Item 1.01 Entry into a Material Definitive Agreement.

On May 16, 2005, we entered into a License Agreement (Agreement) with Dr. Robert E. Bases (Dr. Bases), the inventor of a method of treating cancer of the central nervous system through the administration of lucanthone and radiation, whereby we acquired worldwide exclusive rights to develop and commercialize a product based upon his invention.

Under the terms of the Agreement, we will make a small upfront payment to Dr. Bases. In addition, Dr. Bases is eligible to receive additional periodic payments, a payment upon achievement of a certain regulatory milestone and royalties on potential net sales, if any. The Agreement also contains provisions covering the development of a product based upon Dr. Bases' invention, the maintenance and prosecution of patents and customary indemnification. The Agreement and press release are attached to this report as Exhibits 10.1 and 99.1 respectively and are incorporated herein by reference.
