DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

All statements other than statements of historical or current facts included in this report on Form 10-Q or incorporated by reference herein, including, without limitation, statements regarding our future financial position, business strategy, budgets, projected costs and plans and objectives of management for future operations, are forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology such as “may”, “will”, “expect”, “intend”, “estimate”, “anticipate”, “believe” or “continue” or the negative thereof or variations thereof or similar terminology. Although we believe that the expectations reflected in such forward-looking statements are reasonable, we can give no assurance that such expectations will prove to have been correct.

Important factors with respect to any such forward-looking statements, including certain risks and uncertainties that could cause actual results to differ materially from our expectations, are further discussed in the Section “Risk Factors” in our annual report on Form 10-K for the fiscal year ended April 25, 2004, as such factors may be updated in subsequent SEC filings. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to:

- the effect of significant competition from other gaming operations in the markets in which we operate;
 - the effects of changes in gaming authority regulations;
 - the effects of increases in gaming taxes;
 - the effects of changes in non-gaming regulation;
 - loss of key personnel;
 - the impact of inclement weather on our patronage;
- the effects of construction and related disruptions associated with expansion projects at existing facilities;
 - the effects of increases in energy and fuel prices;
 - general and regional economic conditions;
 - the effects of limitations imposed by our substantial indebtedness; and
- political conditions and regulatory uncertainties in the foreign countries in which we operate or are pursuing development opportunities.

All subsequent written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by these cautionary statements.

Our Internet website is <http://www.islecorp.com>. We make our filings available free of charge on our Internet website as soon as reasonably practical after we electronically file such reports with, or furnish them to, the SEC.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Basis of Presentation

Isle of Capri Casinos, Inc. (the “Company” or “Isle of Capri”) was incorporated as a Delaware corporation on February 14, 1990. The Company, through its subsidiaries, is engaged in the business of developing, owning and operating branded gaming facilities and related lodging and entertainment facilities in growing markets in the United States and internationally. The Company wholly owns and operates twelve casinos in eleven locations in the United States located in Lula, Biloxi, Vicksburg and Natchez, Mississippi; Lake Charles and Bossier City, Louisiana; Kansas City and Boonville, Missouri; and Bettendorf, Davenport and Marquette, Iowa. The Company also owns a 57% interest in, and receives a management fee for operating, two gaming facilities in Black Hawk, Colorado, and a gaming facility in Cripple Creek, Colorado. All but three of these gaming facilities operate under the name “Isle of Capri” and feature our distinctive tropical island theme. The Company’s international gaming interests include a wholly owned casino in Freeport, Grand Bahama, and a two-thirds ownership interest in Blue Chip Casinos, PLC (“Blue Chip”), which owns casinos in Dudley, Wolverhampton and Walsall, England. The Blue Chip investment was made in November 2003 and the allocation of the purchase price was finalized in the fiscal quarter ended January 23, 2005. The Company also wholly owns and operates a pari-mutuel harness racing facility in Pompano Beach, Florida.

Fiscal Year-End

The Company’s fiscal year ends on the last Sunday in April. This fiscal year creates more comparability of the Company’s quarterly operations, by generally having an equal number of weeks (13) and week-end days (26) in each quarter. Periodically, this system necessitates a 53-week year. Fiscal 2005 commenced on April 26, 2004 and ends on April 24, 2005.

Interim Financial Information

The accompanying unaudited financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments, consisting of normal recurring adjustments, considered necessary for a fair presentation have been included. Operating results for the three and nine months ended January 23, 2005 are not necessarily indicative of the results that may be expected for the fiscal year ending April 24, 2005. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company’s annual report on Form 10-K for the fiscal year ended April 25, 2004.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies (continued)

New Pronouncements

On December 16, 2004, the FASB issued Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment" ("SFAS 123(R)"), which is a revision of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"). Statement 123(R) supersedes APB Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"), and amends Statement of Financial Accounting Standards No. 95, "Statement of Cash Flows" ("SFAS 95"). Generally, the accounting method required by SFAS 123(R) is similar to the accounting method required by SFAS 123. However, SFAS 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative. SFAS 123(R) must be adopted as of the beginning of the first interim or annual reporting period that begins after June 15, 2005. Early adoption will be permitted in periods in which financial statements have not yet been issued. The Company is required to adopt SFAS 123(R) on July 25, 2005, but is continuing to evaluate its option to early adopt.

SFAS 123(R) permits public companies to adopt its requirements using one of two methods:

- 1) A "modified prospective" method in which compensation cost is recognized beginning with the effective date (a) based on the requirements of SFAS 123(R) for all share-based payments granted after the effective date and (b) based on the requirements of SFAS 123 for all awards granted to employees prior to the effective date of SFAS 123(R) that remain unvested on the effective date.
- 2) A "modified retrospective" method which includes the requirements of the modified prospective method described above, but also permits entities to restate for the amounts previously recognized under SFAS 123 for purposes of pro forma disclosures either (a) all prior periods presented or (b) prior interim periods of the year of adoption.

The Company is currently evaluating the two recognition methods available under SFAS 123(R) to determine which method it will adopt.

As permitted by SFAS 123, the Company currently accounts for share-based payments to employees using APB 25's intrinsic value method and, as such, generally recognizes no compensation cost for employee stock options. Accordingly, the adoption of SFAS 123(R)'s fair value method is expected to have a significant impact on its result of operations, although it will have no impact on the Company's overall financial position. The ongoing impact of adoption of SFAS 123(R) cannot be predicted at this time because it will depend on levels of share-based payments granted in the future. However, had the Company adopted SFAS 123(R) in prior periods, the impact of that standard would have approximated the impact of SFAS 123 as described in the disclosure of pro forma net income and earnings per share below. SFAS 123(R) also requires the benefits of tax deductions in excess of recognized compensation cost to be reported as a financing cash flow, rather than as an operating cash flow as required under current literature. This requirement will reduce net operating cash flows and increase net financing cash flows in periods after adoption.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies (continued)**Stock-Based Compensation**

The Company applies the recognition and measurement principles of APB 25 and related Interpretations in accounting for the Company's three stock-based employee compensation plans. No stock-based employee compensation expense is reflected in net income as all options granted under those plans had an exercise price equal to the market value of the underlying common stock on the date of grant. The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of SFAS 123 as amended by SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure" ("SFAS 148"), to stock-based employee compensation.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

1. Summary of Significant Accounting Policies (continued)

The stock-based compensation included in the table above represents the after-tax amount of pro forma compensation related to stock option plans. Reported net income includes amortization of restricted stock compensation of \$26,000 and (\$3,000), net of income taxes, for the three months ended January 23, 2005, and January 25, 2004, respectively, and \$223,000 and \$248,000, net of income taxes, for the nine months ended January 23, 2005, and January 25, 2004, respectively. Amortization of restricted stock compensation for the quarter includes a cumulative reduction related to forfeitures in the fiscal year. Without the adjustment for the forfeitures, the expense net of income taxes, for the three and nine months ended January 23, 2005, would have been \$107,000 and \$197,000, respectively.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following assumptions:

	Risk-Free	Original	Expected	Expected
Fiscal				
Quarter	Interest Rate	Expected Life	Volatility	Dividends
January 23, 2005	3.97%	6.38 years	55.5%	None
January 25, 2004	3.02%	6.05 years	57.8%	None

2. Stock-Based Compensation Plans**2005 Deferred Compensation Plan**

On January 11, 2005, the Company adopted the 2005 Deferred Compensation Plan (the "Plan"), which amends and restates its existing deferred compensation arrangement. The Plan is an unfunded deferred compensation arrangement for the benefit of key management officers and employees of the Company and its subsidiaries. The terms of the Plan include the ability of the participants to defer, on a pre-tax basis, salary, bonus payments and any voluntary deferrals to the Company's Retirement Trust and Savings Plan in excess of the amount permitted under IRS Code Section 401(k). The terms also include a discretionary annual matching contribution by the Company. The Plan allows for the aggregation and investment of deferred amounts in notional investment alternatives, including units representing shares of the Company's common stock.

Non-Employee Directors' Deferred Compensation Plan

On January 11, 2005, the Company adopted the Non-Employee Directors' Deferred Compensation Plan (the "Directors' Plan"). The Directors' Plan provides a means by which non-employee directors can defer the receipt of their annual retainer and meeting fees. Deferred amounts are subject to notional investment in either a money market or similar cash equivalent fund or units representing shares of the Company's common stock. Deferred amounts, as adjusted for earnings during the deferral period, are distributed after a director ceases to serve for any reason.

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

3. Goodwill and Other Intangible Assets

The changes in the carrying amount of goodwill are as follows (in thousands):

Balance at April 25, 2004	\$	333,780
Reclassification of goodwill		2,022
Foreign currency translation		565
Balance at January 23, 2005	\$	336,367

On November 28, 2003, the Isle of Capri Casinos, Inc., through its wholly owned subsidiary, Isle of Capri Casinos, Ltd. (collectively, the "Isle") acquired a two-thirds interest in Blue Chip for £5.3 million (approximately \$9.0 million, based on published exchange rates at the date of acquisition). The Company had preliminarily recorded \$2.0 million in goodwill related to the purchase pending receipt of additional documentation. The allocation of the purchase price has now been finalized.

4. Long-Term Debt

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

4. Long-Term Debt (continued)

The following is a brief description of the Company's and its subsidiaries' borrowing arrangements. Certain of these arrangements contain financial covenants. The Company and its subsidiaries were in compliance with all covenants as of January 23, 2005 and April 25, 2004.

7% Senior Subordinated Notes

On March 3, 2004, the Company issued \$500.0 million of 7% Senior Subordinated Notes due 2014. The 7% Senior Subordinated Notes are guaranteed by all of the Company's significant domestic subsidiaries, excluding the subsidiaries that own and operate the Isle-Black Hawk, the Colorado Central Station-Black Hawk and the Colorado Grande-Cripple Creek, and other subsidiaries as described more fully in Note 10. The 7% Senior Subordinated Notes are general unsecured obligations and rank junior to all existing and future senior indebtedness, senior to any subordinated indebtedness and equally with all existing and future senior subordinated debt, including the \$200.0 million in aggregate principal amount of the existing 9% Senior Subordinated Notes. Interest on the 7% Senior Subordinated Notes is payable semi-annually on each March 1 and September 1 through maturity. The 7% Senior Subordinated Notes are redeemable, in whole or in part, at the Company's option at any time on or after March 1, 2009, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest to the applicable redemption date, if redeemed during the 12-month period beginning on March 1 of the years indicated below:

<u>Year</u>	<u>Percentage</u>
2009	103.500%
2010	102.333%
2011	101.167%
2012 and thereafter	100.000%

The Company issued the 7% Senior Subordinated Notes under an indenture between the Company, the subsidiary guarantors and a trustee. The indenture, among other things, limits the ability of the Company and its restricted subsidiaries to borrow money, make restricted payments, use assets as security in other transactions, enter into transactions with affiliates or pay dividends on or repurchase its stock or its restricted subsidiaries' stock. The Company is also limited in its ability to issue and sell capital stock of its subsidiaries and in its ability to sell assets in excess of specified amounts or merge with or into other companies.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

4. Long-Term Debt (continued)

9% Senior Subordinated Notes

On March 27, 2002, the Company issued \$200.0 million of 9% Senior Subordinated Notes due 2012 (the “9% Senior Subordinated Notes”). The 9% Senior Subordinated Notes are guaranteed by all of the Company’s significant domestic subsidiaries, excluding the subsidiaries that own and operate the Isle-Black Hawk, the Colorado Central Station-Black Hawk and the Colorado Grande-Cripple Creek, and other subsidiaries as described more fully in Note 10. The 9% Senior Subordinated Notes are general unsecured obligations and rank junior to all existing and future senior indebtedness, senior to any subordinated indebtedness and equally with all existing and future senior subordinated debt, including the \$500.0 million in aggregate principal amount of the existing 7% Senior Subordinated Notes. Interest on the 9% Senior Subordinated Notes is payable semi-annually on each March 15 and September 15 through maturity. The 9% Senior Subordinated Notes are redeemable, in whole or in part, at the Company’s option at any time on or after March 15, 2007, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest to the applicable redemption date, if redeemed during the 12-month period beginning on March 15 of the years indicated below:

<u>Year</u>	<u>Percentage</u>
2007	104.500%
2008	103.000%
2009	101.500%
2010 and thereafter	100.000%

Additionally, the Company may redeem a portion of the 9% Senior Subordinated Notes with the proceeds of specified equity offerings.

The Company issued the 9% Senior Subordinated Notes under an indenture between the Company, the subsidiary guarantors and a trustee. The indenture, among other things, limits the ability of the Company and its restricted subsidiaries to borrow money, make restricted payments, use assets as security in other transactions, enter into transactions with affiliates or pay dividends on or repurchase its stock or its restricted subsidiaries’ stock. The Company is also limited in its ability to issue and sell capital stock of its subsidiaries and in its ability to sell assets in excess of specified amounts or merge with or into other companies.

4. Long-Term Debt (continued)

Senior Secured Credit Facility

The Senior Secured Credit Facility provides for a \$250.0 million revolving credit facility maturing on April 25, 2007, and a \$250.0 million term loan facility maturing on April 25, 2008. At the Company's option, the revolving credit facility may bear interest at (1) the higher of 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 1.75% or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 2.75%. The term loan may bear interest at the Company's option at (1) the higher of 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 1.50% or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 2.50%.

The Senior Secured Credit Facility provides for certain covenants, including those of a financial nature. The Senior Secured Credit Facility is secured by liens on substantially all of the Company's assets and guaranteed by all of its restricted subsidiaries. Effective November 23, 2004, the Company amended certain financial covenants in its Senior Secured Credit Facility. Specifically, Consolidated Total Leverage Ratio levels were increased and Fixed Charge Coverage Ratio levels were decreased for the second fiscal quarter of fiscal year 2005 through the second fiscal quarter of fiscal year 2006, as described in the amendment, and the maximum amount allowed for Consolidated Capital Expenditures is increased from \$40.0 million to \$50.0 million. On February 4, 2005, the Company refinanced its Senior Secured Credit Facility (see Note 11).

The weighted average effective interest rate of total debt outstanding under the Senior Secured Credit Facility at January 23, 2005, was 4.62%.

Isle-Black Hawk Senior Secured Credit Facility

The Isle-Black Hawk Senior Secured Credit Facility provides for a \$40.0 million revolving credit facility maturing on December 31, 2006, or such date as the Tranche C term loans are repaid in full, whichever comes first and \$165.0 million Tranche C term loan matures on December 31, 2007, each of which is non-recourse to the Isle of Capri Casinos, Inc. The Isle-Black Hawk is required to make quarterly principal payments of \$0.4 million on the term loan portions of the Isle-Black Hawk Senior Secured Credit Facility that commenced in June 2004, with a balloon payment of \$159.2 million due upon maturity.

At the Isle-Black Hawk's option, the revolving credit facility loan may bear interest at (1) the higher of 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 2.50% or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 3.50%. The Tranche C term loan may bear interest at (1) the higher of 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 2.00% or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 3.00%.

The Isle-Black Hawk Senior Secured Credit Facility as amended provides for certain covenants including those of a financial nature. The Isle-Black Hawk was in compliance with all of the covenants as of January 23, 2005. The Isle-Black Hawk Senior Secured Credit Facility is secured by liens on the Isle-Black Hawk's assets.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

4. Long-Term Debt (continued)

The weighted average effective interest rate of total debt outstanding under the Isle-Black Hawk Senior Secured Credit Facility at January 23, 2005, was 5.65%.

Interest Rate Swap Agreements

The Isle-Black Hawk has interest rate swap agreements with an aggregate notional value of \$80.0 million or 48.9% of its variable rate term debt outstanding under the Isle-Black Hawk's Senior Secured Credit Facility as of January 23, 2005. The swap agreements effectively convert portions of its variable rate debt to a fixed-rate basis until the first fiscal quarter of 2006, thus reducing the impact of interest rate changes on future interest expense. The interest rate swap agreements terminate as follows: \$40.0 million in fiscal 2005 and \$40.0 million in fiscal 2006. We evaluate the effectiveness of these hedged transactions on a quarterly basis. We found no portion of the hedging instruments to be ineffective during the quarter ended January 23, 2005. Accordingly, no gains or losses have been recognized on these cash flow hedges.

At January 23, 2005, the Isle-Black Hawk does not expect to reclassify any net gains or losses on derivative instruments from accumulated other comprehensive income to earnings during the next twelve months due to the payment of variable interest associated with the floating rate debt.

Isle-Black Hawk Special Assessment BID Bonds

In July 1998, the Black Hawk Business Improvement District (the "BID"), issued \$2.9 million in 6% bonds due on December 1, 2009. The proceeds from the sale of the bonds were used to fund road and utility improvements in the Special Improvement District 1997-1 (the "SID"), of which the Isle-Black Hawk is a member. The total costs of the improvements amounted to \$2.2 million with the excess proceeds being returned to the bondholders by the BID. The Isle-Black Hawk is responsible for 50% of this amount plus interest, which is non-recourse to the Isle of Capri Casinos, Inc. In April 2000, the Isle-Black Hawk made the first of twenty semi-annual payments of \$0.1 million in the form of special property tax assessments levied on the improvement project. This amount is calculated by amortizing \$1.1 million or 50% of the net bond proceeds, over twenty periods at an interest rate of 6.25%. The difference between the bond rate of 6% and the 6.25% assessed is to cover administrative costs of the BID related to the issuance.

Isle-Bettendorf TIF Bonds

As part of the City of Bettendorf Development Agreement dated June 17, 1997, the City of Bettendorf ("the City") issued \$9.5 million in tax incremental financing bonds ("TIF Bonds"), \$7.5 million of which was used by the Isle-Bettendorf to construct an overpass, parking garage, related site improvements and pay for disruption damages caused by construction of the overpass. To enable financing of the City's obligations, the Isle-Bettendorf will pay incremental property taxes on the developed property assessed at a valuation of not less than \$32.0 million until the TIF Bonds mature. Additionally, the TIF Bonds will also be repaid from the incremental taxes on the developed property within the defined "TIF District," which includes the Isle-Bettendorf and over 100 other tax paying entities. As the TIF District will repay the TIF Bonds, the Isle-Bettendorf may not be required to fully repay the \$7.5 million. In the event that the taxes generated by the project and other qualifying developments in the redevelopment district do not fund the repayment of the total TIF Bonds prior to their scheduled maturity, the Isle-Bettendorf will pay the City \$0.25 per person for each person entering the boat until the remaining balance has been repaid.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

4. Long-Term Debt (continued)**Isle-Davenport General Obligation Bonds**

In 2002, the Isle-Davenport entered into an agreement with the City of Davenport (the "City") whereby the City would construct and own a skybridge connecting to the Isle-Davenport's facility, allowing safer access across the street and railroad tracks. The project, which is currently under construction by the City, is expected to cost \$6.4 million, with the Isle-Davenport obligated to pay \$1.8 million. In February 2004, the City issued \$1.8 million in ten-year general obligation tax-exempt bonds at an average interest rate of 3.1%. The Isle-Davenport is required to make annual payments of principal and interest to the City to retire the bonds.

5. Comprehensive Income

Comprehensive income consists of the following:

	Three Months Ended		Nine Months Ended	
	January 23, 2005	January 25, 2004	January 23, 2005	January 25, 2004
	(In thousands)			
Net income	\$ 3,530	\$ 7,833	\$ 14,587	\$ 32,095
Unrealized gain on interest rate swaps	108	858	268	2,843
Foreign currency translation adjustment	648	640	1,056	1,002
Comprehensive income	\$ 4,286	\$ 9,331	\$ 15,911	\$ 35,940

For the interest rate swap agreements, the fair value of the estimated interest differential between the applicable future variable rates and the interest rate swap agreement contracts, expressed in present value terms, totaled \$27,000, net of income taxes, and is recorded as a current asset. There was no effect on income related to hedge ineffectiveness.

6. Contingencies

In August 1997, a lawsuit was filed that seeks to nullify a contract to which Louisiana Riverboat Gaming Partnership is a party. Pursuant to the contract, Louisiana Riverboat Gaming Partnership pays a fixed amount plus a percentage of revenues to various local governmental entities, including the city of Bossier and the Bossier Parish School Board, in lieu of payment of a per-passenger boarding fee. The case was tried on April 6, 2004. The trial court rendered a ruling in favor of the defendants, finding that, although the legislature amended the boarding fee statute in 2003 so as to prohibit future boarding fee agreements, any pre-existing agreement between a riverboat and either the City of Bossier City or the Bossier Parish Police Jury will remain valid and in effect until its expiration. Louisiana Riverboat Gaming Partnership's contract expired on April 4, 2004. Therefore, Louisiana Riverboat Gaming Partnership now pays a boarding fee to the City as outlined by the statute. Louisiana Riverboat Gaming Partnership still has an existing contract with the Bossier Parish Police Jury, which was not an issue in the litigation, and which will remain in effect until its expiration on January 1, 2007, unless extended by the parties. The plaintiffs have appealed the trial court's

ruling to the Second Circuit Court of Appeal, and the appellate court recently reversed and remanded the matter. We, along with the other defendants, have filed writ applications to appeal the matter to the Louisiana Supreme Court. The Company will continue to vigorously defend this matter as may be required.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

6. Contingencies (continued)

Lady Luck Gaming Corporation (now a wholly owned subsidiary of the Company) and several joint venture partners are defendants in a lawsuit brought by the country of Greece through its Minister of Tourism (now Development) and Finance. The action alleges that the defendants failed to make specified payments in connection with the gaming license bid process for Patras, Greece. The payment the Company is alleged to have been required to make aggregates approximately 6.5 million Euros (which was approximately \$8.5 million as of January 23, 2005, based on published exchange rates). Although it is difficult to determine the damages being sought from the lawsuit, the action may seek damages up to that aggregate amount plus interest from the date of the action. The Athens Civil Court of First Instance granted judgment in the Company's favor and dismissed the lawsuit, but the Ministry appealed the matter and the appeal was heard before the Athens Appeal Court of First Instance. The Athens Appeal Court issued certified copies of judgments denying the Ministry's appeal. The Ministry elected to appeal this matter further to the Supreme Court. The Company has taken action to have the decisions granted in our favor set for a hearing before the Administrative Supreme Court and the Greek Supreme Court. The administrative matter is set for hearing during June 2005 and the civil matter is set for hearing during May 2006. The outcome of this matter is still in doubt and cannot be predicted with any degree of certainty. The Company intends to continue a vigorous and appropriate defense to the claims asserted in this matter.

On December 30, 2002, the County of Jefferson, Missouri initiated a lawsuit in the Circuit Court of Jefferson County, Missouri against the Company and a subsidiary alleging a breach of a 1993 contract entered into by the County and that subsidiary, and guaranteed by Lady Luck Gaming Corporation, relating to the development of a casino site near Kimmswick, Missouri. The suit alleges damages in excess of \$10.0 million. Discovery is ongoing and the matter has been set for a trial during January 2006. The outcome of this matter cannot be predicted with any degree of certainty. The Company believes the claims against it to be without merit and intends to vigorously and appropriately defend the claims asserted in this matter.

In March 2004, the Company was selected by the Illinois Gaming Board as the successful bidder in a federal bankruptcy court auction for the 10th Illinois gaming license. The Company's bid currently expires on March 31, 2005, which date it has extended several times. Because Illinois limits the number of gaming licenses, each license has intrinsic value. Therefore, this license would be considered an intangible asset. As such, the cost of the license, as well as costs to acquire the license, are capitalized. As of January 23, 2005, the Company has capitalized \$2.5 million related to acquisition of this license. Implementation of the project has been delayed due to various factors, including the lack of a quorum on the Illinois Gaming Board and various administrative and legal proceedings. Should the Company not ultimately obtain the license and complete the project, all such costs would be expensed.

On October 29, 2004, the Company loaned \$5.0 million to Florida Gaming Corporation ("Florida Gaming"). Interest accrues on the unpaid principal balance of the loan at an annual rate of 6% and is paid in arrears on the first day of each fiscal quarter. The loan is secured by a pledge of all of the issued and outstanding shares of capital stock of Florida Gaming Centers, Inc. ("FGC"), a wholly owned subsidiary of Florida Gaming. The entire unpaid principal amount of the loan and unpaid interest thereon is payable on the earlier of (1) the sale of all or any material portion of the assets of, or all or any substantial equity interest in FGC, or (2) December 31, 2008.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

6. Contingencies (continued)

Concurrently with the loan, Florida Gaming and FGC entered into a letter agreement with the Company pursuant to which Florida Gaming and FGC gave the Company exclusive negotiating rights with respect to the acquisition of all or substantially all of FGC's Miami Jai Alai business for a period ending no later than December 31, 2008.

On November 2, 2004, voters in the State of Florida voted in a state-wide referendum to amend the state's constitution to allow the voters of Miami-Dade and Broward counties to decide whether to approve slot machines in racetracks and jai alai frontons in their respective counties. Local referendums will be on the March 8, 2005 ballot in both counties. The Company also is discussing with members of the Florida legislature the introduction of enabling gaming legislation as required by the statewide referendum. The Company intends to proceed with the development of a slot machine facility at its Pompano Park facility if the Broward County voters vote to allow slot machines at existing race track facilities and the Florida legislature enacts enabling legislation permitting slot machines at that location. The Company intends to pursue its exclusive right to negotiate the purchase of FGC's Miami Jai Alai Fronton if the Miami-Dade County voters vote to allow slot machines at existing jai alai frontons and the Florida legislature enacts enabling legislation permitting slot machines at that location. If successful in negotiating the purchase of the Miami Jai Alai Fronton, the Company also intends to develop a slot machine facility at that location. For a variety of reasons, there can be no assurance that Florida law will ultimately allow the operation of slot machines at racetracks or jai alai facilities in Miami-Dade and Broward counties or that the Company will reach a mutually satisfactory agreement with regard to the purchase of FGC's Miami Jai Alai business.

The Company is subject to certain federal, state and local environmental protection, health and safety laws, regulations and ordinances that apply to businesses generally, and is subject to cleanup requirements at certain of its facilities as a result thereof. The Company has not made, and does not anticipate making, material expenditures, nor does it anticipate incurring delays with respect to environmental remediation or protection. However, in part because the Company's present and future development sites have, in some cases, been used as manufacturing facilities or other facilities that generate materials that are required to be remediated under environmental laws and regulations, there can be no guarantee that additional pre-existing conditions will not be discovered and that the Company will not experience material liabilities or delays.

The Company is subject to various contingencies and litigation matters and has a number of unresolved claims. Although the ultimate liability of these contingencies, this litigation and these claims cannot be determined at this time, the Company believes that they will not have a material adverse effect on its consolidated financial position, results of operations or cash flows.

Numerator for basic earnings per share - income available to common stockholders	\$ 3,530	\$ 7,833	\$ 14,587	\$ 32,095
Effect of diluted securities	-	-	-	-
Numerator for diluted earnings per share - income available to common stockholders after assumed conversions	\$ 3,530	\$ 7,833	\$ 14,587	\$ 32,095
Denominator:				
Denominator for basic earnings per share - weighted - average shares	29,675	29,485	29,632	29,322
Effect of dilutive securities				
Employee stock options and nonvested restricted stock	1,362	1,547	1,144	1,416
Denominator for diluted earnings per share - adjusted weighted - average shares and assumed conversions	31,037	31,032	30,776	30,738
Basic earnings per share	\$ 0.12	\$ 0.27	\$ 0.49	\$ 1.09
Diluted earnings per share	\$ 0.11	\$ 0.25	\$ 0.47	\$ 1.04

Any options with an exercise price in excess of the average market price of the Company's common stock during the periods presented are not considered when calculating the dilutive effect of stock options for diluted earnings per share calculations.

8. Valuation Charge

As a result of current uncertainties related to gaming legislation in the United Kingdom, the Company determined during the quarter, that previously capitalized fixed assets would not be recoverable under the provisions of SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". As such, the Company recorded an impairment write down of \$1.6 million in the line item "Valuation Charge" in the accompanying consolidated statements of income.

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

9. Income Taxes

The Company's effective tax rate for the three and nine months ended January 23, 2005, was 53.0% and 45.8%, respectively. These rates reflect a change in the Company's estimated annual effective income tax rate due to the effect of non-deductible permanent items on lower expected earnings for the year, the impact of not benefiting from a portion of the current operating losses of the Company's interests in the United Kingdom and state income taxes.

The calculation of our effective tax rate for the three and nine months ended January 23, 2005, and January 25, 2004, is as follows:

	Three Months Ended		Nine Months Ended	
	January 23, 2005	January 25, 2004	January 23, 2005	January 25, 2004
	(In thousands, except percentages)

ISLE OF CAPRI CASINOS, INC.
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

11. Subsequent Events

On February 4, 2005, the Company refinanced its Senior Secured Credit Facility. The new Senior Secured Facility provides for a \$400.0 million revolving credit facility maturing on February 4, 2010 and a \$250.0 million term loan facility maturing on February 4, 2011 (or at the Company's option, February 6, 2012 if the Company elects to refinance its existing 9.00% senior subordinated notes currently due March 2012) with an additional \$50.0 million delayed draw term loan available until August 3, 2005. At the Company's and the lead arranger's mutual discretion, the Company may increase the revolver and/or term loan, in an aggregate amount up to \$200.0 million subject to certain conditions. The term loans are payable in quarterly installments beginning on March 31, 2005, and ending on February 4, 2011, unless extended as described above. The revolving credit facility may bear interest at the higher of (1) 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 1.75% or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 2.75%. The term loan may bear interest at the higher of (1) 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 0.75% or (2) a rate tied to a LIBOR rate plus an applicable margin of 1.75%. The proceeds from the refinancing were used to pay down the existing Senior Secured Credit Facility term loan, of which \$205.6 million in principal and \$0.7 million in accrued interest were outstanding as of February 4, 2005. The remainder of the undrawn facility will be used for general corporate purposes, including working capital, permitted acquisitions, capital expenditures and investments. The credit agreement is secured by liens on substantially all of the Company's and its restricted subsidiaries' assets. The credit agreement contains customary representations and warranties and affirmative and negative covenants.

Pursuant to the refinancing, the Company will recognize an approximately \$5.2 million loss before income taxes on early extinguishment of debt due to the write-off of previously deferred financing costs related to the existing Senior Secured Credit Facility. The costs associated with the new Senior Secured Credit Facility will be deferred and amortized over the term of the new facility.

ITEM MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION.

You should read the following discussion together with the financial statements, including the related notes and the other financial information in this Form 10-Q.

Executive Overview

We are a leading developer, owner and operator of branded gaming facilities and related lodging and entertainment facilities in regional markets in the United States and internationally. We continue to investigate developing new locations, purchasing existing operations and expanding our current properties. These activities require capital-intensive investments that have long-term return potential. We have intentionally sought geographic diversity to limit the risks caused by weather, regional economic difficulties, and local gaming authorities and regulations. We currently operate casinos in Mississippi, Louisiana, Missouri, Iowa, Colorado and Freeport, Grand Bahama Island. We operate a harness racing track in Florida. Additionally, we have a controlling interest in casino investments in Dudley, Walsall and Wolverhampton, England, which are operated by the minority owners.

For the fiscal quarter ended January 23, 2005, net revenues increased slightly, while operating income decreased. Construction disruptions due to the ongoing major expansions at the Isle-Black Hawk, the Colorado Central Station-Black Hawk and the Isle-Biloxi negatively impacted operating income for the quarter. We believe the most disruptive phase of the Colorado construction projects is complete. Additionally, we experienced a favorable result from the major expansions at the Isle-Lake Charles and the Isle-Kansas City. We increased our efforts in new development in Florida, the United Kingdom and other domestic locations. Additionally, we face increased competition in a number of our markets as current competitors expand their facilities and new competitors enter our markets.

Critical Accounting Estimates

Our consolidated financial statements are prepared in accordance with U.S. generally accepted accounting principles that require our management to make estimates and assumptions that affect reported amounts and related disclosures. Management identifies critical accounting estimates as:

- those that require the use of assumptions about matters that are inherently and highly uncertain at the time the estimates are made;
- those estimates where, had we chosen different estimates or assumptions, the resulting differences would have had a material impact on our financial condition, changes in financial condition or results of operations; and
 - those estimates that are reasonably likely to change from period to period, resulting in a material impact on our financial condition, changes in financial condition or results of operations.

Based upon management's discussion of the development and selection of these critical accounting estimates with the Audit Committee of our Board of Directors, we believe the following accounting estimates involve a higher degree of judgment and complexity:

Goodwill and Other Intangible Assets

At January 23, 2005, we had goodwill and other intangible assets with indefinite useful lives of \$408.7 million, representing 25.6% of total assets. Statement of Financial Accounting Standards ("SFAS") No. 142 "Goodwill and Other

Intangible Assets” (“SFAS 142”) requires goodwill and intangible assets with indefinite useful lives to be tested for impairment annually or more frequently if an

30

event occurs or circumstances change that may reduce the fair value of the applicable asset below its carrying value. We completed our annual impairment test as required under SFAS 142 in the fourth quarter of fiscal year 2004 and determined that goodwill and other indefinite-lived intangible assets were not impaired. We are not aware of any events that require an interim assessment. Our next annual assessment will be in the fourth quarter of fiscal 2005. For properties with goodwill and/or other intangible assets with indefinite lives, this test requires the comparison of the estimated fair value of each property to its carrying value. The estimated fair value includes estimates of future cash flows that are based on reasonable and supportable assumptions and represent our best estimates of the cash flows expected to result from the use of the assets and their eventual disposition. Changes in estimates or application of alternative assumptions and definitions could produce significantly different results.

Property and Equipment

At January 23, 2005, we had property and equipment of \$986.2 million, representing 61.7% of total assets. We capitalize the cost of property and equipment. Maintenance and repairs that neither materially add to the value of the property nor appreciably prolong its life are charged to expense as incurred. Costs incurred in connection with our "all properties other capital improvements," program, as detailed in the "Liquidity and Capital Resources" section below, include individual capital expenditures related to the purchase of furniture and equipment and to the upgrade of hotel rooms, restaurants and other areas of our properties. We depreciate property and equipment on a straight-line basis over their estimated useful lives. The estimated useful lives are based on the nature of the assets as well as our current operating strategy. Future events such as property expansions, new competition and new regulations could result in a change in the manner in which we are using certain assets requiring a change in the estimated useful lives of such assets. We evaluate long-lived assets for impairment using SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), which addresses financial accounting and reporting for the impairment or disposal of long-lived assets. In assessing the recoverability of the carrying value of property and equipment, we make assumptions regarding future cash flows and other factors. If these estimates or the related assumptions change in the future, we may be required to record impairment losses for these assets. Such impairment losses would be recognized as a non-cash component of operating income.

Self-Insurance Liabilities

We are self-funded up to a maximum amount per claim for our employee-related healthcare benefits program, workers' compensation insurance and general liability insurance. Claims in excess of this maximum are fully insured through a stop-loss insurance policy. We accrue for these liabilities based on claims filed and estimates of claims incurred but not reported. We also rely on independent consultants to assist in the determination of estimated accruals. While the total cost of claims incurred depends on future developments such as increases in healthcare costs, in our opinion, recorded reserves are adequate to cover payments on future claims.

Income Tax Assets and Liabilities

We account for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes" ("SFAS 109"). SFAS 109 requires that we recognize a current tax asset or liability for the estimated taxes payable or refundable based upon application of the enacted tax rates to taxable income in the current year. Additionally, we are required to recognize a deferred tax liability or asset for the estimated future tax effects attributable to temporary differences. Temporary differences occur when differences arise between: (a) the amount of taxable income and pretax financial income for a year and (b) the tax basis of assets or liabilities and their reported amounts in financial statements. SFAS 109 also requires that any deferred tax asset recognized must be reduced by a valuation allowance for any tax benefits that, in our judgment and based upon available evidence, may not be realizable.

The deferred tax assets and liabilities, as well as the need for a valuation allowance, are evaluated on a quarterly basis and adjusted if necessary. We use forecasted future operating results and consider enacted tax laws and rates in determining if the valuation allowance is sufficient. We operate in multiple taxing jurisdictions and are therefore subject to varying tax laws and potential audits, which could impact our assessments and estimates.

Contingencies

We are involved in various legal proceedings and have identified certain loss contingencies. We record liabilities related to these contingencies when it is determined that a loss is probable and reasonably estimable. These assessments are based on our knowledge and experience as well as the advice of legal counsel regarding current and past events. Any such estimates are also subject to future events, court rulings, negotiations between the parties and other uncertainties. If an actual loss differs from our estimate, or the actual outcome of any of the legal proceedings differs from expectations, operating results could be impacted.

We routinely face challenges from federal and other tax authorities regarding the amount of taxes due. These challenges include questions regarding the timing and amount of deductions and the allocation of income among various tax jurisdictions. We record reserves for loss contingencies associated with the various filing positions that are probable and subject to reasonable estimates.

Slot Club Awards

We reward our slot customers for their loyalty based on the dollar amount of play on slot machines. We accrue for these slot club awards based on an estimate of the outstanding value of the awards utilizing the age and prior history of redemptions. Future events such as a change in our marketing strategy or new competition could result in a change in the expected redemption or value of the awards.

Our results of operations for the three and nine months ended January 23, 2005, reflect the consolidated operations of all of our subsidiaries and include the following properties: the Isle-Bossier City, the Isle-Lake Charles, the Isle-Biloxi, the Isle-Lula, the Isle-Natchez, the Isle-Vicksburg, the Isle-Kansas City, the Isle-Boonville, the Isle-Bettendorf, the Isle-Marquette, the Rhythm City-Davenport, the Isle-Black Hawk, the Colorado Central Station-Black Hawk, the Colorado Grande-Cripple Creek, the Isle-Our Lucaya, Blue Chip-Dudley, Blue Chip-Wolverhampton, Blue Chip-Walsall and Pompano Park.

Our results of operations for the three and nine months ended January 25, 2004, reflect the consolidated operations of all of our subsidiaries and include the following properties: the Isle-Bossier City, the Isle-Lake Charles, the Isle-Biloxi, the Isle-Lula, the Isle-Natchez, the Isle-Vicksburg, the Isle-Kansas City, the Isle-Boonville, the Isle-Bettendorf, the Isle-Marquette, the Rhythm City-Davenport, the Isle-Black Hawk, the Colorado Central Station-Black Hawk, the Colorado Grande-Cripple Creek, the Lady Luck-Las Vegas, and Pompano Park. On October 30, 2002, we completed the sale of the Lady Luck-Las Vegas and operated the casino until September 3, 2003, when the purchaser's designated gaming operator received regulatory approval. Isle of Capri Black Hawk, L.L.C. purchased the Colorado Central Station-Black Hawk and the Colorado Grande-Cripple Creek on April 22, 2003. The Isle-Our Lucaya began operations in December of 2003. We purchased a two-thirds interest in Blue Chip Casinos, PLC ("Blue

Chip'') in November of 2003.

We believe that our historical results of operations may not be indicative of our future results of operations because of the substantial present and expected future increase in competition for gaming customers in each of our markets as new gaming facilities open and existing gaming facilities expand or enhance their facilities. In addition, we believe that our operating results are materially affected by the

33

economy and weather, such as the hurricanes that occurred in our second fiscal quarter of 2005. Results for the first three quarters of the fiscal year may not be indicative of the results of the full fiscal year.

The following discussion of our markets is a comparison of the three months ended January 23, 2005 versus the three months ended January 25, 2004.

In Mississippi, our four operations contributed 23.1% of our net revenues during the fiscal quarter ended January 23, 2005. The Isle-Biloxi experienced a slight increase in net revenues and a solid increase in operating income despite construction disruptions due to our hotel expansion. We expect to complete the expansion in late spring of 2005. An additional branded competitor will open in the Biloxi market in the latter half of calendar 2005. Net revenues at the Isle-Natchez increased slightly due to our marketing efforts in outer markets. Operating income fell slightly as depreciation expense increased in the third quarter of fiscal 2005 compared with the third quarter of fiscal 2004 due to our installation of additional ticket-in/ticket-out equipment and new slot machines. The Isle-Vicksburg was able to increase its net revenues slightly through our aggressive marketing efforts that had an initial negative impact on operating income. The Isle-Lula showed a decline in both net revenues and operating income due to an increasingly competitive and contracting market.

In Louisiana, our two properties contributed 25.9% of our net revenues during the fiscal quarter ended January 23, 2005. The Isle-Lake Charles continues to see the benefits of the Grand Palais expansion and renovation with increases in both net revenues and operating income. An additional competitor will enter the Lake Charles market in the summer of 2005. The Isle-Bossier City showed a decrease in net revenues; however, operating income increased due to improved overall cost controls. The Bossier City market is highly competitive and is facing increased competitive pressure from the significant expansion of Native American gaming in Oklahoma.

In Missouri, our two properties contributed 14.7% of our net revenues during the fiscal quarter ended January 23, 2005. The Isle-Kansas City's net revenues and operating income were up slightly as a result of the property's previous casino expansion and aggressive marketing. In the fourth quarter of fiscal 2005, the Missouri Department of Transportation will begin resurfacing Front Street in Kansas City, which will cause disruptions to traffic flow at the Isle-Kansas City for an estimated two-week period. Additional disruptions are expected beginning in May 2005, as the Pasco Bridge on Highway 35 near Kansas City will be closed for repairs for four to seven months. Results for the Isle-Boonville showed an increase in net revenues and a solid increase in operating income as the property continues to ramp up to its full potential. We are in the planning stages of the construction of our hotel and event center to further enhance the profitability of this property.

In Iowa, our three casinos contributed 18.3% of our net revenues during the fiscal quarter ended January 23, 2005. Our casinos in Davenport and Bettendorf (the "Quad Cities") experienced a decrease in net revenues. At the Isle-Bettendorf, operating income also declined. At the Rhythm City-Davenport, operating income increased partly due to a decrease in depreciation, which resulted from the extension of the useful life of the hotel at the Davenport property. These properties have faced an increase in competition from casinos in the Chicagoland market as those operators refine their product and service offerings. Additionally, the Native American casino in Tama, Iowa, that was closed in May 2003 and reopened in December 2003, is having a negative impact on our Iowa operations. Operating income also decreased as a result of the 2% increase in the Iowa gaming tax rates, which became effective July 1, 2004.

In Colorado, our three casino operations contributed 12.5% of our net revenues during the fiscal quarter ended January 23, 2005. Construction continues to have a negative impact particularly reducing parking for the Colorado Central Station-Black Hawk and restricting access to the street entrances to both

Black Hawk casinos. In February 2005, we expect to complete construction of approximately 600 new parking spaces and the expansion of both the Isle-Black Hawk's and the Colorado Central Station-Black Hawk's casinos. This will complete the most disruptive phase of our expansion projects in Black Hawk. By June 2005, we expect to open approximately 400 additional parking spaces, the skywalk connecting the properties and a Kitt's Kitchen restaurant. Finally, road construction connecting Main Street to Colorado Route 119, which was originally planned to be completed in the summer of 2005, has been temporarily delayed due to engineering problems.

In the Bahamas, the Isle-Our Lucaya experienced an increase in net revenues; however, operating income fell because the casino incurred a full quarter of expenses despite being closed for approximately half of the fiscal quarter, due to hurricanes, which occurred in the second fiscal quarter of 2005. In the third fiscal quarter of the prior year, we opened the casino in mid-December; therefore, the property only incurred expenses for approximately half of that quarter. The Our Lucaya resort has substantially reopened, although the island is still recovering from last calendar year's hurricanes. Subsequent to the end of the third fiscal quarter, we received an initial payment on our business interruption insurance claim.

In the United Kingdom, we continue our efforts to develop a casino in Coventry. However, the latest proposed gaming legislation would limit the number of regional casinos to eight for a three-year period after the first regional casino opened. We anticipate that a selection of the eight casinos will not be made until late 2007. Based on the current legislative uncertainty, we have written off \$1.6 million of previously capitalized fixed assets related to projects in United Kingdom locations other than Coventry.

New development expense increased to \$3.7 million for the quarter ended January 23, 2005, up from \$1.6 million for the same period in the previous fiscal year. This is primarily due to our continuing development efforts in the United Kingdom, Florida and elsewhere in the United States. In Florida, a statewide referendum passed in November 2004 allowing the voters of Broward and Miami-Dade counties to vote to approve slot machines at existing pari-mutuel facilities. Local referendums will be on the March 8, 2005 ballots in both counties. We are also discussing with members of the Florida legislature the introduction of enabling gaming legislation as required by the statewide referendum. We operate Pompano Park Harness Track in Broward County and have the exclusive right to negotiate the purchase of the Miami Jai Alai fronton in Miami-Dade County.

Three Fiscal Months Ended January 23, 2005 Compared to Three Fiscal Months Ended January 25, 2004

Gross revenues for the fiscal quarter ended January 23, 2005 were \$320.8 million, which included \$268.2 million of casino revenues, \$10.5 million of rooms revenues, \$5.2 million of pari-mutuel commissions and \$36.9 million of food, beverage and other revenues. This compares to gross revenues for the fiscal quarter ended January 25, 2004 of \$318.3 million, which included \$267.5 million of casino revenues, \$9.9 million of room revenues, \$5.6 million of pari-mutuel commissions and \$35.3 million of food, beverage and other revenues.

Casino revenues for the fiscal quarter ended January 23, 2005 were nearly flat compared to the fiscal quarter ended January 25, 2004. Casino revenues at our Louisiana properties increased due primarily to the renovation and expansion of the Grand Palais at the Isle-Lake Charles. This increase at the Isle-Lake Charles was partially offset by a decrease in casino revenues at the Isle-Bossier City as we face increased competition both within that market and from expanding Native American casinos in Oklahoma. We also had increased casino revenues at the Isle-Our Lucaya, as that property continues to recover from last calendar year's hurricane damage. These increases in casino revenues were offset by a decline in casino revenues at our Colorado properties due primarily to construction disruptions to our two properties in

Black Hawk, Colorado. Additionally, casino revenues fell in Iowa as we experienced more competition from Chicagoland area casinos and the Native American casino in Tama, Iowa. That casino was closed for most of the third quarter in fiscal 2004. It was open for the entire third quarter in fiscal 2005.

Room revenues for the fiscal quarter ended January 23, 2005 increased 5.8% over the same fiscal quarter of last year, primarily resulting from the additional capacity at the Isle-Bossier City. Pari-mutuel commissions earned at Pompano Park in Florida decreased by 6.3% over the comparable quarter of fiscal 2004, related to a decrease in the number of live race days during the quarter. Food and beverage revenues increased 3.4% over the fiscal quarter ended January 25, 2004, due to increased business from renovations to the buffets at the Isle-Vicksburg and the Isle-Lake Charles.

Promotional allowances, which are made up of complimentary revenues, cash points and coupons, are rewards that we give our loyal customers to encourage them to continue to patronize our properties. These allowances increased by 1.7% in the third fiscal quarter of 2005 as compared to the third fiscal quarter of 2004 as we increased our direct mail efforts to promote play at our various property locations.

Casino operating expenses for the third quarter of fiscal 2005 increased 3.1% compared to the third quarter of fiscal 2004, despite flat casino revenues over the same period. These expenses are primarily comprised of salaries, wages and benefits and other operating expenses of the casinos. The increase in casino operating expenses is attributable to the additions of the Isle-Our Lucaya and Blue Chip. Additionally, the Isle-Black Hawk experienced increased rent for slot machines and increased worker's compensation costs. At the Isle-Vicksburg, casino operating expenses increased as casino operations increased the level of complimentary to promote play. The Isle-Our Lucaya incurred casino operating expenses while the property was closed in the aftermath of last calendar year's hurricanes.

Gaming taxes increased 1.2% in the fiscal quarter ended January 23, 2005 compared to the fiscal quarter ended January 25, 2004, and gaming taxes as a percentage of casino revenues increased from 22.1% in the fiscal quarter ended January 25, 2004, to 22.3% of casino revenues in the fiscal quarter ended January 23, 2005. Effective July 1, 2004, we were subject to an additional assessment of 2.0% of gross gaming revenues in Iowa due to a tax increase enacted in that state.

Room expenses in the fiscal quarter ended January 23, 2005 increased 9.7% compared to the fiscal quarter ended January 25, 2004. These expenses directly relate to the cost of providing hotel rooms. Other costs of the hotels are shared with the casinos and are presented in their respective expense categories. The increase in expenses was due primarily to the additional occupancy at the Isle-Bossier City.

Pari-mutuel expenses remained flat in the fiscal quarter ended January 23, 2005 compared to the quarter ended January 25, 2004.

Food, beverage and other expenses increased 12.2% in the fiscal quarter ended January 23, 2005 compared to the fiscal quarter ended January 25, 2004. These expenses consist primarily of the cost of goods sold, salaries, wages and benefits and other operating expenses of these departments. Food, beverage and other expenses as a percentage of gross food, beverage and other revenues increased from 22.2% for the fiscal quarter ended January 25, 2004, to 23.8% for the fiscal quarter ended January 23, 2005. These expenses increased partly as a result of the opening of a renovated buffet at the Isle-Lake Charles. Additionally, due to construction, the Isle-Bossier City had limited meeting space in the fiscal quarter ended January 25, 2004. With the addition of the hotel's meeting space, the Isle-Bossier City incurred more food, beverage and other costs in the fiscal quarter ended January 23, 2005.

Marine and facilities expenses increased 7.4% in the fiscal quarter ended January 23, 2005 compared to the quarter ended January 25, 2004. These expenses include salaries, wages and benefits of the marine and facilities departments, operating expenses of the marine crews, insurance, maintenance of public areas, housekeeping and general maintenance of the riverboats and pavilions. The increase in marine and facilities expenses is due primarily to an increase in the cost of utilities at the Isle-Lake Charles and an increase in repairs and maintenance at the Isle-Lula.

Marketing expenses increased 0.8% in the fiscal quarter ended January 23, 2005 compared to the fiscal quarter ended January 25, 2004. The increase in marketing expenses is primarily due to more aggressive marketing at the Isle-Vicksburg and the Isle-Natchez as well as the addition of the Isle-Our Lucaya. The increases were offset by decreases in marketing at the Isle-Kansas City and the Isle-Bossier City, as each of these properties promoted the opening of major expansions in the third quarter of fiscal 2004. Marketing expenses include salaries, wages and benefits of the marketing and sales departments, as well as promotions, direct mail, advertising, special events and entertainment.

Administrative expenses increased 18.6% in the fiscal quarter ended January 23, 2005 compared to the fiscal quarter ended January 25, 2004. These expenses include administration and human resource department expenses, rent, new development activities, professional fees and property taxes. The increase is primarily due to the addition of the Isle-Our Lucaya and Blue Chip. We also increased our development and investment activities in Florida, domestically and in the United Kingdom.

In the United Kingdom, we continue our development efforts including developing a casino in Coventry. However, the latest proposed gaming legislation would limit the number of regional casinos to eight for a three-year period after the first regional casino opens. We anticipate that selection of the eight casinos will not be made until late 2007. As a result of these developments during the quarter, we determined that previously capitalized fixed assets would not be recoverable under the provisions of SFAS 144. As such, we recorded an impairment write down of \$1.6 million, in the line item "Valuation Charge" on the accompanying consolidated statements of income.

Preopening expenses in the fiscal quarter ended January 25, 2004 related to the opening of the Isle-Our Lucaya.

Depreciation and amortization expense increased 4.3% in the quarter ended January 23, 2005 compared to the quarter ended January 25, 2004. The increase was primarily due to capital additions at the Isle-Bossier City and the Isle-Lake Charles, as well as the additions from our slot initiative.

Net interest expense decreased 9.0% in the quarter ended January 23, 2005 compared to the quarter ended January 25, 2004. This is primarily attributable to the lower average balance outstanding for both the term and revolver portions of our Senior Secured Credit Facility. On March 3, 2004, we prepaid \$37.5 million of the term loan as part of the refinancing of our \$390 million 8.75% Senior Subordinated Notes due 2009. We also made principal payments of \$0.6 million during the quarter. Net interest expense for the third fiscal quarter of 2004 includes \$1.5 million associated with interest rate hedges that expired in March of 2004. Net interest expense of \$2.2 million related to our Colorado properties is included in net interest expense in the quarter ended January 23, 2005. This compares to interest expense of \$2.8 million for the quarter ended January 25, 2004. This is due to the lower effective interest rate for the term portion of the Isle-Black Hawk's Senior Secured Credit Facility. Net interest also excludes capitalized interest of \$1.1 million for the quarter ended January 23, 2005, as compared to \$0.5 million for the quarter ended January 25, 2004. The increase in capitalized interest results from the expansion projects at the Isle-Biloxi and in Black Hawk. The increase is partially offset by the completion of the expansion projects at the Isle-Bossier City and the Isle-Lake Charles.

Our effective tax rate was 53.0% for the quarter ended January 23, 2005 compared to 39.0% for the quarter ended January 25, 2004, which, in each case, excludes an unrelated party's portion of the Colorado Central Station-Black Hawk's and the Colorado Grande-Cripple Creek's income taxes. The increase in the rate over the comparable fiscal quarter is attributable to the effect of non-deductible permanent items on lower earnings for the year.

Nine Fiscal Months Ended January 23, 2005 Compared to Nine Fiscal Months Ended January 25, 2004

Gross revenues for the nine months ended January 23, 2005 were \$987.0 million, which included \$827.9 million of casino revenues, \$35.8 million of room revenues, \$13.0 million of pari-mutuel commissions and \$110.3 million of food, beverage and other revenues. This compares to gross revenues for the nine months ended January 25, 2004, of \$986.1 million, which included \$831.8 million of casino revenues, \$33.0 million of room revenues, \$13.3 million of pari-mutuel commissions and \$107.9 million of food, beverage and other revenues.

Casino revenues for the nine months ended January 23, 2005 were essentially flat compared to the nine months ended January 25, 2004. We saw an increase in casino revenues at our Missouri properties due primarily to the Isle-Kansas City's expansion of its gaming floor and the Isle-Boonville's continued strong performance. Likewise, casino revenues increased at the Isle-Lake Charles resulting from the expansion and renovation of the Grand Palais. The addition of the Isle-Our Lucaya and Blue Chip also increased casino revenues as these properties opened in the third quarter of fiscal 2004. These increases were offset by the sale of the Lady Luck-Las Vegas. In Colorado, casino revenues declined as the Isle-Black Hawk and the Colorado Central Station-Black Hawk have been affected by construction disruption. We expect that significant disruption will continue through February 2005. We also faced decreases in casino revenues at the Isle-Biloxi because of construction and the aftermath of Hurricane Ivan.

Room revenues for the nine months ended January 23, 2005 increased 8.4% compared to the nine months ended January 25, 2004, primarily as a result of the additional capacity at the Isle-Bossier City. Pari-mutuel commissions earned at Pompano Park in Florida for the nine months ended January 23, 2005 decreased 2.2% as an increase in the number of live race days helped to offset the general decline in onsite wagering on horse races. Food and beverage revenues increased by 2.7% because of renovations made to the buffets at the Isle-Vicksburg, the Isle-Lake Charles and the Isle-Bossier City. The addition of the Isle-Our Lucaya and Blue Chip locations also added to food and beverage revenues.

Promotional allowances, which are made up of complimentary revenues, cash points and coupons, are rewards that we give our loyal customers to encourage them to continue to patronize our properties. These allowances increased by 2.5% in the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004 as we increased our direct mail efforts to promote play.

Casino operating expenses for the first nine months of fiscal 2005 increased 2.3% compared to the first nine months of fiscal 2004. These expenses are primarily comprised of salaries, wages and benefits and other operating expenses of the casinos. The increase in casino operating expenses is attributable to the additions of the Isle-Our Lucaya and Blue Chip. The Isle-Our Lucaya incurred casino operating expenses during the time the property was closed in the aftermath of last year's hurricanes. These increases are partially offset by the discontinuation of gaming operations at the Isle-Las Vegas, following the finalization of the property's sale, and a decrease in salaries, wages, taxes and benefits at the Isle-Bossier City due to cost controls and decreased benefit costs.

Gaming taxes increased 1.7% in the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004 and gaming taxes as a percentage of casino revenues increased from 21.8% for the nine months ended January 25, 2004, to 22.3% of casino revenues for the nine months ended January 23, 2005. Effective July 1, 2004, we were subject to an additional assessment of 2.0% of gross gaming revenues in Iowa due to a tax increase enacted in that state.

Room expenses in the nine months ended January 23, 2005 increased 7.5% compared to the nine months ended January 25, 2004. These expenses directly relate to the cost of providing hotel rooms. Other costs of the hotels are shared with the casinos and are presented in their respective expense categories. The increase in expenses was due primarily to the additional room capacity at the Isle-Bossier City.

Pari-mutuel expenses increased 3.8% in the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004, due primarily to the increase in live racing days.

Food, beverage and other expenses increased 13.4% during the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004. These expenses consist primarily of the cost of goods sold, salaries, wages and benefits and other operating expenses of these departments. Food, beverage and other expenses as a percentage of gross food, beverage and other revenues increased from 22.1% for the nine months ended January 25, 2004, to 24.5% for the nine months ended January 23, 2005. These expenses increased partly as a result of the expansion at the Isle-Bossier City. Room service and banquet expense increased as the availability of meeting space and hotel rooms increased in the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004. The addition of the Isle-Our Lucaya and Blue Chip also increased food, beverage and other expenses.

Marine and facilities expenses increased 3.1% for the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004. These expenses include salaries, wages and benefits of the marine and facilities departments, operating expenses of the marine crews, insurance, maintenance of public areas, housekeeping and general maintenance of the riverboats and pavilions. The increase was primarily due to the Isle-Vicksburg's parking lot repairs completed in the first quarter of fiscal 2005, ongoing repairs and maintenance at the Isle-Lula, and the addition of the Isle-Our Lucaya. The increase was partially offset by a decrease in benefits expense for the marine and facilities departments at the Isle-Bossier City.

Marketing expenses increased 1.8% for the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004. The increase in marketing expenses is primarily due to the addition of the Isle-Our Lucaya and is partially offset by the finalization of the sale of the Lady Luck-Las Vegas. Marketing expenses include salaries, wages and benefits of the marketing and sales departments, as well as promotions, direct mail, advertising, special events and entertainment.

Administrative expenses increased 7.7% for the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004. These expenses include administration and human resource department expenses, rent, new development activities, professional fees and property taxes. The increase is due to the addition of the Isle-Our Lucaya and Blue Chip. We also increased our development and investment activities domestically and in the United Kingdom. In Florida, we supported the successful campaign to pass a constitutional amendment that allows the voters of Miami-Dade and Broward counties to decide whether to approve slot machines in racetracks and jai alai facilities in their respective counties. These increases were partially offset by finalization of the sale and discontinuation of all operations at the Lady Luck-Las Vegas and savings from combining some administrative functions of our Isle-Bettendorf and Rhythm City-Davenport properties.

Depreciation and amortization expense increased 11.2% for the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004. The increase was primarily due to a one-time charge for additional depreciation expense of \$2.9 million related to a reclassification of certain land improvements that were improperly classified as land at the time of the conversion of the company's manual system to a computerized asset tracking system in fiscal 2002, identified in the second fiscal quarter of 2005, as well as the capital additions at the Isle-Bossier City, the Isle-Lake Charles and the Isle-Kansas City.

Net interest expense decreased 11.6% for the nine months ended January 23, 2005 compared to the nine months ended January 25, 2004. This is primarily attributable to the lower average balances outstanding. Net interest expense for the first three quarters of fiscal year 2004 includes \$4.3 million associated with interest rate hedges that expired in March 2004. Additionally, net interest expense of \$6.9 million related to our Colorado properties is included in net interest expense for the nine months ended January 23, 2005. This compares to net interest expense of \$8.5 million for the nine months ended January 25, 2004. Net interest also excludes capitalized interest of \$1.9 million for the nine months ended January 23, 2005, as compared to \$1.2 million for the nine months ended January 25, 2004. The increase in capitalized interest results from the expansion projects at the Isle-Biloxi and in Black Hawk. The increase is partially offset by the completion of the expansion projects at the Isle-Bossier City.

Our effective tax rate was 45.8% for the nine months ended January 23, 2005 compared to 32.7% for the nine months ended January 25, 2004, which, in each case, excludes an unrelated party's portion of the Colorado Central Station-Black Hawk's and the Colorado Grande-Cripple Creek's income taxes. The increase in the rate over the comparable period is due to the effect of non-deductible permanent items on lower earnings for the year, the impact of not benefiting from a portion of the current operating losses of our interests in the United Kingdom and state income taxes.

Liquidity and Capital Resources

At January 23, 2005, we had cash and cash equivalents of \$122.8 million compared to \$134.6 million in cash and cash equivalents at April 25, 2004, the end of our last fiscal year. The \$11.8 million decrease in cash and cash equivalents is the net result of \$133.5 million net cash provided by operating activities, \$149.6 million net cash used in investing activities, \$4.1 million net cash provided by financing activities and \$0.1 million increase in cash from the effect of foreign currency exchange rates. In addition, as of February 4, 2005, we had \$444.9 million of capacity under lines of credit. Of this amount, \$0.9 million is limited to use by Blue Chip and is currently outstanding. Of the remaining \$444.0 million, \$420.3 million was available, consisting of \$395.3 million in unused credit capacity under the revolving loan commitment on our Senior Secured Credit Facility, \$21.0 million of unused credit capacity with the Isle-Black Hawk's Senior Secured Credit Facility (limited to use by the Isle-Black Hawk), and \$4.0 million under other lines of credit. During the quarter ended January 23, 2005, the Isle-Black Hawk drew down \$14.0 million on its revolving loan under the Isle-Black Hawk's Senior Secured Credit Facility. We believe that existing cash, cash flow from operations and available borrowings under our lines of credit will be sufficient to support our working capital needs, planned capital expenditures and debt service requirements for the foreseeable future.

Cash Flow from Investing Activities

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form 10-Q

We invested \$142.7 million in property and equipment during the nine fiscal months ended January 23, 2005. The following table reflects expenditures for property and equipment on major projects and the estimated costs to complete such projects:

<u>Property</u>	<u>Project</u>	Actual		Remaining		
		Fiscal Year Ended 4/25/04	Nine Months Ended 01/23/05	Fiscal Year Ending 4/24/05	Thereafter	
		(dollars in millions)

All	Other capital improvements	35.2	14.3	8.0	8.0	
	Total	\$ 151.6	\$ 142.7	\$ 68.6	\$ 277.7	

The other capital improvements at all of our properties consists of numerous capital expenditures related to the purchase of furniture and equipment and the upgrade of hotel rooms, restaurants and other areas of our properties.

In August 2002, we announced plans for a \$135.0 million expansion at three of our casinos of which \$94.7 million has been spent to date. The expansion plan includes upgraded and additional amenities at the Isle-Biloxi, the Isle-Bossier City and the Isle-Marquette. This plan, which will utilize cash flow from operations, reinforces our commitment to develop our portfolio of properties to feature a more resort-oriented product.

The Isle-Black Hawk is investing approximately \$94.0 million in Black Hawk to significantly increase covered parking for the Isle-Black Hawk and the Colorado Central Station-Black Hawk, expand the Isle-Black Hawk, add hotel rooms and an Isle-branded Kitt's Kitchen restaurant and connect the properties by means of a skywalk. We expect to complete construction of 600 new parking spaces and the expansion of both properties' casinos by the end of February 2005. This will complete the most disruptive phase of our expansion project in Black Hawk. By June 2005, we expect to open 400 additional parking spaces, the skywalk connecting the properties and the Kitt's Kitchen restaurant. Additionally, the Isle-Black Hawk will fund and construct public improvements, which include extending Main Street to connect directly to Colorado Route 119 approximately one half mile closer to Denver. Substantial completion of the public improvements was originally planned for summer 2005, but the road construction has been temporarily delayed due to engineering problems. Completion of the hotel is scheduled for spring of 2006.

The Isle-Biloxi plan, estimated at \$79.0 million, will include an additional 400 hotel rooms, a 12,000 square-foot convention/entertainment center, an expanded pool and spa area and a 1,000-space parking facility, which was completed in December 2003. The parking garage provides a podium for future expansion of an additional hotel tower. Construction on the hotel began in January 2004 with projected

completion in late spring of 2005. In October 2004, we announced plans to replace the casino at the Isle-Biloxi with a new state-of-the-art casino facility. The approximately \$90.0 million new casino, which is in addition to the \$79.0 million parking and hotel expansion, is expected to be opened by December 2005 and will feature significantly expanded gaming space, new entertainment venues and restaurants and other amenities. We plan to construct the barge offsite and then move it into place during a two-week period between Thanksgiving and Christmas of 2005. We are reviewing our options for the existing barge that will be replaced at the Isle-Biloxi in December 2005.

The Isle-Bossier City plan, estimated at \$50.0 million, was completed in January 2004. This expansion features a hotel tower with 265 rooms, an Isle-branded Kitt's Kitchen restaurant, a new pool and deck, a spa and a 12,000 square-foot convention/entertainment center.

The Isle-Marquette property phase of the plan will include \$6.0 million in improvements including a 60-room Inn-at-the-Isle and improved parking. The construction will commence once we have received local and regulatory permits and will last approximately 16 months.

As announced in December 2003, we entered into an agreement to develop and operate an Isle of Capri-themed casino, subject to obtaining a license, in a commercial leisure complex currently under development in Coventry, England. We plan to spend approximately \$11.7 million in fiscal 2005 for design and architectural fees and mechanical and electrical build-out of the leased space. The remaining \$83.2 million, of the total \$94.9 million approved for the project, may be spent during fiscal 2006 and 2007 to construct and equip the gaming floor and related casino areas.

On March 15, 2004, we announced that we had been selected by the Illinois Gaming Board as the successful bidder in a federal bankruptcy court auction for the 10th Illinois gaming license conducted pursuant to an agreement approved by, among other parties, the Illinois Attorney General. We bid \$518.0 million to acquire by merger the stock of a company in bankruptcy that owns the license. Our bid currently expires on March 31, 2005, which date has been extended by us several times. If this merger is completed, we expect to spend approximately \$150.0 million in addition to amounts already expended at the site in Rosemont, Illinois to construct a single-level, 40,000 square foot casino with 1,200 gaming positions, restaurants, an entertainment venue and retail space. We plan to finance the Rosemont, Illinois project through equity contributions from us and from a limited number of individual investors, who in the aggregate will own 20% as required by Illinois law, in an amount sufficient to allow non-recourse financing for the remainder of the cash needed to complete the project. The federal bankruptcy court has confirmed the plan of reorganization pursuant to which the merger would be consummated. The merger remains subject to certain conditions, including a finding of suitability and final approval by the Illinois Gaming Board as well as certain other conditions. In addition, the Illinois Attorney General has raised issues with regard to the appropriateness of the Village of Rosemont as a host community and the Illinois Gaming Board's selection of our bid, and has announced that she intends to attempt to recommence administrative proceedings with a proposed remedy of revoking the license from the current owner. The Illinois Attorney General has also filed a suit against the Illinois Gaming Board seeking to enjoin the Board from conducting a suitability investigation of us in connection with the merger provided for under the plan of reorganization. The Illinois Supreme Court has also agreed to review certain challenges to amendments to the Illinois Riverboat Gambling Act relating to the proposed relocation of the 10th license. There can be no assurance that the foregoing conditions will be satisfied or that we will ultimately acquire the license. Additionally, because Illinois limits the number of gaming licenses, each license has intrinsic value. Therefore, this license is considered an intangible asset. As such, the cost of the license, as well as costs to acquire the license, are capitalized. As of January 23, 2005, we have capitalized \$2.5 million related to acquisition of this license. Should we not ultimately obtain the license and complete the project, all such costs would be expensed.

We are in the planning stages of the construction of a 140-room hotel and an event center at the Isle-Boonville. We plan to spend approximately \$17.5 million on the project.

On October 29, 2004, we loaned \$5.0 million to Florida Gaming Corporation (“Florida Gaming”). Interest accrues on the unpaid principal balance of the loan at an annual rate of 6.0% and is paid in arrears on the first day of each fiscal quarter. The loan is secured by a pledge of all of the issued and outstanding shares of capital stock of Florida Gaming Centers, Inc. (“FGC”), a wholly owned subsidiary of Florida Gaming. The entire unpaid principal amount of the loan and unpaid interest thereon is payable on the earlier of (1) the sale of all or any material portion of the assets of, or all or any substantial equity interest in FGC, or (2) December 31, 2008. Concurrently with the loan, Florida Gaming and FGC entered into a letter agreement with us pursuant to which Florida Gaming and FGC gave us exclusive negotiating rights with respect to the acquisition of all or substantially all of FGC’s Miami jai alai business for a period ending no later than December 31, 2008.

On November 2, 2004, voters in the State of Florida voted to amend the state’s constitution to allow the voters of Miami-Dade and Broward counties to decide whether to approve slot machines in racetracks and jai alai frontons in their respective counties. Local referendums will be on the March 8, 2005 ballot in both counties. We are also discussing with members of the Florida legislature the introduction of enabling gaming legislation as required by the statewide referendum. We intend to proceed with the development of a slot machine facility at our Pompano Park facility if the Broward County voters vote to allow slot machines at existing race track facilities and the Florida legislature enacts enabling legislation permitting slot machines at that location. We intend to pursue our exclusive right to negotiate the purchase of FGC’s Miami Jai Alai Fronton if the Miami-Dade County voters vote to allow slot machines at existing jai alai frontons and the Florida legislature enacts enabling legislation permitting slot machines at that location. If successful in negotiating the purchase of the Miami Jai Alai Fronton, we also intend to develop a slot machine facility at that location. For a variety of reasons, there can be no assurance that Florida law will ultimately allow the operation of slot machines at racetracks or jai alai facilities in Miami-Dade and Broward counties, including at our Pompano Park facility, or that we will reach a mutually satisfactory agreement with regard to the purchase of FGC’s Miami jai alai business.

In January 2005, we announced plans to deploy the IGT *Advantage*™ Casino System. The total cost of the project is expected to be approximately \$26.4 million, of which \$1.7 million is included in the Colorado property expansion project discussed above. We began the rollout of this system at the Colorado Central Station-Black Hawk. The remaining \$24.7 million is to be used to replace the existing systems in five more of our casinos over the next 12 months. We are planning to roll out the system at the Isle-Biloxi, the Isle-Vicksburg, the Isle-Lula, the Isle-Black Hawk and one other location yet to be determined. These six properties will experience product upgrades to operate more competitively within their markets. Our slot improvement initiative also includes an increased ticket-in/ticket-out slot product offering. Our total percentage of ticket-in/ticket-out equipped machines is currently more than 61.3% and is projected to be 72.0% by fiscal year end.

We expense all developmental costs until we determine that ultimate licensure and operation is deemed probable. At that time, we evaluate the applicable costs and capitalize if appropriate.

All of our development plans are subject to obtaining permits, licenses and approvals from appropriate regulatory and other agencies and, in certain circumstances, negotiating acceptable leases. In addition, many of the plans are preliminary, subject to continuing refinement or otherwise subject to change.

Cash Flow from Financing Activities

During the nine fiscal months ended January 23, 2005, we had net sources of cash of \$4.1 million primarily in the following financing activities:

- We made net borrowings under the Isle-Black Hawk's credit facility of \$14.0 million.
 - We made borrowings under Blue Chip's credit facility of \$3.4 million.
- We made principal payments on our Senior Secured Credit Facility and other debt of \$4.8 million.
 - We purchased 364,895 shares of our common stock at a total cost of \$6.4 million.
 - We made cash distributions to a minority partner totaling \$3.6 million.
 - We received proceeds from the exercise of stock options of \$2.3 million.

Contractual Obligations and Commercial Commitments

On February 4, 2005, we refinanced our Senior Secured Credit Facility. Our new Senior Secured Facility provides for a \$400.0 million revolving credit facility maturing on February 4, 2010 and a \$250.0 million term loan facility maturing on February 4, 2011, (or at our option, February 6, 2012 if we elect to refinance our existing 9.00% senior subordinated notes currently due March 2012) with an additional \$50.0 million delayed draw term loan available until August 3, 2005. At our mutual discretion with the lead arranger, we may increase the revolver and/or term loan, in an aggregate amount up to \$200.0 million subject to certain conditions. The term loans are payable in quarterly installments beginning on March 31, 2005 and ending on February 4, 2011, unless extended as described above. The revolving credit facility may bear interest at the higher of (1) 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 1.75% or (2) a rate tied to a LIBOR rate plus an applicable margin of up to 2.75%. The term loan may bear interest at the higher of (1) 0.5% in excess of the federal funds effective rate or the rate that the bank group announces from time to time as its prime lending rate plus an applicable margin of up to 0.75% or (2) a rate tied to a LIBOR rate plus an applicable margin of 1.75%. The proceeds from the refinancing were used to pay down the existing Senior Secured Credit Facility term loan, of which \$205.6 million in principal and \$0.7 million in accrued interest were outstanding as of February 4, 2005. The remainder of the undrawn facility will be used for general corporate purposes, including working capital, permitted acquisitions, capital expenditures and investments.

Pursuant to the refinancing, we will recognize a loss before income taxes on early extinguishment of debt of approximately \$5.2 million, due to the write-off of previously deferred financing costs related to our existing Senior Secured Credit Facility. The costs associated with the new Senior Secured Credit Facility will be deferred and amortized over the term of the new facility.

Our Senior Secured Credit Facility, among other things, limits our ability to borrow money, make capital expenditures, use assets as security in other transactions, make restricted payments or restricted investments, incur contingent obligations, sell assets and enter into leases and transactions with affiliates. In addition, our credit facility requires us to meet certain financial ratios and tests, including: a minimum consolidated net worth test, a maximum consolidated total leverage test, a maximum consolidated senior leverage test, and a minimum consolidated fixed charge coverage test.

As of February 4, 2005, we had \$395.3 million of unused credit capacity with the revolving loan commitment on our Senior Secured Credit Facility, \$21.0 million of unused credit capacity with the Isle-Black Hawk's Senior Secured Credit Facility (limited to use by the Isle-Black Hawk) and \$4.0 million of available credit from other lines of credit. The revolving loan commitment is a variable rate instrument based on, at our option, LIBOR or our lender's prime

rate plus the applicable interest rate spread, and is effective through April 2007. Our lines of credit are also at variable rates based on our lender's prime rate and are subject to annual renewal. There is no assurance that these sources will in fact provide adequate funding for the expenditures described above or that planned capital investments will be sufficient to allow us to remain competitive in our existing markets.

We are in compliance with all covenants contained in our senior and subordinated debt instruments as of February 4, 2005. If we do not maintain compliance with these covenants, the lenders under the Senior Secured Credit Facility have the option (in some cases, after the expiration of contractual grace periods), but not the obligation, to demand immediate repayment of all or any portion of the obligations outstanding under the Senior Secured Credit Facility. Any significant deterioration of earnings could affect certain of our covenants. Adverse changes in our credit rating or stock price would not impact our borrowing costs or covenant compliance under existing debt instruments. Future events, such as a significant increase in interest rates can be expected to increase our costs of borrowing under our Senior Secured Credit Facility. The indentures governing our 7% Senior Subordinated Notes and our 9% Senior Subordinated Notes limit, among other things, our ability to borrow money, create liens, make restricted payments and sell assets.

We are highly leveraged and may be unable to obtain additional debt or equity financing on acceptable terms. As a result, limitations on our capital resources could delay or cause us to abandon certain plans for capital improvements at our existing properties and/or development of new properties. We will continue to evaluate our planned capital expenditures at each of our existing locations in light of the operating performance of the facilities at such locations.

Recently Issued Accounting Standards

On December 16, 2004, the FASB issued Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment" ("SFAS 123(R)"), which is a revision of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"). Statement 123(R) supersedes APB Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"), and amends Statement of Financial Accounting Standards No. 95, "Statement of Cash Flows" ("SFAS 95"). Generally, the accounting method required by SFAS 123(R) is similar to the accounting method required by SFAS 123. However, SFAS 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative. SFAS 123(R) must be adopted as of the beginning of the first interim or annual reporting period that begins after June 15, 2005. Early adoption will be permitted in periods in which financial statements have not yet been issued. We are required to adopt SFAS 123(R) on July 25, 2005, but are continuing to evaluate our option to early adopt.

SFAS 123(R) permits public companies to adopt its requirements using one of two methods:

- 1) A "modified prospective" method in which compensation cost is recognized beginning with the effective date (a) based on the requirements of SFAS 123(R) for all share-based payments granted after the effective date and (b) based on the requirements of SFAS 123 for all awards granted to employees prior to the effective date of SFAS 123(R) that remain unvested on the effective date.
- 2) A "modified retrospective" method which includes the requirements of the modified prospective method described above, but also permits entities to restate for the amounts previously recognized under SFAS 123 for purposes of pro forma disclosures either (a) all prior periods presented or (b) prior interim periods of the year of adoption.

We are currently evaluating the two recognition methods available under SFAS 123(R) to determine which method we will adopt.

As permitted by SFAS 123, we currently account for share-based payments to employees using APB 25's intrinsic value method and, as such, generally recognize no compensation cost for employee stock options. Accordingly, the adoption of SFAS 123(R)'s fair value method is expected to have a significant impact on our results of operations, although it will have no impact on our overall financial position. The ongoing impact of adoption of SFAS 123(R) cannot be predicted at this time because it will depend on levels of share-based payments granted in the future. However, had we adopted SFAS 123(R) in prior periods, the impact of that standard would have approximated the impact of SFAS 123 as described in the disclosure of pro forma net income and earnings per share in Note 1 to our consolidated financial statements. SFAS 123(R) also requires the benefits of tax deductions in excess of recognized compensation cost to be reported as a financing cash flow, rather than as an operating cash flow as required under current literature. This requirement will reduce net operating cash flows and increase net financing cash flows in periods after adoption.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Market risk is the risk of loss arising from adverse changes in market rates and prices, including interest rates, foreign currency exchange rates, commodity prices and equity prices. Our primary exposure to market risk is interest rate risk associated with our Senior Secured Credit Facility and the Isle-Black Hawk Senior Secured Credit Facility.

Isle-Black Hawk Senior Secured Credit Facility

The Isle-Black Hawk has interest rate swap agreements with an aggregate notional value of \$80.0 million or 48.9% of its variable rate term debt outstanding under the Isle-Black Hawk's Senior Secured Credit Facility as of January 23, 2005. The swap agreements effectively convert portions of its variable rate debt to a fixed-rate basis until the first fiscal quarter of 2006, thus reducing the impact of interest rate changes on future interest expense. These interest rate swap agreements terminate as follows: \$40.0 million in each of fiscal 2005 and 2006. We evaluate the effectiveness of these hedged transactions on a quarterly basis. We found no portion of the hedging instruments to be ineffective during the quarter ended January 23, 2005. Accordingly, no gains or losses have been recognized on these cash flow hedges.

The following table provides information at April 25, 2004 about our financial instruments that are sensitive to changes in interest rates. The table presents principal cash flows and related weighted average interest rates by expected maturity dates. There have been no material changes to this data since April 25, 2004.

Interest Rate Sensitivity
Principal (Notional) Amount by Expected Maturity
Average Interest (Swap) Rate

Fiscal year (dollars in millions)	2005	2006	2007	2008	2009	Thereafter	Total	Fair Value 4/25/2004
Liabilities								
Long-term debt, including current portion								
Fixed rate	\$ 2.6	\$ 1.7	1.1	\$ 1.2	\$ 1.3	\$ 705.1	\$ 713.0	\$ 708.0
Average interest rate	7.6%	7.6%	7.6%	7.6%	7.6%	7.6%	7.6%	
Variable rate	\$ 5.4	\$ 5.0	\$ 5.1	\$ 360.4-	\$ -	\$ -	\$ 375.9	\$ 375.9
Average interest rate (1)	4.2%	5.8%	6.9%	7.6%-	-	-	-	

Interest Rate Derivative Financial Instruments Related to Debt

Interest rate swaps

Pay fixed/receive variable (2)	\$ 40.0	\$ 40.0	-	\$ -	\$ -	\$ -	\$ 80.0	\$ (0.7)
	2.8%	1.5%						

Average pay rate	-	-	-	-
Average receive rate	1.6%	3.2%-	-	-

(1) Represents the annual average LIBOR from the forward yield curve at April 25, 2004, plus the weighted average margin above LIBOR on all consolidated variable rate debt.

(2) Fair value represents the amount we would have to pay the counter party if we were to terminate the swap agreements at April 25, 2004.

ITEM 4. CONTROLS AND PROCEDURES.

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As of January 23, 2005, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that the design and operation of the Company's disclosure controls and procedures were effective as of January 23, 2005.

CHANGES IN INTERNAL CONTROLS

During the fiscal quarter ended January 23, 2005, there was no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

See Legal Proceedings in Part II Item 1 of our Form 10-Q for the fiscal quarter ended October 24, 2004 and Item 3 of our Form 10-K for the fiscal year ended April 25, 2004.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

<u>Period</u>	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Programs (1)	Maximum Number of Shares that May Yet Be Purchased Under the Programs (1)
October 25, 2004 to November 21, 2004	-	\$ -	-	488,205
November 22, 2004 to December 26, 2004	-	-	-	488,205
December 27, 2004 to January 23, 2005	-	-	-	488,205
Total	-	\$ -	-	488,205

(1) We have purchased our common stock under two separate repurchase programs. The first program, which allowed repurchase of up to 1,500,000 shares, was announced on November 15, 2000 and subsequently expanded to allow repurchase of an additional 1,500,000 shares, as announced on January 11, 2001. The current program was announced on October 25, 2002 and allows for the repurchase of up to 1,500,000 shares. To date, we have purchased 4,011,795 shares of our common stock under the two programs. These programs do not have maximum approved dollar amounts, nor expiration dates.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. SUBMISSION OF MATTERS SUBJECT TO A VOTE OF SECURITY HOLDERS.

None.

ITEM 5. OTHER INFORMATION.**ITEM 5. OTHER INFORMATION.**

Our Board of Directors approved the following agreements on January 11, 2005 subject to their finalization and execution which occurred on February 23, 2005:

1. An amendment to our deferred compensation plan initially effective June 1, 1995 (the "1995 Plan");

2. 2005 Deferred Compensation Plan (the “2005 Plan”); and
3. Non-Employee Directors’ Deferred Compensation Plan (the “Directors’ Plan”).

In compliance with the provisions of the American Jobs Creation Act of 2004 (the "Jobs Act"), our Board of Directors amended the 1995 Plan to cease future deferrals effective as of December 31, 2004. The 1995 Plan provided benefits to a select group of our management and highly compensated employees.

The 2005 Plan is to be effective for amounts deferred on or after January 1, 2005. The 2005 Plan, which is a restatement of the 1995 Plan, will provide benefits to a select group of our management and highly compensated employees and is intended to comply with the requirements of the Jobs Act. The material terms of the plan include the ability of the participants to defer on a pre-tax basis salary and bonus payments, annual contributions in our discretion, distribution after separation from service, death or disability, and the investment of deferred amounts in notional investment alternatives that are the same as the investment alternatives offered, from time to time, under our tax-qualified savings plan, including units representing shares of our common stock.

The Directors' Plan is to be effective for amounts deferred on or after January 1, 2005. The Directors' Plan will provide a means by which non-employee directors can defer the receipt of the annual retainer and meeting fees and is intended to comply with the provisions of the Jobs Act. Deferred amounts are subject to notional investment in either a money market or similar cash equivalent fund or units representing shares of our common stock. Deferred amounts, as adjusted for earnings during the deferral period, are distributed after a director ceases to serve for any reason.

ITEM 6. EXHIBITS.

See the Index to Exhibits following the signature page hereto for a list of the exhibits filed pursuant to Item 601 of Regulation S-K.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
