Item 8.01. Other Events.

As previously disclosed, on August 17, 2010, United States Cellular Corporation (the “Company”) and Amdocs Software Systems Limited (“Amdocs”) entered into a Software License and Maintenance Agreement (“SLMA”) and a Master Service Agreement (“MSA”) (collectively, the “Original Amdocs Agreements”) to develop a Billing and Operational Support System (“B/OSS”). Under these agreements, the Company implemented and has been using the B/OSS since July 2013 pursuant to a license from Amdocs. Copies of the Original Amdocs Agreements were filed as Exhibits by the Company on a Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2010, portions of which were omitted and filed separately with the SEC as part of an application for confidential treatment.

On November 25, 2014, the Company executed a Master Statement of Work and certain other documents with Amdocs (the “New Amdocs Agreement”), effective October 1, 2014, that inter-relate with but rearrange the structure under the Original Amdocs Agreements. The New Amdocs Agreement provides that the Company will now outsource to Amdocs certain support functions for its B/OSS. Such functions include application support, billing operations and some infrastructure services. The New Amdocs Agreement has a term through September 30, 2019, subject to five one-year renewal periods at the Company’s option. The total estimated amount to be paid to Amdocs with respect to the New Amdocs Agreement is approximately \$110 million (exclusive of travel and expenses and subject to certain potential adjustments), and is expected to be paid on a monthly basis through September 30, 2019.
