**PART III — NARRATIVE**

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

ION Geophysical Corporation (the "Company") is filing this Notification of Late Filing on Form 12b-25 with respect to its Quarterly Report on Form 10-Q for its quarterly period ended September 30, 2013. The Company is unable to file such Quarterly Report on Form 10-Q without unreasonable effort or expense, as a result of the circumstances described below.

In connection with the preparation of the Company's Form 10-Q for the quarterly period ended September 30, 2013, the Audit Committee of the Board of Directors of the Company, after considering and concurring with the recommendation of management, concluded that it was necessary to restate the Company's condensed consolidated statements of cash flows for the three months ended March 31, 2013 and for the six months ended June 30, 2013. The Company determined that it had incorrectly presented the investments in its multi-client seismic data libraries, or SPANs, in its condensed consolidated statements of cash flows. Certain accrued expenses and accounts payable activity related to the SPANs were presented inappropriately as a reduction in "net cash provided by operating activities" and should have been presented as "net cash used in investing activities" in the Company's condensed consolidated statements of cash flows for the three months ended March 31, 2013 and for the six months ended June 30, 2013. Additional information about the restatements is included in the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission contemporaneously with the filing of this Form 12b-25, on November 12, 2013. The Company will amend its Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2013 and June 30, 2013 to restate the condensed consolidated statements of cash flows to correct this presentation, and to revise certain related information, including the discussion of the Company's internal controls and procedures.

As a result of the need to first complete and file amendments on Form 10-Q/A to its Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2013 and June 30, 2013, the Company will require additional time to complete and file its Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2013.

SEC 1344 (04-09) Persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB control number.
