March 22, 2011

LETTER FROM THE BOARD OF DIRECTORS TO OUR SHAREHOLDERS

We welcome this opportunity to communicate with you, our shareholders, and share our approach to governance in 2010. Our primary focus in these times of continuing economic uncertainty has been to see Prudential strategically positioned for strong long-term performance. Appropriate risk management, dedication to talent management, oversight of executive compensation, and a commitment to the interests of our shareholders are key components of our governance strategy.

Prudential's solid performance in 2010 validates the effectiveness of this strategy. The efforts of our executives and employees, with guidance and oversight from the Board, have strengthened the solid foundation from which Prudential can produce current and future shareholder value.

We regard you as key participants in the governance of our Company. We are committed to shareholder communication and engagement and have made great strides toward that goal. Our 2010 voting incentive program which we tied to the Company's commitment to environmental stewardship was a huge success. This program generated a 23 percent increase in registered shares voted and resulted in approximately 68,000 shareholders voting who did not vote the prior year. We are continuing the campaign this year and seek even more engagement with our registered shareholders. We value your views about how Prudential is governed and managed, and we encourage all shareholders to submit your very important proxy vote.

Although we believe that the Company's performance in 2010 reflects a strong governance environment, we continue to evaluate and review our policies and processes. The following highlights elements of our governance philosophy and activities, which are also described in the Proxy Statement.

Focus on Strategy and Maintaining Strong Performance: We provide business and strategic advice to management on Prudential's long-term strategic direction, which requires a balance between risk and return in Prudential's strategic plans and operations. Throughout 2010, the Company executed its strategies and bolstered its financial strength through the growth of our international businesses; a commitment to maintaining strong capital and liquidity positions; and dedication to operating high-quality, competitive businesses.

Oversight of Risk Management: Effective risk management is critical to Prudential's continuing success. We devoted a significant amount of time and attention in 2010 to oversight of policies and practices that the Company uses to manage its operational and financial risks.

In 2009, we reviewed the risks arising from our compensation policies and practices. This review focused on, among other things, an analysis of how the primary features of our programs could encourage or mitigate risk-taking. In 2010, we reviewed an updated study on our compensation plans and received reports from Compliance and Enterprise Risk Management on control structures and the major risks of the enterprise and continued our committee level oversight of operational, investment and financial risks.

Talent Management and Succession Planning: Recruiting and retaining high caliber executives and employees are important to delivering high performance and shareholder value. We believe the talent and leadership of our people have enabled the Company to differentiate itself in these difficult times.

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

In 2010, we oversaw management development processes, including development opportunities for managers as part of succession planning for key senior officers. Recognizing that the talent of all Prudential employees is key to the Company's success, the Board engaged in discussions with senior management about key talent indicators for the overall workforce including climate, diversity, recruiting, and development programs.

[Notice of Annual Meeting of Shareholders and 2011 Proxy Statement](#) 3

Table of Contents

Executive Compensation and Shareholder Say on Pay : Our goal is to provide an attractive, flexible, and market-based executive compensation program grounded in our philosophy of pay for measurable performance and aligned with both the short- and long-term interests of our shareholders. Changes made to the compensation program allowed the Compensation Committee to consider strategic performance factors, such as performance relative to the financial targets related to our 2010 guidance, capital and liquidity management, risk management, and competitive performance.

Prudential was one of the first companies to voluntarily adopt a shareholder advisory vote on executive compensation. Shareholders who participated in the 2010 advisory vote expressed satisfaction with our approach on our executive compensation program. This year, we ask you to again submit your advisory vote, as well as provide feedback on how often such an advisory vote should be held. We recommend that this vote should occur annually. We hope you recognize the value of our approach to executive compensation and provide your endorsement when voting your proxy.

Setting the Cultural Tone: Prudential has a strong commitment to promoting a culture of ethics and integrity, and our values define the way we do business. The Board is committed to fostering a strong ethical tone at the Company and expecting employees to fulfill their responsibilities in a demanding compliance environment. We recently approved a major revision of Prudential's Code of Conduct, which provides guidance in making the right choices and reflects Prudential's high expectations of ethical behavior. Our talent management program includes a competency of Demonstrating a Strong Moral Compass as part of measuring employees' performance at all levels of the company. Having ethics as a foundational expectation of our employees helps keep ethics a priority. We are committed to helping management emphasize these standards throughout the organization, and believe that the right tone at the top should be apparent in all of our actions.

Focus on Environmental and Social Responsibility: Prudential is proud of its long history of social responsibility and environmental awareness. We are pleased to report that the Company has reduced its carbon footprint in a variety of creative ways, such as installing solar panels in certain Prudential facilities. The Company's continued efforts through Global Volunteer Day, Community Initiatives and the Prudential Foundation with several of our Board members serving on the board of the Prudential Foundation underscore our commitment to the communities in which we operate. In addition, we are particularly proud of our Company's sponsorship of training programs and other initiatives to support our nation's veterans.

Engagement, Communication & Transparency: The Board continues to challenge itself and Prudential's management to communicate with stakeholders. In 2010, we solicited feedback from our shareholders on governance and executive compensation policies and practices and participated in discussions with key groups and individuals on similar issues.

Our efforts to solicit feedback during the 2010 proxy season resulted in the receipt of over 2,600 shareholder comments. As a shareholder, your perspective is of great value to us, and we will continue to seek ways to enhance the channels of communication going forward.

Table of Contents

We value your opinions, interests and concerns and invite you to write to us with your reactions and suggestions at the address below. You can also email the Independent Directors at IndependentDirectors@prudential.com or provide feedback on executive compensation at www.prudential.com/executivecomp. By continuing to have an open dialogue with you our shareholders we are better positioned to fulfill our obligations to you and to Prudential.

March 22, 2011

Dear Fellow Shareholders:

We are pleased to invite you to the Annual Meeting of Shareholders on May 10, 2011, at our Corporate Headquarters, 751 Broad Street, Newark, New Jersey 07102 at 2:00 p.m. We hope that you will attend the meeting, but whether or not you are planning to attend, we encourage you to designate the proxies on the proxy card to vote your shares. As always, every shareholder's vote is important to the Company. We continue to improve our outreach to shareholders to give you more information about the Company. Last year, we offered an incentive to registered shareholders, which we are doing again this year, to encourage shareholders to vote. I'm pleased to report that, as a result, voting increased last year and over 112,000 trees were planted.

Once again I thank you for your commitment to the Company and urge you to vote your shares.

Sincerely,

John R. Strangfeld

Chairman and Chief Executive Officer

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

OF PRUDENTIAL FINANCIAL, INC.

Date: May 10, 2011

Time: 2:00 p.m.

Place: Prudential Corporate Headquarters
751 Broad Street, Newark, NJ 07102

Matters to be voted on:

1. To elect the 13 directors named in the proxy statement;
 2. To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2011;
 3. To approve, on a non-binding advisory basis, executive compensation;
 4. To vote, on a non-binding advisory basis, on the frequency of future executive compensation votes;
 5. To consider two shareholder proposals set forth in the proxy statement, if properly presented at the Annual Meeting; and
 6. To transact such other business as may properly be brought before the meeting.
- Shareholders of record at the close of business on March 11, 2011, will be entitled to notice of and to vote at the Annual Meeting and at any adjournments or postponements thereof.

If you are attending the meeting, you will be asked to present your admission ticket and photo identification, such as a driver's license as described in the proxy statement.

By Order of the Board of Directors,

Margaret M. Foran

Chief Governance Officer, Vice President and Corporate Secretary

March 22, 2011

Table of Contents

To assist you in reviewing the Company's 2010 performance, we would like to call your attention to key elements of our proxy statement. The following description is only a summary. For more complete information about these topics, please review the Company's Annual Report on Form 10-K and the complete proxy statement.

BUSINESS HIGHLIGHTS

Financial Performance. 2010 was a year of major progress and accomplishment for our Company on many fronts:

Our Financial Services Businesses reported net income of \$2.7 billion, or \$5.75 per share of Common Stock, compared to \$3.4 billion, or \$7.63 per share of Common Stock in 2009 which included a non-recurring after-tax gain of \$1.4 billion or \$2.95 per share of Common Stock from the sale of our interest in a retail securities brokerage joint venture;

On an after-tax adjusted operating income basis, we recorded \$3.0 billion for our Financial Services Businesses and posted earnings per share of Common Stock of \$6.27 compared to \$2.4 billion or \$5.51 per share of Common Stock in 2009;

Reported book value for the Financial Services Businesses, excluding accumulated other comprehensive income related to unrealized gains and losses on investments and pension/post-retirement benefits as of year end 2010, of \$59.48 per share of Common Stock, compared to \$54.18 per share of Common Stock a year earlier;

Increased assets under management to \$784 billion as of year end 2010, a record level.

Dividend Increase. Given our strong financial performance, our Board restored our Common Stock dividend to 2007 levels; which we consider to be a significant milestone in repositioning the Company in a challenging economic environment.

Strategic Acquisition. In February 2011, we completed the acquisition of AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company from the American International Group, Inc. for approximately \$4.8 billion; an acquisition that we announced in 2010. This acquisition is the largest by far that we have undertaken as a public company. The addition of these operations will significantly increase Prudential's presence in Japan, our largest and most successful market outside the United States, and one where we continue to see strong prospects for growth. With this acquisition and our continued attention to fundamentals, we believe that we have enhanced our longer-term strategic trajectory, while taking significant actions during the year to make our Company stronger.

Table of Contents**COMPENSATION HIGHLIGHTS**

This strong performance is reflected in the compensation that our senior executives earned in 2010, as described in the Compensation Discussion and Analysis in this proxy statement.

The Board reported that they awarded John Strangfeld, your CEO, incentive compensation for 2010 which was commensurate with business results, including an annual incentive award of \$6.1 million and a long-term incentive award value of \$8 million. Consistent with our executive compensation philosophy, the significant majority of his total direct compensation of \$15.1 million for 2010 was incentive-based and at risk, as illustrated by the following chart:

The compensation of our other senior executive officers further reflects both our strong 2010 performance and our compensation philosophy:

Named Executive Officer	2010 Base Salary	2010 Annual Incentive Award	2010 Long-Term Incentive Award Value	2010 Total Direct Compensation
Richard J. Carbone	\$500,000	\$2,550,000	\$1,400,000	\$4,450,000
Mark B. Grier	\$850,000	\$5,200,000	\$6,200,000	\$12,250,000
Edward P. Baird	\$550,000	\$2,600,000	\$3,000,000	\$6,150,000
Bernard B. Winograd	\$600,000	\$4,800,000	\$3,500,000	\$8,900,000

SHAREHOLDER ACTIONS**ELECTION OF DIRECTORS (Item 1)**

You will find important information about the qualifications and experience of each of the director nominees that you are being asked to elect. The Corporate Governance and Business Ethics Committee performs an annual assessment to see that our directors have the skills and experience to effectively oversee the Company. All of our directors have proven leadership, sound judgment, integrity, and a commitment to the success of our Company.

ADVISORY VOTES ON EXECUTIVE COMPENSATION (Items 3 and 4)

For the second year, our shareholders have the opportunity to cast a non-binding, advisory vote on our executive compensation program, as set forth in **Item 3**. We were gratified that last year shareholders supported the design of our compensation program. In evaluating this so-called "say on pay" proposal, we recommend that you review our Compensation Discussion and Analysis, which explains how and why the Compensation Committee of our Board arrived at its executive compensation actions and decisions for 2010.

We are also asking our shareholders to cast a non-binding, advisory vote on the frequency of future "say on pay" votes every one, two, or three years, as set forth in **Item 4**. We believe that an advisory vote every year will allow shareholders to give us their valuable input in the timeliest manner.

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

Further, in connection with the say on pay vote, please see the letter from our Board, which summarizes key corporate governance developments from the last year and describes how we strive to align our governance policies and practices with the interests of our shareholders. Additional information about our corporate governance policies is also contained in the proxy statement.

SHAREHOLDER PROPOSALS (Items 5 and 6)

Finally, you are also being asked to consider two shareholder proposals contained in the proxy statement. The first proposal is on supermajority voting and the second proposal is on lobbying contributions and expenditures.

PROXY STATEMENT

The Board of Directors of Prudential Financial, Inc. (Prudential Financial or the Company) is providing this proxy statement in connection with the Annual Meeting of Shareholders to be held on May 10, 2011, at 2:00 p.m., at Prudential Financial's Corporate Headquarters, 751 Broad Street, Newark, New Jersey 07102, and at any adjournment or postponement thereof. Proxy materials or a Notice of Internet Availability were first sent to shareholders on or about March 22, 2011.

10 [Notice of Annual Meeting of Shareholders](#) and 2011 Proxy Statement

Table of Contents

Our Board of Directors has nominated 13 directors for election at this Annual Meeting to hold office until the next annual meeting and the election of their successors. All of the nominees currently are directors. Each agreed to be named in this proxy statement and to serve if elected. All of the nominees are expected to attend the 2011 Annual Meeting. All directors attended the 2010 Annual Meeting.

Jon F. Hanson, a member of the Board and our Lead Director has attained the age of 74 and will not stand for election. As a result, the Board will be reduced to 13 subsequent to the Annual Meeting.

We have no reason to believe that any of the nominees will be unable or unwilling for good cause to serve if elected. However, if any nominee should become unable for any reason or unwilling for good cause to serve, proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of Directors.

DIRECTOR CRITERIA,

QUALIFICATIONS AND EXPERIENCE

The Corporate Governance and Business Ethics Committee performs an assessment of the skills and the experience needed to properly oversee the interests of the Company. Generally, the Committee reviews both the short- and long-term strategies of the Company to determine what current and future skills and experience are required of the Board in exercising its oversight function. The Committee then compares those skills to the skills of the current directors and potential director candidates. The Committee conducts targeted efforts to identify and recruit individuals who have the qualifications identified through this process, keeping in mind its commitment to diversity. While the Company does not have a formal policy on Board diversity, diversity is an integral part of our Corporate Governance Principles, and the Committee actively considers diversity in recruitment and nominations of directors. The current composition of our Board reflects those efforts and the importance of diversity to the Board.

Prudential Financial is a financial services company that offers a variety of products and services, including life insurance, annuities, retirement-related services, mutual funds, investment management and real estate services. As such, the Committee looks for its current and potential directors collectively to have a mix of skills and qualifications, some of which are described in more detail below:

Directors Skills and Qualifications

academia/education
business ethics
business head/administration
business operations
corporate governance
finance/capital allocation
financial expert/literacy
financial services
government/public policy

insurance industry
international
investment
marketing/sales
real estate
risk management
talent management
technology/systems

The Committee seeks directors who have qualities to achieve the ultimate goal of a well-rounded, diverse Board that functions collegially as a unit, which is of critical importance to the Company.

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

Additionally, the Committee expects each of the Company's directors to have proven leadership, sound judgment, integrity and a commitment to the success of the Company.

In evaluating director candidates and considering incumbent directors for renomination to the Board, the Committee considers a variety of factors. These include each nominee's independence, financial literacy, personal and professional accomplishments, and experience in light of the needs of the Company. For incumbent directors, the factors include past performance on the Board and contributions to their respective committees. With respect to the Board's slate of director nominees, the Board has also considered whether the slate, taken as a whole, has representatives with the above listed skills and qualifications.

Below each nominee's biography, we have included an assessment of the skills and experience of such nominee. We have also included a chart immediately after the biographies that covers the assessment for the full Board.

Table of Contents

DIRECTOR NOMINEES

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR ALL OF THE NOMINEES.

Thomas J. Baltimore, Jr.	Prudential Committees:	Public Directorships:
Age: 47	Finance	Integra Life Sciences Corporation

Table of Contents

Director Qualifications and Experience

The table below includes the qualifications and experience of each director that led the Board to conclude that the director is qualified to serve on the Board.

[Notice of Annual Meeting of Shareholders and 2011 Proxy Statement](#) 19

Table of Contents

The Company is committed to good corporate governance, which helps us compete more effectively, sustain our success and build long-term shareholder value. The Board reviews the Company's policies and business strategies and advises and counsels the Chief Executive Officer (CEO) and the other executive officers who manage the Company's businesses. The Board has adopted Corporate Governance Principles and Practices to provide a framework for the effective governance of the Company.

The full text of the Corporate Governance Principles, the charters of the Corporate Governance and Business Ethics, Compensation and Audit Committees, the Code of Business Conduct and Ethics and the Related Party Transaction Approval Policy can be found at www.prudential.com/governance. Copies of these documents also may be obtained from the Chief Governance Officer and Corporate Secretary.

Governance is a continuing focus at the Company, starting with the Board and extending to management and all employees. In this section, we describe our key governance policies and practices. In addition, we solicit feedback from shareholders on governance and executive compensation practices and engage in discussions with various groups and individuals on governance issues and improvements.

The Company is governed by a Board of Directors and committees of the Board that meet throughout the year. Directors discharge their responsibilities at Board and committee meetings and also through telephone contact and other communications with management.

The Prudential Financial Shareholder Rights Plan is due to expire on December 18, 2011. The Board has indicated that it will not renew the Plan upon expiration.

PROCESS FOR SELECTING DIRECTORS

The Corporate Governance and Business Ethics Committee screens candidates and recommends candidates for nomination by the full Board. The Company's By-laws provide that the size of the Board may range from 10 to 24 members. The Board's current view is that the optimal size is between 10 and 15 members. In anticipation of retirements over the next several years, the Committee is seeking one or more candidates who meet the criteria described under Director Criteria, Qualifications and Experience. The Committee is

being assisted with its recruitment efforts by an independent search firm to recommend candidates that satisfy the Board's criteria. The search firm also provides research and pertinent information regarding candidates, as requested. Ms. Hund-Mejean, who was elected to the Board in October 2010, was brought to the Committee's attention through the search firm process.

SHAREHOLDER-RECOMMENDED DIRECTOR CANDIDATES

The Committee will consider director candidates recommended by shareholders in accordance with the criteria for director selection described under Director Criteria, Qualifications and Experience. Shareholders recommending candidates for consideration should send their recommendations to the attention of the Chief Governance Officer and Corporate Secretary at 751 Broad Street, Newark, NJ 07102. Shareholders who wish to nominate directors directly at an Annual Meeting in accordance with the procedures in our By-laws should follow the instructions under Submission of Shareholder Proposals in this proxy statement.

DIRECTOR ATTENDANCE

During 2010, the Board of Directors held 12 meetings. Each of the incumbent Directors of the Board attended at least 90% of the combined total meetings of the full Board and the committees on which he or she served in 2010. The average attendance of all Directors in 2010 was 98%.

DIRECTOR INDEPENDENCE

The current Board consists of 14 Directors, two of whom are currently employed by the Company (Messrs. Strangfeld and Grier). The Board conducted an annual review and affirmatively determined that all of the non-employee Directors (Ms. Hund-Mejean, Ms. Horner and Ms. Poon and Messrs. Baltimore, Bethune, Caperton, Casellas, Cullen, Gray, Hanson, Krapek and Unruh) and Mr. Becker during his tenure are

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

independent as that term is defined in the listing standards of the NYSE and in Prudential Financial's Corporate Governance Principles. The definition of independence adopted by the Board is in Appendix A in this Proxy Statement.

MAJORITY VOTING FOR DIRECTORS

Our By-laws provide a majority voting standard for election of directors in uncontested elections (and require an offer to resign by any incumbent director who is not re-elected) and plurality voting in any election that is contested.

20 [Notice of Annual Meeting of Shareholders](#) and 2011 Proxy Statement

Table of Contents

INDEPENDENT DIRECTOR MEETINGS

The independent directors generally meet in executive session, as part of each regularly scheduled Board meeting, with the Lead Independent Director as Chair.

BOARD LEADERSHIP

Currently, our Board leadership structure consists of a Chairman (who is also our CEO), a Lead Independent Director, who is elected by the independent directors, and strong committee chairs. The Board believes this structure provides independent Board leadership and engagement while providing the benefit of having our CEO, the individual with primary responsibility for managing the Company's day-to-day operations, chair regular Board meetings as we discuss key business and strategic issues. Coupled with a Lead Independent Director, this structure provides strong independent oversight of management. At this time, the Board believes that the Company is best served by having the same individual as both Chairman of the Board and CEO, but considers the continued appropriateness of this structure at least annually. The Board believes that strong, independent Board leadership is a critical aspect of effective corporate governance.

Accordingly, our Corporate Governance Principles require that the independent directors annually elect an independent director to serve as Lead Independent Director for a term of at least one year, but no more than three years. The charter for the Lead Independent Director can be found at www.prudential.com/governance.

The Lead Independent Director's responsibilities include:

Chair all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors.

Authorized to call meetings of the independent directors.

Serve as principal liaison on Board-wide issues between the independent directors and the Chairman.

Approve the quality, quantity, appropriateness and timeliness of information sent to the Board as well as approving meeting agenda items.

Facilitate the Board's approval of the number and frequency of Board meetings, as well as meeting schedules to assure that there is sufficient time for discussion of all agenda items.

Authorized to retain outside advisors and consultants who report directly to the Board of Directors on Board issues.

Be available, if requested by shareholders, when appropriate, for consultation and direct communication.

BOARD RISK OVERSIGHT

The Board oversees the Company's risk profile and management's processes for assessing and managing risk, both as a whole Board and through its committees. Certain important categories of risk are assigned to designated Board committees (which are comprised solely of independent Directors) that report back to the full Board. In general, the committees oversee the following risks:

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

Audit Committee oversees risks related to financial controls, legal, regulatory and compliance risks, and the overall risk management governance structure and risk management function;

Finance Committee oversees risks involving the capital structure of the enterprise, including borrowing, liquidity, allocation of capital, major capital transactions and expenditures, funding of benefit plans, statutory insurance reserves and policyholder dividends, and the strength of the finance function;

Investment Committee oversees investment risk and the strength of the investment function; and

Compensation Committee oversees our compensation programs so that they do not incentivize excessive risk-taking.

As these issues sometimes overlap, committees hold joint meetings when appropriate and address certain issues at the full Board level.

In performing their oversight responsibilities, the Board and committees review policies and guidelines that senior management uses to manage the Company's risk exposure as to material categories of risk. In addition, the Board and committees review the performance and functioning of the Company's overall risk function and management's establishment of appropriate systems for managing credit/counterparty risk, market risk, interest rate and asset/liability matching risk, insurance risk, operational risk and reputational risk.

During 2010, the full Board received reports on the most important strategic issues and risks facing the Company. In addition, the Board and committees receive regular reports from the Company's Chief Risk Officer or other senior management regarding compliance with applicable risk related policies, procedures and limits.

We believe that our leadership structure supports the risk oversight function. As indicated above, certain important categories of risk are assigned to committees that review, evaluate and receive management reports on risk. We note that risk management is an integral part of the Company's culture: the Chief Risk Officer sits on many management committees and heads an independent enterprise risk management department; employee appraisals take into

Table of Contents

consideration sound risk management; and the legal and compliance functions operate independent of the business to separate management and oversight.

We monitor the risks associated with our executive compensation program, as well as the components of our program and individual compensation decisions, on an ongoing basis. In the fall of 2009, management undertook a review of the Company's compensation programs to assess the risks arising from our compensation policies and practices. Management presented this risk assessment to the Compensation Committee in January 2010 for its consideration. The risk assessment included a review of the primary design features of the Company's compensation plans and the process to determine compensation pools and awards for employees and analyzed how those features could encourage or mitigate risk-taking. Similarly, management conducted an updated risk assessment that supplemented and expanded the 2010 assessment. This updated assessment was presented to the Compensation Committee in January 2011. As part of the risk assessment, it was noted that the Company's compensation plans allow for discretionary adjustments to the ultimate outcomes, which serves to mitigate risk-taking; and the Company's general risk management controls also serve to preclude decision-makers from taking excessive risk in order to achieve incentives under the compensation plans. Moreover, senior management is subject to a share retention policy, and historically a large percentage of senior management compensation has been paid in the form of long-term grants. For 2011, senior management compensation will be paid over a multiple year cycle, a compensation structure that is intended to align incentives with appropriate risk taking. The Committee agreed with the conclusion that the risks were within our ability to effectively monitor and manage and that these risks are not reasonably likely to have a material adverse effect on the Company.

In 2010, the Compensation Committee requested an updated risk assessment of our compensation program to supplement and expand on the study done the prior year.

SUCCESSION PLANNING

The Company's Board is actively engaged and involved in talent management. The Board reviews the Company's people strategy in support of its business strategy at least annually. This includes a detailed discussion of the Company's global leadership bench and succession plans with a focus on key positions at the senior officer level.

In addition, the committees of the Board regularly discuss the talent pipeline for specific critical roles. High potential leaders are given exposure and visibility to Board members through formal presentations and informal events. More broadly, the Board is regularly updated on key talent indicators for the overall workforce, including climate, diversity, recruiting and development programs.

COMMUNICATION WITH DIRECTORS

Shareholders and other interested parties may communicate with any of the independent directors, including Committee Chairs and the Lead Director, by using the following address:

Prudential Financial, Inc.

Board of Directors

c/o Margaret M. Foran, Chief Governance Officer,

Vice President and Corporate Secretary

751 Broad Street

Newark, NJ 07102

Email: independentdirectors@prudential.com

Shareholder Engagement

In 2010, we sought multiple ways to open the lines of communication with our shareholders, such as:

Redesigning the Proxy Statement for better readability and including a letter from the Board to shareholders.

Providing multiple avenues for shareholders to communicate with the Company and the Board.

Conducting a proxy vote incentive program, resulting in an increase of registered shares voted and improved shareholder engagement.

Sending FAQs to the shareholder base after asking for their feedback.

Implementing a philosophy promoting greater communication with our institutional investors on corporate governance issues.

Feedback on Executive Compensation: You can also provide feedback on executive compensation at the following website www.prudential.com/executivecomp.

The Chief Governance Officer and Corporate Secretary of the Company reviews communications to the independent directors and forwards the communications to the independent directors as appropriate. Communications involving substantive accounting or auditing matters will be immediately forwarded to the Chair of the Audit Committee and the Company's Corporate Chief Ethics Officer

Table of Contents

consistent with time frames established by the Audit Committee for the receipt of communications dealing with these matters. Communications that pertain to non-financial matters will be forwarded promptly. Certain items that are unrelated to the duties and responsibilities of the Board will not be forwarded such as: business solicitation or advertisements; product related inquiries; junk mail or mass mailings; resumes or other job related inquiries; spam and overly hostile, threatening, potentially illegal or similarly unsuitable communications.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board has established various committees to assist in discharging its duties, including: Audit, Compensation, Corporate Governance and Business Ethics, Finance and Investment. The primary responsibilities of each of the committees are set forth below, together with their current membership and number of meetings. Each member of the Audit, Compensation, and Corporate Governance and Business Ethics Committees has been determined by the Board to be independent for purposes of the NYSE Corporate Governance listing standards.

Audit Committee

The Audit Committee provides oversight of: the Company's accounting and financial reporting and disclosure processes; the adequacy of the systems of disclosure and internal control established by management; and the audit of the Company's financial statements. The Audit Committee oversees risks related to financial controls and legal, regulatory and compliance matters, and oversees the overall risk management governance structure and risk management function. Among other things, the Audit Committee: (1) appoints the independent auditor and evaluates their independence and performance; (2) reviews the audit plans for and results of the independent audit and internal audits; and (3) reviews reports related to processes established by management to provide compliance with legal and regulatory requirements. The Board of Directors has determined that Messrs. Cullen and Unruh and Ms. Hund-Mejean are audit committee financial experts as defined by the SEC.

Compensation Committee

The Compensation Committee oversees the development and administration of the Company's compensation and benefits

policies and programs. For more information on the responsibilities and activities of the Compensation Committee, including the Committee's processes for determining executive compensation, see the "Compensation Discussion and Analysis" section.

Corporate Governance and Business Ethics Committee

The Corporate Governance and Business Ethics Committee oversees the Board's corporate governance procedures and practices, including the recommendations of individuals for the Board, making recommendations to the Board regarding director compensation and overseeing the Company's ethics and conflict of interest policies and its political contributions policy.

Executive Committee

The Executive Committee is authorized to exercise the corporate powers of the Company between meetings of the Board, except for those powers reserved to the Board of Directors by the By-laws or otherwise.

Finance Committee

The Finance Committee oversees, takes actions, and approves policies with respect to the capital structure of the Company, including borrowing levels, subsidiary structure and major capital expenditures.

Investment Committee

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

The Investment Committee oversees and takes actions with respect to the acquisition, management and disposition of invested assets; reviews the investment performance of the pension plan and funded employee benefit plans; and reviews investment risks and exposures, as well as the investment performance of products and accounts managed on behalf of third parties.

Corporate Citizenship

Our employees continued the Company's long tradition of corporate citizenship. Our flagship volunteer program Global Volunteer Day engaged nearly 25,000 employees, friends and family members in more than 800 projects in 12 countries.

Prudential Foundation contributed grants to many of the nonprofit organizations served in this effort as part of an overall grants program amounting to \$22,500,000 in 2010.

Table of Contents

Prudential and Sustainability

The Company has been active in the environmental area for more than ten years. It issued an environmental commitment in 2009 to manifest that responsibility. In 2010, the Company was recognized by Newsweek as one of the Top 100 green companies in the United States. We view these efforts as part of our overall commitment to corporate social responsibility. Our initiatives, which target three key areas, include:

Carbon Footprint Reduction

Since 1998, reduced our carbon footprint by 33% at domestic corporate locations.

Completed three large-scale solar panel installations at large regional employee centers.

Target nearly 100% recycling of computers and won an Energy Utilization Award for the management of our data center facilities.

Nearly 100% of desktops and laptops are EnergyStar compliant.

Reduced the number of proxy packages mailed by more than six million copies over three years.

Products and Services

We include sustainability factors in our investment decision-making process to the extent those factors are considered material to the investment outcome.

We offer socially responsible and sustainable investing options.

Some investment businesses are members of the Investor Network on Climate Risk and signatory to the UN Principles on Responsible Investing.

Engagement

We engaged with many investors and industry groups and welcome input and feedback as we address our sustainability efforts.

POLICIES AND PROCEDURES FOR APPROVAL OF RELATED PERSON TRANSACTIONS

The Company has adopted a written Related Party Transaction Approval Policy that applies to:

any transaction or series of transactions in which the Company or a subsidiary is a participant;

the amount involved exceeds \$120,000; and

a related party (a director or executive officer of the Company, any nominee for director, any shareholder owning an excess of 5% of the total equity of the Company and any immediate family member of any such person) has a direct or indirect material interest.

The policy is administered by the Corporate Governance and Business Ethics Committee. The Committee will consider relevant facts and circumstances in determining whether or not to approve or ratify such a transaction, and will approve or ratify only those transactions that are, in the Committee's judgment, appropriate or desirable under the circumstances.

Table of Contents

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP (PricewaterhouseCoopers) as the Company's independent registered public accounting firm (independent auditor) for 2011. We are not required to have the shareholders ratify the selection of PricewaterhouseCoopers as our independent auditor. We nonetheless are doing so because we believe it is a matter of good corporate practice. If the shareholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers, but may retain such independent auditor. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interest of Prudential Financial and its shareholders. Representatives of PricewaterhouseCoopers will be present at the Annual Meeting and will have the opportunity to make a statement and be available to respond to appropriate questions by shareholders.

FEES PAID TO PRICEWATERHOUSECOOPERS LLP

The following is a summary and description of fees for services provided by PricewaterhouseCoopers in 2010 and 2009.

WORLDWIDE FEES (IN MILLIONS)

Service	2010	2009
Audit(A)	\$ 38	\$ 38
Audit-Related(B)	\$ 5	\$ 6
Tax(C)	\$ 1	\$ 1
All Other		
Total	\$ 44	\$ 45

(A) The aggregate fees for professional services rendered for the integrated audit of the consolidated financial statements of Prudential Financial and, as required, audits of various domestic and international subsidiaries, the issuance of comfort letters, agreed-upon procedures required by regulation, consents and assistance with review of documents filed with the SEC.

(B) The aggregate fees for assurance and related services including internal control and financial compliance reports, agreed-upon procedures not required by regulation, and accounting consultation on acquisitions and International Financial Reporting Standards (IFRS).

(C) The aggregate fees for services rendered by PricewaterhouseCoopers' tax department for tax return preparation, tax advice related to mergers and acquisitions and other international, federal and state projects, and requests for rulings. In 2010, tax compliance and preparation fees total \$1M and tax advisory fees total \$0.1M and in 2009, tax compliance and preparation fees total \$1M and tax advisory fees total \$0.1M.

PricewaterhouseCoopers also provides services to domestic and international mutual funds and limited partnerships not consolidated by Prudential Financial, but which are managed by Prudential Financial. PricewaterhouseCoopers identified fees paid by these entities of \$8M in 2010 and \$8M in 2009 and that all of these fees relate to audit, audit-related and tax services.

The Audit Committee has advised the Board of Directors that in its opinion the non-audit services rendered by PricewaterhouseCoopers during the most recent fiscal year are compatible with maintaining their independence.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services provided by the independent auditor. The policy identifies the guiding principles that must be considered by the Audit Committee in approving services to ensure that the independent auditor's independence is not impaired; describes the Audit, Audit-Related, Tax and All Other services that may be provided and the non-audit services that may not be performed; and sets forth the pre-approval requirements for all permitted services. The policy provides for the general pre-approval of specific types of Audit, Audit-Related and Tax services and a limited fee estimate range for such services on an annual basis. The policy requires specific pre-approval of all other permitted services. The independent auditor is required to report periodically to the Audit Committee regarding the extent of services provided in accordance with their pre-approval and the fees for the services performed to date. The Audit Committee's policy delegates to its Chairman the authority to address requests for pre-approval of services with fees up to a maximum of \$100,000 between Audit Committee meetings if the Chief Auditor deems it reasonably necessary to begin the services before the next scheduled meeting of the Audit Committee, and the Chairman must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee may not delegate to management the Audit Committee's responsibility to pre-approve permitted services of the independent auditor.

Table of Contents

All Audit, Audit-Related, Tax and All Other fees described above were approved by the Audit Committee before services were rendered.

The affirmative vote of a majority of the votes cast is required to ratify the appointment of PricewaterhouseCoopers as the Company's independent auditor for 2011.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS AS THE COMPANY'S INDEPENDENT AUDITOR FOR 2011.

Four non-management directors comprise the Audit Committee. The Committee operates under a written charter adopted by the Board. The Board has determined that each member of the Committee has no material relationship with the Company under the Board's independence standards and that each is independent and financially literate under the listing standards of the NYSE and under the SEC's standards relating to independence of audit committees.

In addition, the Board of Directors has determined that Messrs. Unruh and Cullen and Ms. Hund-Mejean satisfy the financial expertise requirements of the NYSE and have the requisite experience to be designated an audit committee financial expert as that term is defined by rules of the SEC.

Management is responsible for the preparation, presentation and integrity of the financial statements of Prudential Financial and for maintaining appropriate accounting and financial reporting policies and practices, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Prudential Financial's independent registered public accounting firm (independent auditor), PricewaterhouseCoopers, is responsible for auditing the consolidated financial statements of Prudential Financial and expressing an opinion as to their conformity with generally accepted accounting principles, as well as expressing an opinion on the effectiveness of internal control over financial reporting in accordance with the requirements of the SEC.

In performing its oversight function, the Audit Committee reviewed and discussed the audited consolidated financial statements of Prudential Financial as of and for the year ended December 31, 2010 and Management's Annual Report on Internal Control Over Financial Reporting with management and Prudential Financial's independent auditor. The Audit Committee also discussed with Prudential Financial's independent auditor the matters required to be

discussed by the independent auditor with the Audit Committee under the rules adopted by the Public Company Accounting Oversight Board (PCAOB).

The Audit Committee received from the independent auditor the written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent auditor's communications with the Audit Committee concerning independence, and has discussed with the independent auditor the independent auditor's independence.

The Audit Committee has discussed with, and received regular status reports from Prudential Financial's Chief Auditor and independent auditor on the overall scope and plans for their audits of Prudential Financial, including their scope and plans for evaluating the effectiveness of internal control over financial reporting. The Audit Committee meets with the Chief Auditor and the independent auditor, with and without management present, to discuss the results of their respective examinations, in addition to private meetings with the Chief Financial Officer, Chief Risk Officer, General Counsel and Chief Compliance Officer. In determining whether to reappoint PricewaterhouseCoopers as Prudential Financial's independent auditor, the Audit Committee took into consideration a number of factors, including the quality of the Audit Committee's ongoing discussions with PricewaterhouseCoopers and an assessment of the professional qualifications and past performance of the Lead Audit Partner and PricewaterhouseCoopers.

In addition, the Audit Committee reviewed and amended its Charter and received reports as required by its policy for the receipt, retention and treatment of financial reporting concerns received from external and internal sources.

Based on the reports and discussions described in this report and subject to the limitations on the roles and responsibilities of the Audit Committee referred to above and in its Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of Prudential Financial and Management's Annual Report on Internal Control Over Financial Reporting be included in the

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

Annual Report on Form 10-K for the fiscal year ended December 31, 2010 for filing with the SEC.

26 [Notice of Annual Meeting of Shareholders](#) and 2011 Proxy Statement

Table of Contents

The Board is committed to excellence in governance and recognizes the interest our shareholders have expressed on the Company's executive compensation program. As a part of that commitment, and in accordance with SEC rules, our shareholders are being asked to approve an advisory resolution on the compensation of the named executive officers, as reported in this Proxy Statement. This proposal, commonly known as a "say on pay" proposal, gives you the opportunity to endorse or not endorse our fiscal year 2010 executive compensation program and policies for the named executive officers through the following resolution:

RESOLVED, that shareholders of Prudential approve, on an advisory basis, the compensation of the Company's named executive officers set forth in the Compensation Discussion

and Analysis, the Summary Compensation Table and the related compensation tables and narrative in this Proxy Statement.

This vote is not intended to address any specific item of compensation, but rather our overall compensation policies and procedures relating to the named executive officers. Accordingly, your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of the named executive officers. Because your vote is advisory, it will not be binding upon the Board. The Board will, however, as they did last year, take into account the outcome of the "say on pay" vote when considering future compensation arrangements.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THIS PROPOSAL

As described in Item 3, our shareholders are being asked to vote to approve the compensation of the named executive officers, as reported in this Proxy Statement. In accordance with SEC rules, Item 4 gives you the opportunity to cast a non-binding vote on how often the Company should include an advisory vote on executive compensation in its proxy materials for future annual or other meetings for which the Company must include executive compensation information. Shareholders may vote to have the advisory vote on executive compensation every year, every two years, or every three years. Shareholders may also abstain from voting.

The Board believes that these votes should occur every year so shareholders may annually express their views on our executive compensation program. Last year, the Company proactively conducted an advisory vote and felt it was very helpful to get the input of our shareholders. The Board values the opportunity to get feedback and will continue to consider the outcome of these votes in making executive compensation decisions.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE TO HOLD THE NON-BINDING VOTE ON EXECUTIVE COMPENSATION EVERY YEAR .

Table of Contents

In accordance with SEC rules, we have set forth below a shareholder proposal, along with the supporting statement of the shareholder proponent. The Company is not responsible for any inaccuracies that it may contain. The shareholder proposal is required to be voted on at our Annual Meeting only if properly presented. As explained below, our Board unanimously recommends that you vote **FOR** the shareholder proposal.

John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, California 90278, beneficial owner of 80 shares of Common Stock, is the proponent of the following shareholder proposal. The proponent has advised us that a representative will present the proposal and related supporting statement at our Annual Meeting.

Item 5 Adopt Simple Majority Voting

RESOLVED, Shareholders request that our board take the steps necessary so that each shareholder voting requirement impacting our company, that calls for a greater than simple majority vote, be changed to a majority of the votes cast for and against the proposal in compliance with applicable laws.

Supporting Statement of Shareholder Proponent

Corporate governance procedures and practices, and the level of accountability they impose, are closely related to financial performance. Shareowners are willing to pay a premium for shares of corporations that have excellent corporate governance. Supermajority voting requirements have been found to be one of six entrenching mechanisms that are negatively related with company performance. See *What Matters in Corporate Governance?* Lucien Bebchuk, Alma Cohen & Allen Ferrell, Harvard Law School, Discussion Paper No. 491 (09/2004, revised 03/2005).

This proposal topic won from 74% to 88% support at Weyerhaeuser, Alcoa, Waste Management, Goldman Sachs, FirstEnergy, McGraw-Hill and Macy's. William Steiner, James McRitchie and Ray T. Chevedden sponsored these proposals.

If our Company were to remove required supermajority, it would be a strong statement that our Company is committed to good corporate governance and its long-term financial performance.

The merit of this Simple Majority Vote proposal should also be considered in the context of the need for additional improvement in our company's 2010 reported corporate governance status:

The Corporate Library www.thecorporatelibrary.com, an independent investment research firm rated our company *Moderate Concern* in Executive Pay \$14 million for Mark Grier and \$18 million for John Strangfeld. Mr. Strangfeld attracted our highest negative votes.

The Corporate Library said executive pay concerns included the three-year performance period of Performance Share Units, CEO stock ownership guidelines that could be met with a single year's worth of equity grants, above and beyond Supplemental Executive Retirement Plans, annual equity grants of time-vested market-priced stock options and restricted stock units, and high levels of golden-parachute payment potential.

Furthermore for 2010 our company created a mid-term incentive executive pay program and a non-qualified deferred executive pay program for a select of group of executives.

We had certain arguably insurmountable 80% voting requirements and a poison pill not approved by shareholders. We had no independent board chairman or even a Lead Director, no proxy access, no cumulative voting and no right to act by written consent.

William Gray (Visteon), Karl Krapek (Visteon), and Gaston Caperton (Owens Corning) were on the boards of major companies as they slid into bankruptcy. And William Gray was nonetheless allowed to chair our Nominations Committee.

Our board was the only significant directorship for four of our directors. This could indicate a significant lack of current transferable director experience.

Please encourage our board to respond positively to this proposal in order to initiate improved governance and financial performance: **Adopt Simple Majority Vote Yes on 5.**

Board of Directors Statement in Favor of the Proposal

The Board of Directors recommends that shareholders vote FOR this proposal for the following reasons:

As part of the Board of Directors' continuing commitment to better serve the Company's corporate governance ideals and its shareholders interests, the Board continuously monitors governance issues of interest to shareholders. The Board recognizes the growing sentiment that the elimination of supermajority voting provisions in a company's constituent documents increases a board's accountability to shareholders and increases the ability of shareholders to participate effectively in corporate governance. The Board believes that meaningful shareholder participation is critical to the Company's success. For example, the Board demonstrated its support of majority voting by amending the Company's By-Laws and Corporate Governance Principles and Practices to require a majority of votes cast, rather than a plurality of votes, to elect each director.

The Board of Directors supports the proposal to eliminate the supermajority voting requirements that are contained in the Company's Certificate of Incorporation and By-Laws. Currently, the Certificate of Incorporation and By-Laws require the affirmative vote of at least 80% of the votes cast at a meeting of shareholders in order to:

- (i) approve the amendment or repeal of, or to adopt a By-Law that is inconsistent with, specified provisions of the By-Laws;
- (ii) remove a Director for cause; or
- (iii) amend specified provisions of the Certificate of Incorporation.

The Board of Directors will consider the level of shareholder support that this proposal receives in making a determination regarding the advisability of adopting future amendments to the Company's Certificate of Incorporation and By-Laws to eliminate the supermajority voting requirements described above. In the event that this proposal receives a majority vote, the Company expects to include a proposal in the proxy statement for its annual shareholders' meeting in 2012 to approve the necessary amendments to the Certificate of Incorporation. The Board would also adopt the requisite amendments to the Company's By-Laws to eliminate supermajority voting.

Approval of the required amendments to the Certificate of Incorporation to eliminate supermajority voting would require the affirmative vote of at least 80% of the votes cast.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE SHAREHOLDER PROPOSAL. UNLESS A CONTRARY CHOICE IS SPECIFIED, PROXIES SOLICITED BY OUR BOARD WILL BE VOTED FOR THE SHAREHOLDER PROPOSAL.

Table of Contents

In accordance with SEC rules, we have set forth below a shareholder proposal, along with the supporting statement of the shareholder proponent. The Company is not responsible for any inaccuracies it may contain. The shareholder proposal is required to be voted on at our Annual Meeting only if properly presented. As explained below, our Board unanimously recommends that you vote **AGAINST** the shareholder proposal.

American Federation of State, County & Municipal Employees, 16251 Street, NW, Washington, DC 20036, beneficial owner of 3,300 shares of Common Stock, is the proponent of the following shareholder proposal. The proponent has advised us that a representative will present the proposal and related supporting statement at our Annual Meeting.

Resolved, that the shareholders of Prudential Financial (Prudential or the Company) hereby request that Prudential provide a report, updated annually, disclosing Prudential s:

1. Policies and procedures for lobbying contributions and expenditures (both direct and indirect) made with corporate funds and payments (both direct and indirect, including payments to trade associations) used for direct lobbying and grassroots lobbying communications, including internal guidelines or policies, if any, for engaging in direct and grassroots lobbying communications.
2. Payments (both direct and indirect, including payments to trade associations) used for direct lobbying and grassroots lobbying communications, including the amount of the payment and the recipient.
3. The report shall also include the following for each payment, as relevant:
 - a. Identification of the person or persons in the Company who participated in making the decision to make the direct lobbying contribution or expenditure; and
 - b. Identification of the person or persons in the Company who participated in making the decision to make the payment for grassroots lobbying expenditures.

For purposes of this proposal, a grassroots lobbying communication is a communication directed to the general public that (a) refers to specific legislation, (b) reflects a view on the legislation and (c) encourages the recipient of the communication to take action with respect to the legislation.

Both direct lobbying and grassroots lobbying communications include efforts at the local, state and federal levels.

The report shall be presented to the Audit Committee of the Board of Directors (the Board) or other relevant oversight committee of the Board and posted on Prudential s website to reduce costs to shareholders.

Supporting Statement of Shareholder Proponent

As long-term Prudential shareholders, we support transparency and accountability in corporate spending to influence legislation. These activities include direct and indirect spending to influence legislation as well as grassroots lobbying communications to influence legislation.

We believe that disclosure is consistent with public policy and is in the best interest of Prudential and its shareholders. Absent a system of accountability, Prudential assets can be used for policy objectives that may be inimical to Prudential s long-term interests and may pose risks to Prudential and its shareholders.

Prudential spent about \$13.6 million in 2008 and 2009 on direct federal lobbying activities, according to the Company s disclosure reports. [*U.S. Senate Office of Public Records*] This figure may not include grassroots lobbying, which may indirectly influence legislation by mobilizing the public to support or oppose it.

Publicly available data does not provide a complete picture of Prudential's lobbying expenditures. Not all states require disclosure of lobbying expenditures made to influence state legislation or regulation, and some states that do require disclosure do not provide online access to the data disclosed. Prudential's Board and its shareholders need complete disclosure to be able to evaluate the use of corporate assets for direct and grassroots lobbying and the risks the spending poses.

We urge you to vote FOR this proposal.

Board of Directors Statement in Opposition to the Proposal

The Board of Directors recommends that shareholders vote AGAINST this proposal for the following reasons:

We agree with the shareholder proponent that transparency and accountability with respect to political expenditures are important. That is why the Company publishes a comprehensive view of our political activities, including our trade association activities with dues in excess of \$50,000 which have a lobbying component, at

www.prudential.com/governance.

In addition, the Company files all required reports pursuant to the federal Lobbying Disclosure Act, which is readily available, as demonstrated by the information in the proponent's supporting statement. With respect to oversight, the Corporate Governance and Business Ethics Committee receives a report on the Company's political activities and discusses with management their strategies and recommendations. Lastly, the Company has not made a grassroots lobbying communication, as defined by the proponent, during 2010.

Based on the above, we believe that the information currently available to shareholders is easily accessible and understandable and, coupled with the oversight of the Company's political activities by the Board, is in the best interest of Prudential and its shareholders. The additional information requested by the proponents would be burdensome and would not materially alter the comprehensive disclosure of the Company's political activities that currently exists.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE AGAINST THE SHAREHOLDER PROPOSAL. UNLESS A CONTRARY CHOICE IS SPECIFIED, PROXIES SOLICITED BY OUR BOARD WILL BE VOTED AGAINST THE SHAREHOLDER PROPOSAL.

Table of Contents

The following table shows all entities that are the beneficial owners of more than 5% of any class of the Company's voting securities.

Title of Class	Name and Address of Beneficial Owner	Amount and Nature	Percent of Class
Common Stock	BlackRock, Inc. 40 East 52nd Street New York, NY 10022	25,400,868 ⁽¹⁾	5.26%
Class B Stock	National Union Fire Insurance Company of Pittsburgh, PA c/o AIG Global Investment Group 2929 Allen Parkway, Suite A-36-04 Houston, TX 77019	885,714 ⁽²⁾	44.3%
Class B Stock	Lexington Insurance Company c/o AIG Global Investment Group 2929 Allen Parkway, Suite A-36-04 Houston, TX 77019	914,286 ⁽²⁾	45.7%
Class B Stock	Pacific Life Corp 700 Newport Center Drive Newport Beach, CA 92660	200,000 ⁽³⁾	10.0%

(1)Based on information as of December 31, 2010 contained in a Schedule 13G filed with the SEC on February 8, 2011 by BlackRock, Inc. The Schedule 13G indicates that BlackRock, Inc. has sole voting and dispositive power with respect to these shares.

(2)National Union Fire Insurance Company of Pittsburgh, PA, and Lexington Insurance Company are subsidiaries of American International Group, Inc. (AIG), resulting in AIG beneficially owning 90% of the Class B Stock. AIG has informed us that its subsidiaries have sole voting and dispositive power with respect to these shares.

(3)Pacific Life Corp has informed us that it has sole voting and dispositive power with respect to these shares.

To our knowledge, except as noted above, no person or entity is the beneficial owner of more than 5% of our Common Stock or more than 5% of the voting power of the combined Common Stock and Class B Stock.

Table of Contents

The following table sets forth information regarding the beneficial ownership of our Common Stock as of March 11, 2011, by:

each Director and Named Executive Officer; and

all Directors and Executive Officers of the Company as a group.

Name of Beneficial Owner	Number of Shares		Number of Shares Beneficially Owned ⁽¹⁾	Director Deferred	Total Shares Beneficially Owned Plus Underlying Units
	Common Stock	Subject to Exercisable Options		Stock Units/ Additional Underlying Units ^(2,3,4,5)

Constance J. Horner	1,024		1,024	23,114	24,138
Martina Hund-Mejean	128		128	2,400	2,528
Karl J. Krapek	1,000		1,000	28,638	29,638
Christine A. Poon	6,125		6,125	5,495	11,620
James A. Unruh	4,082		4,082	24,640	28,722
John R. Strangfeld	198,083 ⁽⁷⁾	805,058	996,141	665,137	1,661,278
Mark B. Grier	85,009	522,135	607,144	511,171	1,118,315
Richard J. Carbone	78,456	262,632	341,088	109,406	450,494
Edward P. Baird	35,329	181,376	216,705	174,737	391,442
Bernard B. Winograd	51,309	297,607	348,916	232,511	581,427
All directors and executive officers as a group (21 persons)	599,655	2,508,055	3,107,710	2,302,310	5,410,020

(1) Individual directors and executive officers as well as all directors and executive officers as a group beneficially own less than 1% of the shares of Common Stock outstanding as of March 11, 2011.

(2) Deferred stock units represent the mandatory deferral of a director's annual fee in stock units and any optional deferral of cash fees in stock units by the Director. Includes the following number of shares or share equivalents in deferred units through the Deferred Compensation Plan for Non-Employee Directors and the Executive Deferred Compensation Plan, as to which no voting or investment power exists: Mr. Baltimore, 11,403; Mr. Bethune, 12,927; Mr. Caperton, 2,997; Mr. Casellas, 23,367; Mr. Cullen, 35,284; Mr. Gray, 23,194; Mr. Hanson, 31,819; Ms. Horner, 23,114; Ms. Hund-Mejean, 2,400; Mr. Krapek, 28,638; Ms. Poon, 5,495; Mr. Unruh, 24,640; and Mr. Strangfeld, 35,434.

(3) Includes the following shares representing the target number of shares to be received upon the attainment of ROE and EPS goals under the performance share program described under Compensation Discussion and Analysis: Mr. Strangfeld, 51,012; Mr. Grier, 40,156; Mr. Carbone, 9,550; Mr. Baird, 17,456; and Mr. Winograd, 21,003.

(4) Includes the following restricted stock units which do not have any voting or investment power: Mr. Strangfeld, 201,368; Mr. Grier, 171,857; Mr. Carbone, 35,815; Mr. Baird, 35,735; and Mr. Winograd, 57,701.

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

- (5) Includes the following unvested stock options: Mr. Strangfeld, 377,323; Mr. Grier, 299,158; Mr. Carbone, 64,041; Mr. Baird, 121,546; and Mr. Winograd, 153,807.
- (6) Includes 7,471 shares held by the Hampshire Foundation, of which Mr. Hanson is a trustee.
- (7) Includes 7,000 shares held by the John and Mary K. Strangfeld Foundation.

[Notice of Annual Meeting of Shareholders and 2011 Proxy Statement](#) 31

Table of Contents

The Corporate Governance and Business Ethics Committee reviews Director compensation periodically and recommends changes to the Board, when it deems them appropriate. In 2010, the Committee engaged an independent compensation consultant, James F. Reda & Associates, LLC, to review the existing Director compensation program. As a result of that review, the Committee recommended to the Board, and the full Board approved, a new compensation program for Directors which became effective on January 1, 2011. It is intended to bring the Director compensation program in line with market practice.

The following table describes the components of Director compensation in effect during 2010 and the new compensation program that became effective January 1, 2011:

*Compensation Element	2010 Compensation Program	New 2011 Compensation Program
Annual Fee	\$100,000 which may be deferred, at the Director's option	\$120,000 which may be deferred, at the Director's option
Annual Fee	\$100,000 in stock units that are required to be deferred until the earlier of termination of service on the Board or age 70 1/2	\$120,000 in restricted stock units that vest after one year (or, if earlier, on the date of the next annual meeting)
Audit Committee Fee	\$25,000, half of which is deferred in stock units	None
Board Committee Fee*	\$10,000, half of which is deferred in stock units	None
Chair Fee	\$15,000, half of which is deferred in stock units	\$25,000 for the Audit Committee
		\$20,000 for the Compensation Committee \$15,000 for all other committees*
Lead Director Fee	\$25,000, half of which is deferred in stock units	\$50,000
Meeting Fee for members of the Company's Community Resources Oversight Committee**	\$1,250 per meeting	\$1,250 per meeting
New Director Fee (one-time grant)	\$100,000 in stock units that is required to be deferred until the earlier of termination of service on the Board or age 70 1/2	\$120,000 in restricted stock units that vest after one year
Stock Ownership Guideline	Ownership in Common Stock or deferred stock units that has a value equivalent to two times the annual cash and deferred stock retainers within three years of joining the Board***	Ownership in Common Stock or deferred stock units that has a value equivalent to six times the annual cash retainer within six years of joining the Board ****

* Includes any non-standing committee of Directors that may be established from time to time, but excluding the Executive Committee.

** This is a committee composed of members of management and the Board of Directors. This Committee typically meets on a separate day following the Board and Board Committee meetings. The non-employee Directors on this Committee currently include Messrs. Casellas and Hanson and Ms. Horner. The Community Resources Oversight Committee met three times in 2010.

*** Each of our non-employee Directors met this guideline as of December 31, 2010, with the exception of our newest Director who joined the Board in October 2010.

**** For purposes of the stock ownership guidelines, once a Director satisfies the stock ownership guidelines, the Director will be deemed to continue to satisfy guidelines without regard to fluctuation in the value of the equity interests owned by the Director.

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

The Company maintains a Deferred Compensation Plan for Non-Employee Directors. In 2010, fifty percent of the annual Board and committee retainer was deferred in a notional account that replicates the performance of Common Stock. In addition, a Director could elect to invest the cash portion of his or her retainer and fees in accounts that replicate investments in either Common Stock or the Fixed Rate Fund, which accrues interest in the same manner as funds invested in the Fixed Rate Fund offered under the PESP. Prior to 2011, the Plan required that distributions begin in the year a director reaches the age of 70 ¹/₂. Therefore, once a director reaches the age of 70 ¹/₂, he or she may choose to receive his or her

fees earned for years prior to 2011 in any combination of cash or Common Stock. Each Director receives dividend equivalents on the share units contained in his or her deferral account, which are equal in value to dividends paid on the Company's Common Stock. The dividend equivalents credited to the account are then reinvested in the form of additional share units.

Under the new compensation program for 2011, if a Director satisfies the stock ownership guidelines, the restricted stock units granted as the annual equity retainer are payable upon vesting in stock or cash (at the Director's option), and may be deferred beyond vesting at the Director's election. If a Director

Table of Contents

does not satisfy the stock ownership guidelines, the restricted stock units are automatically deferred until termination of Board service. In addition to any mandatory deferrals, with respect to Director compensation in 2011 and after, a Director is permitted to elect to defer settlement of and invest the cash portion of his or her retainer and fees in notional accounts that replicate investments in either Common Stock or the Fixed Rate Fund.

However, for 2011 the Plan was amended and does not require distributions of fees earned after 2010 to commence when a director reaches the age of 70 ¹/₂. Instead, the amended Plan provides for distributions to commence either upon termination of Board service or retirement from service on the Board. In addition, the amended Plan allows for distributions while a Director remains on the Board.

(1) Represents amounts that are automatically deferred in units of Common Stock. The amounts reported represent the aggregate grant date fair value for stock units granted during the fiscal year, as calculated under the Financial Accounting Standard Board's Accounting Codification Topic 718 (formerly Statement of Financial Accounting Standards 123(R)). Under ASC Topic 718, the grant date fair value is calculated using the closing market price of our Common Stock on the date of grant, which is then recognized, subject to market value changes over the requisite service period of the award. As of December 31, 2010, the aggregate balance in each of the non-employee Directors accounts in the Deferred Compensation Plan denominated in units (which includes all deferrals from prior years) and the year-end values were as follows: Mr. Baltimore: 11,403 and \$669,555; Mr. Bethune: 12,927 and \$758,954; Mr. Caperton: 3,625 and \$212,830; Mr. Casellas: 23,367 and \$1,371,932; Mr. Cullen: 35,284 and \$2,071,584; Mr. Gray: 23,194 and \$1,361,730; Mr. Hanson: 38,182 and \$2,241,687; Ms. Horner: 23,114 and \$1,357,044; Ms. Hund-Mejean: 2,400 and \$140,942; Mr. Krapek: 28,638 and \$1,681,371; Ms. Poon: 5,495 and \$322,660; and Mr. Unruh: 25,962 and \$1,524,233.

(2) Mr. Becker received payment of his deferred compensation balance following his retirement from service on the Board.

(3) Mr. Hanson received all of his 2010 compensation in cash because he attained the age 70 ¹/₂ and is permitted to do so.

Table of Contents

In this section, we will describe the material components of our executive compensation program for our Named Executive Officers or NEOs, whose compensation is set forth in the 2010 Summary Compensation Table and other compensation tables contained in this proxy statement:

John R. Strangfeld, our Chairman and Chief Executive Officer;

Richard J. Carbone, our Executive Vice President and Chief Financial Officer;

Mark B. Grier, our Vice Chairman;

Edward P. Baird, our Executive Vice President and Chief Operating Officer, International Businesses; and

Bernard B. Winograd, our Executive Vice President and Chief Operating Officer, United States Businesses.

We also provide an overview of our executive compensation philosophy and our executive compensation program. In addition, we explain how and why the Compensation Committee of our Board (the Committee) arrives at specific compensation policies and decisions involving the NEOs.

Opportunity for Shareholder Feedback

The Committee carefully considers feedback from our shareholders regarding our executive compensation program. Shareholders are invited to express their views to the Committee as described under the heading Communication with Directors in this proxy statement. In addition, the advisory vote on the compensation of the NEOs provides shareholders with an opportunity to communicate their views on our executive compensation program.

You should read this section of the proxy statement in conjunction with the advisory vote that we are conducting on the compensation of the NEOs (See Item 3 Advisory Vote on Executive Compensation). This Compensation Discussion and Analysis contains information that is relevant to your voting decision.

EXECUTIVE SUMMARY

Our Business

We are a global financial services business with approximately \$784 billion of assets under management as of December 31, 2010, and operations in the United States, Asia, Europe, and Latin America. Through our subsidiaries and affiliates, we offer a wide array of financial products and services, including life insurance, annuities, retirement-related services, mutual funds, investment management, and real estate services. For more information about our business, please see *Business and Management's Discussion and Analysis of Financial Condition and Results of Operations* in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 25, 2011.

2010 Business Highlights

While the past 12 months marked another year of uncertainty and challenges in the global economy and financial markets, throughout this period, as a result of our steady leadership, we were able to seize opportunities and further differentiate ourselves from the competition. Our performance in 2010 was solid and continued to reflect our attention to capital deployment, balanced business mix, and effective execution of our individual business strategies. Consequently, as in 2009, we were able to deliver strong results for our shareholders in a challenging environment of continued low interest rates and the enactment of far-reaching legislation impacting the financial services industry.

During 2010, we had the following significant accomplishments:

Our Financial Services Businesses reported net income of \$2.7 billion, or \$5.75 per share of Common Stock, compared to \$3.4 billion, or \$7.63 per share of Common Stock in 2009 which included a non-recurring after-tax gain of \$1.4 billion or \$2.95 per share of Common Stock from the sale of our interest in a retail securities brokerage joint venture;

Our Financial Services Businesses reported after-tax adjusted operating income of \$3.0 billion and posted earnings per share of Common Stock of \$6.27 compared to \$2.4 billion or \$5.51 per share of Common Stock in 2009;

Our Financial Services Businesses reported book value, excluding accumulated other comprehensive income related to unrealized gains and losses on investments and pension/post-retirement benefits as of year end 2010, of \$59.48 per share of Common Stock, compared to \$54.18 per share of Common Stock a year earlier;

The market price of our Common Stock rose to \$58.71 per share as of December 31, 2010, an 18% increase over the past year and a 94% increase over the past two years;

We successfully completed financing transactions valued at \$4.25 billion;

Increased assets under management to \$784 billion as of year end 2010, a record level; and

We restored our Common Stock dividend to 2007 levels.

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

In 2010, we also continued to benefit from effective capital management, which remains a significant priority. Maintaining robust capital and liquidity positions provides us with a protective cushion during difficult periods, as well as the ability to pursue new opportunities. In February 2011, we acquired AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company from the American International Group, Inc. for approximately \$4.8 billion. This acquisition is the largest by far that we have undertaken as a public company. The addition of these operations will significantly increase Prudential's presence in Japan, our largest and most successful market outside the United States, and one where we continue to see strong prospects for growth. With this acquisition and our continued attention to fundamentals, we believe that we have maintained and enhanced our longer-term strategic trajectory, while taking significant actions during the year to make our Company stronger.

Table of Contents

2010 Executive Compensation Highlights

In February 2011, in view of our financial performance during 2010, as well as our other business accomplishments (as described above), the Committee took the following compensation actions:

We maintained base salaries at their 2010 levels;

We made annual and long-term incentive awards with respect to 2010 performance consistent with our 2010 business results; and

We granted book value units under our new Mid-Term Incentive Program reflecting the allocation of 20% of each executive officer's long-term incentive award and the mandatory deferral of 10% of his annual incentive award.

2010 Corporate Governance Highlights

We endeavor to maintain good governance standards including with respect to the oversight of our executive compensation policies and practices. The following policies and practices were in effect during 2010:

We maintain a majority vote for the election of directors in uncontested elections (and require an offer to resign by any incumbent director who is not re-elected) and plurality voting in any election that is contested.

The leadership structure of our Board consists of a Chairman (who is also our CEO), a Lead Independent Director, who is elected by the independent directors, and strong Board committee chairs.

The Compensation Committee is composed solely of independent directors who have established ways to communicate with shareholders regarding their executive compensation ideas and concerns.

The Compensation Committee's independent compensation consultant, Frederic W. Cook & Co., Inc., is retained directly by the Committee and performs no other consulting or other services for us.

In 2010, we included a compensation recovery (clawback) provision in our new Mid-Term Incentive Program. We intend to adopt a general clawback policy covering our annual and long-term incentive award plans and arrangements once the SEC adopts the final implementing rules.

The Compensation Committee conducts an annual review and approval of our compensation strategy, including a review of our compensation-related risk profile so that our compensation-related risks are not reasonably likely to have a material adverse effect on the Company.

Specific Compensation and Corporate Governance Features

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

Our compensation philosophy and related governance features are complemented by several specific elements that are designed to align our executive compensation with long-term shareholder interests, including:

We have stock ownership guidelines for our executive officers, including the NEOs. As of December 31, 2010, each of the NEOs satisfied his individual stock ownership level.

We have stock retention requirements for our executive officers, including the NEOs, that require retention of 50% of the net shares acquired upon the exercise of stock options or the payment or vesting of any performance shares and restricted stock units until the later of (i) one year following the date of acquisition of such shares or (ii) the date that the executive satisfies our stock ownership guidelines.

Our Board has adopted a policy prohibiting all employees, including the NEOs, and members of the Board from engaging in any hedging transactions with respect to equity securities of the Company held by them, which includes the purchase of any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds) designed to hedge or offset any decrease in the market value of such equity securities. The Board has also adopted a policy prohibiting our Section 16 officers and members of the Board from pledging, or using as collateral, the Company's securities in order to secure personal loans or other obligations, which includes holding shares of our Common Stock in a margin account.

Our executive officers, including the NEOs, receive no perquisites or other personal benefits, unless such benefits serve a necessary business purpose, such as the use of a Company aircraft, Company-provided vehicles and drivers, and, in the case of our CEO and Vice Chairman, security services.

Table of Contents

PHILOSOPHY AND OBJECTIVES OF OUR EXECUTIVE COMPENSATION PROGRAM

The philosophy underlying our executive compensation program is to provide an attractive, flexible, and market-based total compensation program tied to performance and aligned with the interests of our shareholders. Our objective is to recruit and retain the caliber of executive officers and other key employees necessary to deliver sustained high performance to our shareholders, customers, and communities where we have a strong presence. Our executive compensation program is an important component of these overall human resources policies. Equally important, we view compensation practices as a means for communicating our goals and standards of conduct and performance and for motivating and rewarding employees in relation to their achievements.

Overall, the same principles that govern the compensation of all our salaried employees apply to the compensation of our executive officers. Within this framework, we observe the follow principles:

Retain and Hire Top Caliber Executives: Executive officers should have base salaries and employee benefits that are market competitive and that permit us to hire and retain high-caliber individuals at all levels;

Pay for Performance: A significant portion of the annual compensation of our executive officers should vary with annual business performance and each individual's contribution to that performance;

Reward long-term growth and profitability: Executive officers should be rewarded for achieving long-term results, and such rewards should be aligned with the interests of our shareholders;

Tie compensation to performance of the Company's core business: A significant portion of our executive officers' compensation should be tied to measures of performance of our Financial Services Businesses;

Align compensation with shareholder interests: The interests of our executive officers should be linked with those of our shareholders through the risks and rewards of the ownership of our Common Stock;

Provide modest perquisites: Perquisites for our executive officers should be minimized and limited to items that serve a reasonable business purpose; and

Reinforce succession planning process: The overall compensation program for our executive officers should reinforce our robust succession planning process.

We believe that our compensation program should have components that link to our short-term and longer term goals. In 2010, we launched a new Mid-Term Incentive Program to complement our then existing Annual Incentive and Long-Term Incentive Programs.

Our Annual Incentive Program rewards performance based on the annual average percentage change in pre-tax adjusted operating income (AOI) and earnings per share (EPS). This calculation is subject to modification if return on equity (ROE) is outside a target range of 9% to 11%. For 2010, our Annual Incentive Program also provided the Committee with discretion to consider strategic measures of performance, such as performance relative to our financial targets related to our 2010 earnings guidance, capital and liquidity management, risk management, and competitive performance.

The new Mid-Term Incentive Program is composed of a portion (20%) of the long-term compensation value and, beginning with awards for 2010 performance, a portion (10%) from the amount awarded under our Annual Incentive Program, thereby tying a portion of the incentive compensation awarded to the NEOs to changes in book value per share over a three-year period. Book value per share is an important measure in valuing insurance and financial companies that, unlike measures based on AOI, takes into account realized gains and losses in our investment portfolio.

Through our Long-Term Incentive Program, we incentivize long-term value creation, by providing compensation in the form of stock options and performance shares and units that reward increases in the market value of our Common Stock as well as achievement of our annual goals over a three-year period for EPS and ROE for the Financial Services Businesses. By basing a portion of compensation under the Long-Term Incentive Program upon performance relative to annual goals over a three-year period, we encourage sustainable earnings and value creation throughout the three-year period.

Table of Contents

In January 2011, we conducted an update to our assessment of the risks associated with our compensation policies and practices. This update included an examination of the changes in the Company's risk profile over the past year for our executive compensation policies and practices. Based on this assessment, we determined that these risks were not reasonably likely to have a material adverse effect on our Company. Among other things, we took into consideration the fact that our principal incentive compensation plans and arrangements contained similar design and risk mitigation features as the prior year's plans and arrangements.

HOW WE MAKE COMPENSATION DECISIONS

Role of the Compensation Committee

The Committee is responsible to our Board for overseeing the development and administration of our compensation and benefits policies and programs. The Committee, which consists of three independent directors, is responsible for the review and approval of all aspects of our executive compensation program. Among its duties, the Committee is responsible for formulating the compensation recommendations for our CEO and approving all compensation recommendations for our officers at the senior vice president level and above, including:

Review and approval of corporate incentive goals and objectives relevant to compensation;

Evaluation of individual performance results in light of these goals and objectives;

Evaluation of the competitiveness of each officer's total compensation package; and

Approval of any changes to the total compensation package, including, but not limited to, base salary, annual and long-term incentive award opportunities, and payouts and retention programs.

Following review and discussion, the Committee submits its recommendations for compensation for these executive officers to the non-employee members of our Board for approval.

The Committee is supported in its work by the head of the Human Resources Department, her staff, and an executive compensation consultant, as described below.

The Committee's charter, which sets out its duties and responsibilities and addresses other matters, can be found on our website at www.prudential.com/governance.

Role of the Chief Executive Officer

Within the framework of the compensation programs approved by the Committee and based on management's review of market competitive positions, each year our CEO recommends the level of base salary increase (if any), the annual incentive award, and the long-term incentive award value for senior vice presidents and above, including the other NEOs. These recommendations are based upon his assessment of each executive officer's performance, the performance of the individual's respective business or function, and employee retention considerations. The

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

Committee reviews our CEO's recommendations and approves any compensation changes affecting our executive officers as it determines in its sole discretion.

Our CEO does not play any role with respect to any matter affecting his own compensation.

Role of the Compensation Consultant

The Committee has retained Frederic W. Cook & Co., Inc. as its executive compensation consultant. The Compensation Consultant reports directly to the Committee, and the Committee may replace the Compensation Consultant or hire additional consultants at any time. A representative of the Compensation Consultant attends meetings of the Committee, as requested, and communicates with the Committee Chair between meetings; however, the Committee makes all decisions regarding the compensation of our executive officers.

The Compensation Consultant provides various executive compensation services to the Committee pursuant to a written consulting agreement with the Committee. Generally, these services include advising the Committee on the principal aspects of our executive compensation program and evolving industry practices and providing market information and analysis regarding the competitiveness of our program design.

Table of Contents

and our award values in relationship to its performance.

During 2010, the Compensation Consultant performed the following specific services:

Provided a presentation on executive compensation trends and external developments.

Provided an annual competitive evaluation of total compensation for the NEOs, as well as overall compensation program share usage, dilution, and fair value expense.

Provided recommendations on CEO total compensation to the Committee at its February meeting, without prior review by our CEO.

Reviewed with our CEO his compensation recommendations with respect to other members of the Office of the Chairman for the Committee's February meeting.

Reviewed Committee agendas and supporting materials in advance of each meeting, and raised questions/issues with management and the Committee Chair, as appropriate.

Reviewed drafts and commented on the CD&A for the proxy statement and related compensation tables.

In addition, the Compensation Consultant attended meetings of the Committee during 2010, as requested by the Committee Chair. The Compensation Consultant provided no services to management during 2010.

The Committee retains sole authority to hire the Compensation Consultant, approve its compensation, determine the nature and scope of its services, evaluate its performance, and terminate its engagement.

The total amount of fees paid to the Compensation Consultant for services to the Committee in 2010 was \$130,910. The Compensation Consultant received no other fees or compensation from us, except for \$3,400 to participate in a general industry survey of long-term compensation.

USE OF COMPETITIVE DATA

We compete in several different businesses, most of which are involved in helping individuals and institutions grow and protect their assets. These businesses draw their key employees from different segments of the marketplace. Our executive compensation program is designed with the flexibility to be competitive and motivational within the various marketplaces in which we compete for employees, while being subject to centralized design, approval, and control.

The Committee relies on various sources of compensation information to ascertain the competitive market for our executive officers, including the NEOs. The Committee uses compensation data compiled from a group of peer companies in the insurance, asset management, and other diversified financial services industries selected from the Standard & Poor's 500 Financials Index (the Peer Group). The Compensation Consultant periodically reviews and updates the Peer Group, as necessary, at the direction, and with the approval of, the Committee. We believe the Peer Group represents the industries with which we currently compete for executive talent, and includes our principal business competitors. For 2010, the Peer Group consisted of the following companies:

AFLAC, Incorporated

American Express Company

Ameriprise Financial, Inc.

The Bank of New York Mellon Corporation

BlackRock, Inc.

Capital One Financial Corporation

Franklin Resources, Inc.

Genworth Financial, Inc.

The Hartford Financial Services Group, Inc.

INVESCO

JP Morgan Chase & Co.

Legg Mason

Lincoln National

Loews Corporation

Manulife Financial Corporation

MetLife, Inc.

Northern Trust Corporation

Principal Financial Group

State Street Corporation

Sun Life Financial Inc.

U.S. Bancorp

Unum Provident Corporation

Wells Fargo & Company

Table of Contents

To assess the competitiveness of our executive compensation program, we analyze Peer Group proxy compensation data as well as compensation and benefits survey data developed by national compensation consulting firms, such as Towers Watson, McLagan Partners, and Mercer. As part of this process, we measure actual pay levels within each compensation component and in the aggregate. We also review the mix of our compensation components with respect to fixed versus variable, short-term versus long-term, and cash versus equity-based pay. This information is then presented to the Committee for its review and use.

The Committee generally compares the compensation of each NEO in relation to both the median and the 75th percentile of the Peer Group for similar positions as we are significantly above the median of the Peer Group in terms of size. In addition, the Committee also takes into account various factors such as our performance within the Peer Group, the unique characteristics of the individual's position, and any succession and retention considerations. In general, compensation levels for an executive officer who is new to a position tend to be at the lower end of the competitive range, while seasoned executive officers with strong performance who are viewed as critical to retain would be positioned at the higher end of the competitive range.

Generally, any differences in the levels of total direct compensation for the NEOs in 2010 were primarily driven by the scope of their responsibilities, market data for similar positions, and considerations of internal equity.

COMPONENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

The principal components of our executive compensation program and the purpose of each component are presented in the following table. We measure the program's competitiveness both by comparing relevant market data against the amounts paid at each executive officer position as well as by salary grades, which are composed of many positions that we consider to have similar responsibilities.

We monitor the risks associated with our executive compensation program, as well as the components of our program and individual compensation decisions, on an ongoing basis. In January 2011, the Committee was presented with the results of a study reviewing our compensation programs, including our executive compensation program, to assess the risks arising from our compensation policies and practices. The Committee agreed with the study's findings that these risks were within our ability to effectively monitor and manage and that these risks are not reasonably likely to have a material adverse effect on the Company.

When establishing incentive compensation opportunities, we look at the 50th and 75th percentiles of the Peer Group (for each compensation element) for similar positions to understand where these opportunities fall relative to the competitive market. Actual payouts are based upon the market price of our Common Stock and financial performance.

Table of Contents

Compensation Component	Key Characteristics	Purpose	Principal 2010 Actions
Base Salary	Fixed compensation component. Reviewed annually and adjusted, if and when appropriate.	Intended to compensate an executive officer fairly for the responsibility level of the position held.	No base salary increases in 2011 based on the 2010 performance year.
Annual Incentive Awards	Variable compensation component. Performance-based award opportunity. Payable based on corporate and business unit performance and level of individual contributions to that performance.	Intended to motivate and reward executive officers for achieving our short-term (annual) business objectives that drive overall performance; intended to encourage accountability by rewarding based on performance.	The NEOs received annual incentive awards ranging from \$2,550,000 to \$6,100,000 (with 10% of these amounts being deferred into the Mid-Term Incentive Program).
Mid-Term Incentive Awards	Variable compensation component. Performance-based award opportunity, granted annually in the form of book value units. Amounts actually earned will vary based on overall value of our business over a multi-year period.	Intended to motivate executive officers to achieve our business objectives, including the impact of realized gains and losses of investment portfolio, over the long-term and to reinforce the link between the interests of our executive officers and our shareholders; and intended to motivate our executive officers to improve multi-year financial performance.	The NEOs received book value units representing 20% of their long-term incentive value and 10% of their annual incentive awards for 2010.
Long-Term Incentive Awards	Variable compensation component. Performance-based award opportunity, generally granted annually as a combination of stock options and performance shares and units. Amounts actually earned will vary based on stock price appreciation and corporate performance.	Intended to motivate executive officers to achieve our business objectives by tying incentives to the performance of our Common Stock over the long-term; and to reinforce the link between the interests of our executive officers and our shareholders.	The NEOs received long-term incentive values ranging from \$1,400,000 to \$8,000,000 in February 2011 (with 20% of these amounts being allocated to the Mid-Term Incentive Program).
Health and Welfare Plans and Retirement Plans	Fixed compensation component.	Intended to provide benefits that promote employee health and support employees in attaining financial security.	No changes to programs in 2010 that affected the NEOs.
Perquisites and Other Personal Benefits	Fixed compensation component.	Intended to provide a business-related benefit to our Company, and to assist in attracting and retaining executive officers.	No changes to benefits in 2010 that affected the NEOs.
Post-Employment Compensation	Fixed compensation component.	Intended to provide temporary income following an executive officer's involuntary termination of employment and, in the case of a change of control, to also provide continuity of management.	No changes to programs in 2010 that affected the NEOs.

Table of Contents

The following discussion contains information regarding certain performance measures and goals. These measures and goals are disclosed in the limited context of our executive compensation program. Investors should not apply these performance measures and goals to other contexts.

DIRECT COMPENSATION COMPONENTS

Base Salary

Base salary is the principal fixed component of the total direct compensation of our executive officers, including the NEOs, and is determined by considering the relative importance of the position, the competitive marketplace, and the individual's performance and contributions. Base salaries are reviewed annually. However, reflecting practices in the financial services sector, most of our focus is on annual and long-term incentive awards rather than base salary. Thus, our common practice has been for an executive officer to have his or her base salary increased only infrequently and then mostly at the time of a change in position or assumption of new responsibilities.

Decisions for 2010 and 2011

None of the NEOs, with the exception of Mr. Baird, received an increase to base salary in 2010. In February 2010, the Committee increased Mr. Baird's annual base salary to \$550,000 based on his 2009 performance and the competitive market for positions of similar scope and responsibility. This increase was effective March 1, 2010.

Annual Incentive Awards

Annual incentive awards for our executive officers, including the NEOs, are paid through an incentive pool that covers approximately 15,000 employees. Each year, the initial size of this pool is based on the final pool amount from the previous year. This amount is then adjusted for changes in headcount and, as described in the following section, for business performance relative to the prior year.

Determination of Incentive Pool

To ensure that the annual incentive awards establish a direct link between the interests of our executive officers and our shareholders, after adjusting the final annual incentive pool amount from the prior year for changes in headcount, the Committee assesses our performance relative to a series of financial measures as well as strategic and qualitative factors to arrive at the incentive pool to be used for the payment of annual incentive awards for the current year.

For 2010, three key financial measures of the operating performance for our Financial Services Businesses were used to determine the preliminary quantitative adjustment to the final 2009 annual incentive pool – pre-tax adjusted operating

income (AOI), earnings per share (EPS), and return on equity (ROE).

AOI is a non-GAAP measure of performance of our Financial Services Businesses. For a description of how we calculate pre-tax AOI and for a reconciliation of pre-tax AOI to the nearest comparable GAAP measure, see the notes to the consolidated financial statements included in our annual reports on Form 10-K and quarterly reports on Form 10-Q filed with the SEC, which can be found on our website at www.investor.prudential.com. After-tax AOI is adjusted operating income before taxes, less the income tax effect applicable to pre-tax AOI, as publicly disclosed in our Quarterly Financial Supplements, also available on our website. During the third quarter of 2010, we revised the definition of AOI to reflect an adjustment in how we calculate our Annuities hedging results. Applying this new definition of AOI resulted in a slight reduction in the size of the annual incentive pool compared to the size of the pool resulting from the application of the former definition of AOI.

EPS is Earnings Per Share of Common Stock (diluted): Financial Services Businesses after-tax adjusted operating income, as publicly disclosed in our Quarterly Financial Supplements.

ROE is Operating return on average equity (based on after-tax adjusted operating income), as defined and publicly disclosed in our Quarterly Financial Supplements.

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

In calculating the amount of the preliminary adjustment, the Committee adjusted the final 2009 annual incentive pool (as first adjusted for changes in headcount) based on the annual average percentage change in pre-tax AOI and EPS from 2009. In determining this percentage change, the Committee reserved the discretion to adjust the reported pre-tax AOI and EPS figures for the current and prior years for one-time items that did not reflect operating performance. These primarily consisted of adjustments for equity issuances in June 2009 and November 2010.

In addition, the Committee adjusted the annual incentive pool for actual performance of the Standard & Poor's 500 relative to our 8% growth assumption. As the performance of the Standard & Poor's 500 for both 2009 and 2010 exceeded our estimate, the Committee adjusted our results to reflect this variance resulting in a decrease in bonusable AOI amounts and a corresponding decrease in our EPS for both years.

This calculation was then subject to a further modification of up to +/-25% if ROE, adjusted in the same manner as pre-tax AOI and EPS, was outside the target range of 9% to 11%. Because our ROE for 2010 was within the target range, no such modification was made.

Table of Contents

For 2010, the net effect of the change in pre-tax AOI and EPS from 2009 as well as the adjustments for one-time items and actual Standard & Poor's 500 performance was an increase in the size of the 2010 annual incentive pool of approximately 26% over the size of the 2009 pool (after headcount adjustments).

Following this preliminary calculation of the 2010 annual incentive pool, the Committee reserved the discretion to further increase or decrease the size of the incentive pool to reflect additional strategic and qualitative factors, such as performance relative to the financial targets related to our 2010 guidance of reported EPS of \$5.40 to \$5.70, pre-tax AOI ranging from \$3.4 to \$3.6 billion and ROE between 9% - 11%; total shareholder return relative to the Peer Group; changes in credit ratings and relative borrowing spreads; new product activity; employee satisfaction measures; acquisition and divestiture activity; satisfaction of capital and risk levels; and expense management. While we exceeded our EPS and pre-tax AOI targets and met our ROE target, and performed well relative to these other strategic and qualitative factors, no additional adjustments were made by the Committee to the size of the annual incentive pool.

Decisions for 2010

Once the size of the annual incentive pool is set, the Committee allocates the pool among eligible executive officers and other employees, including the NEOs. While the quantitative and qualitative performance criteria used to determine the size of the annual incentive pool guide the Committee in this process, they are not determinative of the amount of an individual executive officer's annual incentive award in a given year.

The Committee determines the amount of an individual executive officer's annual incentive award, including the awards of the NEOs, based on its evaluation of his or her individual contributions during the year with reference to market data for the individual's position in the Peer Group. In determining the 2010 annual incentive awards for our executive officers, including the NEOs, the key drivers considered by the Committee were:

Their collective performance in managing our business during challenging market conditions;

Their management of specific units; and

Our financial performance.

While the Committee did not establish specific individual performance metrics for the NEOs, at the beginning of the year our CEO met with each of the other NEOs to outline and discuss with such executive officer the key financial factors that the Committee would consider when assessing our Company's performance at the end of the year, their expected contributions to that performance, and how their performance might influence their annual incentive awards.

MR. STRANGFELD

In assessing the individual performance of Mr. Strangfeld, our CEO, the Committee, and the independent members of our Board of Directors, considered the evaluation of his performance that was conducted by the Lead Director of our Board and the Committee Chair. This evaluation identified and examined a broad range of corporate and individual performance factors, including:

A return to a quality of earnings that demonstrates the implementation and operation of sustainable business fundamentals;

A 24% increase in pre-tax AOI for our Financial Services Businesses for 2010 compared to 2009;

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

Net income for our Financial Services Businesses of \$2.7 billion for 2010;

Growth in book value per share of Common Stock, excluding unrealized gains and losses on investments and pension/post-retirement benefits, to \$59.48 as of December 31, 2010 versus \$54.18 a year earlier;

Gross sales of individual annuities of \$21.8 billion for 2010, compared to \$16.3 billion for 2009;

Full-service retirement net sales of \$2.5 billion for 2010;

International insurance annualized new business premiums of \$1.8 billion for 2010 based on constant dollars, up 25% from the 2009 level;

His ability to maintain strong relationships within our Company as well as with key external stakeholders;

His accomplishments related to inspiring confidence, and talent management and development, including introduction of new leadership competency assessment and development tools; and

His vision and leadership with respect to our acquisition of AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company. Based on these factors, including its own evaluation of his performance, in February 2011, the Committee recommended, and the independent members of our Board of Directors approved, an annual incentive award of \$6,100,000 for Mr. Strangfeld for 2010, compared to an annual incentive award of \$4,600,000 for 2009 (excluding the portion of his 2009 annual incentive award attributable to our investment in Wachovia Securities Financial Holdings, LLC), a 33% increase.

In the case of the other NEOs, Mr. Strangfeld formulated recommendations for each individual based on his assessment of their performance and presented these recommendations to the Committee for its consideration. Based on these recommendations, as well as the key drivers previously described and its own evaluation of their performance, the Committee recommended, and the

Table of Contents

independent members of our Board of Directors approved, the following annual incentive awards for each of the other NEOs:

MR. CARBONE

Mr. Carbone's annual incentive award was \$2,550,000, compared to an annual incentive award of \$2,000,000 for 2009 (excluding the portion of his 2009 annual incentive award attributable to our investment in Wachovia Securities Financial Holdings, LLC), an increase of 28%. Among the factors the Committee considered in determining the amount of his award were:

His key role in capital planning, including the issuance of long-term debt totaling \$2.25 billion in 2010 for general corporate purposes, as well as \$1 billion of Common Stock and \$1 billion of long-term debt for the financing of the acquisition of AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company;

Insightful approaches for maintaining risk-based capital for our principal domestic insurance subsidiaries and solvency margins for our international insurance subsidiaries at appropriate levels;

His acumen in effectively managing our Company's liquidity position, resulting in \$6.7 billion of cash and short-term investments at the parent company level at year-end 2010, contributing to the funding of the acquisition of AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company and providing flexibility for business growth and longer-term investments as market opportunities arise while maintaining an appropriate liquidity cushion;

His effective supervision of internal financial and accounting functions and adaptation to emerging accounting and financial reporting standards; and

His successful efforts in talent management, including completing a series of organizational changes and making significant progress in developing additional management strength and depth in our financial organization.

MR. GRIER

Mr. Grier's annual incentive award was \$5,200,000, compared to an annual incentive award of \$4,000,000 for 2009 (excluding the portion of his 2009 annual incentive award attributable to our investment in Wachovia Securities Financial Holdings, LLC), an increase of 30%. Among the factors the Committee considered in determining the amount of his award were:

His successful service as our Company's and an industry spokesperson through the process of the emerging financial market regulatory reform, including his role as chair of an SEC-formed committee on regulatory enhancements for the financial markets, and his outreach efforts and engagement with our major shareholders on corporate governance matters;

His leadership role in our efforts to adapt our hedging programs to more broadly cover equity market exposure for statutory capital with a focus on tail-risk rather than general equity market declines, allowing protection of the Company's capital in a cost-effective manner under stress scenarios involving severe equity market declines;

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form DEF 14A

His leadership of our internal risk management functions, including focus on investment portfolio quality, with net unrealized gains on general account fixed maturities of our Financial Services Businesses amounting to \$5.7 billion at year-end 2010 compared to net unrealized gains of \$1.0 billion a year earlier and credit losses and impairments for the year at lowest level since 2007;

His instrumental role in our successful access to public debt markets; and

His key role in allocating capital to businesses with superior growth and return potential, enabling our Company to benefit from improving financial markets.

MR. BAIRD

Mr. Baird's annual incentive award was \$2,600,000, compared to an annual incentive award of \$2,000,000 for 2009 (excluding the portion of his 2009 annual incentive award attributable to our investment in Wachovia Securities Financial Holdings, LLC), an increase of 30%. Among the factors the Committee considered in determining the amount of his award were:

His efforts in leading our international businesses to a 12% increase in pre-tax adjusted operating income for 2010, compared to the prior year;

His leadership in the growth of our international distribution channels, contributing to a 25% increase in constant dollar international insurance annualized new business premiums for 2010 compared to the prior year;

His management of our strategy to cultivate sales through bank distribution in Japan, resulting in sequential growth of such sales for four consecutive quarters and achievement of \$328 million constant dollar annualized new business premiums from bank channel sales, compared to \$134 million in 2009, with the increase driven by life insurance protection products;

His leadership role in our acquisition of AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company; and

His cultivation of a strong management team for our Company's international businesses, including appointment of additional management team members in major country and support operations.

The annual incentive awards for the NEOs reflect, among other factors, their contributions to our significant financial accomplishments for 2010, and the acquisition of the AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company.

Table of Contents**MR. WINOGRAD**

Mr. Winograd's annual incentive award was \$4,800,000, compared to an annual incentive award of \$3,500,000 for 2009 (excluding the portion of his 2009 annual incentive award attributable to our investment in Wachovia Securities Financial Holdings, LLC), an increase of 37%. Among the factors the Committee considered in determining the amount of his award were:

His contributions to the success of our Individual Annuity business, which recorded a 33% increase in gross sales for 2010 compared to the prior year;

His leadership of our Asset Management business, which reported pre-tax adjusted operating income of \$487 million for 2010 compared to \$55 million in the prior year and achieved \$28.6 billion of net institutional inflows of long-term investment funds for 2010, compared to \$13.0 billion in 2009;

His contributions to the success of our Retirement business, with full-service account values reaching \$141 billion as of December 31, 2010, compared to \$126 billion a year earlier;

His prudent oversight of our Individual Life Insurance business, which maintained market relevance with \$260 million of annualized new business premiums for 2010 while adjusting product pricing consistent with a focus on appropriate returns over market cycles; and

His cultivation of a strong management team for our Company's U.S. businesses.

While the key drivers and related individual performance factors described above were relatively more important than other factors in determining the 2010 annual incentive awards for the NEOs, the Committee did not assign a specific weight to any factor, but, rather, evaluated the totality of the factors in making each award determination.

The following table illustrates the Committee's perspective of the 2009 and 2010 total direct compensation (base salary, annual incentive award, and long-term incentives) for the NEOs. This table is not a substitute for the compensation tables required by the SEC and included under the heading "Compensation of Named Executive Officers" contained in this proxy statement, but we believe it provides a more accurate picture of how the Committee viewed its compensation actions for the NEOs based on our performance for these two years:

ANNUAL COMPENSATION

Named Executive Officer	2009	2010	Percentage Change
	Compensation	Compensation	
John R. Strangfeld			
Salary*	\$ 1,000,000	\$ 1,000,000	0%

Long-Term Incentive***	\$	2,500,000	40%
Total	\$	6,600,000	35%

* Salary represents annualized base salary for the 2009 and 2010 performance years. Only Mr. Baird received a salary increase during this period. His salary was increased from \$450,000 to \$550,000 on March 1, 2010 based on 2009 performance. These amounts may differ from the salary reported in the 2010 Summary Compensation Table, which represents the actual salary paid during the year.

** 2009 annual incentive excludes special one-time cash awards relating to the Wachovia transaction.

*** Represents the compensation value of long-term awards for each performance year. For example, the long-term values under the 2010 Compensation column represent awards made in February 2011 for the 2010 performance year.

Beginning in 2011, senior executive officers, including the NEOs, except for Mr. Winograd who is retiring in 2011, were required to defer receipt of 10% of their annual incentive awards into our Mid-Term Incentive Program, as discussed below.

Annual Incentive Design for 2011

In February 2011, the Committee selected the financial measures of the operating performance for our Financial Services Businesses that will be used to determine the preliminary quantitative adjustment to the final 2010 annual incentive pool for purposes of determining the annual incentive pool that will be used to make annual incentive awards for 2011. As in 2010, these measures will be pre-tax adjusted operating income, earnings per share, and return on equity. Other features of the Annual Incentive Program, such as adjustments for one-time items that do not reflect operating performance and actual Standard & Poor's 500 performance relative to our 8% growth assumptions will remain unchanged. In this regard, in determining the percentage change in pre-tax AOL, EPS, and ROE between 2010 and 2011, the Committee determined that the June 2009 and November 2010 equity issuances will be included in the share count for purposes of determining 2011 EPS, AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company earnings will be annualized in 2011, and one-time integration costs related to AIG Star Life Insurance Co., Ltd. and AIG Edison Life Insurance Company will be excluded.

Table of Contents

Our Mid-Term Incentive Program links a substantial portion of our senior executives incentive compensation (20% of their annual long-term incentive award and a mandatory deferral of 10% of their annual incentive value) to the receipt of book value units attributable to our Financial Services Businesses.

Mid-Term Incentive Program

Our Mid-Term Incentive Program which first became effective in 2010, is designed to complement our annual and long-term incentive award programs. The Mid-Term Incentive Program is a program for a select group of senior executive officers, including the NEOs, which links payments to a measure of book value per share (a key metric in valuing insurance, banks, and investment firms that is closely followed by investors). Unlike the financial measures based on AOI that are used in other aspects of our executive compensation program, the book value per share metric takes into consideration realized gains and losses in our investment portfolio.

Book value per share is Book Value per share of Common Stock excluding accumulated other comprehensive income related to unrealized gains and losses on investments and pension/post-retirement benefits, as publically disclosed in our Quarterly Financial Supplements.

For purposes of the Mid-Term Incentive Program, book value units are based on the equity attributable to our Financial Services Businesses divided by the number of common shares outstanding at the end of the period, on a fully diluted basis. These units track the value of book value per share of Common Stock excluding accumulated other comprehensive income related to unrealized gains and losses on investments and pension/post-retirement benefits as noted in our Quarterly Financial Supplements.

Awards under the Mid-Term Incentive Program are granted and denominated in book value units that are funded from two sources:

the allocation of 20% of a participant's long-term incentive value for the year as determined by the Committee; and

a mandatory deferral of 10% of a participant's annual incentive award.

Amounts contributed to the Mid-Term Incentive Program are converted to book value units, the value of which then tracks changes in book value per share for each participant.

One-third of a participant's annual award of book value units is distributed in cash in each of the three years following the year of grant.

Clawback Provision

Under the Mid-Term Incentive Program, the book value units of participants, including the NEOs, are subject to forfeiture (or clawback) in the event that the Committee determines, in its discretion, that a participant has engaged in conduct, or

omitted taking appropriate action, which was a contributing factor to any material restatement of our consolidated annual financial statements and that resulted in an overpayment under the Mid-Term Incentive Program, in which the executive officer participates.

Long-Term Incentive Program

We provide long-term incentive opportunity to motivate and reward our executive officers for contributions to achieving our business objectives by tying incentives to the performance of our Common Stock over the long term, to further reinforce the link between the interests of our

executive officers and our shareholders, and to motivate our executive officers to improve multi-year financial performance. Our practice is to grant long-term incentive awards in the form of a balanced mix of performance shares and units, and stock options to our senior vice presidents and above, including the NEOs, in amounts that are consistent with competitive practice. These awards are made shortly after the end of our fiscal year and reflect the prior year's performance.

In determining the amount of individual long-term incentive awards, the Committee considers a senior officer's individual performance during the immediately preceding year, potential future contributions, and retention considerations, as well as market data for the executive officer's position in the Peer Group. In addition, in the case of long-term incentive awards to any NEO, the total payments of performance shares or units, restricted stock units and annual and mid-term incentive awards in any given year may not exceed 0.6% of our pre-tax AOI in the prior year.

Long-term incentive awards may also be granted when an individual is promoted to, or within, a senior officer position to recognize the increase in the scope of his or her role and responsibilities. From time to time, we may make special awards in the form of restricted stock units, to commemorate major milestones, or selective awards in situations involving a leadership transition.

Dividend equivalents are paid on the final number of performance shares and units paid out, up to the target number of shares.

Decisions for 2010

In February 2011, the Committee granted long-term incentive awards to the NEOs based on its assessment of their individual performance during 2010. After the 20% carve-out for the Mid-Term Incentive Program (as described above), these awards were granted in the form of stock options (50%), performance shares (25%), and performance units (25%). The Committee determined that this long-term incentive mix would appropriately motivate and reward the NEOs to work towards achieving our long-term objectives, further reinforce the link between their interests and the interests of our shareholders, and provide a balanced portfolio composed of stock options (which provide value based solely on stock price appreciation) and performance awards (which provide value only upon attainment of specific performance goals).

Table of Contents

The performance unit awards were denominated in share equivalents and have the same value as the performance share awards on the award payment date. The performance share and performance unit awards were granted for a three-year performance period with the preliminary payout determined each year as to one-third of the target award based on our annual performance against our EPS and ROE goals. The 2011 financial goals, which apply to one-third of the 2010 and 2011 target awards are EPS of \$6.15 and ROE within a range of 9% to 11%. The EPS and ROE figures will be subject to the same adjustments for one-time items and Standard & Poor's 500 performance as under the 2011 annual incentive program. The Committee will set the 2012 and 2013 goals by March of each year. The Committee believes that using financial measures that are similar to the measures that are used for our annual incentive awards helps to ensure that the short-term actions and decisions of the NEOs are also oriented towards creating shareholder value that can be sustained over the long-term. The book value per share measure used in the Mid-Term Incentive Program takes into account realized gains and losses in our investment portfolio and is another strong indicator of long-term shareholder value.

This preliminary earnout determination is subject to adjustment by the Committee to take into account any significant items that, in its judgment, do not accurately reflect our operating performance and to reflect the actual performance of the

Standard & Poor's 500 during the year relative to our operating plan assumptions relating to Standard & Poor's 500 performance. The earnout also may be adjusted by the Committee, in its discretion, by up to 15% of the earned shares and units, based on its evaluation of other quantitative and qualitative factors, including, but not limited to, exchange rate variations, a review of net income, our performance relative to the Peer Group, our credit ratings, and other strategic development factors. In the event of any extraordinary circumstances that it determines in its sole discretion, the Committee may make additional adjustments to the final award values (either collectively or on an individual basis).

At the end of the three-year performance period, the performance share awards will be paid in shares of Common Stock and performance units will be paid in cash.

The following table presents the incentive awards for each NEO granted under the Mid-Term Incentive Program and our Long-Term Incentive Program and includes the mandatory deferrals of 10% of the annual incentive award (except for Mr. Winograd who is retiring in 2011). Awards are expressed as compensation values in the table. Awards are granted as book value units under the Mid-Term Incentive Program, and as stock options, performance shares and performance units under the Long-Term Incentive Program. These awards generally will not be reported in the Summary Compensation Table until next year.

Named Executive Officer	Mid-Term Incentive Program	Long-Term Incentive Program	Long-Term Incentive Program	Long-Term Incentive Program	Total
	Compensation Value of Book Value Units	Compensation Value of Stock Options	Compensation Value of Performance Shares	Compensation Value of Performance Units	
John R. Strangfeld	\$2,210,000	\$3,200,000	\$1,600,000	\$1,600,000	\$8,610,000
Richard J. Carbone	\$535,000	\$560,000	\$280,000	\$280,000	\$1,655,000
Mark B. Grier	\$1,760,000	\$2,480,000	\$1,240,000	\$1,240,000	\$6,720,000
Edward P. Baird	\$860,000	\$1,200,000	\$600,000	\$600,000	\$3,260,000
Bernard B. Winograd	\$700,000	\$1,400,000
