General and Revocability of Proxies

This Proxy Statement (the “Proxy Statement”) is furnished in connection with the solicitation of proxies by the Board of Directors of Sharps Compliance Corp., a Delaware corporation (referred to herein as, the “Company”, “we”, “us” or “our”), on behalf of the Company, to be used at the Annual Meeting of Stockholders of the Company to be held on November 15, 2018 (the “Annual Meeting”) at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders and adjournment(s) or postponement(s) thereof. VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

General

The Board has fixed the close of business on September 24, 2018 as the record date (the “Record Date”) for the Annual Meeting. Only holders of record of the outstanding shares of Common Stock at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment(s) thereof. At the close of business on September 24, 2018, there were 16,082,021 shares of Common Stock outstanding and entitled to be voted at the Annual Meeting. The Common Stock is the only class of stock entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote on each matter presented to the stockholders. Cumulative voting is not permitted by the stockholders of the Company’s Common Stock.

Quorum and Vote Required

The presence, in person or by proxy, of a majority of the total shares of Common Stock issued and outstanding at the close of business on the Record Date is necessary to constitute a quorum for transaction of business at the Annual Meeting. Assuming the existence of a quorum, pursuant to our bylaws, the affirmative vote of a plurality of the shares of Common Stock present, either in person or represented by proxy, and entitled to vote at the Annual Meeting is required to elect directors (Proposal 1). The affirmative vote of a majority of the issued and outstanding shares is required to approve the authorized share increase (Proposal 2). With respect to Proposal 4, our bylaws provide that, if a quorum is present, the affirmative vote of a majority of the shares of Common Stock present, either in person or represented by proxy, and entitled to vote at the Annual Meeting is required to decide such matter. Proposal 3 is a non-binding advisory vote on matters related to executive compensation and therefore there is no voting standard for this proposal, since the voting results will be informational only. If a quorum is not present in person or by proxy, the Annual Meeting may be adjourned until a quorum is obtained.

Abstentions are counted toward the calculation of a quorum and will have the same effect as a vote against a proposal. Proxies returned by brokerage firms for which no voting instructions have been provided by the beneficial owners will count towards the quorum. Broker non-votes occur when a broker or nominee holding shares for a beneficial owner does not vote on a non-routine proposal because the broker or nominee has not received voting instructions from the beneficial owner and does not have discretionary voting power with respect to such proposal. A broker or other nominee holding shares for a beneficial owner may generally vote on routine matters, but not non-routine matters, without receiving voting instructions. The uncontested election of directors (Proposal 1) and the non-binding advisory vote regarding executive compensation (Proposal 3) are considered non-routine matters. If your shares are held by a broker or nominee and you do not provide such voting instructions, your shares will not be voted for Proposals 1 or 3. Please provide instructions to your brokers or nominee on how to vote your shares. The approval of an amendment to the Company’s certificate of incorporation to increase the authorized shares of common stock (Proposal 2) and the ratification of the selection of the independent registered public accounting firm (Proposal 4) are considered routine matters.

Unless otherwise indicated on any duly executed and dated proxy, the persons named in the enclosed proxy intend to vote the shares that it represents for the election of the nominees listed in the table above for the term specified. The Board of Directors anticipates that the listed nominees will be able and willing to serve, but if any nominee becomes unable or unwilling to serve, the proxy holders may vote such shares at their discretion for a substitute nominee designated by the Board of Directors.

Assuming the presence of a quorum, the affirmative vote of the holders of a plurality of the shares of Common Stock, represented in person or by proxy at the Annual Meeting, is required for the election of directors. Assuming the receipt by each such nominee of the affirmative vote of at least a plurality of the shares of Common Stock represented at the Annual Meeting, such nominees will be elected as directors. The Board of Directors recommends that Stockholders vote "For" the election of the nominees for director.

Board's Leadership Structure and Role in Risk Oversight

Director Independence The Board has determined that each of Messrs. Zerrillo, Dalton, Holmes, and Parker is an "independent director" within the meaning of the applicable rules of the SEC and NASDAQ. The Audit Committee, Compensation Committee and Corporate Governance Committee of the Board are composed entirely of independent directors.

Succession and Transition David P. Tusa was appointed to the role of Chief Executive Officer effective September 30, 2010. Mr. Tusa has been with the Company for over 14 years and has been a key player in driving the Company's growth, strengthening the balance sheet and ensuring efficiency in operations. Mr. Tusa has been instrumental in initiating the expansion of the Company's service offerings to include a route-based pickup service via acquisitions, direct operations or subcontractor relationships and with the development of new solutions including MedSafe, a patent-pending solution for the safe collection, transportation and proper disposal of unwanted and expired prescription medications, including controlled substances from ultimate users and the TakeAway Recycle System, a shipback solution for the collection and recycling of single-use devices from surgical centers and other healthcare facilities. The Board believes Mr. Tusa's primary role should be to lead and manage the day-to-day operations of the Company. Mr. Tusa has extensive knowledge of the day-to-day operations of the Company and his focus continues to be on expanding the Company's customer base, expanding relationships with existing customers, and developing strategic relationships and alliances.

Dr. Zerrillo was appointed Chairman of the Board (the "Chairman") in November 2016. The Chairman is expected to organize the Board activities to enable the Board to effectively guide, oversee and hold management accountable. To fulfill that role, the Chairman is expected to create and maintain an effective working relationship with the Chief

Executive Officer and other members of the Board; provide the Chief Executive Officer on-going direction as to Board needs, interests and opinions; and ensure that the Board agenda is appropriately directed to the matters of greatest importance to the Company. The Chairman is expected to preserve the distinction between management and oversight, ensuring that management develops a corporate strategy and the Board of Directors reviews and expresses its views on the corporate strategy. In addition, the Chairman's roles include but are not limited to the following: (i) advising the Chief Executive Officer as to an appropriate schedule of Board meetings, (ii) seeking to ensure that the directors can perform their duties responsibly while not interfering with on-going Company operations, (iii) approving, with the Chief Executive Officer, an agenda and the meeting schedules for the Board of Directors and Board Committee meetings, (iv) advising the Chief Executive Officer as to the quality, quantity and timeliness of the information submitted to the Board by the Company's management that is necessary or appropriate for the directors to effectively and responsibly perform their duties, (v) calling meetings of the directors, and (vi) acting as the principal liaison between the directors and the Chief Executive Officer on sensitive issues.

Board's Role in Risk Oversight The Board is responsible for determining the ultimate direction of our business, determining the principles of our business strategy and policies and promoting the long-term interests of the Company. The Board possesses and exercises oversight authority over the business, subject to governing documents and applicable law, but delegates day-to-day management of the Company to the Chief Executive Officer and other executive officers. This structure requires clear and timely communication between the Chief Executive Officer and Chairman regarding management decisions that will impact the Board. Viewed from this perspective, the Board generally oversees risk management, and the Chief Executive Officer and other executive officers manage the material risks that we face. The Board focuses on the most significant risks facing the Company and the Company's general risk management strategy, and also ensures that risks undertaken by the Company are consistent with such strategy.

Risks falling within this area would include but are not limited to business ethics, general business and industry risks, operating risks and financial risks. We have not concentrated within our executive officers responsibility for all risk management in a single risk management officer, but rather rely on various executive and other management personnel to understand, assess, mitigate and generally manage material risks that we face in various areas including capital expenditure plans, liquidity, operations and health, safety and environmental. As necessary, the Chief Executive Officer and other executive officers report to the Board and its committees, as appropriate, regarding material risk and the management of risk facing the Company. The Board monitors the risk management information provided to it and provides feedback to management from time to time.

The Audit Committee assists the Board in the oversight of the integrity of the Company's financial statements and various matters relating to our publicly available financial information and our internal and independent auditors. The Audit Committee's role includes receiving information from our employees and others regarding public disclosure, our internal controls over financial reporting and material violations of law. The Corporate Governance Committee evaluates related party transactions and potential conflicts of interest for the Company as they arise. Risks associated with retaining and incentivizing management fall within the scope of the authority of the Compensation Committee, which assists the Board in reviewing and administering compensation, benefits, and incentive and equity-based compensation plans. The Acquisition Committee reviews and approves (or recommends that the Board approve) potential acquisitions, divestitures, and investments proposed by the Company's management. These committees periodically receive reports from management regarding management's assessment of risks and report regularly to the full Board regarding such risks.

Meetings, Committees and Committee Reports

Board and Committee Meetings The Board meets on a quarterly basis and holds special meetings whenever circumstances require. The Board held four regularly scheduled quarterly meetings during the fiscal year ended June 30, 2018. The independent Board members meet in executive sessions at each quarterly Board of Directors meeting. During 2018, each of the directors attended at least 75% of the aggregate number of meetings of the Board and the committees on which he served that were held during the period in which he served as a director or committee member. The Company does not have a policy regarding director attendance at the Company's Annual Meeting of Stockholders. All of the directors attended the Company's 2017 Annual Meeting of Stockholders.

Committees of the Board The Board currently has four standing committees: Audit, Compensation, Acquisition and Corporate Governance.

Audit Committee Report: The information contained in this report pursuant to Item 407(d)(1)-(3) of Regulation S-K shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the SEC, or subject to liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that we specifically request that the information be treated as soliciting material or specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended (the "Securities Act"), or the

Exchange Act.

The Audit Committee's purpose is to assist the Board in its oversight of the Company's internal controls and financial statements and the audit process. The Board, in its business judgment, has determined that all members of the Audit Committee are "independent," as required by applicable standards of the SEC and NASDAQ. The Audit Committee operates pursuant to a written charter adopted by the Board. The charter of the Audit Committee is available on the Company's website. The address of the Company's website is <http://www.sharpsinc.com>. Mr. Dalton, Mr. Holmes and Mr. Parker (Chairman) are the current members of the Audit Committee. The Board has determined that Mr. Parker is an independent director who, in light of his business experience and financial expertise detailed above, qualifies as an audit committee financial expert, as that term is defined by the SEC and the applicable listing standards of the NASDAQ. The Audit Committee is responsible for pre-approving all services provided by the Company's independent registered public accounting firm, BDO.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent registered public accounting firm, BDO, is responsible for performing an audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting and Oversight Board (United States). In performing its oversight role, the Audit Committee has reviewed and discussed the audited financial statements with management and BDO. The Audit Committee has also discussed with BDO the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by PCAOB Rule 3526. The Audit Committee has also considered whether the provision of non-audit services by the independent registered public accounting firm is compatible with maintaining its independence and has discussed with the independent registered public accounting firm its independence.

In overseeing the preparation of the Company's financial statements and internal control over financial reporting, the Audit Committee met with both management and BDO to review and discuss all financial statements prior to their issuance, all assessments of internal control over financial reporting and significant accounting issues. Based on the reports, review and discussions described in this report, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2018.

The Audit Committee met four times in the fiscal year ended June 30, 2018.

The Corporate Governance Committee assists in monitoring and shaping the corporate governance of the Company and assists the Board in connection with Board nominations matters. The Corporate Governance Committee evaluates the structure and membership of the Board and its committees and assesses the qualifications of prospective nominees to the Board. In evaluating director candidates, the Corporate Governance Committee considers factors it deems relevant, including, at a minimum, each member and nominee's general understanding of marketing, finance, accounting, or other elements relevant to the success of a publicly traded company in the current business environment, understanding of our business on an operational level,

integrity, education and professional background, and willingness to devote time to the Board's duties.

In addition, the Board evaluates each individual in the context of the Board as a whole, with the objective of recommending individuals that can best perpetuate the success of our business and represent stockholder interests through the exercise of sound business judgment using their diversity of experience in these various areas. The Board of Directors oversees Chief Executive Officer and senior management succession planning. The process focuses on building management depth, considers continuity and stability within the Company, and responds to the Company's evolving needs and changing circumstances.

The Board of Directors does not specifically consider diversity in regards to ethnicity, gender, race, or age in assessing the qualifications of director nominees nor does it have a policy regarding diversity of nominee candidates. However, as stated above, the Corporate Governance Committee does consider the diversity of professional experiences and the background of nominees, both individually, and in the context of the whole Board.

EXECUTIVE COMPENSATION

2018 Compensation Actions Related to Named Executive Officers During the fiscal year ended June 30, 2018 and as detailed more in the Summary Compensation Table, the following compensation related actions occurred:

- Options to purchase the Company's stock were granted to Mr. Tusa, Ms. Diaz and Mr. Davis for fiscal year ended June 30, 2018.
- No cash bonuses were awarded for fiscal year ended June 30, 2018.

No stock awards (other than option grants described above) were granted to our Named Executive Officers during the fiscal year ended June 30, 2018.

Role of the Compensation Committee The Compensation Committee's overall goal is to develop executive compensation policies that are consistent with, and linked to, the Company's strategic business objectives and values. The Compensation Committee approves the design of, assesses the effectiveness of and administers executive compensation programs in support of the Company's compensation policies. At least annually, the Company's Chief Executive Officer reports to the Compensation Committee an evaluation of executive performance and a recommendation regarding salary and other remuneration for executives. The Compensation Committee considers these evaluations and recommendations during its regularly scheduled sessions, and may choose to adopt the recommendations or modify them at its sole discretion. The Compensation Committee reviews and approves all salary arrangements and other remuneration for executives, evaluates executive performance and considers related matters.

Role of the Compensation Consultant Pursuant to its charter, the Compensation Committee is authorized to engage, at the expense of the Company, a compensation consultant to provide independent advice, support, and expertise to assist the Compensation Committee in overseeing and reviewing our overall executive compensation strategy, structure, policies and programs, and to assess whether our compensation structure establishes appropriate incentives for management and other key employees. The Company is not currently utilizing an independent compensation consultant and did not engage a compensation consultant with respect to the fiscal year ended June 30, 2018.

Consideration of Recent Stockholder Advisory Votes on Executive Compensation At the Company's most recent annual meeting of stockholders held on November 16, 2017, the Company's stockholders approved by a favorable vote of 98.8% of the shares voted on such proposal, the compensation of the Company's Named Executive Officers as described in the Company's proxy statement for such annual meeting. Although this vote is non-binding, the Compensation Committee viewed this strong endorsement of the executive compensation philosophy, policies and decisions as an additional factor supporting the Compensation Committee's conclusion that the existing approach to executive compensation is appropriate and successful for the Company.

Compensation Philosophy The Company's executive compensation policies have four primary objectives: (i) to attract and retain highly competent executives to manage the Company's business, (ii) to offer executives appropriate incentives for accomplishment

Table of Contents

of the Company's business objectives and strategy, (iii) to encourage stock ownership by executives to enhance mutuality of interest with stockholders and (iv) to maximize long-term stockholder value.

Elements of Compensation The key elements of the Company's executive compensation are base salary and an annual compensation pool that includes both cash bonuses (short-term) and stock options (long-term). These key elements are addressed separately below. In determining compensation, the Compensation Committee considers all elements of an executive's total compensation package.

Base Salary Base salaries for executives are determined initially by evaluating the executive's level of responsibility, prior experience, breadth of knowledge, internal equity issues and external pay practices. Increases to base salaries are driven primarily by individual performance. Individual performance is evaluated based on sustained levels of individual contribution to the Company. When evaluating individual performance, the Compensation Committee considers the executive's efforts in promoting Company values, continuing educational and management training, improving product quality, developing relationships with customers and vendors and demonstrating leadership abilities among co-workers.

Annual Incentives Each year, the Compensation Committee evaluates the performance of the Company as a whole, as well as the performance of each individual executive. Factors considered include Company performance versus expectations, as well as individual accomplishments.

On September 28, 2017, the Compensation Committee approved a Compensation and Incentive Plan effective for fiscal year 2018 (ending June 30, 2018) (the "CIP") which replaced in its entirety the prior CIP. The CIP, which includes the Company's Executive Officers as participants, is designed to provide an annual incentive compensation opportunity for key executives in exchange for the Company achieving key financial and other goals (ex. annual Budget). The CIP is summarized as follows:

Award Opportunities – Effective for the fiscal year 2018, the covered participants will be eligible for an annual cash incentive bonus pool (\$480,000 for 2018 of which 40% is applicable to the CEO and 60% is allocable to the other covered participants based on a recommendation by the CEO) and a stock option pool (250,000 stock options for 2018 of which 100,000 stock options are applicable to the CEO and 150,000 stock options which are allocated to other covered participants based on a recommendation by the CEO and approved by the Committee). Within thirty (30) days after the Company's earnings release for the most recently completed fiscal year, the actual CIP award performance will be calculated to determine the total cash and stock option CIP awards earned for the most recently completed performance cycle.

Performance Measures – The CIP performance targets include the following:

- ▲ Achievement of Annual Budgeted Revenue – weighted 25%
- ▲ Achievement of 110% or more of Annual Budgeted Revenue – weighted 25%
- ▲ Achievement of Annual Budgeted Pre-Tax Profit – weighted 12.5%
- ▲ Achievement of 110% or more of Annual Budgeted Pre-Tax Profit – weighted 12.5%
- Discretionary Portion – weighted 25% – approved by the Committee based on positioning the Company for future growth

The CIP terminated on June 30, 2018. There is no incentive plan for Executive Officers in place at the date of this proxy statement. The Compensation Committee is working on a new compensation and incentive plan that would be effective for the fiscal year ended June 30, 2019.

The Administrator may authorize one or more officers of the Company to designate employees to receive Awards as well as the size of such Awards, subject to certain limitations.

Eligibility. Awards may be granted to employees and directors of the Company, except for ISOs which can only be awarded to key employees. Awards other than ISOs may also be granted to persons who are expected to become key employees within six months.

Awards. Options and Restricted Stock Awards may be granted under the 2010 Stock Plan at the discretion of the Administrator. The Administrator specifies the terms and any restrictions on the awards. Other Awards may be granted under the 2010 Stock Plan at the discretion of the Administrator including RSUs and cash based awards. However, these have not been awarded in the past and are not expected to be used under existing incentive plans.

Change in Capital Structure. The existence of outstanding Awards shall not affect in any way the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of bonds, debentures, preferred or prior preference shares ahead of or affecting the Company's Common Stock or stock rights, the dissolution or liquidation of the Company,

any sale or transfer of all or any part of its assets or business or any other corporate act or proceeding, whether of a similar character or otherwise.

Change in Control. In the event of an occurrence of a change in control of the Company as defined in the 2010 Stock Plan, all outstanding ISOs and NQSOs and Restricted Stock Awards granted under the Plan will become fully vested and exercisable and all risk of forfeiture restrictions applicable thereto shall lapse. The effect, if any, of a change in control of the Company on any other Award granted under the Plan will be determined in accordance with the award agreement applicable to such award.

Federal Income Tax Consequences. The following discussion summarizes certain federal income tax consequences of the issuance and receipt of options and awards pursuant to the Plan under the law as in effect on the date of this proxy statement. The rules governing the tax treatment of such options and awards are quite technical, so the following discussion of tax consequences is necessarily general in nature and is not complete. In addition, statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. This summary does not purport to cover all federal employment tax or other federal tax consequences associated with the Plan, nor does it address state, local, or non-U.S. taxes.

A participant generally is not required to recognize income on the grant of an Award other than a cash-based award. Instead, ordinary income generally is recognized on the date the option is exercised, or in the case of restricted stock awards, upon the issuance of shares and/or the payment of cash pursuant to the terms of the awards. In general, the amount of ordinary income required to be recognized is (a) in the case of an option, an amount equal to the excess, if any, of the fair market value of shares on the exercise date over the exercise price and (b) in the case of restricted stock awards, the amount of cash and/or the fair market value of any shares received in respect thereof, plus the amount of taxes withheld from such amounts. Upon payment of a cash-based award, a participant is required to recognize ordinary income in the amount of the award.

Termination and Amendment of the 2010 Stock Plan. The Board of Directors may terminate or amend the 2010 Stock Plan in any respect or at any time, except that no amendment requiring stockholder approval will be effective without approval of the stockholders as required by applicable law or stock exchange rules.

Amendment to the Company's Certificate of Incorporation to Increase the Authorized Shares of Common Stock - PROPOSAL TWO (2)

The Company proposes an amendment to its certificate of incorporation to increase the number of authorized shares of common stock from 20,000,000 to 40,000,000 shares. The Board believes that the proposed increase in authorized shares of common stock is desirable to ensure that shares will be available, if needed, for issuance in connection with grants of equity awards, possible acquisitions, potential business and financial transactions and other corporate purposes. The Board of Directors believes that the availability of the additional shares for such purposes, without delay or the necessity for stockholder approval, would be beneficial to the Company. The Company does not have any specific plans, arrangements, commitments or understandings with respect to the issuance of any of the additional shares of Common Stock that would be authorized by the proposed amendment. No further action or authorization by the Company's stockholders would be necessary prior to the issuance of the additional shares of Common Stock. The amendment would amend and restate Section A of Article 4 of our certificate of incorporation as follows:

General. The corporation shall have authority to issue two classes of stock, and the total number authorized shall be Forty Million (40,000,000) shares of Common Stock of the par value of one cent (\$0.01) each, and one million (1,000,000) shares of Preferred Stock of the par value of one cent (\$0.01) each. All shares of the Common Stock shall rank equally and all shares of the Preferred Stock shall rank equally and be identical in all respects regardless of series, except with respect to the Preferred Stock (i) as to terms which may be specified by the board of directors

pursuant to the provisions of Section B of this Article 4, and (ii) that shares of any one series issued at different times may differ as to the dates from which dividends thereon shall accrue and be cumulative. A description of the different classes of stock of the corporation and a statement of the designations and the powers, preferences and rights, and the qualifications, limitations or restrictions thereof, in respect of each class of such stock are as follows:

Any authorized shares of the Company's common stock, if and when issued, would be part of the existing class of common stock and would have the same rights and privileges as the shares of common stock currently outstanding. The holders of the Company's common stock have no preemptive rights to subscribe for or purchase any additional shares of the Company's common stock that may be issued in the future.

The increase in the Company's authorized shares of common stock will not have any immediate effect on the rights of existing stockholders. To the extent that the additional authorized shares are issued in the future, they could decrease the Company's existing

Table of Contents

stockholders' percentage equity ownership and, depending upon the price at which they are issued as compared to the price paid by existing stockholders for their shares, could be dilutive to the Company's existing stockholders.

As of June 30, 2018, 16,377,636 shares of Common Stock were issued and 16,082,021 shares were outstanding, an aggregate of 933,153 shares of Common Stock were reserved for issuance upon the exercise of outstanding options granted under our existing stock plans and an aggregate of 1,453,649 shares of Common Stock were reserved for issuance upon the exercise of future option grants under such plans. As a result, as of June 30, 2018, we have 1,235,562 shares of Common Stock available for issuance. If the proposed amendment is approved, 20,000,000 additional shares of Common Stock would be authorized, resulting in a total of 21,235,562 shares of Common Stock available for future issuance.

An increase in the number of authorized shares of our common stock may make it more difficult to, or discourage an attempt to, obtain control of us by means of a takeover bid that the Board of Directors determines is not in our best interest nor in the best interests our stockholders. However, the Board of Directors does not intend or view the proposed increase in the number of authorized shares of common stock as an anti-takeover measure and is not aware of any attempt or plan to obtain control of us. We have no current plans or proposals to adopt other provisions or enter into other arrangements that may have material anti-takeover consequences.

Approval of the amendment requires the affirmative vote of a majority of the voting power of our outstanding shares of common stock entitled to vote.

If approved at the annual meeting, the amendment would become effective upon the filing of a Certificate of Amendment with the Secretary of State of the State of Delaware, which we would file promptly in the event this Proposal 2 is approved by our stockholders.

The Board of Directors recommends that Stockholders vote "For" an amendment to the Company's certificate of incorporation to increase the authorized shares of common stock.

Employment Contract, Termination of Employment and Change in Control Agreements

The amended agreement expires one year from its effective date, subject to automatic annual, one-year extensions. The amended employment agreement further provides that if the Company terminates the employment of Mr. Tusa without cause at any time during the term, Mr. Tusa would be entitled to severance equal to 18 months' salary, plus a pro-rata portion of any earned bonus. into a Non-Competition and Confidentiality Agreement.

The Company entered into an employment agreement to promote Gregory C. Davis to Vice President of Operations, on May 18, 2011. The employment agreement provides for a base salary of \$170,000 which was increased to \$195,000 in September 2015. Non-Binding Advisory Vote on Executive Compensation - PROPOSAL THREE (3)

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act required the SEC to adopt rules requiring the Company to seek a non-binding advisory vote from our stockholders to approve the compensation awarded to our executive officers disclosed pursuant to Section 14A of the Exchange Act and Item 402 of Regulation S-K.

Table of Contents

The Company's overall goal is to develop executive compensation policies that are consistent with, and linked to, the Company's strategic business objectives and values. The Company's executive compensation policies have four primary objectives: to attract and retain highly competent executives to manage the Company's business, to offer executives appropriate incentives for accomplishment of the Company's business objectives and strategy, to encourage stock ownership by executives to enhance mutuality of interest with stockholders and to maximize long-term stockholder value. The key elements of the Company's executive compensation are base salary and an annual compensation pool that includes both cash bonuses (short-term) and stock options (long-term).

A detailed discussion of the Company's executive compensation in 2018 is set forth under the caption "Executive Compensation." Stockholders are encouraged to read this material in its entirety to obtain an informed understanding of our executive compensation program.

This proposal, commonly referred to as "say-on-pay," enables stockholders the opportunity to express their views regarding the Company's executive compensation program in general and not of any one or more particular elements of that program. Stockholders have the opportunity to vote for, against, or abstain from voting on approval of 2018 executive compensation. This vote is a non-binding advisory vote on 2018 executive compensation. Accordingly, the following resolution will be submitted for a stockholder vote at the Annual Meeting:

RESOLVED, that the stockholders of Sharps Compliance Corp. hereby approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in the Proxy Statement pursuant to Item 402 of Securities Exchange Commission Regulation S-K, including the compensation tables and narrative disclosures.

The Board of Directors recommends that Stockholders vote "For" approval, on an advisory basis, of 2018 executive compensation. The Compensation Committee and the full Board intend to consider and take into account the outcome of this non-binding advisory vote in making future executive compensation decisions.

Ratification of Independent Registered Public Accountant – PROPOSAL FOUR (4)

Independent Registered Public Accountant The firm of BDO acts as our independent registered public accounting firm and audited the financial statements of the Company for the fiscal years ended June 30, 2018 and 2017.

BDO has been engaged by the Audit Committee of the Company's Board of Directors as its independent registered public accounting firm since December 1, 2014. BDO has advised the Company that it will have in attendance at the Annual Meeting a representative who will respond to appropriate questions presented at such meeting regarding the Company's financial results and condition at the close of its most recent fiscal year. The representative of the firm will be afforded an opportunity to make a statement if he or she wishes to do so.

Fee Information Fees for professional services provided by our independent registered public accountant in each of the last two fiscal years, in each of the following categories, are:

	2018	2017
Audit fees	\$250,850	\$222,500
Audit-related fees	—	—
Tax fees	—	—
All other fees	—	—
	\$250,850	\$222,500

Fees for audit services include fees associated with the annual audit, the reviews of the Company's quarterly reports on Form 10-Q and other audit-related fees (which include fees for consents and comfort letters provided for registration statements and offerings). There were no fees for tax related services or any other fees billed by the Company's

independent registered public accountant. All of the above noted services performed and fees billed by the Company's independent registered public accountant were pre-approved in compliance with the Company's Audit Committee Charter.

Table of Contents

Pre-Approval Policies and Procedures In accordance with its charter, the Audit Committee pre-approves all audit services and permissible non-audit services to be performed for us by the Company's independent registered public accountant. Under this policy, services are pre-approved as follows:

- Annually, the Company's independent auditors and management present to the Audit Committee the audit and non-audit services to be provided during the upcoming fiscal year and the estimated fees associated with each such service. The Audit Committee pre-approves or rejects the proposed services and fees as it deems appropriate.
- If additional audit or non-audit services are presented for pre-approval during the year, the Audit Committee pre-approves or rejects such additional services and the fees associated with such services as it deems appropriate.
- In deciding whether to pre-approve any proposed services, the Audit Committee considers, (i) potential conflicts of the proposed services with SEC and PCAOB rules on auditor independence, (ii) whether the independent registered public accountant is qualified to perform the proposed services, (iii) the benefits of the proposed services to the Company and (iv) the relationship between fees for audit and non-audit services. The Audit Committee will not approve proposed services that it believes, individually or in the aggregate, may impair the independence of the independent registered public accountant.
- The independent registered public accountant provides updates regularly with respect to, and the Audit Committee reviews, the services actually provided by the independent registered public accountant and the fees incurred with respect to those services.

Although stockholder ratification of the Audit Committee's selection of the independent registered public accounting firm is not required by law or the procedures adopted by the Company's Board of Directors, the Committee's selection of BDO as the Company's independent registered public accounting firm for the current fiscal year is being submitted for ratification by the stockholders at the annual meeting because the Company's Board of Directors has determined that such ratification is a matter of good corporate governance practice. If this proposal is not approved at the annual meeting, the Audit Committee may reconsider its selection of BDO. Even if the selection of BDO is ratified, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders. The Board of Directors recommends that Stockholders vote "For" the ratification of BDO as the Company's independent registered public accountant for the current fiscal year.

OTHER

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires that the Company's directors, executive officers and persons who beneficially own more than 10% of a registered class of the Company's equity securities file with the Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Directors, executive officers and greater than 10% stockholders are required by Commission regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of the Section 16(a) reports and all amendment thereto furnished to the Company during and with respect to the fiscal year ended June 30, 2018, the Company believes that all Section 16(a) filing requirements applicable to its directors, executive officers and greater than 10% beneficial owners were timely complied with.

Certain Relationships and Related Party Transactions

Our Board of Directors is currently primarily responsible for developing and implementing processes and controls to obtain information from our directors, executive officers and significant stockholders regarding related-person transactions and then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in these transactions. Our Governance Committee is responsible for the review, approval and ratification of “related-person transactions” between us and any related person. Under SEC rules, a related person is a director, executive officer, nominee for director or beneficial holder of more than of 5% of any class of our voting securities or an immediate family member of any of the foregoing. In the course of its review and approval or ratification of a related-person transaction, the Governance Committee will consider: (i) the nature of the related person’s interest in the transaction; (ii) the material terms of the transaction, including the amount involved and type of transaction; (iii) the importance of the transaction to the related person and to the Company; (iv) whether the transaction would impair the judgment of a director or executive officer to act in our best interest and the best interest of our stockholders; and (v) any other matters the Governance Committee deems appropriate. Any member of the Governance Committee who is a related person with respect to a transaction under review will not be able to participate in the deliberations or vote on the approval or ratification of the transaction. However, such a director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.
