Report of Independent Registered Public Accounting Firm

Administrative Committee of

The Sherwin-Williams Company

Employee Stock Purchase and Savings Plan

We have audited the accompanying statements of net assets available for benefits of The Sherwin-Williams Company Employee Stock Purchase and Savings Plan as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Sherwin-Williams Company Employee Stock Purchase and Savings Plan at December 31, 2013 and 2012, and the changes in its net assets available for benefits for the year ended December 31, 2013, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2013 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

^(a) The fair value of the Sherwin-Williams Company common stock, Money market fund and Interest-bearing cash is based on quoted prices in active markets for identical securities.

^(b) The fair value of the Sherwin-Williams Company preferred stock is based on a conversion/redemption formula outlined in the preferred stock terms.

(d) The common/collective trust funds include the Managed Income Portfolio II, the Pyramis Active Lifecycle Commingled Pool Funds and the Strategic Allocation TOPS™ Portfolio Funds. The Managed Income Portfolio II is carried at contract value, which is estimated by the Trustee and represents net contributions plus interest at the current market rate. The estimated contract value approximates fair value. The fund seeks to preserve the principal investment while earning a level of interest income that is consistent with principal preservation. The fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds. The fair value of the Pyramis Active Lifecycle Commingled Pool Funds and the Strategic Allocation TOPS™ Portfolio Funds is calculated by the Trustee based on the NAV per unit as of the close of business of the New York Stock Exchange. Investments in the underlying funds are valued at their closing net asset value each business day. The Pyramis Active Lifecycle Commingled Pool Funds seek active return until each pool's targeted retirement date, and capital preservation thereafter. The pools employ a pool-of-pools approach by investing in a diversified portfolio of equity, fixed income and short-term products. The Strategic Allocation TOPS™ Portfolio Funds seek to provide income and growth of capital by investing in a diversified portfolio of U.S. and foreign stocks, real estate and corporate and government bonds. There are no unfunded commitments, significant redemption limitations or restrictions on the ability to sell the Managed Income Portfolio II, the Pyramis Active Lifecycle Commingled Pool Funds, and the Strategic Allocation TOPS™ Funds.

(e) Represents 5% or more of the Plan's net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

THE SHERWIN-WILLIAMS COMPANY EMPLOYEE STOCK PURCHASE AND SAVINGS PLAN

The following table summarizes the changes in the fair value of the Plan's level 3 assets:

	The Sherwin-Williams Company Preferred Stock
Balance at January 1, 2012	\$326,214,356
Redemptions of The Sherwin-Williams Company preferred stock	(120,466,866)
Net unrealized gains	5,025,660
Balance at December 31, 2012	210,773,150
Redemptions of The Sherwin-Williams Company preferred stock	(126,523,647)
Net unrealized gains	2,059,667
Balance at December 31, 2013	\$86,309,170

As indicated in the notes to the previous table, the fair value of the Sherwin-Williams Company preferred stock is based on a conversion/redemption formula outlined in the preferred stock terms. The inputs to the formula are the common stock current market price of the Company, the unpaid loan balance at the balance sheet date, and other fixed factors. The only variable input is the Company's common stock current market price, which is determined based on quoted prices in active markets, while the unpaid loan balance is a fixed input (subject to repayments). The Sherwin-Williams Company preferred stock is classified as level 3 within the fair value hierarchy because the preferred shares themselves are not traded in an active market and there are other unobservable fixed factors within the redemption model.

Participant loans are valued at their unpaid principal balance plus accrued interest.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

NOTE 2 - DESCRIPTION OF THE PLAN

The Plan is a defined contribution plan. Any salaried employee of the Company or participating subsidiary and any employee in a group of employees to which coverage has been extended on a non-discriminatory basis by the Board of Directors of the Company is eligible for membership in the Plan provided the employee: (a) is a full-time or part-time employee of the Company or a subsidiary of the Company which has adopted the Plan; (b) is not a member of a collective bargaining unit which is recognized by the Company on the later of the effective date of the Plan or the date coverage under the Plan is extended or is not a member of a collective bargaining unit which has agreed that the members of such bargaining unit shall no longer be eligible for membership in the Plan; and (c) is employed in the United States or is a United States citizen if not employed therein.

Eligible employees hired by the Company or participating subsidiary have the option of participating in the Plan. Eligible employees can contribute up to 20% of their salaries subject to limitations imposed by law. The Company makes matching contributions of 100% on the first 6% of eligible employee contributions beginning the quarter following the employees' one-year anniversary with the Company. Eligible employees are 100% vested in Company contributions. Participants may diversify both future and prior Company matching contributions previously allocated to the Company Stock Fund into Diversified Investments. In the absence of timely direction, Company matching contributions are directed to the Company Stock Fund.

NOTES TO FINANCIAL STATEMENTS

THE SHERWIN-WILLIAMS COMPANY EMPLOYEE STOCK PURCHASE AND SAVINGS PLAN

Eligible employees hired by the Company are automatically enrolled in the Plan and, in the absence of timely direction, their contributions are directed to an appropriate Pyramis Active Lifecycle Pool Fund. Employee contributions are established at 3% of pre-tax earnings. Eligible new hires may change the pre-selected enrollment option or choose not to participate in the Plan prior to being automatically enrolled. If new hires choose not to change the automatic enrollment employee contribution level of 3%, the employee contribution level will increase at the beginning of each subsequent plan year by 1%, until either the employee individually changes the employee contribution level or the employee contribution level reaches 8%. Effective January 1, 2013, the Plan was amended to increase the maximum automatic employee contribution level to 9%.

Other notable Plan features include the following: (a) eligible employees can utilize a toll-free phone system, or the Internet, to obtain account statements and to conduct transactions; (b) withdrawals from the Plan (including loans) are processed any business day subject to certain trading restrictions imposed by each fund manager; (c) eligible employees can change their investment option direction for new contributions any business day; (d) eligible employees are 100% vested in both Company and eligible employee contributions; (e) if elected by the eligible employee, account statements are sent on a quarterly basis; and (f) eligible employees are allowed to diversify 100% of amounts invested in the Company Stock Fund, including Company contributions to the eligible employee's account, to the Diversified Investments.

The Plan permits eligible employees, who are active employees, and other "parties in interest" (as such term is defined in Section 3(14) of the Employee Retirement Income Security Act of 1974, as amended), to borrow from such eligible employee's vested benefit portion of their accounts an amount not to exceed the lesser of \$50,000 reduced by certain outstanding loans to the eligible employee under the Plan or one half of the vested benefit portion of the eligible employee's account under the Plan. Notes receivable from participants are treated as a transfer between the other investment funds and the Notes receivable from participants activity fund. Terms range from one to five years or up to ten years for the purchase of a primary residence. The Notes receivable from participants are secured by the balance in the eligible employee's account and bear interest at the prime interest rate plus one percent. Principal and interest are paid ratably through payroll deductions and credited to the eligible employee's account.

Investments in the Company Stock Fund and investments in Diversified Investments are participant directed. In the absence of timely direction, employee and Company contributions are directed as described above.

Subject to certain Plan limitations, the Plan permits eligible employees to withdraw in cash or shares up to 100% of the market value of all amounts credited to such eligible employee's employee contribution account plus up to 100% of the market value of amounts credited to an eligible employee's Company contribution account. Withdrawals from an eligible employee's Company contribution account for Company contributions made before January 1, 2002 are permitted subject to certain plan rules. Company contributions made after January 1, 2002 are fully vested and can only be withdrawn from eligible employees' accounts in the event of death, disability, retirement, termination of employment or attainment of age 59½.

Subject to certain Plan limitations, the Plan permits eligible employees to make a withdrawal in cash from the vested portion of the eligible contribution account upon attainment of age 59½. Eligible employees under age 59½ may be permitted to make a hardship withdrawal from the eligible employee's salary reduction account for certain financial emergencies, including certain medical expenses, certain tuition and education expenses, payments to prevent foreclosure on a principal residence occupied by an eligible employee, payments to finance the purchase (excluding mortgage payments) of a principal residence, payments related to certain funeral expenses, and payments related to expenses for employees affected by a declared disaster.

NOTES TO FINANCIAL STATEMENTS

THE SHERWIN-WILLIAMS COMPANY EMPLOYEE STOCK PURCHASE AND SAVINGS PLAN

The Plan invests in various investment securities. Investment securities, including Company common stock, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On August 1, 2006, the Company issued 500,000 shares of convertible serial preferred stock, no par value (Series 2 Preferred stock) with cumulative quarterly dividends of \$11.25 per share, for \$500,000,000 to the Plan. The Plan financed the acquisition of the Series 2 Preferred stock by borrowing \$500,000,000 from the Company at the rate of 5.5 percent per annum (see Note 6). The Series 2 Preferred stock and the note payable to the Company are held by GreatBanc Trust Company. The Series 2 Preferred stock is held in an unallocated account. As the value of compensation expense related to contributions to the Plan is earned, the Company has the option of funding the Plan by redeeming a portion of the Series 2 Preferred stock or with cash. Contributions are credited to participant accounts at the time of funding. The Series 2 Preferred stock is redeemable for cash or convertible into common stock of the Company, or any combination thereof, at the option of the Plan based on the relative fair value of the Series 2 Preferred stock and common stock at the time of conversion. Each share of Series 2 Preferred stock is entitled to one vote upon all matters presented to the Company's shareholders, and the holder of the Series 2 Preferred stock and the holders of the Company's common stock held in the Plan generally vote together as one class. The Series 2 Preferred stock is pledged as collateral on the note payable to the Company. Principal and interest on the note payable to the Company have been forgiven periodically. Debt is forgiven in lieu of cash contributions by the Company to fund the Plan. The Plan redeemed 60,680 and 59,187 shares of Series 2 Preferred stock for cash in 2013 and 2012, respectively. The Plan held 40,406 and 101,086 shares of Series 2 Preferred stock at December 31, 2013 and 2012, respectively.

Eligible employees may elect to have dividends on their investment in Company stock that is released from the suspense account either paid in cash or reinvested in the Company stock fund. If an active election to receive dividends in cash is not made, the dividends will be used to purchase additional units of the Company stock fund. Prior to November 1, 2013, during such a time when the Plan was leveraged under the employee stock ownership plan (ESOP) loan provisions of the Internal Revenue Code and Treasury Regulations and the Company had made a contribution to repay the ESOP, eligible employees could elect to receive a dividend equal to the total of their next pre-tax contribution and company matching contribution. The election could only be made once per calendar year for a single pay period. Effective November 1, 2013 the Plan was amended to remove this dividend redemption feature. Costs incidental to the purchase and sale of securities, such as brokerage fees, commissions, and stock transfer taxes, are borne by the respective funds. Costs and expenses of administering the Plan are borne by the Company, with the exception of fees relating to participant loan activity and qualified domestic relations orders, which are borne by the eligible employees. Other income consists of unallocated revenue credits from the Trustee, which the Plan intends to use to pay for future administrative expenses.

Further information about the Plan is contained in the Plan's Summary Plan Description (SPD). Copies of this SPD are available from the Administration Committee of the Company.

NOTES TO FINANCIAL STATEMENTS

THE SHERWIN-WILLIAMS COMPANY EMPLOYEE STOCK PURCHASE AND SAVINGS PLAN

NOTE 3 - DEPARTMENT OF LABOR SETTLEMENT

On February 20, 2013, the Company reached a settlement with the Department of Labor (DOL) of the previously disclosed investigation of transactions related to the Plan that were implemented on August 1, 2006 and August 27, 2003. The DOL sought compensatory and equitable remedies, including monetary damages to the Plan for alleged losses to the Plan relating to third-party valuation of the Company's convertible serial preferred stock. In March 2013, the Company resolved all ESOP related claims with the DOL by making a one-time payment of \$80,000,000 to the Plan. The \$80,000,000 was allocated to participant accounts during 2013 based on a formula determined by the Company and approved by the DOL.

NOTE 4 - INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated September 16, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 5 - PRIORITIES ON TERMINATION OF THE PLAN

The Company reserves the right, by action of its Board of Directors, to amend, modify, suspend, or terminate the Plan. No such action will allow funds held in trust by the trustee or the income thereon to be used for purposes other than for the exclusive benefit of members or their beneficiaries.

NOTE 6 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual or common/collective trust funds managed by the Trustee and, therefore, qualify as party-in-interest transactions. Fees paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

(1) The Managed Income Portfolio II is valued at cost, which approximates fair value. The fair value of participation units is pooled in separate accounts estimated by the Trustee based on quoted redemption value on the last business day of the year. The investment contracts are valued at contract value as estimated by the Trustee. Contract value represents net contributions plus interest at the current market rate. Any calculations to determine fair value would not have a material effect on the Plan's financial statements.
