Dear Fellow Shareholders,

The stock market has made a strong recovery in 2003. Historically low interest rates, improving corporate earnings and government stimulus in the form of tax cuts gave investors hope that the economy would begin to strengthen, which it did. The market's move up began in April and the breadth of the rally was enormous. As a result, the major indexes were able to wipe out their first-quarter losses and post solid gains year-to-date through October 31. With technology leading the way, the tech-heavy Nasdaq Composite Index rose 45.22% through October, while the Dow Jones Industrial Average was up 19.82% and the Standard & Poor's 500 Index returned 21.19%. With falling interest rates, bonds also did well, although they began to reverse course in July. High yield bonds led the pack, returning 24.23% through October, as measured by the Lehman Brothers High Yield Index.

In other news, we are pleased to inform you that on September 28, 2003, the Boards of Directors of Canada-based Manulife Financial Corporation and Boston-based John Hancock Financial Services, Inc., the parent company of John Hancock Funds, unanimously voted to merge the two companies.

Please be assured that the completion of the merger -- anticipated to occur in the first half of 2004 -- will have no effect on your investment in our John Hancock mutual funds. Your fund's adviser and board of trustees will remain the same, as will your relationship with your financial adviser.

The merger is subject to customary closing conditions, including receipt of required regulatory approvals and approval by John Hancock stockholders. If you only own shares in a John Hancock mutual fund you are not affected and will not receive a proxy.

Additional information on this transaction is available on our Web site: www.jhfunds.com. If you have questions about the merger, you may also call 800-732-5543. Separately, for information about your investments in John Hancock funds, please contact your financial adviser or our Customer Service representatives at 800-225-5291.

Sincerely,

/S/ MAUREEN FORD GOLDFARB

YOUR FUND AT A GLANCE

The Fund seeks long-term capital appreciation, with moderate income as a secondary objective, by investing primarily in stocks of regional banks and lending companies.

Over the last twelve months

- * The stock market staged a strong recovery as the economy and corporate earnings began to improve.
- * Financial stocks as a group did slightly better than the broad market, led by market-sensitive and small-cap names.
- * The Fund's best performers were large banks with improving credit quality and business lines tied to the rising stock market.

PORTFOLIO MANAGERS

Edgar Filing: HANCOCK JOHN BANK & THRIFT OPPORTUNITY FUND - Form N-CSR/A

MANAGERS' REPORT

John Hancock
Bank and Thrift Opportunity Fund

Recently, Jay McKelvey, a member of the Fund's management team since 1998, was added as a portfolio manager, replacing Thomas Goggins.

The stock market staged a remarkable recovery over the 12 months ending October 31, 2003. A variety of factors contributed to the market's reversal from three years of negative results. They included increasing signs of a rebounding economy, further interest-rate cuts, a significant tax cut, a quick end to the major military phase of war in Iraq and improved corporate earnings. As a result, the broad market, as measured by the Standard & Poor's 500 Index, returned 20.79% for the year ending October 31, 2003.

Financial stocks as a group slightly outperformed the S&P 500, returning 23.40% for the period, as measured by the Standard & Poor's 500 Financial Index. The best results came from market-sensitive companies, such as asset managers and securities brokers -- who benefited from the rebounding market -- and mortgage originators and specialty finance companies. Among banks, the best performers were a few of the largest names that have experienced credit quality improvements and enjoyed a dramatic rebound after being beaten down in the market's long slide. Small banks also did well, as they continued to benefit from strong deposit and loan growth, a healthy mortgage climate and growing speculation about takeover possibilities. Mid-size regional banks turned in good, but more modest, results.

"Financial stocks as a group slightly outperformed the S&P 500..."

FUND PERFORMANCE

For the year ended October 31, 2003, John Hancock Bank and Thrift Opportunity Fund posted a total return of 27.57% at net

2

asset value, compared with the 25.48% return of the average open-end financial services fund, according to Lipper, Inc. Keep in mind that your net asset value return will be different from the Fund's performance if you were not invested in the Fund for the entire period and did not reinvest all distributions.

MARKET- AND MORTGAGE-RELATED SURGE

Following the market's trend, many of the Fund's best performers were large banks recovering from worries about credit problems that proved less severe than expected, and which also had market-sensitive lines of business. They included FleetBoston Financial, Wachovia and U.S. Bancorp. In addition to improving fundamentals, Fleet's stock was lifted

Edgar Filing: HANCOCK JOHN BANK & THRIFT OPPORTUNITY FUND - Form N-CSR/A

at the end of the period by the announcement of its proposed acquisition by Bank of America at an attractive premium.

With interest rates declining until the last several months of the period, companies with hefty mortgage banking and fixed-income businesses served us well, including Countrywide Financial, First Tennessee National, National City Corp. and Washington Mutual. Our standouts among the small banks were East-West Bancorp., Independent Bank Corp. and UCBH Holdings.

"...many of the Fund's best performers were large banks recovering from worries about credit problems..."

COMPANY-SPECIFIC DETRACTORS

On the downside, some of our biggest detractors struggled with company specific problems. Fifth Third Bancorp., long-time Fund stalwart, entered into an agreement with regulators to improve its operational infrastructure following the disclosure of a material bookkeeping error in its Treasury department. We are keeping our stake because we continue to believe in the bank's strong balance sheet and in its ability to produce double-digit growth. Insurance giant American International Group was hit hard this year after it took a large charge for reserves related to Director's and Officer's liability surrounding some high-profile Internet names that failed between 1998 and 2001. Another disappointment was government-sponsored mortgage giant

3

Freddie Mac, which came under fire for accounting re-audits and subsequent dismissals of top management.

[Table at top left-hand side of page entitled "Top five industry groups." The first listing is Banks-Regional 51%, the second is Banks-Superregional 29%, the third Thrifts 4%, the fourth Investment management 4%, and the fifth Finance 3%].

MERGERS AHEAD

Although the level of bank merger activity in 2003 is only slightly ahead of last year's at this point, we believe the announced mega-merger between FleetBoston and Bank of America will place more attention on mergers and perhaps prompt additional activity. In our view, the climate is ripe for more, since revenue growth is becoming harder to come by and the market's uptick has made the stock of acquiring banks more valuable. We continue to believe the bulk of the mergers going forward will be between large banks buying smaller ones for specific tactical reasons, such as increasing market share or the number of bank branches in areas where they are weak.

Bank earnings over the last year have been mixed, but generally positive. Credit costs have been better than expected, deposits continue to flow into the banking system, even with the stock market's rebound, and mortgage banking continued to be strong, although we expect a slowdown in that trend as interest rates have begun to go up. We have yet to see a pickup in commercial loan growth, although many bank managements tell us they expect a pickup, and we find this credible

Edgar Filing: HANCOCK JOHN BANK & THRIFT OPPORTUNITY FUND - Form N-CSR/A

because we believe the economy will accelerate.

[Pie chart in middle of page with heading "Portfolio diversification As a percentage of net assets on 10-31-03." The chart is divided into two sections (from top to left): Common stocks 98% and Short-term investments & other 2%.]

OUTLOOK

Our outlook remains positive for the financial sector, including bank stocks. We believe that in the current environment, banks can produce earnings growth in the 8% to 10% range. If economic growth continues at the blistering pace of the third

4

quarter of 2003, however, bank earnings growth could be more modest than that of other sectors more leveraged to economic recovery. But we believe the case for bank stock investing remains compelling, with banks' consistency of earnings and the potential for accelerating merger activity. What's more, with the new favorable tax treatment of stock dividends, we believe more financial companies, which tend to have above-average dividend yields, will increase their dividend payout ratios, following the lead of Bank of America, which increased its dividend payout by 25% in the period. Going forward, we are turning more attention toward those banks that will benefit most when commercial lending activity picks up. We'll also continue to add a number of high-quality small banks and thrifts with strong fundamentals in what appear to be consolidating markets.

"Our outlook remains positive for the financial sector, including bank stocks."

NOTES TO STATEMENTS

NOTE A Accounting policies

John Hancock Bank and Thrift Opportunity Fund (the "Fund") is a diversified closed-end management investment company, shares of which were initially offered to the public on August 23, 1994, and are publicly traded on the New York Stock Exchange.

Significant accounting policies of the Fund are as follows:

Valuation of investments

Securities in the Fund's portfolio are valued on the basis of market quotations, valuations provided by independent pricing services or at fair value as determined in good faith in accordance with procedures approved by the Trustees. Short-term debt investments maturing within 60 days are valued at amortized cost, which approximates market value. Investments in AIM Cash Investment Trust are valued at their net asset value each business day.

Joint repurchase agreement

Pursuant to an exemptive order issued by the Securities and Exchange Commission, the Fund, along with other registered investment companies having a management contract with John Hancock Advisers, LLC (the "Adviser"), a wholly owned subsidiary of The Berkeley Financial Group, LLC, may participate in a joint repurchase agreement transaction. Aggregate cash balances are invested in one or more large repurchase agreements, whose underlying securities are obligations of the U.S. government and/or its agencies. The Fund's custodian bank receives delivery of the underlying securities for the joint account on the Fund's behalf. The Adviser is responsible for ensuring that the agreement is fully collateralized at all times.

Investment transactions

Investment transactions are recorded as of the date of purchase, sale or maturity. Net realized gains and losses on sales of investments are determined on the identified cost basis.

Discount and premium on securities

The Fund accretes discount and amortizes premium from par value on securities from either the date of issue or the date of purchase over the life of the security.

Expenses

The majority of the expenses are directly identifiable to an individual fund. Expenses that are not readily identifiable to a specific fund are allocated in such a manner as deemed equitable, taking into consideration, among other things, the nature and type of expense and the relative sizes of the funds.

Securities lending

The Fund may lend securities to certain qualified brokers who pay the Fund negotiated lender fees. These fees are included in

14

interest income. The loans are collateralized at all times with cash or securities with a market value at least equal to the market value of the securities on loan. As with other extensions of credit, the Fund may bear the risk of delay of the loaned securities in recovery or even loss of rights in the collateral, should the borrower of the securities fail financially. On October 31, 2003, the Fund loaned securities having a market value of \$76,152,148 collateralized by cash in the amount of \$77,333,472. The cash collateral was invested in a short-term instrument.

Federal income taxes

The Fund qualifies as a "regulated investment company" by complying with the applicable provisions of the Internal Revenue Code and will not be subject to federal income tax on taxable income that is distributed to shareholders. Therefore, no federal income tax provision is required.

Dividends, interest and distributions

Dividend income on investment securities is recorded on the ex-dividend date or, in the case of some foreign securities, on the date thereafter when the Fund identifies the dividend. Interest income on investment securities is recorded on the accrual basis. Foreign income may be subject to foreign withholding taxes, which are accrued as applicable.

The Fund records distributions to shareholders from net investment income and net realized gains on the ex-dividend date. During the year ended October 31, 2003, the tax character of distributions paid was as follows: ordinary income \$9,831,756 and long-term capital gains \$62,701,604.

As of October 31, 2003, the components of distributable earnings on a tax basis included \$10,465,132 of undistributed ordinary income and \$41,425,071 of undistributed long-term gain.

Such distributions and distributable earnings, on a tax basis, are determined in conformity with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. Distributions in excess of tax basis earnings and profits, if any, are reported in the Fund's financial statements as a return of

capital.

Use of estimates

The preparation of these financial statements, in accordance with accounting principles generally accepted in the United States of America, incorporates estimates made by management in determining the reported amount of assets, liabilities, revenues and expenses of the Fund. Actual results could differ from these estimates.

NOTE B

Management fee and transactions with affiliates and others

The Fund has an investment management contract with the Adviser. Under the investment management contract, the Fund pays a monthly management fee to the Adviser at an annual rate of 1.15% of the Fund's average weekly net asset value.

The Fund has an agreement with the Adviser to provide certain administrative services for the Fund. The compensation for the year was at an annual rate of 0.25% of the average weekly net assets of the Fund. The Adviser agreed to limit the administration fee to 0.20% of the Fund's average weekly net assets. Accordingly, the expense reductions related to administration fee amounted to \$396,707 for the year ended October 31, 2003. The Adviser reserves the right to terminate this limitation in the future with Trustees' approval.

Ms. Maureen Ford Goldfarb and Mr. John M. DeCiccio are directors and/or officers of the Adviser and/or its affiliates, as well as Trustees of the Fund. The compensation of unaffiliated Trustees is borne by the Fund. The unaffiliated Trustees may elect to defer for tax pur-

15

poses their receipt of this compensation under the John Hancock Group of Funds Deferred Compensation Plan. The Fund makes investments into other John Hancock funds, as applicable, to cover its liability for the deferred compensation. Investments to cover the Fund's deferred compensation liability are recorded on the Fund's books as an other asset. The deferred compensation liability and the related other asset are always equal and are marked to market on a periodic basis to reflect any income earned by the investments as well as any unrealized gains or losses. The Deferred Compensation Plan investments had no impact on the operations of the Fund.

NOTE C

Fund common share transactions

The Fund had no common share transactions during the year ended October 31, 2003.

NOTE D

Investment transactions

Purchases and proceeds from sales or maturities of securities, other than short-term securities and obligations of the U.S. government, during the year ended October 31, 2003, aggregated \$27,611,120 and \$91,146,776, respectively. The cost of investments owned on October 31, 2003, including short-term investments, for federal income tax purposes was \$525,715,082. Gross unrealized appreciation and depreciation of

Edgar Filing: HANCOCK JOHN BANK & THRIFT OPPORTUNITY FUND - Form N-CSR/A

investments aggregated \$478,351,489 and \$3,626,448, respectively, resulting in net unrealized appreciation of \$474,725,041. The difference between book basis and tax basis net unrealized appreciation of investments is attributable primarily to the tax deferral of losses on certain sales of securities.

NOTE E

Transactions in securities of affiliated issuers

Affiliated issuers, as defined by the Investment Company Act of 1940, are those in which the Fund's holdings of an issuer represent 5% or more of the outstanding voting securities of the issuer. A summary of the Fund's transactions in the securities of these issuers during the year ended October 31, 2003, is set forth below.

16

NOTE F

Reclassification of accounts

During the year ended October 31, 2003, the Fund reclassified amounts to reflect an increase in accumulated net realized gain on investments of \$1,020, an increase in accumulated net investment income of \$2,277 and a decrease in capital paid-in of \$3,297. This represents the amounts necessary to report these balances on a tax basis, excluding certain temporary differences, as of October 31, 2003. Additional adjustments may be needed in subsequent reporting periods. These reclassifications, which have no impact on the net asset value of the Fund, are primarily attributable to certain differences in the computation of distributable income and capital gains under federal tax rules versus accounting principles generally accepted in the United States of America and book and tax differences in accounting for deferred compensation. The calculation of net investment income per share in the Fund's Financial Highlights excludes these adjustments.

AUDITORS'
REPORT

Report of
Deloitte & Touche
LLP, Independent
Auditors

The Board of Directors and Shareholders,

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of John Hancock Bank and Thrift Opportunity Fund (the "Fund") as of October 31, 2003, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned at October 31, 2003 by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund at October 31, 2003, the results of its operations, the changes in its net assets, and its financial highlights for the respective stated periods in conformity with accounting principles generally accepted in the United States of America.

TAX
INFORMATION

Unaudited

For federal income tax purposes, the following information is furnished with respect to the dividends of the Fund, if any, paid during its taxable year ended October 31, 2003.

Edgar Filing: HANCOCK JOHN BANK & THRIFT OPPORTUNITY FUND - Form N-CSR/A

The Fund designated distributions to shareholders of \$62,701,604 as capital gain dividends.

With respect to distributions paid by the Fund for the fiscal year ended October 31, 2003, 100% of the distributions qualify for the dividends-received deduction available for corporations.

The Fund hereby designates the maximum amount allowable of its net taxable income as qualified dividend income as provided in the Jobs and Growth Tax Relief Reconciliation Act of 2003. This amount will be reflected on Form 1099-DIV for the calendar year 2003.

Shareholders will be mailed a 2003 U.S. Treasury Department Form 1099-DIV in January 2004. This will reflect the total of all distributions that are taxable for the calendar year 2003.

19

INVESTMENT OBJECTIVE AND POLICY

The Fund is a closed-end diversified management investment company, shares of which were initially offered to the public on August 23, 1994, and are publicly traded on the New York Stock Exchange. Its investment objective is long-term capital appreciation.

On November 20, 2001, the Fund's Trustees approved the following investment policy changes, which became effective December 15, 2001. Under normal circumstances, the Fund will invest at least 80% of its net assets in equity securities of U.S. regional banks and thrifts and holding companies that primarily own or receive a substantial portion of their income from regional banks or thrifts. "Net assets" is defined as net assets plus borrowings for investment purposes. "Primarily owned" means that the bank or financial holding company derives a substantial portion of its business from U.S. regional banks or thrifts as determined by the Adviser, based upon generally accepted measures such as revenues, asset size and number of employees. U.S. regional banks or thrifts are ones that provide full-service banking (i.e., savings accounts, checking accounts, commercial lending and real estate lending) and whose assets are primarily of domestic origin. The Fund will notify shareholders at least 60 days prior to any change in this 80% investment policy.

The Fund may invest in investment-grade debt securities as well as debt securities rated BB or below by Standard & Poor's Ratings group ("Standard & Poor's") or Ba or below by Moody's Investors Service, Inc. ("Moody's"), or, if unrated by such rating organizations, determined by the Adviser to be of comparable quality.

DIVIDEND REINVESTMENT PLAN

The Fund offers its shareholders a Dividend Reinvestment Plan (the "Plan"), which offers the opportunity to earn compounded yields. Each holder of common shares will automatically have all distributions of dividends and capital gains reinvested by Mellon Investor Services as Plan agent for the common shareholders (the "Plan Agent"), unless an election is made to receive cash. Each registered shareholder will receive from the Plan Agent an authorization card to be signed and returned if the shareholder elects to receive distributions from net investment income in cash or elects not to receive capital gains

distributions in the form of a shares dividend. Shareholders may also make their election by notifying the Plan Agent by telephone or by visiting the Plan Agent's Web site at www.melloninvestor.com. Holders of common shares who elect not to participate in the Plan will receive all distributions in cash paid by check mailed directly to the shareholder of record (or if the common shares are held in street or other nominee name, then to the nominee) by the Plan Agent, as dividend disbursing agent. Shareholders whose shares are held in the name of a broker or nominee or shareholders transferring such an account to a new broker or nominee should contact the broker or nominee, to determine whether and how they may participate in the Plan.

The Plan Agent serves as agent for the holders of common shares in administering the Plan. After the Fund declares a dividend or makes a capital gains distribution, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy common shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. The Fund

20

will not issue any new shares in connection with the Plan. The Plan Agent's fees for the handling of reinvestment of dividends and other distributions will be paid by the Fund. Each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of distributions. There are no other charges to participants for reinvesting dividends or capital gain distributions.

Participants in the Plan may withdraw from the Plan at any time by contacting the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site at www.melloninvestor.com. Such withdrawal will be effective immediately if received prior to a dividend record date; otherwise, it will be effective for all subsequent dividend record dates. When a participant withdraws from the Plan or upon termination of the Plan, as provided below, either a cash payment will be made to the participant for the full value of the common shares credited to the account upon instruction by the participant, or certificates for whole common shares credited to his or her account under the Plan will be issued and a cash payment will be made for any fraction of a common share credited to such account.

The Plan Agent maintains each shareholder's account in the Plan and furnishes monthly written confirmations of all transactions in the accounts, including information needed by the shareholders for personal and tax records. The Plan Agent will hold common shares in the account of each Plan participant in non-certificated form in the name of the participant. Proxy material relating to shareholders' meetings of the Fund will include those shares purchased as well as shares held pursuant to the Plan. In the case of shareholders such as banks, brokers or nominees, which hold common shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of common shares certified from time to time by the record shareholders as representing the total amount registered in the record shareholder's name and held for the account of beneficial owners who are participants in the Plan. Shares may be purchased through broker-dealers.

Dividends and capital gains distributions are taxable whether received

Edgar Filing: HANCOCK JOHN BANK & THRIFT OPPORTUNITY FUND - Form N-CSR/A

in cash or reinvested in additional common shares, and the automatic reinvestment of dividends and capital gain distributions will not relieve participants of any U.S. federal income tax that may be payable or required to be withheld on such dividends or distributions. The amount of dividends to be reported on 1099-DIV should be the amount of cash used by the Plan Agent to purchase shares in the open market, including the amount of cash allocated to brokerage commissions paid on such purchases.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan as applied to any distribution paid subsequent to written notice of the change sent to all shareholders of the Fund at least 90 days before the record date for the dividend or distribution. The Plan may be amended or terminated by the Plan Agent after at least 90 days' written notice to all shareholders of the Fund. All correspondence or additional information concerning the Plan should be directed to the Plan Agent, Mellon Bank, N.A., c/o Mellon Investor Services, P.O. Box 3338, South Hackensack, NJ 07606-1938 (telephone 1-800-852-0218).

Telephone: 1-800-852-0218

If your shares are held with a brokerage firm, you should contact that firm, bank or other nominee for assistance.

22

SHAREHOLDER MEETINGS

On November 19, 2002, the Board of Trustees adopted several amendments to the Fund's by-laws, including provisions relating to the calling of a special meeting and requiring advance notice of shareholder proposals or nominees for Trustee. The advance notice provisions in the by-laws require shareholders to notify the Fund in writing of any proposal which they intend to present at an annual meeting of shareholders, including any nominations for Trustee, between 90 and 120 days prior to the first anniversary of the mailing date of the notice from the prior year's annual meeting of shareholders. The notification must be in the form prescribed by the by-laws. The advance notice provisions provide the Fund and its Trustees with the opportunity to thoughtfully consider and

Edgar Filing: HANCOCK JOHN BANK & THRIFT OPPORTUNITY FUND - Form N-CSR/A

address the matters proposed before the Fund prepares and mails its proxy statement to shareholders. Other amendments set forth the procedures that must be followed in order for a shareholder to call a special meeting of shareholders. Please contact the Secretary of the Fund for additional information about the advance notice requirements or the other amendments to the by-laws.

On April 3, 2003, the Annual Meeting of the Fund was held to elect four Trustees and to ratify the action of the Trustees in selecting independent auditors for the Fund. Proxies covering 81,709,995 shares of beneficial interest were voted at the meeting. The shareholders elected the following Trustees to serve until their respective successors are duly elected and qualified, with the votes tabulated as follows:

	FOR	WITHHELD AUTHORITY
Ronald R. Dion	69,221,199	12,488,796
Charles L. Ladner	69,221,850	12,438,145
John A. Moore	69,155,197	12,554,798
Maureen Ford Goldfarb	68,870,675	12,839,320

The shareholders also ratified the Trustees' selection of Deloitte & Touche LLP as the Fund's independent auditors for the fiscal year ending October 31, 2003, with the votes tabulated as follows: 71,978,944 FOR, 706,418 AGAINST and 9,024,632 ABSTAINING.

A shareholder proposal recommending that the Board consider merging the Fund into the John Hancock Regional Bank Fund was rejected, with the votes tabulated as follows: 18,516,875 FOR, 24,555,030 AGAINST and 1,703,101 ABSTAINING.

ITEM 9. CONTROLS AND PROCEDURES.

(a) Based upon their evaluation of the registrant's disclosure controls and procedures as conducted within 90 days of the filing date of this Form N-CSR, the registrant's principal executive officer and principal financial officer have concluded that those disclosure controls and procedures provide reasonable assurance that the material information required to be disclosed by the registrant on this report is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

(b) There were no changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal half-year (the registrant's second fiscal half-year in the case of an annual report) that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 10. EXHIBITS.

(a) (1) Code of Ethics for Senior Financial Officers is attached.

(a) (2) Separate certifications for the registrant's principal executive officer and principal financial officer, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and Rule 30a-2(a) under the Investment Company Act of 1940, are attached.

(b) (1) Separate certifications for the registrant's principal executive officer and principal financial officer, as required by 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, and Rule 30a-2(b) under the Investment Company Act of 1940, are attached. The certifications furnished pursuant to this paragraph are not deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liability of that section. Such certifications are not deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Registrant specifically incorporates them by reference.

(c) (1) Proxy Voting Policies and Procedures are attached.

(d) (1) Contact person at the registrant
