PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited by the Board of Directors of InsWeb Corporation, a Delaware corporation ("InsWeb"), for use at its annual meeting of stockholders to be held on June 12, 2001, or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The date of this Proxy Statement is May 4, 2001, the approximate date on which this Proxy Statement and the accompanying form of proxy were first sent or given to stockholders.

SOLICITATION AND VOTING OF PROXIES

The cost of soliciting proxies will be borne by InsWeb. In addition to soliciting stockholders by mail, InsWeb will request banks and brokers, and other custodians, nominees and fiduciaries, to solicit their customers who have stock of InsWeb registered in the names of such persons and will reimburse them for their reasonable, out-of-pocket costs. InsWeb may use the services of its officers, directors and others to solicit proxies, personally or by telephone, without additional compensation. In addition, InsWeb has retained American Stock Transfer & Trust Co., a registrar and transfer agent firm, for assistance in connection with the annual meeting at no additional cost except for reasonable out-of-pocket expenses.

On April 20, 2001, there were 42,326,482 shares of InsWeb's Common Stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the annual meeting. Each stockholder of record as of that date is entitled to one vote for each share of Common Stock held by him or her. InsWeb's bylaws provide that a majority of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Votes for and against, abstentions and "broker non-votes" will each be counted as present for purposes of determining the presence of a quorum.

All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a stockholder specifies by means of his or her proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal. A stockholder giving a proxy has the power to revoke his or her proxy at any time before the time it is exercised by delivering to the Secretary of InsWeb a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person.

- (1) Potential gains are net of exercise price, but before taxes associated with exercise. These amounts represent certain assumed rates of appreciation only, based on the Securities and Exchange Commission rules. Actual gains, if any, on stock option exercises are dependent on the future performance of InsWeb's Common Stock, overall market conditions and the option holders' continued employment through the vesting period. The amounts reflected in this table may not necessarily be achieved.
- (2) All options granted under the 1997 Stock Option Plan are immediately exercisable but vest over a three-year period from the date of grant. These options generally vest at the rate of one-third on the first anniversary of the date of grant and 1/36th per month thereafter for each full month of the optionee's continuous employment with InsWeb. Of options granted on April 19, 2000, one-half vested on October 19, 2000, and the remaining one-half vested on April 19, 2001. Under the 1997 Stock Option Plan, the Board retains discretion to modify the terms, including the prices, of outstanding options. For additional information regarding options, see "Report of the Compensation Committee on Executive Compensation."

Employment Contracts and Termination of Employment and Change of Control Arrangements

In July 1999, InsWeb entered into an employment agreement with Hussein A. Enan, InsWeb's Chairman of the Board and Chief Executive Officer. The agreement has a term of three years, expiring in July 2002, and provides for annual one-year extensions of the term thereafter unless either party provides notice to the other that it elects not to renew the agreement. The agreement fixes Mr. Enan's base salary at \$250,000 per year, subject to periodic review by the Board of Directors, and also entitles him to such incentive-based compensation as the Board of Directors may award from time to time as well as other benefits provided to other InsWeb senior executives. The agreement requires Mr. Enan to devote his full time and attention to the affairs of InsWeb. If InsWeb terminates Mr. Enan's employment other than for "cause" (which is defined to include conviction of a felony or a crime involving moral turpitude, commission of an act of theft or fraud against InsWeb, or repeated failure or inability to perform his duties under the agreement) or if Mr. Enan voluntarily terminates his employment for "good reason" following certain specified actions by InsWeb (including a material reduction in his duties or responsibilities or a breach of the agreement by InsWeb that is not promptly cured), Mr. Enan will be entitled to receive severance payments equal to his then current base salary for a period equal to the greater of the unexpired term of the agreement or 12 months. Upon any other termination of Mr. Enan's employment, he will be entitled only to accrued salary through the date of termination and any other vested benefits. The agreement also prohibits Mr. Enan from soliciting the employment of InsWeb's officers, employees and consultants for a period of one year following any termination for "cause," or any voluntary termination, other than for "good reason."

In June 2000, InsWeb entered into a Retention Agreement with Mark P. Guthrie, InsWeb's President. The agreement provided that Mr. Guthrie would receive two bonus payments, each in the amount of \$240,000, if he remained an employee in good standing of InsWeb through October 31, 2000 and April 30, 2001, respectively. Mr. Guthrie has remained an employee in good standing of InsWeb since the execution of the agreement, and those bonuses were payable to him on October 31, 2000 and April 30, 2001, respectively.

InsWeb's 1997 Stock Option Plan and Senior Executive Nonstatutory Stock Option Plan each provide that, in the event of a change of control of InsWeb, each outstanding option must be assumed or an equivalent option substituted by the acquiring corporation, or the option will become fully vested. The option terminates if it is not assumed, substituted for or exercised prior to a change of control. Further, the option agreements applicable to options granted under the 1997 Stock Option Plan typically provide for full acceleration of vesting if, within 12 months following a change in control, the optionee's employment is terminated without cause or the optionee resigns for "good reason," as defined in the option agreement.

Compensation Of Directors

Directors of InsWeb do not receive cash compensation for their services as directors or members of committees of the Board, but are reimbursed for reasonable expenses incurred in attending meetings of the Board. Since June 1999, under InsWeb's 1997 Stock Option Plan, independent directors have been eligible to receive vested options to purchase 1,125 shares of Common Stock for each regularly scheduled Board meeting attended and vested options to purchase 375 shares for attending any meeting of a Board committee on which they serve, at an exercise price equal to the fair market value of InsWeb's Common Stock on the date of grant.

Certain Relationships And Related Transactions

Purchase of Assets From Intuit

In January 2001, InsWeb acquired from Intuit Inc. certain assets and related liabilities associated with an online insurance shopping and purchasing service operated by Intuit Insurance Services, Inc., a wholly owned subsidiary of Intuit, in exchange for 7,019,389 shares of InsWeb's common stock. The purchase price, based on the fair market value of the common stock at the date the acquisition was announced, was approximately \$12.5 million. Pursuant to related agreements, a representative from Intuit has been elected to the InsWeb Board of Directors, and some restrictions were placed on the ability of Intuit to conduct future acquisitions or dispositions of InsWeb stock.

In connection with the acquisition, InsWeb and Intuit entered into a license and distribution agreement, under which Intuit and InsWeb have granted one another licenses to create links between their respective websites in order to create and operate a co-branded insurance center. InsWeb also acquired the right to consumer insurance traffic from former Intuit partners. This agreement provides that InsWeb will be the exclusive aggregator of online consumer insurance services for Quicken.com, an Intuit website, and that, subject to certain minimum click-through targets, Intuit will share in associated revenues. In connection with the acquisition, InsWeb, Intuit and certain of InsWeb's stockholders entered into an amended and restated investor rights agreement, which provided, among other things, that the InsWeb Board of Directors would nominate one Intuit representative for election to the InsWeb Board of Directors and that InsWeb and such stockholders would use their best efforts to cause and maintain the election of one Intuit representative to the InsWeb Board of Directors. In addition, Intuit has entered into an agreement not to compete with InsWeb for a period of five years.

Joint Venture

In December 1998, InsWeb entered into a joint venture agreement with SOFTBANK Corp., a principal stockholder of InsWeb, to develop, implement and market an online insurance marketplace in Japan and the Republic of Korea. The joint venture is being conducted through InsWeb Japan K.K., a Japanese corporation. In December 1998, InsWeb purchased a 40% interest in InsWeb Japan K.K. from SOFTBANK Corp. by delivering a promissory note in the principal amount of JPY240,000,000, or U.S. \$2,089,137 based on the conversion rate at the time of the transaction, payable in December 2002. In May 1999, InsWeb sold a portion of its interest in InsWeb Japan K.K. to a third party for US \$782,630, reducing InsWeb's ownership interest to 25%. InsWeb used the proceeds from the sale to partially repay the promissory note payable to SOFTBANK Corp. In August 2000, InsWeb invested an

additional \$708,000 as part of an additional sale of capital stock by InsWeb Japan K.K. As a result of this additional investment, InsWeb maintained its 25% interest in InsWeb Japan K.K. During 2000, InsWeb made interest payments of \$70,000 on this note, and as of December 31, 2000, \$1,312,000 was outstanding under the note.

In connection with the joint venture agreement, InsWeb granted to InsWeb Japan K.K. the right to use InsWeb's technology to operate an online insurance marketplace in the Japanese and Korean markets. In August 1999, InsWeb entered into an agreement to provide consulting and hosting services to assist InsWeb Japan K.K. in developing its Internet strategy. During 2000, InsWeb billed and collected \$1,414,000 under this agreement. Although this agreement has not been terminated, InsWeb does not expect to provide future consulting and hosting services to InsWeb Japan K.K.

The parties to the joint venture agreement are currently negotiating a restructuring of InsWeb Japan K.K. The restructuring, when completed, would create a holding company which would control InsWeb Japan K.K. and other companies in which InsWeb does not have a financial interest. Under the proposed restructuring, InsWeb's shares in InsWeb Japan K.K. would be exchanged for shares in the holding company.

Commercial Transactions

Nationwide Mutual Insurance Company, a principal stockholder of InsWeb, was also a customer and accounted for \$881,000 of InsWeb's revenue for the year 2000.

Edgar Filing: INSWEB CORP - Form DEF 14A

InsWeb and Yahoo! Inc. have entered into a license agreement dated as of February 12, 1998 and amended as of March 31, 1999. SOFTBANK Corp., a principal stockholder of InsWeb, is also an affiliate of Yahoo!. In addition, Ronald Fisher, a director of InsWeb, is vice chairman of SOFTBANK Holdings Inc., an affiliate of SOFTBANK Corp. During 2000, InsWeb recognized approximately \$4,625,000 in marketing expenses in connection with its agreement with Yahoo!.

Other Transactions

In September 1999, Mr. Enan formed a company, New Vectors, LLC ("New Vectors"), for the purpose of identifying early stage internet companies seeking funding and other start-up services. Mr. Enan is the sole member of New Vectors. On October 1, 1999, New Vectors entered into a service agreement with InsWeb under which InsWeb agreed to provide New Vectors office space and various administrative services at current market rates. The service agreement expired on September 30, 2000. Revenues earned from its agreement with New Vectors as of December 31, 2000 were not material to InsWeb's operations.

InsWeb is a party to an employment agreement with Mr. Enan and a retention agreement with Mr. Guthrie. See "Management Employment Contracts and Termination of Employment and Change of Control Arrangements."

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires InsWeb's executive officers, directors and persons who beneficially own more than 10% of InsWeb's Common Stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Such persons are required by SEC regulations to furnish InsWeb with copies of all Section 16(a) forms filed by such persons.

Based solely on InsWeb's review of such forms furnished to InsWeb and written representations from certain reporting persons, InsWeb believes that all filing requirements applicable to InsWeb's executive officers, directors and more than 10% stockholders were complied with.

12

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is comprised of non-employee members of InsWeb's Board of Directors. The members of the Compensation Committee during fiscal 2000 were Messrs. Nevins, Morford and Ticehurst. The Compensation Committee is responsible for setting and administering the policies governing annual compensation of the executive officers of InsWeb. The Compensation Committee reviews the performance and compensation levels for executive officers and sets salary levels.

The goals of InsWeb's executive officer compensation policies are to attract, retain and reward executive officers who contribute to InsWeb's success, to align executive officer compensation with InsWeb's performance and to motivate executive officers to achieve InsWeb's business objectives. InsWeb uses salary, bonus compensation and option grants to attain these goals. The Compensation Committee reviews compensation surveys prepared by management of InsWeb and by outside compensation consultants to compare InsWeb's compensation package with that of similarly-sized high technology companies in InsWeb's geographic area. In preparing the performance graph set forth in the section entitled "Comparison of Stockholder Return," InsWeb has selected the JP Morgan H&Q Internet Index as its published industry index; however, the companies included in InsWeb's salary surveys are not necessarily those included in this index, because companies in the index may not compete with InsWeb for executive talent, and companies which do compete for executive officers may not be publicly traded.

Base salaries of executive officers are reviewed annually by the Compensation Committee and adjustments are made based on (i) salary recommendations from the President and Chief Executive Officer, (ii) individual performance of executive officers for the previous fiscal year, (iii) financial results of InsWeb for the previous year and (iv) reports to the Compensation Committee from outside compensation consultants concerning competitive salaries, scope of responsibilities of the officer position and levels paid by similarly-sized high technology companies in InsWeb's geographic area. InsWeb seeks to compensate the executive officers between the median and 75% quartile range of compensation levels paid by similarly sized high technology companies in InsWeb's geographical area.

InsWeb strongly believes that equity ownership by executive officers provides incentives to build stockholder value and aligns the interests of executive officers with those of the stockholders, and therefore makes periodic grants of stock options under the 1997 Stock Option Plan and the Senior Executive Nonstatutory Stock Option Plan. The size of an option grant to an executive officer has generally been determined with reference to similarly sized high technology companies in InsWeb's geographical area, the responsibilities and expected future contributions of the executive officer, previous grants to that officer, as well as recruitment and retention considerations. To assist InsWeb in retaining and motivating key employees, option grants generally vest over a three-year period from the date of grant. On January 24, April 17, and July 18,

2000, the Compensation Committee approved stock option grants to certain of the executive officers consistent with these criteria. See "Option Grants in Last Fiscal Year."

Mr. Enan's compensation as Chief Executive Officer was established pursuant to his employment agreement, the terms of which were set by arms-length bargaining, approved by the Compensation Committee and ratified by the Board of Directors in July 1999. This agreement provides certain

change-of-control benefits and severance benefits generally consistent with similar benefits provided to other executive officers.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees InsWeb's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including internal control systems. PricewaterhouseCoopers LLP is responsible for expressing an opinion as to the conformity of our audited financial statements with generally accepted accounting principles.

The Audit Committee consists of three directors, each of whom, in the judgment of the Board, is an "independent director" as defined in the Marketplace Rules of The Nasdaq Stock Market. The Audit Committee acts pursuant to a written charter that has been adopted by the Board of Directors. A copy of this charter is attached to this Proxy Statement as Appendix A.

The Audit Committee has discussed and reviewed with the auditors all matters required to be discussed regarding Statement on Auditing Standards No. 61 - Communication with Audit Committees. The Audit Committee also has discussed and reviewed the financial statements with management. The Audit Committee has met with PricewaterhouseCoopers, with and without management present, to discuss the overall scope of PricewaterhouseCoopers' audit, the results of its examinations, its evaluations of InsWeb's internal controls and the overall quality of its financial reporting.

The Audit Committee has received from the auditors a formal written statement describing all relationships between the auditors and InsWeb that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), discussed with the auditors any relationships that may impact their objectivity and independence, and satisfied itself as to the auditors' independence.

Based on the review and discussions referred to above, the committee recommended to the Board of Directors that InsWeb's audited financial statements be included in InsWeb's Annual Report on Form 10-K for the fiscal year ended December 31, 2000.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

InsWeb has a classified Board of Directors consisting of three Class II directors (Messrs. Bennett, Corroon and Fisher), two Class III directors (Messrs. Enan and Headley) and two Class I directors (Messrs. Nevins and Puccinelli), who will serve until the Annual Meetings of Stockholders to be held in 2001, 2002 and 2003, respectively, and until their respective successors are duly elected and qualified. At each annual meeting of stockholders, directors are elected for a term of three years to succeed those directors whose terms expire at the annual meeting dates.

The terms of the Class II directors will expire on the date of the upcoming annual meeting. Accordingly, three persons are to be elected to serve as Class II directors of the Board of Directors at the meeting. Management's nominees for election by the stockholders to those three

Edgar Filing: INSWEB CORP - Form DEF 14A

positions are the current Class II members of the Board of Directors: Messrs. Bennett, Corroon and Fisher. Please see "Information About InsWeb Management" above for information concerning the nominees. If elected, the nominees will serve as directors until InsWeb's Annual Meeting of Stockholders in 2004 and until their successors are elected and qualified. If any of the nominees declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although InsWeb knows of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as InsWeb may designate.

If a quorum is present and voting, the three nominees for Class II director receiving the highest number of votes will be elected as Class II directors. Abstentions and broker non-votes have no effect on the vote.

The Board of Directors recommends a vote "FOR" the nominees named above.

17

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

The Board of Directors of InsWeb has selected PricewaterhouseCoopers LLP as independent auditor to audit the consolidated financial statements of InsWeb for the fiscal year ending December 31, 2001. PricewaterhouseCoopers LLP has acted in such capacity since its appointment in fiscal year 1996. A representative of PricewaterhouseCoopers LLP is expected to be present at the annual meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Vote Required and Board of Directors' Recommendation

The affirmative vote of a majority of the votes cast affirmatively or negatively at the annual meeting of stockholders at which a quorum representing a majority of all outstanding shares of Common Stock of InsWeb is present and voting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Neither abstentions nor broker non-votes will have any effect on the outcome of the proposal.

The Board of Directors recommends a vote "FOR" ratification of the appointment of PricewaterhouseCoopers LLP as InsWeb's independent auditor for the fiscal year ending December 31, 2001.

18

STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

Under InsWeb's bylaws, in order for stockholder business to be properly brought before a meeting by a stockholder, such stockholder must have given timely notice thereof in writing to the Secretary of InsWeb. To be timely, such notice must be delivered to or mailed and received at InsWeb's principal executive offices, not less than 30 days nor more than 60 days prior to the meeting; provided, however, that in the event that less than 40 days' notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made.

In connection with InsWeb's next annual meeting of stockholders, under the Securities and Exchange Commission Rule 14a-4, management may solicit proxies that confer discretionary authority to vote with respect to any non-management proposal unless InsWeb has received notice of the proposal not later than March 20, 2002.

Proposals of stockholders intended to be included in InsWeb's proxy statement for the next annual meeting of the stockholders of InsWeb must be received by InsWeb at its offices at 11290 Pyrites Way, Suite 200, Gold River, California 95670, no later than January 4, 2002, and satisfy the conditions established by the Securities and Exchange Commission for stockholder proposals to be included in InsWeb's proxy statement for that meeting.

19

TRANSACTION OF OTHER BUSINESS

At the date of this Proxy Statement, the Board of Directors knows of no other business that will be conducted at the 2001 Annual Meeting of Stockholders of InsWeb other than as described in this Proxy Statement. The primary function of the Committee is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing and reporting to the Board upon (i) the financial reports and other financial information provided by the Company to any governmental body or to the public, (ii) the Company's systems of internal and external controls regarding finance, accounting, legal compliance and ethics that management and the Board have established and (iii) the Company's auditing, accounting and financial reporting processes in general.
