ICAHN ENTERPRISES LP

FOR IMMEDIATE RELEASE

ICAHN ENTERPRISES HOLDINGS LP TO MAKE TENDER OFFER FOR ALL OF THE OUTSTANDING
SHARES
OF COMMERCIAL METALS COMPANY AT \$15 PER SHARE

CONTACT: SUSAN GORDON (212) 702-4309

NEW YORK, NEW YORK, DECEMBER 6, 2011 - Carl C. Icahn today announced that Icahn Enterprises Holdings LP (a subsidiary of Icahn Enterprises LP (NYSE: IEP)), intends to initiate a tender offer for all of the outstanding shares of common stock of Commercial Metals Company (the "Company") at \$15 per share.

Closing of the tender offer will not be subject to any due diligence or financing conditions, but will be subject to the redemption by the Company's Board of Directors of the recently adopted "poison pill" and waiver by the Board of Directors of Section 203 of the Delaware General Corporation Law, as well as other customary conditions. The tender offer will be subject to there being validly tendered and not withdrawn at least 40.1% of the issued and outstanding shares of the Company. That number of shares, when added to the shares already owned by the offeror and its affiliates, represents a majority of the issued and outstanding shares of the Company on a fully diluted basis. The tender offer will include withdrawal rights so that a tendering shareholder can freely withdraw any shares prior to the acceptance of such shares for payment under the tender offer.

Edgar Filing: COMMERCIAL METALS CO - Form SC 13D/A

Mr. Icahn stated that: "It is disappointing that this Board and management team rejected our all cash offer to buy Commercial Metals at \$15 per share. I believe it was incumbent on the Board, and that the Board's fiduciary duties required it, to allow shareholders to decide whether they wished to sell their Company. Our tender offer will be directed to shareholders and will require shareholder action. After attempting to work with the Board, we are launching this tender offer so that shareholders can decide for themselves what they wish to do with their company."

We urge you to tender your shares. We have tried and failed to reason with the Board and management, and now it is incumbent upon you to voice your view and urge the Board to respond to shareholder demands. A strong tender offer response will send an unmistakable message to the Board that they need to redeem the poison pill and waive Section 203 so that the tender offer can close and shareholders can be paid immediately. All tendered shares will have withdrawal rights so that a tendering shareholder can freely withdraw any shares previously tendered prior to the acceptance of such shares for payment under the tender offer.

The tender offer price represents a premium of 31% over the stock's closing price on November 25, 2011 (the trading day immediately prior to our previously announced offer to acquire the Company), which was \$11.45, and a premium of 72.6% from its low this year on October 3, 2011, which was \$8.60. If a majority of shareholders accept our tender offer (including shares already owned by the offeror and its affiliates), we do not believe that even this Board will stand in the way of allowing a majority of its shareholders from accepting this premium if they wish to do so. However, if the Board, even after hearing from a majority of shareholders, fails to lift the poison pill and waive Section 203, we will leave the tender offer open and seek a court order compelling the Board to redeem the poison pill and waive Section 203 so that the shareholders can receive their money.

We hope that even this Board will not decide to waste time and money fighting the will of shareholders in a courtroom battle. But, if they choose to do so, please know that we will fight this case all the way to the Delaware Supreme Court, and it is our belief, that we will prevail on the merits and that the court would order the Board to redeem the pill and waive Section 203 so that the shareholders can be paid. Obviously, the greater the amount tendered, the stronger our case will be.

Commercial Metals has consistently been at odds with good corporate governance standards. Examples of the lack of good corporate governance that are blatantly hostile to shareholders abound and include: (i) the retention of a staggered board, (ii) the adoption of a poison pill without shareholder approval and at the extremely low trigger of 10%, and (iii) the refusal by the Board to allow shareholders to vote on whether our offer was sufficient.

In addition, the 2011 ISS Proxy Advisory Services Report for Commercial Metals highlights numerous other areas of "High Concern". ISS also noted that Commercial Metals sustained poor total shareholder return performance as determined by ISS' standards. As a result of the Company's poor performance, it is extremely important to send a clear message to the Board and management by tendering your shares.
