders for each period is divided by average tangible common equity during the period. Average tangible common equity equals average stockholders' equity during the applicable period less (i) average goodwill and other intangible assets during the applicable period and (ii) average preferred stock during the applicable period. For the purpose of calculating the return on average tangible assets, a non-GAAP financial measure, net income available to common shareholders for each period is divided by average tangible assets during the period. Average tangible assets equals average assets during the applicable period less average goodwill and other intangible assets during the applicable period. For the purpose of calculating tangible common equity to tangible assets, a non-GAAP financial measure, tangible common equity is divided by tangible assets. Tangible common equity equals stockholders' equity less preferred stock and goodwill and intangible assets, in each case at period end. Tangible assets equals total assets less goodwill and intangible assets, in each case at period end. For the purpose of calculating tangible common book value per common share, a non-GAAP financial measure, tangible common equity is divided by common shares outstanding at period end. Management believes that the disclosure of return on average tangible common equity, return on average tangible assets, tangible common equity to tangible assets and tangible common book value per common share presents additional information to the reader of the consolidated financial statements, which, when read in conjunction with the consolidated financial statements prepared in accordance with GAAP, assists in analyzing Park's operating performance and ensures comparability of operating performance from period to period while eliminating certain non-operational effects of acquisitions and, in the case of return on average common equity and tangible common book value per common share, the impact of preferred stock. In the Financial Results News Release, Park has provided a reconciliation of average tangible common equity to average stockholders' equity, average tangible assets to average assets, tangible common equity to stockholders' equity and tangible assets to total assets solely for the purpose of complying with SEC Regulation G and not as an indication that return on average tangible common equity, return on average tangible assets, tangible common equity to tangible assets and tangible common book value per common share are substitutes for return on average equity, return on average assets, stockholders' equity to total assets and common book value per common share, respectively, as determined by GAAP.

Item 5.02 - Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Notifications of Retirement from Board of Directors

On January 22, 2014, and January 23, 2014, respectively, John J. O'Neill and Reverend Dr. Charles W. Noble, Sr., each of whom currently serves in the class of directors of Park whose terms will expire at the 2014 Annual Meeting of Shareholders of Park (the "2014 Annual Meeting") notified Park that they have decided to retire and not stand for re-election to the Board of Directors of Park. Each of their terms as a director will expire immediately prior to the 2014 Annual Meeting, which will be held on April 28, 2014. In addition, each of Dr. Noble and John J. O'Neill will retire as a director of Park's national banking subsidiary, The Park National Bank, effective April 28, 2014.

Dr. Noble has served as a member of the Board of Directors of Park since 2013 and as a member of the Board of Directors of The Park National Bank since 1988. Dr. Noble served as a member of the Audit Committees of both the organizations and provided spiritual leadership and wise counsel to members of the boards and management during his tenure.

John J. O'Neill has served as a member of the Board of Directors of Park since 1987 and as a member of the Board of Directors of The Park National Bank since 1964. Mr. O'Neill is an original member of the board of Park and served as a board member of The Park National Bank for five decades, joining the bank board in 1964. Mr. O'Neill served on various committees of both the bank and Park, including the Executive Committee of both, and the Investment and Compensation Committees of Park.

Both Dr. Noble and Mr. O'Neill were devoted advocates for The Park National Bank during their service as board members. They will be recognized during Park's Annual Meeting on April 28, 2014 for their dedicated service and superior counsel provided to both organizations.

The Nominating Committee, on behalf of the Board of Directors of Park, has recommended that rather than fill the vacancies which will be created by the retirement of Dr. Noble and Mr. O'Neill, the number of directors of Park will be reduced to twelve upon their retirement.

Park National Corporation 2013 Long-Term Incentive Plan - Performance-Based Restricted Stock Unit Awards

On January 24, 2014, the Compensation Committee (the "Compensation Committee") of the Board of Directors of Park granted awards (the "2014 PBR SU Awards") of performance-based restricted stock units ("PBR SUs") to each of Park's executive officers, which grants are to be effective on January 24, 2014, subject to the terms and conditions of Park's 2013 Long-Term Incentive Plan (the "Park 2013 LTIP"), which had been approved by Park's shareholders on April 22, 2013. The form of Performance-Based Restricted Stock Unit Award Agreement approved by the Compensation Committee on January 24, 2014 to evidence both the 2014 PBR SU Awards and any future awards of PBR SUs under the Park 2013 LTIP to employees of Park and its subsidiaries, is included as Exhibit 10.1 to this Current Report on Form 8-K.

The following schedule shows the minimum/target number of PBR SUs which may be earned (the "Target Award") and the maximum number of PBR SUs which may be earned (the "Maximum Award") in respect of the 2014 PBR SU Award granted each of the executive officers of Park:

Name and Position	Target Award	Maximum Award
C. Daniel DeLawder Chairman of the Board of Park; Chairman of the Board and executive employee of The Park National Bank	2,000 PBRsUs	3,000 PBRsUs
David L. Trautman President and Chief Executive Officer of each Park and The Park National Bank	2,000 PBRsUs	3,000 PBRsUs
Brady T. Burt Chief Financial Officer, Secretary and Treasurer of Park; Senior Vice President and Chief Financial Officer of The Park National Bank	750 PBRsUs	1,125 PBRsUs

The number of PBRsUs earned and settled or, in the alternative, forfeited will be based upon Park's performance, measured by Park's cumulative return on average assets ("ROA") for the three-year performance period beginning January 1, 2014 and ending December 31, 2016 (the "Performance Period"), as compared to the cumulative ROA results for the Performance Period for a peer group comprised of bank holding companies with between \$3 billion and \$10 billion in total consolidated assets (the "Peer Group"). However, no PBRsUs will be earned by any executive officer if Park's consolidated net income for each fiscal year during the Performance Period has not equaled or exceeded an amount equal to 110% of all cash dividends declared and paid during such fiscal year.

Park's performance at the 5<sup>th</sup> and 80<sup>th</sup> percentile of the Peer Group's performance will result in the earning of PBRsUs representing the Target Award and the Maximum Award, respectively (interpolated on a straight line basis for performance at percentiles between these specified percentiles).

Any PBRsUs earned based on Park's performance relative to the Peer Group will also be subject to a service-based vesting requirement. One-half of the PBRsUs earned in respect of the Performance Period will vest and be settled in Park common shares (on a one-for-one basis) on the date the Compensation Committee determines and certifies the number of PBRsUs earned in respect of the Performance Period (the "Certification Date") if the executive officer is still employed by Park or one of its affiliates on the Certification Date. On the first anniversary of the Certification Date, the other half of the PBRsUs earned in respect of the Performance Period will vest and be settled in Park common shares (on a one-for-one basis) if the executive officer is still employed by Park or one of its affiliates on the first anniversary of the Certification Date. Subject to the terms of each Performance-Based Restricted Stock Unit Award Agreement, none of the Park common shares received by an executive officer upon settlement of earned and vested PBRsUs may be sold, transferred, assigned or otherwise similarly disposed of by the executive officer for a period of five years after the date of settlement.

Each Performance-Based Restricted Stock Unit Award Agreement also addresses the effect of termination of employment of an executive officer and the effect of a defined "Change in Control" for purposes of the Park 2013 LTIP. The terms and conditions set forth in the form of Performance-Based Restricted Stock Unit Award Agreement, included as Exhibit 10.1 to this Current Report on Form 8-K, are incorporated herein by reference.

## Item 7.01 - Regulation FD Disclosure

## Financial Results by segment

The table below reflects the net income (loss) and net income available to common shareholders by segment for each quarter of 2013, for the fiscal year ended December 31, 2013, and for each of the prior two fiscal years ended December 31, 2012 and 2011. Park's segments include The Park National Bank ("PNB"), Guardian Financial Services Company ("GFSC"), SE Property Holdings, LLC ("SEPH") and "All Other" which primarily consists of Park as the "Parent Company."

## Net income (loss) by segment

The "Park Parent Company" above excludes the results for SEPH, an entity which is winding down commensurate with the disposition of its problem assets. Management considers the "Ongoing operations" results to be reflective of the business of Park and its subsidiaries on a going forward basis. The discussion below provides some additional information regarding the segments that make up the "Ongoing operations", followed by additional information on SEPH.

Vision Bank ("Vision") merged with and into SEPH, a non-bank subsidiary of Park, following the sale of the Vision business to Centennial Bank ("Centennial") on February 16, 2012. The sale of the Vision business in the first quarter of 2012 resulted in a pre-tax gain of \$22.2 million (\$14.4 million after-tax), which is included in the fiscal year ended December 31, 2012 SEPH results presented in the table above. SEPH holds the remaining assets and liabilities retained by Vision subsequent to the sale. SEPH assets consist primarily of performing and nonperforming loans and other real estate owned ("OREO"). This segment represents a run-off portfolio of the legacy Vision assets.

The table below provides certain balance sheet information and financial ratios for PNB as of and for fiscal years ended December 31, 2013 and 2012.

(In thousands)	December 31, 2013	December 31, 2012	% change from 12/31/12

Average assets	6,576,420	6,532,683	0.67	%
Return on average assets	1.15	% 1.33	% (13.53)	)%

Loans outstanding at December 31, 2013 of \$4.56 billion represented an increase of \$190 million, or 4.35%, compared to the loans outstanding of \$4.37 billion at December 31, 2012. The \$190 million increase in loans experienced at PNB over the last twelve months is related to growth in PNB's retained mortgage loan portfolio of approximately \$87 million, growth in the consumer loan portfolio of approximately \$68 million and an increase in the commercial loan portfolio of approximately \$35 million.

PNB's allowance for loan losses increased by \$3.8 million, or 7.07%, to \$56.9 million at December 31, 2013, compared to \$53.1 million at December 31, 2012. The increase in PNB's allowance for loan losses resulted from an increase in general reserves set aside for performing loans and an increase in specific reserves on impaired credits. Refer to the "Credit Metrics and Provision for (Recovery of) Loan Losses" section below for additional information regarding the credit metrics of PNB's loan portfolio.

PNB's investment securities portfolio declined by \$158 million, or 10.0%, in 2013, as a result of a decision to not reinvest a portion of the cash received from prepayments on certain investments in the securities portfolio. This decision helps to manage exposure to duration in the current low rate environment. PNB's investment securities portfolio had a balance of \$1.42 billion at December 31, 2013, compared to \$1.58 billion at December 31, 2012. PNB allowed average federal funds sold balances to increase to \$272 million in 2013 from \$165 million in 2012.

The net interest income for Park's parent company includes interest income on loans to SEPH and on subordinated debt investments in PNB, which are eliminated in the consolidated Park National Corporation totals. Additionally, net interest income includes interest expense related to the \$35.25 million and \$30.00 million of subordinated notes issued by Park to accredited investors in December 2009 and April 2012, respectively.

Other income for the year ended December 31, 2013 at SEPH of \$2.0 million was primarily related to net gains on the sale of OREO of \$2.5 million, offset by OREO devaluations of \$594,000.

On February 16, 2012, when Vision merged with and into SEPH, the loans then held by Vision were transferred to SEPH by operation of law at their fair market value and no allowance for loan loss is carried at SEPH. The loans included in both the performing and nonperforming portfolios have been charged down to their fair value. The table below provides additional information regarding charge-offs as a percentage of unpaid principal balance, as of December 31, 2013:

As previously discussed, SEPH had net recoveries of \$11.8 million in 2013, resulting in the recovery of loan losses. Provision for loan losses for Park's Ohio operations (PNB and GFSC) was \$15.2 million for the year ended December 31, 2013, a \$2.3 million decline from the \$17.5 million provision for the same period in 2012. The table below provides additional information related to specific reserves and general reserves for Park's ongoing operations as of December 31, 2013, 2012 and 2011.

(In thousands)	12/31/2013	12/31/2012	12/31/2011
Total allowance for loan losses	\$59,468	\$55,537	\$57,705
Specific reserve	10,451	8,276	7,046
General reserve	\$49,017	\$47,261	\$50,659
Total loans	\$4,582,491	\$4,391,145	\$4,193,217

General reserve as a % of performing loans	1.09	% 1.10	% 1.24

Note: Table includes only those loans at PNB and GFSC, as these are the entities that have an ALLL balance. The table in the attached Exhibit 99.1 in the asset quality section includes all Park loans (including those at SEPH) and thus shows slightly different information.

As the table above shows, specific reserves were \$10.5 million at December 31, 2013, an increase of \$2.2 million, compared to \$8.3 million at December 31, 2012. Additionally, general reserves for Park's ongoing operations increased to \$49.0 million at December 31, 2013, an increase of \$1.8 million, compared to \$47.3 million at December 31, 2012. The general reserve as a percentage of performing loans has remained mostly unchanged throughout 2013, and was 1.09% at December 31, 2013.

The following table shows the trends in the Park Ohio commercial loan portfolio.

Commercial loans * (In thousands)	December 31, 2013	December 31, 2012	December 31, 2011
Pass rated	\$2,311,914	\$2,225,702	\$2,131,007
Special mention	26,361	49,275	66,254
Substandard	2,687	16,843	29,604
Impaired	77,038	89,365	95,109
Total	\$2,418,000	\$2,381,185	\$2,321,974

\* Commercial loans include: (1) Commercial, financial and agricultural loans, (2) Commercial real estate loans, (3) Commercial related loans in the construction real estate portfolio and (4) Commercial related loans in the residential real estate portfolio.

The commercial loan table above demonstrates the improvement experienced over the two years in the Park Ohio commercial portfolio. Pass rated commercial loans have grown \$181 million, or 8.5% since December 2011. Over this period, special mention loans have declined by \$39.9 million, or 60.2% and substandard loans have declined by \$26.9 million, or 90.9%. These improved credit metrics in the special mention and substandard categories of the commercial loan portfolio have a

significant impact on the general reserves that are established to cover incurred losses on performing commercial loans. As these credit metrics have improved over the past two years, general reserves as a percentage of performing loans have declined.

Delinquent and accruing loan trends (includes all outstanding loans, consumer and commercial) for Park's Ohio-based operations have also improved over the past two years. Delinquent and accruing loans were \$32.0 million or 0.70% of total loans at December 31, 2013, compared to \$39.6 million (0.90%) at December 31, 2012 and \$40.1 million (0.96%) at December 31, 2011.

Impaired commercial loans for Park's Ohio-based operations were \$77.0 million as of December 31, 2013, a reduction from the balances of impaired loans of \$89.4 million at December 31, 2012 and \$95.1 million at December 31, 2011. Impaired commercial loans are individually evaluated for impairment and specific reserves are established to cover any incurred losses for those loans that have not been charged down to the net realizable value of the underlying collateral or to the net present value of expected cash flows.
