Mr. Cramer is a Chartered Financial Analyst.

Meetings and Committees of the Board of Directors

Our Board of Directors held five meetings during the fiscal year ended June 30, 2002. During the fiscal year, none of the directors attended fewer than 75% of the aggregate of (i) all meetings of the Board of Directors and (ii) all meetings of committees of which such director was a member. Our Board of Directors has established three committees, a Compensation Committee, an Audit Committee and a Corporate Governance Committee. In addition, our Board of Directors established a Pricing Committee in connection with our follow-on public offering comprised of Messrs. Lefkoff, Conway and Zabriskie, which met twice during fiscal year 2002.

Compensation Committee. The Compensation Committee is responsible for determining executive officers' compensation, the evaluation of the performance of the Chief Executive Officer and for administering the Amended and Restated Array BioPharma Inc. Stock Option and Incentive Plan and the Array BioPharma Inc. Employee Stock Purchase Plan. The Compensation Committee held four meetings during the fiscal year ended June 30, 2002. Dr. Bullock, Mr. Lefkoff and Dr. Overell are members of the Compensation Committee. None of the current members of our Compensation Committee are officers or employees of Array. For more information on our Compensation Committee, please see the "Compensation Committee Report on Executive Compensation" on page 27.

Audit Committee. The Audit Committee is responsible for (1) making recommendations about our independent public accountants, (2) reviewing audit plans and results with our independent public accountants, (3) reviewing the independence of the independent public accountants, (4) considering the range of audit and non-audit fees, and (5) reviewing our internal accounting controls and discussing the adequacy of those controls with our Chief Executive Officer and Chief Financial Officer. The Audit Committee held five meetings during the fiscal year ended June 30, 2002. Dr. Bullock, Mr. Cramer and Dr. Zabriskie, none of whom are officers or employees of Array, are the members of the Audit Committee. For more information on our Audit Committee, please see the "Audit Committee Report" on page 18.

Corporate Governance Committee. In August 2002, the Board of Directors established the Corporate Governance Committee, which is responsible for the implementation of Array's Corporate Governance Guidelines and the evaluation and recommendation to the Board of Directors of candidates for election to the Board, beginning with nominees to be elected at the 2003 annual meeting. The Committee also recommends policies and standards for evaluating the overall effectiveness of the Board of Directors in the governance of Array and such other activities as the Board of Directors may delegate to it from time to time. The Corporate Governance Committee will

consider director nominations from our stockholders. See the section below entitled "Stockholder Proposals for 2003 Annual Meeting" for information on submitting director nominations and other proposals for the 2003 annual meeting. Since the Corporate Governance Committee was formed in August 2002, it had no meetings during the fiscal year ended June 30, 2002. Dr. Zabriskie, Mr. Lefkoff and Mr. Conway are members of the Corporate Governance Committee, none of whom were officers or employees of Array other than Mr. Conway.

Compensation of Directors

All of our directors are entitled to be reimbursed for reasonable expenses incurred by them in connection with their attendance at Board and committee meetings. In addition, during the fiscal year ended June 30, 2002, our non-employee, outside directors, who included Mr. Lefkoff, Dr. Bullock, Dr. Caruthers, Mr. Cramer and Dr. Zabriskie, were each granted options to purchase 30,000 shares of our common stock for service on our Board of Directors. These options vest in three equal annual installments beginning November 1, 2002, based on their continued service on the Board. In addition, we paid our non-employee Board members a quarterly retainer equal to \$3,000 and \$1,000 for each Board meeting and for each meeting of a committee of the Board, respectively, that they attended and an additional \$1,000 for each committee meeting that they chaired. Mr. Lefkoff was not paid the foregoing fees until May 2002, Dr. Caruthers was not paid the foregoing fees until October 2001, and Dr. Overell was unable to accept any cash or equity compensation for his service on the Board. In fiscal year 2002, Mr. Lefkoff, Dr. Bullock, Dr. Caruthers, Mr. Cramer and Dr. Zabriskie were paid cash compensation for their services on the Board of Directors and as members of the committees of the Board on which they served of \$4,000, \$21,000, \$12,000, \$24,000 and \$20,000, respectively.

PROPOSAL 2 AMENDMENT TO AMENDED AND RESTATED STOCK OPTION AND INCENTIVE PLAN

The Board of Directors approved an amendment to the Amended and Restated Array BioPharma Inc. Stock Option and Incentive Plan (the "Plan") on September 12, 2002, subject to approval by the stockholders. The purpose of the amendment is to increase the number of shares of common stock that may be issued pursuant to the Plan from 7,978,370 shares to an aggregate of 10,728,370 shares, with such number of shares subject to further increase as provided in the terms of the Plan. The Plan provides that the number of shares of common stock reserved for issuance under the Plan will be increased, but not decreased, by any additional authorized shares. Additional authorized shares, for purposes of the Plan, means on any given day the difference between:

25% of our issued and outstanding shares of common stock, on a fully diluted, as converted basis, minus

the number of outstanding shares relating to awards under the Plan, plus

the number of shares available for future grants of awards under the Plan on that date.

The Plan was previously amended following approval by the Board of Directors and the stockholders in September 2000 in connection with our initial public offering to, among other things, increase the shares of common stock reserved for issuance from 4,837,500 shares to 7,000,000 shares. The shares of common stock reserved for issuance was subsequently increased by 978,370 to 7,978,370 based on the number of our additional authorized shares.

Of the 7,978,370 shares reserved for issuance under the Plan, 7,500,000 shares may be issued as incentive stock options. This number may be increased by 250,000 shares on January 1 of each year until 2005, provided that it does not exceed the total number of shares reserved for issuance under the Plan. If the stockholders approve the proposed increase in shares that may be issued under the Plan,

the number of shares that may be issued as incentive stock options will be increased also to 10,728,370 shares, with such number subject to further increase as described in the preceding sentence.

Edgar Filing: ARRAY BIOPHARMA INC - Form DEF 14A

The purpose of the Plan is to enhance our ability to attract, retain and compensate highly qualified officers, scientists, key employees and other persons, and to motivate them to serve Array and focus their efforts on improving our business results and earnings, by providing them with an opportunity to acquire equity in Array. Our ability to attract and retain qualified employees is critical to our success. We believe that equity compensation is an essential component of our compensation package that allows us to remain competitive in the marketplace for qualified personnel. This compensation package has been offered to all employees and generally includes:

grants of stock options to new hires,

retention grants every four years to existing employees, and

annual stock option bonuses in lieu of cash.

Typically, these option grants vest annually over a four-year period.

As of August 31, 2002, there were 89,394 shares of common stock authorized and available for issuance under the Plan and not subject to outstanding awards. We expect our headcount will continue to grow and that stock options will continue to be significant in attracting and compensating qualified employees. Based on historical grants and our expectation of personnel growth, the Board of Directors believes that the remaining number of shares is insufficient to meet our needs for long-term incentive compensation and annual stock option bonus grants. In approving the increase in shares, the Board also gave particular weight to our current practice of granting stock option bonuses, rather than cash bonuses, to our employees and of granting stock options to all employee levels within our organization. We expect that the proposed increase will be adequate to meet our foreseeable requirements.

The proposed amendment does not alter the considerations of the Compensation Committee with respect to grants under the Plan. Because the award of options is within the discretion of the Compensation Committee, it is not possible to determine at this time the amount of any option awards that may be made to officers or other employees. At this time, however, we have no commitments to grant options to purchase the proposed additional authorized shares of common stock upon approval of this proposal. As of August 31, 2002, there were six executive officers, six non-employee directors and 261 other employees eligible to receive option grants under the Plan.

We intend to register the additional 2,750,000 shares in a Registration Statement on Form S-8 under the Securities Act of 1933 as soon as practicable after receiving stockholder approval.

The summary of the material provisions of the Plan set forth below is qualified in its entirety by the complete text of the Plan, a copy of which is attached as Appendix A to this Proxy Statement.

Summary of Material Provisions of the Plan

Administration. The Plan is administered by our Compensation Committee. Subject to the terms of the Plan, the Compensation Committee may select participants to receive awards, determine the types of awards and terms and conditions of awards, and interpret provisions of the Plan. To the extent determined by the Board of Directors, the Compensation Committee is required to be composed of no fewer than three directors who are intended to be "non-employee directors" as defined in Rule 16b-3 under the Securities Exchange Act and "outside directors" for purposes of Section 162(m) of the Internal Revenue Code.

Eligibility. Awards may be made under the Plan to our employees, officers, directors or consultants, or to any of our affiliates, or their officers or directors, and to any other individual whose participation in the Plan our Compensation Committee determines to be in our best interests.

Amendment or Termination of the Plan. The Board of Directors may terminate or amend the Plan at any time and for any reason as long as the amendment does not adversely impair the rights of grantees with respect to outstanding awards. Further, unless terminated earlier, the Plan will terminate in September 2010. Amendments will be submitted for stockholder approval to the extent required by the Internal Revenue Code or other applicable laws.

Edgar Filing: ARRAY BIOPHARMA INC - Form DEF 14A

Options. We may grant options under the Plan that are either intended to qualify as incentive stock options under the Internal Revenue Code or not to qualify as incentive stock options, referred to as non-qualified stock options.

The exercise price of each stock option may not be less than 100% of the fair market value of our common stock on the date of grant. In the case of specified 10% stockholders who receive incentive stock options, the exercise price may not be less than 110% of the fair market value of our common stock on the date of grant. An exception to these requirements is made for options that we grant in substitution for options held by employees of companies that we acquire. In this case, the exercise price is adjusted to preserve the economic value of the employee's stock option from his or her former employer.

The term of each stock option is fixed by the Compensation Committee and may not exceed 10 years from the date of grant. The Compensation Committee determines when each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. Options granted under our current Plan, however, are generally exercisable, to the extent vested, for up to 90 days after the optionee terminates employment without cause if the termination occurs more than six months after the option is granted, unless the option agreement provides otherwise.

Options may be exercisable in installments. Options granted under our current Plan vest 25% per year over a four-year period based on continued service with us, unless the option agreement provides otherwise. The exercisability of options may be accelerated by the Compensation Committee.

In general, an optionee may pay the exercise price of an option by cash, check, by tendering shares of our common stock, which if acquired from us have been held by the optionee for at least six months, or by means of a broker-assisted cashless exercise.

Stock options granted under our Plan may not be sold, transferred, pledged or assigned other than by will or under applicable laws of descent and distribution. However, we may permit limited transfers of non-qualified options for the benefit of immediate family members of grantees to help with estate planning concerns.

Other Awards. The Compensation Committee may also award under the Plan:

shares of common stock subject to restrictions;

deferred stock, credited as deferred stock units, but ultimately payable in the form of unrestricted shares of common stock in accordance with the participant's deferral election;

common stock units subject to restrictions;

unrestricted shares of common stock, which are shares of common stock issued at no cost or for a purchase price determined by the Compensation Committee which are free from any restrictions under the Plan;

dividend equivalent rights entitling the grantee to receive credits for dividends that would be paid if the grantee had held a specified number of shares of common stock;

a right to receive a number of shares or, in the discretion of the Compensation Committee, an amount in cash or a combination of shares and cash, based on the increase in the fair market

value of the shares underlying the right during a stated period specified by the Compensation Committee;

a right to receive a number of shares, subject to the attainment of specified performance goals; and

Edgar Filing: ARRAY BIOPHARMA INC - Form DEF 14A

performance and annual incentive awards, ultimately payable in stock or cash, as determined by the Compensation Committee. The Compensation Committee may grant multi-year and annual incentive awards subject to the achievement of specified performance goals tied to business criteria described below.

Section 162(m) of the Internal Revenue Code limits publicly-held companies to an annual deduction for federal income tax purposes of \$1,000,000 for compensation paid to their chief executive officer and the four highest compensated executive officers (other than the chief executive officer) determined at the end of each year. However, performance-based compensation is excluded from this limitation. The Plan is designed to permit the Compensation Committee to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m).

The maximum number of shares subject to options that can be awarded under the Plan to any person is 2,000,000 per year. The maximum number of shares that can be awarded under the Plan to any person, other than pursuant to an option, is 400,000 per year. The maximum amount that may be earned as an annual incentive award or other cash award in any fiscal year by any one person is \$1,000,000 and the maximum amount that may be earned as a performance award or other cash award in respect of a performance period by any one person is \$3,000,000.

Business Criteria. The Compensation Committee may use exclusively one or more of the following business criteria to establish performance goals for awards granted to "covered employees" as defined by Section 162(m) of the Internal Revenue Code:

total stockholder return;

such total stockholder return as compared to total return, on a comparable basis, of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index;

net income;

pretax earnings;

earnings before interest expense, taxes, depreciation and amortization;

pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items;

operating margin;

earnings per share;

return on equity;

return on capital;

return on investment;

operating earnings;

working capital;

ratio of debt to stockholders' equity; and

revenue.

8

Effect of Certain Corporate Transactions. Certain change of control transactions involving us, such as a sale of all or substantially all of our assets or stock, may cause awards granted under the Plan to vest, unless the awards are continued or substituted for by the surviving company in connection with the change of control transaction.

Adjustments for Stock Dividends and Similar Events. The Compensation Committee will make appropriate adjustments in outstanding awards and the number of shares available for issuance under the Plan, including the individual limitations on awards, to reflect common stock dividends, stock splits and other similar events.

Federal Income Tax Consequences

Incentive Stock Options. The grant of an incentive option will not be a taxable event for the optionee or for Array. An optionee will not recognize taxable income upon exercise of an incentive stock option, except that the alternative minimum tax may apply. Any gain realized upon a disposition of shares of stock received upon the exercise of an incentive stock option will be taxed as long-term capital gain if (1) the optionee holds the shares for at least two years after the date of grant and (2) for one year after the date of exercise. Upon exercise of an incentive stock option, Array will not be entitled to any business expense deduction, except as discussed below.

For the exercise of an option to qualify for the foregoing tax treatment, the optionee generally must be an employee of Array or a subsidiary from the date the option is granted through a date within three months before the date of exercise of the option. In the case of an optionee who is disabled or dies, the three-month period for exercise following termination of employment is extended to one year.

If all of the foregoing requirements are met except the holding period requirement mentioned above, the optionee will recognize ordinary income upon the disposition of the stock in an amount generally equal to the excess of the fair market value of the stock at the time the option was exercised over the option exercise price but not in excess of the gain realized on the sale. The balance of the realized gain, if any, will be capital gain. We will be allowed a business expense deduction to the extent the optionee recognizes ordinary income subject to Section 162(m) of the Internal Revenue Code summarized above.

If an optionee exercises an incentive stock option by tendering shares of common stock with a fair market value equal to part or all of the option exercise price, the exchange of shares will be treated as a nontaxable exchange, except that this treatment would not apply if the optionee had acquired the shares being transferred upon the exercise of an incentive stock option and had not satisfied the holding period requirement summarized above. If the exercise is treated as a tax free exchange, the optionee would have no taxable income from the exchange and exercise, other than minimum taxable income as discussed above, and the tax basis of the shares exchanged would be treated as the substituted basis for the shares received. If the optionee used shares received upon the exercise of an incentive stock option as to which the optionee had not satisfied the applicable holding period requirement, the exchange would be treated as a taxable disqualifying disposition of the exchanged shares.

Non-Qualified Options. The grant of a non-qualified option will not be a taxable event for the optionee or Array. Upon exercising a non-qualified stock option, an optionee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the stock on the date of exercise. Upon a subsequent sale or exchange of shares acquired upon the exercise of a non-qualified stock option, the optionee will have taxable gain or loss, measured by the difference between the amount realized on the disposition and the tax basis of the shares. The tax basis of the shares generally would equal the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised.

9

If the optionee surrenders shares of common stock in payment of part or all of the exercise price for non-qualified options, no gain or loss will be recognized with respect to the shares surrendered regardless of whether the shares were acquired upon the exercise of a qualified option, and the optionee will be treated as receiving an equivalent number of shares upon the exercise of the option in a nontaxable exchange. The basis of the shares surrendered will be treated as the substituted tax basis for an equivalent number of option shares received and the new shares will be treated as having been held for the same holding period as had expired with respect to the transferred shares. The difference between the aggregate option exercise price and the aggregate fair market value of the shares received following the exercise of the option will be taxed as

ordinary income. The optionee's basis in the additional shares will be equal to the amount included in the optionee's income.

If Array complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the optionee recognizes ordinary income.

Restricted Stock. A grantee who is awarded restricted stock will not recognize any taxable income for federal income tax purposes in the year of the award, provided that the shares of common stock are subject to restrictions (that is, the restricted stock is nontransferable and subject to a substantial risk of forfeiture). However, the grantee may elect under Section 83(b) of the Internal Revenue Code to recognize compensation income in the year of the award in an amount equal to the fair market value of the common stock on the date of the award (less the purchase price, if any), determined without regard to the restrictions. If the grantee does not make such a Section 83(b) election, the fair market value of the common stock on the date the restrictions lapse (less the purchase price, if any) will be treated as compensation income to the grantee and will be taxable in the year the restrictions lapse. If Array complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

The foregoing tax discussion is a general description of certain expected federal income tax results under current law. No attempt has been made to address any state and local, foreign or estate and gift tax consequences that may arise in connection with participation in the Plan.

Required Vote

The approval by the affirmative vote of the holders of a majority of the shares of common stock present or represented and entitled to vote at the annual meeting is required to approve the amendment to the Plan. Abstentions will have the same effect as a negative vote. Broker "non-votes" will not be counted for purposes of approving this proposal 2.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE IN FAVOR OF THE AMENDMENT TO THE AMENDED AND RESTATED STOCK OPTION PLAN.

11

PROPOSALS 3 AND 4 AMENDMENTS TO ARRAY BIOPHARMA INC. EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors approved two amendments to the Array BioPharma Inc. Employee Stock Purchase Plan (the "ESPP") on September 12, 2002, subject to approval by the stockholders. The purpose of the amendments is:

(1) to increase the number of shares of common stock that may be issued pursuant to the ESPP from 800,000 shares to an aggregate of 1,200,000 shares and

(2) to remove a restriction in the ESPP that prohibits employees whose customary employment is less than 20 hours per week from participating in the ESPP.

The ESPP is intended to benefit Array and our stockholders by motivating our employees to contribute to the growth and success of our operations and encouraging them to remain employed by us by giving them the opportunity to purchase our common stock at a discount through payroll deductions. Highly qualified employees are critical to our success and to our ability to achieve our strategic goals. We believe that equity incentives are essential for us to remain competitive in the marketplace for qualified personnel and that the ESPP is an important ingredient in our equity compensation offerings.

As of August 31, 2002, there were 451,474 shares of common stock authorized and available for future issuance under the ESPP. We expect our headcount to continue to grow and that participation in the ESPP will increase. Accordingly, the Board of Directors believes this number is insufficient to meet our needs and that an increase in the number of shares available for issuance under the ESPP is necessary to enable us to continue to attract, motivate and retain key employees. We also believe that part-time employees are important to our success and expect that they will continue to play a significant role at Array. In approving the amendment to the eligibility requirements under the ESPP, the Board of Directors considered the need for greater flexibility in attracting, motivating and retaining part-time employees through participation in the ESPP.

As of August 31, 2002, there were 208 employees participating in the ESPP. Because participation in the ESPP is subject to the discretion of each eligible employee and the amounts received by participants under the ESPP are subject to the fair market value of our common stock on future dates, the benefits or amounts that will be received by any participant or groups of participants if the ESPP is approved are not currently determinable. As of August 31, 2002, there were five executive officers and 234 other employees of Array who were eligible to participate in the ESPP.

We intend to register the additional 400,000 shares in a Registration Statement on Form S-8 under the Securities Act of 1933 as soon as practicable after receiving stockholder approval.

Edgar Filing: ARRAY BIOPHARMA INC - Form DEF 14A

The summary of the material provisions of the ESPP set forth below is qualified in its entirety by the complete text of the ESPP, a copy of which is attached as Appendix B to this Proxy Statement.

Summary of Material Provisions of the ESPP

Our Board of Directors adopted and our stockholders approved the ESPP in September 2000, effective upon the closing of our initial public offering in November 2000. The ESPP permits eligible employees to elect to have a portion of their pay deducted by us to purchase shares of our common stock at a discount. The Compensation Committee determines the length and duration of the periods during which payroll deductions will be accumulated to purchase shares of common stock. This period is known as the offering period. Within a single offering period, we permit periodic purchases of stock, known as purchase periods. The current offering period, which ends December 31, 2002, is a two-year period, and following December 31, 2002, the offering periods will be six-month periods. The purchase periods are currently three-month periods. The Compensation Committee may modify the duration of the offering periods and the purchase periods in the future.

12

Administration. The ESPP is administered by the Compensation Committee. The Compensation Committee has the authority to interpret the ESPP, to prescribe, amend and rescind rules relating to it, and to make all other determinations necessary or advisable in administering the ESPP. All of the Compensation Committee's determinations will be final and binding.

Shares Subject to the ESPP. Currently, we have reserved 800,000 shares of common stock for issuance under our ESPP. Our stockholders are being asked to approve at this annual meeting an increase in this number to an aggregate of 1,200,000 shares. If there is any increase or decrease in the number of shares of common stock without receipt of consideration by Array (for instance, by a recapitalization or stock split), there may be a proportionate adjustment to the number and kinds of shares that may be purchased under the ESPP.

Eligibility. All of our employees whose customary employment is more than 20 hours per week and for more than five months in any calendar year will be eligible to participate in this plan, provided that any employee who would own 5% or more of the total combined voting power or value of our common stock immediately after any grant is not eligible to participate. An employee must be employed on the last day of the purchase period in order to acquire stock under the ESPP, unless the employee has retired, died or become disabled, been laid off or is on an approved leave of absence. At this annual meeting, our stockholders are being asked to approve an amendment to the ESPP removing the requirement that employees customarily work more than 20 hours per week in order to be eligible to participate in the ESPP.

Participation Election. An eligible employee may become a participant in the ESPP by completing an election to participate in the ESPP on a form we provide and submitting that form to our payroll department. The form authorizes us to have deductions, not to exceed 15% of pay, made from pay on each payday following enrollment in the ESPP. The deductions or contributions are credited to the employee's account under the ESPP. An employee may not during any purchase period increase his or her percentage of payroll deduction or contribution for that purchase period, nor may an employee withdraw any contributed funds other than by terminating participation in the ESPP (as described below). A participating employee may increase or decrease his or her payroll deduction or periodic cash payments, to take effect on the first day of the next purchase period, by delivering to Array a new form regarding election to participate in the ESPP. A participating employee may terminate payroll deductions or contributions at any time.

Purchase Price. Rights to purchase shares of our common stock are deemed granted to participating employees as of the first trading day of each offering period. The purchase price for each share (the "Purchase Price") will be set by the Compensation Committee. The Purchase Price for a purchase period may not be less than 85% of the fair market value of our common stock on (i) the first trading day of the offering period or (ii) the day on which the shares are purchased (the "Purchase Date"), whichever is lower.

Purchase Limit. No employee may purchase common stock in any calendar year under the ESPP, and all other "employee stock purchase plans" of Array and any parent or subsidiary, having an aggregate fair market value in excess of \$25,000, determined as of the first trading date of the offering period.

Purchase of Common Stock. On the Purchase Date, a participating employee is credited with the number of whole shares of common stock purchased under the ESPP for such period. Common stock purchased under the ESPP is held by a broker we designate. We may require shares be retained with such broker for a designated period of time, and may impose a holding period requirement of up to twelve months from the Purchase Date for shares of common stock purchased by participating employees under the ESPP. We may also establish procedures to permit tracking of disqualifying dispositions of such shares or to restrict transfer of such shares.

13

14

If in any purchase or offering period the number of unsold shares that may be made available for purchase under the ESPP is insufficient to permit eligible employees to exercise their rights to purchase shares, a participation adjustment will be made, and the number of shares purchasable by all participating employees will be reduced proportionately. Any funds remaining in a participating employee's account will be refunded.

Termination of Participation. A participating employee will be refunded all monies in his or her account, and his or her participation in the ESPP will be terminated, if, prior to the Purchase Date: (i) the employee ceases to be eligible to participate in the ESPP, (ii) the Board of Directors terminates the ESPP (provided, that, termination of the ESPP will not impair the vested rights of the participant), or (iii) the participating employee leaves the employ of Array, other than by retirement, or is discharged for cause.

If a participating employee terminates participation in the ESPP because of his or her retirement or death, or because of an involuntary termination of employment without cause, the employee (or his or her representative in the event of death) can choose to either: (i) purchase common stock on the Purchase Date with the amounts then accumulated in his or her account or (ii) have all monies in his or her account refunded.

Lay-off, Authorized Leave of Absence or Disability. During any period of absence of the employee from work due to lay-off, authorized leave of absence or disability, the employee can elect (i) to have payroll deductions suspended or (ii) to make periodic payments to the ESPP in cash. If the participating employee returns to active service prior to the Purchase Date, the employee's payroll deductions will be resumed. If the employee did not make periodic cash payments during the employee's period of absence, the employee may elect to either: (x) make up any deficiency in the employee's account resulting from a suspension of payroll deductions by an immediate cash payment; (y) not to make up the deficiency in his or her account, in which event the number of shares to be purchased by the employee will be reduced to the number of whole shares which may be purchased with the amount, if any, credited to the employee's account on the Purchase Date; or (z) withdraw the amount in the employee's account and terminate the employee's option to purchase. If a participating employee's period of lay-off, authorized leave of absence or disability terminates on or before the Purchase Date, and the employee has not resumed active employment with Array or a participating affiliate, the employee will receive a distribution of his or her account.

Assignment. No participating employee may assign his or her rights to purchase shares of common stock under the ESPP, whether voluntarily, by operation of law or otherwise. Any payment of cash or issuance of shares of common stock under the ESPP may be made only to the participating employee (or, in the event of the employee's death, to the employee's estate). Once a stock certificate has been issued to the employee or for his or her account, such certificate may be assigned the same as any other stock certificate.

Amendment of Plan. The Board of Directors may, at any time, amend the ESPP in any respect; provided, however, that without approval of our stockholders, no amendment shall be made (i) increasing the number of shares that may be made available for purchase under the ESPP or (ii) changing the eligibility requirements for participating in the ESPP. No amendment may be made to the ESPP that impairs the vested rights of participating employees.

Termination of Plan. The Board of Directors may terminate the ESPP at any time and for any reason or for no reason, provided that such termination shall not impair any rights of participants that have vested at the time of termination. In any event, the ESPP shall, without further action of the Board of Directors, terminate at the earlier of (i) September 2010 and (ii) such time as all shares of common stock that may be made available for purchase under the ESPP have been issued.

Reorganizations. Upon a reorganization in which we are not the surviving corporation or a sale of assets or stock, the ESPP and all rights outstanding shall terminate, except to the extent provision is made in writing in connection with such transaction for the continuation or assumption of the ESPP, or for the substitution of the rights under the ESPP with rights covering the stock of the successor corporation.

No Employment Rights. Neither the ESPP nor any right to purchase common stock under the ESPP confers upon any employee any right to continued employment with Array or a participating affiliate.

Federal Income Tax Consequences

Edgar Filing: ARRAY BIOPHARMA INC - Form DEF 14A

The ESPP is intended to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code. Amounts withheld from pay under the ESPP are taxable income to participating employees in the year in which the amounts otherwise would have been received, but the participating employees will not be required to recognize additional income for federal income tax purposes either at the time the employee is deemed to have been granted a right to purchase common stock (on the first day of an offering period) or when the right to purchase common stock is exercised (on the last day of the purchase period).

If the participating employee holds the common stock purchased under the ESPP for at least two years after the first day of the offering period in which the common stock was acquired (the "Grant Date") and for at least one year after the common stock is purchased, when the participating employee disposes of the common stock, he or she will recognize as ordinary income an amount equal to the lesser of:

(i) the excess of the fair market value of the common stock on the date of disposition over the price paid for the common stock;
or

(ii) the fair market value of the common stock on the Grant Date multiplied by the discount percentage for stock purchases under the ESPP. The discount percentage is generally 15%, although we may use a lesser discount percentage, including a zero discount percentage.

If the participating employee disposes of the common stock within two years after the Grant Date or within one year after the common stock is purchased, he or she will recognize ordinary income equal to the fair market value of the common stock on the last day of the purchase period in which the common stock was acquired less the amount paid for the common stock. The ordinary income recognition pertains to any disposition of common stock acquired under the ESPP (such as by sale, exchange or gift).

Upon disposition of the common stock acquired under the ESPP, any gain realized in excess of the amount reported as ordinary income will be reportable by the participating employee as a capital gain, and any loss will be reportable as a capital loss. Amounts required to be reported as ordinary income on the disposition of the common stock may be added to the purchase price in determining any remaining capital gain or loss. Capital gain or loss will be long-term if the employee has satisfied the two-year holding period requirement described above or, in any event, if the employee has held the common stock for at least one year. Otherwise, the capital gain or loss will be short-term.

If the participating employee satisfies the two-year holding period for common stock purchased under the ESPP, we will not receive any deduction for federal income tax purposes with respect to that common stock or the right under which it was purchased. If the employee does not satisfy the two-year holding period, we will be entitled to a deduction in any amount equal to the amount that is considered ordinary income. Otherwise, the ESPP has no tax effect on Array.

The foregoing tax discussion is a general description of certain expected federal income tax results under current law. No attempt has been made to address any state and local, foreign or estate and gift tax consequences that may arise in connection with participation in the ESPP.

be discussed by the Statement on Auditing Standards No. 61 relating to the conduct of the audit. The Audit Committee also discussed with Ernst & Young the written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and considered the compatibility of the non-audit services provided by the auditors with the auditors' independence.

We paid the following fees to Ernst & Young for the fiscal year ended June 30, 2002:

Audit Fees

The aggregate fees for professional services rendered for the audit of the annual financial statements for the fiscal year ended June 30, 2002 and the reviews of the financial statements included in quarterly financial statements filed on Forms 10-Q for the fiscal year ended June 30, 2002 were \$93,103.

Financial Information Systems Design and Implementation Fees

No fees were billed by Ernst & Young for financial information systems design and implementation services.

This calculation does not necessarily indicate that the optionee sold stock on that date and at that price, or at all.
- (2) The value of unexercised in-the-money options has been calculated based on the closing price of \$9.64 per share of common stock on June 28, 2002, as reported on The Nasdaq National Market, less the applicable exercise price per share, multiplied by the number of shares underlying these options.
- (3) Does not include 100,000 shares underlying options granted to Mr. Conway on November 20, 2001 that were voluntarily cancelled in April 2002.

Employment Agreements

Robert E. Conway. Effective November 15, 2001, we entered into an employment agreement with Mr. Conway to serve as our Chief Executive Officer. The agreement was entered into at the end of the term of Mr. Conway's prior employment agreement with us, is for an initial term of four years and may be renewed for additional one-year terms. Either party may terminate the agreement for any reason upon 30 days' prior notice to the other party during the initial term or any additional term. Under the agreement, we will pay Mr. Conway an annual salary of \$275,000, subject to subsequent adjustment at the discretion of the Board of Directors. In addition, we granted to Mr. Conway options to purchase 400,000 shares of our common stock in November 2001. In April 2002, Mr. Conway elected to cancel 100,000 of these shares, which were returned to the option pool for future grant. The options vest in equal annual installments over a four-year period, subject to his continued employment. If Mr. Conway terminates his employment agreement, he would be entitled to exercise any vested options during the 90-day period following such termination. Mr. Conway is also eligible to receive a cash and/or equity performance bonus each fiscal year based on a percentage of his base salary if he meets performance criteria established by our Board of Directors. We also agreed to reimburse Mr. Conway for reasonable out-of-pocket expenses he incurred in connection with his performance of services under this agreement.

If Mr. Conway's employment is terminated as a result of his disability or by us without cause, we agreed to pay him a severance payment equal to one year of his base salary in equal monthly installments and he would be entitled to receive, pro-rated to the date of termination, any cash and/or equity performance bonus he would have received for that year. If Mr. Conway's employment is terminated following certain changes in control of our company, we agreed to pay him severance equal to two years of his base salary in equal monthly installments. All options granted to Mr. Conway under the agreement would become fully vested upon certain changes in control of our company. Mr. Conway agreed to execute a release acceptable to us in consideration for our severance obligations under the agreement. If Mr. Conway terminates his employment without cause or if we terminate his employment for cause, he will not receive any severance payments, performance bonus or acceleration of any of his options granted to him under the agreement. Mr. Conway is also subject to a non-compete agreement in which he agreed during the term of his employment and for the two years thereafter not to engage in any competing activities in the United States or within a 50-mile radius of any area where we are doing business and not to recruit or solicit any of our employees or customers.

Other Executive Officers. Effective September 1, 2000, we entered into employment agreements with Dr. Koch, Dr. Snitman, Dr. Piscopio and Mr. Carruthers and effective as of March 4, 2002, we entered into an employment agreement with Mr. Moore. These agreements are for an initial term of two years and may then be renewed for additional one-year terms. In September 2002, we renewed the employment agreements with Dr. Koch, Dr. Snitman, Dr. Piscopio and Mr. Carruthers for additional two-year terms. Either party may terminate for any reason upon 30 days' prior notice to the other. Under these agreements we will pay the employees annual salaries ranging from \$165,000 to \$240,000, subject to subsequent adjustment. If the employee is terminated as a result of disability or by us without cause, including a reduction in the employee's salary, we have agreed to pay the employee a severance payment equal to the greater of one year, or the remaining term, of his then-current base salary in equal monthly installments and to cause any unvested options to vest. Upon a change of control of the company, 75% of such employee's outstanding options will vest and the remaining 25% of such options will vest one year later, if the employee is still working for us. If an employee decides to terminate his employment following a change of control, he would be entitled to receive the same severance payments described above as if his employment were terminated by us without cause. Each of these employees is also subject to a non-compete agreement in which he has agreed for a period of two years following his termination not to engage in any competing activities within a 50-mile radius of any area where we are doing business and not to recruit or solicit any of our employees or customers.

Retirement Savings Plan

We maintain a 401(k) savings plan that is intended to be a qualified retirement plan under the Internal Revenue Code. Generally, all of our employees, excluding leased and intern employees, are eligible to participate in the plan. They may enter the plan at the first calendar quarter following their original employment date; at this point participants may make salary deferral contributions to the savings plan, subject to the limitations imposed by the Internal Revenue Code. Currently, Array matches 50% of the first 4% of each participant's semi-monthly contribution. In addition, Array may make annual discretionary profit sharing contributions in an amount to be determined at the plan year-end by the Board of Directors. Participants' contributions may be invested in any of several investment alternatives. Participants become vested in our contributions according to a graduated vesting schedule based upon length of service with us.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has prepared the following report on Array's policies with respect to the compensation of executive officers for the fiscal year ended June 30, 2002. This report, as well as the performance graph on page 30, are not soliciting materials, are not deemed filed with the SEC and are not incorporated by reference in any filing of Array under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this Proxy Statement and irrespective of any general incorporation language in any such filing.

The Compensation Committee is authorized to determine the compensation of Array's executive officers and administer Array's various incentive compensation, stock and benefit plans, and works closely with the Board of Directors in carrying out its duties. No current member of the Compensation Committee is or has been an employee of Array. During fiscal year 2002, the Compensation Committee consisted of Kyle Lefkoff, Francis J. Bullock, Ph.D. and Robert W. Overell, Ph.D. The Compensation Committee's responsibilities are described in a written charter, which was attached as an appendix to our Proxy Statement filed in connection with our 2001 annual meeting.

Compensation Policies Toward Executive Officers

Overview. Array's compensation policies are designed to attract, motivate and retain experienced and qualified executives and support the attainment of Array's strategic objectives. To achieve these goals, the Compensation Committee seeks to provide industry competitive salaries, bonuses either in cash or in stock options based on the achievement of certain annual operational and financial objectives and on individual merit, and stock option grants to executives when they are hired.

In setting compensation, the Compensation Committee considers individual contribution, teamwork and performance level as well as the executive's total compensation package, including insurance and other benefits. The Committee does not rely exclusively on quantitative methods to set compensation. In determining the compensation of executive officers in fiscal year 2002, the Compensation Committee was advised by an independent executive compensation consulting firm.

Base Salaries. Base salaries are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the individual, and the competitive marketplace for executive talent. The Compensation Committee annually reviews and adjusts base salaries of executive officers based upon, among other things, individual performance, responsibilities and the evaluation of the Chief Executive Officer. The Compensation Committee does not assign specific weights to any particular factors affecting base salary levels.

Bonuses. Executive officers, including the Chief Executive Officer, are eligible for annual cash and/or stock option bonuses equal to a varying percentage of their base salary, based on both corporate and individual performance targets established annually by the Board of Directors. The annual bonus

amount is based on objective financial targets that include revenues, profits, new orders and collaborations, and on operational goals related to staffing, facilities, internal programs and other factors relating to individual merit.

Stock Options. The Compensation Committee and the Board of Directors believe that grants of stock options to Array's executives provide meaningful long-term incentives that increase stockholder value and are critical in attracting and retaining skilled executive personnel. The Compensation Committee generally grants options to new executive officers and other key employees when they are hired by Array and annually reviews making additional grants to executives and employees either as bonus awards or as awards aimed at retaining key employees. Options generally have an exercise price equal to the fair market value on the grant date, vest over a period of four years and expire ten years after grant. The full benefit of the options is realized upon appreciation of the stock price in future periods, thus providing an incentive to create long-term value for Array's stockholders through appreciation of our stock price.

Other. Array has adopted a contributory retirement plan, or 401(k) plan, for all regular employees. Participants may contribute up to 60% of pretax compensation, subject to certain limitations. Currently, Array matches 50% of the first 4% of each participant's semi-monthly contribution, and this contribution vests according to a graduated vesting schedule based upon length of service with us. In addition, Array may make annual discretionary profit sharing contributions in an amount to be determined at the plan year-end by the Board of Directors.

The Compensation Committee also administers Array's Employee Stock Purchase Plan, referred to as the ESPP. The ESPP gives substantially all regular employees an opportunity to purchase shares of common stock through payroll deductions of up to 15% of eligible compensation, not to exceed \$25,000 of fair value annually. Participant account balances are used to purchase stock at the lesser of 85% of the fair market value on the first trading day of the participant's offering period or the last trading day of the purchase period. A total of 800,000 shares of common stock are reserved for issuance under the ESPP, and, as of June 30, 2002, there were 451,474 shares remaining available for purchase.

Chief Executive Officer Compensation

The executive compensation policies described above are applied in setting Mr. Conway's compensation. Accordingly, his compensation also consists of annual base salary, annual cash and/or stock option bonus and long-term equity-linked compensation. The Compensation Committee's general approach in establishing Mr. Conway's compensation is to be competitive with peer companies, but to base a large percentage of his target compensation, by means of grants of performance-based stock options, on Array's long-term performance.

Compensation Deductibility Policy

Under Section 162(m) of the Internal Revenue Code and applicable Treasury regulations, no tax deduction is allowed for annual compensation in excess of \$1,000,000 paid to any of Array's five most highly compensated executive officers. However, performance-based compensation that has been approved by stockholders is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the board committee that establishes such goals consists only of "outside directors" as defined for purposes of Section 162(m). The Compensation Committee intends to maximize the extent of tax deductibility of executive compensation under the provisions of Section 162(m) so long as doing so is compatible with the Company's compensation policies outlined above. The Board of Directors and the Compensation Committee reserve the authority to award non-deductible compensation in other circumstances as they deem appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given,

28

notwithstanding our efforts, that compensation intended by Array to satisfy the requirements for deductibility under Section 162(m) does in fact do so.

Respectfully submitted,

Compensation Committee

Kyle Lefkoff

Prior to our initial public offering and in connection with the sale and issuance of our Series A preferred stock in May 1998, and August 1998, our Series B preferred stock in November 1999, and our Series C preferred stock in August 2000, we entered into an agreement with the investors in such financings providing for registration rights with respect to the shares of common stock, including those issuable upon conversion of each series of preferred stock. The holders of up to approximately 8.1 million shares of our common stock, or their transferees, are entitled to require the registration of those shares under the Securities Act. Under an agreement with these holders, the holders of at least 30% of the shares of common stock held by such holders then outstanding may on up to two occasions require us to register their shares under the Securities Act, subject to some limitations described in the agreement. In addition, these holders can require us to include their shares in future registrations of our shares for our account or the account of another stockholder. These holders may also require us to register their shares on up to two occasions in any calendar year on Form S-3. These registration rights are subject to limitations and conditions, including the right of underwriters to limit the number of shares of common stock held by existing stockholders to be included in a registration. The registration rights as to any holder will terminate when all securities held by the holder entitled to registration rights can be sold within a three-month period under Rule 144 of the Securities Act and when the number of shares held by the holder is less than 1% of our outstanding capital stock on an as converted to common stock basis. In addition, we are generally required to bear all expenses of registration, including the reasonable fees of a single counsel acting on behalf of all selling stockholders, except underwriting discounts and selling commissions.

In connection with Dr. Koch's purchase of 648,404 shares of our common stock on May 18, 1998, he issued us a promissory note with a principal balance of \$100,000 and an interest rate of 6.0% per annum. The note was amended on September 1, 2000, to extend the maturity date to the earlier of September 1, 2002, or the date he voluntarily terminates his employment with us. Dr. Koch repaid the note in full in May 2002. The note was secured with a pledge of 518,723 shares of common stock held by Dr. Koch, of which 468,723 shares were released on September 1, 2000 and the remaining shares were released upon repayment of the note in May 2002.

Submission of Stockholder Proposals for Inclusion in Next Year's Annual Meeting Proxy Statement

Any proposal or proposals by a stockholder intended to be included in the Proxy Statement and form of proxy relating to the 2003 Array Annual Meeting of Stockholders must be received by Array no later than June 3, 2003, (120 days prior to October 1, 2003) according to the proxy solicitation rules of the SEC, and must comply with the other proxy solicitation rules promulgated by the SEC and with the procedures set forth in our Bylaws. Proposals should be sent to the Secretary of Array at 3200 Walnut Street, Boulder, Colorado 80301. Nothing in this paragraph shall be deemed to require Array to include in its Proxy Statement and proxy relating to the 2003 Annual Meeting of Stockholders any stockholder proposal which may be omitted from the proxy materials according to applicable regulations of the SEC in effect at the time the proposal is received.

Other Stockholder Proposals for Presentation at Next Year's Annual Meeting

A stockholder who wishes to submit a proposal for consideration at the 2003 Annual Meeting outside the processes of Rule 14a-8 under the Securities Exchange Act of 1934 and that will not be included in the Proxy Statement for such meeting must, in accordance with Section 2.2 of our Bylaws, file a written notice with the Secretary of Array which conforms to the requirements of the Bylaws. Our Bylaws are on file with the Securities and Exchange Commission, and may be obtained from our Secretary upon request. The officer who will preside at the stockholders meeting will determine whether the information provided in such notice satisfies the informational requirements of the Bylaws. Such notice of a stockholder proposal must be delivered no earlier than August 5, 2003, and no later than September 3, 2003. Any stockholder proposal that is not submitted in accordance with the foregoing procedures will not be considered to be properly brought before the 2003 Annual Meeting.

VOTING PROCEDURES AND COSTS OF PROXY SOLICITATION

All votes will be tabulated by the inspector of election appointed for the Annual Meeting who will separately tabulate affirmative and negative votes, abstentions and shares represented by brokers who are prohibited from exercising discretionary authority because the beneficial owners of such shares have not provided voting instructions, commonly referred to as "broker non-votes." Shares represented by proxies that reflect abstentions and broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. The election of directors will be approved by a plurality of the votes duly cast. Abstentions and broker "non-votes" are not counted for purposes of the election of directors. The amendment to the Plan, the amendments to our ESPP and the ratification of the independent auditors will be approved by a favorable vote of a majority of the shares of our common stock present, in person or by proxy, and entitled to vote at the Annual Meeting. Broker non-votes and abstentions will not be counted for any purpose in determining the adoption of these amendments or the ratification of the independent auditors and will have no effect on these proposals.

32

The cost of preparing, assembling and mailing the proxy materials will be borne by us. We will also request persons, firms and corporations holding shares in their names or in the names of their nominees, which shares are beneficially owned by others, to send the proxy materials to, and to obtain proxies from, such beneficial owners and will reimburse such holders for their reasonable expenses in doing so. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by our directors, officers or other regular employees. No additional compensation will be paid to directors, officers or other regular employees for such services.

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

Your vote is important. Please complete the enclosed Proxy Card and mail it in the enclosed postage-paid envelope as soon as possible.

As a condition to any subsequent Award, the Board shall have the right, at its discretion, to require Grantees to return to the Company Awards previously made under the Plan. Subject to the terms and conditions of the Plan, any such new Award shall be upon such terms and conditions as are specified by the Board at the time the new Award is made. If any shares covered by an Award are not purchased or are forfeited, or if an Award otherwise terminates without delivery of any Stock subject thereto, then the number of shares of Stock counted against the aggregate number of shares available under the Plan with respect to such Award shall, to the extent of any such forfeiture or termination, again be available for making Awards under the Plan. If the exercise price of any Option granted under the Plan is

A-5

satisfied by tendering shares of Stock to the Company (by either actual delivery or by attestation), only the number of shares of Stock issued net of the shares of Stock tendered shall be deemed delivered for purposes of determining the maximum number of shares of Stock available for delivery under the Plan.

5. EFFECTIVE DATE AND TERM OF THE PLAN

5.1. Effective Date.

The Plan shall be effective as of the Effective Date, subject to approval of the Plan by the Company's stockholders within one year of the Effective Date. If the stockholders fail to approve the Plan within one year after the Effective Date, any Awards made hereunder shall be null and void and of no effect.

5.2. Term.

The Plan shall terminate automatically ten (10) years after its adoption by the Board and may be terminated on any earlier date as provided in **Section 21**.

6. AWARD ELIGIBILITY

6.1. Company or Subsidiary Employees; Service Providers; Other Persons.

Subject to Section 7, Awards may be made under the Plan to: (i) any employee of, or a Service Provider to, the Company or of any Affiliate, including any such employee or Service Provider who is an officer or director of the Company, or of any affiliate, as the Board shall determine and designate from time to time, (ii) any Outside Director, and (iii) any other individual whose participation in the Plan is determined to be in the best interests of the Company by the Board.

6.2. Successive Awards.

An eligible person may receive more than one Award, subject to such restrictions as are provided herein.

7.1. Limitation on Shares of Stock Subject to Awards and Cash Awards.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, the maximum number of shares of Stock subject to Options that can be awarded under the Plan to any person eligible for an Award under **Section 6** hereof is two million (2,000,000) per year. An Option shall constitute an Incentive Stock Option only (i) if the Grantee of such Option is an employee of the Company or any Subsidiary of the Company; (ii) to the extent specifically provided in

A-6

the related Award Agreement; and (iii) to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Stock with respect to which all Incentive Stock Options held by such Grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the Grantee's employer and its Affiliates) does not exceed \$100,000. This limitation shall be applied by taking Options into account in the order in which they were granted.

8. AWARD AGREEMENT

Each Award granted pursuant to the Plan shall be evidenced by an Award Agreement, to be executed by the Company and by the Grantee, in such form or forms as the Board shall from time to time determine. Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the Plan. Each Award Agreement evidencing an Award of Options shall specify whether such Options are intended to be Non-qualified Stock Options or Incentive Stock Options, and in the absence of such specification such options shall be deemed Non-qualified Stock Options.

9. OPTION PRICE

The Option Price of each Option shall be fixed by the Board and stated in the Award Agreement evidencing such Option. The Option Price shall be at least the aggregate Fair Market Value on the Grant Date of the shares of Stock subject to the Option; *provided, however*, that in the event that a Grantee would otherwise be ineligible to receive an Incentive Stock Option by reason of the provisions of Sections 422(b)(6) and 424(d) of the Code (relating to ownership of more than ten percent of the Company's outstanding Stock), the Option Price of an Option granted to such Grantee that is intended to be an Incentive Stock Option shall be not less than the greater of the par value of a share of Stock or 110 percent of the Fair Market Value of a share of Stock on the Grant Date. In no case shall the Option Price of any Option be less than the par value of a share of Stock.

10. VESTING, TERM AND EXERCISE OF OPTIONS

10.1. Vesting.

Subject to **Sections 10.2 and 22.3** hereof, each Option granted under the Plan shall become exercisable at such times and under such conditions as shall be determined by the Board and stated in the Award Agreement. For purposes of this **Section 10.1**, fractional numbers of shares of Stock subject to an Option shall be rounded down to the next nearest whole number. The Board may provide, for example, in the Award Agreement for (i) accelerated exercisability of the Option in the event the Grantee's Service terminates on account of death, Disability or another event, (ii) expiration of the Option prior to its term in the event of the termination of the Grantee's Service, (iii) immediate forfeiture of the Option in the event the Grantee's Service is terminated for Cause or (iv) unvested Options to be exercised subject to the Company's right of repurchase with respect to unvested shares of Stock.

A-7

10.2. Term.

Each Option granted under the Plan shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of ten years from the date such Option is granted, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Board and stated in the Award Agreement relating to such Option (the "Termination Date"); *provided, however*, that in the event that the Grantee would otherwise be ineligible to receive an Incentive Stock Option by reason of the provisions of Sections 422(b)(6) and 424(d) of the Code (relating to ownership of more than ten percent of the outstanding Stock), an Option granted to such Grantee that is intended to be an Incentive Stock Option shall not be exercisable after the expiration of five years from its Grant Date.

10.3. Acceleration.

Any limitation on the exercise of an Option contained in any Award Agreement may be rescinded, modified or waived by the Board, in its sole discretion, at any time and from time to time after the Grant Date of such Option, so as to accelerate the time at which the Option may be exercised. Notwithstanding any other provision of the Plan, no Option shall be exercisable in whole or in part prior to the date the Plan is approved by the stockholders of the Company as provided in **Section 5.1** hereof.

10.4. Termination of Service.

Each Award Agreement shall set forth the extent to which the Grantee shall have the right to exercise the Option following termination of the Grantee's Service. Such provisions shall be determined in the sole discretion of the Board, need not be uniform among all Options issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination of Service.

10.5. Limitations on Exercise of Option.

Notwithstanding any other provision of the Plan, in no event may any Option be exercised, in whole or in part, prior to the date the Plan is approved by the stockholders of the Company as provided herein, or after ten years following the Grant Date, or after the occurrence of an event referred to in **Section 22** hereof which results in termination of the Option.

10.6. Method of Exercise.

An Option that is exercisable may be exercised by the Grantee's delivery to the Company of written notice of exercise on any business day, at the Company's principal office, on the form specified by the Company. Such notice shall specify the number of shares of Stock with respect to which the Option is being exercised and shall be accompanied by payment in full of the Option Price of the shares for which the Option is being exercised. The minimum number of shares of Stock with respect to which an Option may be exercised, in whole or in part, at any time shall be the lesser of (i) 100 shares or such lesser number set forth in the applicable Award Agreement and (ii) the maximum number of shares available for purchase under the Option at the time of exercise.

10.7. Form of Payment.

Payment of the Option Price for the shares purchased pursuant to the exercise of an Option shall be made (i) in cash or in cash equivalents acceptable to the Company; (ii) through the tender to the Company of shares of Stock, which shares, if acquired from the Company, shall have been held for at least six months and which shall be valued, for purposes of determining the extent to which the Option Price has been paid thereby, at their Fair Market Value on the date of exercise; or (iii) by a combination of the methods described in (i) and (ii). Unless the Board provides otherwise in the Award Agreement, payment in full of the Option Price need not accompany the written notice of exercise provided that the notice of exercise directs that the certificate or certificates for the shares of

Stock for which the Option is exercised be delivered to a licensed broker acceptable to the Company as the agent for the individual exercising the Option and, at the time such certificate or certificates are delivered, the broker tenders to the Company cash (or cash equivalents acceptable to the Company) equal to the Option Price for the shares of Stock purchased pursuant to the exercise of the Option plus the amount (if any) of federal and/or other taxes which the Company may in its judgment, be required to withhold with respect to the exercise of the Option. An attempt to exercise any Option granted hereunder other than as set forth above shall be invalid and of no force and effect.

10.8. Rights of Holders of Options.

Unless otherwise stated in the applicable Award Agreement, an individual holding or exercising an Option shall have none of the rights of a shareholder (for example, the right to receive cash or dividend payments or distributions attributable to the subject shares of Stock or to direct the voting of the subject shares of Stock) until the shares of Stock covered thereby are fully paid and issued to him. Except as provided in **Section 22** hereof, no adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date of such issuance.

10.9. Delivery of Stock Certificates.

Promptly after the exercise of an Option by a Grantee and the payment in full of the Option Price, such Grantee shall be entitled to the issuance of a stock certificate or certificates evidencing his or her ownership of the shares of Stock subject to the Option.

10.10. Reload Options.

At the discretion of the Board and subject to such restrictions, terms and conditions as the Board may establish, Options granted under the Plan may include a "reload" feature pursuant to which a Grantee exercising an Option by the delivery of a number of shares of Stock in accordance with **Section 10.7** hereof would automatically be granted an additional Option (with an exercise price equal to the Fair Market Value of the Stock on the date the additional Option is granted and with such other terms as the Board may provide) to purchase that number of shares of Stock equal to the number delivered to exercise the original Option with an Option term equal to the remainder of the original Option term unless the Board otherwise determines in the Option Award Agreement for the original grant.

11. TRANSFERABILITY OF OPTIONS

11.1. Transferability of Options

Except as provided in **Section 11.2**, during the lifetime of a Grantee, only the Grantee (or, in the event of legal incapacity or incompetency, the Grantee's guardian or legal representative) may exercise an Option. Except as provided in **Section 11.2**, no Option shall be assignable or transferable by the Grantee to whom it is granted, other than by will or the laws of descent and distribution.

11.2. Family Transfers.

If authorized in the applicable Award Agreement, a Grantee may transfer, not for value, all or part of an Option which is not an Incentive Stock Option to any Family Member. For the purpose of this **Section 11.2**, a "not for value" transfer is a transfer which is (i) a gift, (ii) a transfer under a domestic relations order in settlement of marital property rights; or (iii) a transfer to an entity in which more than fifty percent of the voting interests are owned by Family Members (or the Grantee) in exchange for an interest in that entity. Following a transfer under this **Section 11.2**, any such Option shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer. Subsequent transfers of transferred Options are prohibited except to Family Members of the original Grantee in accordance with this **Section 11.2** or by will or the laws of descent and distribution.

The events of termination of Service of **Section 10.4** hereof shall continue to be applied with respect to the original Grantee, following which the Option shall be exercisable by the transferee only to the extent, and for the periods specified, in **Section 10.4**.

12. STOCK APPRECIATION RIGHTS

The Board is authorized to grant SARs to Grantees on the following terms and conditions:

12.1. Right to Payment.

A SAR shall confer on the Grantee to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Stock on the date of exercise over (B) the grant price of the SAR as determined by the Board. The grant price of an SAR shall not be less than the Fair Market Value of a share of Stock on the date of grant except as provided in **Section 18.1**.

12.2. Other Terms.

The Board shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which a SAR may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the time or times at which SARs shall cease to be or become exercisable following termination of Service or upon other conditions, the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Stock will be delivered or deemed to be delivered to Grantees, whether or not a SAR shall be in tandem or in combination with any other Award, and any other terms and conditions of any SAR. SARs may be either freestanding or in tandem with other Awards.

13. RESTRICTED STOCK

13.1. Grant of Restricted Stock or Restricted Stock Units.

The Board may from time to time grant Restricted Stock or Restricted Stock Units to persons eligible to receive Awards under **Section 6** hereof, subject to such restrictions, conditions and other terms as the Board may determine.

13.2. Restrictions.

At the time a grant of Restricted Stock or Restricted Stock Units is made, the Board shall establish a period of time (the "Restricted Period") applicable to such Restricted Stock or Restricted Stock Units. Each Award of Restricted Stock or Restricted Stock Units may be subject to a different Restricted Period. The Board may, in its sole discretion, at the time a grant of Restricted Stock or Restricted Stock Units is made, prescribe restrictions in addition to or other than the expiration of the Restricted Period, including the satisfaction of corporate or individual performance objectives, which may be applicable to all or any portion of the Restricted Stock or Restricted Stock Units in accordance with **Section 18.3.1** and **18.3.2**. Neither Restricted Stock nor Restricted Stock Units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the Restricted Period or prior to the satisfaction of any other restrictions prescribed by the Board with respect to such Restricted Stock or Restricted Stock Units.

13.3. Restricted Stock Certificates.

The Company shall issue, in the name of each Grantee to whom Restricted Stock has been granted, stock certificates representing the total number of shares of Restricted Stock granted to the Grantee, as soon as reasonably practicable after the Grant Date. The Board may provide in an Award Agreement that either (i) the Secretary of the Company shall hold such certificates for the Grantee's benefit until such time as the Restricted Stock is forfeited to the Company or the restrictions lapse, or (ii) such certificates shall be delivered to the Grantee, *provided, however*, that such certificates shall

A-10

bear a legend or legends that complies with the applicable securities laws and regulations and makes appropriate reference to the restrictions imposed under the Plan and the Award Agreement.

13.4. Rights of Holders of Restricted Stock.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock shall have the right to vote such Stock and the right to receive any dividends declared or paid with respect to such Stock. The Board may provide that any dividends paid on Restricted Stock must be reinvested in shares of Stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such

Restricted Stock. All distributions, if any, received by a Grantee with respect to Restricted Stock as a result of any stock split, stock dividend, combination of shares, or other similar transaction shall be subject to the restrictions applicable to the original Grant.

13.5. Rights of Holders of Restricted Stock Units.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock Units shall have no rights as stockholders of the Company. The Board may provide in an Award Agreement evidencing a grant of Restricted Stock Units that the holder of such Restricted Stock Units shall be entitled to receive, upon the Company's payment of a cash dividend on its outstanding Stock, a cash payment for each Restricted Stock Unit held equal to the per-share dividend paid on the Stock. Such Award Agreement may also provide that such cash payment will be deemed reinvested in additional Restricted Stock Units at a price per unit equal to the Fair Market Value of a share of Stock on the date that such dividend is paid.

13.6. Termination of Service.

Unless the Board otherwise provides in an Award Agreement or in writing after the Award Agreement is issued, upon the termination of a Grantee's Service, any Restricted Stock or Restricted Stock Units held by such Grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, shall immediately be deemed forfeited. Upon forfeiture of Restricted Stock or Restricted Stock Units, the Grantee shall have no further rights with respect to such Award, including but not limited to any right to vote Restricted Stock or any right to receive dividends with respect to shares of Restricted Stock or Restricted Stock Units.

13.7. Delivery of Stock and Payment Therefor.

Upon the expiration or termination of the Restricted Period and the satisfaction of any other conditions prescribed by the Board, the restrictions applicable to shares of Restricted Stock or Restricted Stock Units shall lapse, and, unless otherwise provided in the Award Agreement, upon payment by the Grantee to the Company, in cash or by check, of the aggregate par value of the shares of Stock represented by such Restricted Stock or Restricted Stock Units (or such other higher purchase price determined by the Board), a stock certificate for such shares shall be delivered, free of all such restrictions, to the Grantee or the Grantee's beneficiary or estate, as the case may be.

14. DEFERRED STOCK AWARDS

14.1. Nature of Deferred Stock Awards.

A Deferred Stock Award is an Award of phantom stock units to a Grantee, subject to restrictions and conditions as the Board may determine at the time of grant. Conditions may be based on continuing Service and/or achievement of pre-established performance goals and objectives. The terms and conditions of each such agreement shall be determined by the Board, and such terms and conditions may differ among individual Awards and Grantees. At the end of the deferral period, the Deferred Stock Award, to the extent vested, shall be paid to the Grantee in the form of shares of Stock.

A-11

14.2. Election to Receive Deferred Stock Awards in Lieu of Compensation.

The Board may, in its sole discretion, permit a Grantee to elect to receive a portion of the cash compensation or Restricted Stock Award otherwise due to such Grantee in the form of a Deferred Stock Award. Any such election shall be made in writing and shall be delivered to the Company no later than the date specified by the Board and in accordance with rules and procedures established by the Board. The Board shall have the sole right to determine whether and under what circumstances to permit such elections and to impose such limitations and other terms and conditions thereon as the Board deems appropriate.

14.3. Rights as a Stockholder.

During the deferral period, a Grantee shall have no rights as a stockholder; provided, however, that the Grantee may be credited with Dividend Equivalent Rights with respect to the phantom stock units underlying his Deferred Stock Award, subject to such terms and conditions as the Board may determine.

14.4. Restrictions on Transfer.

A Deferred Stock Award may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of during the deferral period.

14.5. Termination.

Except as may otherwise be provided by the Board either in the Award Agreement or, in writing after the Award Agreement is issued, a Grantee's right in all Deferred Stock Awards that have not vested shall automatically terminate upon the Grantee's termination of Service for any reason.

15. UNRESTRICTED STOCK AWARDS

The Board may, in its sole discretion, grant (or sell at par value or such other higher purchase price determined by the Board) an Unrestricted Stock Award to any Grantee pursuant to which such Grantee may receive shares of Stock free of any restrictions ("Unrestricted Stock") under the Plan. Unrestricted Stock Awards may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration, or in lieu of any cash compensation due to such Grantee.

16. PERFORMANCE STOCK AWARDS

16.1. Nature of Performance Stock Awards.

A Performance Stock Award is an Award entitling the recipient to acquire shares of Stock upon the attainment of specified performance goals. The Board may make Performance Stock Awards independent of or in connection with the granting of any other Award under the Plan. The Board in its sole discretion shall determine whether and to whom Performance Stock Awards shall be made, the performance goals applicable under each such Award, the periods during which performance is to be measured, and all other limitations and conditions applicable to the awarded Performance Stock; provided, however, that the Board may rely on the performance goals and other standards applicable to other performance unit plans of the Company in setting the standards for Performance Stock Awards under the Plan. At any time prior to the Grantee's termination of Service, the Board may in its sole discretion accelerate, waive or amend any or all of the goals, restrictions or conditions imposed under any Performance Stock Award.

16.2. Rights as a Stockholder.

A Grantee receiving a Performance Stock Award shall have the rights of a stockholder only as to shares actually received by the Grantee under the Plan and not with respect to shares subject to the

A-12

Award but not actually received by the Grantee. A Grantee shall be entitled to receive a stock certificate evidencing the acquisition of Stock under a Performance Stock Award only upon satisfaction of all conditions specified in the written instrument evidencing the Performance Stock Award (or in a performance plan adopted by the Board).

16.3. Termination of Service.

Except as may otherwise be provided by the Board either in the Award Agreement or in writing after the Award Agreement is issued, a Grantee's rights in all Performance Stock Awards shall automatically terminate upon the Grantee's termination of Service for any reason.

17. DIVIDEND EQUIVALENT RIGHTS

17.1. Dividend Equivalent Rights.

A Dividend Equivalent Right is an Award entitling the recipient to receive credits based on cash distributions that would have been paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares had been issued to and held by the recipient. A Dividend Equivalent Right may be granted hereunder to any Grantee as a component of another Award or as a freestanding award. The terms and conditions of Dividend Equivalent Rights shall be specified in the grant. Dividend Equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment. Dividend Equivalent Rights may be settled in cash or Stock or a combination thereof, in a single installment or installments, all determined in the sole discretion of the Board. A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon

exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other award.

17.2. Interest Equivalents.

Any Award under this Plan that is settled in whole or in part in cash on a deferred basis may provide in the grant for interest equivalents to be credited with respect to such cash payment. Interest equivalents may be compounded and shall be paid upon such terms and conditions as may be specified by the grant.

17.3. Termination of Service.

Except as may otherwise be provided by the Board either in the Award Agreement or in writing after the Award Agreement is issued, a Grantee's rights in all Dividend Equivalent Rights or interest equivalents shall automatically terminate upon the Grantee's termination of Service for any reason.

18. CERTAIN PROVISIONS APPLICABLE TO AWARDS

18.1. Stand-Alone, Additional, Tandem, and Substitute Awards.

Awards granted under the Plan may, in the discretion of the Board, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, any Affiliate, or any business entity to be acquired by the Company or an Affiliate, or any other right of a Grantee to receive payment from the Company or any Affiliate. Such additional, tandem, and substitute or exchange Awards may be granted at any time. If an Award is granted in substitution or exchange for another Award, the Board shall require the surrender of such other Award in consideration for the grant of the new Award. In addition, Awards

A-13

may be granted in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any Affiliate, in which the value of Stock subject to the Award is equivalent in value to the cash compensation (for example, Deferred Stock or Restricted Stock), or in which the exercise price, grant price or purchase price of the Award in the nature of a right that may be exercised is equal to the Fair Market Value of the underlying Stock minus the value of the cash compensation surrendered (for example, Options granted with an exercise price "discounted" by the amount of the cash compensation surrendered).

18.2. Form and Timing of Payment Under Awards; Deferrals.

Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or an Affiliate upon the exercise of an Option or other Award or settlement of an Award may be made in such forms as the Board shall determine, including, without limitation, cash, Stock, other Awards or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis. The settlement of any Award may be accelerated, and cash paid in lieu of Stock in connection with such settlement, in the discretion of the Board or upon occurrence of one or more specified events. Installment or deferred payments may be required by the Board or permitted at the election of the Grantee on terms and conditions established by the Board. Payments may include, without limitation, provisions for the payment or crediting of a reasonable interest rate on installment or deferred payments or the grant or crediting of Dividend Equivalents or other amounts in respect of installment or deferred payments denominated in Stock.

18.3. Performance and Annual Incentive Awards.

18.3.1. Performance Conditions.

The right of a Grantee to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Board. The Board may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce the amounts payable under any Award subject to performance conditions, except as limited under **Sections 18.3.2** hereof in the case of a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m). If and to the extent required under Code Section 162(m), any power or authority relating to a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m), shall be exercised by the Committee and not the Board.

18.3.2. Performance or Annual Incentive Awards Granted to Designated Covered Employees.

If and to the extent that the Committee determines that a Performance or Annual Incentive Award to be granted to a Grantee who is designated by the Committee as likely to be a Covered Employee should qualify as "performance-based compensation" for purposes of Code Section 162(m), the grant, exercise and/or settlement of such Performance or Annual Incentive Award shall be contingent upon achievement of preestablished performance goals and other terms set forth in this **Section 18.3.2**.

(i) *Performance Goals Generally.* The performance goals for such Performance or Annual Incentive Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this **Section 18.3.2**. Performance goals shall be objective and shall otherwise meet the requirements of Code Section 162(m) and regulations thereunder including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being "substantially uncertain." The Committee may determine that such Performance or Annual Incentive Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance or Annual Incentive Awards. Performance goals may differ for Performance or Annual Incentive Awards granted to any one Grantee or to different Grantees.

A-14

(ii) *Business Criteria.* One or more of the following business criteria for the Company, on a consolidated basis, and/or specified subsidiaries or business units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used exclusively by the Committee in establishing performance goals for such Performance or Annual Incentive Awards: (1) total stockholder return; (2) such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index; (3) net income; (4) pretax earnings; (5) earnings before interest expense, taxes, depreciation and amortization; (6) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items; (7) operating margin; (8) earnings per share; (9) return on equity; (10) return on capital; (11) return on investment; (12) operating earnings; (13) working capital; (14) ratio of debt to stockholders' equity and (15) revenue.

(iii) *Performance Period; Timing For Establishing Performance Goals.* Achievement of performance goals in respect of Performance Awards shall be measured over a performance period of up to ten years and achievement of performance goals in respect of Annual Incentive Awards shall be measured over a performance period of up to one year, as specified by the Committee. Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance or Annual Incentive Awards, or at such other date as may be required or permitted for "performance-based compensation" under Code Section 162(m).

(iv) *Performance or Annual Incentive Award Pool.* The Committee may establish a Performance or Annual Incentive Award pool, which shall be an unfunded pool, for purposes of measuring Company performance in connection with Performance or Annual Incentive Awards.

(v) *Settlement of Performance or Annual Incentive Awards; Other Terms.* Settlement of such Performance or Annual Incentive Awards shall be in cash, Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance or Annual Incentive Awards. The Committee shall specify the circumstances in which such Performance or Annual Incentive Awards shall be paid or forfeited in the event of termination of Service by the Grantee prior to the end of a performance period or settlement of Performance Awards.

18.3.3. Written Determinations.

All determinations by the Committee as to the establishment of performance goals, the amount of any Performance Award pool or potential individual Performance Awards and as to the achievement of performance goals relating to Performance Awards, and the amount of any Annual Incentive Award pool or potential individual Annual Incentive Awards and the amount of final Annual Incentive Awards, shall be made in writing in the case of any Award intended to qualify under Code Section 162(m). To the extent required to comply with Code Section 162(m), the Committee may delegate any responsibility relating to such Performance Awards or Annual Incentive Awards.

18.3.4. Status of Section 18.3.2 Awards Under Code Section 162(m).

It is the intent of the Company that Performance Awards and Annual Incentive Awards under **Section 18.3.2** hereof granted to persons who are designated by the Committee as likely to be Covered Employees within the meaning of Code Section 162(m) and regulations thereunder shall, if so designated by the Committee, constitute "qualified performance-based compensation" within the meaning of Code Section 162(m) and regulations thereunder. Accordingly, the terms of

A-15

Section 18.3.2, including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m) and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Grantee will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of Performance Awards or an Annual Incentive Award, as likely to be a Covered Employee with respect to that fiscal year. If any provision of the Plan or any agreement relating to such Performance Awards or Annual Incentive Awards does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

19. PARACHUTE LIMITATIONS

Notwithstanding any other provision of this Plan or of any other agreement, contract, or understanding heretofore or hereafter entered into by a Grantee with the Company or any Affiliate, except an agreement, contract, or understanding hereafter entered into that expressly modifies or excludes application of this paragraph (an "Other Agreement"), and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to the Grantee (including groups or classes of Grantees or beneficiaries of which the Grantee is a member), whether or not such compensation is deferred, is in cash, or is in the form of a benefit to or for the Grantee (a "Benefit Arrangement"), if the Grantee is a "disqualified individual," as defined in Section 280G(c) of the Code, any Option, Restricted Stock or Restricted Stock Unit held by that Grantee and any right to receive any payment or other benefit under this Plan shall not become exercisable or vested (i) to the extent that such right to exercise, vesting, payment, or benefit, taking into account all other rights, payments, or benefits to or for the Grantee under this Plan, all Other Agreements, and all Benefit Arrangements, would cause any payment or benefit to the Grantee under this Plan to be considered a "parachute payment" within the meaning of Section 280G(b)(2) of the Code as then in effect (a "Parachute Payment") and (ii) if, as a result of receiving a Parachute Payment, the aggregate after-tax amounts received by the Grantee from the Company under this Plan, all Other Agreements, and all Benefit Arrangements would be less than the maximum after-tax amount that could be received by the Grantee without causing any such payment or benefit to be considered a Parachute Payment. In the event that the receipt of any such right to exercise, vesting, payment, or benefit under this Plan, in conjunction with all other rights, payments, or benefits to or for the Grantee under any Other Agreement or any Benefit Arrangement would cause the Grantee to be considered to have received a Parachute Payment under this Plan that would have the effect of decreasing the after-tax amount received by the Grantee as described in clause (ii) of the preceding sentence, then the Grantee shall have the right, in the Grantee's sole discretion, to designate those rights, payments, or benefits under this Plan, any Other Agreements, and any Benefit Arrangements that should be reduced or eliminated so as to avoid having the payment or benefit to the Grantee under this Plan be deemed to be a Parachute Payment.

20. REQUIREMENTS OF LAW

20.1. General.

The Company shall not be required to sell or issue any shares of Stock under any Award if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising an Option, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to an Award upon any securities exchange or under any governmental regulatory body is

A-16

necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Award unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no way affect the date of termination of the Award. Specifically, in connection with the Securities Act, upon the exercise of any Option or the delivery of any shares of Stock underlying an Award, unless a registration statement under such Act is in effect with respect to the shares of Stock covered by such Award, the Company shall not be required to sell or issue such shares unless the Board has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Board shall be final, binding, and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

20.2. Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Awards pursuant to the Plan and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

20.3. Limitation Following a Hardship Distribution.

To the extent required to comply with Treasury Regulation §1.401(k)-1(d)(2)(iv)(B)(4), or any amendment or successor thereto, a Grantee's "elective and employee contributions" (within the meaning of such Treasury Regulation) under the Plan shall be suspended for a period of twelve months following such Grantee's receipt of a hardship distribution made in reliance on such Treasury Regulation from any plan containing a cash or deferred arrangement under Section 401(k) of the Code maintained by the Company or a related party within the provisions of subsections (b), (c), (m) or (o) of Section 414 of the Code.

21. AMENDMENT AND TERMINATION OF THE PLAN

The Board may, at any time and from time to time, amend, suspend, or terminate the Plan as to any shares of Stock as to which Awards have not been made; *provided, however*, that the Board shall not, without approval of the Company's shareholders, amend the Plan such that it does not comply with the Code. Except as permitted under this **Section 21** or **Section 22** hereof, no amendment, suspension, or termination of the Plan shall, without the consent of the Grantee, alter or impair rights or obligations under any Award theretofore awarded under the Plan.

A-17

22. EFFECT OF CHANGES IN CAPITALIZATION

22.1. Changes in Stock.

If the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Effective Date, the number and kinds of shares for which grants of Options and other Awards may be made under the Plan shall be adjusted proportionately and accordingly by the Company. In addition, the number and kind of shares for which Awards are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Grantee immediately following such event shall, to the extent practicable, be the same as immediately before such event. Any such adjustment in outstanding Options shall not change the aggregate Option Price payable with respect to shares that are subject to the unexercised portion of an Option outstanding but shall include a corresponding proportionate adjustment in the Option Price per share. The conversion of any convertible securities of the Company shall not be treated as an increase in shares effected without receipt of consideration. Notwithstanding the foregoing, in the event of a spin-off that results in no change in the number of outstanding shares of Stock of the Company, the Company may, in such manner as the Company deems appropriate, adjust (i) the number and kind of shares subject to outstanding Awards

and/or (ii) the exercise price of outstanding Options and Stock Appreciation Rights.

22.2. Reorganization in Which the Company Is the Surviving Entity and in Which No Change in Control Occurs.

Subject to **Section 22.3** hereof, if the Company shall be the surviving entity in any reorganization, merger, or consolidation of the Company with one or more other entities in which no Change in Control occurs, any Option theretofore granted pursuant to the Plan shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to such Option would have been entitled immediately following such reorganization, merger, or consolidation, with a corresponding proportionate adjustment of the Option Price per share so that the aggregate Option Price thereafter shall be the same as the aggregate Option Price of the shares remaining subject to the Option immediately prior to such reorganization, merger, or consolidation. Subject to any contrary language in an Award Agreement evidencing an Award, any restrictions applicable to such Award shall apply as well to any replacement shares received by the Grantee as a result of the reorganization, merger or consolidation.

22.3. Reorganization, Sale of Assets or Sale of Stock Which Involves a Change in Control.

(a) Subject to **Section 22.3(b)**, upon any transaction that results in a Change in Control, (i) all outstanding shares subject to Awards shall be deemed to have vested, and all restrictions and conditions applicable to such shares subject to Awards shall be deemed to have lapsed, immediately prior to the occurrence of such event, and (ii) all Options outstanding hereunder shall become immediately exercisable for a period of fifteen days immediately prior to the scheduled consummation of the event. Any exercise of an Option during such fifteen-day period shall be conditioned upon the consummation of the event and shall be effective only immediately before the consummation of the event. Upon consummation of any such event, the Plan and all outstanding but unexercised Options shall terminate. The Board shall send written notice of an event that will result in such a termination to all individuals who hold Options not later than the time at which the Company gives notice thereof to its shareholders.

(b) **Section 22.3(a)** shall not apply to the extent provision is made in writing in connection with a transaction described in **Section 22.3(a)** for the assumption of such Options theretofore granted, or for

A-18

the substitution for such Options of new options covering the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kinds of shares or units and exercise prices, in which event the Plan and Options theretofore granted shall continue in the manner and under the terms so provided.

22.4. Adjustments.

Adjustments under this **Section 22** related to shares of Stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share. The Board may provide in the Award Agreements at the time of grant, or any time thereafter with the consent of the Grantee, for different provisions to apply to an Award in place of those described in **Sections 22.1, 22.2** and **22.3**.

22.5. No Limitations on Company.

The making of Awards pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure or to merge, consolidate, dissolve, or liquidate, or to sell or transfer all or any part of its business or assets.

23. POOLING

In the event any provision of the Plan or the Award Agreement would prevent the use of pooling of interests accounting in a corporate transaction involving the Company and such transaction is contingent upon pooling of interests accounting, then that provision shall be deemed amended or revoked to the extent required to preserve such pooling of interests. The Company may require in an Award Agreement that a Grantee who receives an Award under the Plan shall, upon advice from the Company, take (or refrain from taking, as appropriate) all actions necessary or desirable to ensure that pooling of interests accounting is available.

24. DISCLAIMER OF RIGHTS

No provision in the Plan or in any Award or Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any Affiliate, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company. In addition, notwithstanding anything contained in the Plan to the contrary, unless otherwise stated in the applicable Award Agreement, no Award granted under the Plan shall be affected by any change of duties or position of the Grantee, so long as such Grantee continues to be a director, officer, consultant or employee of the Company or an Affiliate. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any Grantee or beneficiary under the terms of the Plan. No Grantee shall have any of the rights of a shareholder with respect to the shares of Stock subject to an Option except to the extent the certificates for such shares of Stock shall have been issued upon the exercise of the Option.

A-19

25. NONEXCLUSIVITY OF THE PLAN

Neither the adoption of the Plan nor the submission of the Plan to the shareholders of the Company for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or particular individuals) as the Board in its discretion determines desirable, including, without limitation, the granting of stock options otherwise than under the Plan.

26. WITHHOLDING TAXES

The Company or an Affiliate, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any Federal, state, or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to an Award or upon the issuance of any shares of Stock upon the exercise of an Option or pursuant to an Award. At the time of such vesting, lapse, or exercise, the Grantee shall pay to the Company or the Affiliate, as the case may be, any amount that the Company or the Affiliate may reasonably determine to be necessary to satisfy such withholding obligation. Subject to the prior approval of the Company or the Affiliate, which may be withheld by the Company or the Affiliate, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the Affiliate to withhold shares of Stock otherwise issuable to the Grantee or (ii) by delivering to the Company or the Affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be determined by the Company or the Affiliate as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this **Section 26** may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting, or other similar requirements.

27. CAPTIONS

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or such Award Agreement.

28. OTHER PROVISIONS

Each Award granted under the Plan may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion.

29. NUMBER AND GENDER

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

30. SEVERABILITY

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

A-20

31. GOVERNING LAW

The validity and construction of this Plan and the instruments evidencing the Grants awarded hereunder shall be governed by the laws of the State of Colorado, other than any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan and the instruments evidencing the Awards awarded hereunder to the substantive laws of any other jurisdiction.

Appendix B

ARRAY BIOPHARMA INC. EMPLOYEE STOCK PURCHASE PLAN

As amended on November 17, 2000

As amended on September 12, 2002, subject to approval by the stockholders.

The Board of Directors of Array BioPharma Inc. (the "Company") has adopted this Employee Stock Purchase Plan (the "Plan") to enable eligible employees of the Company and its participating Affiliates (as defined below), through payroll deductions or other cash contributions, to purchase shares of the Company's Common Stock, par value \$0.001 per share (the "Common Stock"). The Plan is for the benefit of the employees of Array BioPharma Inc. and any participating Affiliates. The Plan is intended to benefit the Company by increasing the employees' interest in the Company's growth and success and encouraging employees to remain in the employ of the Company or its participating Affiliates. The provisions of the Plan are set forth below:

1. SHARES SUBJECT TO THE PLAN.

Subject to adjustment as provided in Section 26 below, the aggregate number of shares of Common Stock that may be made available for purchase by participating employees under the Plan is 1,200,000. The shares issuable under the Plan may, in the discretion of the Board of Directors of the Company (the "Board"), be either authorized but unissued shares or treasury shares.

2. ADMINISTRATION.

The Plan shall be administered under the direction of the Compensation Committee of the Board (the "Committee"). No member of the Board or the Committee shall be liable for any action or determination made in good faith with respect to the Plan.

3. INTERPRETATION.

It is intended that the Plan will meet the requirements for an "employee stock purchase plan" under Section 423 of the Internal Revenue Code of 1986 (the "Code"), and it is to be so applied and interpreted. Subject to the express provisions of the Plan, the Committee shall have authority to interpret the Plan, to prescribe, amend and rescind rules relating to it, and to make all other determinations necessary or advisable in administering the Plan (including any determinations that are reserved by the Board under this Plan), all of which determinations will be final and binding upon all persons.

4. ELIGIBLE EMPLOYEES.

Any employee of the Company or any of its participating Affiliates may participate in the Plan, except the following, who are ineligible to participate: (a) an employee who has been employed by the Company or any of its participating Affiliates for less than thirty days as of the beginning of an Offering Period (as defined in Section 7 below), *provided that* this Section 4(a) shall not apply to any employee who is employed by the Company prior to the date of the pricing of the Company's initial public offering; (b) an employee whose customary employment is for less than five months in any calendar year; and (c) an employee who, after exercising his or her rights to purchase shares under the Plan, would own shares of Common Stock (including shares that may be acquired under any outstanding options) representing five percent or more of the total combined voting power of all classes of stock of the Company. The term "participating Affiliate" means any company or other trade or business that is a subsidiary of the Company (determined in accordance with the principles of

B-1

Sections 424(e) and (f) of the Code and the regulations thereunder). The Board may at any time in its sole discretion, if it deems it advisable to do so, terminate the participation of the employees of a particular participating Affiliate.

5. PARTICIPATION IN THE PLAN.

An eligible employee may become a participating employee in the Plan by completing an election to participate in the Plan on a form provided by the Company and submitting that form to the Payroll Department of the Company. The form will authorize payroll deductions (as provided in Section 6 below) and authorize the purchase of shares of Common Stock for the employee's account in accordance with the terms of the Plan. Enrollment will become effective upon the first day of the first Offering Period. Notwithstanding the forgoing, the Board may, in its discretion, also choose to automatically enroll eligible employees in the Plan in connection with the first Offering Period coinciding with the Company's initial public offering. Eligible employees who are automatically enrolled in the Plan shall be deemed to have elected to purchase Common Stock with a total Purchase Price fixed by the Board at the time of the first Offering Period and payable as a lump sum, which total Purchase Price shall in no event be more than \$25,000.

6. OFFERINGS.

At the time an eligible employee submits his or her election to participate in the Plan (as provided in Section 5 above), the employee shall elect to have deductions made from his or her pay on each pay day following his or her enrollment in the Plan, and for as long as he or she shall participate in the Plan. The deductions will be credited to the participating employee's account under the Plan. Pursuant to Section 5 above, the Board shall also have the authority to authorize in the election form the payment for shares of Common Stock through cash payments from participating employees. An employee may not during any Offering Period change his or her percentage of payroll deduction for that Offering Period, nor may an employee withdraw any contributed funds, other than in accordance with Sections 14 through 20 below.

7. OFFERING PERIODS.

The Offering Periods shall be determined by the Board. The first Offering Period under the Plan shall commence on the date determined by the Board.

If the Purchase Price (as defined below) is determined on the last trading day of a Purchase Period (as defined below) as provided in Section 8 below because the price per share on such date is less than the price per share on the first trading date of the Offering Period, the Board

may provide for the automatic termination of the Offering Period and the automatic commencement of a new Offering Period.

8. RIGHTS TO PURCHASE COMMON STOCK; PURCHASE PRICE.

Rights to purchase shares of Common Stock will be deemed granted to participating employees as of the first trading day of each Offering Period. The purchase price of each share of Common Stock (the "Purchase Price") shall be the lesser of 85 percent of the fair market value of the Common Stock (i) on the first trading day of the Offering Period or (ii) on the last trading day of such Offering Period; *provided, further*, that in no event shall the Purchase Price be less than the par value of the Common Stock. For purposes of the Plan, "fair market value" means the value of each share of Common Stock subject to the Plan on a given date determined as follows: if on such date the shares of Common Stock are listed on an established national or regional stock exchange, are admitted to quotation on The Nasdaq Stock Market, or are publicly traded on an established securities market, the fair market value of the shares of Common Stock shall be the closing price of the shares of Common

B-2

Stock on such exchange or in such market (the highest such closing price if there is more than one such exchange or market) on such date or, if such date is not a trading day, on the trading day immediately preceding such date (or if there is no such reported closing price, the fair market value shall be the mean between the highest bid and lowest asked prices or between the high and low sale prices on such trading day) or, if no sale of the shares of Common Stock is reported for such trading day, on the next preceding day on which any sale shall have been reported. If the shares of Common Stock are not listed on such an exchange, quoted on such system or traded on such a market, fair market value shall be determined by the Board in good faith. Notwithstanding the foregoing, the fair market value of each share of Common Stock on the first day of the Offering Period that commences with the Company's initial public offering shall be the public offering price at which the shares of Common Stock are offered for sale in the initial public offering.

The Board may adopt several purchase periods (each a "Purchase Period") within a given Offering Period. If the Board adopts several purchase periods within an Offering Period, the Purchase Price shall be the lesser of 85 percent of the fair market value of the Common Stock (i) on the first trading day of the Offering Period or (ii) on the last trading day of such Purchase Period; *provided, further*, that in no event shall the Purchase Price be less than the par value of the Common Stock.

9. TIMING OF PURCHASE; PURCHASE LIMITATION.

Unless a participating employee has given prior written notice terminating such employee's participation in the Plan, or the employee's participation in the Plan has otherwise been terminated as provided in Sections 14 through 20 below, such employee will be deemed to have exercised automatically his or her right to purchase Common Stock on the last trading day of the Offering Period (except as provided in Section 14 below) for the number of shares of Common Stock which the accumulated funds in the employee's account at that time will purchase at the Purchase Price, subject to the participation adjustment provided for in Section 13 below and subject to adjustment under Section 26 below. Notwithstanding any other provision of the Plan, no employee may purchase in any one calendar year under the Plan and all other "employee stock purchase plans" of the Company and its participating Affiliates shares of Common Stock having an aggregate fair market value in excess of \$25,000, determined as of the first trading date of the Offering Period as to shares purchased during such period. Effective upon the last trading day of the Offering Period, a participating employee will become a stockholder with respect to the shares purchased during such period, and will thereupon have all dividend, voting and other ownership rights incident thereto. Notwithstanding the foregoing, no shares shall be sold pursuant to the Plan unless the Plan is approved by the Company's stockholders in accordance with Section 25 below.

10. ISSUANCE OF STOCK CERTIFICATES.

On the last trading day of the Offering Period, a participating employee will be credited with the number of shares of Common Stock purchased for his or her account under the Plan during such Offering Period. The Board may permit or require that shares be deposited directly with a broker designated by the Board or to a designated agent of the Company, and the Board may utilize electronic or automated methods of share transfer. The Board may require that shares be retained with such broker or agent for a designated period of time (and may restrict dispositions for a period of up to 12 months from the date of purchase) and/or may establish other procedures to permit tracking of disqualifying dispositions of such shares or to restrict transfer of such shares. The Company shall retain the amount of payroll deductions or the lump-sum payment used to purchase shares of Common Stock as full payment for the shares of Common Stock and the shares of Common Stock shall then be fully paid and non-assessable.

B-3

11. WITHHOLDING OF TAXES.

To the extent that a participating employee realizes income in connection with an acquisition, sale or other transfer of any shares of Common Stock acquired under the Plan, the Company may withhold amounts needed to cover such taxes from any payments otherwise due and owing to the participating employee or from shares that would otherwise be issued to the participating employee hereunder. Any participating employee who sells or otherwise transfers shares purchased under the Plan within two years after the beginning of the Offering Period in which the shares were purchased must within 30 days of such transfer notify the Payroll Department of the Company in writing of such transfer. Notwithstanding any implication herein to the contrary, this Section 11 shall not be interpreted in a manner to impose an withholding obligations on an entity other than the Company.

12. ACCOUNT STATEMENTS.

The Company will cause a statement to be delivered to each participating employee for each Offering Period during which the employee purchases Common Stock under the Plan, reflecting the amount of payroll deductions or other cash contributions during the Offering Period, the number of shares purchased for the employee's account, the price per share of the shares purchased for the employee's account and the number of shares held for the employee's account at the end of the Offering Period.

13. PARTICIPATION ADJUSTMENT.

If in any Offering Period the number of unsold shares that may be made available for purchase under the Plan pursuant to Section 1 above is insufficient to permit exercise of all rights deemed exercised by all participating employees pursuant to Section 9 above, a participation adjustment will be made, and the number of shares purchasable by all participating employees will be reduced proportionately. Any funds then remaining in a participating employee's account after such exercise will be refunded to the employee.

14. CHANGES IN ELECTIONS TO PURCHASE.

(a) A participating employee may, at any time prior to the last trading day of the Offering Period, by written notice to the Company, direct the Company to cease payroll deductions (or, if the payment for shares is being made through periodic cash payments, notify the Company that such payments will be terminated), and the amount in the employee's account will be distributed and the employee's option to purchase will terminate.

(b) Any participating employee may increase or decrease his or her payroll deduction or periodic cash payments, to take effect on the first day of the next Offering Period, by delivering to the Company a new form regarding election to participate in the Plan under Section 5 above.

15. VOLUNTARY TERMINATION OF EMPLOYMENT OR DISCHARGE.

In the event a participating employee voluntarily leaves the employ of the Company or a participating Affiliate, otherwise than by retirement under a plan of the Company or a participating Affiliate, or is discharged for cause prior to the last day of the Offering Period, the amount in the employee's account will be distributed and the employee's option to purchase will terminate.

16. RETIREMENT OR SEVERANCE.

In the event a participating employee who has an option to purchase shares leaves the employ of the Company or a participating Affiliate because of retirement under a plan of the Company or a participating Affiliate, or because of termination of the employee's employment by the Company or a

B-4

participating Affiliate for any reason except discharge for cause, the participating employee may elect, within 10 days after the date of such retirement or termination, one of the following alternatives:

(a) The employee's option to purchase shall be reduced to the number of shares which may be purchased, as of the last day of the Offering Period, with the amount then credited to the employee's account; or

(b) Withdraw the amount in such employee's account and terminate such employee's option to purchase.

Edgar Filing: ARRAY BIOPHARMA INC - Form DEF 14A

In the event the participating employee does not make an election within the aforesaid 10-day period, he or she will be deemed to have elected subsection 16(b) above.

17. LAY-OFF, AUTHORIZED LEAVE OF ABSENCE OR DISABILITY.

Payroll deductions for shares for which a participating employee has an option to purchase may be suspended during any period of absence of the employee from work due to lay-off, authorized leave of absence or disability or, if the employee so elects, periodic payments for such shares may continue to be made in cash.

If such employee returns to active service prior to the last day of the Offering Period, the employee's payroll deductions will be resumed and if said employee did not make periodic cash payments during the employee's period of absence, the employee shall, by written notice to the Company's Payroll Department within 10 days after the employee's return to active service, but not later than the last day of the Offering Period, elect:

- (a) To make up any deficiency in the employee's account resulting from a suspension of payroll deductions by an immediate cash payment;
- (b) Not to make up such deficiency, in which event the number of shares to be purchased by the employee shall be reduced to the number of whole shares which may be purchased with the amount, if any, then credited to the employee's account plus the aggregate amount, if any, of all payroll deductions to be made thereafter; or
- (c) Withdraw the amount in the employee's account and terminate the employee's option to purchase.

A participating employee on lay-off, authorized leave of absence or disability on the last day of the Offering Period shall deliver written notice to his or her employer on or before the last day of the Offering Period, electing one of the alternatives provided in the foregoing clauses (a), (b) and (c) of this Section 17. If any employee fails to deliver such written notice within 10 days after the employee's return to active service or by the last day of the Offering Period, whichever is earlier, the employee shall be deemed to have elected subsection 17(c) above.

If the period of a participating employee's lay-off, authorized leave of absence or disability shall terminate on or before the last day of the Offering Period, and the employee shall not resume active employment with the Company or a participating Affiliate, the employee shall receive a distribution in accordance with the provisions of Section 16 of this Plan.

18. DEATH.

In the event of the death of a participating employee while the employee's option to purchase shares is in effect, the legal representatives of such employee may, within three months after the

B-5

employee's death (but no later than the last day of the Offering Period) by written notice to the Company or participating Affiliate, elect one of the following alternatives:

- (a) The employee's option to purchase shall be reduced to the number of shares which may be purchased, as of the last day of the Offering Period, with the amount then credited to the employee's account; or
- (b) Withdraw the amount in such employee's account and terminate such employee's option to purchase.

In the event the legal representatives of such employee fail to deliver such written notice to the Company or participating Affiliate within the prescribed period, the election to purchase shares shall terminate and the amount, then credited to the employee's account shall be paid to such legal representatives.

19. FAILURE TO MAKE PERIODIC CASH PAYMENTS.

Under any of the circumstances contemplated by this Plan, where the purchase of shares is to be made through periodic cash payments in lieu of payroll deductions, the failure to make any such payments shall reduce, to the extent of the deficiency in such payments, the number of shares purchasable under this Plan.

20. TERMINATION OF PARTICIPATION.

A participating employee will be refunded all moneys in his or her account, and his or her participation in the Plan will be terminated if either (a) the Board elects to terminate the Plan as provided in Section 25 below, or (b) the employee ceases to be eligible to participate in the Plan under Section 4 above. As soon as practicable following termination of an employee's participation in the Plan, the Company will deliver to the employee a check representing the amount in the employee's account and a stock certificate representing the number of whole shares held in the employee's account. Once terminated, participation may not be reinstated for the then current Offering Period, but, if otherwise eligible, the employee may elect to participate in any subsequent Offering Period.

21. ASSIGNMENT.

No participating employee may assign his or her rights to purchase shares of Common Stock under the Plan, whether voluntarily, by operation of law or otherwise. Any payment of cash or issuance of shares of Common Stock under the Plan may be made only to the participating employee (or, in the event of the employee's death, to the employee's estate). Once a stock certificate has been issued to the employee or for his or her account, such certificate may be assigned the same as any other stock certificate.

22. APPLICATION OF FUNDS.

All funds received or held by the Company under the Plan may be used for any corporate purpose until applied to the purchase of Common Stock and/or refunded to participating employees. Participating employees' accounts will not be segregated.

23. NO RIGHT TO CONTINUED EMPLOYMENT.

Neither the Plan nor any right to purchase Common Stock under the Plan confers upon any employee any right to continued employment with the Company or any of its participating Affiliates, nor will an employee's participation in the Plan restrict or interfere in any way with the right of the Company or any of its participating Affiliates to terminate the employee's employment at any time.

B-6

24. AMENDMENT OF PLAN.

The Board may, at any time, amend the Plan in any respect (including an increase in the percentage specified in Section 8 above used in calculating the Purchase Price); *provided, however*, that without approval of the stockholders of the Company no amendment shall be made (a) increasing the number of shares specified in Section 1 above that may be made available for purchase under the Plan (except as provided in Section 26 below) or (b) changing the eligibility requirements for participating in the Plan. No amendment may be made that impairs the vested rights of participating employees.

25. EFFECTIVE DATE; TERM AND TERMINATION OF THE PLAN.

The Plan shall be effective as of the date of adoption by the Board, which date is set forth below, subject to approval of the Plan by a majority of the votes present and entitled to vote at a duly held meeting of the shareholders of the Company at which a quorum representing a majority of all outstanding voting stock is present, either in person or by proxy; *provided, however*, that upon approval of the Plan by the shareholders of the Company as set forth above, all rights to purchase shares granted under the Plan on or after the effective date shall be fully effective as if the shareholders of the Company had approved the Plan on the effective date. If the shareholders fail to approve the Plan on or before one year after the effective date, the Plan shall terminate, any rights to purchase shares granted hereunder shall be null and void and of no effect, and all contributed funds shall be refunded to participating employees. The Board may terminate the Plan at any time and for any reason or for no reason, provided that such termination shall not impair any rights of participating employees that have vested at the time of termination. In any event, the Plan shall, without further action of the Board, terminate ten (10) years after the date of adoption of the Plan by the Board or, if earlier, at such time as all shares of Common Stock that may be made available for purchase under the Plan pursuant to Section 1 above have been issued.

26. EFFECT OF CHANGES IN CAPITALIZATION.

a. Changes in Stock.

Edgar Filing: ARRAY BIOPHARMA INC - Form DEF 14A

If the number of outstanding shares of Common Stock is increased or decreased or the shares of Common Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company by reason of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend, or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the effective date of the Plan, the number and kinds of shares that may be purchased under the Plan shall be adjusted proportionately and accordingly by the Company. In addition, the number and kind of shares for which rights are outstanding shall be similarly adjusted so that the proportionate interest of a participating employee immediately following such event shall, to the extent practicable, be the same as immediately prior to such event. Any such adjustment in outstanding rights shall not change the aggregate Purchase Price payable by a participating employee with respect to shares subject to such rights, but shall include a corresponding proportionate adjustment in the Purchase Price per share. Notwithstanding the foregoing, in the event of a spin-off that results in no change in the number of outstanding shares of stock of the Company, the Company may, in such manner as the Company deems appropriate, adjust (i) the number and kind of shares for which rights are outstanding under the Plan, and (ii) the Purchase Price per share.

b. Reorganization in Which the Company Is the Surviving Corporation.

Subject to Subsection (c) of this Section 26, if the Company shall be the surviving corporation in any reorganization, merger or consolidation of the Company with one or more other corporations, all outstanding rights under the Plan shall pertain to and apply to the securities to which a holder of the

B-7

number of shares of Common Stock subject to such rights would have been entitled immediately following such reorganization, merger or consolidation, with a corresponding proportionate adjustment of the Purchase Price per share so that the aggregate Purchase Price thereafter shall be the same as the aggregate Purchase Price of the shares subject to such rights immediately prior to such reorganization, merger or consolidation.

c. Reorganization in Which the Company Is Not the Surviving Corporation, Sale of Assets or Stock, and other Corporate Transactions.

Upon any dissolution or liquidation of the Company, or upon a merger, consolidation or reorganization of the Company with one or more other corporations in which the Company is not the surviving corporation, or upon a sale of all or substantially all of the assets of the Company to another corporation, or upon any transaction (including, without limitation, a merger or reorganization in which the Company is the surviving corporation) approved by the Board that results in any person or entity owning more than 50 percent of the combined voting power of all classes of stock of the Company, the Plan and all rights outstanding hereunder shall terminate, except to the extent provision is made in writing in connection with such transaction for the continuation of the Plan and/or the assumption of the rights theretofore granted, or for the substitution for such rights of new rights covering the stock of a successor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kinds of shares and exercise prices, in which event the Plan and rights theretofore granted shall continue in the manner and under the terms so provided. In the event of any such termination of the Plan, the Offering Period shall be deemed to have ended on the last trading day prior to such termination, and in accordance with Section 10 above the rights of each participating employee then outstanding shall be deemed to be automatically exercised on such last trading day. The Board shall send written notice of an event that will result in such a termination to all participating employees not later than the time at which the Company gives notice thereof to its stockholders.

d. Adjustments.

Adjustments under this Section 26 related to stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding, and conclusive.

e. No Limitations on Company.

The grant of a right pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge, consolidate, dissolve or liquidate, or to sell or transfer all or any part of its business or assets.

27. GOVERNMENTAL REGULATION.

The Company's obligation to issue, sell and deliver shares of Common Stock pursuant to the Plan is subject to such approval of any governmental authority and any national securities exchange or other market quotation system as may be required in connection with the

authorization, issuance or sale of such shares.

28. STOCKHOLDER RIGHTS.

Any dividends paid on shares held by the Company for a participating employee's account will be transmitted to the employee. The Company will deliver to each participating employee who purchases shares of Common Stock under the Plan, as promptly as practicable by mail or otherwise, all notices of meetings, proxy statements, proxies and other materials distributed by the Company to its stockholders. Any shares of Common Stock held for an employee's account will be voted in accordance with the employee's duly delivered and signed proxy instructions. There will be no charge to participating employees in connection with such notices, proxies and other materials.

29. RULE 16b-3.

Transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 or any successor provision under the Securities Exchange Act of 1934, as amended. If any provision of the Plan or action by the Board fails to so comply, it shall be deemed null and void to the extent permitted by law and deemed advisable by the Board. Moreover, in the event the Plan does not include a provision required by Rule 16b-3 to be stated herein, such provision (other than one relating to eligibility requirements, or the price and amount of awards) shall be deemed automatically to be incorporated by reference into the Plan.

30. PAYMENT OF PLAN EXPENSES.
