### Item 4. Purpose of Transaction.

On February 15, 2012, BKF Capital sent a letter (the "Feb. 15th Letter") to the Board of Directors (the "Board") of Qualstar Corporation ("Qualstar"). In the Feb. 15th Letter, BKF Capital advised the Board that Qualstar's business was underperforming and its shares of common stock were trading below net tangible book value. Moreover, BKF Capital requested the Board to take action to maximize shareholder value. Specifically, BKF Capital asked the Board to consider the following courses of action: (1) to divest Qualstar's unprofitable Tape Libraries business; (2) to distribute Qualstar's excess cash from the sale of

marketable securities held by Qualstar to its shareholders; and (3) to focus Qualstar's resources on the generally profitable Power Supply business. The above is just a summary of the Feb. 15th Letter. A copy of the Feb. 15th Letter is attached as an Exhibit to this Schedule 13D.

BKF Capital acquired and holds the shares of Common Stock for investment purposes. BKF Capital may: (i) increase or decrease its beneficial ownership of Common Stock or other securities of the Issuer, (ii) sell all or part of its shares of Common Stock in open market or privately negotiated sales or otherwise, or (iii) make further purchases of shares of Common Stock or other securities of the Issuer through open market or privately negotiated transactions or otherwise. BKF Capital has not reached any decision with respect to any such possible actions. If BKF Capital does reach a decision to undertake any of the above described possible actions, it will, among other things, timely file an appropriate amendment to this Schedule 13D.

### Item 5. Interest in Securities of the Issuer.

Accordingly, Mr. Bronson may be deemed to beneficially own an aggregate of 1,913,291 shares of the Issuer's Common Stock, representing approximately 15.6% of the total shares of Common Stock deemed outstanding.

(c) The following open market transactions were effected by BKF Capital, during the past sixty (60) days:

Board of Directors

## Edgar Filing: QUALSTAR CORP - Form SC 13D/A

Qualstar Corporation  
3990-B Heritage Oak Court  
Simi Valley, CA 93603

Gentlemen:

In light of Qualstar Corporation's ("Qualstar" or the "Company") recent earnings report, as well as those for the past five years and beyond, we are requesting the Board of Directors to take action to create value for all of Qualstar's shareholders, including William J. Gervais, the founder, President and CEO. As the second largest shareholder in Qualstar, we feel that there has been some complacency with respect to the Company's overall strategy and its execution, which has resulted in its stock price severely underperforming Qualstar's selected benchmarks and trading substantially below its net tangible book value. It seems clear to us that the sum of the Company's parts is greater than the whole. We invite you to propose a plan to make appropriate changes which will result in the realization of the untapped intrinsic value of Qualstar's stock. It is our hope that the Board responds to our request for an action plan favorably and in a timely fashion.

There are three points that we would like the Board to consider in order to maximize shareholder value:

1. Divest the unprofitable Tape Libraries business;
2. Distribute excess cash from the sale of marketable securities to the shareholders; and,
3. Focus Qualstar's resources on the generally profitable Power Supply business.

The Tape Libraries segment of Qualstar has been consistently unprofitable for years dating back to FY 2004, and there is no sign of any improvement. Revenues have fallen precipitously since that time to FY 2011, from \$31.0 million to \$9.8 million, at a compound annual rate of -13.3%. Even adjusting for the payment of \$4.4 million in dividends in 2009 and 2010, total assets for the segment have decreased at a compound annual rate of -4.2% from FY 2004 to FY 2011. There hasn't been a single year since 2003 that the Tape Libraries business has shown a profit. Aside from the poor operating performance of the unit, it has recently been surpassed by the Power Supply business in terms of revenue contribution, yet the Tape Libraries segment still is allocated 86% of Qualstar's total assets, excluding cash and marketable securities. We think that selling this unit to a buyer that can more ably sell the tape libraries through its distribution channels would free up assets and capital to invest in the Power Supply business; thereby, increasing shareholder value.

The Company has historically maintained an unusually large and diverse fixed income portfolio for a technology company. Investment assets represent a very significant portion of Qualstar's total assets. Specifically, we note that as of the December 31, 2011 balance sheet, Qualstar had \$21.4 million in cash and marketable securities, with total assets of \$30.9 million. Of the \$21.4 million, \$15.2 million were invested in U.S Agency securities, corporate and municipal securities and asset-backed and mortgage-backed securities. There have been continual purchases and sales of marketable securities from an operational perspective. The only apparent reason for holding such a portfolio is due to uncertainty associated with Qualstar's strategy and its inability to make a profit. The Company has not utilized these funds for acquisitions or investment in the business for a very long time, and it should return these assets to its shareholders.

Finally, the Power Supply business has displayed growth and profitability, the

## Edgar Filing: QUALSTAR CORP - Form SC 13D/A

previous quarter notwithstanding. Management's priorities and resource allocation should be focused solely on this business. Without the value drag of the legacy Tape Libraries business, we believe that Qualstar can redefine itself and grow the Power Supply business. This strategy will also enable Qualstar to take advantage of its sizeable net operating loss carry-forwards to further enhance shareholder value.

Our goal is to see Qualstar maximize shareholder value. We hope that the Board understands why the status quo needs to be addressed and that the Board will take prompt action to implement a plan of operations that will benefit all shareholders. Again, it is evident that the sum of Qualstar's parts is worth more than the whole, and this has been the case for quite some time. We would welcome a dialogue with the Board and management to discuss the viability of our suggestions, and if any of them are not feasible, to devise alternative strategies to unlock the value that is in Qualstar.

Please feel free to call the undersigned anytime to discuss the issues presented in this letter. We would welcome hearing your ideas as well to find the best strategy to maximize value for all of Qualstar's shareholders. I can be reached at 561.362.4199 extension 330.

Sincerely,

/s/ Greg Heller
