ANNUAL MEETING OF STOCKHOLDERS
NOVEMBER 12, 2002

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

This Proxy Statement and form of proxy are furnished in connection with the solicitation of proxies by the Board of Directors of Precision Optics Corporation, Inc., a Massachusetts corporation (the "Company"), for the 2002 Annual Meeting of Stockholders of the Company to be held on November 12, 2002, at 10:00 a.m. at the Four Points Sheraton Hotel, 99 Erdman Way, Leominster, Massachusetts, and any adjournments thereof, for the purposes set forth in the notice of meeting. The Company was incorporated in 1982, and its principal executive offices are at 22 East Broadway, Gardner, Massachusetts 01440 (telephone 978-630-1800). This Proxy Statement and form of proxy are first being distributed to stockholders on or about October 15, 2002.

STOCKHOLDERS ENTITLED TO VOTE

As of September 30, 2002, the Company had outstanding 10,503,908 shares of Common Stock, \$0.01 par value (the "Common Stock"). Each share of Common Stock entitles the holder of record thereof at the close of business on September 30, 2002 to one vote in person or by proxy on the matters to be voted upon at the meeting.

VOTING PROCEDURES

Consistent with Massachusetts law and the Company's by-laws, the holders of a majority of the shares entitled to be cast on a particular matter, present in person or represented by proxy, constitutes a quorum as to such matter. Votes cast by proxy or in person at the annual meeting will be counted by persons appointed by the Company to act as election inspectors for the meeting.

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

If the enclosed form of proxy is properly signed and returned and not revoked, the shares represented thereby will be voted at the annual meeting. If the stockholder specifies in the proxy how the shares are to be voted, they will be voted as specified. If the stockholder does not specify how the shares are to be voted, such shares will be voted in favor of the Proposal Numbers 1 and 2 described below.

Any stockholder has the right to revoke his or her proxy at any time before it is voted by: (1) attending the meeting and voting in person, (2) by filing with the Clerk of the Company a written instrument revoking the proxy or (3) delivering to the Clerk another newly executed proxy bearing a later date.

REQUIRED VOTE

The election of the Class III director described in Proposal Number 1 requires a plurality of votes cast. Should the person so named below as nominee for the Board of Directors be unable or unwilling to serve as director, the persons named in the form of proxy for the annual meeting may, in their discretion, vote for such other person or may vote to fix the number of directors at such number less than five, as the Board of Directors may recommend. The approval of Proposal Number 2 requires the affirmative vote of a majority of all shares outstanding.

Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Under the rules of the New York Stock Exchange applicable to member firms, brokers will have discretionary authority to vote shares held in their name for the election of directors and the reverse stock split even if they do not receive instructions from the beneficial owners. Thus, there will be no broker non-votes at the meeting.

VOTING ON OTHER MATTERS

At the date hereof, the Company's management has no knowledge of any business other than that described in the notice for the annual meeting which will be presented for consideration at such meeting. If any other business should come before such meeting, the persons appointed by the enclosed form of proxy may, in their discretion, vote all such proxies in accordance with their own judgment. The persons appointed by the enclosed form of proxy also may, in their discretion, vote all proxies with respect to matters incident to the conduct of the meeting.

COSTS OF PROXY SOLICITATION

The Company will bear all the costs of the solicitation of proxies. The Board of Directors may arrange with brokerage houses and other custodians, nominees, and fiduciaries to forward solicitation materials to the beneficial owners of the stock held of record by such persons, and the Company may reimburse them for the reasonable out-of-pocket expenses incurred in so doing. In addition to the solicitation of proxies by use of the mails, the Company may use the services of some of its directors, officers and regular employees (who will receive no compensation therefor in addition to their regular salaries) to solicit proxies personally or by mail or telephone.

PROPOSAL NUMBER 1. ELECTION OF CLASS III DIRECTOR

The Company's Board of Directors is divided into three classes that are as nearly equal in number as possible, with staggered terms of office. Only one class is elected each year. Each director serves a three year term and until his

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

or her successor has been duly elected and qualified. Dr. Angus Macleod, currently a Class III director, has declined to stand for re-election at the annual meeting. Dr. Macleod's decision to not stand for re-election is not the result of any disagreement with the Company. Effective immediately following the annual meeting, the Board of Directors has fixed the number of directors at five. Mr. Robert Shannon, the Company's other current Class III Director, has been nominated for re-election as a Class III director and to hold office until the annual meeting of stockholders in 2005 and until his successor has been duly elected and qualified. The directors in Class I (Messrs. Forkey and Benjamin) will hold office until the annual meeting of stockholders in 2003, and the directors in Class II (Messrs. Marx and Pitlor) will hold office until the annual meeting of stockholders in 2004 (and in each case, until their respective successors have been duly elected and qualified).

2

The names, ages, principal occupations for at least the last five years, and certain other information with regard to the directors, including the nominee are as follows:

NAME AND YEAR FIRST ELECTED DIRECTOR	AGE	PRINCIPAL OCCUPATION; DIRECTORSHIPS OF OTHER COMPANIES
Richard E. Forkey (1982)*.....	62	President, Chief Executive Officer, Treasurer of the Company since founding the Company in 1983, and Chairman of the Company from May 1983 to June 1990.
Edward A. Benjamin (1990)*.....	64	Clerk of the Company from June 1990 to January 1991. Benjamin is a Trustee of the Board of Trustees of the Zenith Fund, a Member of the Board of Managers of the Variable Annuity Fund I, and a Director of the Investments & Management LLC. Pending election at the next shareholder meeting to be held on October 1, 2002. Mr. Benjamin will also be a Trustee of the Board of Loomis Sayles Funds. Mr. Benjamin was a partner in a firm of Ropes & Gray, Boston, Massachusetts from 1983 to 1998.
Austin W. Marx (1998)*.....	62	Mr. Marx has been the Managing Director of the Situations Fund III, L.P., a registered investment company based in New York City, and several other investment predecessor investment funds, since 1990.
Joel R. Pitlor (1990)*.....	63	Since 1979, Mr. Pitlor has been President of a business management consulting firm that provides services in business planning, which Mr. Pitlor founded. Mr. Pitlor also provides business planning consultation to the Company. Mr. Pitlor is also a director of Uroplasty, Inc., a Minnesota-based medical products supplier.
Robert R. Shannon (1990).....	70	Since 1969, Mr. Shannon has been a Professor of Physics at the Center of the University of Arizona. Mr. Shannon was the Director of the Center from 1983 to July 1992. Mr. Shannon was also Director of Aerospace Corporation.

* Directors whose terms do not expire this year.

All of the stockholders holding shares of the Company's Common Stock are entitled to cast one vote in person or by proxy for each share standing in their names and are entitled to elect one Class III director at the 2002 Annual Meeting. If the nominee is not available as a candidate when the election

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

occurs, the persons named in the proxy may, in their discretion, vote for the election of such other person as the Board of Directors may designate or to reduce the number of directors correspondingly. The Company has no reason to believe that the nominee will not be available for election.

3

BOARD OF DIRECTORS

During the fiscal year ended June 30, 2002, the Company's Board of Directors held four meetings and acted by unanimous written consent on four occasions. The Board of Directors has a standing Audit Committee composed of Messrs. Benjamin and Shannon. Mr. Pitlor served on the audit until September 2002 when he resigned because he no longer met the requirements under NASDAQ for an independent director. The Company believes Messrs. Benjamin and Shannon meet the independence requirements under the NASDAQ rules. The function of the Audit Committee is to provide assistance to the Board of Directors in fulfilling its responsibility to the stockholders, potential stockholders and the investment community in respect of corporate accounting, reporting practices of the Company, and the quality and integrity of the financial reports of the Company. The Audit Committee held six meetings during the fiscal year ended June 30, 2002. The Board does not have standing nominating or compensation committees. Each director attended at least 75% of the meetings of the Board of Directors. Each of the Audit Committee members attended at least 75% of the meetings of the Audit Committee in the last year, with the exception of Mr. Shannon.

Information as to ownership of the Company's securities by the nominee for director is included under the heading "Security Ownership of Certain Beneficial Owners and Management."

DIRECTOR COMPENSATION

The Company pays each director who is not also an employee of the Company \$250 per Board or committee meeting that the director attends and reimburses the director for travel expenses.

During the fiscal year ended June 30, 2002, the Company also issued, pursuant to its 1997 Incentive Plan, stock options exercisable for a total of 5,000 shares of the Company's Common Stock to each of Messrs. Benjamin, Pitlor, Marx, Shannon and Dr. Macleod. Each of these options is immediately exercisable at a price per share of \$0.76.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF THE NOMINEE DESCRIBED IN PROPOSAL NUMBER 1.

PROPOSAL NUMBER 2. REVERSE STOCK SPLIT

SUMMARY

In September 2002, the Board approved and recommended that the stockholders approve, a proposed amendment (the "Reverse Stock Split Amendment") to the Company's Articles of Organization, as amended, that will give the Board the discretion to effect (or, alternatively, to abandon) a reverse split of the Common Stock (the "Reverse Stock Split"). The form of the proposed Reverse Stock Split Amendment is attached hereto as Appendix A. Under the terms of the Reverse Stock Split, every three to six shares of the outstanding Common Stock of the Company would automatically be converted into one share of Common Stock. The exact ratio will be between and may include one-to-three and one-to-six, to be determined by the Board in its sole discretion, based on what is in the best interests of the Company and its stockholders. The Board believes that approval of the Reverse Stock Split Amendment at a range of ratios rather than at a specific ratio provides the Board with the flexibility necessary to achieve the

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

purposes of the Reverse Stock Split. If implemented, the Reverse Stock Split Amendment would be effective on such date as it is filed with the Massachusetts Secretary of State (the "Effective Date").

On the Effective Date, the Reverse Stock Split will result in the automatic conversion of between and including three and six shares (as determined in the manner described above) of authorized Common

4

Stock, including issued and outstanding, into one share of Common Stock. Fractional shares of Common Stock will not be issued as a result of the Reverse Stock Split, but instead, the Company will round up each fractional share to the next whole post-split share. Except for adjustments that may result from the treatment of fractional shares as described above, each stockholder will hold the same percentage of Common Stock outstanding immediately following the Reverse Stock Split as such stockholder held immediately prior to the Reverse Stock Split. The Reverse Stock Split Amendment will not alter the par value of the Common Stock or the number of shares of Common Stock authorized for issuance.

If the Reverse Stock Split proposal is approved by the stockholders, the Reverse Stock Split will be effected only upon a determination by the Board that the Reverse Stock Split is in the best interest of the Company and its stockholders at that time. Even if the Reverse Stock Split proposal is approved by the stockholders of the Company, the Board may, in its sole discretion, determine not to effect the Reverse Stock Split or to delay such action based on the then-current trading price of the Common Stock or other factors it determines are important.

REASONS FOR THIS PROPOSAL

The primary purpose of the Reverse Stock Split is to obtain a higher per share trading price for the Company's Common Stock and maintain eligibility for the listing of the Common Stock on the NASDAQ SmallCap Market. Because the Reverse Stock Split combines the outstanding shares of Common Stock into a fewer number of shares, a share of Common Stock outstanding after giving effect to the Reverse Stock Split is likely to trade at a higher price per share than a share of Common Stock outstanding before giving effect to the Reverse Stock Split.

In addition to other listing requirements, the Company's Common Stock must maintain a minimum bid price of \$1.00 per share in order to remain eligible for continued listing on the NASDAQ SmallCap Market. Because the closing trading price of the Company's Common Stock was below \$1.00 for 30 consecutive days, NASDAQ notified the Company of the failure to maintain the minimum bid price requirement. In order to regain compliance, the bid price of the Company's Common Stock must close at \$1.00 per share or more for a minimum of 10 consecutive trading days. NASDAQ has advised the Company that it must regain compliance with the minimum bid price requirement by February 10, 2003. If the Company cannot regain compliance by that date, the NASDAQ staff has stated that it will provide written notification that the Company's Common Stock will be delisted.

The Company believes, but cannot assure, that a Reverse Stock Split will increase the chances that the Company's Common Stock will trade at or above the required \$1.00 minimum bid price. Further, there can be no assurance that the Company will continue to meet other NASDAQ listing requirements. The Reverse Stock Split will not result in any changes to the NASDAQ listing requirements applicable to the Company. If following the Reverse Stock Split, the trading price of the Company's Common Stock again closes below \$1.00 for 30 consecutive days and the closing bid price of the Common Stock is not \$1.00 or more for ten consecutive trading days within the prescribed period, the Common Stock of the

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

Company could again be subject to de-listing.

The Company believes that maintaining the listing of its Common Stock on NASDAQ is in the best interest of the Company and its stockholders. Inclusion in NASDAQ increases liquidity and may potentially minimize the spread between the "bid" and "asked" prices quoted by market makers. Further, a NASDAQ listing may enhance the Company's access to capital and increase the Company's flexibility in responding to anticipated capital requirements. The Company believes that prospective investors will view an investment in the Company more favorably if its shares qualify for listing on NASDAQ.

5

The Company also believes that the current per share price level of the Common Stock has reduced the effective marketability of the Company's shares of Common Stock because of the reluctance of many leading brokerage firms to maintain active analyst coverage of low-priced stocks or to recommend low-priced stocks to their clients. Some investors may view low-priced stock as speculative and unattractive, although some other investors may be attracted to low-priced stock because of the greater trading volatility sometimes associated with such securities. Such a limited stockholder base may have the undesirable effect of artificially limiting demand for the Common Stock, thus depressing the stock price.

The Company believes that some brokerage houses may have policies and practices that tend to discourage individual brokers within those firms from dealing in low-priced stock. Those policies and practices pertain to the payment of brokers commissions and to time-consuming procedures that function to make the handling of low-priced stocks unattractive to brokers from an economic standpoint. The Company also believes that, because brokerage commissions on low-priced stock may represent a higher percentage of the stock price than commissions on higher-priced stock, the current share price of the Common Stock can result in individual stockholders paying transaction costs (commission, markups or markdowns) that represent a higher percentage of their total share value than would be the case if the share price were substantially higher.

If the Common Stock is not listed on NASDAQ and the trading price of the Common Stock were to remain below \$1.00 per share, trading in the Common Stock would also be subject to the requirements of rules promulgated under the Exchange Act that require additional disclosures by broker-dealers in connection with any trades involving a stock defined as a "penny stock" (generally, a non-NASDAQ equity security that has a market price of less than \$5.00 per share, subject to certain exceptions). In such event, the additional burdens imposed upon broker-dealers to effect transactions in the Common Stock could further limit the market liquidity of the Common Stock and the ability of investors to trade the Common Stock.

In the event that the Common Stock is delisted from NASDAQ, sales of the Common Stock would likely be conducted only in the over-the-counter market or potentially in regional exchanges. This may have a negative impact on the liquidity and price of the Common Stock and investors may find it more difficult to purchase or dispose of, or to obtain accurate quotations as to the market value of, the Common Stock.

For all of the above reasons, management believes that the Reverse Stock Split is in the best interests of the Company and its stockholders. There can be no assurance, however, that the Reverse Stock Split will have the desired consequences. Specifically, there can be no assurance that, after the Reverse Stock Split, the market price of the Common Stock will not decrease to a level that causes the Company to again face de-listing, or that the market capitalization of the Company after the proposed Reverse Stock Split will not be less than the Company's market capitalization before the proposed Reverse Stock

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

Split.

POTENTIAL EFFECTS OF THIS PROPOSAL

Although the Company expects to file the Reverse Stock Split Amendment in November, 2002, the actual timing of the filing will be determined by the Board based upon its evaluation as to when such action is most advantageous to the Company and its stockholders. Further, even if this proposal is approved by the stockholders of the Company, the Board may elect not to file the Reverse Stock Split Amendment at all if it believes it is in the best interests of the Company and its stockholders not to do so.

After the Effective Date of the Reverse Stock Split, each stockholder will own a reduced number of shares of Common Stock but will hold the same percentage of the outstanding shares (subject to

6

adjustments for fractional interests resulting from the Reverse Stock Split) as the stockholder held prior to the Effective Date. The number of shares of Common Stock that may be purchased upon the exercise of outstanding options, warrants, and other securities convertible into, or exercisable or exchangeable for, shares of Common Stock, and the per share exercise or conversion prices thereof, will be adjusted appropriately for the Reverse Stock Split in accordance with their terms as of the Effective Date.

Each fractional share of Common Stock that results from the Reverse Stock Split will be rounded up to a whole share. Because no beneficial owners will be cashed out in the Reverse Stock Split, the Company does not believe that the Reverse Stock Split will lead to a reduction in the number of beneficial owners.

The Reverse Stock Split may also result in some stockholders owning "odd lots" of less than 100 shares of Common Stock received as a result of the Reverse Stock Split. Brokerage commissions and other costs of transactions in odd lots may be higher, particularly on a per-share basis, than the cost of transactions in even multiples of 100 shares.

Based on the 10,503,908 shares Common Stock outstanding as of September 30, 2002, the approximate number of shares of Common Stock that would be outstanding as a result of the Reverse Stock Split using the following examples of exchange ratios are as follows (without giving effect to the rounding up of fractional shares):

EXCHANGE RATIO -----	SHARES OUTSTANDING -----
1-for-3	3,501,303
1-for-4	2,625,977
1-for-5	2,100,782
1-for-6	1,750,651

The Reverse Stock Split will affect all stockholders equally and will not affect any stockholder's proportionate equity interest in the Company (except with respect to adjustments for fractional interests). None of the rights currently accruing to holders of the Common Stock, options or warrants to purchase Common Stock will be affected by the Reverse Stock Split. Following the Reverse Stock Split, each share of the Common Stock resulting from the Reverse Stock Split will entitle the holder thereof to one vote per share and will otherwise be identical to the outstanding Common Stock immediately prior to the

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

Effective Date. Additionally each fractional share of the Common Stock resulting from the Reverse Stock Split will be rounded up to a whole share of the Common Stock.

EXCHANGE OF STOCK CERTIFICATES; NO FRACTIONAL SHARES

The combination and reclassification of shares of Common Stock pursuant to the Reverse Stock Split will occur automatically on the Effective Date without any action on the part of stockholders of the Company and without regard to the date on which certificates evidencing shares of Common Stock prior to the Reverse Stock Split are physically surrendered for new certificates. As of the Effective Date, between and including three and six shares of Common Stock will be converted and reclassified into one share of post-split Common Stock.

For example, if a 1-for-5 Reverse Stock Split is implemented, a holder of 1,000 shares immediately prior to the Effective Date would hold 200 shares after the Effective Date. Alternatively, if a 1-for-4 Reverse Stock Split is implemented, a holder of 1,000 shares immediately prior to the Effective Date would hold 250 shares after the Effective Date. Fractional shares of Common Stock will not be issued as a result of the Reverse Stock Split, but instead will be rounded up to a whole share of Common Stock.

7

As soon as practicable after the Effective Date, transmittal forms will be mailed to each holder of record of shares of Common Stock, to be used in forwarding such holder's stock certificates for surrender and exchange for certificates evidencing the number of shares of Common Stock such stockholder is entitled to receive as a consequence of the Reverse Stock Split. The transmittal forms will be accompanied by instructions specifying other details of the exchange. Upon receipt of such transmittal form, each stockholder should surrender the certificates evidencing shares of Common Stock prior to the Reverse Stock Split in accordance with the applicable instructions. Each holder who surrenders certificates will receive new certificates evidencing the whole number of shares of Common Stock that such stockholder holds as a result of the Reverse Stock Split. Stockholders will not be required to pay any transfer fee or other fee in connection with the exchange of certificates.

The Company estimates that its aggregate expenses relating to the Reverse Stock Split will not be material.

STOCKHOLDERS SHOULD NOT SUBMIT THEIR STOCK CERTIFICATES FOR EXCHANGE UNTIL THEY RECEIVE A TRANSMITTAL FORM FROM THE COMPANY.

As of the Effective Date, each certificate representing shares of Common Stock outstanding prior to the Effective Date will be deemed canceled and, for all corporate purposes, will be deemed only to evidence the right to receive the number of shares of Common Stock into which the shares of Common Stock evidenced by such certificate have been converted as a result of the Reverse Stock Split.

FEDERAL INCOME TAX CONSEQUENCES

The following discussion generally describes certain United States federal income tax consequences of the proposed Reverse Stock Split to stockholders of the Company. This discussion is limited to United States persons who hold their Common Stock as capital stock. The following does not address any foreign, state, local tax or alternative minimum income, or other federal tax consequences of the proposed Reverse Stock Split. The actual consequences for each stockholder will be governed by the specific facts and circumstances pertaining to such stockholder's acquisition and ownership of the Common Stock. Thus, the Company makes no representations concerning the tax consequences for any of its stockholders and recommends that each stockholder consult with such

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

stockholder's own tax advisor concerning the tax consequences of the Reverse Stock Split, including federal, state and local, or other income tax.

The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of the proposed Reverse Stock Split. However, the Company believes that, because the Reverse Stock Split is not part of a plan to periodically increase a stockholder's proportionate interest in the assets or earnings and profits of the Company, the proposed Reverse Stock Split will have the following income tax effects:

1. A stockholder will not recognize taxable gain or loss as a result of the Reverse Stock Split.

2. In the aggregate, a stockholder's basis in post-split common stock will equal such stockholder's basis in the shares of pre-split Common Stock exchanged therefor, and such stockholder's holding period for post-split Common Stock will include the holding period for pre-split common stock exchanged therefor.

3. The proposed Reverse Stock Split will constitute a reorganization within the meaning of Section 368(a)(1)(E) of the Internal Revenue Code of 1986, as amended, and the Company will not recognize any gain or loss as a result of the Reverse Stock Split.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL 2.

The following table summarizes for each of the Named Executive Officers

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

(i) the total number of shares received upon exercise of stock options during the fiscal year ended June 30, 2002, (ii) the aggregate dollar value realized upon such exercise, (iii) the total number of unexercised options, if any, held at June 30, 2002 and (iv) the value of unexercised in-the-money options, if any, held at June 30, 2002. In-the-money options are options where the fair market value of the underlying securities exceeds the exercise or base price of the option. The aggregate value realized upon exercise of a stock option is the difference between the aggregate exercise price of the option and the fair market value of the underlying stock on the date of exercise. The value of unexercised, in-the-money options at fiscal year-end is the difference between the exercise price of the option and the fair market value of the underlying stock on June 30, 2002, which was \$0.43 per share. With respect to unexercised, in-the-money options, the underlying options have not been exercised, and actual gains, if any, on exercise will depend on the value of the Company's Common Stock on the date of exercise.

subsidiaries, or as a result of a change-in-control of the Company or a change in the Named Executive Officers' responsibilities following a change-in-control.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

To the Company's knowledge, based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Company during the fiscal year ended June 30, 2002 and Forms 5 and amendments thereto furnished to the Company with respect to such fiscal year, no person required to file reports under Section 16(a) of the Securities Exchange Act of 1934 failed to file such reports on a timely basis during or with respect to such fiscal year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has an arrangement with J.R. Pitlor ("J.R. Pitlor"), a company wholly owned by Mr. Pitlor, a Director of the Company, under which Mr. Pitlor

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

provides consulting services to the Company for a fee currently not to exceed \$2,000 a month. These consulting services consist primarily of advice regarding marketing, strategic planning and other general business issues. Either party may terminate this arrangement at will. The Company paid J.R. Pitlor for consulting services aggregate fees of \$24,000 for fiscal year 2001 and \$24,000 for fiscal year 2002.

The Company leases its facility in Gardner, Massachusetts from Equity Assets, Inc. ("Equity"), a company wholly owned by Mr. Forkey, the President and Treasurer and a Director of the Company, under a Lease Agreement dated January 2, 1989, at an annual base rent of \$108,000. The lease expired on December 31, 1999. The Company is currently a tenant-at-will paying rent of \$9,000 per month.

The Company has paid software and consulting fees of \$20,000 for fiscal year 2001 and \$19,000 for fiscal year 2002 to Thin Film Center, Inc., a company wholly owned by Dr. Macleod, a Director of the Company, together with his wife.

The Company has paid legal fees to Ropes & Gray, a law firm of which Mr. Benjamin, a Director of the Company, is a retired partner, of approximately \$320,000 for fiscal year 2001, and \$117,000 for fiscal year 2002.

INDEPENDENT PUBLIC ACCOUNTANTS

INDEPENDENT PUBLIC ACCOUNTANTS

[KPMG LLP has been selected to serve as independent auditors of the Company for the fiscal year ending June 30, 2003,] and also served as the principal accountants of the Company for the fiscal year ended June 30, 2002. A representative of KPMG LLP is expected to be present at the annual meeting to respond to appropriate questions and will have the opportunity to make a statement if such representative so desires.

CHANGE IN INDEPENDENT PUBLIC ACCOUNTANTS

As previously disclosed on a current report on Form 8-K filed with the Securities and Exchange Commission on July 2, 2002 (the "Form 8-K"), the Company dismissed Arthur Andersen LLP ("Arthur

14

Andersen") as its independent accountants on July 1, 2002. The Company's Audit Committee and Board of Directors approved this action.

The reports of Arthur Andersen on the Company's financial statements for the two fiscal years ended June 30, 2001 and June 30, 2000, contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's two fiscal years ended June 30, 2001 and June 30, 2000, and through July 1, 2002, there were no disagreements, resolved or unresolved, with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen, would have caused Arthur Andersen to make reference thereto in connection with its reports on the financial statements.

During the Company's two fiscal years ended June 30, 2001 and June 30, 2000, and through July 1, 2002, Arthur Andersen has not advised the Company as to any of the matters described in Item 304(a)(1)(iv)(B) of Regulation S-B promulgated under the Securities Act of 1933, as amended.

The Company has been unable, after reasonable efforts, to have Arthur Andersen review and respond to the above disclosure; however, Arthur Andersen provided a letter dated July 2, 2002 stating that it was in agreement with the disclosure included in paragraphs 2, 3 and 4 of the Form 8-K, which disclosure is the same as the above disclosure.

On July 16, 2002, the Company engaged KPMG LLP as its new independent accountant. The Company's Audit Committee and Board of Directors approved this action. The decision to engage KPMG LLP followed the Company's evaluation of

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

proposals from several accounting firms.

During the Company's two fiscal years ended June 30, 2001 and June 30, 2000, and through July 16, 2002, neither the Company nor any person on the Company's behalf consulted with KPMG LLP regarding: (i) the application of accounting principles to a specific completed or contemplated transaction, or the type of audit opinion that might be rendered on the Company's financial statements, or (ii) any matter that was the subject of a disagreement or event described in Item 304(a)(1)(iv) of Regulation S-B.

AUDIT FEES

The aggregate fees billed or estimated to be billed for professional services rendered by the Company's independent auditors for the audit of the Company's annual financial statements for the fiscal year ended June 30, 2002 and for the reviews of the financial statements included in the Company's quarterly reports on Form 10-QSB for that fiscal year were approximately \$69,800.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

The Company's independent auditors did not perform any financial information systems design or implementation work for the Company during the fiscal year ended June 30, 2002.

ALL OTHER FEES

The aggregate fees billed for all other professional services rendered by the Company's independent auditors for the fiscal year ended June 30, 2002 were approximately \$29,500.

15

AUDIT COMMITTEE REPORT

The Audit Committee is composed of Messrs. Benjamin, and Shannon, each of whom is "independent" as defined in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards. The Board of Directors has adopted a written charter for the Audit Committee.

The Audit Committee has submitted the following report:

[The Audit Committee has reviewed and discussed with management the audited financial statements for the fiscal year ended June 30, 2002, and has discussed with the Company's independent auditors the matters required to be discussed by Statements on Auditing Standard No. 61 (SAS 61). SAS 61 requires independent auditors to communicate to the Audit Committee various matters, including, if applicable: (1) methods used to account for certain unusual transactions; (2) the effect of certain accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus; (3) the process used by management in formulating certain accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates and (4) disagreements with management over the application of accounting principles and certain other matters. The Audit Committee has received the written disclosures and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1 (requiring auditors to make written disclosures to, and to discuss with, the Audit Committee, various matters relating to the auditor's independence), has discussed with the accountants their independence and has considered whether the provision of non-audit services by the accountants is compatible with maintaining that independence. Based on the foregoing and further review and discussion, the Audit Committee has recommended to the Board of Directors that

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the fiscal year ended June 30, 2002 for filing with the Securities and Exchange Commission.]

SHAREHOLDER PROPOSALS

Stockholders may present proposals for inclusion in the 2003 Proxy Statement and form of proxy relating to that meeting provided they are received by the Clerk of the Company no later than June 17, 2003 and are otherwise in compliance with applicable Securities and Exchange Commission regulations.

If a Stockholder who wishes to present a proposal at the Company's 2003 Annual Meeting that will not be included in the Company's proxy statement for such Annual Meeting fails to notify the Company of his or her desire to do so by August 31, 2003, then the proxies that the Board of Directors solicits for the 2003 Annual Meeting will include discretionary authority to vote on the Stockholder's proposal, if such proposal is properly brought before the meeting.

16

APPENDIX A

FORM OF REVERSE STOCK SPLIT AMENDMENT

That, the Corporation's Articles of Organization, as amended, be further amended by inserting the following in Article III:

"Upon the filing of these Articles of Amendment with the Massachusetts Secretary of the Commonwealth (the "Effective Time"), each [INSERT APPROPRIATE SPLIT NUMBER, AS DETERMINED IN ACCORDANCE WITH THE PROPOSAL, WHICH SHALL NOT BE MORE THAN 6 AND NOT LESS THAN 3,] ISSUED AND OUTSTANDING shares of authorized Common Stock of the Corporation, \$.01 par value per share shall be reclassified and combined into one (1) share of Common Stock. There shall be no fractional shares issued. Each resulting fractional share shall be rounded up to a whole share. The total number of authorized shares of Common Stock immediately after the Effective Time shall continue to be 20,000,000."
