**REPORT OF INDEPENDENT ACCOUNTANTS**

To the Board of Directors  
Carriage Services, Inc.:

We have audited the accompanying statement of net assets available for benefits of Carriage Services 401(k) Plan as of December 31, 2001 and 2000 and the related statement of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Carriage Services 401(k) Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. Supplemental Schedule H, Item 4i Assets Held for Investment Purposes as of December 31, 2001 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## CARRIAGE SERVICES 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS

**1. Description of Plan**

The Carriage Services 401(k) Plan (the "Plan") was originally established by Carriage Funeral Holdings, Inc. (the "Company") through the adoption of the Powell, Townsend & Associates, Inc. Regional Prototype 401(k) Plan and Trust effective March 19, 1993. The Plan was amended and restated effective January 1, 1998 upon adoption of the Travelers Insurance Company Flexible Nonstandardized Safe Harbor Prototype 401(k) Profit Sharing Plan. The restated plan provisions are not significantly changed from the Plan as originally adopted. The Plan is a defined contribution, deferred compensation and 401(k) plan under Section 401(k) of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

## Edgar Filing: CARRIAGE SERVICES INC - Form 11-K

Participant loans outstanding as of December 31, 2001 and 2000 totaled \$234,536 and \$214,801, respectively. **2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The Plan's financial statements have been prepared on the accrual basis of accounting.

6

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investments**

Investments are carried at fair value based on quoted market prices in an active market.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

**Reclassifications**

Certain amounts presented in the accompanying financial statements at December 31, 2000 have been reclassified to conform to the presentation used at December 31, 2001. These reclassifications had no impact on net assets available for benefits or changes in net assets available for benefits.

The Plan has not considered Company contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions.

**6. Credit Risk**

The Plan provides for various investments in mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that

Edgar Filing: CARRIAGE SERVICES INC - Form 11-K

changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits and the amounts reported in participant accounts.

7. Tax Status

On April 29, 1995, the Plan received a favorable determination letter from the Internal Revenue Service (the "IRS"). Subsequent to the date of that original letter, the Company adopted an amendment and restatement of the Plan and has requested a determination letter covering the restated plan. The trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the trustees believe that the Plan is qualified and the related trust is tax-exempt as of December 31, 2001 and 2000.
