ANYTHING CAN BE BROKEN UP INTO PIECES.
WHETHER IT STILL HAS VALUE IS ANOTHER MATTER.

We believe there are two words to describe Sam Wyly's plan to break up Computer Associates: bad idea. Our current structure is a deliberate and vital component of our success. Why? Because our customers rely on us to provide customized, integrated solutions that work across their entire enterprise, not disparate products from separate companies. And our customers aren't the only ones that benefit from our synergistic approach. We believe the cross-selling opportunities and low-overhead costs deliver benefits to our shareholders as well - CA's stock is up over 75% year to date*. That's how we've become one of the world's leading technology companies. We are Computer Associates. One company. With one vision. And one extremely bright future.

* Between 12/29/00 and 7/31/01, CA's stock price rose 77%

THE FOLLOWING STATEMENT WAS DISTRIBUTED ON BEHALF OF CA TO REUTERS AND NEWSDAY AFTER BUSINESS HOURS ON AUGUST 7, 2001:

"Mr. Wyly's questionable data have become a hallmark of this proxy fight. This includes his suddenly-vanishing customer survey, his outrageous

Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form DEFA14A

projections about CA's stock price, typos in the proxy, and blatantly false information in the ad that ran today -- all of which have misled shareholders. It's time Mr. Wyly learned to check his facts."
