The Audit Committee consists of Messrs. Waller, de Greef and O'Donnell. Each member of the Audit Committee qualifies as an independent director in compliance with the applicable rules of the SEC and the NASDAQ Listing Rules. The Board of Directors has determined that each member of the Audit Committee qualifies as an audit committee financial expert as that term is defined by the rules and regulations of the SEC.

## **Table of Contents**

The Audit Committee has the sole authority to appoint and, when deemed appropriate, replace our independent registered public accounting firm, and has established a policy of pre-approving all audit and permissible non-audit services provided by our independent registered public accounting firm. The Audit Committee has, among other things, the responsibility to review and approve the scope and results of the annual audit, to evaluate with the independent registered public accounting firm the performance and adequacy of our financial personnel and the adequacy and effectiveness of our systems and internal financial controls, to review and discuss with management and the independent registered public accounting firm the content of our financial statements prior to the filing of our quarterly reports on Form 10-Q and annual reports on Form 10-K, to establish procedures for receiving, retaining and investigating reports of illegal acts involving us or complaints or concerns regarding questionable accounting or auditing matters and to establish procedures for the confidential, anonymous submission by our employees of concerns or complaints regarding questionable accounting or auditing matters. Based upon (i) the copies of Section 16(a) reports that we received from such persons for their 2008 fiscal year transactions in our common stock and their common stock holdings and/or (ii) the written representations received from one or more of such persons that no other reports were required to be filed by them for the 2008 fiscal year, we believe that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by our executive officers, Board members and greater than 10% stockholders.

### **Code of Ethics**

We have adopted a Code of Conduct and Ethics for our principal executive officer, principal financial officer and principal accounting officer. A copy of the Code of Conduct and Ethics is available on the Investor Relations page on our website at [www.endologix.com](http://www.endologix.com), and a copy may also be obtained by any person, without charge, upon written request delivered to Endologix, Inc., Attn: Corporate Secretary, 11 Studebaker, Irvine, California 92618. ### **Item 11. Executive Compensation**

#### **COMPENSATION DISCUSSION AND ANALYSIS**

##### **General**

This discussion and analysis of compensation arrangements with our Named Executive Officers is intended to provide context for the decisions underlying the compensation paid to our Named Executive Officers in 2008 and should be read together with the compensation tables and related disclosures set forth below.

##### **Our Compensation Objectives**

We strive to establish compensation practices and provide compensation opportunities that attract, retain and reward our executives and strengthen the mutuality of interests between our executives and our shareholders in order to motivate them to maximize shareholder value. The primary goals of our executive compensation program are:

motivation of our executive officers to cause us to achieve the best possible financial and operational results;

attraction and retention of high quality executives who can provide effective leadership, consistency of purpose and enduring relations with relevant stockholders; and

alignment of long-term interests of our executive officers with those of our stockholders.

## **Table of Contents**

Our executive compensation program primarily consists of a base salary, cash incentive payments upon the achievement of corporate objectives and long-term equity-based incentive awards, which historically are in the form of stock options. The equity component of our compensation program is designed to align a portion of our executive officer's compensation with the interests of our stockholders to create long term value.

### **Role of Compensation Committee**

The Compensation Committee of the Board of Directors is responsible for those policies and decisions regarding the compensation and benefits for the named executive officers. The Compensation Committee consists entirely of independent directors under the NASDAQ Listing Rules, outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986 and non-employee directors for purposes of Rule 16b-3 under the Exchange Act.

The Compensation Committee solicits the input of our Chief Executive Officer in determining compensation, in particular with respect to salary, cash incentive compensation and equity awards for our executive officers other than our Chief Executive Officer. While our Chief Executive Officer participates in the deliberations regarding compensation for our other Named Executive Officers, he does not participate in any deliberations regarding his own compensation. The Compensation Committee evaluates the compensation paid to our executive officers each fiscal year, analyzes achievement of our corporate objectives for purposes of determining incentive compensation. The Compensation Committee's charter authorizes the Compensation Committee to review and approve the compensation arrangements for each of our executive officers. However, in 2008, the Compensation Committee approved and recommended the 2008 base salaries, the 2008 bonus plan, the bonus payment under our 2007 bonus plan and the equity awards to be granted to Messrs. McCormick, Krist and Schreck and Ms. Fauls for final approval by the Board of Directors. In addition, the Compensation Committee administers our equity compensation plans with respect to option grants and stock issuances made thereunder to officers and other key employees.

In making decisions about total compensation to each executive officer, the Compensation Committee considers our performance against internal plans and our market in general. The Compensation Committee has periodically engaged outside consultants in the past to conduct compensation surveys, although it did not do so in 2008. The Compensation Committee makes a subjective determination regarding total compensation packages for our executive officers based on informal surveys of similar positions in the medical device industry and their own experience. Additionally, the Compensation Committee evaluates the relativity of compensation among our executive officers with a view to ensure that differences properly reflect differences in title, job responsibilities and performance.

### **Compensation Components**

Our executive compensation consists of the following components:

#### *Base Salary*

Base salary is a fixed component of compensation, and is reviewed annually. The goal is to provide our executives with a stable, market-competitive base of income that is commensurate with an executive's skills, experience and contributions to the company. The Compensation Committee generally reviews base salaries at the beginning of each calendar year and recommends to the Board of Directors any changes in salaries based on market data, significant changes in responsibilities during the prior calendar year and individual performance. The Compensation Committee generally makes its recommendations on the basis of its understanding of the salary levels in effect for similar positions within the medical device industry. However, the Compensation Committee does not benchmark base salaries against those of any other company.

In 2008, the Compensation Committee approved an increase of 4.1% for the base salaries of Messrs. McCormick, Krist and Schreck at the beginning of the year, which was established in part by the increase in cost of living. Ms. Fauls was promoted to her current position of Vice President, Regulatory, Quality and Clinical Affairs in November 2007. As a result, Ms. Fauls' salary was evaluated in July 2008 and was increased by 12.1% effective August 1, 2008. Mr. McDermott was hired as our Chief Executive Officer in May 2008 and Mr. DeJohn was hired as our Vice President, Sales in July 2008. Mr. McDermott's base salary was determined primarily from the Compensation Committee's review of base salaries for other comparable medical device companies as well as the base salary of Paul McCormick, our former Chief Executive Officer. Mr. DeJohn's base salary was recommended by Mr. McDermott based on informal market analysis and approved by the Compensation Committee without change.

**Table of Contents***Incentive Bonus*

It is the Compensation Committee's objective to have a substantial portion of each executive officer's compensation contingent upon the achievement of corporate objectives. At the beginning of each year, our Chief Executive Officer recommends corporate objectives to the Compensation Committee to be used in the bonus plan. The Compensation Committee reviews the objectives with the Chief Executive Officer and then recommends the objectives to the Board of Directors. In 2008, both the Chief Executive Officer's and Compensation Committee's recommendations as to the corporate objectives were approved without change. In 2008, each of our Named Executive Officers was eligible to receive a cash bonus up to a percentage of their base salary as follows:

Named Executive Officer	Target Bonus Percentage	Target Bonus
John McDermott(1)	50%	\$ 180,000
Robert Krist	30%	\$ 71,042
Stefan Schreck	30%	\$ 71,042
Janet Fauls	30%	\$ 55,000
Joseph DeJohn(2)	35%	\$ 91,000
Paul McCormick(3)	35%	\$ 122,500

(1) Mr. McDermott was appointed our President and Chief Executive Officer effective May 12, 2008.

(2) Mr. DeJohn was appointed our Vice President, Sales, effective July 17, 2008.

(3) Mr. McCormick resigned as our President and Chief Executive Officer effective May 12, 2008. Mr. McCormick continues to serve on our Board of Directors.

The target bonus amounts are recommended by the Compensation Committee at the beginning of each year and are based primarily on the Compensation Committee's understanding of the compensation arrangements for similar positions in the medical device industry. However, the Compensation Committee does not benchmark the short-term incentive compensation against other companies nor does it target a specific mix between short-term incentive compensation and base salary. At the end of the year, our Chief Executive Officer evaluates the achievement of the

corporate objectives and then recommends an incentive payment for each of the executive officers to the Compensation Committee, which in turn, makes a recommendation to the Board of Directors. In 2008, the corporate objectives on which our executive compensation was based, and their achievement, were as follows:

Objective	Weight*	Achievement
Between \$41 and \$43 million revenue	60%	
Between \$39 and \$41 million revenue	50%	
Between \$38 and \$39 million revenue	45%	
Between \$37 and \$38 million revenue	40%	40%
Between \$36 and \$37 million revenue	35%	
Cash Flow Breakeven in Fourth Quarter	35%	
Cash Flow Breakeven in Third Quarter	45%	
Cash Trough no lower than \$5 million	15%	15%

\* In no event would the achievement of the objectives exceed 100%.

In establishing the corporate objectives, the Compensation Committee believed that each of the objectives would be challenging to achieve. Based on operating results in 2008, the Compensation Committee determined that the objectives were achieved at a 55% level. As a result, each of our Named Executive Officers received a bonus amount equal to 55% of his or her target bonus. In the case of Messrs. McDermott and DeJohn, their bonus amount was prorated for the number of months they were employed by us in 2008. In 2008, the Chief Executive Officer's recommendations as to achievement of the objections were approved without change.

*Long-Term Incentives*

Our 2006 Stock Incentive Plan provides for the equity awards to qualified employees and officers. Equity awards, which may include stock options and restricted stock awards, are provided to our executive officers in order to align the interests of our executive officers with those of our stockholders and provide each individual with a significant incentive to manage our company from the perspective of an owner with an equity stake in the business.

**Table of Contents**

The number of shares subject to each option grant is based upon the officer's tenure, level of responsibility and relative position in our company. We have established general guidelines for making option grants to the executive officers in an attempt to target a fixed number of unvested option shares based upon the individual's position with us and his or her existing holdings of unvested options. However, we do not adhere strictly to these guidelines and will vary the size of the option grant made to each executive officer as we feel the circumstances warrant. Each stock option allows the officer to acquire shares of our common stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to ten years from the date of grant). Generally, each option vests in periodic installments over a four-year period, contingent upon the executive officer's continued employment with us. Accordingly, the option will provide a return to the executive officer only if he or she remains in our employ and the market price of our common stock appreciates over the option term. Stock option awards are intended to retain executives by providing a compelling incentive for the participating executives to remain with us.

Although we historically grant options to our Named Executive Officers in May of each year, we granted stock options to Messrs. Krist and Schreck and Ms. Fauls in January as part of their incentive compensation. In connection with Mr. McDermott's hiring as Chief Executive Officer, he was granted 500,000 options to purchase shares of common stock and 500,000 shares of restricted stock. Although we have not historically made restricted stock grants to our named executive officers, the Compensation Committee determined that such a grant was appropriate to ensure we were able to obtain Mr. McDermott's services and because Mr. McDermott did not have a pre-existing equity ownership interest in our company.

In any given year, the Compensation Committee may elect to grant stock options or other stock incentive awards, such as restricted stock or restricted stock units, depending on the Compensation Committee's assessment of our performance, business conditions, strategic goals and plans, and executive retention risk.

*Other Benefits*

We have a 401(k) plan for the benefit of all of our eligible employees, including the Named Executive Officers. Employees eligible to participate in our 401(k) plan will be those employees who have attained the age of 21. Employees may elect to defer their compensation up to the statutorily prescribed limit. An employee's interests in his or her deferrals will be 100% vested when contributed. We do not provide for matching contributions under the 401(k) plan. Contributions to the 401(k) plan and earnings on those contributions will not be taxable to the employees until distributed from the 401(k) plan.

Eligible employees, including our Named Executive Officers, are also entitled to participate in our 2006 Employee Stock Purchase Plan. Employees are eligible if they are employed by us, or any participating subsidiary, for at least 20 hours per week and more than five months in any calendar year. Shares are offered pursuant to the Employee Stock Purchase Plan in six-month periods commencing on the first trading day on or after January and July of each year, or on such other date as the administrator may determine. Amounts deducted and accumulated by the participant are used to purchase shares of our common stock at the end of each six-month purchase period. The purchase price of the shares will be the lower of 85% of the fair market value of our common stock on the purchase date or the beginning of the offering period.

We also provide health, dental, vision and life insurance and other customary employee assistance plans to all full-time employees, including the Named Executive Officers.

**Accounting and Tax Consequences**

Effective January 1, 2006, we adopted the fair value provisions of Financial Accounting Standards Board Statement No. 123(R) (revised 2004), Share-Based Payment, or SFAS 123(R). Under SFAS 123(R), we are required to estimate and record an expense for each award of equity compensation, including stock options, over the vesting period of the award.

Section 162(m) of the Internal Revenue Code limits the amount that we may deduct for compensation paid to our Chief Executive Officer and to each of our four most highly compensated officers to \$1,000,000 per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. In the past, annual cash compensation to our executive officers has not exceeded \$1,000,000 per person, so the compensation has been deductible. In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over

the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer's total compensation to exceed \$1,000,000.

(1) These amounts do not correspond to the actual value that will be recognized by the executive officer. Rather, they represent the accounting expense we recognized during the year for the restricted stock awards then held by the officer, whether granted in that year or in prior years, calculated in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004) Share-Based Payment, or FAS 123R. The amounts were determined by multiplying the number of shares being expensed by the closing price of a share of our common stock on the award's date of grant, allocated over the service period of the award. There were no

estimated forfeitures for restricted stock.

For both Mr. McDermott and Mr. DeJohn, the expense is recognized over a two year service period.

- (2) Represents the proportionate amount of the total fair value of option awards recognized by us as an expense for financial accounting purposes. The fair values of these awards and the amounts expensed were determined in accordance with FAS 123R. The awards for which expense is shown in this table include the awards made in the applicable year as well as awards granted in previous years for which we continued to recognize expense in such year. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting

conditions. The assumptions used to calculate the FAS 123R fair value of option awards are disclosed in Note 10 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2008. These amounts reflect our accounting expense for these awards, and do not correspond to the actual value that will be recognized by the executive officer.

- (3) Mr. McDermott was appointed our President and Chief Executive Officer effective May 12, 2008.
- (4) Mr. McCormick resigned as our President and Chief Executive Officer effective May 12, 2008. Mr. McCormick continues to serve on our Board of Directors.

(5)

Mr. DeJohn was appointed our Vice President, Sales, effective July 17, 2008.

- (6) The amounts shown below are reported in this column:  
 Mr. McDermott was paid \$99,167 in relocation expenses; and Mr. McCormick received \$182,000 in severance pay and \$36,915 in vacation accrual payout pursuant to the separation agreement with us, effective May 12, 2008.

**Table of Contents****Item 13. Certain Relationships and Related Transactions, and Director Independence  
Related Party Transactions**

We have not entered into a transaction with any related person since the beginning of our 2008 fiscal year.

The Audit Committee is responsible for reviewing and approving any proposed transaction with any related person. Currently, this review and approval requirement applies to any transaction to which we will be a party, in which the amount involved exceeds \$120,000, and in which any of the following persons will have a direct or indirect material interest: (a) any of our directors or executive officers, (b) any nominee for election as a director, (c) any security holder who is known to us to own of record or beneficially more than five percent of any class of our voting securities, or (d) any member of the immediate family (as defined in Regulation S-K, Item 404) of any of the persons described in the foregoing clauses (a)-(c). In the event that management becomes aware of any related person transaction, management will present information regarding such transaction to the Audit Committee for review and approval.

**Director Independence**

Our securities are listed on The NASDAQ Global Market and are governed by its listing standards. Our Board of Directors has determined that all of the members of our Board of Directors, other than Messrs. McDermott and McCormick, are independent as defined in the NASDAQ Listing Rules. Our Board of Directors has determined that no member has a relationship that would interfere with the exercise of independent judgment in carrying out his responsibilities as a director. The independence of each director is reviewed periodically to ensure that, at all times, at least a majority of our directors are independent.

The Board of Directors has established three standing committees: the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee. Each member of the Audit Committee, Compensation Committee and Nominating and Governance Committee, respectively, meets the independence standards set forth in the NASDAQ Listing Rules.
