INFORMATION ABOUT THE MEETING

This Proxy Statement

We have sent you this Proxy Statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at our 2002 Annual Meeting of Stockholders or any adjournment or postponement of the Meeting. The Meeting will be held at 3 P.M., Eastern standard time, on Tuesday, December 10, 2002, at the offices of Hale and Dorr LLP, Twenty-Sixth Floor, 60 State Street, Boston, Massachusetts.

Edgar Filing: ASPEN TECHNOLOGY INC /DE/ - Form DEF 14A

THIS PROXY STATEMENT summarizes information about the proposal to be considered at the Meeting and other information you may find useful in determining how to vote.

THE PROXY CARD is the means by which you actually authorize another person to vote your shares in accordance with your instructions.

Our directors, officers and employees may solicit proxies in person or by mail, telephone, facsimile or electronic mail. We will pay the cost of soliciting these proxies. We expect that the expense of any solicitation will be nominal. We will reimburse brokers and other nominee holders of shares for expenses they incur in forwarding proxy materials to beneficial owners of those shares. We have not retained the services of any proxy solicitation firm to assist us in this solicitation. In the event we subsequently decide to engage a proxy solicitation firm, we will pay all of the fees and reasonable out-of-pocket expenses incurred by that firm in connection with our solicitation of proxies for the Meeting. We expect that those fees would not exceed \$15,000.

We are mailing this proxy statement and the enclosed proxy card to stockholders for the first time on or about October 29, 2002. In this mailing, we are including a copy of our 2002 Annual Report to Stockholders. Our Annual Report on Form 10-K for the fiscal year ended June 30, 2002 may also be accessed electronically by means of the SEC's home page on the Internet at <http://www.sec.gov>.

How to Vote

At the Meeting, you are entitled to one vote for each share of common stock, approximately 50 votes for each share of Series B-I convertible preferred stock and approximately 57 votes for each share of Series B-II convertible preferred stock registered in your name at the close of business on October 21, 2002. The proxy card states the number of shares you are entitled to vote at the Meeting.

You may vote your shares at the Meeting in person or by proxy:

TO VOTE IN PERSON, you must attend the Meeting, and then complete and submit the ballot provided at the Meeting.

TO VOTE BY TELEPHONE, you must call the toll-free telephone number specified on your proxy card.

TO VOTE BY PROXY, you must complete and return the enclosed proxy card. Your proxy card will be valid only if you sign, date and return it before the Meeting. By completing and returning the proxy card, you will direct the designated persons to vote your shares at the Meeting in the manner you specify in the proxy card. If you complete the proxy card with the exception of the voting instructions, then the designated persons will vote your shares for the election of the nominated directors. If any other business properly comes before the Meeting, the designated persons will have the discretion to vote your shares as they deem appropriate. If you vote by telephone, you should not return your proxy card.

3

Revocability of Proxy

Even if you vote by telephone or if you complete and return a proxy, you may revoke it at any time before it is exercised by taking one of the following actions:

send written notice to Stephen J. Doyle, our Secretary, at our address set forth in the Notice appearing before this Proxy Statement;

vote by telephone after the date of your earlier telephonic vote or proxy;

send us another signed proxy with a later date; or

Edgar Filing: ASPEN TECHNOLOGY INC /DE/ - Form DEF 14A

attend the Meeting, notify the Secretary that you are present, and then vote in person.

Quorum Required to Transact Business

At the close of business on October 21, 2002, 38,345,189 shares of common stock, 40,000 shares of Series B-I convertible preferred stock and 20,000 shares of Series B-II convertible preferred stock were outstanding. Our by-laws require that shares representing a majority of the votes entitled to be cast by the holders of our common stock and preferred stock outstanding on that date, voting together as a class, be present in person or by proxy at the Meeting in order to constitute the quorum to transact business. We will count abstentions and broker non-votes in determining whether a quorum exists.

4

DISCUSSION OF PROPOSAL

Proposal: Election of Class I Directors

The only proposal on the agenda for the Meeting is the election of two persons to serve as Class I directors for three-year terms beginning at the Meeting and ending at our 2005 Annual Meeting of Stockholders.

Under our by-laws, the board of directors has the authority to fix the number of directors. The number of directors currently is fixed at seven. Our by-laws provide that the board is to be divided into three classes with each class of directors serving for staggered three-year terms.

The board has nominated the two current Class I directors for re-election. Brief biographies of the nominees, as of October 21, 2002, follow. You will find information about their stock holdings on pages 19 and 20.

Lawrence B. Evans

Dr. Evans, our principal founder, has served as one of our directors since 1981 and has served as our Chairman of the Board since 1984. He also served as our Chief Executive Officer from 1984 through September 2002, our President from inception until 1984 and from January 2001 through September 2002, and our Treasurer from 1984 to 1995. Dr. Evans holds a B.S. in Chemical Engineering from the University of Oklahoma and an M.S.E. and Ph.D. in Chemical Engineering from the University of Michigan. Dr. Evans is 68 years old.

Joan C. McArdle

Ms. McArdle has served as one of our directors since 1994. She currently serves as a member of the Audit Committee and the Nominating Committee. Since 1985 she has been a Vice President of Massachusetts Capital Resource Company, an investment company. Ms. McArdle holds an A.B. in English from Smith College. Ms. McArdle is 51 years old.

The two nominees receiving the greatest number of votes cast will be elected as directors. We will not count abstentions or broker non-votes when we tabulate votes cast for the election of directors.

If for any reason either of Dr. Evans or Ms. McArdle becomes unavailable for election, the persons designated in the proxy card may vote the proxy for the election of a substitute. Dr. Evans and Ms. McArdle have consented to serve as directors if elected, and we have no reason to believe that either of them will become unavailable for election.

The board of directors recommends that you vote FOR the election of each of Dr. Evans and Ms. McArdle.

5

Other Matters

Neither we nor the board of directors intends to propose any matters at the Meeting other than the election of two Class I directors.

Stockholder Proposals for 2003 Annual Meeting

A stockholder who intends to present a proposal at the 2003 Annual Meeting of Stockholders for inclusion in our 2003 proxy statement must submit the proposal by June 30, 2003. In order for the proposal to be included in the proxy statement, the stockholder submitting the proposal must meet certain eligibility standards and must comply with certain procedures established by the SEC, and the proposal must comply with the requirements as to form and substance established by applicable laws and regulations. The proposal must be mailed to our Secretary at our address set forth on the Notice appearing before this Proxy Statement.

In addition, in accordance with our by-laws, a stockholder wishing to bring an item of business before the 2003 Annual Meeting of Stockholders must deliver notice of the item of business to us at our offices no later than 60 days and no earlier than 90 days prior to that meeting, even if the item is not to be included in our proxy statement. If a stockholder who wishes to present a proposal fails to notify us by this date, the proxies our management solicits for that meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before that meeting. If a stockholder makes timely notification, the proxies may still exercise discretionary authority under circumstances consistent with the SEC's proxy rules.

Important Notice Regarding Delivery of Stockholder Documents

The SEC has recently adopted a "householding" rule that we intend to implement for future stockholder communications. This rule permits us to deliver a single proxy or information statement to a household, even though two or more stockholders live under the same roof or a stockholder has shares registered in multiple accounts. This rule will enable us to reduce the expense of printing and mailing associated with proxy statements and reduce the amount of duplicative information you may currently receive. If this rule applies to you and you wish to continue receiving separate proxy materials without participating in the "householding" rule, please check the designated box on the enclosed proxy card. We will assume that we have your implied consent to deliver one set of proxy materials under the new rule if you do not notify us within 60 days that you wish to receive separate materials. This implied consent will continue for as long as you remain a stockholder, unless you notify us in writing otherwise. If you revoke your consent, we will begin sending separate copies within 30 days of the receipt of your revocation.

Some banks, brokers and other nominee record holders are already "householding" proxy statements and annual reports. This means that only one copy of our proxy statement or annual report may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you write to or call us at the following address or phone number: Investor Relations, Aspen Technology, Inc., Ten Canal Park, Cambridge, Massachusetts 02141, (617) 949-1000. If you want to receive separate copies of the proxy statement and annual report in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address or phone number.

The Audit Committee met 10 times during fiscal year 2002. The Audit Committee:

reviews the scope and results of the annual audit of our consolidated financial statements conducted by our independent accountants;

None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as members of the board of directors or Compensation Committee.

Director Compensation

We pay our directors who are not our full-time employees an annual fee of \$25,000 for their services as members of the board of directors. In addition, at the election of any director, his or her annual fee may be converted to a right to purchase shares of our common stock at the then-current market price.

Additionally, our 1995 Directors Stock Option Plan provides that each non-employee director will be granted an option to purchase 24,000 shares of common stock at fair market value upon his or her initial election as a director. One-twelfth of the options granted upon initial election vests at the end of each calendar quarter, but only if the optionee continues to be a director on the vesting date. Subsequent options to purchase 8,000 shares of common stock at fair market value following each annual meeting are to be granted to each non-employee director who continues to serve as a director. These options become exercisable in four quarterly installments, beginning with the third anniversary of the grant date, but only if the optionee continues to be a director on the vesting date.

Report of Audit Committee

The following is the report of the Audit Committee of the board of directors. This report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act or the Securities Exchange Act, except to the extent we specifically incorporate this report by reference therein.

The charter of our Audit Committee, which was approved by the board of directors on August 18, 1999, reflects standards set forth in SEC regulations and Nasdaq Stock Market rules. The charter is set forth as Exhibit II to our proxy statement for our 2001 Annual Meeting of

Edgar Filing: ASPEN TECHNOLOGY INC /DE/ - Form DEF 14A

Stockholders and may be accessed electronically by means of the SEC's home page on the Internet at <http://www.sec.gov>.

Management is responsible for our internal controls and the financial reporting process. Our independent accountants are responsible for performing an independent audit of our financial statements in accordance with generally accepted accounting principles and for issuing a report on those financial statements. The Audit Committee is responsible for monitoring and overseeing these processes. The Audit Committee's primary responsibilities fall into three broad categories:

first, the Audit Committee is charged with overseeing the preparation of quarterly and annual financial reports by our management, including discussions with management and our outside auditors about draft annual financial statements and key accounting and reporting matters;

second, the Audit Committee is responsible for matters concerning the relationship among the Audit Committee, our board of directors, the outside, independent auditors and management, including recommending the appointment or removal of the outside auditors, reviewing the scope of their audit services and related fees, as well as any other services being provided to us; and determining whether the outside auditors are independent (based in part on the annual letter provided to us pursuant to Independence Standards Board No. 1); and

third, the Audit Committee oversees management's implementation of effective systems of internal controls, including review of policies relating to legal and regulatory compliance, ethics and conflicts of interest.

9

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met during the months of August and December 2001 and January, February, March, April, May and June 2002. The Audit Committee also met in September 2002 to accept the report of our outside auditors for the fiscal year ended June 30, 2002.

In overseeing the preparation of our financial statements, the Audit Committee met with both management and our outside auditors to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee discussed the statements with both management and the outside auditors. The Audit Committee's review included discussions with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61, *Communication With Audit Committees*. SAS 61 requires our independent auditors to discuss with the Audit Committee, among other things, the following:

methods to account for significant and/or unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance over consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and

disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

With respect to our outside auditors, the Audit Committee, among other things, discussed with Deloitte & Touche LLP matters relating to Deloitte & Touche's independence from us, including the disclosures made by Deloitte & Touche to the Audit Committee as required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. The Audit Committee also considered whether the independent auditors' provision of certain other non-audit related services to us is compatible with maintaining such auditors'

independence.

On the basis of these reviews and discussions, the Audit Committee recommended to our board of directors that the board approve the inclusion of our audited financial statements in our annual report on Form 10-K for the fiscal year ended June 30, 2002 for filing with the SEC.

During our fiscal years ended June 30, 2001 and 2000 and through the date we dismissed Arthur Andersen, we did not consult with Deloitte & Touche with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

We expect that representatives of Deloitte & Touche will attend the Meeting, will have an opportunity to make a statement, and will be available to respond to appropriate questions.

For the fiscal year ended June 30, 2002, we paid or accrued fees for services provided by Arthur Andersen and Deloitte & Touche as follows:

Each of the options granted to the Named Officers has a maximum term of ten years, subject to earlier termination in the event of the optionee's cessation of service with us. Each option is exercisable during the holder's lifetime only by the holder; it is exercisable by the holder only while the holder is our employee or advisor and for a certain limited period of time thereafter in the event of termination of employment. The exercise price may be paid in cash or in shares of common stock valued at fair market value on the exercise date. One-sixteenth of each of the options vests at the end of each calendar quarter. The exercisability of the options is accelerated upon a change in control of our company.

14

The following table sets forth information regarding the options we granted to the Named Officers during the fiscal year ended June 30, 2002.

Option Grants in Fiscal Year 2002

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term	
	Number of Securities Underlying Options Granted(#)	Percent of Total Options Granted to Employees in Fiscal Year (%)	Exercise Price (\$/sh)	Expiration Date	5%(\$)	10%(\$)
Lawrence B. Evans	22,500	0.56%	\$ 13.14	10/29/11	\$ 169,704	\$ 444,345
David L. McQuillin	22,500	0.56	13.14	10/29/11	169,704	444,345
Mary A. Palermo	22,500	0.56	13.14	10/29/11	169,704	444,345
Stephen J. Doyle	15,000	0.37	13.14	10/29/11	112,716	296,230
Lisa W. Zappala	20,000	0.49	13.14	10/29/11	150,288	394,973

The amounts shown represent hypothetical gains that could be achieved for the respective options if exercised at the end of their option terms. These gains are based on assumed rates of stock appreciation of five percent and ten percent, compounded annually from the date the respective options were granted to the date of their expiration. The gains shown are net of the option price, but do not include deductions for taxes or other expenses that may be associated with the exercise. Actual gains, if any, on stock option exercises will depend on future performance of the common stock, the optionholders' continued employment through the option period, and the date on which the options are exercised.

The following table sets forth information as to options exercised during the fiscal year ended June 30, 2002, and unexercised options held at the end of such fiscal year, by the Named Officers.

Aggregated Option Exercises in Fiscal Year 2002 and Fiscal 2002 Year-End Option Values

Name	Shares Acquired on Exercise(#)	Value Realized(\$)	Number of		Value of Unexercised	
			Unexercised Options at Fiscal Year-End(#)		In-The-Money Options at Fiscal Year-End(\$)

Stephen J. Doyle			87,937	36,563		
Lisa W. Zappala			93,228	48,125		

The values in the value realized column are based on the closing sale prices of common stock on the respective dates of exercise, as reported by the Nasdaq National Market, less the respective option exercise price.

The closing sale price for the common stock as reported by the Nasdaq National Market on June 28, 2002, the last business day of fiscal year 2002, was \$8.34. Value of unexercised in-the-money options is calculated on the basis of the amount, if any, by which an option exercise price exceeds the closing sale price of the common stock at June 28, 2002, multiplied by the number of shares of common stock underlying the option.

Employment Agreements

On September 30, 2002, we entered into a severance agreement with David L. McQuillin, pursuant to which Mr. McQuillin is entitled to receive his base salary for a period of 18 months upon termination of his employment with us for any reason other than death, disability, resignation or removal for cause.

On May 9, 2002, we entered into an employment agreement with Wayne Sim, pursuant to which Mr. Sim will serve as our Senior Vice President, Worldwide Sales for a period of two years. Mr. Sim's base salary for the initial term of the agreement is Cd\$330,000 per year, subject to periodic salary reviews. In addition, Mr. Sim is eligible to receive a performance bonus of up to 50% of his base salary upon meeting certain performance criteria established by our Chief Executive Officer.

On April 1, 2002, we entered into an employment agreement with Mary A. Palermo, under which Ms. Palermo agreed to serve as our Executive Vice President and Co-Chief Operating Officer until at least September 30, 2002 and, thereafter, to serve for 15 months as our advisor focusing on business development issues. During this 15-month period, Ms. Palermo will continue to receive her base salary as in effect at the end of fiscal year 2002 and her stock options will continue to vest. Ms. Palermo is continuing to serve as an Executive Vice President and Chief Operating Officer as of the date of initial mailing of this proxy statement.

Change in Control Agreements

On August 12, 1997, we entered into change in control agreements with Stephen J. Doyle, Lawrence B. Evans, David L. McQuillin and Mary A. Palermo. We subsequently entered into change in control agreements with Lisa W. Zappala on November 3, 1999, and Wayne Sim on May 9, 2002.

With the exception of the agreement with Wayne Sim which shall expire on June 30, 2003, each agreement is for an initial term which expired on June 30, 2002 and is automatically renewed thereafter on a yearly basis unless our board of directors ends the self-renewing feature at least 60 days before the next renewal. In the event of both a change in control and termination of employment (excluding termination for cause but including constructive termination), each of these executive officers will be entitled to a severance payment equal to three times salary plus bonus plus cost of benefits. A "change in control" is generally defined as any one person or group of persons purchasing 25% of the outstanding stock. Each agreement provides that the payment will be increased in the event that it would subject the executive to excise tax as a parachute payment under Section 280G of the Internal Revenue Code. The increase would be equal to an amount necessary for the executive to receive after payment of such tax cash in an amount equal to the amount the executive would have received in the absence of such tax. However, the increased payment will not be made if the total severance payment, if so increased, would not exceed 110% of the highest amount (the "reduced amount") that could be paid without causing an imposition of the excise tax. In that event, in lieu of an increased payment, the total severance payment will be reduced to such reduced amount.

We may enter into similar change in control agreements in the future with other officers of our company.

Report of Compensation Committee

The following is the report of the Compensation Committee of the board of directors. The report describes the compensation policies and rationales that the Compensation Committee used to determine the compensation paid to our executive officers.

Purpose of the Compensation Committee. The Compensation Committee is responsible for determining compensation levels for the executive officers for each fiscal year based upon a consistent set of policies and procedures.

16

Elements of the Compensation Program. Each executive officer's compensation package has three elements:

base compensation, which reflects individual performance and is designed primarily to be competitive with salary levels in a comparative group;

bonus compensation, payable in cash and based on achievement of financial performance goals established by the Compensation Committee; and

stock options, designed to assure long-term alignment with the interests of stockholders.

Based on the information reviewed by the Compensation Committee, including a study previously commissioned from Westward Pay Strategies, Inc., the Compensation Committee determined that total executive compensation packages were authorized at levels deemed by the Compensation Committee to be appropriate to continue alignment with stockholder interests and to serve as a means to retain the services of the executive officers.

Section 162(m) Limitations. The cash compensation to be paid to our executive officers for the fiscal year ended June 30, 2002 is not expected to exceed the \$1,000,000 limit per officer imposed on the tax deductibility of such compensation by Section 162(m) of the Internal Revenue Code. Because our 2001 Stock Option Plan limit the maximum number of shares of common stock for which any one participant may be granted stock options, any compensation deemed paid to an executive officer when he or she exercises an outstanding option under this plan will qualify as performance-based compensation and will not count toward (or beyond) the \$1,000,000 limitation.

INFORMATION ABOUT STOCK OWNERSHIP AND PERFORMANCE

Stock Owned by Directors, Executive Officers and Greater-Than-5% Stockholders

The following table sets forth certain information as of October 21, 2002, with respect to the beneficial ownership of the common stock, Series B-I convertible preferred stock and Series B-II convertible preferred stock by:

each person or group that we know owns of record or beneficially more than 5% of the outstanding shares of the common stock;

Edgar Filing: ASPEN TECHNOLOGY INC /DE/ - Form DEF 14A

each of the Named Officers;

each of our directors, including the nominees for re-election; and

all of our executive officers and directors as a group.

A total of 38,345,189 shares of common stock, 40,000 shares of Series B-I convertible preferred stock and 20,000 shares of Series B-II convertible preferred stock were outstanding as of October 21, 2002.

Unless otherwise noted, each person identified possesses sole voting and investment power with respect to shares subject to community property laws where applicable. Shares under "Common Stock Right to Acquire" include shares subject to options or warrants that were vested as of October 21, 2002 or will vest within 60 days of October 21, 2002, as well as shares issuable upon the conversion of Series B-I and Series B-II convertible preferred stock. Shares not outstanding but deemed beneficially owned by virtue of the right of a person to acquire those shares are treated as outstanding only for purposes of determining the number and percent of shares of common stock owned by such person or group. The percentages under "Common Stock % of Voting Power" represent the percentages of voting power held by the identified persons, including the voting rights attributable to shares of Series B-I and Series B-II convertible preferred stock, with respect to matters on which holders of common stock generally are entitled to vote, including the election of directors at the Meeting. In calculating the percentage of voting power, the total number of votes entitled to be cast as of October 21, 2002 consists of 41,485,189 votes, plus, for that person, a number of votes equal to the number of shares subject to options that were exercisable on, or within 60 days after, October 21, 2002. The percentage of voting power and the number of shares of common stock shown as beneficially owned by Pine Ridge, Smithfield and Perseverance disregard the limitations on acquiring shares of common stock upon the conversion of Series B-I and Series B-II convertible preferred stock or the exercise of warrants if the conversion or exercise would result in the person beneficially owning more than 4.99% of our outstanding common stock without first providing us with 61 days' notice.

The address of all of our executive officers and directors is in care of Aspen Technology, Inc., Ten Canal Park, Cambridge, Massachusetts 02141.
