REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

**To the Participants and
Plan Administrator of the
Lithia Motors, Inc. Salary
Reduction Profit Sharing Plan**

We have audited the financial statements of the Lithia Motors, Inc. Salary Reduction Profit Sharing Plan (the Plan) as of December 31, 2006 and 2005 and the related statement of changes in net assets available for benefits for the year ended December 31, 2006, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the year ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, as listed in the accompanying table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 □ DESCRIPTION OF PLAN

The following description of Lithia Motors, Inc. Salary Reduction Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General □ The Plan is a defined contribution plan covering all eligible employees of Lithia Motors, Inc. and its subsidiaries (the Company) as defined in plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions □ Each year, the Company contributes to the Plan an amount determined annually by the Company's senior management. Participants may contribute, under a salary reduction agreement, the maximum allowed by the Internal Revenue Service under Code Section 402(g). Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies managed by DWS Scudder as well as shares of Class A Common Stock of the Company. On January 4, 2006 investments in The Plan were transferred from Morgan Stanley Trust to DWS Scudder Trust.

Participant Accounts □ Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting □ Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans □ Participants may borrow from their fund accounts a minimum of \$500 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the investment fund to the participant loan fund. Loan terms range up to five years or up to thirty years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate of prime + 1% (from 5.0% to 10.5% as of December 31, 2006) at the time the loan is issued. Principal and interest are paid ratably through semimonthly payroll deductions.

Forfeited Accounts □ Forfeited nonvested accounts at December 31, 2006 and 2005 totaled \$172,606 and \$112,044, respectively, and are used to reduce future employer contributions. Forfeitures utilized to reduce the employer's contribution for the year ended December 31, 2006 amounted to \$204,393.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 □ SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting □ The financial statements of the Plan are prepared under the accrual method of accounting.

As required by the FSP AAG INV-1, the Statement of Net Assets Available for Benefits presents the fair value of the Plan's investment in a common/collective trust which has underlying assets in investment contracts as well as the adjustment of the underlying fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates □ The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition □ The Plan's investments are stated at fair value. Shares of registered investment companies and shares of Lithia Motors, Inc. are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits □ Benefits are recorded when paid.

Administrative Expenses □ The Plan sponsor has voluntarily paid for certain administrative expenses of the Plan, and these expenses are not recorded in these financial statements.

NOTE 3 □ PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 4 □ INCOME TAX STATUS

The Plan obtained its latest determination letter on May 3, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of

the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
