Additionally, on February 23, 2011, the Compensation Committee recommended, and the Board of Directors approved, cash incentive payments to the Company's executive officers under the Company's 2010 cash incentive compensation plan for executive officers (the 2010 Incentive Plan) based upon achievement of the quarterly and annual goals related to sales and operating income as a percentage of sales that were established by the Compensation Committee. The following table summarizes the estimated incentive pay under the 2010 Incentive Plan to the Company's current executive officers. The amount paid to Mr. Stewart under the 2010 Incentive Plan reflects service for part of 2010.

The estimated cash incentive pay will be finalized upon completion of the audit of the Company's financial statements for the year ended December 31, 2010, but the final amounts are not expected to change materially from the estimated amounts stated above. These cash incentive payments will be paid following substantial completion of the audit, which is expected to be on or about March 10, 2011.

Establishment of 2011 Cash Incentive Plan

On February 23, 2011, the Compensation Committee of the Company approved, and the Board of Directors of the Company ratified, the establishment of the Company's cash incentive program for 2011 (the 2011 Incentive Plan) and set the incentive pay opportunities under the 2011 Incentive Plan for the Company's executive officers: Sherman L. Black, President and Chief Executive Officer; James R. Stewart, Chief Financial Officer; Samir Mittal, Senior Vice President and Chief Technology Officer; and Christopher A. Wells, Senior Vice President, Marketing and Strategy.

Under the 2011 Incentive Plan, the Compensation Committee determined minimum, target and maximum quarterly and annual performance goals for the Company's executive officers. The 2011 quarterly and annual performance goals relate to sales and operating income as a percentage of sales, weighted 60%, as well as annual performance goals related to (i) booked revenue as a result of commercialization of a virtual publishing solution by the Company and (ii) revenue acquired as part of the completion of a strategic acquisition, weighted 40%. The 2011 quarterly and annual performance goals related to sales and operating income as a percentage of sales are in the form of matrices for each period of incrementally increasing sales and incrementally increasing operating income as a percentage of sales. Under the 2011 Incentive Plan, the maximum incentive amount that may be achieved for any period by any participant will not exceed two times his or her incentive amount at the target level, even if actual performance exceeds the maximum for the performance goals. Further, no incentive amount will be earned by any participant for a quarter or for the year if the minimum goals for that period are not achieved. If performance is between any of the revenue targets, incentive amounts will be interpolated. All incentive amounts earned in 2011 will be paid in the first quarter of 2012 and an executive officer must be employed by the Company as of December 31, 2011 and as of the payment date in order to receive payout of any incentive amounts earned during the year unless termination of employment is due to death, disability or follows a change in control. Additionally, all incentive payments are subject to clawback to the extent required by federal law.

The Compensation Committee also approved the cash incentive amounts that executive officers may earn under the 2011 Incentive Plan based upon percentages of their respective salaries. The following table shows the incentive amounts as a percentage of salary that will be earned by the executive officers under the 2011 Incentive Plan upon the Company's achievement of the target and maximum goals under the 2011 Incentive Plan, assuming achievement at the target or maximum level for each quarter and for the year. Achievement of the performance goals at less than target level will result in a decreasing incentive amounts until the achievement fails to meet the minimum performance goals, at which point the participant is entitled to no incentive payment.
