VOTING AND PROXIES

Only holders of record of common stock of the Company at the close of business on March 15, 2002 (the "Record Date"), shall be entitled to vote at the meeting. There were 20,000,000 authorized shares of common stock, par value \$.10 per share ("Common Stock"), of the Company and 9,710,959 shares of common stock outstanding on the Record Date. Each share of Common Stock is entitled to one vote. Any Stockholder giving a proxy has the power to revoke same at any time prior to its use by giving notice in person or in writing to the Secretary of the Company.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the 2002 Annual Meeting of Stockholders and any adjournment thereof.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed by the Company for the meeting. The inspectors of election will treat abstentions and broker non-votes as shares that are present for purposes of determining the presence of a quorum. Abstentions may be specified on all proposals except the election of directors. Abstentions are present and entitled to vote for purposes of determining the approval of any matter submitted to the Stockholders for a vote and will thus have the same effect as a negative vote for the item on which the abstention is noted. If a broker indicates on a proxy that it does not have the discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered present and entitled to vote with respect to that matter.

Each member of the Audit Committee is independent as defined in Rule 303.02 of the New York Stock Exchange listing standards. The duties and responsibilities of the Audit Committee are set forth in the Audit Committee Charter, which the Board of Directors adopted on May 1, 2000 and reviews on an annual basis.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Committee reviewed the quarterly Form 10-Q's and the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgements; and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible

Edgar Filing: ALAMO GROUP INC - Form DEF 14A

In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board (including Independence Standards Board Standard No. 1), and considered the compatibility of nonaudit services with the auditors' independence.

The Committee discussed with Company's independent auditors the overall scope and plans for their audit. The Committee meets with independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control, and the overall quality of the Company's financial reporting. The committee held six meetings during fiscal year 2001.

REPORT OF THE COMPENSATION/NOMINATION COMMITTEE

THE FOLLOWING PARAGRAPHS CONSTITUTE THE REPORT OF THE COMPENSATION/NOMINATION COMMITTEE OF THE BOARD OF DIRECTORS (THE "COMMITTEE") ON EXECUTIVE COMPENSATION POLICIES. IN ACCORDANCE WITH RULES PROMULGATED BY THE SECURITIES AND EXCHANGE COMMISSION, THIS REPORT SHALL NOT BE DEEMED TO BE INCORPORATED BY REFERENCE INTO ANY STATEMENTS OR REPORTS FILED BY THE COMPANY WITH THE SEC THAT DO NOT SPECIFICALLY INCORPORATE THIS REPORT BY REFERENCE.

The goals of the Company's compensation program are to attract, retain and motivate competent executive officers who have the experience and ability to contribute materially to the long-term success of the Company. The principal elements of compensation for executive officers are base salary, incentive payments and stock options.

Base salaries were determined by the Committee in February 2001, effective May 1, 2001, for each of the executive officers and key managers on an individual basis, taking into consideration individual contributions to the

Edgar Filing: ALAMO GROUP INC - Form DEF 14A

Company's performance, length of tenure with the Company, compensation levels of comparable positions and internal equities among positions. Among other things, the Committee considered each officer's and key manager's contributions to the success of the Company's business in recent years and to its foundation for sustained earnings growth, as well as each participant's role in achieving a higher level of customer satisfaction, increased market penetration, and efficient utilization of assets and employees in his area of responsibility.

The base salary level for Ronald A. Robinson, President and Chief Executive Officer was determined by the Committee in February 2001 effective May 1, 2001. Ronald A. Robinson was appointed President and Chief Executive Officer on July 7, 1999, at the base salary level determined by the Committee effective that date. The base salary levels for all of the aforementioned officers were determined by the Committee based on those factors described in the preceding paragraph.

During 1999, the Committee adopted a revised version of the Alamo Group Incentive Compensation Plan ("ICP"). The ICP is a cash incentive plan which allows the Committee to reward certain of the Company's upper and mid-level managers based upon three factors: the overall performance of the Company, the performance of the segment of the Company in which the employee is expected to contribute and the individual performance of the respective employee. ICP payments include a 75% objective component, with the remaining 25% based on subjective criteria. During February 2002, pursuant to the ICP, the Committee approved total incentive payments to participating employees, including the President and the Chief Executive Officer, of \$291,438. These payments were expensed in 2001 and payments were made during March 2002.

From time to time, the Committee has also granted stock options to executive officers and key employees to align their long-term interests with those of the Stockholders. Stock options are granted at exercise prices not less than the fair market value of the stock on the date of grant and thus will have no value unless the value of the Company's stock appreciates. The Committee believes that these options provide a significant incentive for the option holders to enhance the value of the Company's common stock by continually improving the Company's performance.

On August 31, 1999, the Stockholders of the Company approved the 1999 Non-Qualified Stock Option Plan ("1999 NQSO Plan") for executive, managerial, professional or technical employees of the Company, and reserved 400,000 shares of Common Stock for issuance pursuant to stock options. The Committee recommended and the Board of Directors approved granting Non-Qualified Options to purchase 200,000 shares of the Company's Common Stock for Mr. Robinson. The exercise price for these shares was \$8.9375 per share, the closing price of the Company's Common Stock on the grant date.

On August 31, 1999, the Stockholders of the Company also approved the First Amended and Restated 1994 Incentive Stock Option Plan ("FAR 1994 ISO Plan") to correct certain ambiguities and administrative problems with the existing plan. Upon recommendation by the Committee and approval by the Board of Directors of the Company, Incentive Stock Options to purchase 50,000 shares were granted to Mr. Robinson on July 7, 1999 at an option price of \$8.9375 per share and Incentive Stock Options to purchase 51,000 shares were granted to other

executive officers and key members of management on August 31, 1999, at an option price of \$9.25 per share. Both option prices were the closing price of

Edgar Filing: ALAMO GROUP INC - Form DEF 14A

the Company's Common Stock on the grant date. There were no option grants in 2000. In 2001, the Committee recommended and the Board of Directors approved and granted 16,000 shares of the Company's Common Stock at option prices ranging from \$14.61 to \$14.63 per share to key members of management under the FAR 1994 ISO Plan. The option prices were the closing prices of the Company's common stock on the grant date. As of December 31, 2001, Incentive Stock Options to purchase 86,600 shares remain outstanding and options on 172,200 shares were available for grant.

On May 3, 2001, the Stockholders of the Company approved the First Amended and Restated 1999 Non-Qualified Stock Option Plan ("FAR 1999 NQSO Plan") to add non-employee directors as eligible persons to receive grants of stock options. The Company then granted an option to purchase 5,000 shares of the Company's Common Stock to Messrs. Goldress, Morris, Simpson, Skaggs, and Thomas respectively at an exercise price of \$13.96 per share, being the closing price of the Company's Common Stock on the grant date. Each option becomes vested and exercisable for up to 20% of the total optioned shares after one year following the grant of the option and for an additional 20% of the total optioned shares after each succeeding year until the option is fully exercisable. Mr. Simpson's options were cancelled as a result of his death.

In addition to directors' fees, on May 3, 2001, the Stockholders of the Company approved the First Amended and Restated 1999 Non-Qualified Stock Option Plan ("FAR 1999 NQSO Plan") to add non-employee directors as eligible persons to receive grants of stock options. The Company then granted an option to purchase 5,000 shares of the Company's Common Stock to Messrs. EMPLOYMENT AGREEMENTS

All executive officers of the Company serve at the discretion of the Board of Directors. The executive officers are appointed to their positions by the Board until the next annual meeting of directors or until their successors have been duly qualified and elected. There are currently no employment agreements with any executive officers of the company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In 1990 and 1997, the Company loaned amounts totaling \$700,000 and \$270,000 respectively to Mr. Douglass. Proceeds from these loans were used to pay personal income taxes resulting from the exercise of non-qualified options. On December 31, 1999, pursuant to approval of the Board of Directors, Mr. Douglass' \$700,000 loan was renewed and extended to December 31, 2002. The principle balance bears interest at the short-term Applicable Federal Rate which was 2.45% at December 31, 2001 and is adjusted quarterly. Mr. Douglass' loan for \$270,000, matures on December 31, 2006 and bears interest at the mid-term Applicable Federal Rate. On December 31, 2001 the mid-term rate was 3.91% and is adjusted quarterly. At December 31, 2001, the outstanding principal balances on the loans to Mr. Douglass were \$700,000 and \$270,000. Mr. Douglass' loans are secured by 100,000 shares of the Company's Common Stock.

On August 31, 1999, the Board of Directors amended the Company's Executive Loan Program to state that no new loans would be made under the program and all outstanding loans were renewed and extended for five years from December 31, 1999, with interest payable quarterly and a requirement that at least 10% of the original loan amount be paid annually with the first such payment due March 30, 2001. All other terms and conditions of the notes and security agreements remain unchanged. Each loan under the Executive Loan Program bears interest, payable quarterly, at the base rate of interest as published by Bank of America, N.A. As of the date hereof, there is outstanding under the Executive Loan Program loans for a total of \$24,307 to Mr. George and \$7,560 to another qualified borrower. At December 31, 2001 the interest rate for the loans under this program was 4.75%. All loans are secured by shares of the Company's Common Stock. Management believes that the transactions described above were on terms no less favorable to the Company than otherwise available from unaffiliated third parties.

STOCK PRICE PERFORMANCE GRAPH

The following graph sets forth the cumulative total return to the Company's Stockholders during a five-year period ended December 31, 2001, as well as the performance of an overall stock market index (S&P 500 Index) and the Company's selected peer group index (Russell 2000 Index).

The Company believes that there does not exist a representative industry peer group of companies with a similar business segment profile. The Securities and Exchange Commission has indicated that companies may use a base other than industry or line of business for determining its peer group index, such as an index of companies with similar market capitalization. Accordingly, the Company

has selected the Russell 2000 Index, a widely used small market capitalization index, to use as a representative peer group.
