Item 1.01 Entry into a Material Definitive Agreement

On February 25, 2010, Franklin Covey Co. (the Company) entered into a fourth modification agreement with JPMorgan Chase Bank, N.A. (the Lender) on its line of credit facility (the Fourth Modification Agreement). The Lender also provides the majority of the Company's day-to-day banking services.

Under provisions of the Fourth Modification Agreement, the following terms of the line of credit agreements were modified:

1. Loan Amount – The line of credit will continue to allow up to \$13.5 million of borrowing capacity until December 31, 2010, when the loan amount will be reduced to \$10.0 million.
2. Maturity Date – The maturity date of the credit facility has been extended one year to March 14, 2011.
3. Interest Rate – The effective interest rate will be based upon the calculation of the Funded Debt to EBITDAR Ratio and the Fixed Charge Coverage Ratio. If the Company's Funded Debt to EBITDAR Ratio is less than 2.5 to 1.0 and the Fixed Charge Coverage Ratio is greater than 2.0 to 1.0, the interest rate will be LIBOR plus 2.6 percent. If the ratios are in excess of these amounts, but still in compliance with the terms of the line of credit facility, the interest rate will be LIBOR plus 3.5 percent.
4. Financial Covenants – The Funded Debt to EBITDAR Ratio was modified for the twelve (12) month periods then ending, to be less than (a) 3.75 to 1.00 as of the end of the fiscal quarter ending on February 28, 2010, (b) 3.50 to 1.00 as of the end of the fiscal quarter ending on May 29, 2010, and (c) 3.00 to 1.00 as of the end of the fiscal quarter ending on August 31, 2010 and each fiscal quarter thereafter. The Fixed Charge Coverage Ratio is required to be greater than 1.5 to 1.0 for all periods and the minimum net worth was revised to \$67.0 million. The capital expenditure limitations remain unchanged. In the event of noncompliance with these financial covenants and other defined events of default, the Lender is entitled to certain remedies, including acceleration of the repayment of amounts outstanding on the line of credit.

On December 1, 2009, the Company obtained an unsecured short-term loan from a bank in Japan for 100.0 million yen. The United States dollar equivalent of the loan exceeded the allowable \$1.0 million, which resulted in an instance of non-compliance with the Company's line of credit agreement. This instance of non-compliance has since been cured and did not increase the outstanding obligation on the line of credit agreement. The Fourth Modification Agreement waived the instance of non-compliance with regard to the Japan loan.

The foregoing description of the Fourth Modification Agreement does not purport to be complete and is qualified in its entirety by reference to the text of the Fourth Modification Agreement, which is filed as Exhibit 10.1 attached hereto.

The original credit agreements with the Lender are described in further detail in, and the corresponding agreements are attached as exhibits to, the Form 8-K filed with the Securities and Exchange Commission on March 19, 2007.

Item Creation of a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement  
2.03

On February 25, 2010, the Company entered into the Fourth Modification Agreement with the Lender on its line of credit facility as described above in Item 1.01. The information in Item 1.01 is incorporated by reference herein.

Item Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an  
2.04 Off-Balance Sheet Arrangement

On December 1, 2009, the Company entered into a short-term loan with a bank in Japan, which resulted in an instance of non-compliance with certain terms of the line of credit agreement. The Fourth Modification waived the instance of non-compliance as described in Item 1.01. The information in Item 1.01 is incorporated by reference herein.
