CARECENTRIC REPORTS 1ST QUARTER 2003 FINANCIAL RESULTS

ATLANTA, GA (MAY 9, 2003) - CARECENTRIC, INC. (OTC BULLETIN BOARD: CURA), a leading provider of management information systems to the home health care community, reports today its financial results for the calendar quarter ended March 31, 2003. CareCentric reported a 4.3% increase in revenues for the three months ended March 31, 2003 to \$5.5 million against revenues of \$5.3 million for the three months ended March 31, 2002. The Net Cash provided from Operating Activities during the three months ended March 31, 2003 of \$0.6 million represented a \$1.8 million improvement when compared against the Use of Net Cash in Operating Activities of \$1.2 million reported for the 1st quarter of 2002. Net Income for the three months ended March 31, 2003 was \$0.4 million, which represented an increase of \$1.0 million over the Net Loss of \$0.6 million reported for the three months ended March 31, 2002.

"Our first quarter results for 2003 when compared to the first quarter of 2002 confirms the level of operating stability the Company has achieved over the course of the last year," stated John R. Festa, President and CEO of CareCentric. "Our increase in revenues in the first quarter was generated largely by our maintenance service offerings while our new system sales ran more slowly than expected. New system sales trends have been slow to improve as our customers remain involved in managing implementation of HIPAA regulations, cost reduction efforts in response to the 15% reduction in reimbursement rates and general economic sluggishness."

Mr. Festa added, "While our comparative quarter results are good, our objectives going forward remain clear. We must excel in all areas of customer satisfaction and aggressively work towards the extension of our product enhancement

2

activities and development efforts for the new product platform. We continue to solicit our customers' input towards those objectives through the use of customer service satisfaction surveys and customer advisory boards. Additionally, we are focused on greater marketing efforts and the addition of more service offerings to our customers to improve their satisfaction and capabilities in the use of our products. "

"The Board remains pleased with the financial performance and the actions taken by the Company," said John Reed, Chairman of the Board of Directors. "The Company continues to push its objectives to new levels and despite the sales softness is continuing to meet its financial goals."
